WHAT'S GOING ON AT KEENE

A FINE LOT OF LIVE NEWS

Mr. Wm. Stewart, Port Huron, arrived here last week to spend his holidays with his mother. Mr. Stewart is accompanied by his wife and family.

Miss Christina Haverly, Peterborough, is visiting friends in Keene.

Mr. Richard Bolin, who has been camping at Quinn's Point, since June left Tuesday on a business trip to Washington, U.S.

Mr. and Mrs. Marsh, Toronto, are guests at Mr. James Ashburn's popular resort, Oak Lodge.

Mr. Stanley Mathers, Toronto, is spending his holidays in this vicinity.

Professor Henry Montgomery, Toroton University, Mr. Clarence Montgomery, and Miss Mersey, Toronto, are guests at Oak Lodge.

Mr. William Dickson, who has been for a couple of weeks the guest of his brother, Mr. James Dickson, left last week for the other side.

Mrs. Noble Graham is the guest of her grandmother, Mrs. John Kindred.

Mrs. Thomas Walsh and family, of Edmonton, are the guests of Mrs. Walsh's sister, Mrs. William McIntyre.

Mr. White, who was afflicted about ten days ago with a stroke of paralysis and who was taken to St. Joseph's Hospital, is, we are pleased to state, improving satisfactorily.

Messrs. Stanley Purser and William Staples are camping at Grape Island.

Mr. and Mrs. R. S. Skinner left on Thursday to spend their holidays with with friends in Campbellford and Stirling.

A party of Hastings young people are camping at Sandy Point.

Mr. Jay Cummings, Chicago, is the guest of his sister, Mrs. J. R. McIntyre.

Miss Katie Skinner is visiting relatives in Bethany.

Miss Elizabeth Drummond spent a few days last week visiting friends in Asphodel.

A number of local horsemen attended Cobourg horse show this week.

Mr. Bert Fee, who has been visiting in Keene left last week.

FISHING PICKING UP.

Although the fishing in Rice Lake in the vicinity of Keene, has until lately been very poor it is now, showing signs of picking up and some good catches have been made the last few days.

Miss Abigail McCarthy, Rochester, N.Y., is spending her holidays in Keene

Master Gordon Lord, Fenelon, is a guest at the home of Mr. Wm. Campbell.

Mr. Frank Armstrong, Keewatin, is the guest of Mrs. Robert McIntyre.

Miss Rae, Peterborough, is a guest at the home of Mr. Joseph H. Taylor.

Mr. James Weir is the guest of his father, Mr. Robert Weir.

Miss Clara Hore is visiting relatives in Lindsay.

Mr. Lyon, Toronto, is the guest of Mr. James Dickson.

Miss Jones, Hamilton, is visiting her aunt, Mrs. Donald McFarlane.

Master Arthur Lipsett, Peterborough, is spending his holidays at Mr. James Fife's.

Mr. Allie Watkins left last week on the harvest excursion for the west.

Miss Jean Campbell has returned from a visit to Toronto,

Mr. George Gillespie, Peterborough, was the guest of his father-in-law, Mr. John Lang, last Sunday.

Mrs. Harry Cruickshanks, Toronto, was the guest of her sister, Mrs. Wm. Campbell, Sunday.

Mr. and Mrs. John Lang are spending the week at Mount Julian.

Miss Jean Lang is visiting her sister, Mrs. G. Gillespie, Peterborough.

Service at Chemong

His Lordship Bishop Reeve, assistant bishop of Toronto, will conduct the service at Chemong Park next Sunday afternoon at four o'clock.

Frockheim poor rate has been increased 1d per £.

HAPPENINGS IN HAVELOCK

Man Injured—Excursion—Personals—Assessment

Special to the Review.

Havelock, Aug. 17.—The junior challenge cup of the Midland Football League, won by the local eleven, is on exhibition in the window of Fowler's jewellery store.

Mr. O. Hicks has received notification of his transfer to the Goderich branch of the C.P.R., and will move to that town in the near future.

Mr. F. Cummings and family, of Toronto, are camping at their cottage at Sanders' Landing, Belmont Lake.

A number from this vicinity left for the west on the farm laborers' excursion on Tuesday.

INJURED.

Mr. Ed. Primrose, an employee of Swift & Co's. ice house here, while at work on Friday last, had his leg caught between the two prongs of an ice tongs, and two very deep cuts inflicted which required the services of a doctor to dress.

Mr. E. Youmans, of 3rd concession of Belmont, is selling his farm stock and implements by public auction on Thursday, Aug. 25th. He intends removing to Cobalt.

EXCURSION.

The Havelock Lodge, A.F. & A.M., are running a two days' excursion to Lindsay, on Aug. 23rd and 24th. They will go to Peterborough by train and complete the journey by steamboat "Otonabee."

PERSONALS.

Mr. Wm. Falkner left on Monday for Proton, Ont., where he has been re-engaged as teacher for the coming term.

Mr. John Richmond, of Peterborough, was in town on Tuesday.

Mr. W. J. Boyd, of Toronto, formerly of Havelock, is spending a few days in town.

Mr. F. C. McMaster was in Toronto on Friday last.

Mrs. H. Williams, who has been visiting her parents, Mr. and Mrs. John Richards, has returned to Toronto.

Miss F. Reid, of Peterborough, is the guest of Miss K. Falkner.

RECOVERING.

Mr. F. Watson, who was injured some time ago by a fall from a train while returning from Peterborough, is able to be around again.

Mr. B. Squires, of Norwood, was in town on Tuesday.

Miss Nettie Roche has returned to her home in Wilbur.

Miss Annie Crocker, of Peterborough, is visiting Miss Annie Bryans.

Mr. P. O. Nelson, of Minden, formerly of Havelock, was in town on Monday.

Mr. O. Reilly, of Norwood, was in town on Tuesday.

Miss McFadden, who has been visiting at Trent Bridge, has returned to Peterborough.

Miss K. Falkner has returned from visiting friends in Peterborough.

Mr. Chester Cole left on Tuesday for a trip to Western Canada.

Services were conducted in the Baptist church on Sunday afternoon last by Rev. W. Peir, of Norwood.

Miss Helena McDonnel, of Trenton, has been engaged by the School Board for the primary department of the public school.

Dr. and Mrs. Thompson have returned from their wedding tour and will take up residence in the house formerly occupied by Dr. Kindred, on Ottawa street.

Some time ago the name of Trent Bridge post office was changed to Trent River. A great number are not aware of the change of name, and still keep calling the popular summer resort by its old name.

FAIR CROP.

The berry crop in this vicinity is about over. On an average there has been a fair yield of the various kinds of wild berries. The strawberries were not very plentiful but the raspberries were a good crop in the north country. The blue, or huckleberries, were very plentiful in some places, while in others they were a complete failure. Perhaps the nearest spot to Havelock for huckleberries is at Russell's Marsh, about five miles east of Havelock, near Blairton. It attracted a large number of pickers, so that the amount each person succeeded in getting was very limited. Another very good patch is situated near Cordova mines, but when a larger quantity is wanted, you must go to the plains to the north. Then when there is a good crop, the huckleberries abound and during the berry season you will find many camps throughout the plains, many of the pickers coming from as far south as Brighton. Many pickers make an enjoyable holiday of their trip to the berry plain. They take along their camping outfit, and pick out a spot beside some of the many lakes to the north, where they spend the whole berry season fishing and canoeing, picking berries at intervals, so as to pay all expenses of their trip and netting them a little cash besides. The berries can be sold on the plains at a fair price, so that the pickers do not have the trouble of drawing them any great distance.

ASSESSMENT 1910.

The rate of assessment for the village of Havelock was set at 25 mills on the dollar at the meeting of the village council on Tuesday evening. This is a decrease of 19-10 mills over last year, and as the assessment was lowered $30,000 this year, the town is being run very economically this year. The different rates with their purposes figured on this year's assessment of $320,000 is as follows:

Village purposes, 5 7-10.
County, 1 5-10.
School, 12 6-10.
Electric lights, 2 5-10.
School debentures, No. 3, 9-10.
Town Hall, debentures, 9-10.
Park debenture, 7-10.
Park Board, 2-10.

NEWS FROM BETHEL AND EMILY

Special to the Review.

Bethel, Emily, Aug. 16.—Farmers are all busy harvesting, and the crops in general are very good. The fall wheat crop, which has been exceptionally good, is all gathered in, while the oat and barley crops are fair, but peas in the section have been a failure.

Mr. C. Mills has been threshing all[illegible] neighborhood, and reports the allsike yield very good.

Mr. Spratt, of Lindsay, was in the vicinity last week buying allsike.

Mr. T. H. Doube is at present assisting Mr. C. Mills, the thresher.

Miss Annie Lowes, of Frank Hill, intends visiting next Tuesday to visit friends in Manitoba.

We are pleased to learn that Mr. Vincent Howden, who had the misfortune of having his shoulder hurt, by the upsetting of a load of grain, is recovering.

Misses Agnes and Laura McCogue, of Detroit; Miss Emma McCogue, of Toronto, and Miss Thompson, of Bensfort, are the guests of Mr. and Mrs. G. McCogue.

Mr. J. H. Beatty, of Omemee, was through the vicinity on business on Monday.

We are pleased to see Mr. Harry McElwain, who was very ill, around again.

Miss M. Thompson, of Omemee, who is leaving next month as missionary for West China, gave a very helpful and interesting address to our Sunday school a few weeks ago. We join in wishing Miss Thompson every success [illegible] field.

Rev. R. Burns, of Omemee, conducted the service here last Sunday evening, and at the close of the regular service administered the Sacrament of the Lords' Supper.

Miss Jennie Ruth is at present the guest of her brother, Mr. E. Mitchell.

Messrs. Ernest and Leslie Taylor left last Friday for the West.

We are expecting Miss Mabel Moore, deaconess, from Peterborough, to deliver an address at our League on Thursday evening. We hope to see a large crowd in attendance.

NEWS FROM CAVANVILLE

HARVESTING-BELL BROKE LOOSE-NEW AUTO

Special to the Review.

Cavanville, Aug. 16.—Friends and acquaintances of Mr. George Sisson, Cavanville, will regret to learn that he has been on the sick list for some time past, We hope for a speedy recovery.

Mr. Steve Benson, an old Cavan boy, who went west a few years ago, and has prospered, is back visiting some of his old friends.

HARVESTING.

Harvesting is practically at a standstill these days, owing to the wet spell which has visited us. A great many of the farmers have finished cutting, while others have only nicely started. There is a great quantity of grain ready cut waiting to be hauled in when the weather fairs up. There is also a scarcity of farm help in this vicinity. Any good capable man, married or single, can find good openings in the labor market from now until it freezes up. There is also a demand for a limited number of the good old kind of farm laborers, the kind that possess the strength of an ox and the vim of a locomotive, and who has no objection to working sixteen hours a day, six days per week, and staying at home on Sunday to mind the baby while the good folks go to church.

Mr. and Mrs. Chas. Sisson, of Peterborough, were the guests of Mr. and Mrs. Ned Sisson for a few days last week.

PECULIAR INCIDENT.

A rather peculiar incident occured at St. John's church last Sunday to Mr. William Lough, who was ringing the bell in the absence of the regular sexton. The bell, through some unknown cause, broke away from its fastening and crashed downward, a distance of ten feet, when its progress was stopped by some planking. The bell, which weighs between four and five hundred pounds, was large enough and heavy enough to have caused considerable damage had there been a clear passage from the tower down to the floor. It will be some days before the bell will be in operation again.

NEW GRAIN SEPARATOR.

Ballantyne Bros., of Cavan, received their new grain separator last week, which they purchased recently. This, along with the new 20 horse power traction engine, which they purchased last year, leaves them with an outfit which should be capable of fulfilling the demands of the up-to-date farmers of this section.

PERSONALS.

Mr. Elias Lowes and daughter, of Peterborough, and Mrs. Hannah McNeil, of Velluem, were welcome visitors at the home of Mr. J. W. Gardiner's for a few days last week.

Friends and acquaintances of Mrs. Foster Eggleson will regret to learn that she is on the sick list these days. We all join in wishing her a speedy recovery.

Dr. Brereton, of Bethany, has purchased a fine new automobile, which he intends to use in his extensive practise.

Mr. and Mrs. Geo. Johnston, of Burkton, are holidaying at the home of the latter's parents, Mrs. Thos. Foster, Cavan.

Mr. J. J. McGill, the genial storekeeper at Cavanville, has been making extensive improvements to his store. He has just completed the erection of a new verandah, which greatly improves the appearance of the store front.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

THE PETERBOROUGH OPTICAL INSTITUTE

IN THE MARKET BUILDING.

J. W. BROWETT, Ref. D. M. O. Optical Specialist, Dr. of Optics, Philadelphia, Graduate Pennsylvania State College, New York Optical Institute, Optical Institute of Canada, Associate Graduate Detroit and Chicago Ophthalmic Colleges and Hospitals.

MILLBROOK NEWS

Special to the Review.

Millbrook, Aug. 15.—Rowe Bros. have purchased a new mill. This, along with the past reputation they have built up for themselves since they started threshing. ought to ensure them a large season's work.

The Junior League, in connection with the Methodist church here held a picnic at Med's Mountain on August 11th. Various games were indulged in after which tea was served. The party were under the leadership of their respective teachers, who are as follows; Miss Ella Lock and Miss Byam for the girls, and Rev. Mr. Rogers for the boys.

Mr. and Mrs. C. H. Porter, who have been spending their holidays in and around their old home [illegible] have returned to their home in Toronto.

Miss Jessie Allen has returned after an enjoyable month's outing at Smith's Falls, in company with Mrs. A. B. Scott.

Mr. Abe Reynolds, of Springville, has sold his threshing outfit to a company in Monaghan. He has been engaged for the season to operate the engine in connection with the outfit.

Miss Byam's Bible class, in connection with the Methodist Sunday school held a picnic on August 10th up to Med's Mountain. A very enjoyable time was spent.

Mr. J. Smith, manager of the Bank of Commerce, Swan River, has returned home after spending a week with his brother, Mr. A. A. Smith, barrister, of this place.

HALL'S BRIDGE

Special tot the Review.

Hall's Bridge, Aug. 15.—School has re-opened again, with Miss E. Huffman as teacher.

The funeral of the late Mrs. Chesney of Rockcroft, passed through on Thursday to Lakefield cemetery.

Quite a number attended the Stony Lake regatta on Monday and Chemong regatta on Thursday of last week.

Miss Laura Northey spent a few days with Lakehurst friends last week.

Mrs. R. Harrison is at present visiting her son, Mr. Geo. Harrison.

Mrs. C. Hall entertained company on Sunday.

Mrs. J. Steward is at present visiting Lakehurst friends.

All the prizes at a baby show, held recently at Tonbridge, were won by little girls.

MOISSANT'S LUCK DIDN'T LAST OWING TO DEFECTS IN MACHINE

He Breaks His Monoplane and is Forced to Glide Into a Garden Where He Completes the Wreck—Says He is no Spaniard, But a French-Canadian.

Chatham, Eng., Aug. 19.—The good fortune which accompanied the young aviator, Moissant, in the earlier stages of his flight from Paris, and in his record-breaking journey across the channel with a passenger, deserted him with his arrival upon English shores. Defects in the aeroplane forced him to make two landings when about half way in the course between London and Tilmanstone, where he ascended at 4.55 yesterday morning.

The first descent, about 35 miles from London, was due to the displacement of a small pin in the mechanism, entailing an immediate descent. In the landing he just missed the mouth of a deep chalk pit, a fall into which would have meant death for the aviator and his mechanician. Repairs detained him nearly three hours. He then made a second start, but had scarcely covered ten miles towards his goal when a second accident brought him down at Rainham, Kent. A rod connecting up the driving gear of the aeroplane was fractured, stopping the engine and forcing the Chicagoan to plane down immediately to the ground. He landed in a field occupied by small allotment gardens, but only skillful handling of the aeroplane prevented its plunging into a clump of trees which barred the way. Moissant made an abrupt turn to escape these and the machine came down heavily in the garden, breaking the chassais and smashing a blade of the propellor.

Moissant protests against the reports that he is of Spanish descent, and insists proudly to-day to the visitors who conversed with him: "My parents were French-Canadians. There is no Spanish blood in me."

The London papers print columns of descriptive matter concerning his flight and interviews while many of them have editorials on the unique feat, which, it is held, will bring aeroplaning into practical everyday life. It is argued that if a passenger can be carried across the channel in a strong wind, there is no reason why the air should not be utilized to carry mails and passengers in the near future.

PREMIER McBRIDE OF B.C. GIVES SIR WILFRID A ROYAL WELCOME

Victoria, B.C., Aug. 19.—Sir Wilfrid Laurier's tour across the continent reached a brilliant culmination last night in a great popular function. In picturesque effect, cosmopolitan character, unprecedented attendance and cordial enthusiasm, it partook in a peculiar sense of a national tribute. Unique it is to find a political knight such as Premier McBride surpassing himself in courteous homage and hospitality to a chieftain of the Opposition party.

Sir Wilfrid was much moved, in replying to the civic welcome by the mayor on the arrival of the steamer in the early evening, as he expressed appreciation of the honor done him. In all his long public life he had experienced nothing like it, and he wished to hasten the acknowledgment from a full heart of the more than courtesy received. Premier McBride had taken the lead. "I cannot find words to adequately express my sentiments. He has furnished a striking illustration of the amenities of public life, as understood in the cradle of party politics in the old land. I shall carry home and ever retain happy memories of this unprecedented and happiest experience of a long public life," was Sir Wilfrid's tribute.

Victoria's greeting was on a big and enthusiastic scale. As the steamer entered the picturesque, sunbathed harbor whistles screamed a welcome and the throngs lining the shores broke into cheers. For half a mile in every direction humanity was massed. The city turned out to greet the great Canadian. Over his own signature in the public press the provincial Premier had called on the province to give him welcome. The people had responded en masse. At the head of the great assemblage the mayor and civic officers and officers of the Liberal Association greeted the Premier. His worship presented the civic address. Responding, the Premier expressed his appreciation and paid a tribute to "Victoria the beautiful." A parade of the densely-packed streets was terminated by the inspection of the boy scouts, who were complimented on their appearance.

Prior to the Premier's departure for Victoria he received several deputations at Vancouver. A deputation from the Trades and Labor Council of Vancouver held a spirited discussion with the Premier. They made a specific request that the head tax of $500 be increased to $1,000, and be made to apply to Chinese and Hindus, which virtually means exclusion.

Sir Wilfrid pointed out that, as far as the Chinese were concerned, the increase of the head tax was worthy of consideration. The Japanese were different and the head tax would never be imposed upon these people so long as he was Premier, and he would go down to defeat rather than have the tax imposed. Sir Wilfrid agreed that as a matter of material policy immigration must be controlled, but believed it was not necessary to adopt absolute exclusion, as in that event all trade with the orient would cease.

A deputation of lumber men asked that a duty of $1.25 per thousand feet be placed upon rough lumber imported from the United States, which is the same duty levied on Canadian lumber going into the republic. They claimed this request had been made for 14 years, but the matter had remained in statu quo.

Representatives of the Hindus and Japanese then discussed immigration matters with the Premier.

PHYSICIAN OF VARS, NEAR OTTAWA, SHOT BY LABORER

Alfred Blondin Declares That He Shot Dr. W. A. Empey by Accident, But the Victim Just Before His Death Said Shot Was Fired Deliberately.

Ottawa, Aug. 19.—The people of the Village of Vars, eighteen miles south of Ottawa, are mystified over a fatal shooting which occurred there yesterday, the victim being Dr. W. A. Empey, for the past six years a physician practicing at Vars.

Alfred Blondin, a French-Canadian laborer, who did the shooting, declares that it was accidental, but the doctor, before he died, declared that Blondin had shot him deliberately, and without provocation.

The shooting occurred at 12.45 p.m., and at 4.20 Empey died at the home of L. Fetterely, a neighbor. Two hours later, Blondin, who had remained in the house after the shooting, and whom the people of the village were afraid to molest, was placed under arrest by Constable Alex. McDonald and Sheriff Hall. He will be taken to the county jail at L'Original to-day.

Just before he died, Dr. Empey made the following statement:

"Blondin sent for me as a medical man. When I got there, Blondin's son-in-law told me to go upstairs. As I approached the top of the stairs, Blondin drew a gun and fired. He shot me without any provocation, cause or appearance of accident."

"Did Blondin know the gun was loaded?" the dying man was asked.

"I don't know," were the doctor's last words.

Blondin, subsequent to his arrest, said: "The shooting was an accident. I was cleaning the gun, and it went off. I am sorry the doctor is dead."

Mrs. Blondin, who was not at home when the shooting occurred, said: "Alfred had been a little ill with a lame back and cold. I had been away from home all day, and when I saw my husband, he said the shooting was an accident. I cannot understand the reason, because he and the doctor were friends."

Blondin, Dr. Empey, Larry Groslouis, Blondin's son-in-law, his wife and an 11-year-old daughter of Blondin's who went for the doctor, were present when the fatal shot was fired from a breach-loading shot gun in Blondin's hands. The discharge from the gun struck Dr. Empey in the stomach. He was able to walk out of the house and one hundred yards down the road to the house of a neighbor.

Blondin, who is a veteran of the Franco-Prussian war, remained indoors, and as he was known to possess a couple of guns, and to be a dead shot, no one would undertake to approach him. About 6 o'clock he came out to wash his hands, and when the officers summoned him to accompany them, and produced handcuffs, he said: "Don't put them on. I will come with you. I am sorry I shot the doctor."

A little further on it was learned that the doctor was dead, and Blondin again repeated that it was all an accident.

Dr. Empey, who was 47 years old, was born at Williamsburg, Dundas County. He was a graduate of Queen's College. He had practiced for six years at Vars, and previous to that had a practice at Spencerville, Ont.

Empey and Blondin were well known to one another. Only yesterday morning, the physician had entered into an arrangement with Blondin to clean his wheel. Among the villagers, the belief is that if Blondin pulled the gun on Empey deliberately, it must have been in a moment of mental abberation, as no motive for the murder can be discovered.

An inquest will be opened to-day.

TEDDY WILL STAND ALOOF

He Will Let New Yorkers Settle Their Political Troubles as Best They Can.

Oyster Bay, Aug. 19.—Theodore Roosevelt spent yesterday in what was probably the most important political conference he has held since he left the White House. He gathered about him a group of his close friends, and talked over with them the situation which is best expressed in the reports that relations between President Taft and himself are strained to the breaking point.

Wm. Loeb, jr., collector of the port of New York; Lloyd C. Grimcom, chairman of the New York Republican committee; Representative William H. Calder of Brooklyn; Fred J. H. Kracke of Brooklyn, and Representative W. W. Cocks of Mr. Roosevelt's home district took part in the conference.

From what was said by some of the visitors it was learned that the ex-President and his friends have agreed on a plan of action which will hold until the situation shapes itself more clearly. Briefly stated, it is this:

Roosevelt is to stand aside in the New York State campaign, and let the old guard fight its own fight, and thus shoulder all the responsibility for the conduct and result of the campaign. He is neither to endorse nor criticize the Taft administration. He is to keep out of all around if he can.

OLD MAN DEAD ON WIFE'S GRAVE

Laurel, Del., Aug. 17.—"I will be with you soon." These words were uttered a week ago by William H. Burford as he looked on the coffin containing the body of his wife as it was being lowwered into the grave.

A few nights ago he got up from the supper table and told his sister, who lived with him, that he believed he would take a walk. When he failed to return after an absence of more than an hour the sister became alarmed and told two hired men to go hunt for him.

The men went to the family burying plot in a back field and they found the old man lying dead across the grave of his wife.

Burford and his wife were nearly eighty years old and they had been companions and lovers from childhood. They went to school together, were raised on adjoining farms, attended the same church, and were married at 18. They never had any children to divide their affection.

FOUR KILLED BY EXPLOSION

Curling, Nfld., Aug. 19.—Four persons were killed in the explosion of a gasoline tank in St. George's Bay on Wednesday. Five persons were seriously injured, two probably fatally.

The dead: Arthur Goodland, Samuel White, Thomas Ryan and Francis Beloit, St. George's.

Probably fatally injured: Miss Hilda Cappen, Worcester, Mass., and Walter Cillis, Nova Scotia.

Seriously injured: Miss M. Butler, both legs broken; Miss McDonald badly burned, and Wilfred McLean, arm blown off, all of St. George's.

A rigid investigation is being made into the cause of the explosion. There were thirteen passengers on the boat at the time of the accident. Several were thrown into the water by the force of the explosion, and they were the only ones to escape serious injury, being rescued quickly.

The boat was in mid-channel, between St. George's and Sandy Point when the tank blew up.

ITALY GROWING ANXIOUS CHOLERA EPIDEMIC SPREADING

Barik, Italy, Aug. 19.—The gravity of the situation in the Province of Bari Delle Puglie, where Asiatic cholera has broken out, is thoroughly appreciated by the Italian Government. The town of Trant is badly infected, and in 44 deaths reported, 20 have occurred in that place.

Dr. Ruetti, who had been sent from Rome to direct the work of sanitation, has been appointed a royal commissioner with full powers. Decrees have been issued forbidding fairs, processions, feasts and public meetings.

The authorities express confidence that the physicians now in charge of the infected districts will be able to stay the disease, but so far the death rate has been very high, those attacked in many cases dying within a few hours.

The present epidemic, therefore, is of a virulent type and as it has secured a strong foothold, the general fear is held that it will be difficult to check. In various quarters lazarettos have been opened, and several of them already are filled with patients suspected of having the disease.

Royalty Is Greatly Worried.

Turin, Italy, Aug. 19.—King Victor Emmanuel and Queen Helena, are displaying great anxiety over the outbreak of cholera in the south, and the King has given orders that he be kept constantly informed on conditions in the infected regions.

The Queen is especially touched by the stories of distress among the people of the Province of Bari Delle Puglie, and has made enquiries regarding their needs, ordering that assistance be rendered them, for which she will pay from her private purse.

The King has already intimated his intention of imitating his father, who, in 1885, fearless of danger, proceeded to Naples and remained among the cholera patients, who were dying at the rate of a thousand daily. King Victor Emmanuel is reported to have said: "If the scourge increases, instead of going to Montenegro to take part in the festivities, I shall go where my people are dying."

DEMANDS $50 A WEEK FOR BABY

Chicago, Aug 17.—Here is what it costs to keep a 7-week-old baby, according to Mrs. Lillian Stone, wife of Sidney Stone, real estate dealer, reputed to be worth half a million:

Go cart $40; lingerie and other clothing, $400. Weekly expenses: Room, $8; nurse, $25; second nurse, $10. Added to this, Mrs. Stone thinks the child should have toys of the value of about $100. The outings for the baby's nurses should cost at least $15 a week.

Mrs. Stone is suing her husband for the support of the child. When she was testifying all the lawyers in the court room happened to be bachelors. They gasped with astonishment as she reeled off the figures and, with Attorney Henry B. Levy, formed a bachelors' club after court adjourned.

DANISH EXPLORER WRECKED

Copenhagen, Aug. 19.—Capt. Elmar Mikkelsen, with his expedition, which sailed June 20, 1909, on the Danish Arctic ship Alabama, to search for the bodies of the Erichsen Greenland expedition, were wrecked during the winter on the coast of East Greenland, according to advices received here yesterday.

Capt. Mikkelsen and the entire party effected a landing on Shannon Island, off the coast of King William Land. From this point they were recently rescued by another ship.

News of the escape of the party and their rescue was brought to Tromsoe by a steamer cruising in the Polar Sea.

BANK PRESIDENT SENT TO JAIL

St. Paul, Minn., Aug. 19.—Frank W. [illegible], president of the Ramsey County State Bank, was given a sentence of 45 days in the workhouse without the option of a fine, by Judge Finehout in the Police Court yesterday for speeding his automobile in the city limits.

Mr. Waterman and a companion Wednesday night ran into a buggy containing two men. The buggy was upset and the occupants slightly injured.

In the Police Court yesterday Mr. Waterman pleaded guilty.

EUCHARISTIC CONGRESS EXPENSIVE

Montreal, Aug. 19.—It has become evident to the committee in charge of the preparations for the Eucharistic Congress that the $100,000 placed at their disposal will be wholly inadequate.

The cost of the repository at the foot of Mount Royal will alone be $10,000. The work of street decoration carried on by the committee will cost $40,000, while it is estimated that nearly $100,000 will be spent by private citizens and commercial houses in decorating their buildings.

At St. Patrick's Church the work of preparing for the congress has been going on for months. The mural decorations have all been renovated, and the grounds surrounding the church have been newly-laid out. The work in St. Patrick's parish will cost in the neighborhood of $30,000.

Throughout all the city churches the same story prevails. In each and everyone improvements have been effected in view of the congress.

NEW YORK WOMAN ROBBED OF $45,000

St. Moritz, Switerland, Aug. 19.—Mrs. Daniel Bacon of New York, who is touring in Switzerland with her sister, Lady Gilbert Parker and Sir Gilbert Parker, was robbed here yesterday of $45,000 worth of jewelry.

The theft was carried out in a most daring and skillful manner and no clue has been obtained of the robbers.

MAY LOCK OUT BRICKLAYERS

Winnipeg, Aug. 19.—All the building trades in Winnipeg threaten to be tied up with serious trouble between the masters and men.

At a midnight meeting of the Builders' Exchange an ultimatum was issued to the masons and bricklayers that if the strike on the Lyall-Mitchell Co. works was not called off by 7 a.m. Friday, all union bricklayers in the city will be locked out.

A strike was declared Monday of men working for Mitchell-Lyall, owing to the declaration of an open shop by Peter Lyall & Sons, Montreal.

The bricklayers declare that the Winnipeg firm is a branch, but the Builders' Exchange claim they are distinct and independent.

From 500 to 1,000 men will be affected and if a lockout is declared, it will practically tie up all building.

NO GROG ON THE RAINBOW

Portsmouth, Eng., Aug. 19.—The cruiser Rainbow, one of the ships purchased by Canada to form the nucleus of a navy, sailed yesterday from Portsmouth for Esquimalt. The Rainbow carries a full staff of instructors loaned by the British navy.

She is the first war vessel to sail for a long time without a grog tub. Practically all the crew are teetotalers. Liberal messing arrangements have been made, and Lord Strathcona presented the officers with plate.

FURTHER PARTICULARS OF THE MONTREAL TRAGEDY

Montreal, Aug. 19.—Urged on by jealousy, John O'Keefe, laborer, [illegible] shot his wife, Rosa Anne de Lima Boulquist, dead, and then killed himself at 1 o'clock yesterday morning. There were two families in the house, and, it is said, that the attention paid to his wife by the other man, led to the deed.

There is a certain amount of mystery, as there had been no quarreling, and the first intimation that there was anything wrong was the ringing shot which ended the wife's life. This was followed in a minute by another, and when the neighbors rushed in the wife lay dead in the bed, having been shot in her sleep. The body of the husband, with the head blown off by a shot upwards through the mouth, lay across that of his wife.

Barnard, aged 14, and Winne, aged 12, the two oldest of six children, said that they were awakened by the first shot, and rushed into their mother's room. The mother was lying on the bed, and the [illegible] side with smoking revolver.

"Good-bye, children," he said, and kissed them. "I have killed your mother, and if I do not kill myself I shall be hanged."

Then he fell down on the bed beside his wife and lay there for several minutes; then he got up and said: "I must not let the police get me."

He shook the woman to see if she were really dead, and then ran out into the hall, where he fired again and fell dead. The only quarrel which the children knew of was over a sister of the mother, who was refused admittance to the house by the father, and there was a quarrel.

O'Keefe had been a foreman in the cotton mills for years, and was not drinking. He had bought two revolvers previously, and both had been thrown away by his wife.

YUKON BARS FIGHT PICTURES

Ottawa, Aug. 19.—The western pioneer and the hardy men of the Yukon who looked forward to whiling away the tedium of the coming winter by being able to see moving picture representations of the Reno conflict on July 4 last, are doomed to disappointment.

The comptroller of the Royal Northwest Mounted Police has issued a circular to the heads of all divisions, warning them that exhibitions of these pictures are illegal.

May Buy Columbus' Birthplace.

Genoa, Italy, Aug. 19.—A party of Knights of Columbus, which recently visited the monument of Columbus here and placed a wreath of laurel and palm at the foot of the monument, has started a movement to purchase the house where Columbus was born, which is nearby, and plan its transformation into a kind of shrine of international interest.

Strike May Involve 3,000,000.

Copenhagen, Aug. 19.—A general strike of all European marine firemen and sailors, 3,000,000 in all, was ordered on July 26, according to a statement made yesterday by the head of the union here.

The decision was kept secret and the strike will not be enforced unless it is ratified by the international convention to meet here shortly.

LATE TICKS FROM WIRES

A tour of fifty agriculturists through Britain, Canada and the United States is suggested.

Approximately $150,000 worth of oil and tanks in the Oklahoma fields were destroyed by fire during a severe electrical storm.

Bailey's lumber mill at Aylmer was destroyed by fire, with loss estimated at $10,000. The mill has not been running of late.

The funeral of the late President Pedro Montt of Chile, who died Aug. 16 while on his way to Carlsbad for medical treatment, will be held in Berlin.

David Rankin, jr., the millionaire philanthorpist, and founder of the school of technical trade in St. Louis, Mo., which bears his name, is dead in Atlantic City, N.J.

There are 107 applications of the position of manager of the Port Arthur and Fort William street railway, a position vacated by N. C. Pilcher, to go to Sherbrooke, Que.

Two men were run down and instantly killed by a West Shore train at St. Johnsville, N.Y., while walking on the tracks. On one victim was a card of the Cigarmakers' Union of Montreal, bearing the name of Joseph Platt.

PRISONER BREAKS JAIL

Milton, Aug. 19.—Fred Gibson escaped from jail here Wednesday night. He had been committed for trial on a serious charge. Governor McGibbon himself had locked him up for the night. Gibson unlocked his cell door and three other doors before reaching the yard. It is supposed that he had been given skeleton keys by some outsider. He took two benches from his cell out to the jail yard, set them in the septic tank against the 20-foot stone wall, and climbed over. His age is 22, height, 5 feet 4 or 5 inches; weight, 140 pounds; full face, clean-shaved rosy cheeks, brown hair. He wore a tweed suit, grey peak cap, and dark shirt. A reward of $50 is offered for his capture.

'TWAS NIPPED IN THE BUD

San Jose, Costa Rico, Aug. 19.—Quick work on the part of President Madriz of Nicaragua prevented the overthrow of the Government, according to unquestionable information. Mme. Zelaya, wife of the deposed president of Nicaragua, organized a conspiracy to overthrow Madriz and install Dr. Irias.

One of the trusted followers of Mme. Zelaya got drunk and gave the plot away. Mme. Zelaya was placed on the steamer San Jose, bound from Corinto to Panama, with a through ticket to Europe. Dr. Irias, who held a place in the Madriz Cabinet, was invited to resign, and the lesser figures were thrown into prison.

Cost Ottawa Two Millions.

Ottawa, Aug. 19.—The cost of the scheme to get Ottawa's water supply from McGregor's Lake, in the Gatineau district, some twelve miles north of the city, is placed at approximately $2,000,000. The city has had a New York water expert reporting on the scheme.

Bishop Smith Coming.

London, Aug. 19.—The chaplain of the general forces, Rt. Rev. Bishop John Taylor Smith, C.V.O., D.D., sails on the Virginian for the celebration of the bi-centenary of the Anglican Church in Canada.

TRAMP RUN OVER BY TRAIN

Emo, Ont., Aug. 19.—Strange reports are in circulation with regard to the circumstances [illegible] of a tramp here a few days ago.

The man's name is unknown, but he was stealing a ride from Fort Frances on a C.N.R. freight. He was under the influence of liquor, and fell from the car to the track, the train severing both legs and one arm. It is asserted that a local clergyman was passing at the time and saw the man, but didn't go to his assistance. He contented himself with informing a passing boy about it. The boy informed a doctor, but before the man was given any attention, another train passed over him.

He was still alive, and a number of men carried him to the doctor's office. He was conscious, but died in two hours. The authorities decided that an inquest was unnecessary. The deceased had come from the United States.

Shots Fired In Strike.

New Bedford, Mass., Aug. 19.—The strike of 1,000 or more building laborers in this city reached an exciting stage yesterday when a detail of 15 policemen, under command of Chief Mason, drew their revolvers and fired several shots into the air to intimidate the strikers. The police were guarding a gang of strike-breakers.

VILLAGE NEARLY DEVASTATED

Ottawa, Aug. 19.—But for timely assistance from the Ottawa fire department, the little Village of Osgoode, 12 miles south of the city, would have been wiped out by a fire which started in the early hours of yesterday. The losses are: J. H. Nixon, stables and contents, $4,000; F. S. Richardson, furniture store, $4,000; Boyd Bros., contents of general store, $7,000; A. P. Wilson, loss on store building, $4,000; W. Taylor, residence, $3,500; Union Bank building, $700. Smaller losses aggregate another thousand. The total is about half covered by insurance.

Will Visit Canada.

Berlin, Aug. 19.—Langrave Alexander Friedrich of Hesse, a descendant of the Landgrave who furnished the Hessian troops, which fought on the British side in America during the revolutionary war, has decided to visit Canada and the United States incognito this summer.

LOST

A BOARD OF HEALTH, FOR THE CITY OF PETERBOROUGH. FINDER WILL BE REWARDED BY RETURNING THE SAME AND NO QUESTIONS ASKED.

TELL NO ONE

The best pun in the English language is Tom Hood's:

He went and told the sexton,
And the sexton tolled the bell.

Tell nobody, not even a sexton. They say tell a woman, don't advertize. That a lie, women are as secretive as any man. But if it's worth while, if you know it, if you have done it, or have the secret how to do it, do not tell a woman, tell no one. The moment any one else knows it is no longer a secret. This is a midsummer editorial a little delayed.

HATS OFF

Take off your hats, the King is coming. The Brockville Times, in a leading editorial, tells us his name. Tel's us—and goes back to David to describe it—how it is he got it. Doff your sky piece, gentlemen. The King, the King —Georgius V. Dei Gratia, Britannarum Rex, Fidei Defensor, Indae Imperator."

"George the Fifth, by the Grace of God of the United Kingdom of Great Britain and Ireland and the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India."

A FINE RESPONSE

Some days ago the Review announced that it would receive contributions for the Campbelltown, N. B., sufferers. The money to be forwarded through the bank of Nova Scotia. The response was noteworthy. One thousand dollars was raised in a twinkling—n't. One hundred [illegible] NO NOT ONE LOUSY DOLLAR. We are fine spirited, fine hearted people in Peterborough. They are homeless in Campbellton, homeless and wretched, homeless and winter is knocking at their door. Let us see, there are over a dozen churches here and one is opened to-night.

IN THE HOSPITAL

From the St. Thomas Times comes the harrowing story of Dan Fiedman. Now, Daniel did not do the lion act, but waking in the dark by the call of his baby, he went out for milk. He lost his sense of location and put his milk pail beside a mule. He is in the hospital. Now who is to blame, the baby or the mule? Many a man is just like Fiedman, trying to do a good turn and gets the worst of it. In the Hamilton Times a night or two ago we read a story of a man who tried to make peace betwen two men who were quarrelling. He too is in the hospital.

A FRAUD DISCOVERED

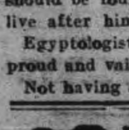
Pharoah has been found out. He had all the egotism of Napoleon, but none of his bravery. The news that this fellow was a terrible frost will startle the Biblists, preachers, evangelists and those connected with sacred story. It takes a long time to get a man's measure sometimes, and it seems funny to think that this Red Sea artist Pharoah, Ramses Number Two, should be found like a lot of us who live after him.

Egyptologists have found he was proud and vain, and a colossal egotist. Not having any claims to posterity—besides the incident of the Red Sea—he had his name carved on every monument or statue that would defy time. To-day they do it differently. They erect a hospital, or, like our friend Andrew Carnegie, endow a library.

What's the use? Time is the measure of all things, and some day even the pyramids will be no more.

Byrant tells us the way—

"'So live, that when the summons comes to join
The innumerable caravan that moves
To those mysterious realms, where each must take
His chamber in the silent halls of death,
Thou go, not like the quarry slave at night,
Scourged to the dungeon; but sustained and soothed
By an unfaltering trust, approach the grave
Like one who wraps the drapery of his couch
About him, and lies down to pleasant dreams.'"



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins, Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

ONE SIDED SCHEME

Mr. Fiennes, an English naval expert, has been contributing to an English newspaper, the Daily Graphic, a series of articles on the naval situation as it affects the British Empire. In the course of these articles he touches incidentally upon the line taken by Sir Wilfrid Laurier with regard to the Canadian navy, and bestows upon it severe condemnation. He says:—

Sir Wilfrid has laid down the extraordinary doctrine that, were the Empire at war, it should remain within the competence of the Dominion Parliament to say whether the Canadian naval force should take part or not. I waive tha point that, while the Dominion Parliament was debating the question, the enemy, if sufficiently near at hand, would probably mop up the Canadian force, on the principle that prevention is better than cure, as we did the fleet of Denmark in 1807. I suggest to Sir Wilfrid that his attitude is analogous to that of the Northumberland Earls, Edwin and Morkere, in 1066. Perhaps he is better acquainted with French than with English history; but at any rate he may remember that, just before the invasion of William the Norman, Harold was in the north, and there repelled the invasion of the Norsemen and of his own brother, Tostig. When he was recalled South by the threat of the Normans, Edwin and Morkere failed to march South with him, and left him at Senlac, to resist the invader with his huskies and the men of London. As a consequence they had to bow their necks to the conqueror, and, if memory serves me right, came to a bad end.

Were Canada attacked Sir Wilfrid would, of course, look to the whole might of Britain being put forth to defend her. But were any part of the British Empire attacked, he would leave it quite an open question whether Canada should take part in its defence or not. Were the mother country to adopt a similar attitude, I doubt whether the independence of the Dominion would be worth many hours purchase.

That is the way the Laurier scheme strikes an Englishman. If Canada is attacked, of course England must help. If England is attacked, we are not sure about helping her. Heads, we win; tails, England loses.

NUMBER SIX

"After months of unceasing effort Welland has won out in the competition for the location of the Canadian plant of Deere & Co., of Moline, Ill., the largest manufacturers and handlers of farm machinery in the world.

"This great triumph was scored in competition with the entire Dominion. No point in Canada could compete with Welland in transportation and power facilities. This was the decision of the Deere people after the most thorough investigation.

"Deere & Company will spend a million dollars here and will employ 1,500 hands. Other industries are sure to follow. Industrial Welland is to enjoy an expansion even more rapid than our greatest enthusiasts anticipated. In this year, 1910, we are apparently entering upon another and greater growing time."—Welland Tribune.

Now, what do you think of that? Plainly, frankly, honestly we are jealous. But upon better thought we congratulate Welland. However, it isn't the people, it isn't the roads, it's Nature. They have the Falls within gunshot, they have the canal, they have natural gas (not the publicity kind) they have the G.T.R., the C.P.R., the T.H. and B., the Wabash and the M.C.R. And, by the way, they have a live Council and Board of Trade.

This is the sixth industry to locate in Welland this year.

CANADA AS A BORROWER

Many will take issue with the Scotsman, says the Monetary Times, which asks whether a friendly sentiment has not induced British capitalists to advance money to Canada on easy terms. Our contemporary adds that even with such a brilliant future as that of Canada it looks as if this is at last being recognized by the public. So far, it continues, no injury has been done to Canadian credit by the question being asked whether it is time to adopt a more conservative attitude. The Scotsman is evidently led to the above conclusions by the fact that a number of Canadian loans in London have met with a somewhat poor reception, but we cannot see that this fact can be dismissed with the explanation given. Friendly sentiment usually links arms with finance only when it sees percentages in the distance.

Canada appreciates the $700,000,000 it has borrowed from England since the beginning of 1905. It recognizes too, the spirit which allows capital to come to the Dominion rather than elsewhere, all other things being equal. That is another example of investing. Imperially and the furtherance of trade within the British Empire. On the other hand, the country need not apologize for its legitimate borrowings. Every community devoting itself to the development of a comparatively new land is naturally expected to become a prominent and prequent visitor in the money markets.

Two of the main factors in such a situation is the maintenance of credit by the borrower and the obtention of adequate returns by the lender. The responsibility, therefore, is chiefly upon the former. We may, therefore, reasonably disagree with The Scotsman's contention. Canada has created and preserved an excellent credit in the world's markets. It has paid adequate returns to British, United States and foreign capital. The time has come in London possibly for a more conservative attitude to applicants for new capital, but this cannot apply alone to Canada. London's new capital creations totalled nearly $940,000,000 during the first six months of the current year, $300,000,000 in excess of the corresponding period of 1909. One would imagine that general market congestion is troubling the British investor. Undoubtedly a large supingply of worthless South African mining, skating rink, rubber and oil shares, each of which classes has participated within the past two years in a so-called boom, is floating in the market. Again, a number of securities of less speculative and perhaps more legitimate character has further clogged investment spheres. The numerous Canadian issue scertainly made matters worse, while in the rush of new securities several Canadian propositions, which were not worth a tinker's expletive, were sandwiched in between our railroad, government, municipal and industrial issues. Still, there is no good reason that Canada should be dubbed responsible for London's financial indigestion.—Halifax Herald.

Scarboro Beach

Visitors to the Toronto Exhibition this year cannot afford to leave Scarboro Beack Park out of their plans. This $600,000 amusement resort, modelled after Dreamland and Luna Park, the world-famous institutions, at Coney Island, is the finest of its kind outside of New York itself, and has been visited by millions of delighted patrons in the four years that it has been in existence. Its permanent structures include a scenic railway, a quarter of a mile long, a chute-the-chutes, 800 feet in length, and an underground watertrip called the Cascades, which furnishes an unforgetable experience. In addition there are the Streets of Cairo, Human Butterfly, House of Nonsense, Electroscope Theatre, Johnstown Flood, Aerial Swings, Caroussel, Midway, Bumps, Laughing Gallery and many other novelties [illegible] will be special fireworks and sports for the Exhibition visitors. The Sunday afternoon and evening free band concerts at the park are a popular feature.

SIDE LIGHTS

COINOLOGY.

Vancouver Province.

Like Mr. Asquith, Mr. Birrell and others, Dr. Aked has the distinction of having added a new word to the English language. The word is "Christocentric." and he recently applied it to Christians whom one would call overzealous or eccentric.

THE USE OF IT.

Province Vancouver.

A blind man in Khoota, a Caucasian village, came back from the river one night, bringing a pitcher of water and carrying in his hand a lighted lantern. Some one meeting him said; "You're blind; its all the same to you whether it is night of day. Of what use to you is a lantern?" "I don't carry the lantern in order to see the road;" replied the blind man, "but to keep some fool like you from runnig against me and breaking my pitcher."

THE COMMON FLY

(Brockville Times.)

The common fly, which science now holds responsible for many evils, is a factor in the cost of milk just now. A single milkman at Baldwin, L. I., finds that his ten cows are giving forty quarts of milk a day less on account of the cow powder consumed in combating flies. The sparrow-hawks that require three bushels of red-legged grasshoppers to feed the young for one brood would greatly benefit the ultimate consumer if they would cultivate a taste for flies.

THE CHILD.

Sybel Sketchley in Globe.

"Each generation must look after the children of that generation no matter whose they are. Some women cannot have children, some women will not have children, and some women ought not to have children, so we may as well posh our national motherland while we do not neglect our individual motherhood," says Mrs. Cloudesley Brereton, a bright Englishwoman, in a paper read at the end of last month in Brussels, and reprinted in the London Times on that much discussed activity to be set going soon in Toronto — "Medical Inspection in Schools."

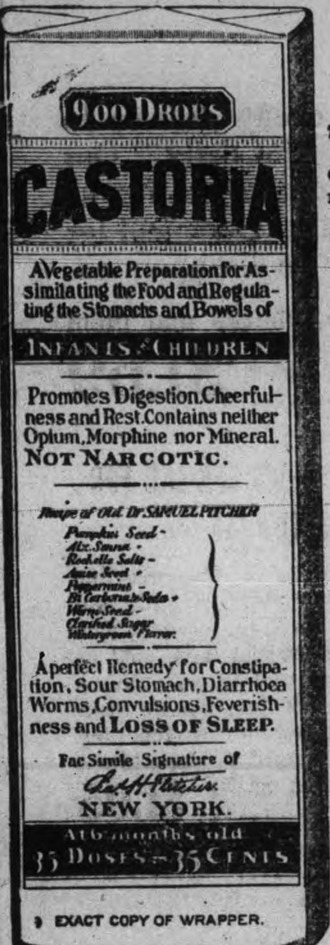
The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed conterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.



EXACT COPY OF WRAPPER.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria in a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Voegeli Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Capdau, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

The Lure of the Mask

By
HAROLD MAC GRATH

Copyright, 1908, by the Bobbs-Merrill Co.

"You have guaranteed our credit at this hotel. By what means?" Worth held her eye with courage.

"With my word," she answered.

"I know something of these foreign hotel managers. Words must be backed by values." Worth's eye was still steady and unwavering. "If, as I believe, you guaranteed our credit with jewels we must know."

"Is it from a sense—a misguided sense—of chivalry?" she asked, her lips suggesting a smile.

"You are evading us," went on Worth.

"You insist, then?" coldly.

"Positively insist. If you do not tell us we shall be forced to take our chances elsewhere." Worth pressed a button. A servant appeared. "The manager at once."

La Signorina dropped her veil and sat stiffly in her chair. Kitty moved uneasily. The manager appeared. He bowed.

"Madame here," began Worth, indicating La Signorina, "has guaranteed our credit at your hotel."

"Yes. Is not everything satisfactory?" asked the manager eagerly.

"What security did madame advance?"

"Security?" The manager looked at La Signorina, but she rendered him not the least assistance. "I have given my word to madame not to tell."

"Then three gentlemen shall leave. Make out our bill at once!"

The manager appealed to the lady.

"You are foolish men," spoke La Signorina. "If the manager wishes to tell you he may do so."

The manager brought forth a fat wallet and opened it. Out of this he took a flat object wrapped in tissue paper. Very tenderly he unfolded it. The treasure was a diamond pendant, worth at least $1,000.

"I was to keep this simply till madame chose to reclaim it. Nothing has been advanced against it." A new thought came into the manager's mind, and he turned slightly pale. "If it is not madame's"—

"It is mine," said La Signorina. She was very angry, but her sense of justice admitted that Worth was perfectly right. "Once more I ask you not to make me miserable by forcing this trinket back upon me. Will you do me the honor to wait till tomorrow morning?"

The three men exchanged looks.

"Till tomorrow morning, then," said Worth. The manager was glad to escape.

La Signorina raised her veil. From her girdle bag she took a letter. "This letter is from a friend I have always known. Has any one of you ever heard of the Principessa di Monte Bianca?"

Her audience leaned forward attentively as she read the letter:

My Dear—I was very glad indeed to hear from you, and I shall be only too happy to offer you the temporary assistance you desire. You will recollect that I possess a villa just outside of Florence, a mile or so north of Fiesole. The villa is furnished and kept in repair by an ancient gardener and his wife. You and your friends are welcome to occupy the Villa Ariadne as long as you please. Of course you will find all the chests, bureaus, sideboards and closets under seal, for I have not been there since the death of my father. None of the seals may be removed till I occupy the villa legally. However, the gardener and his wife have silver and linen and china, and with these you will be able to get along nicely.

LA PRINCIPESSA DI MONTE BIANCA.

"The question is, Shall we accept this offer?" She refolded the letter. "This was [illegible] mind when we went to Monte Carlo, and a much better plan too."

"Of course we shall accept it," said Worth.

"But what's the matter with your playing the princess to the neighbors?" suggested O'Mally, his eyes laughing. "I'll be the concierge, Smith the steward and Kitty your maid."

"And I?" asked Worth.

"Oh, you can be her highness' private secretary and attend to the correspondence."

The laughter which followed this was light hearted and careless. Only La Signorina did not join the merriment. She rose with a determined air.

"Mr. O'Mally makes a very good suggestion. It will be an adventure worth—Her highness commands! Will it not be delightful?"

Worth looked at O'Mally, who looked at Smith, who looked at Kitty; then all four looked at La Signorina.

"Are you not lightening our trials by joking?" asked Worth dubiously.

"Call it madness, if you like. I shall go as the princess."

"But the authorities! It will be prison."

"I am sufficiently armed for any event. It all depends upon your courage."

"Oh, if you take that tone," said O'Mally, coloring, "why, the thing is done. No one can call me a coward."

"I shan't desert you in a strait like this," remarked Worth quietly. "Only I think La Signorina rather cruel to force such a situation upon us when it was entirely unnecessary."

"It is agreed, then," continued La Signorina, "that tomorrow we depart for Florence as the Principessa di Monte Bianca and suit?"

* * * * * * *

It is in early morning that one should discover the Piazza San Marco. Few travelers, always excepting the Teutonic pilgrims, are up and about. The doves are hungry then, and they alight on your hands, your arms, your shoulders and even your hat. In a moment they are fluttering about you like an autumn storm of leaves, subsiding quickly.

It was such a picture Merrihew and Hillard, his guide, came upon the morning following their arrival. They had not visited it during the night. They had, with the usual impatience of men, gone directly to the Campo Santa Maria Formosa for the great reward. They had watched and waited till near midnight, but in vain.

Suddenly Hillard stopped. He gave a sharp exclamation and darted to one side to grasp the arm of a neat little woman who was buying corn. It was Bettina. But the maid refused absolutely to reveal the hiding place of her mistress, La Signorina, and Kitty.

Hillard offered her a hundred lira note ($20).

Bettina, strongly tempted, finally refused the bribe. She threatened to call the carabinieri, moreover, if Hillard followed her.

Hillard rejoined Merrihew, discouraged.

As they passed out of the quadrangle a man accosted them. It was Giovanni, with a week's growth of beard on his face, his shoes out at the toes.

"Follow me," he said softly.

He led them through tortuous streets, over canal after canal, toward the Campo San Angelo. He came to a stop before a dilapidated tenement. The three mounted the dusty, worn stairs of stone to the third landing. Giovanni opened a door and bade them enter.

Seated by the window which overlooked the little canal was a young woman. Her hands lay passively in her lap, and her head was lowered.

"You have found her!" whispered Hillard, a great pity swelling his heart.

At the sound she turned her head. Her face, thin and waxen, was still beautiful, ethereally beautiful, but without color. She was perhaps three and twenty.

"I have brought an old friend to see you," said Giovanni.

She stood up.

"We are going back to the Sabine hills, Enrichetta and I." The old man rubbed his hands joyously. "Eh carissime?"

"Yes, father," with a faint smile.

Giovanni pushed his friends into another room, closing the door.

"I found her," he said in English, the chords in his throat standing out. "And, mother of Christ, how I have suffered! She was dancing. She had to sit at tables and drink with the men—that or the Seine. When she saw me she gave a great cry and fell. She has not been like herself, but that will pass away in time. Now she sits in silence and broods. I went to the Italian ambassador. He heard my story in full. He wrote personally to the king. Today I am free. I have had to walk from Milan almost. I had little money. That letter of credit—so you call it—is with my cousin in Sorrento."

"And the man?" Hillard could not refrain from putting this question.

To be continued.

The manager brought forth a wallet.

recounting. I shall go as the princess.

Railway Rates cut in two for week. Watch for excursion days.

E. McMAHON, Secretary, Ottawa.

The Real Thing.

"What a curious paperweight that is," said Wilbraham, looking over the paraphernalia on Hawkins' desk. "Looks like a tea biscuit."

"It is," replied Hawkins.

"Odd sort of model to choose," said Wilbraham. "How cleverly they imitate these things nowadays! You'd think that was the real thing."

"It is the real thing," said Hawkins. "My daughter made it after taking a course in cooking at Gassar."—Lippincott's.

Dundee new swimming baths were formally opened July 15.

FACTS NO. 1

For the Board of Health and the Council

HOUSE FLIES AND DISEASE.
(C. Gordon Hewett in Nature)

Although the verification of the belief that the commonest, most widely distributed and truly domestic of insects, Musca Domestica, Linn., was capable of carrying the germs of certain infectious diseases has been one of the noteworthy accomplishments of medical science in the last decade it is a mistake to attach all the credit to those who, within the last few years, have removed the idea from the realms of hypotheses into the world of facts.

As early as the seventeenth century, Sydenham associated unhealthy conditions with flies. Lord Avebury in 1871, regarded flies as "winged sponges spreading hither and thither to carry out the foul behests of contagion." In addition to other early suggestions, Nicholas, in 1873 indicated the possible connection of flies with the dissemination of cholera from a case observed by him in 1850; Raimbert in 1869, experimentally proved that the house fly and the blowfly were able to transmit the anthrax bacillus: Davaine, in 1870, and Bollinger, in 1874, also showed that the blowfly could carry the anthrax bacillus, an important practical observation. Laveran, in 1880, demonstrated the ability of flies to carry the infectious discharge of conjunctivitis in Egypt on their proboscides and legs. All these observers assisted in the gradual growth of the belief; but it was in the '80s of last country, however, tnta several investigators adduced more convincing bacteriological proof as to the ability of flies to carry pathogenic and other bacteria. In 1886, Tizoni and Cattani obtained the cholera spirillum from flies caught in cholera wards In the same year, Hoffmann found tubercle bacilli in the excreta of flies caught in a room which had previously contained a phthisical patient Two years later Celli showed that the typhoid bacillus was able to pass in a virulent condition through the digestive tract of the fly.

IMPROVEMENTS TO THE POLICE HEADQUARTERS

Present Cells are Not Satisfactory or Sanitary—They Will be Replaced by Large Cage in Which Will be Three Small Cells for Refractories — Office Will be Enlarged.

Alterations at the chief of police's office are being made, and the sanctum of the head of the local force will be better arranged and more convenient. The office will consist of two rooms instead of one.

Work will commence very shortly on the alterations in the police station, when the space now occupied as the police office will be enlarged by the tearing down of the south wall and the shifting of the stairs to a more advantageous position.

Extensive modifications will also be made to the cells. The present ones are not adequate or sanitary and will be replaced by one big cage with three small cells in it for the enforced accommodation of those prisoners who are quarrelsome with their fellows in captivity.

The women's cell will be placed on the opposite side of the corridor, and it is to be hoped that in the future, as in the past, there will be very few registrations for the feminine room.

The Scrub Lady

A woman who has been employed in a local building as scrub-woman, and who claimed not to have received remuneration for her services, appeared in court this morning claiming settlement. The woman, it was explained, was [illegible] during her illness had received all possible medical aid and care, her employer bearing all the expense. She had also received money sufficient for her needs. Her employer generously agreed to give her ten dollars, and the case was dismissed.

Helen with the High Hand—Bernet.
It Can Never Happen Again—De Morgan.

DEMAND NOW FOR FARM HANDS WHO ARE EXPERIENCED

"There is still a pretty lively demand for farm help," said Immigration Agent Howson to the Review this morning, "but skilled laborers in farm work are the kind required by the farmer. He wants a man who can plough and do other work that requires experience, and is not anxious for the greeen man who can make himself useful in the harvest season, if he is industrious, even although he may be inexperienced."

Mr. Howson said that between July 1st and December was a bad time for the unskilled farm hand to come to Canada, as in that season the demand was for the man of experience. Up to July and after December the willing worker without experience can make himself useful. In the period first indicated there is the harvesting to be done, and in the winter months there are the chores to be done.

BOWLERS RAN A SUCCESSFUL EXCURSION TO COBOURG

The Bowling Club excursion to Cobourg yesterday afternoon was a most successful one, in spite of the unfavorable weather. There were about three hundred and fifty who took in the trip, the excursion special leaving Peterborough at 1.10 p.m. There was no bowling in Cobourg, as the green in the lakeshore town was wet on account of recent rains, but Jupiter was considerate yesterday, and the weather bright and sunshiny.

The mecca of the excursionists was the horse show, of course. There was an immense crowd there, and the show was an excellent one.

On account of the success attendant on the Bowling Club excursions they will be annual events.

SUCCESSFUL LOCAL PUPILS

The results of the honor matriculations examinations with the scholarship standing of the four local pupils who wrote were received to-day by the Review.

These results have been awaited with intense anxiety by those who were concerned. The standing of the four pupils is indeed gratifying, and they are deserving of the highest praise and commendation.

Mr. William Adamson's success in winning the Prince of Wales scholarship was noted the other day.

Mr. Arthur Rosborough took first-class honors in mathematics and science, and won a scholarship in each subject. He stood fourth in the department of mathematics in a group of twenty-seven, and third in science out of a group of twenty-two.

Miss Kathleeen Burnett stood first, taking first-class honors in moderns in a group of over forty. She obtained first-class honors in mathematics, standing ninth in a group of twenty-seven, and was awarded the first scholarship in moderns.

Miss Gertrude Yenney was also very successful. She was awarded eighth place in the Edward Blake scholarship given for general proficiency.

Miss Burnett also won the Dickson scholarship in modern languages. This scholarship is donated by Trinity University.

SATURDAY AFTERNOON TRIP

RIPPLES FROM STONEY LAKE

(Via Viamede)

Mrs. Watt, of Brantford, gave a progressive euchre party on Monday evening, which was well attended, the prizes being won being awarded to Mrs. Marshall, of Hamilton, and Miss Taylor, Burlington.

A very successful concert was given in the Viamede pavilion by the Haydn Quartette, of Toronto, who were kind enough to give one of their grand concerts in aid of the Children's Aid Society of Peterborough. Mr. Cochrane, the agent of the society, was present, and gave an address on the aims and objects of the society, and also thanked those who were taking such an interest in the work of the society.

The Haydn Quartette is composed of four of Toronto's best singers, viz., Mrs. Fred L. Score, soprano; Mrs. A. F. Passmore, contralto; Mr. Leonard Wookey, tenor, and Mr. Vernon Gearing, basso. Miss Nelson, of Lakefield, was the accompanist.

The reading of the different numbers were in good taste and the harmony was fine. Every number was heartily applauded, and they responded to one encore.

The following is the programme: Mr. James L. Doris, of Peterborough, acting as chairman:—

1. Bass solo, "The Bandoliero," by Mr. Vernon Gearing.
2. Quartette, "Sweet and Low," by the Haydn Quartette.
3. Contralto solo, "Come Sing to Me," by Mrs. A. F. Passmore.
4. Address on work and aim of Children's Aid Society," Mr. Cochrane.
5. Soprano solo, "Sing On," by Mrs. Fred. L. Score.
6. Quartette, "The Story of a Tack," by Haydn Quartette.
7. Tenor solo, "Calm as the Night," by Mr. Leonard Wookey.
8. Quartette, "Swanee River," by Haydn Quartette.

God Save the King.

A silver collection was taken up during the evening by Miss Mary Elizabeth Boyle, of Cincinnati, which amounted to ten dollars, and was handed to Mr. Cochrane.

Among the recent arrivals are: Mrs. A. F. Passmore, Toronto; Mr. and Mrs. John Remein, Rochester; Mrs. E. M. Elliott, Miss Elliott and Charles Elliott, Peterborough; Miss Paddock, Cincinnati; Miss M. Scrimger, Miss J. Scrimger, Mrs. Wiley, the Misses Wiley, Mrs. Stenson and Miss Stenson, Toronto; Mrs. Wm. Horcheler, Miss Cecile A. Horcheler, Miss Elma Diminger, Rochester, N. Y.; Mr. and Mrs. W. J. Beakerton, Woodstock, Ont.; Miss K. Hardy, Toronto; Mr. and Mrs. T. H. Wilkinson, Hamilton; Mr. A. F. Passmore, Toronto; Fred L. Score, Toronto; Miss Hardy, Toronto; Miss Taylor and Miss Perry, Burlington; Mr. Morgan, Toronto; J. A. Gibson, Toronto; Kenneth Routley, Peterborough; Rev. Christopher Lord, Apsley, Ont.; A. R. Prudder and W. H. Johnson, Buffalo, N.Y.; Stephen S. Boyle, Cincinnati; Miss Alma Knapman, Peterborough, Ont.; Myrtle Squair, Fraser Hamilton, Gordon K. Fraser, Hamilton, Ont.; Edith K. Low, Syracuse, N.Y.; Harold Reinhardt, Philadelphia, Pa.; J. Edmund Byrne, Genevieve V. Seymour, Rose M. M. Doyle, De Elten E. Tanner, Grace J. Tanner and Florence E. Seymore, Rochester, N.Y.; Miss M. A. Macdonald and Miss Bessie Logan, Peterborough; Moses Lyman and Mrs. Lyman, Rochester, N.Y.; Mr. E. L. Wage, G. N. Fitch, Albion, N.Y.; Mrs. Fred Score, L. Wookey and Vernon Gearing, Toronto.

EXTENSIVE PREPARATIONS FOR EUCHARISTIC CONGRESS

Details of Legate's Reception—To be Met by Prelates—Getting Cathedral and Other Churches Ready.

Special to the Review.

Montreal, Aug. 19.—Preparations for the reception of the Cardinal Legate to the Eucharistic Congress are going on apace and it is assured that when the representative of His Holiness reaches Montreal on the afternoon of Saturday, September 3rd, a royal welcome awaits him.

His Eminence will be welcomed to the city immediately on his disembarking from the Government steamer 'Lady Grey,' on which he will come up from Quebec. It has been decided that the latter will dock at the foot of McGill street, and a special pontoon for the occasion is being prepared by the Harbor Commissioners. A pavilion capable of containing upwards of one thousand persons, who will be present [illegible] be erected, and it is also proposed that a triumphal arch should also be constructed at the water front. His Excellence, on landing, after passing under the arch, will be conducted to the pavilion where His Worship the mayor, will deliver the official address. This latter will be written in both languages, and will be beautifully engrossed in parchment, afterwards bound in morocco and enclosed in a golden casket.

TO BE MET BY PRELATES.

His Eminence the Cardinal Legate will be met on his way up the river by several Canadian Prelates, who will embark on board the steamer bearing the distinguished guest. Thus Archbishop Bruchesi will be at Father Point when the Empress of Britain pulls up to take on her pilot, whilst at Sorel and Three Rivers, as well as at Quebec the Cardinal's party will be swelled by other arrivals, notably those of His Grace the Archbishop of Quebec, the Bishop of Three Rivers, and the Bishop of St. Hyacinthe.

PREPARING THE CATHEDRAL.

Meanwhile preparations in the local city churches are proceeding apace. The Cathedral, for the past six months has been undergoing a thorough overhauling, and the work is now practically completed. The painting and cleaning of the walls is over, though at the present time there still remains some decorative work to be done.

One feature of the decorations will be the countless number of electric bulbs which will be in evidence in the Cathedral during the ceremonies incident [illegible] interior of the whole edifice will be outlined with these bulbs. Six immense clusters containing hundreds of lights will also be installed, four of these being placed down the main aisle, whilst two will be set up in the transepts. The immense Cross on the dome of the Cathedral will also be outlined in electric lights. It is estimated that the installation of the additional lighting fixtures will cost in the neighborhood of $6,000.

RENOVATING OTHER CHURCHES.

At St. Patrick's and Notre Dame, where the Cardinal League will also be seen, preparations for the Congress have been going on on a large scale. The work in connection with the renovating of some of the mural decorations at St. Patrick's is now completed and workmen are now engaged in putting everything into ship shape form.

OBITUARY

MRS. THOS. H. HORNER.

A former resident of Peterborough Mrs. Thomas H. Horner, passed away in Hamilton yesterday.

The late Mrs. Horner's husband is roadmaster on the Grand Trunk and with headquarters at Hamilton.

The remains will be brought to Peterborough for burial, arriving here on the nine o'clock G.T.R. to-night.

The funeral will leave Belleghem's undertaking parlors at 11.30 Saturday morning for Little Lake cemetery.

SILAS PEARSON.

Death has called another of Smith's old residents, in the person of Mr. Silas Pearson, who died in Bobcaygeon on Aug. 15th, and was laid to rest in the family plot in Lakefield on the 16th. He was born in the township of Smith in the year 1826, where he resided till about twenty years ago, when he went to live with his son, Richard, who was engaged in the blacksmith business in Bobcaygeon. He leaves behind only one child, his son having been predeceased by his wife, who died 43 years ago, and also two daughters.

"It was my husband's place to beat me," said a woman at Hull, Eng. Police Court. The couple were fined for being disordely

QUIETUDE WAS AFTERMATH

In Conneciion With Robbery at Sanderson's Jewellry Store

Chief Thompson informed the Review to-day that in spite of persistent and thorough inquiry and the distribution of circulars throughout Canada and the United States there was no clue to date as to the thief who robbed Wasson's jewellery store.

"None of the jewelery is in circulation anywhere," said the chief, "and until it is there will be no clue to work upon in the hunt for the thief."

The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

A serious outbreak of foot and mouth disease having occured among cattle in Yorkshire, the movement of all animals over a wide area has been prohibited.

PARK STREET S. S. OUTING

Park St. Church Sunday school held their annual picnic yesterday.

The steamer 'Stony Lake' carried a good crowd to Jubilee Point, arriving there about twelve o'clock. Dinner was indulged in, and afterwards races and a game of baseball. The names of the winners of the latter, unfortunately, could not be obtained. The return trip was commenced about four o'clock, the boat reaching the wharf about seven.

NOTICE!

Messrs. Hicks and Edmison, the directors of the Union Sunday Schools Excursion of Peterborough to the 1,000 Islands on Saturday, August 27th, have returned from going over the route. They have made all arrangements to insure everyone an enjoyable outing, so come along and bring your friends.

See cards in store windows and adv. in papers for information. Call up 'phone No. 1201 and have tickets delivered to you or reserved for you.

A tramway car has been tried at Huddersfield which will allow of passengers leaving by the front.

SPORTING NEWS

GAMA THE NEWEST LIGHT TO ILLUMINE KNOCKABOUT PAD

Montreal Herald.

Gama, the Hindu wrestler who took London by storm when he threw Dr. Roller, the American grappler, who was once spoken of by Frank Gotch himself as the likely world's champion, seems to be a wrestler of the Fred Beel type with more weight and strength than the Wisconsin Wonder ever carried. The Hindu stands but 5 feet 7 1-4 inches, but has chest measurement of 47 inches, with a waist line of 35, and other measurements to match. But for all his chunky build the Indian appears to be able to move round. English exchanges to hand with an account of the match show Gama to have had the best of the argument almost all the way through. The Daily Chronicle expert writes in part of the match as follows;

Gama showed his wonderful strength by the easy way in which he lifted [illegible] to th' efloor. The American went down three-quarters on his back, but off the mat, and the two were made to resume standing up with the Indian in possession of his complete body hold.

Gama threw his man down again, and, quick as a lightweight, fell upon him and hugged him until Roller was forced to drop his right shoulder, the left being already on the floor.

All this happening in the space of a little more than a minute and a half caused one to think kindly of the American—that he had not had time to show his ability owing to the speed of the Indian's movements.

One always likes to think like that of a stranger, but in the second, and last bout Roller did have time to show his ability, and that quality being shown, there was precious little upon which Roller could be congratulated. Instead of opening with another strong dash, Gama walked quietly to the centre of the mat, feinted, and fooled for an opening.

FEINTING AND FOOLING.

At the real, genuine feinting, the Indian was superior to the American, and when Gama fooled instead of feinting none seemed less aware of the fact than Roller, who in a few short minutes of wrestling, had developed a respect for his opponent that showed itself almost painfully. The Indian toyed about by diving for the legs and then looking at his opponent to watch what he did. It was apparent to the veriest tyro in wrestling, that each time the Indian dived the American went all off his balance, and was painfully open to attack.

After the last dive the Indian straightened up more quickly than usual, went straight for a hold, and threw Roller to the floor once more. The American straight away was in a hopeless plight, but a bit of loose attacking by Gama, (consequent, perhaps upon the lack of seriousnes with which he regarded the opposition) enabled the American to wriggle to a position flat on the mat. With the Indian on top there was every chance for Roller to display at least some amount of defensive wrestling that could be considered of the highest class.

He failed, however, to show much knowledge of how best to counter Gama's attack; in fact, Roller appeared to be conscious of little besides the fact that he was being opposd by a stronger and more clever wrestler; that he was in no end of a tangle.

As the lost babe in the woods would cuddle the fallen leaves that made for him a couch, so did Roller cling to that mat, oblivious, as far as could be judged by movements, as to what was going to be done to his discomfort, but conscious, so very conscious, that something distasteful was going to happen. The use of legs in defensive work was apparently unknown to the American, who failed to show himself as being in anything like the same class as Gama.

As a "contest" the affair was absurd; in fact, Roller did not wrestle well enough to give one an idea of how good Gama is. You could only be conscious of the fact that the Indian was uncountable degress superior to the American.

There is more than a chance of Gama being seen in Montreal this winter, for it is altogether likely that George Kennedy, the local promoter, will connect with the new sensation.

THE BALL BATTLE OF THE YEAR

The time for the big game is almost here. To-morrow afternoon, commencing at 3 o'clock sharp, regardless of weather conditions, the much-tooted Belleville nine will stack up aaginst the T.A.S., the premier nine of the City League teams this year.

There is no gainsaying the fact that this will undoubtedly be the fastest game of ball witnessed here this summer. The record of the visitors is well known, they having demonstrated their ability in many a battle, the most recent and spectacular being the seventeen innings fray at Belleville, where they won from the Grand Trunk by only one run.

Hopkins, their star pitcher, is extremely anxious to reverse the tables on the local T.A.S. He did the slab work for the Lindsay team here last Labor Day and was beaten by Quinlan. Their team will be composed of the pick of the five Belleville of the pick of the five Belleville City League teams.

Quinlan is confident of again duplicating his feat of last Labor Day, and is feeling in fine trim. The T.A.S. team will be composed of the same players as usual. They will line up as follows:—

McFadden—Catcher.
Quinlan—Pitcher.
M. O'Brien—1st base.
O'Heron—2nd base.
Giroux—Short-stop.
J. Corkery—3rd base.
V. Corkery—c.f.
W. O'Brien—l.f.
Sheehy—r.f.

The admission is only twenty cents, so come along and witness the fastest exhibition of ball that will be seen here this summer.

BRITISH BOWLERS

The British bowlers will arrive to-night at Quebec and they will be met on their arrival by A. E. Hestis of the Ontario Bowling Association, and A. Faille of Stratford, of the Western Ontario Bowling Association. They will play Friday and Saturday in Montreal, Ottawa on Monday, and Peterborough on Tuesday. They will arrive in Toronto on Wednesday night and will remain here until the following Monday, playing Alexandra and Granites on Thursday, R.C.Y.C. Friday, Victorias and St. Matthews on Saturday, and Canada's on Monday.

The party consists of;

Scotland—Mr, John Billans, Carluke Bowling Club; Mr. Thomas Jeffrey, Mayfield, B.C., Edinburgh; Mr. A. J, Smith, Burnhead, B.C., Larbert; Mr. John Kirkland, Strathhaven, B.C.; Mr. John S. Fleming, Strathhave, B.C.; Mr. Peter Scott, Buccleuch, B.C., Hawick; Mr. John Coutts, Ferry Hill, B.C., Aberdeen; Mr. Lindsay Mathieson, Grosvenor, B.C., Greenock; Mr. William McColl, Partick, B.C.; Mr. J. T, Morrison, Coatbridge, B.C.; Mr. Robert Peace, Portobella, B.C.; Mr. W. C, Wilson, Beith. B.C.; Mr. James Walker, Partick, B.C.

England—Mr. Ezra Pickard, Leicester, B.C.; Rev. Wyndham Earce, Taunton, B.C.; Mr. A. W, Stewart, Muswell Hill, B.C., London; Mr. Wallace McNeill, Rover, B.C.; Mr. John Walsh, Hastings, B.C.

Wales—Mr. Ivor B. Thomas, Dinas Powis, B.C.

The ladies in the party are;—Mrs. Jeffrey, Miss C. McColl, Miss J. McColl, Miss Morrison, Miss Scott, Miss Walker.—Toronto Star.

WILL MEET IN 6 ROUND BOUT

Philadelphia, Aug. 18.—Al Kaufman, of California, and Bill Lang, the Austrailian, have been matched by Harry Edwards, the boxing promoter of this city, to meet in a six-round bout at the Philadelphia ball park, on the evening of September 5, Labor Day. These men were to have met in New York Tuesday night, but the police refused to allow the contest to go on.

Mat and Mit

Jack "Twin" Sullivan and Porky Flynn will meet at Bar Harbor, Me., August 24.

If there is enough money in sight Ad Wolgast will box Ray Bronson in New Orleans.

George Gardner has signed to meet John Willie in Winnipeg the latter part of August.

Harry Forbes, the Chicago featherweight, figures he has "come back," and will meet Johnny Powers in private.

Jack Johnson says that Sam Langford did well in calling off his bout with Al Kaufman, as Al has it on the Boston Tar Baby.

Fighting Dick Hyland, of California. had a shade the better of Battling Hurley, of Passaic, N.J., in a lively ten-round bout at New York last night. The men kept at each other from start to finish, but neither was able to gain any decided advantage.

A Lightning Go

New York, Aug. 18.—Sporting men to-day concede that last night's ten-round fight between Dick Hyland, of San Francisco, and Battling Hurley, of Passaic, N.J., was the fastest mill witnessed in New York in years. The boys met at the Sharkey Athletic Club.

The contest was a whirlwind affair from start to finish and the Pacific coast fighter had a shade the better of the argument. Both boxers fought the same style, boring in all the time.

BASEBALL YESTERDAY.

Eastern League Standing.

Clubs.	Won.	Lost.	P.C.
Rochester	67	45	.598
Newark	68	46	.596
Toronto	59	52	.532

New York	60	49	.550
Cleveland	49	59	.454
Washington	48	63	.432
Chicago	44	63	.411
St. Louis	34	71	.324

Thursday's scores: Washington 6, Cleveland 1; Detroit 6, Boston 1; Philadelphia 2, Chicago 1; rain at New York.

To-day's games: Cleveland at Washington, Detroit at Boston, Chicago at Philadelphia, St. Louis at New York.

BASEBALL

On Friday afternoon there will be a ball game that will doubtless attract a large number of supporters of both teams for the Chemong Athletic Club nine will meet the Bridgenorth team.

The game will be for the championship of the district.

Man Killed by Lightning.

Fort William, Aug. 19.—One man was instantly killed, one rendered mentally incompetent for the remainder of his life, and five others were more or less seriously injured when a bolt of lightning struck the camp house of O'Brien, Fowler and McDougall, on the Transcontinental Railway near Lake Superior Junction.

The seven men were at a table eating their noon meal when the bolt came.

Sculon Olivo, 534 McIntosh street, Fort William, toppled over dead and Xevar Gallagher, address unknown, sustained a mental shock from which he is not expected to recover.

Scotch strawberries are selling in Dollar, at 8 cents per pound.

CAUSTIC CRITICISM OF KENDALL

In marine circles in both England and Canada, the part played by Capt. Kendall, of the S.S. Montrose in the arrest of Dr. Crippen and Miss LeNeve, is still being discussed with a great deal of interest. Whether the captain did or did not violate the office of the service is a moot question. In some quarters the captain is receiving much criticism for his theatrical performance on board the Montrose. The criticism is also applied to the Canadian Pacific Company, owners of the Montrose, although to the layman it does not appear wherein the company is open to censure. Doubtless the company has satisfied itself that Capt. Kendall did only that which the company would expect its ships' commaders to do under the same circumstances.

The basis of the London criticisms is found chiefly in Capt. Kendall's communications to the London Daily Mail, describing his own conduct. The London Daily Mail continues to assert that these communications were the only newspaper messages sent from the Montrose by Capt. Kendall.

The London Saturday Review, whose opinions fairly epitomize those of the captains' critics, characterizes these communications as "a disgrace to the mercantile marine and the profession of the sea." It adds:—

"They are an insult to the King, of whom the commander of a British ship is the direct representative, to the law, whose powers are vested in him, and to every sailor. What his temptation may have been we do not know; the responsibility for that lies with the Daily Mail editor and with its principal propreitor, Lord Northcliffe. But he proved a sufficiently apt tool. Let us hear him in detail:

"My suspicion was aroused when, seeing them on the deck beside a boat, she squeezed his hand.

"'I warned him (the chief officer) that the discovery must be kept absolutely quiet, as it was too good a thing to lose, so we made a lot of them, and kept him smiling.'

"Kept them smiling while the miles were shortening between them and the police; kept them smiling, although the girls' tears, it seems, were sometimes triumphant over the facetiousness of this precious reporter-captain; made a lot of them, not to save them from their own dreadful thoughts and fears, but because while they were unsuspecting they were a source of income; kept them smiling, lest they should weep and betray themselves to others, and the profit be lost; made a lot of them, not to give them a moment's respite before the hand of the law closed on them and separated them for ever, but 'because it was too good a thing to lose.'

"This man and girl were lover and mistress; they were on a last desperate adventure together, with perhaps more than the chance of death waiting for one of them at the end of it. With whatever sin and horror their relationship may have been associated, however unlovely it may appear to us, there is surely some element of sacredness in its very intimacy. Even in spite of their disguise, amid the publicity of the deck, in some moment of fear or emotion her hand goes out to him in desperate, wordless communion; and Captain Kendall notes it and transmits that handclasp to the Daily Mail.

"'I told Cripepn a story to make him laugh heartily so as to see if he would open his mouth wide enough for me to ascertain if he had false teeth. The use was successful. What a fund of stories our captain must have! And now he will have this one to add to them.

"'He would often sit on deck and look aloft at the wireless aerials and listening to the cracking of the [illegible] by the Marconi operator. He said, 'What a wonderful [illegible]!'

"Wonderful indeed if he had known what kind of a chain was stretching in the blue mountain sky between the Montrose's masthead and Fleet street he might have thought it more wonderful still. . . But there is no need to quote more. If any reader of the Review can think of an instance of the miracles of science and the sacredness of authority being turned to uglier or more contemptible uses we would like to hear of it.

"The captain of a ship is in the position of commander, judge, magistrate, even of king, to every soul on board. For a judge on the bench, or a governor of a prison, or a general in the field, to send reports of his doings to a newspaper would be no more improper than for a ship's captain to do what this captain has done. In addition, he was in a way the protector of this wretched pair. So long as they did not offend against the disciples of the sea he had no quarrel with them. They were flying from justice, it is true; it is also true that one of them was possibly flying to his death, and drawing nearer to the gallows with every turn of the screw. Think, if you can bear to, of the dire tragedy of this relationship; the smiles that had to be kept up outside, the terrors and tears of the cabin; the embraces mingled with the sense of impending doom and destiny; the counting of the days and nights, and ultimate sunset, ultimate daybreak, ultimate kiss or widespread word that might be the last they would ever share, and then think of Captain Kendall and the Daily Mail and the thing that was 'too good a thing to lose.'"

Local Option movements would be needless if everyone understood that Regal Lager benefits but does not intoxicate. It quenches thirst delightfully, makes the appetite healthy, and aids digestion. Good at meals.

Give the Family Income a Chance

Perhaps the family income is big enough after all.

Perhaps the reason it does not seem to go as far as it should is because you do not spend it thriftily enough.

Perhaps when you buy, you do not go to the right stores at the right time.

If you read the store advertisements regularly you will soon see ways of stretching your dollars.

You will soon learn where to go for this and where to buy that.

You will soon be giving your "expense money" a chance to buy you the things you now need and other things that a little surplus money might make you think you need—

But which you cannot now afford.

Woman's World

Jane Addams Honored — First Woman Master of Arts at Yale.

Photo by American Press Association.

JANE ADDAMS IN ACADEMIC ROBE.

Yale stepped out of the trodden path at its recent commencement by conferring upon a woman for the first time in its history the degree of master of arts.

The recipient was Miss Jane Addams, president of the national conference of charities and correction and head of Hull House in Chicago. She sat with the other beneficiaries of special honors at the commencement exercises, and the large audience gave her an extra share of applause as she stepped forward to receive her parchment from the hands of President Hadley.

The Girl With One Hat.

"Isn't it a perfect dear?"

You may know at once that they were looking at hats.

You could have guessed that, and it was a dear, a soft, fluffy thing with a [illegible] sort of rose-bud material and a big bow of velvet ribbon at the back.

"Yes," said the practical girl, "but it's the sort of hat for the girl who can have two or three."

"And the girl who will buy it," rejoined the other, "will be the girl who can have only one and will wear it to work."

"Exactly," sighed the first speaker as she tried on a big black thing with a curling quill.

But here is a suggestion for the girl who has only one hat, which must do duty for all occasions.

The suggestion is just a little statement to the effect that one hat is more expensive than two.

It doesn't matter what you pay for that one hat.

The wise girl buys a cheap little hat, sailor perhaps, for 65 cents and wears it on rainy days. It more than pays for itself in the amount it saves on the best hat.

If only the girl who has to go to work every day would learn this and provide herself with an extra chapeau, no matter how simple and inexpensive, she would find that her good hat could be made to last twice as long, for she would have something to wear on stormy days and while the "one hat" was being freshened at the milliner's.

All Sorts of Tips.

It is said that if common table salt is added to gasoline spots can be cleaned on silk or other delicate fabrics without leaving a ring.

Take a large sized jug and hold it about three inches away from your mouth. Now speak or sing into it, and the sound as it is forced out of the jug will be found to exactly resemble a talking machine.

White crin hats are cleaned by sponging with water and soap, not wetting them thoroughly. Stuff the crown with paper to keep the shape and dry quickly. Black crin hats are cleaned in hot water and ammonia applied with a flannel cloth, wringing the latter nearly dry.

To take the shine off a much worn suit buy 5 cents' worth of soaptree bark, tie it in a piece of muslin and boil it for half an hour in a quart of water. Sponge the garment with this and then with clear water and wipe as dry as possible. Press, holding a clean white cloth between the material and the hot iron.

Of the lace blouses, those of Irish lace, cluny and black chantilly are preferred.

The frilled jabot is still in fashion, although the plain waist is perhaps most worn.

Young-Old Women of the Stage.

What such women as Sarah Bernhardt and Ellen Terry have taught the world of the stage's art is no greater achievement than what they are now teaching of the art of remaining forever young. Mme. Bernhardt has lately essayed a new masculine role in "The Jest" with all of her youthful ardor. Miss Terry is taking to the lecture platform, giving talks on Shakespeare's heroines with such enthusiasm that she resents any advertisement of a "last tour."

Summer Bugbears.

The girl who must economize finds that one of the chief expense items of her summer outings even in camp is the laundry bills.

One girl who objects to "horrid dark clothes that are dirty even if they don't show" hit upon a plan last summer that may prove helpful.

Early in the spring she went carefully over her wardrobe and laid aside every garment that would stand only another washing. This gave her a goodly supply of underwear, blouses, neckties, handkerchiefs and even a shirt waist dress or two.

They were all carefully laundered and put together in readiness for the vacation in the woods.

It was surprising how well dressed that girl looked, yet her laundry bill cost her not one cent. As soon as a garment was soiled it was straightway thrown away, or, rather, swelled the camp bonfire.

It is well to make a collection of garments on their "last legs" through the year, as it may not be possible in a hurry to get enough wornout clothes to make the plan feasible. Call it your "outing outfit" and give it a separate drawer where it can be kept in neatly folded piles, with layers of blue paper between.

A Better Plan.

It was the dreamy hour after dinner and the girls were talking in the hushed tones appropriate to the occasion.

"I've just heard of a new charm to tell whether any one loves you and, if so, who it is," whispered Elsie.

"What is it?" queried Sophie, absently fingering her new diamond ring.

"Well, you take four or five chestnuts, name each of them after some man you know and put them on the fire grate, and the first one that pops is the one that loves you."

"H'm!" said Sophie. "I know a better way than that."

"Do you?"

"Yes, indeed. By my plan you take one particular man, place him on the sofa in the drawing room, sit close to him with the light a little low and look into his eyes. And then if he doesn't pop you'll know it's time to change the man on the sofa."

West Up to Date.

For the first time in the history of this district potato bugs have made their appearance. They have been discovered on many fields in town and district, and there is no mistaken identity. Many of those who have discovered the pest are from eastern Canada, and now recall the days when father used to make them "pick" the bugs. There is likely to be a big demand for the old reliable Paris green and sprinkling [illegible].—Wolseley, Sask., News.

MISS ETHEL ROOSEVELT.

And Her Scotch Terrier, Bongo.

MISS ROOSEVELT ON DECK OF THE KAISERIN.

"She's a charming girl," enthusiastically declared a man who came over in the steamer with the Roosevelt party when asked how he liked Miss Ethel. "She's so unaffected and unspoiled," he continued, and that's saying a whole lot for such a young girl who has had enough attention to turn a head less well poised.

Miss Ethel Roosevelt, while of a bookish turn of mind, is most decidedly an "outdoor girl," and while on shipboard it was her delight to take brisk walks on deck accompanied by her latest pet, the Scotch terrier Bongo, presented to her by her host, Mr. Arthur Leigh, just before she left London. The illustration shows Miss Roosevelt standing on the deck of the Kaiserin holding the dog in her arms.

A whale, 25 feet long, was captured in the Tay, near Newport.

Is Your Loaf Like This?

If your flour is of the right quality, it ought to produce uniformly good bread. When the loaf comes out of the oven it ought to be appetizing and inviting in appearance. The crust should be crisp, tender and sweet as a nut. The pores of the bread should be regular showing uniform expansion by the yeast and every loaf should be light, plump and should expand over the top of the pan. Bread made from Ogilvie's

Royal Household Flour

always comes up to the highest standard of excellence when made right. It is always uniform and good to look at as well as good to eat.

Summer and winter, day after day, month after month, "ROYAL HOUSEHOLD" is milled by exactly the same process from exactly the same standard uniform grade of the best *Red Fyfe* wheat. And this uniformity *is guaranteed* by rigid safeguarding tests at the mills before the flour is shipped out.

Get ROYAL HOUSEHOLD FLOUR from your grocer and *stick to it.*

OGILVIE'S ROYAL HOUSEHOLD

"Ogilvie's Book for a Cook," with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer. 18

THE OGILVIE FLOUR MILLS CO., LIMITED, - MONTREAL.

The Height of Kings.

A remarkable feature about the physiques of reigning European monarchs is that they are nearly all shorter than their consorts. King George V. is several inches shorter than Queen Mary. The German empress is a trifle taller than the kaiser, who always insists on the empress sitting down when they are photographed together. Czar Nicholas II. looks quite small by the side of the czarina. Alfonso of Spain is a head shorter than Queen Victoria Eugenie, and the king of Italy hardly reaches to the shoulder of Queen Helena. The queen of Denmark, too, is a good deal taller than her husband. Exceptions to the rule are the king of Norway and the new king of the Belgians. The latter is six feet two inches in height and the tallest king in Europe.—London M. A. P.

Women Smokers In London.

The woman smoker, far from being a result of a decadent civilization, is merely a survival of a rougher and harder life. Even today the women who live the hardest lives compatible with twentieth century civilization smoke incessantly. Go into any tramps' lodging house and you will find not only old and young women, but bits of girls scarcely in their teens, puffing contentedly, not at cigarettes, but clay pipes charged with black twist tobacco. It is part of the etiquette of the "road" for the men after they have vigorously puffed at their "dudeens" to hand them to the women tramps who have no supply.—London Standard.

A Dead Game Sport.

Sir Claude de Crespigny has crossed the North sea in a balloon and is the only white man who has successfully swum the first Nile cataract. He has escaped from the coils of a python, dived among the sharks to amuse a few friends at Bermuda and enlisted as a scout during the Boer war because red tape threatened to keep him in England waiting for a billet until, as he put it, "all the fun was over," three of his sons also being at the front at the time. One might search the world over to find an individual more fond of sport and adventure. In swimming, shooting, running, riding and rowing he excels.—London Tit-Bits.

Rabbits Breed War In Australia.

The rabbit, which overruns Australia, has almost caused a civil war. In the past certain Australians made colossal fortunes by exporting millions of rabbits which they secured for nothing. Eventually, though, it became necessary for the government to find a better means of exterminating this destructive creature, for it threatened to ruin the country. A law was passed authorizing farmers to poison the rabbits. Thus the rabbit exporting companies were put out of business. They are now fighting for the repeal of the poisoning law.

Naval Cadet Exams.

Halifax, Aug. 19.—The local agent of the Marine and Fisheries Department, Mr. C. H. Harvey, announces that he has received word from the Department at Ottawa that the first examination for naval cadets will take place in November. The fees for the two years' course will be about $650. The examination is similar to the high schools.

Toronto water is so bad that they have to strain it through a ladder to separate it from the debris. Citizens take it out of the tap with a gimlet and treat it with a solution of chloride of lime and sulphite of copper to remove the germs. Any germs that are too big for this treatment they take out to the back alley and kill with a club.—Edmonton Journal.

T.A.S. Excursion

The Total Abstinence Society of the Church of the Sacred Heart will hold an excursion to Stony Lake on Labor Day.

For selling cocoa which was principally composed of sand, a canvasser named Alfred Prince has been sent to prison at Wakefield, Eng.

have responded by producing a lessened number of milk cows, a lessened number of beef cattle, a lessened number of sheep and lambs, a lessened number of hogs, a lessened quantity of butter, a lessened quantity of cheese, a lessened quantity of poultry and eggs. Even in a small matter like honey they have kept a lessened number of bees. What has been the result? The export of eggs has ceased. The export of butter has practically ceased. The export of bacon has been cut in two. The export of cheese has been reduced 50,000,000 lbs., while prices for consumption in Canada have been established on so high a basis that consumers have suffered distress, and an outcry has been raised at the high cost of living.

"Concurrent with this decrease in milk cows, beef cattle, hogs, sheep and lambs, butter, poultry and eggs, has been a reduced acreage in wheat, a reduced acreage in barley, in oats, in peas and in beans, while there has been a small increase in acreage in corn, in rye, and in buckwheat. There has been a reduced acreage in orchards, a reduced acreage in carrots and turnips, and a fractional increase in acreage in potatoes and mangles. There has been a material increase in the acreage in hay. Everything has been reduced which demands labor and intelligent discriminating effort. More extensive farming in place of more intensive farming is being adopted. The former calls for a minimum of effort, a minimum of labor, a minimum of organization, and gives a minimum return. The latter requires maximum effort with organization, expenditure, discriminating judgment and courage, which are repaid with maximum returns.

"'Why,' the writer asks, 'is there enterprise and development in every field of activity in this province except agriculture? If the manufacturer finds an enlarged market for his product, he taxes his resources, uses all the profits he can keep back from his shareholders, borrows all he can from the bank, that he may put it into new buildings, buy new machinery, use more material, employ more work people, and thus seek to take advantage of the opportunity presented to him. In adopting this course, he has to meet the competitive effort of his fellow manufacturer in the same line of business, and to accept the hazard of over-production and corresponding break in prices. What is the farmer in Ontario doing? Where profits in excess of his immediate needs are secured, he is putting them into the savings bank and receiving in return three per cent. interest. He is content to have imperfectly drained lands, to use run-out seed, to keep milk cows producing less than half the yield that good stock would produce for the same amount of feed, and to reduce his production of beef cattle and hogs. He is not careful to treat his help with consideration. He fails to put up proper houses for their accommodation and to give them facilities for home comforts, without which stability and efficiency of service cannot be secured against the lure of the town or the demand for labor from the west. He is wanting in his own field in that grasp and vision which are dominant in every other field of activity in the country. He is permitting manufacturers to borrow from the bank his savings upon which he earns a pittance of $3.00 per $100 per year, and then scolds because in the use of the very money which he, the farmer, has put into the bank in place of putting it back into his land, the manufacturer is able, through his enterprise and through the employment of a large body of labor, to make handsome returns to his shareholders.

The farmers of this and other provinces have been diverted from enterprise and have been encouraged to look for returns through agitation, frequently ungenerous and generally wrong, which has had for its key-note that farmers were being deprived by the greed of others of a legitimate [illegible] of the returns for their [illegible]. Farm journals, the press generally, and departments of agriculture, whether represented at Ottawa, at Toronto, at Winnipeg, at Regina, or in the various states in the Union, have all followed the same course and have lost sight of the fact that the farmer, like everyone else in the community, can, on the last analysis, secure results only from his own effort, supported by intelligence, sound sense and industry. When he has not had satisfactory returns, it has been chiefly because he has not brought to his problem intelligence and capacity."

WHO'S HERE AND AWAY

Mrs. J. R. Webb is visiting friends in New York.

Mrs. G. W. Wegg is visiting friends in Cobourg for a few days.

Miss Nurse, of Toronto, is a guest at the National.

Mr. S. Wheeler, of Keene, was in the city yesterday.

Mr. J. F. Johnston, of Belleville, is at the Munro House.

Mr. Robert McCaw, of Coe Hill, was in the city yesterday.

Mr. E. N. McWilliams was in Toronto this week on business.

Miss Eva Bennet returned home from Stony Lake to-day.

Dr. H. Wightman returned home to-day from a visit to Quebec.

Mr. C. T. Wilson, of New York city, was at the Munro House on Wednesday.

Mr. and Mrs. Alex. McColl, of Apsley, registered at the Munro House yesterday.

Mrs. Griffiths and children, of Toronto, are the guests of Mrs. McNicoll for a few days.

Mr. Henry Montgomery and C. H. Montgomery, of Toronto University, are at the National Hotel.

Mr. Frank Pratt of the Canadian Express Company, is spending his vacation at Keene.

Miss Lena Haddy, of Bowmanville, is the guest of Miss Mayme Thompson, 378 Stewart street.

Mr. and Mrs. W. A. Thornton returned this week from an enjoyable vacation at Point-au-Baril.

Rev. Dr. Langfeldt is the special preacher at the induction of Rev. C. H. Earle, as rector of Omemee.

Miss McGuire, of Toronto, who has been the guest of her aunt, Mrs. Bartlett, left for Toronto on Wednesday.

Mrs. Richardson and two daughters of Flesherton, Ont., are the guests of Mr. and Mrs. H. Lee, Charlotte street.

Mr. Miller, head engineer of the Quaker Oats Company, left last night on a ten days' visit to Cleveland and Syracuse, N.Y.

Miss Florence Hopkins, of Port Hope, and Miss Martin, of Toronto, are the guests of friends in the city for a few days.

Messrs. Connal and Brown, of Pittsfield, Mass., who have been residing here for the last few weeks, are in Lindsay to-day.

Mrs. John Jayes returned from a visit to Juniper yesterday. She was accompanied by her daughter, Ethel, who has spent the past two weeks at this popular summer resort.

Mrs. Thos. G. Ranton and daughter Mary, accompanied by Mrs. Jas. Sutherland, left last evening on the midnight C.P.R. for Boston, Mass. Mrs. Sutherland will be the guest of Mrs. Ranton for several weeks.

HAVE YOU REMEMBERED IT?

When packing for the country cottage, don't forget your box of Zam-Buk! Blisters, sunburn, scratches, insect stings, etc., if not immediately attended to, are likely to spoil your pleasure. Zam-Buk ensures you against trouble from these. Take Zam-Buk, instead of "taking chances"!

Zam-Buk is antiseptic; kills all poison in wounds, whether from barbed wire fence, or insect sting. Soothes aching feet and blistered hands; heals baby's chafed places; cools those sunburn patches, and prevents freckles. No mother should be without it. Purely herbal in its composition, Zam-Buk is always superior to the ordinary ointments containing [illegible] and mineral coloring matter. All druggists and stores sell Zam-Buk, but avoid harmful substitutes.

He Was Not Surprised.

"What kind of ducks are these?" asked the visitor in the ornithological department at the museum.

"Labrador," said the attendant. "We paid $1,000 for those two specimens."

"Gosh," exclaimed the visitor, turning to his wife, "he says they paid $1,000 for 'em! I've bought finer ducks for half a dollar many a time. What have you got 'em in that glass case for?" he inquired, addressing the guide again.

"Because they are about the most notable exhibit we have. Those birds were shot in 1856. Labrador ducks are now extinct."

"He says," exclaimed the visitor, turning to his wife once more, "they put 'em in that glass case because they haven't a pleasant odor. And I don't wonder at it. They were shot in 1856."

Frockheim poor rate has been increased 1d per £.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

YOUNG'S POINT

Special to Review

Young's Point, Aug. 18.—In spite of the inclement weather the garden party under the auspices of St. Aidan's church, was attended by a large number of people, and the event was one of the most successful ever held. The presence of His Lordship the Bishop and Mrs. Sweeney added to the pleasantness of the evening's gathering. Rev. Dr. Langfeldt, as Rural Dean, acted for the fourth year, as chairman. Others present were the Venerable Archdeacon Mackenzie, of Brantford; Rev. A. W. Mackenzie, of Lakefield, Rev. C. Lord, of Apsley; Mr. and Mrs. J. H. McClennan, of Peterborough, and others.

A LACK OF PRODUCTION

Open Letter From J. W. Flavelle to the Provincial Minister of Agriculture.

(From Industrial Canada)

A stinging accusation of lack of enterprise and courage has been made against our farmers by Mr. J. W. Flavelle in an open letter addressed to the Minister of Agriculture for the Province of Ontario, and published in The Farmer's Advocate and The News Toronto. The increasing cost of food products is set down to one cause, the failure of our farms to produce enough food to meet the present demand. An utter failure to appreciate the meaning or extent of the increased demand is urged against those who have charge of the Department of Agriculture. In the face of a growing market, the farmers of Ontario have been producing less and less, although in many cases the enhanced price has netted them more money in return for their less effort.

Mr. Flavelle analyzes the situation in Canada. Increased demand for cereals, dairy produce, poultry, fruit and vegetables is caused by the higher standard of living the world over. We, on this continent, are affected because of the extended markets which have in many cases the enhanced price has been opened to our farmers through the development of cold storage facilities and the enterprise of manufacturers and distributors. The chief cause of the discrepancy between supply and demand is the greatly expanding domestic consumption. Ontario has been the chief producing area for the supply of this demand, and the farmers of Ontario not only have not met the new conditions by increased output, but have actually decreased the production of every line of food products for which the demand calls. To quote from Mr. Flavelle's letter;

"New Ontario, with its mining development, has created a body of consumers, who every day take quantities of meats, butter and eggs, which reach a volume of surprising proportions considering the recent character of the development. The enlarged towns and cities in this and other provinces have greatly increased the body of consumers, who daily require the same products. The added consumption of milk and cream in these larger towns and cities constitutes a new and heavy drain upon the available supplies in their immediate vicinity. There is an army of men, all consumers, employed in railway construction from St. John in the east to Prince Rupert in the west. These men are in camps on the Transcontinental Railway, on the Grand Trunk Pacific Railway, on the Canadian Northern Railway, on the Canadian Pacific branch lines, their numbers running into startling figures, and the consumption daily of meat and other products assumes proportions which have received little attention. In the west there is an inflowing tide of immigration, which last year amounted to 150,000, and which this year is estimated at 250,000, and which during the last five years has created a great body of new consumers, requiring meats, butter, eggs and poultry for daily consumption. Moreover, it is peculiar to this western immigration that those who go on the land follow the line of least resistance and for the earlier years of their occupation give their attention chiefly to the raising of grain crops, and little or no attention to dairying, to the raising of poultry or the feeding of stock. An important percentage of them, therefore, continue to be buyers of meat products, buyers of eggs and butter, not producers. There has been the development of mining and lumber camps and large cities in British Columbia, which have established another body of consumers, demanding the same products as are required by those upon the prairies or in railway camps, or in New Ontario, or in the enlarged towns and cities in the east.

"How have the farmers of Ontario responded to this added demand? They

ATTENTION WOODMEN.

All members of Sherwood Forest Camp No. 50 W. O. W. are requested to be present at 2.30 o'clock sharp, Sunday, August 21st, at Sons of England Hall, to assist in the unveiling ceremony of a monument erected to one of our deceased members.

Visitors are expected. Head officers will be present.

It is the duty of every Woodman to be in attendance.

The public are cordially invited to be present at the cemetery to witness the unveiling ceremony.

TRADES WHISKERS FOR THREE BEERS

Pittsburg, Aug. 17.—Joseph Gosck and John Zombron are both in jail at McKees Rocks because Zombron insisted recently on collecting some of Gosck's whiskers in payment for three glasses of beer. Gosck who was thirsty and broke, came to Zombron's place and asked for a glass of beer on credit. Zombron said he would give him three glasses of beer for his whiskers. Gosck, agreed, but after getting the beer refused to part with the whiskers and a fight resulted.

The War Office is organizing bodies nication between the army corps while in the field.

HAMILTON'S MAYOR CARRIES OFF THE OSLER TROPHY

Chief Executive of the Ambitious City Makes 49 Out of 50 at 800 Yards in O.R.A. Event—Sergt. J. Guthaus Successfully Shoots off Two Ties.

Long Branch Rifle Ranges, Aug. 20.—Hamilton's mayor was one of the heroes of the final day's shoot of the O.R.A., and he divided honors for congratulation with President E. B. Osler and two others, who demonstrated superior skill and nerve in shooting off ties and winning them. President Osler was congratulated on the success of the most successful meet the association has ever held; the hand of Mayor McLaren of Hamilton was roundly shaken for his winning of the Osler match, firing ten rounds at 600 yards and scoring 49 points out of a possible 50. He gets, thereby, a cash contribution of $20. Sergt. J. Guthaus of the 43rd D.C.O.R., was the real star performer of the day as far as spectacular shooting was concerned. He had to shoot off in two ties at 200 and 800 yards, and he won both of them, with perfect scores, and bull's-eyes for sighters. It was a very remarkable display of nerve.

Calmly picking up his paraphanelia, Guthaus walked over to the 800-yard range, and dropped to shoot off another tie in the "Great West" tobacco match. This time he was up against Lieut. A. M. Blackburn of the 90th Winnipeg, and Lieut. Meiklejohn of the 43rd D.C.O.R. Meiklejohn's target appeared first and he plumped in an "inner" (4) for a sighter. Blackburn followed up with a 4. Guthaus still lay there and everybody held his breath when the rifle cracked, lest the excitement of his previous stunt had taken his nerve. But a white disc came up. "Sergt. Guthaus, sighting shot, bull's-eye, fire"; announced the register keeper. Then came the announcement of a bull's eye on all three targets and the three broke away even. The next volley was almost simultaneous. Guthaus scored a bull's-eye, and the others got "magpies." It was all over. Blackburn got two more bulls and fell down to an inner on his last shot. Meiklejohn scored another "magpie," and two inners. Guthaus kept on making bulls. He gets a cup valued at $20 for 200-yard extra series; Sergt. Wright gets $15, and Sergt.-Maj. Utton $12. In the "Great West" match Guthaus gets the value of $20 in tobacco. Lieut. Blackburn gets $15 cash, and Lieut. Meiklejohn gets $12.

Pte. J. M. Jones of the 13th Royals (Hamilton) won the shoot off in the 600-yards tie for the "Canadian Club" individual prize against Corpl. H. Whitehorn, 10th Royal Grenadiers. The scores were 23 to 22. Both finished and started with three bull's-eyes, and started out with inners.

Another very keen match for breaking a tie was between Lieut. W. A. Morris of the 18th Mounted Rifles, Winnipeg, and Sergt. D. Spence of the 19th Alberta Mounted Rifles, in the Duke of Cornwall and York match at 800 yards. Spence missed the target altogether in his first shot on score after getting an "inner" for a sighter. Morris made a bull for a sighter and followed it with five more. The cheer that went up was spontaneous and hearty, President Osler and Lt.-Col. Macdonald rushed forward and grasped Morris' hand.

The team of the Governor-General's Foot Guards, Ottawa, won the Gzowski Cup for skirmishing with 409 points out of a possible 1,250.

The revised list of the "all comers' aggregate" shows Lt. Forster of Ottawa the winner, with 264 points out of 280. Lieut. Forster of Ottawa also won the Tait-Brassey match with 102 out of 105 and the extra series at 500 yards. The former gets him $20 cash and the latter $25.

Chief of the Boy Scouts

General Baden Powell

The hero of Mafeking and founder of the Boy Scouts, who will open the Canadian National Exhibition, Toronto, this year is known wherever the British flag flies. On Inauguration Day, Tuesday, Aug. 30, he will hold a grand review of the Boy Scouts in front of the Grand Stand. About 1700 of the Scouts will be encamped on the Exhibition Grounds.

WILL BE NO STRIKE

Toronto Street Car Men Will Accept Report of Board—Will Receive Increase of a Cent an Hour.

Toronto, Aug. 20.—The threatened street car strike, which it was feared would tie up Toronto's traction lines during the Exhibition was averted early this morning after a four-hour session of the Union in the Star Theatre. At 4.15 a standing vote was taken and the men unanimously decided to accept the award of the conciliation board, which was issued late last night. Although the award is scarcely to the liking of the younger men it was decided not to attempt to tie up the city at so inopportune a time. To-day Toronto breathes easily again.

"The strike is averted," declared Judge Barron, when the conciliation board emerged from its deliberation last night. "It has been a hard battle, but an agreement has been reached between the representatives of the company and the men."

He then handed out for publication the report of the board which favors a general increase of wages, but much less than the men had demanded. The ultimatum of the union was for an increase of from four to six cents an hour, recognition of the union, rearrangement of working hours and several minor points. The report gives an increase of a cent an hour all around except in the case of third year employes, where a cent and a half is granted. Recognition of the union is denied and the working hours are modified considerably to meet the demands.

TWO YOUTHS MEET WATERY GRAVE IN LAKE SIMCOE

James Grange, Aged 19, and Ivan Clarke, Aged 21, Are Victims of a Capsized Canoe off Jackson's Point—Both Fine Swimmers.

Jackson's Point, Aug. 20.—James Grange, aged 19 years, son of Dr. E. A. A. Grange, V.S., principal Ontario Veterinary College, living with his parents at 644 Huron street, Toronto, and Ivan Clarke, aged 21, son of Fred Clarke, 635 Huron street, both of Toronto, were drowned in the chilling water of Lake Simcoe, about 150 yards from shore, at 6.30 last night.

The young men were intimate friends and were out canoeing at the time the accident happened, and as far as known there were only two eye-witnesses, Mrs. De Gruchy and her little son, the tragedy happening at a time when most of the cottagers were at their evening lunch.

All day a cold wind had blown over the lake, and the waters were regarded as dangerous for canoeing, and few boats were out during the afternoon, but Grange and Clarke, especially the former, were strong swimmers, and adepts in the handling of a canoe.

The young men were at either end of the canoe, and in their efforts to steady it, the frail craft upset, throwing both in the water. Clarke at once sank, and Grange, in attempting to rescue him, was dragged under and did not again come to the surface.

At the place where the accident happened the water is about 35 feet deep. An alarm was at once raised, and attempts made by diving to reach the bodies, but these were unsuccessful, and finally Gordon Cameron and F. G. Kritzer, two local men, attempted, with the aid of drag nets, to recover the bodies, but the rough condition of the water rendered work extremely difficult. At 9 o'clock the men engaged in grappling ceased work, but later, with a better outfit, it was resumed.

Word was immediately sent to the families of the two young men. This is the first fatality at Jackson's Point so far this season, and the cottagers have been congratulating themselves on their immunity from drowning accidents. The young men were extremely popular among their immediate friends in the city and likewise at the "Point," where they, with the other members of the family, had been summering, Grange and Clarke remaining behind for a few days after the other members had left for the city.

Mait Aykroyd of Toronto may go up to-day to assist in recovering the bodies.

GIRL MARRIED IN HER NIGHTGOWN

Atlanta, Ga., Aug. 18.—Arrayed in only her night gown and stockings, Miss Columbia was married early Tuesday morning to Guy Buchanan.

Buchanan and Miss Cheek had been engaged, but the girl's parents opposed the match. Monday night Miss Cheek's parents learned the lovers had planned to elope and locked the girl in her room, after taking away her clothing.

Buchanan heard of his sweet heart's predicament and went in an auto to the Cheek home. By throwing pebbles against her window, he attracted the girl's attention and found her willing to elope, though she admitted her trousseau consisted of a night gown and a pair of stockings. Miss Cheek descended from the room by means of a ladder and was placed in the auto and hurried to the Baptist church. Rev. W. J. [illegible] the couple.

STRENGTH OF METHODISM

Members and Ministers Increase But Class Leaders Are Fewer.

Victoria, B.C., Aug. 20.—A report presented to the General Methodist Conference gave the following figures about the Church in Canada:

Total church membership	340,000
Number of ministers	2,580
Local preachers	58[illegible]
Class leaders	664
Preaching appointments	5,34[illegible]
Sunday schools	3,590

The increase in the Church membership for the quadrennium totals 22,374. There are 381 more ministers, but there is a serious decrease in the number of class leaders and local preachers.

No session of the Methodist Conference since Monday has been so breezy as when the itinerancy committee reported yesterday. They recommend practically an eight-year term for any pastorate, provided there is a two-thirds' vote of the quarterly board [illegible] on their feet for amendments and speeches. The conference went decidedly for the four-year term. Dr. Speer, Rev. John Locke and Dr. Burns pleaded for lengthening the term. Mr. Forther held that the arrangement at prsent made was for the peace of the church and that there was no general demand for a change. Dr. Burns held that better work could be done on a longer term, that large churches demanded it, and that much of the opposition to the change came from men who themselves were occupying offices of unlimited tenure.

LATE TICKS FROM WIRES

Forest fires are spreading in Montana.

Mayor Gaynor passed another comfortable day.

The cholera epidemic is steadily increasing in Italy.

Fifteen German soldiers were buried by an explosion of dynamite.

Sir Wilfrid Laurier and party sailed from Victoria for Prince Rupert.

A man named Butler was struck by a G.T.R. [illegible] car near Waubaushene [illegible].

Some Hamilton people are removing their children from the city to escape infection from infantile paralysis.

The Democratic State Committee of New York last night voted to hold the state convention at Rochester on Sept. 29.

Zingano, an Italian keeper of a beer saloon at Cobalt, was shot in the arm by unknown parties during a row in his place.

A prisoner named Wells, arrested near Palmerston for horse-stealing, escaped from the constable while being driven to jail.

The United States Census Bureau announces the population of Detroit, Mich., as 465,766, an increase of 180,062, or 63 per cent. as compared with $285,704 in 1900.

NO FAITH IN ARBITRATION

Sydney, Australia, Aug. 20.—The Minister of Defence and Peace passed the second reading of the defence bill in the Senate. It has fully adopted Lord Kitchener's scheme, and when fully operative will provide 127,000 men, at a cost of $10,000,000.

Hon. Mr. Pearce attacked those who placed faith in arbitration, and said Australia would refuse to arbitrate about the Asiatic exclusion matter. It must be prepared to maintain its own laws against attack.

He said: "If anyone asked why the labor party is especially keen on military matters, the answer is that that party's proposed social and industrial reforms require freedom from disturbance, which they must effectively secure. To do this all means that defence must be the very best. "There must be no makeshifts, but the margin must be on the side of safety."

ARE WITH ROOSEVELT

Negro Business Men's League Pledges Itself to Support Him.

New York, Aug. 20.—The support of the negro electorate of the United States for a possible third term was pledged to Col. Roosevelt yesterday by the 1,100 delegates to the National Negro Business Men's League, in convention here.

The endorsement of the former President came after he had addressed the delegates on the opportunities for advancement open to the colored race in this country, and as the climax of an earnest and eloquent eulogy of his conduct in office by Bishop Clinton of this city.

Recalling the words of the former executive, that he would not be one "to close the door of hope in the face of a man because his skin happened to be black," Bishop Clinton expressed the gratitude of all negroes for the encouragement which this attitude of the then President had given to his race, and closed by assuring Col. Roosevelt that whatever "promotion" in public life he might seek, he would always find the negro element solidly allied in his support.

The cheering which greeted this declaration had hardly abated when Booker T. Washington, chairman of the meeting, advanced to the front of the platform and urged that all in sympathy with the sentiment expressed by Bishop Clinton rise to their feet.

The entire assembly rose amid renewed cheering.

'TWAS ALL FOR LOVE

Buffalo, Aug. 18.—On the steamer Eastern States, which arrived from Detroit this morning, was George Mulligan, the millionaire's son, who was cast off by his father because he married a chorus girl in opposition to the wishes of his family, is doing the work of experienced electrician now. Mulligan shipped as an iron oiler on the big passenger boat a day before. When he started he knew practically nothing of the work. But at the present time he is second electrician. He received this solely on his merits and because he has shown the ability to learn and remember and can do the work satisfactorily.

EMPLOYES SWINDLED COMPANY

Omaha, Neb., Aug. 20.—Half a dozen conductors and one train agent have been discharged by the Chicago, Burlington & Quincy Railroad as the result of an investigation which reveals the fact that the company has been defrauded out of many thousands of dollars. The ticket agent, it is said, would sell a ticket for a certain train, give the number of the ticket to the conductor of that train, who, instead of punching the pasteboard, would return it to the ticket agent without making a report to the company. The agent would put the ticket on sale again.

Boston, Aug. 20.—Two more arrests were made yesterday in connection with the alleged wholesale thefts of wool from the Boston & Maine Railroad and various Massachusetts woollen mills. It is alleged that the wool thefts will aggregate $50,000.

LORD ROBERTS' CADETS ARE AT OTTAWA

Ottawa, Aug. 20.—Lord Roberts' Cadets arrived in Ottawa yesterday afternoon from Montreal, to remain here for the D.R.A. meet. There are ten boys from the British Isles and two from New Zealand. These boys were high scorers in special matches arranged at Bisley, at which a party of cadets were chosen to visit Canada.

They were taken by special car to Rockliffe, where they wil remain encamped during the meet.

CHILD EATEN BY VICIOUS DOGS

Halifax, N.S., Aug. 20.—The officers and crew of the steam yacht Surf, which was in North Sydney on Wednesday, and was lately cruising on the Labrador coast, report that the dogs in that country have become very wild and some of them are very dangerous.

Dr. Mulligan of the Surf tells of a case where a little child was eaten alive by dogs before any assistance could be given to the child.

The cause of the dogs being so cross is said to be on account of lack of food on the coast.

FAMILY PARTED FOR 52 YEARS

Marion, Ohio, Aug. 20.—Three sisters and a brother met here yesterday for the first time in 52 years, having been separated by misfortune in childhood. They met by appointment at the home of Mrs. Theodore Ireland, one of the sisters, another sister, Mrs. Jane McWhorter, coming from Santa Barbara, Cal.; another, Mrs. Margaret Glendenning, from Hale, Mich., and the brother, Joseph Collison, from Houghton, Canada.

CATTLE STARVED FOR 65 HOURS

Toronto, Aug. 20.—Mr. Marshall H. Brown, general freight agent of the Canadian Pacific Railway Co., was charged before Magistrate Denison yesterday with violating the law as to the transportation of cattle.

On July 21st last, P. C. Craig, who was stationed at the Western Cattle Market, noticed twenty-five head of cattle arriving in a shocking condition. Making enquiries, he found they belonged to Mr. W. H. Smith, of Holstein, and were in transit from Winnipeg to the purchaser's farm. Probing further, he found that the unfortunate animals had been last fed and watered at White River, on the morning of July 18th, and had therefore, been without food or water for sixty-five hours.

Mr. Smith was called as a witness, and testified that he had attempted to feed them en route, but had been prevented by the company's officials.

The case was adjourned, to allow the proper official to be charged. Magistrate Denison suggesting that if no one else could be found, Sir Thomas Shaughnessy might be summoned.

Oldest Oddfellow Dead.

Cincinnati, Aug. 20.—Edward Vickers, aged 96, who was claimed to be the oldest Oddfellow in the United States, is dead at his home here. He joined White Water Lodge, at Richmond, Ind., in 1847.

Engineers Asking for Higher Wages.

Chicago, Aug. 20.—Engineers on 62 railroads west of Chicago are to make demands upon their roads for wage increases ranging from 15 to 18 per cent.

WAS SHIP SUNK BY A WHALE?

Philadelphia, Aug. 20.—A seven years' mystery of the sea may be solved through a mishap to the German steamship Pallanza, which struck a whale at sea, nearly cutting the mammal in two and disclosing a harpoon believed to have been used by the little whaler James T. Duncan, which was lost in 1903, having sailed from Halifax, N.S., with a crew of seven men.

"I think it is perfectly safe to say that the Duncan drove this weapon into the whale and in the struggle which followed was sunk by a blow from the infuriated monster's tail," says Capt. Fendt. "You'd think so, too, if you had seen that whale die."

INSULT SPANISH GOVERNMENT

Madrid, Aug. 20.—The Spanish Government has instructed Marquis De Gonzales, secretary of the Spanish embassy to the Vatican, who has been in charge of the embassy since the recall of the Spanish Ambassador, to call attention of the Holy See to the violent sermons being delivered by Roman Catholic priests in Spain.

The sermons, according to the note of instruction to Marquis De Gonzales are "insulting to the Spanish Ministers and inflaming the passions of the people."

TEN THOUSAND DIE IN ONE WEEK

St. Petersburg, Aug. 20.—One week's cholera record for Russia shows 23,344 new cases of cholera and 10,725 deaths, bringing the total number of cases in Russia this year to 112,935. Of these, 50,287, or nearly half, have died, the exact percentage of mortality being 44.5.

Mrs. Prosser Free.

Libby, Mont., Aug. 20.—"Not guilty," was the verdict yesterday of the jury in the case of Mrs. Vera Prosser, charged with shooting and killing her husband, Reese Prosser, in a Great Northern train, June 1. The verdict was reached after 15 hours' deliberation.

Baroness Vaughan Weds.

Paris, Aug. 20.—Baroness Vaughan the morgantic wife of the late King Leopold of Belgium, and Emmanuel Burieux, a retired merchant living at Neuilly-sur-Seine, were married at Arronville. A large crowd gathered and sneered and annoyed the bride.

VACCINATION ORDER MUST BE ENFORCED

Brantford, Aug. 20.—Dr. McCullough of the Provincial Board of Health, notified Mayor Wood here yesterday that the vaccination order would have to be more rigidly enforced, otherwise the provincial board would take drastic action. A quarantine for the city was suggested.

Local authorities deny the urgency of any such step, as only two cases have been reported in the last two weeks, and the outbreak seems to be well in hand. Dr. Bell of the provincial board will visit this city.

AMATEUR ACROBAT BREAKS HIS BACK

Montreal, Aug. 20.—A curious accident happened last night at a small amusement place on St. Lawrence street, called New Park, Thomas Michaud, a spectator, after watching a trapeze performance, was unwise enough to try to imitate the performers. He was permitted to climb up the apparatus and, after making several awkward attempts, fell 20 feet to the ground, breaking his back. He is not expected to recover.

MACKENZIE BASIN SPLENDID LAND

Ottawa, Aug. 20.—"At every point we touched at from Edmonton north, as far as Fort Good Hope, which is within sixteen miles of the Arctic circle, vegetables were grown, and grown successfully," said Hon. Frank Oliver, in the course of an interview as to his overland trip to Dawson City. "There is a good crop every year I am told.

"Spruce of a splendid size grows on the Mackenzie Delta, suitable for sawing, and not at all of the stunted growth one might expect to find in the north. The Mackenzie is a beautiful river, two miles wide, with gravel banks, and the country all along it looks well.

"A large area of the north country will have to be reclaimed and cleared, but in so far as climatic conditions are concerned, it is worthy of the closest attention as a field for settlement."

NOTED DUELIST ENDS HIS LIFE

Venice, Aug. 20.—Count Ferrucio Macola, victor in the most sensational duel of fifty years in Italy, killed himself with a revolver yesterday. His friends say he was hounded to death by the adherents of Felice Cavallotti, poet, dramatist, publicist and radical leader. In March, 1898, Cavallotti, who had fought 35 duels, forced another combat on Macola, following a dispute in the Chamber of Deputies, of which both were members, and was killed.

Three Suicides and One Attempt.

New York, Aug. 20.—On hearing that her husband, Louis C. B. Bauduy, a real estate agent, formerly of St. Louis, had shot and killed himself in a hotel at Mamaroneck, Mrs. Leonie Violet Bauduy, his third wife, from whom he was separated, attempted suicide early yesterday by drinking carbolic acid. Bauduy's two previous wives committed suicide.

TRY A REVIEW WANT AD.

CADETS FOR CANADA'S NAVY

Ottawa, Aug. 20.—Parents must be British subjects. Candidates must have lived in Canada two years. They must be between 14 and 16. They must bind themselves to serve in the Canadian navy, and not decide to use the Naval College as a step to other professions.

These are the chief stipulations as to naval cadets, examinations for which will be held by the civil service commissioners in October. The first thirty boys on the list will be given cadetships if they can pass the physical examination. The course at the Naval College will cover two years and will cost $700. Thereafter the boys will be midshipmen and draw pay.

TRAIN WRECK INJURES THREE

Buffalo, N.Y., Aug. 20.—Passenger train No. 52 on the New York Central, from Suspension Bridge to Buffalo, was wrecked early yesterday when it collided with a light engine at the approach to the international bridge. Three persons were injured including Alfred Thomas, aged 24, conductor, St. Thomas, Ont., serious, and Simon Putney, aged 25, fireman, Bridgeburg, Ont. Failing to observe signals is said to have caused the wreck.

St. Lawrence Getting Low.

Montreal, Aug. 20.—The depth of the water in the channel is beginning to cause some uneasiness amongst the shipping men. It has been steadily falling for the past two months, and if it goes on falling at the same rate for the next few weeks, it is possible that none of the bigger vessels will attempt the trip up the river, but will stop at Quebec.

METHODIST MOVE ON SYSTEM

Methodists may make a change. The parsons are now stationed for four years. It may be made eight. That will be good news for the parsons—some times. It will also be good news for the individual church.—sometimes. But when a dead parson, whose face is as long as his prayers, gets into a church of live ones, its apt to be interesting—for the parson, and when a live parson gets into a church of dead ones, its liable to get too interesting to the dead ones. The "move on" system in the Methodist church is not without its good points.

OUT AFTER DARK

There is a paper in Owen Sound whose editor announces that he will publish the names of all under sixteen who are out on the streets late at night. He is in danger. Some little girl's big brother will come up and wipe the floor with him. Why publish the name of the youngsters, put in the names of the parents who allow them to run at night. It's strange how father and mother will allow their sons and daughters to run. Then they wonder how it is he turns out so badly. Mother never can understand how her daughter was led astray. Well mother it wasn't when the sun was shining. Keep your children in the house after dark and you'll save yourself many a sorrow and your youngsters many a sin.

ANOTHER CHURCH FOR PETERBOROUGH

Another church has been added to Peterborough's already long list. Last night, amid scenes of great enthusiasm, the Free Methodist Church was formally opened. This with the Salvation Army Temple makes 16 places where people may receive at least food for thought. [illegible] is a return to the days of John Wesley religion, so they say. They have no choir and no organ. They have no ornaments in the church, no mottoes either. All is plain. They believe not in being popular, but being holy. Now these people are on the right trail. With 16 churches in Peterborough for the purpose of making men and women good, there should be little sin here. But half of them are only playing at religion. One live, consecrated church, on fire could revolutionize the town. The result of the Free Methodists' work will be awaited with interest.

HIS SURPRISE

Speaking of night dresses as referred to in another column. There is a man in Peterborough whose work takes him away seven days a week early. He does not return till late at night. His wife is always in bed. But the other night he was startled as he came in to find her in her Sunday clothes.

"Why the glad rags?" he asked.

"Oh darling, it is so many weeks since you saw me dressed up, I thought I'd let you see how I looked that way. Then they retired.

Women sometimes wonder why it is that their husbands are not quite as loving as they once were. Are they to blame. Before they were married they never saw him unless they were were arrayed in their best. They dress in any old thing now around the house and come to the table with their sleeves rolled up and their hair askew and in a waist that oftimes is shabby. Hubby notices these things.

Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. *New pamphlet mailed free.* The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

SWAT THE FLY

From the Vancouver Province.

Ottawa is ambitious to be a city upon which no fly will light with impunity. A "swat the fly" campaign has been inaugurated, and the citizens are making a vigorous war against this dangerous and troublesome pest.

However the Board of Health of Peterborough have no such ideas.

HER ROMANCE

Now comes the story that Florence Nightingale and William Shore were engaged, but, being cousins, could not marry. So, from sorrow sprung the lovely life; a sorrow lost in abundance of good deeds. Many lives, whose days are spent in usefulness, know best the sorrow and the anguish. In many a hospital is the nurse who, disappointed in love, in ambition, resolved upon that noble profession—that of nurse.

Does he impress you? He has sorrowed deeply. Does she impress you? Her heart has known grief well. It isn't the joyous ones we turn to in the time of trouble. It's the ones who have been through the fire.

OOTS AND TOOTS

In this paper are two stories showing that love will find a way. One is the tale of a girl who escaped from a ladder in her night-dress and stockings, was hurried to a minister's in an automobile and married. The other was that of a millionaire's son who was cut off and is working in the ranks of toilers because he married a chorus girl. It's no use trying to head it off. If Oots loves Toots and Toots loves Oots, they will find a way to get together. We prophesy that the girl will be asked to come home and take off her night-dress and put on her clothes. We also believe that the young man will also be asked to come home, and that the chorus girl will yet win her way into the old man's heart. The course of true love never runs smooth.

KEEP YOUR HATS ON GENTLEMEN

When Rev. Dr. A. F. Winnington Ingram arrived in Hamilton yesterday he was met by Bishop Dumoulin at the station, for Bishop Winnington Ingram is one of the greatest forces in the Anglican Church in Great Britain. With the Hamilton Bishop were a lot of lesser church fry. They immediately did the lift the hat act, but this democratic church lord from over the sea said, "Keep your hats on, gentlemen; you might get sun struck." Bishop Ingram is one of the submerged tenths friends. He sees good in every man, in every human being, and down into the depths of London he goes, loving and being loved, rescuing and helping the friendless. Is it any wonder he looked down into the hearts of the hat lifting bunch at the station and told them politely he did not court flattery.

Hats off to no one, no matter how rich or great. Hats off only to the ladies.

HOW OTTAWA DOES IT?

They have got a good publicity commissioner [illegible] is his name. Baker was up against a stiff proposition a few years ago when he formed the 20,000 club in Portage la Prairie. Portage simply refused to grow. It has the portage plains, and Baker worked all the wires but poor Portage seems doomed to remain the same forever and ever amen.

He went to Fort William and Ottawa saw that he was a live member of the human race and nabbed him. This tells the story.

"All records for promptness in financial transactions were splintered into smithereens this morning when his Worship Mayor Hopewell, of this city, handed me that cheque for $10,000 for the use of the Publicity Bureau of the city of Ottawa. The cheque was received by me at fifty-nine minutes thirty seconds past ten o'clock eastern time, and the cheque was deposited safely in the bank by me at one minute past eleven o'clock."

In a spasm of jubilance W. G. Baker, new Publicity Commissioner for this city, announced the above facts to the Journal this morning.

Now, what are we doing towards publishing Peterborough? Are we boosting the town, or, are we a live member of the anvil chorus; Knock less, boost more.

PROMISING MUCH

Sir Wilfrid Laurier has reached British Columbia at last, after a decidedly strenuous tour through the prairie provinces of the west. Permanently domiciled in the east, the premier knows pretty well what the feeling of easterners is on the subject of the tariff; as he passes through the prairie provinces he learned something of the attitude of the western farmers, who are in a large majority and now that he is in the western coast province he is finding out what British Columbians think—all on the same subject.

It is quiet evident from the replies given by Sir Wilfrid to the various interests that addressed him, that it is the intention of the Ottawa Government to do something with the tariff rather sooner than later. If they were to follow the advice of the westerner farmers they would cut it down to the vanishing point. British Columbians on the other hand are after higher duties in some instances, and there seems to be no call from that part of the Dominion for reduction. In eastern Canada it is generally admitted that there is room for revision, but no call such as that from the west for wholesale reduction.

Because of what it has accomplished and for what it may yet do for the country, the Spectator strongly favors a continuance of the protective tariff policy of the Macdonald Government for Canada. Self-preservation is admittedly the first law of life for the individual, and it should be no less so for the nation; and situated as Canada is we are firmly convinced that for the sake of her future national well-being she can devise no better safeguard than this same protective tariff policy. And we are convinced, also, that despite his natural leaning to free trade principles, Sir Wilfrid Laurier, with the knowledge that has come to him after years in power, is of the same opinion, no matter how distasteful the dose may be to him.—Spectator, Hamilton.

SIDE LIGHTS

THE REPORTER'S ENVOY.

Berton Braley, in Puck.

When earth's last paper is printed,
and the forms and the metal are cold,
When the newest scandal is ancient,
and the latest extra is sold,
We shall loaf—and, Lord, how we need it!—with nothing at all to do
Till the boss of the perfect paper shall call us to work anew.

And then we shall work as we'd like to, each on his own machine;
And the truth shall be in our copy and nothing shall intervene;
We shall write real stories about them—beggar and millionaire—
For an editor keen and fearless, a paper that's on the square.

We shall work in a rush and a hurry, for that is the goodly Game,
But we shall not dig in the gutter for stories of filth and shame;
And the copy-readers above us shall leave our "features" alone.
And the stories that fill the columns we shall recognize as our own!

We shall have no fool assignments, on cruel missions of pain,
To torture the broken-hearted or blacken the sinner's stain;
We shall scoop and be scooped a-plenty, we shall love the flurry and noise,
We shall fight with the business office and fuss with the copy-boys;
But each of us shall be human, and each of us shall be free
To write the thing as he sees it for the Paper That Ought to Be.

STONE WALLS.

Two From J. L. Lewis, Hamilton Herald.

"Stone walls do not a prison make nor iron bars a cage."—Gunner Moir and Robert F. Taggart.

If it could only be said that the eggs sold on the Central market were like all those corner stones—well and truly laid.

REAL SOLICITUDE

Orillia News-Letter

Husband—You are quite comfortable, dear?

Wife—Yes, love.

The cushions are easy and soft?

Yes darling.

You don't feel any jolts?

[illegible]

And there is no draught on my lamb, is there?

No, my ownest own.

Then change seats with me.

SCHOOLBOY'S SMART RETORT

Found Floating

The children in a Scottish school were being examed in scripture knowledge. "Can any boy or girl here tell me," asked the inspector, "how Noah would be likely to use his time while on the Ark?" "Please, sir he wad fish," said the boy. "Well yes he might," admitted the inspector.

Presently another little fellow was seen to wave his hand excitedly and on being asked to speak said: "Please he couldna fish verra long."

What makes you think so?" asked the inspector.

"Because there were only twa worms in the Ark."

FRENCH CONVICTS

(New York Sun)

French convicts it is often said in France, are far to well treated in Guiana and other penal settlements, but the good treatment certainly does not begin with their transportation to their new home.

Five hundred have just left on the transport 'Loire.' Chained two and two to each other the prisoners are taken from the old citadel in the Ile de Re, near Rochelle, marched to the pier and placed on barges which take them to the board. Once aboard they descend to the iron cages or bagnes separated from each other by passages in which are seamen fully armed.

Bread is distributed every morning, and twice a day a party ascends to the deck with vessels which are filled with provisions at the rate of twelve portions in each. Sometimes the food is codfish cooked with rice, sometimes bacon with potatoes or beans or lentils. The pans having been brought down to the cages the convicts devour their contents.

In fine weather when the transport is well away from land, parties of a hundred at a time are allowed on deck for half an hour. Hammocks are served out in the evening, slung to the ceiling of the cage and the convicts get what sleep they can.

As many of these men are desperate criminals, great precautions are taken on board to keep them in order. Four guns loaded with grape stand in readiness to suppress any attempts at revolt, and when they are permitted on deck a hose connected with the boilers is within reach of the sailors on guard.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

The Lure of the Mask

By HAROLD MAC GRATH

Copyright, 1908, by the Bobbs-Merrill Co.

Giovanni looked down. "The signor told me never to speak of that again."

"So I did," replied Hillard. "But all is changed now.

"Go back to your hills with your daughter and leave vengeance in the hands of God. Forget this man who has wronged you. Forget."

"If he does not cross my path and [illegible] ly to forgive and forget. I promise not to seek him."

The old man went down to the street with them. They were so kind. He hated the thought of losing them. They waved their hands cheerily and vanished from sight. They never saw Giovanni again, yet his hand was to work out the great epoch in Hillard's destiny.

CHAPTER XV.

THE ARIA FROM "IL TROVATORE."

"SHALL we take a look into the Campo Formosa again tonight?" asked Merrihew, stepping into the gondola.

"It will be a waste of time. Bettina will have warned them. What's the Italian coming to, anyhow? She refused a hundred francs. But I can see that Mrs. Sandford had a hand in this latest event. She has probably written that we might look for them in the Campo."

"All right. We'll listen to the music," grumbled Merrihew. He wanted to find Kitty right away. Hillard's indifference annoyed him.

"To the barges of the troupes!" said Hillard to Achille.

In the great canal of San Marco the scene was like a water carnival. Hundreds of gondolas, with bobbing lights, swam slowly round the barges of the serenaders, who, for the most part, were fallen operatic stars or those who had failed to attain those dizzy heights.

What was that? Hillard was no longer lethargic.

From a gondola on the far side of the barge, standing out of the press and just beyond the radiance of the lanterns, came a voice which had a soul in it, a voice which broke into song for the pure joy of it—clear, thrilling—a voice before which the world bows down. The prima donna in the barge was clever; she stopped. The tenor went on, however, recognizing that he was playing opposite, as they say, to a great singer. Hillard's heart beat fast. That voice! There could not be another like it. And she was here in Venice!

"Quick, Achille!" for the far gondola was heading for the Grand canal.

Merrihew understood now.

"Follow!" commanded Hillard. "Ten [illegible] alongside that gondola. Can you see the number?"

"It is 152, signor—Pompeo. It will be a race."

At each stroke Merrihew swung forward his body. The end of the race came sooner than any one expected. A police barge nosed round an ell. By the time Pompeo was off again the ferrule of the pursuing gondola scraped past Pompeo's blade. Pompeo called, and Achille answered. There was a war of words, figure of a dog, name of a pig. Achille was in the wrong, but 10 lire were 10 lire.

Hillard caught the gondola by the rail and clung. The race was over.

"Signorina," said Pompeo, boiling with rage, "shall I call the police?"

"No, Pompeo," said his solitary passenger.

"To the Campo, Pompeo. Mr. Hillard, will you kindly follow? I would speak to you alone, since there is no escape."

The way to the Campo Formosa was made without further incident.

The gondolas became moored. Hillard jumped out and went to assist La Signorina, but she ignored his outstretched hand.

"What is it you wish?" she asked.

"One look at your face," he answered simply.

She slowly removed the veil. Then, for the first time, he looked upon the face of this woman who had burdened his dreams. The face was not like any he had conjured. It seemed to him that Vecchio's—Paola Vecchio's—Barbara had stepped down from her frame—beauty, tranquil, flawless beauty. A minute passed. He was incapable of speech; he could only look.

"Well?" she said in the same expressionless tone.

"Let us begin at the beginning," he replied.

"Since this is to be the end."

"Why did you permit me to dine with you that memorable night?"

"A regrettable impulse."

"And why, after all had come to an apparent end—why did you send me that mask?"

"It is unanswerable. Truthfully I do not know."

"Who is that man—the Italian with the scar?"

"I will not answer that."

"'A lady? Grace of Mary, that is droll!'"

"Why do you say that?"

"I am only quoting the man with the scar. Those were the words he used in regard to you."

"Perhaps he is right. Perhaps I am not a lady according to his lights." But she laughed.

"Do not laugh like that. What you are or have been or might have been to him is nothing to me. Only one fact remains clear, and that is I love you."

"No, Mr. Hillard, you are only excited. I may be a fugitive from the law."

"I do not believe it."

"There may be scars which do not show," she faltered—"in the heart, in the mind. I am sorry, terribly sorry. Heaven knows that I meant no harm. Forget me!"

"Forget you! Tell me what prevents friendship between us."

"You say you love me. Is that not answer enough? Give up all idea, all thought, of me. You will only waste your time. Come, is your love strong enough to offer a single sacrifice?"

"Not if it is to give you up. Oh, do not worry about persecution! I shall only seek to be near you."

"Good night," she said, "and goodby!" She wound the veil round her face, took half a dozen steps, halted and turned, then went on into the dark.

* * * * * * *

The Villa Ariadne rested upon a small knoll half a mile or more north of and above Fiesole, from which the panoramic beauty of Florence was to be seen at all times, glistening in the sun, glowing in the rain, sparkling in the night.

Life ran smoothly enough at the Villa Ariadne. La Signorina at the very last moment surrendered to the entreaties of Kitty. She agreed not to pass herself off as the princess. Among themselves each played the role originally assigned. La Signorina seemed to enjoy the farce as much as any one. It was a great temptation not to steal a look into the marvelous chests and sideboards, bulging as they knew with priceless glass and silver and linen and laces. But La Signorina each day inspected the seals and uttered solemn warnings.

They had now lived in the Villa Ariadne for two weeks, a careless, thoughtless, happy go lucky family.

Today was warm and mellow. On the stone bench by the porter's lodge hard by the gate sat the old Florentine and O'Mally. From some unknown source O'Mally had produced a concierge's hat and coat, a little moth eaten, a little tarnished, but serviceable.

"Pietro," said O'Mally, "I've got an idea. If any tourists come today I propose to show them around the place."

Pietro's eyes flashed angrily. "No, no! Mine, all mine!"

"Oh, I am not going to rob you! I'll give you the tip. What I want is the fun of the thing."

Pietro understood. That was different. If his excellency would pay over to him the receipts he could conduct the tourists as often as he pleased.

They shared a flask of wine.

The porter's bell rang loudly.

"Tourists!" whispered O'Mally. He settled his cap on straight and went to the gates. A party of five Americans stood outside—two men, two women and a girl.

"This is the Villa Ariadne?" asked one of the women.

"It is," said O'Mally, touching his cap.

"He speaks English!" cried the woman, turning joyfully to the others. "We wish to see the villa and the park."

"The villa is now occupied, signora," replied O'Mally, "but you are permitted to see the park and gardens."

"How much?" asked one of the men.

"Cinquanty," said O'Mally, then correcting himself, "for each person."

"Ten cents? Two lire fifty? Why, this is downright extortion!" declared the woman.

O'Mally gave vent to a perfect Italian shrug and put a hand out suggestively toward the gates.

"Oh, come, dear," protested one of the men wearily, "you've dragged us up here from Fiesole, and I'm not going back without seeing what's to be seen!"

Solemnly Pietro watched them pass, wondering what the terms were. O'Mally led the party to the fountain.

"This," O'Mally began, with a careless wave of the hand, "is the famous fountain by Donatello. It was originally owned by Catherine d'Medissy. The Borgias stole it from her, and Italy and France nearly came to war over it."

"The Borgias?" doubtfully. "Were these two families contemporaneous?"

"They were," scornfully.

The quintet consulted their guidebooks, but before they had located the paragraph referring to this work O'Mally was cunningly leading them away. He passed on to the antique marbles, explaining how this one was Nero's, that one Caligula's, that one Tiberius'. He lied so gracefully that the tomb of Ananias must have rocked.

"Do you know," said the woman, who had not yet spoken, "you speak English with an accent I do not understand."

O'Mally shivered. Was she going to spring dago on him? "I am an Italian," he said solemnly. "I was born, however, in County Clare. My father and mother were immigrants to Ireland."

"Ma," whispered the girl, "ask him for one of those buttons."

The stage whisper was overheard by O'Mally. "These buttons," he explained, "cost a lira each, but if the signorina really wishes one"— And thus another lira swelled the profits of the day.

At the gates O'Mally received his pourboire (tip) of 20 centesimi and returned to Pietro.

"Quando!" he cried.

O'Mally handed him the exact amount, minus the lira for the button.

"Santa Maria! All thees? How? No more I take dem! You!"

O'Mally sat down on the bench and laughed. It was as good a part as he had ever had.

* * * * * * *

Early evening. La Signorina leaned over the terrace wall, her hand idly trailing over the soft cool roses.

She slowly removed the veil.

Stretched out on either hand, white and shadowy, lay the great road. She was dreaming. Presently upon the silence came the echo of galloping horses. Two horsemen came cantering toward the Villa Ariadne. She heard their voices.

"Jack, this has been the trip of my life. Verona, Padua, Bologna and now Florence! This is life. Nothing like it."

"It has been enjoyable, Dan. I only hope our luggage will be at the hotel."

La Signorina's hand closed convulsively [illegible] ... a fast canter to Fiesole!

The two went clattering down the road.

La Signorina walked slowly back to the villa. It was fatality that this man should again cross her path.

CHAPTER XVI.

KITTY DROPS A BANDBOX.

"WHAT'S the matter, Jack? Whenever you smoke your cigar goes out. You read a newspaper by staring over the top of it. You leave your watch under the pillow and have to hike back for it. You are absent-minded. Now, what's the matter?"

Hillard sighed heavily.

"There you go again!" laughed Merrihew. "You tack that sigh to everything you say."

Hillard was human. He might be deeply in love, but this had not destroyed his healthy sense of humor, so he laughed at himself.

"It's a curious business—the dinner, the mask, the veil, the mystery," went on Merrihew. "I tell you frankly, Jack, something's wrong, and we shall both live to find it out."

"But what? Heaven on earth, what? Haven't I tried to figure it out till my brain aches? I haven't gone forward a single inch."

"What shall you do?"

"Nothing. When we have seen Florence we'll drop down to Perugia and Rome, then up to the Italian lakes, after that home, if you say."

Hillard looked at his watch.

"Only 9," he said. "Let's go over to Gambrinus' and hear the music."

The Hotel Italie was but a few blocks from the Piazza Vittorio Emanuele. They found the Halle crowded, noisy and interesting. From the Halle they went downstairs and through the billiard room. Under the arcade they found a small table. Presently two officers, one in the resplendent uniform of a colonel, went past. Hillard's pulse was tuned to a quicker stroke.

"I hope he doesn't see us," he said, tipping his panama over his eyes.

Merrihew scowled fiercely.

"So long as he doesn't observe us," said Hillard, "I have no interest in his affairs." Had he none? he wondered.

To be continued.

READ this OPINION Of the Largest Jack Manufacturer in the Whole World About Zutoo Tablets

"I have been a sufferer from headache since childhood and have used all, or nearly all, of the so-called "cures" on the market. Some months since my attention was called to your Zutoo Tablets and I have been using them ever since with the most gratifying results. I find they cure a "sick" or "nervous" headache in a few minutes and leave no bad effect. My family use them whenever needed with equally good results. I have frequently given them to friends who were suffering from headache and they never failed to give quick relief. I find them a good remedy for "sour" stomach as well as headache. I always carry them in my grip on the road and would not be without them at any cost." A. O. NORTON, 286 Congress, St. Boston.

HOME FROM ERIE PA.

Mr. J. H. Metheral, residing on Murray street, has returned to the city after a six weeks' visit to Erie, Pa., and when seen to-day by the Review, conversed very interestingly about his trip and conditions in the thriving lake shore city.

Erie has been chosen by the General Electric Company as a suitable place to establish a plant of their electrical works. One thousand acres have been bought and fifteen acres have had to be levelled and filled in in at places. The work is being carried on by a large army of men.

Mr. Metheral says that their tax rate is very high, being about 27 mills. The climate, owing to the close proximity of the water, is never high, averaging in the summer about 75 or 80 degrees.

The people are intensely proud of their city with its population of about sixty-five thousand, and will not listen for a moment to any comparisons between Canada and United States.

Mr. Metheral was talking to some of the residents who have not yet eliminated the idea from their minds that this country is nothing but a frozen, wild and woolly waste.

Racial feeling between the blacks and whites as a result of the outcome of the Johnson-Jeffries fight, was strong in Erie, when Mr. Metheral was there. Even the very elite of the city were incensed and disposed to take every opportunity of damaging the black both in reputation and person.

KID GLOVES

T. C. Elliot opens, this Fall, one of the largest Kid Glove Departments in Peterborough. All the best makes are shown — all shades

THE BEST OF THE SEASON

If you wish to thoroughly enjoy yourself, take in the Union Sunday Schools' Excursion, of Peterborough to Kingston and The Thousand Islands on Saturday, August 27th. Special train leave G. T. R. station 6 a.m. Salvation Army Band will accompany the excursionists. Special train leaves Kingston 10:00 p.m., but tickets are good to return until Monday, the 29th. Fare, adults $2.10; children $1.05. Tickets may be procured from up-town G. T. R. Tickets Office, The Examiner Office, or delivered if ordered through telephone No. 1201.

ROSETTES WILL BE GIVEN IN PLACE OF TICKETS

This year rosetted will be given as prize badges for the Peterborough Fair, instead of the tickets, as heretofore.

It was thought that these would be more attractive and neater than the tickets.

THREE MEN IN A BOAT AND THEN THREE MEN IN THE LAKE

Messrs. McLean, Brooks and another young man from Buffalo suffered a tipover at Stony Lake one day this week. The three were in a canoe and the water was rather rough. It appears that none of them are over expert with the Indian craft, and all being of a pretty fair avoirdupois, the baswood shell was pretty well weighted down. The man in the middle, who was supposed to simply sit still with eyes front was dabbling in the water and took too great liberties by shifting about, with the result that one of his strenuous and untimely moves precipitated the trio into the water.

It is fortunate that at the time they were only a few feet from the shore, where the water was only waist deep or a triple drowning might have resulted, but as things panned out ,only a summer comedy sketch was provided.

WILL NOT STRIKE

Special to the Review.

Toronto, Ont. Aug. 20.—There will be no strike of the Toronto Street Railway men. A mass meeting of the men, after a prolonged session, lasting from about one till 4.15 this morning, voted decisively in favor of accepting the increase of wages, and the indefinite clause relative to hours of labor named in the report of the Board of Conciliation. There was a warm debate on some of the clauses of the report, but this, in the end, was accepted as the best that could be secured.

WITHOUT ORGAN OR CHOIR FREE METHODIST CHURCH WAS FORMALLY OPENED

The first service in connection with the opening of the new Free Methodist Church was held last evening in their new building, and was well attended.

The dedication service will be held on Sunday. The Rev. M. B. Miller, of Oil City, will preach the dedicatory sermon, and the district quarterly conference of the Toronto district is being held August 19 to 21. The great fundamental truths of the New Testament plan of redemption will be the prominent themes during these meetings. Being firm believers in the glorious doctrine of heart purity, as taught by John Wesley and his coadjutors, this doctrine will be given special prominence during these meetings. All people, regardless of doctrine, are invited to the meetings. No choir or musical instruments are used in the church services.

The new edifice is a handsome one of cement brick, nicely finished inside, and capable of seating a large congregation.

The address last evening was given by the Rev. A. Sims, of Toronto. He is a powerful and thrilling speaker, holding the attention of all by his vivid portrayal of the meanings embodied in his text, and its interpretation. His text was taken from Exodus, third chapter and second verse: "And the angel of the Lord appeared unto him in a flame of fire out of the midst of a bush, and he looked and behold the bush burned with fire, but was not consumed."

"The life of Moses," said the reverend gentleman, "was divided into three distinct periods of forty years each Forty years in the court of Pharoah, forty in the desert, and forty years as the leader of God's people out of affliction. God appeared to him in the burning bush at the end of the second period. The children of God have been compared to the willow, the fruitful vine, the olive and the myrtle. It must have been an impressive sight Moses witnessed on that occasion, and the question for us to consider is, what did the Lord intend to teach by this burning bush? It represented the humble appearance of Jesus Christ. The Lord does not use the majestic oak or the lofty cedar to denote the beginning of the church. A contemptible bush was employed. The infant church was composed principally of tax collectors and publicans. The rich and humble were not called. The early Methodists, Baptists and Salvation Army were also composed of humble people, and they won grand and mighty victories.

A saved church or a saved preacher can never be popular with the world. The Lord was not popluar, and if a minister of the gospel can be popular it is because he is of the world. To-day, as ever, the men and women who are possessed of spirituality are never popular. It was on account of preaching the old Methodist doctrine that the Free Methodists were expelled from the Methodist body, and were shamefully expelled at that, with not even the shadow of a trial.

Notice the position of the Church of Jesus Christ; while she is humble in appearance she occupies the most elevated position in the world. No other body stands so majestically.

The base of the Church of Christ is the Rock of Ages. She enjoys mountain scenery, where the flowers bloom forever, and the birds sing night and day. John Wesley had this spirit in him when he said all Methodists should sing. At this point the speaker referred to a hymn which, he said, had been distorted and changed to suit the present modern flabby taste.

"The burning bush," he said "illustrates the pentecostal spirit. While the flame filled the bush it did not destroy it. So we should be all aflame. The flame of the Holy Ghost in man destroys the taste for alcohol and other manifestation of sin. The only thing that will ever preserve the church is holy fire.

God was in that bush, divinity was in it. The devil has been working for years to destroy the Church of God, but he cannot do it, and the only salvation of the church to-day is to have God within it."

Rev. W. A. Reynolds is to be pastor of the new church.

The services will be continued today and on Sunday, and all are cordially invited.

The church is situated on Aylmer street, just south of Charlotte.

A FLOURISHING MARKET TO-DAY

[illegible] scene was witnessed on the busy Saturday rendezvous of the farmers this morning. The fine weather and air of general bustle proved a very agreeable variation from the past few days of general depression and both farmers and townspeople seemed to be atoning for lost opportunities.

Much praise-worthy comment on the splendid appearance of all classes of produce was passed by purchasers. There was an abundacne of everything tasty to a hungry man. As a couple of reporters from the local papers strolled about the square preparing their lists of articles and prices, they were very much impressed by the appearance of nearly all the market commodities.

The following standard priced reigned on the square to-day;

Cabbages, 3 for 10c.

Baking apples, 10c. peck.

Eating apples, 15c. peck.

Beets, 3 bunches 10c.

Onions, 3 bunches 10c.

Carrots, 3 bunches 10c.

One red cabbage, the only one of its kind on the market, brought 10 cents.

New potatoes, 25 to 30 cents a peck.

Plums were very plentiful and sold at 10 cents a quart.

Eggs were 20c.

Corn in the ear, 10 cents a dozen.

Tomatoes, 10c dozen.

Cucumbers, 4 for 5c.

Butter, 25c.

Chickens per pair, 85 and 90c.

Ducks, 60c.

A large solitary turkey lay on one of the tables. Only two dollars.

A noisy group of piglets clamored from their cages. Four dollars was the price of these diminutive porkers.

LAST, BUT NOT LEAST

St. Luke's W. A. excursion to Idyl Wyld, Thursday afternoon, Aug. 25th, per steamer Stoney Lake. Boat leaves Wolfe-st. wharf at 1.30 p.m. Street Railway wharf at 2 o'clock. Adults 50c. Children 25c.

OBITUARY

JOHN JAMES EARL HOWARD-MOORE.

Still another infant child has answered death's summons. John James Earl, the three months old son of Mr. N. A. Howard-Moore, after an illness of about two months duration, succumbed to stomach trouble this morning at four o'clock. Much sincere sympathy will be extended to the bereaved parents in their unfortunate and untimely loss.

The body will be sent to Gananoque for burial on the nine o'clock G.T.R. train this evening.

A NORWOOD WEDDING

CHRISTIE—YOUNG.

On the tenth of August, at the home of her parents, Mr. and Mrs. Charles H. Young, of Norwood, their second daughter, Miss Georgina Young, was married at one o'clock p.m. to Mr. Peter Garden Christie, of Peterborough, Rev. W. Benj. Tucker officiating.

Mr. Christie's parents and sister were also present.

The chaste decoration of the home, the simplicity and impressiveness of the marriage service, the evident naturalness and sincerity of the contracting parties, the charming attention of the bride's little sister, Ruby, as flower girl, the variety and appropriateness of the gifts, the bountiful and palatable repast which followed, the real but subdued enjoyment of all present, subdued because of the recent sorrow into which the family were plunged by the sudden death of their only son, all combined to leave a most favorable impression upon the mind of the writer, who, along with many others, wish Mr. and Mrs. Christie a life of unbroken happiness —Norwood Register.

HARRY ADAMS

The food for all folks

For old and young, in any season, in any clime, Shredded Wheat is the one perfect food. It contains all the rich, body-building nutriment of the whole wheat, made digestible by steam-cooking, shredding and baking. In the summer

SHREDDED WHEAT BISCUIT

is a healthful and satisfying substitute for heavy meats and soggy pastries. It costs much less, tastes good, and is far more nourishing. Its continued daily use keeps the system in perfect trim and the brain clear and active.

Because of its porous shreds and its biscuit form, Shredded Wheat makes delicious combinations with berries, grated pineapple, sliced peaches, bananas, baked apples or other fruit, fresh or preserved. For breakfast heat the biscuit in the oven to restore crispness and serve with milk or cream, adding salt or sugar to taste. It is far better than mushy porridges or ordinary breakfast foods.

Died at Advanced Age

At the advanced age of seventy-six Catherine Archer, a widely known and highly respected resident of Peterborough, residing at the corner of Downie and Charlotte streets, passed away this morning, after a lingering illness.

The deceased was born in 1834, and moved to Peterborough from Belleville in 1874, residing here since. Her husband predeceased her in 1892.

She was the eldest daughter of Thos. Archer, of Belleville. In religion a staunch Methodist, she has always taken an active interest in church work, and was a faithful and devout member of Charlotte St. Methodist church for twenty-five years.

There are left to mourn the loss of a kind and loving mother a family of four, two daughters and two sons, namely, Mrs. H. E. Holly, of this city; Mrs. A. D. Thompson, of Duluth, Minnesota; M. T. Ostrom, of Toronto, and C. A. Ostrom, of Indiana.

The funeral will likely be held on Monday afternoon at 2.30 o'clock to Little Lake cemetery. Rev. Dr. Langford of Charlotte St. church, will conduct the funeral services.

NOTICE TO CONTRACTORS

Sealed tenders addressed to the undersigned at 212 King Street West, Toronto, and endorsed "Tender for Machine Shop", will be received up to

5 p.m. on September 6th, 1910,

for the various trades in connection with extension to the Company's Machine Shop at Peterborough.

Envelopes containing tender should have plainly marked on the outside (in addition to the Words "Tender for Machine Shop") the particular trade covered by the tender.

Plans and specifications may be seen on application to the Building Department at 212 King Street West, Toronto, or in the office of the Clerk of Works on the job at Peterborough.

The lowest or any tender not necessarily accepted.

TALK NUMBER TWO ON THE FLY

(To the Board of Health)

(Dedicated to Board of Health.

Since the above observations, which are selected from many others, were made, it has been repeatedly shown and proved that house flies are able to carry these and other bacterial and funzal organisms. What has not been demonstrated is the extent to which flies are not able to carry such micro-organisms. When the habits of flies are considered, it is not a little remarkable that no serious attention was paid to the possibility of flies havinz any considerable relationship to the dissemination of disease until within the last twelve years. The excessive mortality from typhoid which occurred in the Spanish-American war was the means of directinz the attention of such observers as Vaughan and Veeder to the possible relationship of flies to this disease, especially as statistics showed that water was not a sufficiently important factor in, and was not explanatory of, the typhoid epidemics occurring in certain of the national encampments. Later, in the South African war, the same conditions were present, and enteric fever was responsible for a very heavy deathroll; those who were present directed attention on their return to these conditions, which, as circumstantial evidence, would convince the most sceptical as to the important role that flies played in the spread of the disease.

From the setaceous character of the appendages and bodies of flies it is only to be expected that when allowed to have access to infected material they would be able to carry the bacilli on their appendazes, bodies and in their digestive tracts, and the transerence of flies from infected substances to culture media are really unimportant experiments compared with those of capturinz the flies under normal conditions near sources of infection and determininz the presence and identiry of the micro-organisms on these insects, as certain investigators have done. It would be found impossible to obtain a specimen of Musca domestica which was not carryinz bacteria or fungal spores.

Though externally they may be almost sterile when they emerge from the pupa, the fly after emergence immediately becomes contaminated, and durinz the remainder of its varied existence serves as a collector and disseminator of any bacterial or fungal organisms with which it comes into contact. One of the most important and convincing experiments is that of Gussow (hitherto unpublished), who obtained thirty colonies, comprising six species of bacteria and six colonies comprising four species of fungi from a single fly caught in the living room of a house and allowed to walk over a culture plate of agar-agar.

From a fly caught in the open he obtained forty-six colonies comprising eight species of bacteria and seven colonies comprising four species of fungi. The tracks of a housefly caught in a household dustbin yielded 116 colonies of bacteria comprising eleven species, and including such species as B. coli, B. lactis acidi, and Sarcina ventriculi, and ten colonies comprising six species of fungi.—Nature.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

To the Editor of the Review.

Sir,—What do you think of Bessie? Ain't she doing great work making votes or trying to? She's put in the estimates as an absolutely necessary, etc. It looks like she was only for picnics. Cut this out or get off the job. The people are getting sick of this work.

Yours, etc.,
CITIZEN.

To the Editor of the Review.

Sir,—In your reference yesterday to Welland having won out in securing the Deere & Co. Manufactory over all competitors, including Peterborough, you attribute the reason in part to its having a live council and Board of Trade. You omitted to mention that it has also a live Board of Health. A healthful locality is one of the considerations that governs an industrial concern in making its selection.

Yours truly,
VOTER.

ATTENTION WOODMEN.

All members of Sherwood Forest Camp No. 50 W. O. W are requested to be present at 2.30 o'clock sharp, Sunday, August 21st, at Sons of England Hall, to assist in the unveiling ceremony of a monument erected to one of our deceased members.

Visitors are expected. Head officers will be present.

It is the duty of every Woodman to be in attendance.

The public are cordially invited to be present at the cemetery to witness the unveiling ceremony.

LOCAL CHURCH CALENDAR

SPORTING NEWS

FROM COAL MINE TO WHITE SOX

Deep in the depths of a coal mine, hidden far away under ground where the sun never shines and where the torchlights flicker uncertainly in the damp semi-darkness worked a boy. And the boy had his dreams and his ambitions and his hopes, says the Chicago Inter-Ocean.

Out in the grand, pure air, where the sun was shining brightly on a summer's day, 30,000 people leaped to their feet, involuntary, from sheer enthusiasm and screamed and shouted and cheered one of the mightiest heroes of the great national game.

There is the contrast that marks the career of Ed. Walsh, the great pitcher of the White Sox.

On that wonderful right hand and arm that have made real baseball history there are great zig-zag scars that the years will never erase, and which were put there when he toiled with a torch in his cap far down in the murky pit of a Pennsylvania coal mine.

Across the chasm between these two lives, the miner boy and the star of the baseball diamond, there stretches the romance of a great struggle and the story of a fight against terrific odds and obstacles.

* * *

WALSH OFF THE DIAMOND

If you should meet Walsh off the diamond five or six things would go scampering through your mind so rapidly that you could hardly tell which one came first, and which one last. The one that would claim the most [illegible] would be the way he shakes hands for when that great right closes around your hand and those long fingers of steel grow tight there comes a lump in your throat and a mist to your eye, and you begin to wonder how you will look with a cork hand, for you do not expect to escape with anything less than amputation from the wrist down.

And you will notice a great under jaw, that snaps up to the upper one like a steel trap, and an eye of a peculiar brownish-green that sparkles with a keeness which you have seldom seen before. And there is a voice melodious and musical and deep, with a little, just a little, of the suggestion of the beautiful Green Isle and the Lakes of Killarney in it. But there is something else there, too, which you will not see with an eye, nor feel with your poor, bruised hand, nor hear with the ear. It is that indescribable something we often feel in the presence of those who have done big things; it is that radiation of self-confidence, that electric wave that flashes out its wireless code and tells you that here is a man who knows himself and knows his strength and isn't afraid to tackle any situation that ever was created.

HE'S FULL OF CONFIDENCE

I sat with Walsh the other day and I asked him what his thoughts were when the great Lajoie came up to bat with the bases full. And this was the answer, simple and plain:

"I know I can strike you out."

Down in the stench and foul air of a dismal mine he looked about him in the half-light of the little torches and he said:

"I know I can get out of here. I know there is a better life for me."

Down in a little New England town where he was pitching for an unheard of minor league team and said:

"I know I will get away from here. I know I will get into the big leagues some day."

And out in the big league in the storm of the game surging about him he has faced it calm as a mountain, and he has said:

"I know I'll get through with it."

There is the answer to the jaw that shuts like a steel trap and the hand that folds yours like a vise, and the sparkling eye and the voice calm [illegible]

It depends altogether on what your idea of conceit is whether Walsh is conceited or not. If it is believing that no pitcher ever lived that was as great as he; if it is making excuses for failures and overestimating victories; if it is being easy with the gab and a four-flush when it comes to delivering the article, Ed. Walsh is not conceited.

If it is knowing that he has developed himself into a marvelous pitcher, whose great confidence is founded on a matchless physique and a carefully trained brain, and which is nurtured with an optimist's sunny warmth, then Ed Walsh is conceited. There you are for that point. Pay your money and take your choice.

PRIZE WINNERS ON THE FINAL DAY OF HORSE SHOW

The events at the Cobourg Horse Show yesterday were as follows:

Covert Cup, donated by R. W. Massie, of Cobourg—1st prize, "Mack" owned by Jos. McMillan, Cobourg; 2nd, "Gay Boy," owned by Thomas Cowan, Orono; 3rd, T. A. Macoun, Warkworth.

Open Combination—1st prize, "Diddie Van," owned by F. Wilmore, Corbyville and "Ruth" owned by Hon. J. R. Stratton, M.P., of Peterborough.

Best performance over six jumps—1st prize "Ironsides," owned by Hon. Clifford Sifton, Ottawa; 2nd prize, "Confidence," also owned by Mr. Sifton; 3rd prize, "Hercules." owned by Aemilius Jarvis, Toronto.

Ponies in harness over 13 hands—1st rize "Bathphgate Swell"; 2nd, "Warwick Shrimp," both owned by Mrs. Charles Wilmot, Belleville.

Champion High Stepper—1st prize, "Yapsham Fashion," owned by Senator Beith, Bowmanville; 2nd prize "My Pride," owned by Hon. J. R. Stratton, M.P., Peterborough; 3rd prize, "Loch Ryan Princess," also owned by Mr. Stratton.

Best bay mare for lady to drive, Albertini Cup competition—T. McCabe, Toronto.

Ladies' District Saddle—1st prize "Diddie Van," F. Wilmore, Corbyville; 2nd prize, "Perfect Lady," owned by Mrs. Charles Wilmot, Belleville.

Handicap Steeplechase for Challenge Cup—Won by "Waterbridge," owned by T. J. McCabe, Toronto

Best Lady Rider—Miss Audrey Wilmot, Belleville; 2nd, Miss Given Wilmot, Belleville.

High Jump—Won by "Confidence," owned by Hon. Clifford Sifton.

Four-in-Hand—1st prize won by Hon. J. R. Stratton, M.P., of Peterborough, with "My Pride," and "Premier"," and "Loch Ryan Princess," and "Lady of Navarre"; 2nd prize won by Dr. Young, of Toronto; 3rd, by C. W. McLean, Brockville.

Broad Jump—Won by "Stay Away," owned by Hon. Clifford Sifton.

A. F. and A. M. to Excurt

The Havelock Lodge A.F. & A.M. are running a two-day excursion to Lindsay on August 23rd and 24th. They will go to Peterborough by train and complete the journey by steam-boat "Otonabee."—Lindsay Post.

HAVELOCK

(Special to the Review.)

The village Council met in the Council chamber on Tuesday evening, August 16, with Reeve Knox and Councillors Weese, Philips, and Young, present. Beside setting the village tax rate for the year at 25 mills, the following accounts were ordered to be paid:—

Mr. White, 4 days work	$6.00
Jno. Robinson, 1-2 day's work	.75
J. Thompson, 1300ft. plank	19.50
Jos. Catarack, carting	6.25
Andrew Mathison, plank	58.50
Andrew Mathison, fixing roof	10.00
Ken. McKay, Rep. Flag	2.00
Chas. Armstrong	3.25
Electric lights, July	64.00
1-2 year int. Park Dept	65.00
Park Board, grant	50.00

Mr. Fred Squires was granted the priviledge of placing weighing-scales on Quebec St. at his property provided he assumes all responsibility.

The Council will hold its next meeting on Monday, September 17.

Mr William S. Russel, who for some time has been connected with J. H. Squire's store here, leaves next week for Campbellford where he is going into the flour and feed business.

The rural schools in this district opened again on Monday last. Havelock Public and Continuation schools will reopen on Thursday, Sept. 1.

PROPERTY CHANGES HANDS

Mr. Ernest Seeney has purchased the residence on Ottawa St., formerly occupied by Mr. Jno. Richmond

Services in the Methodist Church on Sunday evening last were conducted by Rev R. J. Elliott, of Manchester, N. H.

C. P. R NOTES

The surveyors engaged on looking over the Toronto—Havelock division of the C. P. R, with a view of securing better grades and curves have transfered their headquarters from Havelock, having completed an inspection of the line as far west as Indian River.

EYE REMOVED

Mrs. Chas. Easton who has been suffering for some time with an injured eye, had the optic removed at Nichol's Hospital, Peterboro, on Monday last.

PERSONAL

Mrs. Thos. Vanarum and Master Charlie Thompson have returned from visiting with friends in Norwood.

Miss Myrtle Buchanan who has been visiting at her home here has returned to Toronto.

Miss Pearl Brown is visiting with friends in Toronto.

Mr. S. Armstrong of Toronto was in town on Monday.

Mr T. P. Lancaster was in Peterboro on Wednesday.

Mr. H. Gracey of the Bank of Toronto staff has returned from a two weeks holiday.

Miss Lena Waters of Trent Bridge is on a visit to her home at Trent River.

Miss Gray of Toronto is visiting Mrs. J. H. Beaver.

Mr. Philip O'Brien of Smith Falls is visiting at his home here.

Mr. James Fowler was in Toronto on business on Wednesday.

Messrs. Andrew Mathison and C. Cole left on Monday for a trip to the West.

Mrs. C. H. Boardman is visiting friends in Rochester, N. Y.

Miss Shier of Toronto and Miss McCaffery of Omeemee are visiting their brother and sister, Dr. and Mrs. Thompson.

Mr. Skene of Ottawa, is the guest of his father, Rev. Jas. Skene.

Mrs. Speir who has been visiting Mrs. C. A. Ghent, has returned to her home in Madoc.

Miss A. Flynn of Peterboro is visiting Mrs. Thos. Bennett at Trent Bridge.

Misses Verena Noble and Winnie Harris of Toronto are the guests of Mrs. W. J. Seeney, at Rush Point.

Mrs. Brennan and son of Gravenhurst are visiting Mr. Reginald Brennan of town.

Miss Laura Foley has been re-engaged as teacher at Rush Point for the coming term.

Mr. and Mrs. Alex. Watson and children, and Miss Pearl Johnston have returned from visiting friends in Toronto, Sault Ste. Marie and Perth.

NO SUCH MOVE CONTEMPLATED

About the time the report was sent out from St. Paul that Americans were returning from the Canadian West there went out from Chicago a wild story to the effect that the Grand Trunk would build or acquire a line from Winnipeg to Chicago for the purpose of diverting the traffic from the National Transcontinental line. The report said, "There is good authority for the statement."

Enquiry at the Grand Trunk headquarters brings the answer that no such move is contemplated, or even dreamed of. It was, however, hinted that this was only a follow-up by those who tried to construe the extension of the Central Vermont to mean the abandonment of Halifax. The Grand Trunk it was stated, is eager, and will be ready to operate the Transcontinental the moment it is completed.

Green parasols bob by thousands on boardwalks at all of the seashore resorts.

MEN—WE CAN CURE YOU
FINEST MEDICAL INSTITUTE IN AMERICA
OWNED AND OCCUPIED BY DRS. K. & K.

YOUNG OR MIDDLE-AGED MEN
who need the services of expert specialists why waste your money in treating with doctors you know nothing of, why waste your money with worthless electric belts or drug store nostrums, when you can get guaranteed, reliable, successful treatment from these Master Specialists. Drs. K. & K. have treated patients throughout Canada for over 20 years and are responsible financially. They accept only curable cases and should your case prove incurable it need not cost you a cent. If you are unable to call at our office for a personal examination we will send a Question List for you to fill up from which we can diagnose your case and tell you whether you are curable or not. Then we will prescribe specific remedies for your individual case which you can take at home. We have no cure-all remedy that we send to everybody alike as most specialists do, but we prescribe the remedies required for each individual case to complete a cure. That's one of the secrets of our wonderful success when others fail. Send for our Free Booklet on Diseases of Men (illustrated.)

THE GARDEN OF FORGIVENESS

There is a garden, oh, far away,
Kept for the souls who sinned and suffered most.
The sword of God forever guards the way,
And round its borders camps a heavenly host.
A gentle wind breathes through the tufted grass,
Rich with the scent of roses in their bloom;
And, with the wind, all sins and sorrows pass,
Leaving a sweet contentment in their room.
Here are no troubles; here are none that weep;
Here come no thoughts of sadness or despair;
But fairest flowers in fullest beauty sleep;
And softest sunlight dreams upon the air.
The murmurings of fountains low and sweet,
Forever fill the ear and never cease,
Soothing the silence with a gentle beat,
Like kindly voices, speaking words of peace.
And here, forever and forever, rest
The weary souls, unburdened of their sins;
And cursed things are here forgiven and blessed.
And wicked hearts are made all clean within.

BERTRAND SHADWELL

SNAKES FRIGHTEN GIRL TO DEATH

Laurel, Del., Aug. 17. — Frightened into spasms by an encounter with two black racer snakes, Miss Mabel Brewington, the 16-year-old daughter of Harper Brewington, a farmer of Bivalve, died on Sunday.

At about 5 o'clock Miss Brewington went over to a neighbor's to persuade a school friend to accompany her on an excursion to the seashore. On her return when crossing the branch that divides the two farms, Miss Brewington encountered the reptiles, which, instead of running when the girl attacked them with a stick, showed fight.

Miss Brewington succeeded in killing one snake, but the other encircled her waist and wounded her on the wrist and cheek. The frightened girl's screams brought help, and the second snake was killed, but not before the girl had lost consciousness.

LACK OF PURE BLOOD

The Cause of Most Ailments—the Cure, Enrich the Blood Supply

Any illness caused by lack of blood will be benefited and cured by a course of treatment with Dr. Williams' Pink Pills. These pills increase the red matter in the blood and enable it to carry to every organ and tissue an increased supply of oxygen, the great supporter of all organic life. This has been proved by cures in thousands of cases not only in Canada but in all parts of the world. More people to-day owe health and happiness to Dr. Williams' Pink Pills than to any other medicine. One of these is Mr. James Starr, of Galahad, Alta, who says:

"A few years ago I became ill and very weak. Some days I would have a hot dry fever and on others would be bathed in a cold sweat. I grew weaker and weaker until I could do no kind of work and was finally confined to my bed. I tried several doctors, who cost me considerable money, but did me no good as I was still getting weaker and weaker. I asked the last doctor who attended me to tell me frankly if he could cure me, and he told me my case was so complicated that he did not think he could help me. I told him I had heard a great deal about Dr. Williams' Pink Pills and asked if he thought they would help me. His reply was "Well, they won't do you any harm and they may help you." I sent for a half dozen boxes at once and began taking them. After taking three boxes there was no doubt they were helping me, and I continued using them for some time longer. With the result that I am now as strong and hearty and can do as good a day's work as any man in my neighborhood."

These Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Wings are placed very upright on both large and small hats.

Brassware in the Egyptian decoration is quite new and effective.

Tact is too often merely the art of lying without being found out.

Scarf-draped Panama hats are much affected at seashore and mountain.

Many summer parasols are built upon mission handles of white wood.

Never were separate wraps and touring coats so smart as this season.

Good Form

Procrastination in expressing sympathy to a bereaved family is the height of bad form. Therefore the instant a death is known the bereavement should be acknowledged. To send flowers is always desirable and may be done even in the case of a formal acquaintance, but it is an expense that is not necessary. If flowers are sent they may accompany the note of sympathy, but no reference must be made to them in the note. If the box is sent without a letter a visiting card accompanies it. When the recipient is a formal acquaintance a note may be omitted, "Sincere sympathy" being written on the card.

When the person bereaved is known only slightly and flowers are omitted a visiting card may be either mailed or left at the door. In either case "Sympathy" or something similar should be written on the card. When it is left in person the individual for whom it is intended is not asked for, it being understood that those in deep mourning are not able to receive any but the immediate family.

To intimate friends flowers may be sent as soon as news of death in the family is known, and more may go on the day of the funeral unless the family expresses a wish that they shall be omitted for the casket. When the latter is the case it is the height of bad form to send flowers. A note alone is sufficient.

Marking Bridal Silver.

There is a fancy just now in certain families to have wedding silver marked with the initials of the bridegroom rather than the bride. This is an English custom which has never found favor over here, and the innovation arouses much discussion.

As the silver is given to the bride often by her own family, the American form of marking is more appropriate and is much more used.

A rather new marking that is a revival from colonial days is a compromise. Plain block letters are used. A single one at the top is the initial of the bridegroom's family name, while directly under it is the initial of the first name of the bridegroom to the left and that of the bride to the right.

Where there is a crest in the family of the bride it is often used in marking the silver above the monogram or initials. Though sometimes done, it is not good taste to mark the wedding silver with the crest of the bridegroom's family, especially when the silver is given by the bride's people and friends.

It is equally bad taste when a girl has been given old family silver that has come down through generations in her fiance's family to mark it with her own initials. Should there be no children such heirlooms naturally should go back to the man's family, though the bride may have a life interest in them.

When to Shake Hands.

When to shake hands is a subject which depends on circumstances, but a few general rules may be given.

When a man is introduced to a wo-[illegible] him unless he is distinguished or a great deal older than herself. If he is the husband or brother of the woman making the introduction it is natural to receive him cordially by shaking hands, but it is not usual to do so if he is a mere acquaintance.

A hostess should shake hands with all the guests who come to her house, both on their arrival and departure. Women do not shake hands when introduced to each other, but merely bow. When, however, a young girl is presented by a friend to a married woman the latter generally shakes hands with her, but the girl should not make the first advance.

Men shake hands when introduced to each other as an expression of good will.

When leaving an entertainment a man shakes hands with the hostess, and he may do so with any friends who are near, but he should not, of course, go about shaking hands generally.

Developing Good Taste.

The woman who has only a limited sum to spend on her clothes may think that visiting shops to look at lovely things she must not even think of buying is a foolish waste of time, but it can really be made an exceedingly profitable occupation. Good taste in dress can be developed in the same way as correct judgment in other matters of art—namely, by studying the best models.

If the impecunious one will make up her mind to use the creations of those who hold the first place in the dressmaking world as a means of education and to relinquish all thought of possession they will become a source of endless pleasure to her.

A Useful Little Book.

A useful little book published by one of the correspondence paper manufacturers and bound daintily in white contains information regarding the correct use of visiting cards on all occasions, the correct form of wedding and other conventional invitations, the etiquette of invitations and their replies, special letters for various occasions, designs for monograms, etc. It is 35 cents.

Pompons will continue to be worn, and the modish aigrette now has the round sunburst effect.

Your Grocer Knows

EVERY good grocer is willing and anxious to please his customers. Sometimes, if he happens to be out of the goods you ask for, he may recommend a different brand rather than keep you waiting. But when it comes to flour, he knows that Ogilvie's

Royal Household Flour

is one of the things for which there is no substitute. No other flour is "just as good." Ogilvie's "Royal Household" is in a class distinctly by itself. To offer a substitute for "Royal Household" would be like offering oleomargarine to a customer who wanted prime dairy butter. No good grocer would do it. When you tell him you want Ogilvie's Royal Household Flour, he will send that and nothing else.

"Ogilvie's Book for a Cook," with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer. 16

THE OGILVIE FLOUR MILLS CO., LIMITED, - - MONTREAL.

THE POPULAR (?) CZAR TO TRAVEL FOR HEALTH

Berlin, Aug. 17.—The Czar and Czarina of Russia will leave St. Petersburg on Aug. 23 for a two months' stay at Friedburg Castle. It is reported that the court physicians have prescribed for the Czarina a six weeks' course of the cure at Bad Nauheim, which is only a quarter of an hour distant from the castle where the royal family will stay. [illegible] Darmstadt over the enormous expense and inconvenience which the visit will entail on the public. The Social Democrats are particularly enraged and will probably interpellate the Hessian chamber on the subject at the next session. The most elaborate measures have been taken to ensure the safety of the Czar during his stay on German soil.

The castle where the royal party will stay in the property of the Grand Duke of Hesse. It has been unoccupied for a long time. Extensive repairs are under way under the supervision of the Grand Duke himself and these will cost a pretty penny. They are looked upon, however, as necessary both for the comfort and safety of the Czar. The latter it is said offered to pay all the expense of the repairs, but that would be but a fraction of the cost of his visit.

FULL OF SECRET PASSAGES

Friedberg is an ancient town and is surrounded with walls which are honeycombed under ground with secret passages. These as well as the drains and sewers leading into the neighboring canal have been barred with iron. The castle will be guarded day and night with an army of detectives, police and soldiers. The gates in the town walls will be kept closed and no one will be permitted to pass until after a rigid examination. It is announced further that no person will be allowed to approach the castle without a special permit.

But the indignation of the inhabitants of the town is chiefly aroused by an order served on all occupants of houses near the castle walls to quit the premises by Aug. 8. Every house [illegible] vacant during the Czar's visit. A widow who conducts a girls' boarding school with a garden near the castle grounds has been ordered to have every room cleared by Aug. 15, as the building will be required to house German and Russian detectives a small army of whom are already prowling about the neighborhood.

ADVANCE OF SOCIALISM

The steady advance of German Socialism has been the feature of the political situation for months past. At the last general election forty-three Socialists were elected to the Reichstag. Now there are fifty in that body. Few of the old conservative strongholds seem safe from their assaults. Among the causes put forward to account for the advance of the Socialist vote is that former Chancellor von Bulow was forced to abandon his plans for financial reform. The consequent increase in the cost of tobacco, lights and other necessaries has added the unpopularity of Chancellor von Bethmann Hollweg's conservative attitude on the question of Prussian suffrage.

But beyond everything else the enthusiasm and devotion of German Socialists to the cause itself must be reckoned. The party's membership increases daily. Its funds are steadily growing.

HOW HEADS ARE MENDED

New York, Aug. 17.—Several times a day in this city injured persons are carried in ambulances to the hospitals whence the report is sent out: "Fractures of the skull," or "Probable fracture of the skull." Curiosity frequently is aroused concerning the ultimate fate of these persons.

At the next meeting of the American Surgical Association in Washington, Joseph Ransohoff, of Cincinnati, presented an interesting paper based on an analysis of 190 cases of fracture of the base of the skull occurring in the last ten years in the Cincinnati hospital; This synopsis of the paper appears in the New York Medical Journal:

"One hundred and twenty-four of the cases were fatal. The progonsis was influenced by the depth of the coma chiefly, and even in greater degree by the fixed condition of the pupils. Of forty-two patients with non-reaching pupils forty-one died. died. In five years there were nineteen operations, trephining or decompressive, with seven recoveries."

The conclusions of the paper were as follows:

"There would always be a large mortality connected with basal fractures; death resulting from primary shock, brain lubrication or hemorrhage. In thirty-seven per cent. of the fatal cases the patients died in six hours or less, and fifty-six per cent died within twelve hours. It was not probable that the mortality of this class of cases could ever be reduced with or without operations. They were primarily fatal.

"In twenty-three per cent. of the fatal cases the patients died during the second twelve hours of the first day, and six per cent. died during the second day. They were the cases in which the coma was not profound, in which the pupils were not fixed, in which the breathing was not stertorous, and in which there was not complete muscular relaxation. With a slow, full pulse and lumbar puncture indicating hemorrhage and increase if trephining operation was indicated. In the doubtful cases an operation was indicated.

"In this class of cases where facilities of the major operation of trephining were not at hand, repeated lumbar puncture should be essayed. This procedure might be destined to take the place of decompressive operations.

"There was a large group of cases in which there was complete consciousness or in which there was a somnolence or milder degree of coma, and in which the concomitant symptoms did not indicate a grave intracranial trauma either to the brain or to its vessels. The pupils, though [illegible] involvement of one or more cranial nerves might be [illegible] singly or collectively, were not ominous at any time. Eighty per cent. of this class of cases had a tendency to recovery with or without operation. The patients should not be operated on unless the symptoms indicate an increase of intracranial pressure from hemorrhage beginning cerebral oedema, or distinct localizing (cortical) symptoms.

"There was a distinct class of cases in which an operation is indicated. They were cases which, seemingly not severe in the beginning grew progressively or suddenly worse, showing signs of increased intracranial pressure. Decompressive operations might save a considerable proportion of the patients.

"Dr. Frank E. Bunts, of Cleveland, said in an ordinary case if fracture of the base of the skull, in which the blood pressure could be ascertained with a beginning choked disk and oedema, and hemorrhage in the brain detected, the decompression operation should be performed, and in many such cases we might expect altogether beneficial results.

"Dr. Joseph C. Bloodgood, of Baltimore, said that up to the present time he had been unable to find any case of epilepsy following an injury to the skull in which some piece of the skull was removed, either by operation or by the injury itself. This would rather susbtantiate the view that epilepsy was more apt to be started by change in pressure than by actual injury."

Scarboro Beach

Visitors to the Toronto Exhibition this year cannot afford to leave Scarboro Beack Park out of their plans. This $600,000 amusement resort, modelled after Dreamland and Luna Park, the world-famous institutions, at Coney Island, is the finest of its kind outside of New York itself, and has been visited by millions of delighted patrons in the four years that it has been in existence. Its permanent structures include a scenic railway, a quarter of a mile long, a chute-the-chutes, 800 feet in length, and an underground watertrip called the Cascades, which furnishes an unforgetable experience. In addition there are the Streets of Cairo, Human Butterfly, House of Nonsense, Electroscope Theatre, Johnstown Flood, Aerial Swings, Caroussel, Midway, Bumps, Laughing Gallery and many other novelties which are renewed each season. There will be special fireworks and sports for the Exhibition visitors. The Sunday afternoon and evening free band concerts at the park are a popular feature.

THE REGATTA AT STURGEON POINT

The Lindsay Warder of yesterday says—

Under perfect weather conditions the sixth annual regatta under the auspices of the Sturgeon Point Cottagers' Association, would have surpassed all previous records. For some unknown reason the weather man failed to recognize the big annual event, and the result was that the day was anything but favorable to the regatta. Early in the morning the sky was covered with heavy black clouds, at eleven o'clock it rained and it looked as if the big event would have to be called off, but at noon the sun shone brightly, but too late. as the citizens of Lindsay and other places had decided to remain home. the result being that the crowd was the smallest in the history of the association.

GOOD CROWD OF COTTAGERS.

Regatta day is looked forward to for many weeks by the cottagers of the Point and on the shores of Sturgeon Lake, and yesterday afternoon the entire population, about 500, were comfortably seated on the lake front and watched with interest the many aquatic events. A number of tourists from other parts of the lake were also present. Fenelon Falls and Bobcaygeon were not largely represented, but a fairly large crowd from Lindsay were present, going down on the steamer 'Manita.' The crowd from the lower lakes and Port Perry was a disappointment, which was due chiefly to the inclement weather.

DECORATIONS.

The cottagers spared no money in decorating their cottages and surroundings, hundreds of flags being displayed. The boat-houses all along the lake front were also tastefully decorated with flags for the occasion.

THE REGATTA.

The regatta is a series of land and aquatic sports. The annual event has for its aim the propogation of the interest of the events included in the programme, and as customary in all athletic meets, the development of friendship and keen competition.

A GOOD PROGRAMME.

The smoothness with which the programme was run off and the absence of a hitch of any kind was something that the committee in in charge must feel proud. Competent judges and officials provided against and "kicks." The programme commences shortly after two o'clock and was not completed until after six o'clock. At times it was rather trying for the spectators, as there were a number of unnecessary delays, caused by a lack of entries for some of the events. The entire programme was run off with the exception of the open swimming race, and no entries could be located. A notable feature was that no prize was carried off without a struggle, except in the open launch race.

A FAST BOAT.

The notable feature of the entire day's sport was the launch championship race, which was won by Mr. G. H. Hopkins' new launch, the 'Viking II.,' which was run by his son Bert. The launch arrived in Lindsay yesterday morning and in the afternoon made everything in the shape of a boat look like selling platers, as far as speed is concerned. 'Viking II.' is easily the fastest boat on the Kawartha Lakes. She is 25 feet long, 15 h.p. engine, and can travel seventeen miles per hour. The new boat surprised all present, even Mr. Gordon, the owner of the 'Avis,' who has held the championship for the past year.

A GRAND RACE.

The closest and most exciting race of the day was the semi-speed launch race, from 6 to 10 h.p. This was a hardicap, and at the finish five of the six starters were bunched, 'Roy III.,' owned by Clerk, a few feet behind him. Dixon's 'Harold,' Needler's boat and Sutcliffe's 'Boneka' were tied for third place, while J. W. Flavelle's 'Fish Boat' was a couple of hundred yards behind. It was a great finish and the winners received rounds of applause.

KNOWLSON BROS. BEATEN.

Wilford and Merritt Knowlson, champion paddlers of the Kawartha Lakes, still maintain that title and easily disposed of all comers in the different canoe races. Their sister, Miss Grace, cannot be overlooked as a promising lady paddler. Miss Grace won two first prizes at yesterday's regatta

REG. BLOMFIELD PRESENT.

Reg. Blomfield, one of the greatest trick canoeists in Canada, and a former champion paddler, was present and gave a few exhibitions of how to handle a sailing canoe. He also entered the gunwhale race, but was defeated by Wilford Knowlson.

PLEASANT EVENT.

A tilting race afforded a good deal of amusement for the spectators. The event was won by Fortt and Bradshaw after a strenuous battle.

The championship sailing race which is yearly looked forward to by the cottagers was won by Lloyd Wood, who defeated his opponent, Bert Hopkins, by only a few feet. It was a great race and a great finish, the closest in the history of the championship. This makes the second year that Wood has won the championship.

BOB MILLER MISSED.

"Bob" Miller and his stentorian voice was missed from the judge's stand and many were heard to remark "where is Bob?" He was replaced by Mr. D. Cinnamon, who acted in the capacity of announcer. and for the first time out, did well.

BIG FLEET OF LAUNCHES.

The lake opposite Dixon's boat-house and around the course presented every kind of craft from punts to steamers, and the judges had their troubles keeping the course clear. The course of the race is the most sacred place at a regatta and to trespass on it is an offence of no small seriousness However, not a single event was interfered with.

'MANITA' DELAYED.

The 'Manita,' which left Lindsay at 12.45 with a couple of hundred on board, was delayed for over an hour at the brick mill by logs blowing across the channel. She did not arrive at the Point until three o'clock.

REGATTA DANCE.

The annual regatta dance was held at the commodious cottage of Mrs. Warner, where a large number of cottagers were present and spent a most pleasant evening. High-class music was furnished by Mrs. Jackson, of Lindsay.

LAND SPORTS.

The land sports for the children were held at six o'clock opposite Mrs. Walkey's, and the children had a great time. These events were looked after by Messrs. A. B. McIntyre, P. J. Pilkey and J. C. Scully.

THE OFFICERS.

Those in charge of the regatta deserve considerable praise for the able manner in which the many events were run off. Mr. W. M. Goodwin, chairman, was a busy man and had his troubles in figuring out the handicap launch races. He did it well, and to the satisfaction of all. Following are the officers:—

Hon. Pres.—J. W. Flavelle
[illegible]
President—A. O. Hogg.
[illegible]
Sec.-Treas.—P. J. Pilkey
Regatta Committee—W. M. Goodwin, chairman; Blair, Clerk, Carlton, Warner, Lloyd Wood, jr.; E. I. Goodwin, D. Cinnamon and Jos. Brown.

WINNERS OF LAND SPORTS

The winners of the land events were as follows—

Boys' race, 12 years and under—1, Paul Harrington; 2, A. Milner.

Boys' race, 9 years and under—1, Arthur Gough; 2, C. Barr.

Girls' race, 12 years and under—1, Dorothy Doak; 2, Gladyess Pilkey.

Girls' race, 9 years and under—1, Hazel Shields; 2, Rose Laughlin.

Boys' boot race, 12 years and under—1, R. Gough; 2, M. Anderson.

Boys' boot race, 9 years and under—1, Gordon Pilkey; 2, Jack Summers.

Girls' boot race, 12 years and under—1, Maggie Bell; 2, G. Pilkey.

Girls' boot race, 9 years and under—1, Rose Laughlin; 2, Robbie Carew.

WATER EVENTS.

Sailing race, 3 miles, for Sturgeon Lake championship flag, open to any class of boat—1, Lloyd Wood; 2, Bert Hopkins.

Swimming race, 16 years and under 1, Keith Carruthers; 2, F. Flavelle.

Launch race, semi-speed, 6 to 10 h.p., 3miles—1, Roy Wilson, Lindsay; 2, 'Sweetheart,' Clerk, Sturgeon Point.

Canoe paddling, boys' tandem—1, Knowlson Bros., 2, Fortt and Warner.

Canoe paddling, girls' tandem—1, Grace Knowlson and Miss Touchburn; 2, Miss Warner and Miss Beal.

Gunwale race—1, W. Knowlson; 2, R. Blomfield.

Open launch race, over 10 h.p., 6 miles—1, 'Swannanoa II.' J. W. Flavelle; 2, 'Idaharmer,' A. O. Hogg.

Dinghy race, 3 miles—1, Bert Hopkins; 2, Lloyd Wood.

Canoe paddling, mixed tandem—1, W. Knowlson and Grace Knowlson; 2, M. Knowlson and Miss Stewart.

Open launch race, Sturgeon Lake championship—1, 'Viking II.' G. H. Hopkins, K.C.; 2, Avis Gordon, Bobcaygeon.

Canoe paddling, four in race—1, Knowlson Bros., R. Fortt, C. G. Warner; 2, L. Wood, Clerk Bros., C. Carruthers.

Tilting—1, Fortt and Bradshaw; 2, Clerk and Warner.

Launch race, less than 6 h.p.—1, D. McFadyen, Lindsay; 2, Oliver, Lindsay.

Upset canoe race—1, W. Knowlson; 2, O. Warner.

Family launch race, 3 miles, less than 10 h.p.—1, Boneka, F. W. Sutcliffe; 2, Sweetheart, Clerk, Sturgeon Point.

WHO'S HERE AND AWAY

Hon. George A. Cox was in the city yesterday.

Mr. J. L. Atwood, of Parry Sound, is in the city.

Mr. J. L. Goodwin, of Moncastle, Ga., is in the city.

Mr. John Lightfoot is visiting friends in Toronto.

Mrs. J. W. White and son, Walter, Pittsburg, are the guests of Mrs. A. L. Martin.

Mr. George Edmore, of Rochester, is the guest of Mr. M. McFadden. Elm street.

Mr. Harold Dancy, who has been the guest of friends in the city, left this morning for his home at Picton.

Mrs. Musson Wainwright and Miss Wainwright, of Hamilton, Bermuda, are the guests of Mr. G. O. Wainwright.

Mrs. W. Read, Superintendent of Y.W.C.A., has returned from her holidays, and will receive friends on Thursday.

Miss Leila Smyth, accompanied by Mr. Roy Smith, left to-day for Brantford, where they will visit their parents for a couple of weeks.

Mr. and Mrs. Bruce Hughes and Mr. and Mrs. Waldron, of Toronto, have returned to the city after a ten days' outing at Buckhorn.

Miss W. Gumpright, of Peterborough, is on a few days' visit with Mrs. W. McCalla, Geneeva street. —St. Catharines Journal.

Mrs. Harry Moore and daughter left to-day for Peterborough, where they will spend a couple of weeks with relatives in that city.—Lindsay Post.

Mrs. J. Kirkwood, of Denver, Colorado. accompanied by her cousin, Mr. Geo. See, is the guest of Mrs Kirkwood's brother. Mr. Geo. MacDonald, Homewood Ave.

Mr. and Mrs. Daly, formerly of this city, when Mr. Daly conducted the Grand Central Hotel, are the guests of Mrs. Cahill, Gilmour street, and will take up their residence in the city.

Mrs. J. A. Smith, of Detroit, Mich., arrived in the city yesterday, after a 4 1-2 years' visit at Stafford, England. She had a quick voyage back, leaving Liverpool by the Empress of Britain on the 12th. Mrs. Smith is visiting her uncle, Mr. John Bell, Park street.

Mr R. M. Bell, of Bay City, Michigan, accompanied by his daughter, are visiting Mr. Sidney Bennett, of Otonabee, for a couple of weeks. Mr. Bell is manager of the forest product traffic of the Michigan Central Railway, and is a brother of Mr. Frank Bell, Division Court clerk. Mr. Bell left Peterborough thirty-two years ago, but he always likes to visit his home town, and renew old acquaintances as frequently as possible.

Mrs. Marling is spending a few days this week in Peterborough with her sister, Mrs. G. Evans Atwood......Miss Olga Kelly, of Peterborough, is the guest of Miss Kathleen Vincent......Mr. Roland Palmer, of Peterborough, was the guest of Rev. A. W. and Mrs. Mackenzie, at "The Grove" on Sunday......Mrs. J. Jayes and Miss Ethel Jayes, of Peterborough, are the guests of Mr. and Mrs. George Baptie at their cottage at McCracken's Landing......Miss Philippa Dela Fosse, who has been the guest of Mrs. Dunn at Stony Lake for the past week ,returned to Peterborough on Saturday last.—Lakefield News.

Girls wanted at the Quaker Oats Co. Steady work. Apply at once.

EXECUTORS' NOTICE TO CREDITORS

IN THE MATTER OF the Estate of Thomas Arthur Allum, late of the City of Peterborough, in the County of Peterborough, Gardener, deceased.

NOTICE IS HEREBY GIVEN pursuant to The Trustees Act and the amendments thereto, that al persons having claims against the Estate of the said Thomas Arthur Allum who died on or about the Fourteenth day of June, 1910, are required to deliver full particulars of their said claims to William Henry Moore, 136½ Hunter Street in the City of Peterborough, in the said County, Solicitor for the Executors, Hephzibah Hannah Allum and Frederick Stenson, of the Will of the said deceased, on or before the **15th** day of **September** next, and also that after the last mentioned date the said Executors will proceed to distribute the assets of the said Estate amongst the parties entitled thereto, having regard only to the claims of which they then shall have notice, and that they will not be liable for the proceeds of the said Estate or any part thereof so distributed to any person of whose claim they shall not have notice at the time of such distribution.

W. H MOORE,
136½ Hunter Street, Peterborough.
Solicitor for the said Executors.
Dated at Peterborough this 23rd day of July, 1910.

SAVED FROM THE KNIFE

Appendicitis Cured By "Fruit-a-tives"

NEWBURGH ONT., Feb. 12th. 1910.

"Just about a year ago, our daughter Ella (fourteen years), was taken with terrible pains in the right side. The pain was so severe that we had to carry her to bed. We at once put her under the care of a first-class doctor, who pronounced it a case of Appendicitis and advised an operation.

We took her to a hospital in Kingston where she was again examined by an eminent specialist. He said she had Appendicitis and *must be operated on at once if we wanted to save her life.* As we had taken her to Kingston to have this done, we were ready, but our daughter was afraid and cried and begged so pitifully, that we postponed it for that day. Luckily for us and for her an uncle came in with some 'Fruit-a-tives' and insisted on Ella taking them. Good results were apparent, almost from the first dose, and the continuous treatment cured her.

'Fruit-a-tives' saved our daughter from the surgeon's knife and to-day she is enjoying the best of health."

J. W. FOX, (Father).
LILLIAN FOX, (Mother).

Words cannot express the gratitude of Mr. and Mrs. Fox. And Miss Ella will always remember "Fruit-a-tives"—the discovery of an eminent physician, and the only medicine in the world made of fruit. 50c. a box, 6 for $2.50, or trial box, 25c. At dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

GUNNER MOIR RECAPTURED FOUND WORKING ON FARM

London Murderer is Back in His Cell and Two Attendants Have Been Placed Under Arrest on a Charge of Assisting Him.

Hamilton, Aug. 22.—Moir, the insane murderer, who escaped from the Hamilton Asylum last Monday morning, is again in his little room in the east building.

Two attendants, Fred McCullough and Monteith Trapnell, have been placed under arrest and will be charged to-day with aiding and abetting in his escape.

Moir was brought from Niagara Falls, where he was caught Saturday. Even when securely manacled, with his hands behind his back, he still had the power to give his keepers a shock. Yesterday morning, he was found with his hands in front of him, and gave as an excuse for his contortionist stunt, the fact that he could not sleep the way he had been left.

Moir's room will be materially strengthened. The window will be bricked up to within eighteen inches of the ceiling, and the aperture will be covered by a thick wire net, so that no missives can be passed in or out. The iron bar of the transom, through which he crawled, will be set in solid lead.

Taggart is still at liberty, but Dr. English is authority for the assertion that his capture is expected daily.

Moir told the detectives on the way up from the Falls that he received assistance from friends he met in the London jail. He denied that an auto had waited for him.

Though Moir refuses to incriminate anybody who helped him, the asylum authorities have conclusive evidence that an auto left the grounds of the institution on Monday morning last, about the time the two maniacs made their escape. Moir said that he had $5 when he recovered his liberty, half of which he gave to Taggart. He explains this friendship for Taggart by saying that he received letters through him when the asylum authorities forbade people writing to himself.

The arrest of McCullough and Trapnell was affected by the city police. Trapnell was suspected of complicity with the breakaway since Monday last by Provincial Detective Miller, and was being watched by the asylum authorities. Last week, the city police received work that McCullough was saying that it was through two master-keys that Moir obtained his liberty, and later a locksmith, it is said, informed them that a man answering to McCullough's description had two duplicate keys made. After McCullough had been arrested by Detectives Bleakley and Coulter, it is understood that he made admissions connecting Trapnell with the manufacture of the keys. On the strength of this, Trapnell was also taken into custody.

FLORENCE NIGHTINGALE IS LAID QUIETLY TO REST

So Quiet Are Her Obsequies That Only Casual Observers See Hearse Carried to the Grave—Wreaths From All Over the World.

London, Aug. 22.—It was a great disappointment to her countless admirers that the executors of the will of the late Florence Nightingale, the Crimean War heroine, felt obliged to decline for her that last tribute which England can pay to her illustrious dead—burial in Westminster Abbey. Indeed, so strictly were her wishes for a quiet private funeral respected that only a few casual passers-by saw the coffin placed in the hearse in front of her residence in South street, Park lane, shortly before 10 o'clock yesterday morning.

The hour set for the departure of the funeral had been kept secret, but the wireless telegrahy of the street soon spread the word and here and there on the route to Waterloo station crowds gathered and bared their heads as the body of the beloved "Lady of the Lamp" passed through the streets of London on the way to be buried in the little west country churchyard at East Wellow, in Hampshire, with her kith and kin.

Miss Nightingale's love for the soldier and the soldier's love for her were recognized as the hearse passed Buckingham Palace and the Wellington barracks. At these places the sentries presented arms and the guards turned out. At Waterloo station, too, from which the public were excluded, the bearer party of the Grenadier Guards was drawn up and carried the coffin to the train. The men accompanied the funeral to East Wellow, where they acted again as bearers at the burial.

Numberless wreaths and crosses were sent to the Nightingale home by individuals and societies. A cross of orchids from Queen Alexandra bore the inscription: "To Miss Nightingale, in grateful memory of the greatest benefactress to suffering humanity, who founded the military nursing service in the year 1855 by her own individual exertions and heroism, from Alexandra."

Wreaths were also sent by King George and Queen Mary, Ambassador and Mrs. Whitelaw Reid and the survivors of the charge of the Light Brigade at Balaclava.

Every hospital in London and many in the provinces sent tributes. There was a chaplet of roses and laurels from the International Council of Nurses in the name of 25,000 members of the National Councils of Nurses of Great Britain, Canada, the United States, Germany, Denmark, Holland and Finland. There were floral tributes also from the American Federation of Nurses, from various regiments and from the Masonic lodges and nursing institutions all over the world.

A national tribute to Miss Nightingale was paid at St. Paul's Cathedral, where there was a memorial service of impressive simplicity similar to those held in the same cathedral for Queen Victoria and King Edward. Seldom has a more remarkable congregation assembled even in St. Paul's, though John Burns was the only Cabinet Minister present. Fully a thousand nurses in uniform represented nursing establishments in all parts of the kingdom. King George and Queen Mary and all the members of the Cabinet sent representatives. Mr. and Mrs. Whitelaw Reid and many Americans were present.

SIX MEN DIE IN DISASTROUS SMASH-UP ON VERMONT RY.

Freight Trains Crash Together at Northfield Falls—Six Men Are Dead, One Fatally Injured, and Seven Others Seriously Hurt.

Northfield, Vt., Aug. 22.—Six men were killed, one was probably fatally injured, and seven others were badly hurt, as the result of a head-on collision between two freight trains on the Central Vermont Railroad at Northfield Falls, two miles north of here yesterday. All the dead and injured belonged to the train crews of the two trains, but only one of the names could be learned, William Brooklyn, conductor of the southbound train. The bodies of two others were taken from the wreck, but were so badly burned by the fire, which started after the two engines piled up, that they could not be identified. The other bodies, it is believed, were incinerated.

The list of injured includes V.D.S. Albert, St. Albans, brakeman on the southbound train, injured about head and breast, probably fatally; Joseph Smith, Haverhill, brakeman on southbound train, skull fractured and hip broken. Taken to Heaton Hospital in Montpelier; B. Wynn, engineer on northbound train, shoulder and hip dislocated; Leon Labuque, St. Albans, fireman on northbound train, skull fractured and ribs broken. Three others are known to have been injured, but their names could not be learned.

The accident occurred on the main line of the Central Vermont Railroad, shortly after 8 o'clock yesterday morning. One of the trains, consisting of an engine, tender and caboose, was bound south from St. Albans, and it is claimed, had the right-of-way on the single track. The other train, a heavy freight of 35 or 40 cars, was proceeding from White River Junction to Montpelier and St. Albans.

Engineers Wynn of the northbound train ran by a signal a short distance past the Northfield station, it is alleged, and a few moments later the collision took place. The engine and eight cars of the heavier train were piled up on top of the smaller train. Immediately the wreckage caught fire, and fury was added to the flames by the explosion of several tank cars containing oil.

There were several cars of live stock on the northbound train, but these were all left standing on the rails, although several valuable trotting horses were killed by the shock.

THIRTEEN ARE DEAD

Forest Fires Cause Huge Damage in Idaho and Montana.

Missoula, Mont., Aug. 22.—Thirteen lives were lost when forest fires spread to the Town of Wallace, Idaho, Saturday night. The property loss is placed at $1,000,000.

The east half of the town has been destroyed, but the flames are believed to be under control.

Elsewhere in the fire zone the situation has gone from bad to worse.

The most serious incident was reported late yesterday afternoon from St. Coe country, where 180 men engaged in the forestry service, are missing, and it is feared they have been burned to death.

When the fire approached the camp, where there were 200 men, two of the fighters took a horse, and riding the animal to death, reached another camp and organized a rescue party, which penetrated the fire at Brid Creek.

Eighteen of the men were found in the water, where they had gone for safety. They were unharmed. Of the remaining 180 no word has been received.

Merciless and relentlessly the forest fires in western Montana and Idaho are sweeping over a vast area, driving hundreds of fugitives before them, destroying small settlements and [illegible] lars' worth of property.

Communication with Wallace to the west has been possible at intervals to-day, but eastward it is entirely cut off. It is known that the entire east half of the town above Seventh street has been burned. West of that a hard fight is being made, and with an improvement in the water supply there is more chance that the flames may be driven back.

Early Saturday evening the mayor of Wallace ordered the chief of police to impress into service every able-bodied man in this city to fight forest fires. Some refused, and were either jailed or run out of town.

ANOTHER AIRSHIP LINE PLANNED

Pittsburg, Aug. 22.—Eight dirigible airships were contracted for here on Saturday when the United Airship Co. of Baltimore, through its manager, Jean Belgiano, signed a contract with Capt. R. C. Millman. The deal involves about $200,000. It is planned to operate the dirigibles between Baltimore and Washington.

Belgiano has organized a $1,000,000 corporation to operate his line. Millman was associated with Santos-Dumont and Jean Goudet of France, and has been working on air navigation projects for twenty-two years. The dirigibles are to cost $25,000, and a bonus of $2,500 is to be paid for each mile above thirty miles an hour and $1,500 for each miles above thirty-five miles that they may develop in speed. The airships will each carry sixteen passengeres and will be 220 feet long.

BRIDGE TENDER DROWNS IN CANAL

Welland, Aug. 2.2—Hiram Young, aged 45, was drowned in the sight of his wife at the Michigan Central bridge, across the Welland Canal here, Saturday night at 7.30. Young was night watchman on the bridge, and was assisting to close it after the passing of a vessel. The end bound, and he was prying with a bar, which slipped, and he fell headlong into the river. He was unable to swim and his fellow workmen were all at the opposite side of the canal. His wife was at his side at the time. The body was not recovered until an hour later. He leaves two children.

HORSE SHAKES MAN

Tacoma, Aug. 20.—Lying in St. Joseph's Hospital, Perry Beeching is recovering from a vicious attack made upon him by a blooded stallion which he was exercising at his place near American Lake. The horse, in a sudden burst of fury, seized Beeching by the nape of the neck with his teeth and shook him as a terrier would a rat. When the horse released his hold and Beeching dropped, the stallion then caught him by the leg, inflicting a bite which broke the bone. Beeching beat the horse off.

FOOLHARDY SWIMMER DROWNED

Goderich, Aug. 22.—Yesterday afternoon about three o'clock William Offord, a carpenter, was drowned in the harbor. He was bathing, together with companions, at the bathing beach where the water is quite shallow, when it was proposed that they go into the harbor. Offord could not swim, and for a while contented himself in watching his companions from the pier. When he informed them [illegible] the top of the pier, they endeavored to dissuade him. There is about 20 feet of water. He came up about six feet away from the pier, but did not succeed in getting his head above the water.

UNION BASIS APPROVED

Victoria, B.C., Aug. 22.—No session of the Methodist Conference was held Saturday. During the forenoon and evening the committees continued their work. Delegates took the afternoon for recreation and sight-seeing. Several rinks of members of the conference, under the direction of W. A. Briggs, Toronto, played with local bowlers on the club grounds. The committee on Church Union has given eight whole sessions to the consideration of the basis of union, and the opponents of the scheme have had every opportunity of stating their objections. When a vote was taken the basis was approved, only six members out of fifty opposing. When the report is presented to the conference it will doubtless be approved by a large majority.

PANIC AMONG THE REBELS

Washington, D. C., Aug. 22.—The provisional government of Nicaragua is tottering to its fall, the Madriz army is demoralized and Dr. Madriz, his general in chief, Toledo, and Dr. Irias, are preparing to flee the country.

This, in effect, is the advices received by the State Department yesterday from U. S. Consul Olivarez at Managua, and these advices are confirmed by despatches from Mr. Johnson, U. S. Consul at Corinte.

Three Fatal Accidents.

Halifax, Aug. 22.—Three fatal accidents occurred in the province yesterday. Bella Craven, aged 21, of Dundee, Scotland, was drowned while bathing in Bedford Basin. George Doyle, aged 23, an I.C.R. brakeman, was crushed to death between two cars at Port Mulgrave, and Elias Barber, aged 65, fell into the hold of a vessel at South Maitland and was killed.

ON THE WAY TO ENGLAND

Dr. Crippen and Miss Leneve Taken Home to Face Trial.

Quebec, Aug. 22.—Dr. Harvey Hawley Crippen, charged with the murder of his wife, Belle Elmore, in London, England, last January, and arrested on the steamship Montrose at Father Point three weeks ago yesterday, as well as Miss Ethel Clara Leneve, arrested with him, left for England on Saturday night on the White Star Line steamship Megantic.

The stay of the couple at the Quebec jail was brought to a sudden termination early Saturday morning, and, in charge of Inspector Dew, Detective Mitchell and two wardresses of Scotland Yard police headquarters, England, they are now on board the Megantic, which also took on board the Queen's Own Regiment of Toronto, and which sailed at 7 p.m.

Dr. Crippen and Miss Leneve were rushed out of the jail to commence their trip to Europe at a few minutes before eight o'clock. Both the prisoners and the prison authorities were kept in absolute ignorance of the pre[illegible] removal until a little more than half an hour before the doctor and his companion were driven away.

It was shortly after seven o'clock that three closely-covered carriages drove up to the jail, and, in order to avoid unnecessary publicity, were taken into the courtyard to await the readiness of the prisoners. The preparations of the latter did not take long, for they had already breakfasted. They took time, however, before leaving the prison, to express their gratitude for the manner in which they had been treated there.

SWEDEN HAS MODIFIED THE TAX ON PULP

New York, Aug. 22.—The Swedish Government has, it is announced, modified the taxation of wood pulp in Sweden to meet the requirements of the Aldrich-Payne tariff act, which imposes a countervailing duty on wood pulp and print paper imported from countries in which an export duty on wood pulp is levied.

By a royal ordinance, the tax, previously paid only upon exported wood pulp the proceeds of which were used for the support of the Swedish Department of Forestry, has been extended to apply to all wood pulp produced in the country.

PROGRESS OF ESTRADA'S ARMY

Washington, Aug. 22.—Estrada's army has succeeded in crossing the Hipitaps River in Nicaragua, after 24 hours fighting with the Government troops, and is now encamped before Granada, ready to advance upon the capital, Managua, less than 50 miles away, according to cable advices received from Bluefields by Senor Castrillor, Estrada's representative in Washington.

Thresher Killed.

Essex, Ont., Aug. 22.—John Powell, a resident of North Ridge, was almost instantly killed Saturday while working as a thresher at the farm of John Austin. He was feeding, when he became caught in the belt, and his body was carried into the machine. His head was almost completely severed.

LATE TICKS FROM WIRES

Hugh McFayden, jr., of Glenarm, committed suicide by hanging himself.

Lieut. Vivaldi of the Italian army was killed by a fall from his aeroplane.

A man believed to be William Kane of London, Ont., was found dead at Emerson, Man.

George Fralick of Sarnia was drawn under the wheel of the steamer Butler, which was towing his skiff, and killed.

The Canadian Salt Co. will have a quarter million plant at Sandwich, in return for a ten years' assessment of $35,000.

A falling smokestack crashed through the skylight of Peddle & Co.'s store at Windsor, but the damage was not serious.

Police Chief Caswell of Narragansett Pier, R.I., was arrested for manifeasance of office in protecting gamblers during a recent raid.

[illegible] ed cruiser to be, was launched at Portsmouth, in the presence of King Alfonso on Saturday.

Archbishop Bruchesi of Montreal will personally provide for the six children of John O'Keefe, who shot his wife and himself.

Roosevelt denies that he had sent any ultimatum to Taft to "break" from Vice-President Sherman; nor that he has sent any communication to the President.

The daughter of Sir Reginald MacLeod, Under Secretary for Scotland, will go into the heart of Africa to erect a marble cross where her fiance, Lieut. Boyd Alexander was murdered and buried.

DETECTIVE SHOT DEAD BY ROUGHS

Oyster Bay, N.Y., Aug. 22.—George Gostelli, a New York detective, who was well-known for his great strength, was murdered early Saturday. He was killed in a fight with a crowd at the landing of the Seawanhaka Yacht Club's boat house here. Gostelli had been acting as keeper of the boat house during the summer, while he was recuperating from a bullet wound. An attempt was made to assassinate him in New York last spring.

Gostelli had had trouble all summer with a crowd of men who insisted on loitering about the boat house, and a week ago he fought several of them single handed, driving them away. Half a dozen of them went to the boat house Friday night and Gostelli drove them away. They returned, one of them carrying a shotgun. Three shots were fired, two from the detective's revolver and one from the shotgun. Gostelli fell dead.

Gostelli came to America several years ago from Denmark. He said little of his past life. He prized greatly a seal ring on which was a coat of arms. He was believed to have been a member of a noble family.

Went 25 Feet In the Air.

Montreal, Aug. 22.—Blown into the air 25 feet, but lucky enough to come down on the quay at Lachine, was the experience which befell yesterday a man named McCartney. It was while mending a leak in his gasoline tank on a launch that the accident occurred.

McCartney, though unconscious for a while, was not seriously hurt.

WORTH $30,000,000

New York, Aug. 20.—Miss Dellaripa Richardson, said to be worth more than $30,000,000, was evicted to-day from the home in which she had lived since her birth 50 years ago because she would not surrender possession to the man to whom she had sold it. A city marshal finally had to chop his way through the front door.

Miss Richardson is one of the wealthiest women in the world. When her father, Joseph Richardson, died in 1807, she inherited the bulk of his great fortune, and has since lived frugally with a maiden cousin. Although she sold her home, she would never allow the buyer on the premises, and he had to make his plans for rebuilding it from outside observations.

PORTUGAL COMPLAINS OF NUNCIO

Lisbon, Portugal, Aug. 22.—The Government of Portugal has protested to the Vatican against what it considers the objectionable attitude of the papal nuncio at Lisbon, Mgr. Dr. J. Tonti, during the present period of tension between Lisbon and the Vatican.

One difficulty arose over the action of the Roman Catholic archbishop of Braganza suppressing a Franciscan [illegible] without submitting the order to the Portuguese Government for approval, for which he was censured by the Government and his action nullified.

A bill drafted by the Minister of Justice providing that the civil authorities instead of the clergy shall keep the registers of births, deaths and marriages, which threatens a considerable source of income of the clergy, is also causing friction.

DROWNING AT WINDSOR

Windsor, Aug. 22.—While Achille Lesperance's attention was called to a large crowd which had gathered at the Walkerville ferry dock Saturday noon, where he was told that a small child had just been drowned, he did not realize that the unfortunate victim was that of his own six-year-old son, Alfred, until the body had been recovered from the water about a half-hour later. The little fellow, with his eight-year-old brother Philip, had been left alone at the family home, 54 Aylmer-avenue, Windsor, while the mother went to the market.

MAYOR GAYNOR ABLE TO SIT UP

New York, Aug. 22.—Mayor William J. Gaynor sat up for thirty-five minutes Saturday afternoon in his room at St. Mary's Hospital, Hoboken. He thoroughly enjoyed the experience and wanted to stay up longer, but the doctors officially vetoed his wishes and he reluctantly consented to go back to bed.

Girl Shot Near Charlton.

Charlton, Aug. 22.—The young daughter of Mrs. McCarroll was accidentally shot in the arm Saturday. The child's father was accidentally killed last fall when returning from a moose hunt.

Skull Fractured.

Belleville, Aug. 22.—Allan Brant, a young Indian who was working at the Lehigh Cement Works, near this city, was struck on the head by a steel rail which was being used as a lever by some workmen. His skull was fractured and he received four ugly scalp wounds besides. It is feared his injuries are fatal. He is 23 years old and lives on the Mohawk Reserve.

CLIMAX TO THE TRIP

Sir Wilfrid Laurier and Party Arrive at Prince Rupert.

Prince Rupert, B.C., Aug. 22.—Arriving at the western terminus of the Grand Trunk Pacific at four o'clock Saturday afternoon, Sir Wilfrid Laurier reached the climax of his transcontinental tour.

Much more was demanded of the Premier than his physical strength permitted. The 50-mile sail from Victoria to Prince Rupert was accomplished under ideal weather conditions. Capt. Nicholson, formerly of Sarnia, took charge of the party on the "Prince George." A close watch was kept for the steamer, and as the "Prince George" approached the entrance to the harbor, the steamers Kestrel, Falcon and Bruno, with a large flotilla of launches, escorted her to dock, three blasts of giant powder, whose detonations awakened the repose among the hills.

The town was gaily decorated, and an immense crowd lined the docks. The Premier, on his arrival at the Government building, received several addresses from the city, Daughters of Empire, French-Canadian citizens, who looked forward to receiving the ships of the Canadian navy, and various Indian tribes, one being engraved on a paddle.

In reply Sir Wilfrid said that Prince Rupert is the latest example of Canadian enterprise. He had learned from [illegible] the G.T.P. had not been built one moment too soon. [illegible] he was more than pleased with the sentiments of patriotism and loyalty contained in the addresses from all sections, and asserted that only under British institutions could such peace and happiness prevail.

A banquet was tendered to the visiting party Saturday evening at ten dollars a plate. The Premier spent yesterday resting.

THE REAL COMET STILL TO COME

Paris, Aug. 22.—Col. Marchand, the hero of Fashoda and a noted astronomer never believed that the comet which made its appearance in June was Halley's comet, which he believes is not due until September.

The Gaulois is trying to identify the comet which Metcalf of Taunton, Mass., recently discovered and which has since been observed at Paris, Lyons and Marseilles as really the comet of Halley.

Italian Dreadnought Launched.

Naples, Aug. 22.—The first Italian Dreadnought, the Dante Alighieri, was launched at the Castellamare navy yard. The King and Queen, the representatives of the various legations and the Minister of Marine witnessed the launching.

New Inspector Appointed.

Ottawa, Aug. 22.—The Canada Gazette announces the appointment of Harold Clarke of Toronto to be assistant inspector of gas and electricity in the gas and electricity office at Toronto.

ACCIDENT MARS HIS TRIUMPH

Greenwich, Conn., Aug. 22.—Clifford B. Harmon of this place, business man and amateur aviator, late Saturday made the first flight across the Long Island Sound, in a heavier-than-air machine.

His machine when landing, ran some distance into a clump of tall grass and weeds and was considerably damaged, the chassis being broken.

Harmon started his flight from Garden City at 6.15, and landed in Greenwich at 7.05, covering a distance of about 28 miles.

The Daily Review

MONDAY, AUG. 22, 1910.

GENTLEMEN, PLEASE READ

THERE ARE A COUPLE OF INTERESTING ARTICLES IN THIS PAPER WHICH THE BOARD OF HEALTH AND MEMBERS OF THE COUNCIL OF GARBAGEFUL PETERBOROUGH ARE RESPECTFULLY ASKED TO READ.

ON SUNDAY

However, one cannot help but think that with all the preaching, praying, singing, testifying and collection taking every Sunday in Peterborough, that we should all be church members. Yet there are hundreds in Peterborough who never go to church. Thousands who attend but once in a while, and many, very many, who would not go if it were not to help business, or to appear respectable, or to show those new clothes.

MODIFIED FOOTBALL

Modified football will be introduced across the line. That means that there will not be as many people killed this year as formerly. Nor will there be as many noses broken, as many ears torn off, or as many eyes gouged out. However, it is doubtful if it will be as interesting to the spectators. Many good people who would spurn a prize fight, where everything is on the level, enjoy these indiscriminate fights, where men are carried off the field on stretchers, sometimes maimed for life, or very often with serious injuries. However, that is one of the peculiarities of the race, and yet it does seem funny that a curate, rector, clergyman or respectable business man can relish a football fight, and will turn his back on a good boxing exhibition.

[illegible] FIVE DAYS IN JAIL

Over in St. Paul is a judge named Finehout. A bank president was arraigned and charged with speeding his automobile within the city limits. He had run into a rig and tipped out the occupants, slightly injuring them.

"I didn't mean it," he said.

"Forty-five days in jail, without the option of a fine," is what the judge said, and when the bank president comes out he will be more careful for the common people. You're all right judge. What better is a bank president than the man who carries a dinner pail?

ADMIRAL KINGSMILL

The Toronto Star's correspondent in London, says that Admiral Kingsmill snubbed him. The Admiral must be getting a swelled head. The writer some years ago shared the same section in a sleeper from Halifax west, and found him a very affable fellow. However, he wasn't an admiral then. It's strange how some people get stuck on themselves when they get up a bit in the world. Kind fortune is good to them, they are given a raise in position, or they are left a bit of money and then they put on airs. Their old friends are not good enough then. What sense is there in this. You sir, are clever in law, you take to it naturally, or you are clever in medicine and surgery, or you are a natural born salesman or musician. Don't be conceited. It was a gift and the same Hand that gave it you might take it away.

HALF AS MUCH ALL ROUND

Half as much all round

In this paper is published a very interesting summary of the wage and living conditions in the Old Country. It will be seen that the workman across the sea in England, Ireland or Scotland gets about half as much (and sometimes not that) as the workman here. But look at the rent, it is about half as much as it is here. Then look at the question of clothes again the price is in favor of England by a big margin, about half as much, so what odds whether in England or Caanda. The landlord, the tailor, will get a good share of it any way, no matter whether we are making fifteen dollars a week or eight dollars; twenty five dollars or fifteen dollars. The same applies to the west. The wages in the west are larger than here. But then so are the expenses.

THE PUBLIC MAN

It's hard work being a public man, a leader. Take Sir Wilfrid Laurier, it's dollars to dough nuts that he has long since wished to retire. The glamor of office soon palls. Think of the addresses he has to listen to, addreses of hot air and blarney. Think of the handshakes, the slobbering politicians. Some want a favor for themselves, some for their friend, some for their friend's friend, and some for their friend's friend's friend. Is he tired? It is announced. Has he a head ache? It is wired across Canada. Does he sneeze? The intelligence is made known. "The Premier is suffering from a cold." Does he smile? He is most affable. Does he remain silent. He is not in good spirits. Many the time Sir Wilfrid Laurier has wished for the hour alone. But it's hard to get. He is paying the price of the Premiership in more ways than one. So does every man who occupies a pedestal in shop or state. Happier far the average man.

THE GLORY GONE

Nothing succeeds like success. There's nothing new about this saying. But there is perhaps no proverb truer than this. If a man succeeds in business see how his friends commence to arrive. But let him fail,——. The rule holds true in love, in sport, in everything in life. Take Guelph and its baseball team. A few years, twenty or thirty years ago, seven or eight thousand people used to turn out to see the Maple Leaf baseball club bring honor to its town, and when in the years gone they played Boston for the championship of America, 15,000 people were in Guelph at that game. But only the memory of the Maple Leaf team remains and the crowds attending the fitful games there now, are very small. A few years ago in Guelph perhaps half a hundred people would attend a lacrosse match. The team was no good. Last week a special train of enthusiasts accompanied their junior lacrosse team to Galt. They lost there, but they are a fine little team, and are doing good work. Peterborough, Belleville, St. Thomas, Woodstock can look back and see the days when they had top notchers in some line of sport but the glory is gone. Who will revive it, and when?

AT LITTLE LAKE CEMETERY

Thousands visited Little Lake Cemetery yesterday, and under the sunshine of a beautiful Sabbath a monument was unveiled in memory of [illegible] Woodmen of the World, and hundreds of other graves decorated by private citizens, ladies and children. Flowers are beautiful, whether they grow on the bosom of a frog pond, the back yard of a poor woman or the garden of a millionaire. They cheer many a sick one, they bedeck the blushing bride, and enliven the parlor of to-day. But when the dead are buried they are there. Why the flowers on the grave? Why not hand them to the living, not only flowers that exhale a perfume and are dressed in splendid colors, but the flowers of a kind and a good cheer, a smile and a hand clasp in the living here and now. And some well-meaning hands planted several bouquets on Henderson's grave. Had livelier hands directed this poor fellow on earth he would not have been buried a murderer.

Monuments are splendid tokens of respect, great the monument, supposedly great the life, but what monument can describe the life of Cardinal Newman, who wrote "Lead Kindly Light?"—can describe it better than the hymn. We are making our real monuments to-day. What monument can fittingly describe the life of General Booth, now treading toward the sunset, or Florence Nightingale, just gone?

VACATION ETHICS

The fact that many people seem to have two codes of morals—one for home use and the other for vacation purposes—has been frequently remarked. This has received confirmation in the recent raid on what is described as a "fashionable" gambling resort at Narragansett Pier.—Hamilton Herald.

This is quite true. They also have two codes of manners. At the sea shore they exhibit their legs. In the ball room it is their arms and bosoms. In the summer the lakeside or seashore girl is chummy with a man that she won't think of or speak to let alone correspond with when the frivilous season is past. And man, poor man, he works hard and saves up for his holidays and sometimes gets on a real old fashioned jag, or goes fishing and swears at the flies, at the mosquitos, or at the fish that he didn't land. Then he comes back, and is once more sober, sedate and sensible. Yes, the holiday season is the Dr. Jeykell and Mr. Hyde time of the year. We get out of ourselves for better or for worse.

THE DOG WASN'T TO BLAME

Alameda, Cal., Aug. 20.—Radium, an aristocratic French bulldog, arrived here in a special Pullman car accompanied by Mr. and Mrs. Frank C. Drew, Mrs. M. A. Churchill, and a maid. One section of the coach was given over to the dog, for whose comfort the car was chartered for the ride across the continent at an expense of $2,000. Radium was purchased at a prize dog show in Paris and presented to Drew by his wife.

And still we wonder why Socialism is growing. It is the apparent and very real indifference of the rich for the poor, the extravagance and foolish wasting of money that is making the cause grow, in spots, otherwise most unlikely. A dog, a damn dog, good enough in its place, but a dog the cause of a Pullman being chartered at $2,000, and worthy poor people, hungry barefoot children in rags, and the discouraged from poverty in every big city, that's tough. But then the dog isn't to blame.

THE HUDSON BAY RAILWAY; LAURIER'S FAKIR RECORD

The Hudson Bay Railway appears from Sir Wilfrid's numerous speeches, to be the great project by which he hopes to enthuse and carry the west.

Sir Wilfrid is now telling the people of the west, with much iteration and unction, that he always has been warmly in favor of this project, and that nothing but Tory opposition has prevented the carrying out of the scheme.

In both clauses of Sir Wilfrid's declaration on this subject, he does violence to the truth.

A brief history of the project for the past twenty years, shows that there has never been any Tory opposition" to it, and that the main reason why the railway has not been built has been "Liberal opposition," and Sir Wilfrid's persistent pursuit of the policy of humbug in which he is a past master.

When this subject of building a railroad to Hudson Bay was first mooted and brought before the Dominion Parliament some twenty years ago, it was objected to by the Liberal opposition on the ground, as explained by Sir Richard Cartwright, that it would not provide a route for the export of wheat at the end of the season of growth.

But in the face of this Liberal opposition, the alleged "Tory" Government of that day looked upon the project with sufficient favor to send an expedition to Hudson Bay to investigate the possibilities as to navigation.

The so-called "Tory" Government did more.

Following the practice then in vogue for the [illegible] of railway building, that Government offered various subsidies and subventions to encourage the investment of private capital and enterprise in that project.—Herald Halifax.

THE FLY NUISANCE.
Lethbridge Herald.

The local Board of Health is issuing cards to the public telling them how to deal with the fly nuisance and the people of this city would do well to heed carefully what it says. There is no doubt that flies are one of the most serious spreaders of disease. This is especially true of typhoid fever, tuberculosis and other diseases. If there were no flies there would be a great deal less of disease, and if there were no filth there would be no flies. In filthy and decaying substances the flies become infected and by carrying the germs on their bodies they infect food on which they alight. This is especially true of milk, butter and meat.

Not only do they become infected in filth and decaying matter, but there it is that they breed. The card issued tells how refuse and waste should be cared for so as to prevent their becoming breeding places for flies. Instructions are given how to keep flies out of the house, and also how to kill them.

This is a very important matter, as more lives have been lost by flies than anyone has any idea. People have often wondered how disease got into the house when many times the cause was no doubt due to flies. Every citizen should do his best to co-operate with the Board of Health to abate the nuisance as much as possible.

HOWEVER, OUR BOARD IN PETERBOROUGH ENCOURAGES FLIES.

Brighter tints are predicted for the coming season.

Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. The Lure of the Mask

By HAROLD MAC GRATH

Copyright, 1908, by the Bobbs-Merrill Co.

"He is coming this way again, Dan."

Hillard changed his mind. He pushed back his hat. If the man with the scar saw him and spoke he would reply. The colonel, glancing at the pair, halted. He turned and spoke to his brother officer. The man with the scar stepped over to the table and leaned with his hands upon it. There was a savage humor in his dark eyes.

"Did I not tell you that we should meet again?" he said to Hillard.

"Are you speaking to me?" asked Hillard. Every muscle in his body was alert and ready.

"Certainly I am speaking to you. This is the fellow," speaking to his companion, at the same time drawing off his gloves.

"I object to the word fellow," said Hillard. "Besides, I don't know you."

"Ah, discreet!" sneered the man with the scar.

"Colonel!" cried the subaltern as his senior smoothed the gloves and placed them carefully in his left hand.

"Oh, I am calm! But I have been dreaming of this moment. Now!" The colonel readdressed Hillard. "You meddled with an affair that night in which you had no concern."

"Are you quite sure?"

"Yes, I am sure. And yet as I think it over, as I recollect the woman," went on the colonel with a smile which was evil and insinuating. "In Monte Carlo I was practically alone. Here it is Florence. Doubtless you will understand." He struck out with the gloves.

But they never touched Hillard's face. His hand caught the assailant's wrist and with a quick jerk brought him halfway across the table. The Italian cried faintly. Hillard spoke tensely:

"Listen carefully, signor. I understand perfectly, but I shall fight no duel. It is an obsolete fashion. A blackguard I know you to be. If you ever address me again I promise to give you a whipping which will have a lasting effect upon your future actions. If that will not serve I shall appeal to the police."

Through the crowd the ever present carabinieri shouldered their way. The colonel motioned them to stand back, which they did with a sign of respect. This sign gave Hillard some food for thought. His antagonist was evidently a personage of some importance.

"Figure of an American pig!"

Hillard laughed.

The scar was livid on the Italian's cheek. His companion laid a restraining hand on his arm. He nodded, and

Hillard spoke tensely.

the two made off. Merrihew was for going back to the hotel. Hillard agreed.

"I wanted you to give him a good stiff punch," said Merrihew.

"We should have slept in the lockup overnight if I had. If our friend is left handed he'll be inconvenienced for a day or two. I put some force into that grip. You see, Dan, the Italian still fights his duels. It would have been a fine joke if I had been fool enough to accept his challenge. He would have put daylight through me at the first stroke."

"Did you notice how respectful the carabinieri were?"

"It set me thinking. Oh, I've a premonition that we haven't seen the last of this distinguished gentleman!"

After luncheon the next day they were entering the Via Tornabuoni when a young woman came out of a little millinery shop. Immediately Hillard stepped to one side of her and Merrihew to the other.

"You cannot run away this time, Kitty Killigrew!" cried Merrihew joyously.

* * * * * * *

In the Villa Ariadne the wonderful fountain by Donatello was encircled by a deep basin in which many generations of goldfish swam about. Forming a kind of triangle about the basin were three ancient marble benches such as the amiable old Roman senators were wont to lounge upon during the heat of the afternoon. A maiden sat on one of these benches, her arms thrown out on either side of the crumbling back, her chin lowered and her eyes thoughtful.

Merrihew stole up from behind with all the care of a practiced hunter. Then he put his hands over her eyes. She struggled for a brief moment, then desisted.

"It is no puzzle at all," she declared. "I can smell horse, horse and again horse. Mr. Merrihew"—

"Yes. I should have fetched along a sachet powder. I remember but one thing, Kitty, and that's you." He sat down beside her. "There's no doubt that I reek of the animal. But the real question is, How much longer are you going to keep me dangling on the string? I've been coming up here for ten days now."

She had dressed expressly for this moment, but Merrihew was not going to be told so.

"But am I to be blamed if, after having refused twice to marry you, you still persist?" Kitty assumed a judicial air.

"But you haven't refused me this time."

"Because I wish to make it as easy as possible for you." Which of the two meanings she offered him was lost upon Merrihew.

"Come, let us be sensible for ten minutes."

Merrihew laid his watch on the bench beside him.

Kitty laughed rollickingly, for beneath her furbelows and ribbons and trinkets she was inordinately happy and light of heart. Her letter had come. She was only waiting for the day of sailing.

Merrihew reached out and caught her hand.

"Oh, I said let us be sensible for ten minutes!" she demurred.

"Kitty, will you marry me?"

"Could you take care of me?"

"I'll work."

"Oh, if you were only rich!"

"You don't mean that, Kitty."

"No," relenting, "I don't. But you bother me."

"All right. This will be the last time. Will you marry me? I will do all a man can to make you happy. I love you with all my heart. I know. You're afraid. You've an idea that I am fickle. But not this time, Kitty; not this time. Will you?"

Then without further hesitance, in-

"Is it dishonorable for me to love you?"

different to the future or the past, conscious only of the vast happiness of the present, Kitty laid her hand in his. He would have drawn her into his arms had not they both seen O'Mally pushing through the box hedge, followed by some belated tourists. Merrihew swore softly, and Kitty laughed.

On the terrace the tea table dazzled the eye with its spotless linen, its blue canton and its bundle of pink roses. Hillard extended his cup for a second filling. La Signorina vaguely wondered where Kitty was. She needed Kitty at this moment.

How inexplicable were the currents and cross currents of life! She had met a thousand men handsomer, more brilliant. They had not awakened more than normal interest. And yet this man, quiet, humorous, ordinarily good looking, aroused in her heart discord and penetrated the barriers to the guarded sentiment. Why? Always this query.

She gathered up a handful of the roses and pressed them against her face, breathing deeply.

"If I were a poet, which I am not"— He paused irresolutely.

"You would extemporize on the beauty of the perspective," she supplemented. "How the"—

"I was thinking of your hair," he interrupted. "I have never seen anything quite like it."

She had recourse to the roses again.

"You have not told me the real reason why you sang under my window that night."

"Have I not? Well, then, there can be no harm in telling you that. I had just signed the contract to sing with the American Comic Opera company in Europe. I saw the world at my feet, for it would be false modesty to deny that I have a voice. More disillusions. The world is *not* at my feet," lightly.

"Will you answer a single question?"

"I can make no promise."

"Is there another man?"

Silence, which grew and lengthened.

"What do you mean?" she asked evenly.

"In Venice you told me that there was a barrier. I ask now if this barrier be a man."

"Yes."

A wrinkle of pain passed over his heart. "If you love him"—

"Love him! No, no! I had hoped you would not speak like this. I relied upon your honor."

"Is it dishonorable for me to love you?"

"No, but it is for me—to permit you to say so!"

He was pale, but not paler than she.

"I offer you nothing, Mr. Hillard, nothing—no promise, no hope, nothing. A few days longer and we shall separate finally."

Merrihew and Kitty came into view.

"It is all over," said Merrihew exultantly. "Kitty has promised to marry me as soon as we land in America."

La Signorina took hold of Kitty's hands.

"Is it true, Kitty?"

"Yes, ma'am," Kitty answered, with a stage courtesy. "I have promised to marry him, for there seemed no other way of getting rid of him."

This caused real laughter. La Signorina relighted the tea lamp, and presently they were all talking together.

They laughed quietly as they saw O'Mally gravely conducting his charge to the gates. He returned with Smith. Both were solemn visaged.

"Well, noble concierge?" inquired La Signorina. "Why, you look as if you were the bearer of ill tidings."

"I am," said O'Mally.

"What has happened?" asked Merrihew.

"Enough," said O'Mally laconically. He directed his next words to La Signorina. "You are sure of this friend of yours, the princess?"

"Certainly," answered La Signorina, her astonishment increasing.

"She gave you the right authority?"

"Absolutely," more and more astonished.

"Well, before I swing the thunder let me tell you something," said O'Mally. "I was in Florence a few days ago. I made some inquiries. It was impertinent, I know. I interviewed four or five hotel concierges. Only one of them ever heard of the name. This concierge directed me to another, but as he spoke only Italian we could not make things fit. But when I mentioned the princess' name he laughed, as if something highly amusing had hit him. The main thing is this, your princess has played us all rather a shabby trick. In the letter you read to us in Venice she said that she had never visited this villa."

"Only in her youth," replied La Signorina, her brows drawing together in a frown. "To the point at once."

"It is simply this. Our little jig is up," responded O'Mally. "Read these and see for yourself." He gave to her a broad white envelope and a clipping from La Nazione of the day before.

She seized the clipping eagerly, but the eagerness died from her face quickly, leaving it pale and stony. The clipping fluttered to the ground. Her gaze passed from one face to another, a horror growing in her eyes. Slowly she picked up the envelope and drew out the card.

"Tell me, what is it?" cried Hillard, troubled.

In answer she gave him the card. He read it. It was rather a knock. Now, why should the Principessa di Monte Bianca take it into her head to give a ball in the Villa Ariadne Wednesday week when she had loaned the villa indefinitely to her friend La Signorina?

CHAPTER XVII.

MORE TANGLES.

HILLARD passed the card to Merrihew, who presented it to Kitty. Smith had already seen it. He waved it aside moodily. La Signorina's eyes roved as in an effort to find some way out.

"It's a pretty kettle of fish," said O'Mally, rather pleased secretly in having created so dramatic a moment. "There's nothing for us to do but to clear out, bag and baggage."

Then La Signorina rose to her feet. She took the card from Kitty's fingers, tore it into many pieces and flung them over the wall.

"We have been betrayed!" she cried, a storm in her eyes.

"Betrayed? In what manner?" [illegible]

"Her highness has had no hand in this. I know. Some one with malice has done this."

La Signorina, her arms folded, her lips compressed into a thin line of scarlet, the anger in her eyes unabated, began to walk back and forth.

O'Mally gripped Smith by the arm and pointed to the gates.

Two carabinieri and an inspector of seals, dusty, but stern of countenance, came up the path. The inspector came on. Without touching his cap—a bad sign—he laid upon the tea table a card and a newspaper, familiar now to them all.

"Signora," he said politely, but coldly, to the whilom prima donna, "will you do me the honor to explain this? We have some doubts as to the authority upon which this invitation was issued."

She spoke evenly, almost insolently. "The invitation is perfectly regular."

Everybody experienced a chill.

This time the inspector bowed. "Then her highness will occupy her villa?"

"She is already in possession. I am the Principessa di Monte Bianca," calmly.

Had an earthquake shattered the surrounding hills and gulfs opened at their feet it could not have spread terror more quickly among the transient guests at the Ville Ariadne than this declaration. They knew that she was not the princess, and here, calmly and negligently, she was jeopardizing their liberty as well as her own. She was mad.

The keen eyed inspector took mental note of these variant expressions.

"Your highness," he said, his cap setting the dust on the stones flying, "a thousand pardons for this disagreeable intrusion. It was not officially known that your highness was here."

"It is nothing," replied the pseudo princess. "Only I desired to remain incognito for the present."

"And the seals?" purred the official.

"We shall go through that formality the morning after the ball. At present I do not wish to be disturbed with the turning of the villa upside down, as would be the case were the seals removed."

To be continued.

Checkered gauzes in white and black are stylish, the foundation matching one of the checks.

Rhinestones appear on everything of the jewelry nature.

OUR NEW FOWLER

Toric Lenses

For Spectacles and Eyeglasses, are the latest optical improvement. These lenses are spoon shaped, curved like the eye, and fitting around it. Whichever way you look, you look straight through a part of the glass, not slantingly: and besides there is quite a protection from dust and wind. A great many people of Peterborough have procured them and are delighted. We grind these Toric lenses as well as the flat kind.

ALL WORK GUARANTEED

MANY LIVES ARE LOST AND MILLIONS IN MOMEY

Thousands of Miles of Rich Timber Lands are Blazing

Fire Rangers, City Firemen and Soldiers Fighting the Flames--Worst Forest Fire in the History of the States

Special to the Review.

Helena, Mont., Aug. 22.—Five thousand square miles of timber land in western Montana and Eastern Idaho are ablaze to-day, and as much more territory has been laid waste by the worst forest fires in the history of the United States. The property loss is already $20,000,000, according to careful estimates, and desperate efforts of an army of 5,000 men to check the flames have proved futile. It is believed that the death list will be over 300 when the finals ccounting is in. Fully 200 persons have been reported missing, and the known dead to-day numbers more than fifty. At Wallace, Idaho, where a third of the city was destroyed with $10,000,000 loss, and the death of 24 persons, a fight was made all night, and is being continued today to save the rest of the city. The forest rangers and the city firemen there are aided by the colored soldiers of the 25th infantry.

GUILTY

Man Who Aided Moir And Taggart Cough Up and Admit Guilt

May be Sent to Prison for Seven Years—This is the Penalty—"Murder Will Out, and So Will Mysteries"

Hamilton, Ont., Aug. 22.—Fred McCullough, an attendant at the asylum, pleaded guilty in the police court to-day to a charge of assisting in the escape of the murderers Moir and Taggart, from the institution a week ago to-day. Monteith Trapenell, the other attendant, arrested on the same charge, pleaded not guilty and will be tried at the higher court. Both men were remanded. The maximum penalty for the offence is seven years.

REFUSED TO WORK (ACCORDING TO AGREEMENT) AND WAS DEPORTED

An English immigrant named George Woolard, with his wife and two small children, aged eleven and seven, were taken to Montreal to-day on the 11.28 C.P.R.

They are to be deported back to London, Eng. The facts leading up to this final enactment illustrate, to a small extent, some of the difficulty and annoyance daily encountered by the local immigration officer in his dealings with the many immigrants who come to him looking for employment. It appears that Mr. Howson received a cablegram from the British Empire Agency, London, asking him if he could find employment at farm work for Mr. Woolard and his wife and children. Mr. Howson immediately replied he could.

On the 18th of July the parties arrived at Mr. Howson's office. Mr. Robert McCamus, of Cavan, had been asking Mr. Howson for a man, and held out a very reasonable offer to this man Woolard, promising him a small neat brick house, furnished, and $15 a month wages, to begin on. The man said that he would take the position, and Mr. McCamus was to call for him on the following Monday morning and drive him and his family to his place, a distance of about thirteen miles.

On Monday morning Mr. Howson came down to his office and found a note under the door which stated that he (Woolard) had decided not to accept this job. Mr. Howson went down to Mrs. Morgan's, where Woolard and his family were lodging, and tried to reason with him, but the newcomer was obstinate, refusing to give any reasons for his actions. He then wrote to the immigration office at Ottawa and received a reply telling him to see Woolard, and threatened him with deportation on account of coming into Canada by misrepresentation, he having agreed to work at farming.

Woolard secured a position with the Canadian Leonard Construction Company.

Mr. Blake, of Toronto, who looks after immigrants also, came down to see Woolard, and induce him to go on the farm. Mr. Howson, acting on instructions from Ottawa, again told him that he would certainly be deported if he remained obstinate, and refused to farm. Woolard became a little alarmed, but said that he would just like to see them deport him.

Telling his wife and fellow workmen not to say where he had gone, he skipped up to Goderich. Inspector Devlin and Mr. Howson got word of his whereabouts, and went up and brought the man to Peterborough with them, and this morning the whole family were taken to Montreal by the officer.

IN HONOR OF THE DEAD; A MONUMENT UNVEILED AT LITTLE LAKE CEMETERY

A solemn and impressive ceremony, rendered moreso by its very simplicity, was that which was performed at Little Lake Cemetery on Sunday afternoon by the Woodmen of the World, when the monument erected by them in loving memory of a departed member, Mrs. Elizabeth Ann Martin, was unveiled. It was the second occasion this summer which the society has had of showing their love and respect towards a departed member, and the large number of members who were present was a silent tribute to the high esteem and love in which her memory was held.

Never has Little Lake cemetery presented a more beautiful appearance, and a large number of citizens walked down to witness the ceremony and spend an hour or two of quiet and rest in the city of the dead.

The members of Camp No. 50, Sherwood Forest, Woodmen of the World, assembled at their rooms at 2 o'clock and marched to the cemetery, arriving there about 2.30. Fully a hundred were in the procession, besides which many visiting fellow-members and officers followed in hacks and carriages. Mr. T. Dummit, captain of uniform rank, and Archie Moore, master of ceremonies, were in charge of the procession and also at the grave.

Arriving at the monument which, while not large, is yet very neat and handsome, the members of the society formed in the shape of a wedge around a cleared space, in which stood the organizer and relatives of the deceased, and those who were to participate in the service.

Mr. R. J. Devey, Mr. W. Chandler and a couple of other gentlemen led the singing of the different hymns, after which Mr. A. Graham read the form of service in use on occasions of that nature.

Mr. W. S. Harrison then made a brief but splendid address. He referred to the virtues and great love which had always been characteristic of their fellow-member, in honor of whose memory they had assembled. If those who had gone from this earth could come back and witness the good which they had performed it would be a source of comfort to them and a joy to know that they had at least been of some benefit while on this earth.

"The Woodmen of the World," said Mr. Harrison, "never allow the graves of their deceased fellow-members to be unmarked. We feel that in gathering here we have only fulfilled another obligation that was laid upon. We gather here to show our sincere appreciation of the noble example set us by the life of our departed member."

The camp honors were then given, after which another hymn was sung and the ceremony was over. The members then formed in line and returned to their rooms.

Mr. L. H. Taylor, chairman of the Board of Managers, Brantford, was present.

W. H. Collins, Deputy Organizer, who has charge of Eastern Ontario, gave a splendid oration, entitled "Why Should the Spirit of Mortal be Proud?" The address was well delivered and very appropriate.

The committee in charge wishes to publicly thank all those who in any way assisted in the unveiling ceremonies.

Mr. Collins, who is a thorough Canadian at heart, although having resided in United States for the last few years, has secured, by his enthusiasm and energy, one hundred members in sixty days, which figure stands as a record in Woodmen circles. In all the branches of the Woodmen there are at present 750,000 members.

When accounting for his success in gaining new members for the society Mr. Collins says that the only way is to get the members themselves enthused. Make them feel that they are representing a good society and they will not hesitate or be reluctant to advocate it. Mr. Collins is a fraternal man right to the very core, always having a kind and friendly word for brother lodges and other fraternal organizations.

SUNDAY MORNING FIRE DESTROYS DOWN TOWN BARN AND KILLS TWO HORSES

A disastrous fire occurred at ten minutes past two, Sunday morning, resulting in the complete destruction of the barn of Mr. Foster, 250 Charlotte street, and the suffocation of two valuable horses.

The origin of the fire is a mystery. The blaze was first noticed by the watchman at the fire station, who sent in the alarm from box 23. In less than three minutes two streams were being laid on the barn.

When one of the firemen opened the door of the stable where the two horses were confined, he saw one of the animals lying on the floor of the stable lifeless, and the other one toppled over before it could be brought out. Death from suffocation was the cause.

Mr. Foster himself when seen Sunday morning, said that he kew nothing of the fire until some people pounded on his door to awaken him, they having also noticed the flames as they were passing along the street.

From appearances the fire seemed to have commenced right beside one of the stalls as the flames mounted up from the floor, burning the sides of the stall first. One of the horses was tied with a thin strap which it had broken in its efforts to escape.

When Mr. Foster retired for the night at half-past eleven, everything appeared to be O.K., he having locked the door of the stable himself.

The loss cannot yet be estimated. A small amount of insurance on the building and horses amounting to three hundred dollars was carried. The owner values the horses at about $150 each. The eastern section of the barn is practically destroyed and will have to be torn down. It is a very dangerous place for a fire, owing to the numerous wooden sheds in the locality.

The firemen did excellent work in keeping the flames from spreading.

WAS IT AN INCENDINARY THAT SET FIRE TO BARN? A FLASK AND HAT FOUND NEAR SCENE OF BLAZE

The fire which worked such damage to the barn and horses of Mr. Jack Foster on Sunday night may have been the work of an incendiary.

An empty brandy flask was found beside one of the stalls, which might have dropped down from the loft above, as the fire burned a hole in the roof of the lower part of the stable. Also a black fedora hat was found in the lane leading from the scene of the fire out on to George street, which might easily have been lost by a person during their hasty flight.

GET YOUR LAWN FIXED UP AND GIVE YOUR NAME IN

Peterborough Horticultural Society annual lawn competition. Those wishing to enter their lawns and gardens for competition will send their name and address to H. L. Beal, 513 Weller street, on or before Saturday, Aug. 27th, 1910.

A NEW STONE CHURCH WILL BE ERECTED SOON BY MURRAY ST. BAPTISTS

(TENDERS CALLED FOR)

In connection with the advertisement appearing in to-day's issue, asking for tenders for a new church for the Murray St. Baptist congregation, it might be said that a very handsome structure is intended to be erected. It will be of stone, with a gallery at one end. The seating capacity will be about eight hundred. This will be about double the accommodation provided by the present church. A Sunday school will be built also, and it will be a bright, cheery building, with an accommodation for five hundred scholars.

Everything about the buildings will be finished off in a neat and up-to-date manner, and when completed will be a handsome addition to the churches of the city. The land next to the Y.M.C.A., on Murray street has been purchased, and when the tenders are accepted operations will be commenced immediately. Young's blacksmith shop is on the site.

T'WAS ALL A MISTAKE

A case where a woman's servousness led to the embarrassment of both herself and several other people including a policeman, occurred at a late hour Sunday evening. The occupants of a residence on Gilmour street, who are away on their vacation, left their house locked up, and last evening a friend of their s went into the house and began arranging things in order for their home-coming.

A lady next door, seeing the light in the house, which was supposed to be unoccupied, immediately suspected burglars and hurriedly sent in an alarm. A policeman soon arrived on the scene and a few others were attracted to the spot also. The lady in the house noticing the people outside became alarmed, and putting her head out of an upstair window asked what was the matter.

By this time the party assembled outside began to realize that they were badly mistaken and they vanished in the darkness for which they were very thankful.

RAISED $1,500---THIS IS WHAT THEY DID AT YESTERDAY'S MEETINGS

(FREE METHODISTS GREAT GIVERS)

The Free Methodist dedication ceremony, which was performed at their new church yesterday afternoon was exceedingly well attended and promises well for the future success of this branch of Methodism in the city.

The Rev. C. M. Miller, of Oil City, Penn., preached the dedicatory sermon and his thrilling words of exhortation appeared to have a marked effect on all present. His address evidenced profound thought. The speaker is considered one of the most enthusiastic disciples of Free Methodism in America. He also preached the evening sermon.

In the morning the members of the church liberally responded to the appeals of the local pastor for financial aid to defray expenses for the visiting ministers. Something like $1,600 was subscribed for the new church.

FROM ELK LAKE CITY WAS PREACHER OF YESTERDAY

(IN ST. ANDREW'S)

FINE SINGING A FEATURE

Rev. J. J. Wright, B.A., of Elk Lake City, who preached in St. Andrew's church last night, taking as his subject the story of the Good Samaritan. His sermon was forcible and practical and was appreciated by a large congregation. During the service Miss Bonnycastle, of Campbellford, rendered a solo in splendid voice. The title of the solo was "Flee as a Bird." A quartette during the offertory sang, their voices blending harmoniously. Messrs James Browne, G. A. Cornish, Donald Potter and James Gerrard were the members of the quartette.

At the conclusion of the service, Mr. Potter referred to the fidelity and interest that had been shown by Mr. G. A. Cornish, who is under appointment to the University of Toronto. Mr. Cornish came to the city two years ago and during that time has shown a large degree of interest in Christian work.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. Reutrn tickets at single fare will be issued via Grand Trunk Railway System from all stations in Canada, west of Cornwall and Ottawa, good going August 27th to September 10th inclusive. Return limit September 13th, 1910. Special low rates will also be in effect on certain days.

Full particulars and tickets from any Grand Trunk agent.

PETERBOROUGH MAN BECOMES A BENEDICT

A pretty house wedding was solemnized at the home of Mr. and Mrs. C. W. Smith, Whitby, when their daughter, Annie M. Smith, B.A., was married to D. F. Ross Downey, B.A., B.Paed., Principal of Peterborough Central Normal Training School. The marriage ceremony was conducted by the Rev. Dr. Hare, Principal Ontario Ladies' College, Whitby. The bride was attended by her sister, Miss Mary Smith, while Mr. C. C. Jeffrey, Dundas, was best man. Only the very immediate relatives of both parties were present. On their return they will reside in Peterborough, where they will be at home to their friends after October 1st.—Globe.

EXCURSION TO LINDSAY LOOKS LIKE A CERTAINTY

The West End Athletic Club's excursion to Lindsay now looks like a certainty. Owing to the strike on the G.T.R. they were compelled to cancel their previous intended excursion, but now there is nothing of that nature to interfere, and on Saturday, August 27th, they will run what promises to be one of the most successful and well attended excursions of the year, to that old rival sporting town of Peterborough, namely, Lindsay. The posters which the club has had printed, says that there is always something doing in Lindsay, and there is every reason to expect that such will be the case when the Lindsay ball team runs up against the West End baseball artists. The West Ends played good ball in this year's city league, and their defeat at the hands of the T.A.S. is nothing to be ashamed of, and when the Lindsay artists run up against them they will undoubtedly realize that they are by no means up against an easy proposition.

The train will leave the G.T.R. depot at 1.30 o'clock, and will return about nine o'clock. Come along, the fare is only 65 cents and everyone is guaranteed many times the worth of their money in pleasure and excitement.

Girls wanted at the Quaker Oats Co. Steady work. Apply at once. 3d

The Peterborough Conservatory of Music

302 Hunter Street

Every branch of music taught from Kindergarten to Graduation. Faculty of 20 resident and visiting Teachers, including such well known artists as Henry J. A FAST YOUNG MAN

LOU SEBERT

Toronto West End Y.M.C.A. 100, 200, 440 yard Canadian Y.M.C.A. Champion, who will compete here at the Penman Meet Labor Day.

PENMANS' ATHLETIC MEET

(NOTES ON EVENT)

Arrangements are well under way for the big Penman Athletic meet to be held at Riverside Park on Labor Day, Monday, Sept. 5th, under the auspices of the local association.

This meet will give the citizens the opportunity of seeing some of the best Canadian athletes in action.

Among those of note who will compete are Jack Tait, or Toronto West End Y.M.C.A., the Canadian mile champion. Tait is running in great form. this season as his time at Buffalo the other day will show, when he was only beaten ten yards by Wilton Paull, who is one of the best milers in the world to-day, in the fast time of four minutes twenty seconds.

Arnold Knox, who covered the half mile journey at Toronto Central's meet two weeks ago in the fast time of 1 min. 57 sec., this being the fastest time ever made by a Canadian for this distance. Knox will represent Toronto Centrals in the Penman meet.

Besides the above men will be Lou Sebert, Frank Haulbus, f. Parkes, C. Bricker, E. Archibald and others from the West End Club, including their relay team, who hold the Canadian record.

Toronto Central Athletes will be headed by the great Geo. Goulding, who is to walk Webb, of England, at the Toronto Exhibition on Sept. 10th, Geo. Barber, Geo. Lister, Tressider, the Canadian 5 mile champion. E. P. McDonald, the walker, and many others.

The new track at Riverside Park is rapidly rounding into shape and some fast time is promised when the above cracks meet.

The local men are working out at Riverside Park every Monday, Wednesday and Friday evenings, when the following men are asked to make an effort to be out at 6.45 p.m.—Flowers, Rae, Willis, Cole. Currie. Phelan. Hall McCarrell, Canniff, Sanderson and any others who are interested in athletics.

THE TOTAL ABSTAINERS BRING HOME THE BACON; BELLEVILLE SHUT OUT

Belleville T.A.S. and Peterborough T.A.S. met at Riverside Park on Saturday before a fairly large crowd and Peterborough T.A.S. succeeded in handing Belleville a nice basket of goose eggs, which seemed to be very acceptable to cemetery residents.

The game was virtually a pitcher's battle between Quinlan and Hopkins. Quinlan was in great shape, only allowing three hits and Hopkins allowing nine, but making eight men waft nothing but the empty air.

The game did not seem to be complete. Something seemed to be missing, and the fans kept wondering what it was, when a wise fan said, "Where is 'Fish' Haney with the melodious voice?"

If the team that represented Belleville here is the best they have, Peterborough need not be ashamed of their little bush league, as the Peterborough T.A.S. had it over Belleville like the proverbial tent.

Mike O'Brien, playing at first, was a bright feature of the game, fourteen put outs without a sign of a slip up, and he also batted well.

The T.A.S. will not miss Callaghan very much if J. Corkery plays as nice ball as he did on Saturday.

THE SUMMARY.

T.A.S.

xHit by batted ball.
xxHit by batted ball.

Two base hits—M. O'Brien, W. O'Brien. Heffernan.

First on balls—Off Quinlan, 1.

Struck out—By Quinlan, 5; by Hopkins, 8.

Double plays—Giroux to O'Hearn to O'Brien.

Wild pitches—Hopkins, 2.

Passed balls—Champagne.

Hit by pitcher—Gayer, Sheehy.

Time—1.40.

Umpire—Deacon O'Brien.

THE GAME.

Champagne leading off for Belleville, singled nicely over short, Goyer hot into a double, Giroux to O'Hern to O'Brien. Ross singled over short and stole second, where he died on Hogan's out, Corkery to O'Brien.

O'Hern out grounding to first; V. Corkery fanned, M. O'Brien sent up a monoplane to Hogan and Hogan shelved it.

Fahey hit an easy one to Giroux, Minorgan safe on Giroux's ripe error and out, stealing second on a nice throw by McFadden; Whaled out J. Corkery to M. O'Brien.

Quinlan out hit by batted ball; McFadden out Minorgan to Ross; W. O'Brien reached third on St. Charles's error and scored on Goyer's error of Fat Giroux's easy grounder, Giroux reaching second; Sheehy fanned.

Hopkins fanned; St. Charles singled nicely, stole second, but stealing third champagne fouled out to M'Brien.

J. Corkery safe on Ross' error, stole second and came home on O'Hern taking second, stole third and scored on passed ball.

V. Corkery reached for the high ones, but did not touch them. M. O'Brien grounded out to Ross; Quinlan out Minorgan to Ross.

Goyer reached first on a passed ball; Ross out Giroux to O'Brien; Hogan out on a nice try for double; Fahey out Quinlan to O'Brien.

McFadden fanned W. O'Brien reached third on his double, thanks to St. Charles' error. Giroux singled over second, scoring O'Brien, Giroux taking second and stealing third and out at home on attempted sacrifice, O'Hern reaching first and stealing second. V. Corkery fanned.

Minorgan out, Quinlan to O'Brien. Whelan walked, took second on McFadden's error. Hopkins fanned. St. Charles flied out to Gixoux.

M. O'Brien singled to left field fence, stole second and third, put out at home on a nice play by Minorgan. Quinlan reached second on above play and home scored. McFadden got a life on Ross' error, stole second and third, scored on a wild pitch.

W. O'Brien fanned; Giroux fanned.

Champagne fanned; Goyer out Corkery to O'Brien; Ross fanned.

Sheehy, after making many fouls, struck out. J. Corkery flied out to Ross, O'Hern singled between first and second. V. Corkery fanned.

Hogan fouled out to O'Brien; Fahey [illegible] to Giroux; Minorgan out Quinlan to O'Brien.

M. O'Brien doubled to left; went to third on an error by catcher, came home by wild throw by same gentleman. Quinlan flied out to Whelan, McFadden out at first, Heffernan battling for W. O'Brien doubled to left, and scored on errors by catcher. Giroux fouled out to catcher.

Whelan fanned. Hopkins Corkery to O'Brien; St. Charles out Quinlan to O'Brien.

Sheehy got first on pass, stole second; J. Corkery fanned; O'Hern fanned; M. O'Brien out, hit by batted ball.

Champagne out, O'Hern to O'Brien; Goyer out hit by batted ball; Hopkins out Corkery to O'Brien, and thus endeth the first lessons.

700

Is the Number of Entries at the D. R. A.

Ottawa, Aug. 22.—There are 700 entries at the D.R.A., the three tying first were Mr. T. L. Robertson, Lan and Mr. Williams, Vancouver. Each got a possible and each won $10.75.

D.R.A. Opened This Morning.

Ottawa, Aug. 22.—With upwards of 700 entries, the Dominion Rifle Association meet opened this morning. Sir Frederick Borden, Minister of Militia, visited the ranges yesterday afternoon, and Col. Sam Hughes, the president, was on hand to extend a welcome to the marksmen, most of whom are being quartered at the grounds.

The English cadets, who are here, will go on to Toronto to visit the Exhibition.

Hail Storm at the Soo.

Sault Ste. Marie, Ont., Aug. 22.—A severe hail storm, which lasted about an hour, passed over the Soo last night, between 7 and 8 o'clock, accompanied by heavy rain. Hail stones measured nearly an inch in diameter. Several windows were broken, telephones put out of commission. Numbers of birds were killed. Fruit and gardens will suffer to come extent.

Gauthier to Be Moved?

Kingston, Aug. 22.—Archbishop Gauthier will likely have to be transferred to Ottawa, so it is stated, in Catholic circles here, to fill the vacant archbishopic. A recent regulation at Rome calls for the position of archbishop to be filled by either a bishop or archbishop. Mgr. Gauthier is the only one eligible for the vacancy besides Bruchesi of Montreal.

[illegible] practically [illegible] pure water, the adults of the family need not do without a beverage that benefits. Regal Lager's absolute purity is its maker's pride; and this delicious brew is also a health-helper.

STOWAWAYS TOOK CHANCE IN GULF ON GANGWAY FOR RAFT

A blinding mist and heavy rain hid-ed two young stowaways aboard the Canadian Pacific liner 'Monmouth' to make their escape from the ship in which they had crossed the Atlantic.

When but a few hours out from port, bound for Montreal, the officers of the 'Monmouth' discovered there were two stowaways on the ship, who under cover of the confusion of the last few moments in port, had come aboard, and by some means had managed to remain unnoticed until the lines had been cast off and the ship was under way.

To turn back was out of the question, to punish the men in any manner other than by keeping them in confinement was not wise, after locking them up until the ship was past the last part of Great Britain, the boys, for they were but about twenty years of age, were taken out and made to work, and work hard about the ship.

Until the Gulf of St. Lawrence was reached all went well. Then the spirit of liberty rose in the boys' hearts and a desire to see this new country for which they had risked so much began to get a stronger hold upon them.

On Thursday morning, while the rain came down in torrents and the fog lay about so thick that the bow of the ship could not be seen from the stern, and while the crew and officers were all at breakfast, these daring fellows lifted a gang plank, raised it to the side and, trusting to the noise of the rain falling on the steel ship, let the gangway go and immediately followed it overboard.

For a while it looked as though they would escape into the dense fog, but soon the eye of the pilot on the bridge noticed the floating object, and making out its lines, alarmed the ship, and in a few minutes, as promptly as a well trained crew could accomplish it, a boat was over the side, and three stout British sailors were pulling towards the fast disappearing float.

In the meantime the gangway, borne down by the outgoing tide, aided slightly by the paddles, was fast being separated from the big ship.

When the boys were overtaken they were thankful that instead of being allowed to drift out into the trackless Gulf on a float, one corner of which persisted in going under water, they were about to be taken back drenched and cold, to where they would get at least some little attention.

"They never knew the perils of that trip," [illegible] of the Monmouth said when telling the story to a Montreal Herald reporter. "It would only have been one chance in a thousand that they would ever have got from the ship course to land down there. They would probably have run foul of some passing ship; or if they did not they were miles away from land. They did not know what a fog on the water means. They had heard that they were in the river and they thought it was like an English river. "They are bad young beggars," he added, "but they're the sort who keep the British Bull Dog on his legs."

But the adventures of these two men, who give their names as Ramsden and Wilson, when they were put back aboard the Monmouth. They were taken to a cabin and securely locked in it. At the same time their feet were fettered with the ship's irons. No one dreamed of escape, but when the watch made his first regular visit to the prisoners, to his astonishment, the men were walking about. They were again locked up, and on the arrival of the ship at Montreal, they were turned over to the immigration authorities to await the return sailing of the Monmouth.

Scarboro Beach

Visitors to the Toronto Exhibition this year cannot afford to leave Scarboro Beach Park out of their plans. This $600,000 amusement resort, modelled after Dreamland and Luna Park, the world-famous institutions, at Coney Island, is the finest of its kind outside of New York itself, and has been visited by millions of delighted patrons in the four years that it has been in existence. Its permanent structures include a scenic railway, a quarter of a mile long, a chute-the-chutes, 800 feet in length, and an underground watertrip called the Cascades, which furnishes an unforgettable experience. In addition there are the Streets of Cairo, Human Butterfly, House of Nonsense, Electroscope Theatre, Johnstown Flood, Aerial Swings, Caroussel, Midway, Bumps, Laughing Gallery and many other novelties which are renewed each season. There will be special fireworks and sports for the Exhibition visitors. The Sunday afternoon and evening free band concerts at the park are a popular feature.

HISTORIC GOLD RUSHES

H. DE WINDT FORETOLD PRESENT ONE IN STEWART, B.C.

Each Big Branch of the Empire Has Been the Scene of a Gold Madness Where a Few Got Rich—Canada Had the Klondike, Australia the Ballarat Rush and South Africa the Rand Fields.

"Stewart went mad. Waiters dropped their trays, workmen their tools, drivers their reins, and stampeded."

Thus a daily paper, in its description of the excitement created in Stewart, British Columbia, when the report came that seventeen miles distant, at a place called Bitter Creek, a great discovery of gold had been made. It is the old, old story of human avarice and greed. Reason disappears when the gold fever seizes on man.

The story of Klondike is even more amazing. The first find of gold of any importance was made in 1897—not by gold prospectors, but by a fisherman—at the junction of the Klondike and Yukon rivers. Immediately the news of the rich deposits of gold which were to be found got abroad there was a mad rush, not only from all parts of America, but also from Europe. Soon 30,000 people were on their way to the diggings, many destined never to return; for some 500 miles of the roughest Alaska country had to be traversed, and the route was literally paved with the bones of those who had joined in the mad rush without stopping to consider the difficulties the journey presented.

Husbands deserted their wives, while clerks, merchants, doctors, and lawyers sold all they possessed to pay their way to Klondike. But where one unpractical man succeeded in enriching himself, scores of professional miners came away worth hundreds of thousands. In spite of the warnings issued, however, and the fact that it needed a capital of something like $1,500 to get from England to Klondike, hundreds of people came from that country, only to return wrecked in health and pocket.

It is a curious fact that when Mr. Harry de Windt, the well-known explorer, returned from Klondike, in 1897, he said, during the course of an interview published in The Strand Magazine, that the Stewart region was richer even than Klondike. And after a dozen years there comes what may prove to be a romantic corroboration.

The fact is not generally known, perhaps, that it was the discovery of gold in California in 1847 which led to the discovery in Australia. Within four years the annual output from the fields of California reached $60,000,000, and it was a Mr. Hargreaves, who went as a miner to California, who first discovered gold in Australia. He was struck by the resemblance of the rocks near his home in Australia to the gold-bearing rocks of California. He systematically searched for signs of gold, and on February 12th, 1851, he found some of the precious metal for the first time.

The excitement created by the discovery was intense. Towns grew up as if by magic. Even police left their employment to try their luck at the diggings, while sailors deserted from their ships as soon as they arrived at a port near the fields. Men flocked in their thousands to Ballarat and Bathurst, and it was at these places where the world's biggest nuggets were found. Fifty miles north of Bathurst three quartz blocks containing 112lb. of pure gold were discovered, and the famous "Victoria Nugget," a single mass of pure virgin gold weighing 340oz., was brought from Bendigo. But the largest nugget of all was that christened the "Welcome." This was found at Ballarat on June 4th, 1858, weighed 2,516oz., and was valued at over $40,000. Within ten years gold to the enormous value of $480,000,000 had been brought to England from the two colonies of Victoria and New South Wales.

Two years ago one of the discoverers of the famous Kalgoorlie goldfield in Western Australia passed away in the person of an Irishman named Daniel Shea. He and a compatriot named Hannan, while prospecting for gold, camped on the site of Kalgoorlie when it was a wilderness. Hannan, in searching for a horse, kicked a nugget of gold. The news spread, a rush set in, and the wealth of the place soon became apparent. Hannan and Shea as the pioneers were awarded pensions of $500 a year—not a great sum when one considers that the annual output of the Kalgoorlie goldfield is between $10,000,000 and $20,000,000.

There are, however, no gold mines so rich as those of the Transvaal. Since 1884—the year the world's greatest goldfield, Witwatersrand, was discovered—until June, 1908, the total value of the gold production of the Transvaal amounted to no less than $1,600,000,000. It was a prospector named Arnold who first discovered that gold lay among the bare and lonely hills of Witwatersrand. In this case there was no great rush, for the simple reason that there was no chance for the miner without capital.

There are still more chances, however, for prospectors, like Croesus, the first really rich man known to fame, who is said to have discovered a little gold mine of his own, to find one for themselves; for, according to authorities, the world contains several unworked goldfields quite as rich as any yet discovered. Parts of Siberia are alleged to be richer in gold than Klondike, while Sir Martin Conway said some time ago that along the eastern slope of the Andes run many rivers rich in gold.

Taking Him Down.

Author—My books sell like hot cakes.

Critic—Yes, and they are just about as hard to digest.

Travelling coats of crash or grass linen are seen almost as frequently as those of linen.

A HINDU LEGEND.

How the First Man and the First Woman Lost the Garden of Eden.

Brahma made up his mind to make the world and a man and woman. He made the world, and he made the man and then the woman and put them on the island of Ceylon. According to the account it was the most beautiful island which man can conceive—such birds, such songs, such flowers and such verdure! And the branches of trees were so arranged that when the wind swept through them every tree was a thousand aeolian harps.

Brahma when he put them there said, "Let them have a period of courtship, for it is my desire and will that true love should forever precede marriage."

Then they had their courtship, with the nightingale singing and the stars shining and the flowers blooming, and they fell in love. Imagine that courtship—no prospective fathers or mothers in law, no prying and gossiping of neighbors, nobody to say, "Young man, how do you expect to support her?" Nothing of that kind. They were married by the supreme Brahma, and he said to them: "Remain here. You must never leave this island." Well, after a little while the man said, "I believe I'll look about a little."

He went to the northern extremity of the island, where there was a little narrow neck of land connecting it with the mainland, and the devil, who is always playing pranks with us, produced a mirage, and when he looked over to the mainland such hills and vales, such dells and dales, such mountains crowned with snow, such cataracts clad in bows of glory, did he see there that he went back and told his wife: "The country over there is a thousand times better than this. Let us migrate." She, like every other woman that ever lived, said: "Let well enough alone. We have all we want. Let us stay here."

But he said, "No; let us go." So she followed him, and when they came to this narrow neck of land he took her on his back like a gentleman and carried her over. But the moment they got over they heard a crash and, looking back, discovered that this narrow neck of land had fallen into the sea. The mirage had disappeared, and there was naught but rocks and sand, and then the supreme Brahma cursed them both to the lowest hell.

Then it was that the man spoke. "Curse me, but curse not her. It was not her fault. It was mine."

The supreme Brahma said, "I will save her, but not thee." And then she spoke out of her fullness of love, out of a heart in which there was love enough to make all of her daughters rich in holy affection, and said: "If thou wilt not spare him, spare neither me. I do not wish to live without him. I love him." Then the supreme Brahma said, "I will spare you both and watch over you and your children forever."

Ready to Talk.

A very brilliant Irish lady some years ago arranged that Mr. Lecky should meet an able and famous Irishman of very advanced opinions in politics. It was intended that they should exchange views, and the Irishman had a good deal to say about Mr. Lecky's later work and was well able to put what he had to say in the most effective language. The door opened, and Mr. Lecky was announced. He was introduced to the Irishman, and before the latter had time to say anything the historian began a political harangue, which he kept going without cessation the whole time he was there. The [illegible] to break in with a word, but he was swept away, as it were, in the unceasing flow of Mr. Lecky's language, so after a time he sat in amused bewilderment, waiting until nature gave out. But when Mr. Lecky felt he was getting exhausted he rose from his chair and shook hands with the hostess and her guest, keeping on talking all the time. They came out with him to the top of the staircase, but could not get a word in edgewise even then, as he talked all the way down to the door and was even in an unfinished sentence when the door was shut behind him. They looked at each other and roared.

First English Book on Sport.

The first book on sport ever printed in the English language was a rhymed treatise called the "Boke of St. Albands," it author being a woman, Dame Juliana Berners. Its second edition was printed by Wynkyn de Worde in 1496. A descendant of her family, Lord Berners, was the translator of Froissart's "Chronicles." It is true that old manuscripts existed, such as the "Venerie de Twecy" of the time of Edward II., but it was Dame Juliana who was the real ancestress of sporting literature in England, for she also composed an essay on hawking and another on "Fishing With an Angle," the last being of such excellence that Izaak Walton himself did take a hint from its pages.

A Titled Kleptomaniac.

A titled kleptomaniac almost a century ago was the Countess of Cork. She had a reputation for stealing any thing she could lay her hands on, whether it was useful or valuable or not. Once, when leaving a country house where she had been staying, she saw and quietly picked up a hedge hog that was crossing a hall, a pet of the porter's, and took it away in her carriage. Finding it an uncomfortable foot-warmer, she decided to dispose of it at the first town where she changed horses and then offered it to a confectioner in return for a sponge cake.

Before Marriage.

Fuddy—There would be fewer unhappy marriages in the world if men and women would try to find out each other's disposition during courtship instead of doing their best to deceive one another.

Duddy—Yes, I guess there would be, as you say, fewer unhappy marriages. In fact, there would be fewer marriages of any kind, I guess.

The smaller hats are worn well over the face, just slightly raised on the left side.

Not In Demand.

Ottawa, Aug. 20.—The fund for the abolition of level crossings appropriated by Parliament is not being utilized as yet to any great extent. It amounts to a million of dollars, extending over a period of ten years. So far this year about $25,000 of it has been used and about the same amount last year.

Welland's New Industry.

Welland, Ont., Aug. 20.—Deere & Co., with head works at Moline, Ill., and branch factories at a number of points in the United States, will erect a million-dollar plant at Welland, to employ 1,500 hands. They manufacture farm machinery.

No bonus is granted to the firm.

A Jewelled Bible.

London, Aug. 20.—The King's Bible for the church at Annapolis Royal will be despatched on Monday. It is bound in red Niger morocco, is gold tooled, and set with amethysts. The King's and Canada's arms appear on the book, which is 19 inches by 12.

Want to See the Boys.

London, Aug. 20.—A demand is being made that the Q.O.R. should march through the city, or at least be reviewed by royalty or Lord Roberts in Hyde Park. It is hoped in Canadian circles that something of the like will be arranged.

Millionaire's Son In Custody.

New York, Aug. 20.—The police took into custody yesterday E. T. Bosenheimer, son of the millionaire needle manufacturer, to tell what he may know concerning the death of Miss Grace Hough, who was hurled from a carriage which was struck by an automobile going fifty miles an hour.

Dancing Prohibited.

Kingston, Aug. 20.—Dancing is prohibited at all gatherings held under Loyal True Blue auspices. The order discussed the matter at its convention here, some delegates urging that the amusement be allowed, but the voice of the convention was against it.

Central Canada Exhibition

OTTAWA

SEPTEMBER 9 to 17, 1910

Planned on Bigger Scale than ever. New Educational Features. Novel Amusements and Attractions. Large increase in prize money.

"Seige of Kandahar" A Dazzling Battle scene showing Lord Roberts capturing Afgan Citadel. Followed by gorgeous fireworks.

Pavilions stored with exhibits from factory, mine, farm and forest. Articles in process of making. Demonstrations in dairy work. Daily parade of prize animals, competing for $16,000 premiums. Exciting horse racing. Acrobatic wonders. A rollicking midway full of sensations. New fireproof grand stand seats 2,000 under cover. Enlarged and beautified grounds.

Railway Rates cut in two for week. Watch for excursion days.

E. McMAHON, Secretary, Ottawa.

Big Thefts of Pearls.

London, Aug. 20.—(C.A.P. Cable.)—Bearing letters of recommendation, purporting to have been written by T. Ellis, Toronto, a man visited the city office of a dealer in pearls, and after the departure of the visitor, 750 undrilled pearls were missed.

The city police offer $250 for information concerning the theft.

Lock-Out In Winnipeg.

Winnipeg, Aug. 20.—The ultimatum of the Builders' Exchange to the bricklayers and masons expired yesterday morning and as there were no men at work for Lyall, Mitchell Co., the lock-out of all union men went into force.

Some 500 men are directly affected, but the lock-out will practically tie up all building in the city.

Aged Woman Murdered.

Poughkeepsie, N.Y., Aug. 20.—Susan Spencer, an aged woman, was found dead with a bullet hole in her head at the home of her nephew, Enoch Tompkins, on a farm near Millbrook early yesterday. Tompkins is missing.

Radiant and Luxuriant Hair for Every Woman

Any woman can have beautiful and luxuriant hair by using Parisian Sage, the most efficient hair tonic and dandruff cure.

Parisian Sage is the favorite hair

dressing of refined people, and since its introduction into America it has met with wonderful success.

If you want beautiful, luxurious hair that will be the envy of your friends, go to the drug store of Wm. Madill to-day and get a 50 cent bottle of Parisian Sage and use it for a week. If, at the end of a week you are not satisfied that Parisian Sage is the most delightful and refreshing hair invigorator you ever used, take it back and get your money.

Parisian Sage now has an immense sale all over Canada because it is guaranteed to stop falling hair, itching scalp and splitting hair, or money back.

It is without question of a doubt the only preparation that penetrates into the hair bulbs and kills the dandruff germs in a week.

Parisian Sage will not grow hair on bald heads, but it will prevent baldness by strengthening and nourishing the hair roots.

Fifty cents, the largest bottle for the money and the best tonic for the money, and bear in mind the girl with Auburn hair is on every package.

"I have used various hair tonics and can say that Parisian Sage gave my hair a good, healthy, silky appearance, rid the head of dandruff, and keeps the scalp clean. I recommend Parisian Sage as being fine for the hair and far ahead of any other tonic I ever used."—Miss Emma Foess, 520 Adams street, Owosso, Mich., December 9, 1908.

For sale by leading druggists everywhere; by Wm. Madill, in Peterborough. Mail orders filled, all charges prepaid by the Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

SIGN OF THE GOLDEN LION

WAGES AND PRICES IN THE UNITED KINGDOM

A. T. Freed in Hamilton Spectator

It is not easy, in any country, to estimate current rates of wages, in a short time, by personal inquiry. After considerable investigation as to the conditions of labor in Great Britain, I made up my mind that the information I was getting was not trustworthy. I therefore, began to seek for official reports, and succeeded. It is true that the latest report I could get was five years old, but it was very comprehensive; it was of the highest possible character, and I was informed that, as there had been little change in rates of wages paid since the report was issued, it might be accepted as fairly accurate for the present year. This report is very voluminous, filling more than six hundred pages of large size. In addition to rates of wages, it gives an account of the dwellings occupied by workingmen, of the prices paid in 1905 for provisions and fuel, and of the quantities of provisions consumed in the average workingman's house in England, Scotland and Ireland. This report was prepared by the labor department of the board of trade for the use of parliament. It may not be quite unnecessary to say that the British board of trade is a very important department of the imperial government; and neither pains nor expense is spared in collecting information for public use.

The inquiry covered 77 manufacturing cities and towns in England and Wales, 11 in Scotland and 6 in Ireland. It has, therefore, the stamp of the highest official authority, and it is fairly representative of the whole of the three kingdoms. It is manifestly impossible to copy the reports of the varying rates of wages paid in nearly a hundred towns; and I append here the average wages paid in England, in Ireland and in Scotland. The week is the average week of fifty-four hours.

A shilling is worth about twenty-four and a third cents.

The figures do not cover the whole range of industrial labor in Britain. They take account of the building trades, the engineering trades, such as iron working, printing and furnishing. But they fairly illustrate the remuneration of workingmen. They show that in England and Wales mechanics can earn from $7.65 1-2 to $10.12 1-2 for a week of 54 hours. In Scotland and Ireland the average is somewhat higher. Unskilled workingmen, such as builders' laborers, earn from $3.40 to $4.86 per week.

It is not fair to compare these money rates with the wages paid in Canada or the United States. The question is, what can a workingman buy with his day's wages? If wages are lower in the old country than in this, so are most of the necessaries of life. And the report before me enters very largely into that aspect of the workingman's condition.

Rent is a very important part of a family outlay; and in Britain rents are very low. In a former letter I said that a farm laborer in Kent could get a comfortable cottage of four rooms for about $2.50 a month. In places constituting suburbs of London I was shown rows after rows of comfortable looking brick houses accupied by workingmen who paid about $7 a month for them.

But the figures given in the report are much more valuable, for they are gathered by skilled investigators, and they cover the whole country. The following table is a fair summary of the information gathered in more than 70 towns in the United Kingdom, not including London. The figures were collected in October, 1905, and the prices are the weekly rents for tenements of from two to six rooms, as indicated. It should be added that all rates, that is, municipal taxes, are included;—

Two rooms	3s	to 3s 6d
Three rooms	3s 9d	to 4s 6d
Four rooms	4s 6d	to 5s 6d
Five rooms	5s 6d	to 6s 6d
Six rooms	6s 6d	to 7s 9d

In other terms, the average workingman pays from $3 to $7.50 or $8 a month rent for the house in which he lives.

Clothing is cheaper in Britain than in Canada. The report before me does not give any estimate of the cost of clothing necessary to the comfort of a workingman's family, nor does any other information in my possession help me to solve the question. My estimate is that it may be from 20 to 35 per cent. cheaper than it is in Hamilton.

The most important item of expense, however, is the food supply. How important it is may be estimated from the fact that, in 1905, information gained from nearly two thousand families in the United Kingdom showed that rather more than 61 per cent. of the total family income was spent for food alone. By family income is meant the earnings not of the father of the family alone, but of the wife and children as well. The average of children at home was 3.6, the average family income was 36s 10d, and the average expenditure for food was 22s 6d per week.

Thus the average weekly income of the British working man in 1905 was $8.95, and the average expenditure for food was $5.47, leaving $3.48 for rent, clothing and all other expenses. Can we wonder that the average workingman in the old country is unable to save anything for his declining years, or that, when his strength is gone he must depend upon charity?

And it must not be forgotten that these are the conditions of the people who are at work. The statistics in the report take no account of the vast numbers who can get no employment.

The average quantities of the principal articles of food consumed weekly was found to be as follows for the average family of 3.6 persons;

	Lbs.
Bread and flour	32.04
Meat	7.88
Fresh milk, pints	.91
Cheese	0.83
Butter	1.96
Potatoes	16.92
Currants and raisins	0.70
Rice, tapioca and oatmeal	2.95
Tea	0.60
Coffee and cocoa	0.22
Sugar	5,31

It will be seen that in 1905 the average member of the average British workingman's family was able to procure about 3 1-4 ounces of meat daily. Even that small amount is not quite what it seems to a Canadian, for the report tells us that it includes "sheep's heads, tripe, heart liver, pig's fry, canned meats and rabbits." Further, the prices of meat have advanced very materially [illegible] years, and the quantities consumed must be re- [illegible] price rises. Besides the articles enumerated in the table, others were consumed, of which the quantities are not given, such as eggs, minor vegetables and fruit, jam, marmalade, treacle, syrup, pickles and unenumerated articles, all going to make up the total food expenditure to 22s 6d weekly for the average family with 3.6 children at home.

When the quantities of food consumed by a family and the gross cost of the food are given, it is of less importance to know the net prices of the individual article. And especially is it of less importance to know the prices paid five years ago, in view of the feat that material changes in price have taken place since the tables were compiled. Still, there is some satisfaction in noting the difference in the cost of some articles of food in Britain and in Canada. For that reason the table is copied here;

Tea, lb., 1s 4d to 1s 8d.
Granulated sugar, lb., 2d.
Bacon, lb., 7d to 9d.
Cheese, American, lb. d7.
Butter, 1s to 1s 2d.
Potatoes, 7 lb., 2 1-2d to 3 1-2d.
Flour, 7 lb., 8d to 10d.
Bread, 4 lb., 4 1-2d to 5 1-2d.
Milk, quart, 3d to 4d.
Coal, cwt., 9 1-2d to 1s.
Beef, lb., 7 1-2d to 8 1-2d.
Mutton, lb., 7 1-2d to 9d.
Pork, lb., 7 1-2d to 8 1-2d.

The fresh meats are British or "home killed." Foreign or colonial beef (cold storage) was quoted at 5d to 6d. and mutton at 4d to 5d.

It is worth noting that the price of white granulated sugar was 2d a pound, or rather less than four cents. Also bread was quoted at from 4 1-2d to 5 1-2d for the loaf of full four pounds. Sixpence was the outside price, but the report says; "In Lancashire and the eastern counties the predominant price varied between 4d and 5d."

The figures emphasize the blessings of "free trade as they have it in England." Under that fiscal system the workingman might, five years ago, afford 3 1-4 ounces of meat a day, but cannot afford so much now. The bulk of his food consists of bread and potatoes. He flies from the blessings of his condition whenever he can get the government or the parish or some benevolent institution to assist him to emigrate, and when he is so fortunate he always flies to a country where free trade is not known.

TALK ON FLIES NO. 3

To the Board of Health of Garbageful Peterborough.

The habits of these insects are most perfectly suited for the dissemination of pathogenic bacteria. On one hand, they seek all kinds of excrementous and decaying vegetable and other matter, chiefly for the purpose of depositing their eggs; and, on the other hand, they fly with perfect freedom on to food, such as milk, sugar, etc., much of which forms an excellent medium for the deposition of whatever bacteria they may have become contaminated with during their ubiquitous wanderings.

Not only during the summer, but also during the winter months, houseflies, if they are active, normally carry on their bodies and appendages bacteria and the spores of moulds.

The most important factor which affects the numbers, activity and potential danger of flies is temperature.

Experiments show that at a high temperature the whole life history can be passed in eight days. Further, it was found that the second generation of flies are able to begin to deposit their eggs as early as the fourteenth day after emerging from the pupa; in short, the second generation of eggs may be deposited in about three weeks after the deposition of the first. Each fly is able to deposit from 100 to 150 eggs in a single batch, and at least six batches are laid during the lifetime of a single female. It is not difficult, in view of these facts, to understand the production of enormous numbers of flies during hot weather, and how the activity and numerical abundance of flies increase with the rise of temperature. During the hot months of July, August and September flies are most abundant, and it is a significant fact that in those years when the temperature is high during those months, that is, during the third quarter of the year, there is almost invariably a high mortality from typhoid fever and the infantine disease, summer diarrhoea. In connection with summer or infantile diarrhoea, a curve prepared from statistics covering the last twenty years showed, with the exception of one year, that a rise or a fall in the number of deaths per thousand living in a large English city was associated with a rise or fall respectively in the temperature.—Nature.

A MAGNIFICENT RAILWAY CAR

Built for the Temiskaming and Northern Railway Co. by the Preston Car and Coach Co.

When people see a glossy black railway coach, with spick and span mountings of polished brass and neat hand rails, rolling on the rails, and take a second look at it they will see emblazoned on the sides in neat gold letters "Sir James." It is the Toronto car of the Ontario Government, and is about as complete a coach as can be devised. It is a marvel of beauty in look and economical lay out. We print the following description of the car as a matter of general interest:

The steel underframe and trucks are very similar to those used under the private car of Mr. Atterbury, of the Pennsylvanian lines. The trucks are an exact duplicate in every respect, the steel underframe is an adaptation of the same, being of the box girder type, equipped with Westinghouse [illegible] pivotted drawhead, having an exceptionally wide [illegible] long over buffer beams.

The sides, up to the belt rail, are one continuous sheet of steel 3-16 in. thick by 36 in. wide, and the full length of the car body. Rivetted to the top of the steel sheet, is a steel compression member 3-4 in. by 6 in., also extending continuously from end to end of the car body. The side frame is structural steel faced with wood.

The car is lighted with Pintsch gas and electricity. The electric current is obtained from a Tate accumulator storage battery. The battery is the first of its kind to be used for car lighting. It only weighs five hundred pounds, and will light continuously fifty 16 c.p. lamps and operate nine fans for twenty-four hours. The heating system used is the Safety Car Heating & Lighting Company's. There are two water tanks 24 in. by 120 in. long. There is hot and cold water throughout.

The floor of the car is covered with terrano, 1-2 in. thick. Over this is laid Wilton carpet throughout, with the exception of the back corridor and the kitchen, which have inlaid rubber 3-8 in. thick. The space between the upper and underfloors, which is 6 in., is filled with mineral wool, to deaden the sound of the running gear, while the interior is finished in quartered oak, inlaid with white holly and ebony and of a plain design, all polished.

There is an observation room at the back end, with an open platform. Three staterooms, a dining-room, two Pullman sections, a servant's room, with upper and lower berth, a heater room, a toilet room and a kitchen. The switch box opens into the kitchen. On the front platform is a refrigerator and coal box, with an opening in the roof for ice. The platforms are equipped with Edward's trap-doors. The railing on the back platform is solid bronze, polished. The upholstering is Spanish leather throughout, tufted. In the observation room is a Boyer speed indicator, with indicating dial on the end bulkhead, alongside of which is a Duplex air gage, piped from the train, and from the back of the cylinder so that observations can be had and calculations made by any one desirous of doing so.

NEWSPAPER MEN'S VISIT TO GALT

On Thursday and Friday of last week the members of the Daily Section of the Canadian Press Association met at Galt on the annual gathering. Sessions were held in the town hall, the council chamber having been placed at their service. Routine business was transacted and a conference held with members of the Advertising Agents' Association. The social features of the occasion were very delightful. The local pressmen, Messrs. Jaffray Bros., of the Reporter, and Mr. Sutherland, of the Reformer, were unremitting in kind attention. They had planned a visit to the famous 'Cruickson Stock Farm,' celebrated as the home of the fast horses of the Wilks family. The visitors were shown about the magnificent establishment and treated to a view of the many fine horses in action. Those who were weary were refreshed.

The evening of Thursday closed with a dinner at the home of the Golf and Country Club, tendered by the officers of the association. The beautiful grounds and building were thrown open and the occasion was a very enjoyable one.

On Friday the party were guests of President Todd, of the G.P. & H. in the afternoon. A special car had been provided, and left the Water street depot at 1.30, running first to the Preston Car & Coach Works, where an opportunity was given the members to inspect the magnificent official car just completed for the Temiskaming and Northern Ontario Railway Commission, a description of which is given in this issue. A trip through the works, where cars are being built for the Intercolonial, the Canadian Northern, Vancouver Street Railway, and two standard coaches for the G. P. & H. followed. The works, which have only been running three years, are developing into a large industry and more buildings will have to be erected at once to accommodate the increased business. From here the party was taken to Hespeler, returning to Preston and then to Waterloo, stopping at the transformer station to see the storage batteries.

At Waterloo the party was met by Mayor Graybill and a delegation of the leading citizens, and after a few words of welcome, were driven to the Waterloo Park, where refreshments were served.

Leaving Waterloo by a special car furnished by the Berlin Light and Water Commission, the party passed through Berlin and returned to Galt, stopping for a few minutes at Preston to inspect the power house, and arriving at Galt at 6.30.

The visitors were greatly impressed with the many industrial institutions of Galt and the other towns visited, few of them having the slightest idea of their extent.

Mr. Heveron, of the Waterloo Sentinel, presented each of the party with a handsome souvenir folder, at Waterloo.

An invitation was received from Mayor Hahn, of Berlin, to spend a short time in that town, but owing to the fact that members had to leave on early trains, it was found impossible to accept the invitation, much to the regret of the party.

The park systems of the towns drew forth expressions of the highest praise from the visitors.

The genial George Ham, "of the C. P.R. and Canada," came from Montreal to accompany the party on the trip, and his presence was all that was required to make the party complete.

President Todd was voted a prince of good fellows by the visitors.

During the short stay at Preston President Dobbin, of the Daily Section conveyed the thanks of the Association to President Todd for his kindness in providing the trolley trip and to Messrs. Sutherland and Jaffray, of the local press, for provisions made for the comfort and entertainment of the members.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

THE PETERBOROUGH OPTICAL INSTITUTE

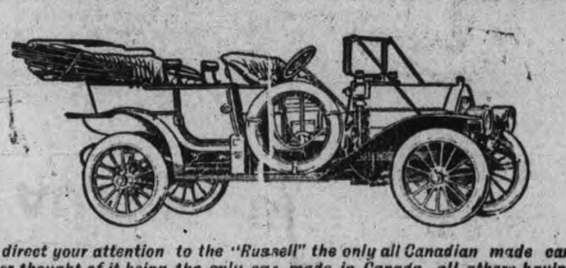
IN THE MARKET BUILDING.

J. W. BROWETT, Ref. D. M. O. Optical Specialist, Dr. of Optics, Philadelphia, Graduate Pennsylvania State College, New York Optical Institute, Optical Institute of Canada, Associate Graduate Detroit and Chicago Ophthalmic Colleges and Hospitals.

IT PAYS TO ADVERTISE IN THE REVIEW

A lady who dropped her parcel on Saturday advertised in the Review. It is at this office awaiting her.

IT'S AUTOMOBILE SEASON



We direct your attention to the "Russell" the only all Canadian made car. You never thought of it being the only car made in Canada, all others having their motors and many other parts shipped in from the United States and elsewhere. It's appearance, comfort and running qualities cannot be improved. It can be supplied with either knight 00 valve type motor at prices from **$2,200** *to* **$6,000**, *with large wheels, long wheel base and 30 to 60 horse power moter*

We also handle the "Ford" which is recognized the world over as the best proposition for the money. The Ford will do anything that any other car will do. It is run [illegible] no battery to run down. Will make from 25 to 60 miles on a gallon of gasoline and 10,000 to 15,000 miles on a set of tires. This car combines comfort, pleasure, business and economy. You can buy a five passenger Touring Car including full equipment for **$1,150.** *F. O. B. Walkerville. Watch the Fords go by. Ask for a free demonstration of either.*

All Motor Supplies in Stock

DRUMMOND & DUFFUS

135-137 SIMCOE STREET.

VOL. LXI., No. 43. PETERBOROUGH, ONT., CANADA, TUESDAY, AUGUST 23, 1910 TEN CENTS PER WEEK.

FIRES ARE STILL RAGING IN NORTHWESTERN STATES

Fifty Lives Lost Already, a Hundred More Are Missing and Two Hundred Are Injured in Idaho, Washington and Montana.

Spokane, Wash., Aug. 23.—With more than 50 persons known to be dead, more than 100 missing, 200 injured, half of Wallace, Idaho, burned and two or three village obliterated, forest fires last night continue to threaten death and destruction over a large territory in Northern Idaho, Eastern Washington and Western Montana.

Half a dozen villages are seriously threatened and their inhabitants are hurrying to places of safety.

Relief trains are helpless in many cases, owing to burned bridges and fires that lap the tracks.

Wallace is now safe and no towns are burning.

The situation is most acute in Northern Idaho. Reports from other parts of the northwest are more encouraging than they were yesterday.

Some of the fires have been controlled, others are less threatening in the absence of wind, while in some places the fire-fighters have diverted the flames from towns that were threatened.

The new fires that have sprung up in the last 24 hours have not proved serious, thus far.

A report that the Colville fire in Eastern Washington had broken out with renewed energy is untrue.

In Eastern Oregon between Baker City and Ladrande are severad fires which are doing damage to live timber. There are a few speradic fires in Western Washington and Oregon, and in Northern California, but they are not yet serious.

Despite the efforts of 750 fire-fighters, among whom are 250 more regular soldiers from American Lake, Wash., who arrived yesterday, none of the fires has been put out. All the men obtained have been drafted into service.

The fires in Southern Oregon in many cases are said to be incendiary. This has been a matter of general gossip in Medford for several days, but it became officially known yesterday through despatches from Washington.

No hope of rain is yet given by the United States Weather Bureau. The prediction of the district forecaster for to-night, is for fair weather throughout Washington, Oregon and Idaho.

REVOLUTION A SUCCESS

General Estrada Drives Government Out of Managua.

New Orleans, Aug. 23.—Confirmation of the reported fall of Managua without resistance, following the entry of the insurgent forces yesterday, were contained in a cable received last night by the acting consul of Madriz at New Orleans. The town was surrendered without any conflict, it was stated.

Managua, Aug. 23.—The advance guard of the revolutionists is now one mile from Managua. President Madriz left the capital Sunday night for Corinto, accompanied by his chief advisers.

Wm. Pittman, the Boston engineer accused of laying mines is free at the American consulate. All the prisoners in the penitentiary have made their escape.

There was rioting Sunday night, but it was quickly quelled.

The situation is critical. Before he departed for Corinto Madriz turned the Presidency over to Jose Dolores Estrada, a brother of Gen. Juan Estrada, the leader of the revolution. Immediately afterwards Jose Estrada issued a proclamation, saying that he would give the office to his brother, and started a peace commission, composed of the foreign consuls for Granada to inform Gen. Etrada of his intention.

[illegible] mission was compelled to return to Managua, however, as the [illegible] torn up.

Woman Masquerades as Man for Five Years in New York to Win Bet

New York, Aug. 18.—Many women have masqueraded as men, but one of the strangest stories of a deception of this kind, continued over five years, and in the thick of New York's commercial life, where eyes and wits are sharp and battle of masculine intellect is keen is told by a smooth-voiced, slender young woman without a suggestion of mannishness, who is staying at Hotel Brevoort.

She is Mrs. Elene B. Smith, and without a blush she tells how, in order to help a physician friend in Boston win a large wager, she sunk her feminity in the personality of "Albert C. Martinez," creating out of her imagination a suave and hustling young business man from Argentine Republic; how she deceived hundreds of business men; how she learned of "life," as fashionable young men of to-day seek to know it along Broadway; how she and her best girl chum, Miss Edna Turgensen, lived as "Mr. and Mrs. Martinez," and all this with never a hint of suspicion of her real sex on the part of people with whom her ways were cast.

Now the masquerade is ended on account of complications which it was feared might arise with Miss Turgensen's family which believed the pair were married.

The Boston doctor has won his wager and during the period of deception has paid Mrs. Smith $2,500 a year.

PASTOR, NEEDING MONEY, STOLE

Zanesville, Ohio, Aug. 23.—Rev. A. A. Hauberch, pastor of the Miltonsburg (Ohio) Lutheran Evangelical (Ohio) Lutheran Evangelical Church, was arrested yesterday charged with the theft of 17 watches and other jewelry, valued at $300, from students of the Eden Theological Seminary at Clayton, Mo., where he was on probation. The pastor said he stole because he needed the money.

Eighteen Farmers Were Fined.

Kingston, Ont., Aug. 23.—G. G. Publow, chief dairy inspector for Eastern Ontario, has been getting after those farmers who tamper with their milk before they take it to the cheese factories. During the past two weeks he has been instrumental in having 18 farmers each fined $40. Three of the farmers live in the district west of Kingston and 15 in the district east of this city.

THE RAINBOW'S LONG JOURNEY

Ottawa, Aug. 23.—The cruiser Rainbow, which sailed from Portsmouth, England, last week for Esquimalt, is due at the naval station on the Pacific coast on Nov. 7. She will call at Las Palmas on Wednesday, and will round Cape Horn about the end of September, touching at Rio Janeiro and Monte Video en route.

C.M.A. Officers.

Montreal, Aug. 23.—It was announced here yesterday morning that when the convention of the Manufacturers' Association meets in Vancouver on Sept. 20, Vice-President H. W. Rowley of Hull will be nominated for the presidency and J. S. N. Dougall of Montreal will became vice-president.

Mounted Police to Stay.

Ottawa, Aug. 23.—The Mounted Police will help to keep the peace in Saskatchewan and Alberta for another five-year period. There was some talk of withdrawing the force and compelling the provinces to look after good order, as other provinces do.

TRY A REVIEW WANT AD.

INVESTIGATE LABOR DISPUTE

Montreal, Aug. 23.—W. D. Lighthall, K.C., of Montreal, has been selected by the Labor Department as chairman of the board of investigation into the dispute between the shipping federation of Montreal, and the ship laborers of that port. The other members are T. Laueur, secretary of the Builders' Exchange of Montreal, and George Poliquin, secretary of the Ship Laborers' Federation.

Drowns In Three Inches of Water.

Montreal, Aug. 23.—In a tub with but three inches of water, Henrietta Lebail, 17-months-old daughter of Louis Lebail, was discovered at her father's house, 14 Market Square. While she was playing about the house she fell into the tub, and when rescued died in the arms of her mother before her father had returned with a doctor.

HOLD-UP ON STEAMSHIP

Eureka, Cal., Aug. 23.—The Alaska Pacific Steamship Co.'s liner Buckman was held up at sea off this port by two passengers.

Capt. Ward was shot and killed by one of the men, while resisting. The companion was overpowered by the engine crew. The passenger who shot the captain, jumped overboard with a life preserver.

The Buckman was en route from Seattle to San Francisco.

Foiled Again.

London, Aug. 23.—John B. Moissant was again baffled yesterday morning in his attempt to complete the Paris-London flight with a passenger, which started so auspiciously last Tuesday evening. He ascended twice yesterday morning in his endeavor to cover the 20 miles over which a spell seems to have been cast, but could make no headway. In the second forced descent, he seriously damaged his machine.

MANY NEW MARKSMEN

There Are 253 Entries in Tyro Matches at Rockliffe.

Ottawa, Oug. 23.—The annual competitions of the Dominion Rifle Association opened yesterday morning on the Rockliffe ranges. Pte. J. E. Clement of the 91st Regiment, Hamilton, won the Bankers' match, and in the tyro match the team prizes were won as follows: $20, 48th Highlanders, 160, 1st; $15, 95th Regiment, 154, 2nd. Next in order, 5th R.H.C., 154; 90th, 153; 91st Highlanders, 150.

There were 253 entries in the tyro match (500 yards) which indicates the number of new shots of the 700 shooting. The entries in this match last year were 239. There was a big kick at the very start. The figure target was used. These are all supposed to be all the same color, the lower half green, blending with the grass, and the upper half grey, blending with the stop-butt. When the long row of targets appeared it looked like a checkerboard. Half the targets were dark and blended so well with the grass and wood of the stop-butt that they could barely be seen. The other half of a very much lighter shade, so that they stood out against the dark colors around them. The men squadded on the light targets had a great advantage over the men on the dark ones.

A Dundas, Ont., cadet won out in the school cadets' match, 200 yards, seven rounds, at the D.R.A. yesterday afternoon, though the English competitors were "right after" him.

Winner in cadet team match, Harbord, Toronto; score, 234; prize, $25.

Cadet Thompson of Winchester, Eng., won the gold medal donated by Principal Hagarty, Toronto, for the English cadet making the highest score.

GREAT WELCOME FOR THE Q.O.R.

London, Aug. 23.—(C.A.P. Cable.)—The Q.O.R. will get a civic welcome at Aldershot on Saturday The battalion encamps at Russmoor near the station, where the chairman of the district council will hand an illuminated address to Col Pellatt Fac similes will be presented to the battalion, and the streets will be decorated.

Shot Three Times.

Fernie, B.C., Aug. 23.—Martin Heller, a lumberjack, entered an hotel at Kragg, 30 miles south of here, with a rifle, looking for the bartender. An altercation arose between the proprietress, Mrs. Palmer, her son William, the bartender, and Hellar, who ended the argument by sending three bullets into Palmer's breast.

Firemen's Dangerous Task.

Essen, Germany, Aug. 23.—The laboratory of the proving grounds of Krupps' works here was blown up by an explosion yesterday.

The powder sheds nearby, containing a great quantity of explosives, were barely saved by the quickness of the firemen.

TO GUARD AGAINST CHOLERA

Ottawa, Aug. 23.—The Department of Agriculture which some weeks ago sent out warning to quarantine officers to be careful regarding immigrants from cholera-infected districts of Russia, has now issued a similar warning as regards arrivals from Italy. All such passengers will be especially watched by the quarantine officers. The best sentinel, however, will be the approaching winter. Cholera cannot live in Canada when Jack Frost is supreme.

HE WAS TWICE THOUGHT DEAD

Winnipeg, Aug. 23.—The body of an unknown man was found floating down the Assinaboine River about six miles north of this city. He had a business card of H. E. Cooper, 175 East King street, Toronto, in one of his pockets, also three keys and 90 cents. It is thought that he is one of the Ontario harvesters.

Toronto, Aug. 23.—H. E. Cooper is alive and well. He manufactures travelers' samples. Yesterday, too, enquiries came from Ottawa trying to identify him with a man who dropped dead there. The men who carry his goods as sideliners and have his cards are Harry Cohen of Toronto, who was in Port Arthur Saturday, and G. H. Brown of Peterborough.

GRAIN WATERWAY FOR THE WEST

Ottawa, Aug. 23.—The survey of the Saskatchewan River between Edmonton and La Pas to determine the feasibility of the suggested waterway for grain carriage, will be continued during the winter and finished in the spring. There are 11 parties at work.

On account of the great expense which would be involved it is not proposed to construct canals except at Grand Rapids, which such would be essential. The idea is to increase the depth by a series of wing dams and also by dredging.

MORE LIBERTY IS FAVORED

Methodist Commission Says Discipline Should Not be Too Legal.

Victoria, B.C., Aug. 23.—The first session of the Methodist General Conference, since Friday was held yesterday afternoon. Considerable business was put through.

A commission on rules, appointed at the last quadrennial, presented its report yesterday. The discipline yesterday forbids buying, selling or using intoxicating liquors as a beverage, dancing, playing games of chance, encouraging lotteries, attending theatres horse racing, circuses, dancing parties, patronizing dancing schools and taking such other amusements obviously or misleading or questionable morale tendency.

The commission recommends that members of the church be allowed more independence of action, pointing out that when these rules were formed by John Wesley, he could have had no idea of their legal aspect, that they should not comprise a code to be enforced, but merely an ideal of the godly life which Methodists are supposed to lead.

It was pointed out that the matter had agitated several conferences, and was of the gravest moment to the church. Discussion will be resumed at a future date.

LATE TICKS FROM WIRES

Ottawa claims to have 32 millionaires residing there.

Plans are being made for enlarging the dry dock at Halifax.

Joseph Boulay, aged 47, an Ottawa cab driver, was stricken with heart failure and fell dead in his seat.

Robert Hunter, author and settlement worker, has accepted the nomination for governor, tendered him by the Socialist party of Connecticut.

Premier Ward states that New Zealand will be a non-borrowing country twenty years from now. The borrowing during the next fifteen years will not exceed twenty millions.

The Mad Mullah, reported some months ago to have been killed, according to information has reappeared with a large force near Buras, Somaliland, and the friendly natives fled before his army.

Wm. T. Millar of Arnprior, who was a guest at the Dooley House, Arnprior, got up in his sleep and fell through an open window, 16 feet from the ground. He sustained a serious fracture of the left thigh bone.

Renting a room for one day only in a boarding-house on Cathedral street Montreal, to "see whether it would be quite enough for him," a young man, who is supposed to be an American, put a bullet into his head, and is now in a precarious condition in the hospital.

MOST DISASTROUS STORM IN YEARS

Wiarton, Aug. 23.—The worst storm that has visited this section of the country in nearly a quarter of a century passed over here early yesterday, and the loss by fire from the lightning will be great.

From all directions come reports of barns being destroyed. W. G. Simmie's sawmill at Clavering was struck by lightning and destroyed, while barns on all sides within a radius of 25 miles met a similar fate.

In Wiarton the residence of David Trout was struck and the occupants had a close call, the lightning passing down the chimney, striking a sideboard and going out a window. Telephone wires in various directions are out of commission.

It is quite likely that many places on the peninsula have been destroyed of which word has not yet been received here.

WORRIED MAN TAKES OWN LIEE

North Bay, Aug. 23.—The body of Harvey S. Crist, 50 years old, was washed ashore in Lake Nipissing yesterday morning, near the Government wharf. Crist leaves a young wife and infant child.

Sunday the child was very ill, and after returning to the house Sunday night, after a visit to the doctor's office, Crist left the house about midnight, without saying anything to his wife, and it is supposed walked deliberately to the wharf and committed suicide, while temporarily insane. He had been exceedingly worried about the sick child. Crist came originally from Bracebridge and had resided in North Bay, Ont., two weeks.

BISHOP CONDEMNS AVIATION CRAZE

London, Aug. 23—The Bishop of Carlisle, preaching at Carlisle Cathedral to the Manitoban teachers, condemned in strong terms the present day's "showy sensationalism," including dramatized religion and the aviation craze.

Released on Parole.

Kingston, Aug. 23.—Mrs. Lajoie of Hull, sentenced to serve seven years in penitentiary for cruelty to her child, is to be released on parole. Soon after her entry to prison she gave birth to a child, which is in good health.

GOVERNMENT INQUIRY INTO HAMILTON ASYLUM AFFAIR

Officials of Another Provincial Institution Are Expected to be Involved in Eacape of Moir and Taggart—Is Taggart Near Brantford.

Hamilton, Aug. 23.—Startling developments, that may incriminate staff members of another provincial institution besides Hamilton asylum are expected to arise out of the investigation which Deputy Provincial Secretary Armstrong intends to prosecute in connection with the escape of murderers Moir and Taggart.

Love letters which Moir received from a woman in London will have an important bearing upon the case in point, and, the escapes from London jail made by "Texas" Birdall, Roberts and Steadman. It is thought that Trapnell, the chief attendant of the east wing of Hamilton Asylum knew of Moir's correspondence with this woman.

At any rate the ease with which Moir and Taggart delivered themselves from the asylum, bears a coincident aspect to the ease with which jail deliveries have been made in London, were Moir was for a time incarcerated, and it is felt that they too should be looked into.

Supt. English, of the asylum, declares that the local police were too hasty in arresting Trapnell, who, he says, would be of more service at this stage as a free man and apparently unsuspected of any knowledge of the inner workings of the Moir escape.

It seems that Trapnell was not under suspicion until McCullough was arrested and implicated his comrade. In the Police Court yesterday morning, McCullough pleaded guilty to abetting the escape. Trapnell pleaded not guilty. Both elected to be tried by the magistrate and will appear again next Monday. The maximum penalty is seven years.

Dr. English said yesterday that hereafter Moir would be treated as the criminal insane are treated in Matteawan, the New York asylum, in which Harry Thaw is incarcerated. This means that the murderer will be placed in a cell and will be virtually a prisoner. He is now locked in such a room, his hands handcuffed in front of him, and the only furniture is the mattress on which he lies when he tires of standing. Since his entry to the asylum two years ago Moir has shown no signs of insanity medical experts declared at London he had. However, if he is not insane now, it is likely he soon will be, for such restraint as he is now under will break the best of men.

It is said there has been no proper night watch in the asylum and that there should be a night watch in the east wing. The attendants appear to have been allowed to carry keys out otherwise duplicates could not have been made, and there is a rule absolutely prohibiting keys being carried out.

One who has been engaged on the investigation, avers that every effort was made in the past of certain attendants to throw the police off the track in giving the description of Moir. Instead of wearing a grey checked suit, as the description called for, Moir wore garments of an entirely different character. He was a taller man, too, than the description which was furnished to Dr. English, and heavier as well.

A despatch from Brantford says that High County Constable Kerr decided yesterday that Taggart spent part of last week in Brant County, and at present is not very far from that city. Constable Mounce, of Onondaga, saw a man corresponding in every detail to Taggart's description on Thursday last. The same man has subsequently been seen in the locality of Cainsville.

WRITES WITH TEETH

Portland, August 20.—The registration clerks at the courthouse were busy filling out registration cards for voters this afternoon when a voter stepped to the counter, drew a pen toward him with his nose, and picking it up in his teeth dipped it in the ink and proceeded to write his name, W. A. Zimbricks. His arms being hung behind the counter and the clerks did not see at first that he had no hands, but when he placed the hooks that served as hands upon the counter to held the card they understood.

But they were none the less astonished than they were at first, for Zimbricks wrote a fairly good 'hand' with his mouth, and could "sling the ink" faster than the average penman.

The Old Maple Tree

The old maple tree in front of Mr. Wm. Carter's residence on Charlotte street is no more.

About fifty residents of the street and some visiting friends witnessed the cutting down of the old familiar tree.

Louisiana national banks have formed a currency association.

SWALLOWED WASP WHILE EATING PIE

St. Thomas, Aug. 23.—D. Robinson, head waiter at the Hotel Inverarie, Port Stanley, while eating a piece of pie, swallowed a live wasp. The yellow jacket stung him severely on the tonsils, passing thence to the man's stomach, and the effects of the insect's poison passed entirely through his system. A physician injected morphine.

Reserving Seats for Procession.

Montreal, Aug. 23.—A speculator has started buying up available window space and points of vantage along the route of the Eucharistic Congress procession. He offered from one to two hundred dollars for good locations. Only one grand stand has been erected so far. It will seat 1,500 and seats are to be sold at $2 to $5.

Nabbed at Port Hope

A young man from Peterborough pleaded guilty this morning to being drunk [illegible] day last. He was fined $2.00 and $2.50 costs or 21 days in jail at hard labor. The mony wwas paid

The population of St. Louis is nearing the 700,000 mark.

President Taft, as the guest of Governor Draper, of Massachusetts, made an automobile trip to the homes and haunts of his ancestors.

WIRELESS BRIEFLETS

Borden Well Satisfed.

Halifax, N. S., Aug. 23.—"At Glace Bay, on Saturday evening, said Mr. Borden, "there was a gathering of between 5,000 and 6,000, and I never addressed a more attentive and enthusiastic audience. It was a notable gathering of Conservatives, not only of Glace Bay but from all parts of the County of Cape Breton."

Holsteins for Iowa.

Brockville, Aug. 23.—The fine herds of Holsteins in the Brockville district have been depleted by 61, which have just been purchased by a representative of the Iowana Stock Farm, at Davenport, Iowa, to which place the animals will be shipped to-day. Fancy prices were paid, aggregating it is said over $12,000.

Terribly Burned.

Brockville, Aug. 23.—Samuel Godfrey, a helper in the moulding shop of the James Smart Works, was operating a 1,000-pound ladle, when a spark alighted on his neck. In attempting to relieve himself he dumped the big ladle, the contents of which spilled over his body. He is terribly burned.

Mrs. Geo. H. Perley Dead.

Ottawa, Aug. 23.—A cablegram was received from London yesterday announcing the death there yesterday morning of Mrs. Geo. H. Perley, wife of the M.P. for Argenteuil, Que. Mr. and Mrs. Perley left for the old country six weeks ago. She had been in delicate health.

Found Drowned.

Belleville, Aug. 23.—The body of John Ferguson, aged 72, was found in the bay yesterday. It is supposed he fell from the wall at Riverside Park, as a cap believed to be his was found in the weeds at the foot of the wall.

Red Cross President Dead.

Geneva, Switzerland, Aug. 23.—Gustave Moynier, aged 84, president of the international committee of the Red Cross since the foundation of the committee in 1863, died yesterday. He was honorary president of the institute of international law.

Will Wed an Actress.

New York, Aug. 23.—Fritz Augustus Heinze, the copper magnate, at his office yesterday confirmed the report that he is to marry Bernice Henderson, an actress. Mr. Heinze said the ceremony will take place about September 1.

Tablet to Goldwin Smith.

London, Aug. 23.—A tablet has been placed in the birthplace of Goldwin Smith, on Friar street, Reading, which possesses valuable collections of his works.

London's Oldest Resident Dead.

London, Ont., Aug. 23.—The death of Mrs. Mary Westland, of 36 Craig street, removes London's oldest resident. She was born here in 1828, and had resided here ever since.

Woollen Mill Reduces Time.

Almonte, Aug. 23.—Commencing this week, the Rosamond Woollen Co. of this town, will run their large woollen mill only four days a week.

Militia Staff College.

Ottawa, Aug. 23.—Militia orders contain a request that commanding officers shall forward to headquarters the names of qualified officers who are desirous of attending the examination to be held in June, 1911, for admission to the staff college. Such applications should reach headquarters by Nov. 7 next.

The Daily Review

TUESDAY, AUG. 23, 1910.

WHY IS IT?

A resident of Philadelphia wishing to complete a land deal in Philadelphia, had to have the signature of a British subject to make it complete. He hunted here, he hunted there, high and low, in and out. J. J. Turner did the trick. Many Canadians, once British subjects, could be located. But now they are all Americans, true to Old Glory. Peterborough is not Philadelphia, yet there would be little difficulty in finding subjects here true to Old Glory. Now why is it?

A GOOD DEED

Mrs. Hugh Waddell sends to the Review ten dollars for the Campbellton, N.B., fund. Mrs. Waddell evidently believes that while prayers, hymn-singing and going to church are excellent, yet at this range they won't buy much food, much coal or much new clothes, or help build a home out of ashes.

We spend too much time in formality in this age. We are too luxurious and self-centred. The Review will be glad to receive further subscriptions, which will be forwarded through the Bank of Nova Scotia to the proper authorities.

UNDERWARE

A letter is received at this office from a young lady who says she is going to purchase some "underware" And why not? We purchase hardware, earthenware and why not underware and footware. Many of the words in the English language are deceiving. Though, Through and Thorough. The Toronto World is on the right track with its phonetic spelling. To write tho is far shorter and far more sensible than though and thru is at once easier and more satisfactory than through. However, we will soon have to buy our underwear, no matter how it is spelled.

THE SEPTEMBER BRIDE

The September bride will soon be with us, and the Belleville Intelligencer says that it is high time the groom got a notice. Quite so.

—o—

The bride looked charming; the bride was attended; the bride carried a bouquet; the bride wore orange-blossoms; the bride entered the church leaning on the arm of her father; the bride was bewitching. And never a word about the groom. He, poor devil, who has to pay the expenses very, very often. Why not say the groom's massive brow, the groom's splendid moustache, the groom's broad shoulders, the groom's eyes, his nose, his raven hair, the groom's nerves, the groom was strictly sober!

This will add variety to the old chestnut about the charming bride bewitchingly attired.

ST. CATHERINES, THE DEAD ONE

The St. Catharines Standard is trying to explain how it is that St. Catharines did not land any of the industries that Welland has secured during the last few weeks. The location is there, all that is wrong is the people are dead ones, and lack unity and public spirit. In Welland, as we said lately, several times, every leading man is a live wire. A good book agent will sell a man a set of books against his will and a lot of live men can impress men more than a bunch of dead ones.

It is amusing to hear of the factories that are being located. It is amusing because many of them are located in print, that's all. Woodstock has just got three. Ottawa has a round half dozen and even Grimsby, where the peaches grow, is getting one. However, Grimsby will really get one. They are going to give a company $20,000 to build a factory there. This is a most unfair and foolish system.

AGAIN WE ASK

AGAIN MADAME WE WOULD RISE TO ASK YOU THAT TIME HONORED QUESTION. HOW DOES YOUR GARBAGE SMELL? WE WOULD ALSO ENQUIRE, "DO YOU BURY IT, OR DO YOU BURN IT? FOR INFORMATION WE MIGHT SAY THAT CORN COBS WILL BURN IF PUT IN THE SUN TO DRY. A DOZEN CORN COBS WILL COOK A MEAL. BUT A DOZEN ROTTEN TOMATOES WILL ATTRACT 1,000 FLIES AND DECAYED MEAT IS A DELIGHTFUL SPOT FOR REPLENISHING THE FLY FAMILY. HOWEVER, GOD BLESS THE BOARD OF HEALTH AND THE COUNCIL FOR THEY FEAR THE PEOPLE AND CAN NOT ACT ON THE GARBAGE MATTER LEAST SOMEONE BE OFFENDED. HOWEVER, THAT IS NO UNCOMMON FAULT OF SMALL CITY BODIES. THERE ARE MANY COUNCILS AND BOARDS OF HEALTH JUST AS BACKWARD AS OURS.

THE TRAMP AND THE MINISTER

A tramp who was drunk fell from a train near Emo, Ont., and was run over, but not killed. He was stealing a ride. The rest of the story is clipped from the Kingston Standard:—

It is asserted that a local clergyman was passing at the time and saw the man, but did not go to his assistance. He contented himself with informing a passing boy about it. The boy informed a doctor, but before the man was given any attention another train passed over him. He was still alive, and a number of men carried him to the doctor's office. He was conscious, but died in two hours. The authorities decided that an inquest was unnecessary.

The deceased had come from the United States and difficulty was experienced in making arrangements to bury him. The remains were finally interred in the potter's field, although no minister could be secured to take charge of the service.

If this is true the clergyman should be not only deprived of his cloth, but horsewhipped. Some minister who is living, who has a heart and, other vitals, should make enquiry into the matter. It is surely not true in this Ontario, in this God's country of ours, that any man would pass by on the other side, in such a time as this. But as far as burying the man that didn't make any difference. The dead don't care a rap where they are buried. What the man wanted was help in the here and now, when he was lying across that railway track. He wasn't always a tramp, and perhaps had that clergyman had as hard bumps in life he might have been the tramp instead.

THE WEST IS MUTINOUS

All accounts bear out the impression that Sir Wilfrid Laurier's reception in the West has been of a character to arouse in him lively apprehensions as to the future. It is not likely that the Premier cares very much about the actual exposure of his trickery on the tariff issue; he is a hardened sinner in the matter of promising anything to anybody and everything to everybody, and a little matter like being caught has ceased to embarrass him. What really matters is the fact that the electorate has ceased to treat him respectfully, that it has broken loose from control.

For a good many years Sir Wilfrid has been treated with positive adulation. His political opponents have treated him with a politeness which the Liberals never showed to Sir John Macdonald; his followers bowed to the earth before him. When he undertook the Western tour the most careful preparations were made to ensure him the clamorous reception to which he has grown accustomed. But the plans went wrong. The Western, particularly the Western Liberals of the older school, refused to treat him with reveration, and instead met him with a blunt charge of having betrayed his party's policy. Time and again he was informed in plain English and in the straightest way that he has broken his promises. He was openly told that the Westerners did not believe his promises about the Hudson Bay Railway because they had seen so many of his promises broken. The The platform of 1893 was shaken under his nose by old Liberals—that was the part that hurt—and it was asked why he had failed to carry it out

One incident is typical. Let the Neepawa Register speak:

"Twelve farmers, all members of the party, led by Laurier, spoke in turn, each dealing with a different topic and denouncing the Premier for betrayal of the promises upon which they had supported him and urged his return to power. They showed him where he failed in the greatest chance ever placed in the hands of a Canadian to make history that would redound to his credit. The event was the turning point in Canadian politics in more than one respect. It indicated that not even such means as held the West for Laurier heretofore can hold it again. Perhaps it indicated even more—that the day of mealy mouthed kowtowing to power unscrupulously obtained is past."

It all means that the West has turned against Laurier.

GIRL SCOUTS

Boy scouts will have rivals. Girl scouts are going into camp near London next month. They will learn all about the exigencies of war, the best way to save the drowning, how to saddle a horse, pitch a tent, nurse the sick and cook a meal. They should make better wives for this, and when that is said everything is said. The reason why women are on earth is that they should increase and multiply the race. They have no real business in war. Their place is at home making some one happy attending to the children and scattering the sunshine through the house and over the neighborhood. We don't want another race of Amazons. We have too many who face the powder daily now. We want real women, loving and gentle, not those who think that they should drop skirts and wear trousers.

A CONTRAST

Mr. and Mrs. Hayes, of Oregon, have returned from spending their money over in England. Mr. Hayes is wealthy. He is in the lumber business. While abroad Mrs. Hayes made purchases; so did Mr. Hayes. Here is the way the customs declarations look in print:—

MRS. HAYES.	MR. HAYES.
Eleven extra large size wardrobe trunks.	One gold collar button.
Twenty-two hat boxes.	
Seventeen Paris gowns valued at $10,000, just by themselves.	
Twenty-two of the dearest millinery creations ever seen in these parts.	
One trunkful of filmy lingerie, all ruffles and stuff and things.	
The most extensive collection of hatpins yet exhibited on a New York pier.	

Now, isn't that a woman for you! Some women are like peacocks. They can neither sing nor fly; all they can do is raise their plumage and look beautiful. We prefer the plain, old hen who can cackle and does business in an old-fashioned way.

SIDE LIGHTS

VARIGATED MILK.

Vancouver Province.

Since being struck by lightning a Cow in New York State yields light blue milk. With the necessary electrical equipment it may be possible to produce milk of varigated colors. Ladies, in ordering their ice cream sundaes could have them tinted to conform to the color scheme of their gowns.

GIRL'S RIDE OF 5,420 MILES

Found Floating

A Cossack girl named Kudasheff has started to ride from Harbin to St. Petersburg, a distance of some 5,420 miles. Her mount is a light grey Mongolian pony and she is riding astride on an ordinary Cossack saddle. She carries a hunting knife and a revolver, and her only companion is a pure-bred St. Bernard dog. The plucky horsewoman was formerly a railway employee, and during the Russo-Japanese war she was awarded the gold medal "for zeal."

A SONG.

Not from the whole wide world I choose thee,
Sweetheart, light of the land and sea!
The wide, wide world could not inclose thee,
For thou art the whole wide world to me.

—Richard Watson Gilder.

A DEATH SONG.

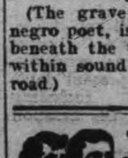
Lay me down beneaf de willers in de grass,
Whah de branch'll go a-singin' as it pass;
An' w'en I's a layin' low,
I kin hyeah it as it go,
Singin', "Sleep, my honey, tek yo' res' at las'."

Lay me nigh to whah hit meks a little pool,
An' de watah stan's so quiet lak an' cool,
Whah de little birds in Spring
Ust to come an' drink an' sing,
An' de chillen waded on dey way to school.

Let me settle w'en my shouldahs draps dey load
Nigh enough to hyeah de noises in de road;
Fu' I t'ink de las' long res'
Gwine to soothe my sperrit bes'
Ef I's layin' 'mong de t'ings I's allus knowed.

—By Paul Laurence Dunbar.

(The grave of Dunbar, the young negro poet, is, as he wished it to be, beneath the willows, near a pool and within sound of the noises of the road.)



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins, Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses. The Lure of the Mask

By HAROLD MAC GRATH

Copyright, 1908, by the Bobbs-Merrill Co.

"That will require the permission of the crown, your highness."

"Then you will set about at once to secure this permission."

The air with which she delivered this command was noble enough for [illegible].

"You will telegraph to Cranford & Baring, in the Corso Umberto Primo, Rome. They will supply you with the necessary details and information."

The inspector spoke to the carabinieri, and the trio marched to the gates.

Loud were the exclamations of dismay from the unfortunate Americans, and only Hillard and Merrihew showed faith in La Signorina and her protestation that she would straighten out the tangle without any additional misfortune coming to her former associates in the opera troupe.

Kitty, O'Mally and Smith, however, were convinced that a dirty Italian prison would be their ultimate resting place.

"Suppose we go and break the news to Worth," remarked Smith.

O'Mally assented, stopping a moment in front of La Signorina.

"We have all been together for many weeks," he said. "Yet who you are none of us knows."

The shadow of a smile lay upon her lips and vanished. "My name is Sonia Hilda Grosvenor." And her voice was music.

"Tomorrow," said Merrihew, "I'm going to look up the jail and engage rooms ahead. It might be crowded."

Both he and Hillard rode back to their quarters for the night, but they found that sleep was practically out of the question.

The morning sun poured over the hills, throwing huge shadows in the gorge below. O'Mally sniffed. As the wind veered intermittently there came to him the perfume of the locust trees, now in full bloom. Pietro rocked, his legs crossed, his face blurred in the drifting tobacco smoke.

"No more tourists, Pietro?"

"No," Pietro sighed.

"Did you ever see La Signorina before? Do you know anything about her?"

"Never! No!" answered Pietro, with the perfect candor of an accomplished liar.

"Have you ever seen"—

"Zitto! She come!" Pietro got up with alacrity.

La Signorina was as daintily fresh in her pink frock as a spring tulip. Her eyes were shining, but her color was thin.

"I have been looking for you, Mr. O'Mally," she said. "I have just received a telegram from her highness."

O'Mally accepted the yellow sheet. "I can make out a word or two," he said. "It's in Italian."

"I forgot," apologetically.

Briefly, La Principessa di Monte Bianca gave Sonia Hilda Grosvenor full authority to act as her proxy in giving the ball. As for the invitation, she knew absolutely nothing about it.

This last statement rather staggered the erstwhile concierge. If the princess hadn't issued the invitation, who the deuce had?

The dreamy, pleasurable days at the Villa Ariadne were no more. The spirit of suspcicion now stalked abroad. And there were a-coming and going of the many needed extra servants, a to and froing of extra gardeners and carpenters and the sound of many hammers. The ballroom and the dining room were opened and aired and the beautiful floors polished.

In Florence there was a deal of excitement over the coming affair, for the Villa Ariadne had once been the scene of many a splendid entertainment. There had always been a mystery regarding the Principessa di Monte Bianca. Many doubted her actual existence. But the prince was known all over Europe as a handsome spendthrift. And the fact that at this precise moment he was quartered with the Eighth corps in Florence added largely to the zest of speculation.

As for Hillard, well indeed he understood now why Mrs. Sandford had warned him. He understood now what the great mistake was.

He was always at her heels now, but speaking no more of his love. She understood and was grateful. Once she plucked a young rose and gave it to him, and he was sure that her hand touched his with pity, though she would not meet his eyes.

At 4 o'clock on the afternoon of the day before the ball, now that the noise had subsided and the servants were in their quarters, La Signorina went into the gardens alone. An hour earlier she had seen Hillard mount and ride away, the last time but once. There seemed to bear down upon her that oppression which one experiences in a nightmare of being able to fly so high, to run madly and yet to move slowly, always pursued by terror. Even now there was a single avenue of escape, but she knew that she could not profit by it and leave these unfortunate derelicts to shift for themselves. Love! She laughed brokenly and struck her hands in suppressed fury. A fitting climax this! All the world was mad, and she was the maddest in it.

Some one was coming along the path. She wheeled impatiently. She wanted to be alone. And of all men Worth was not the one she cared to see. But the sight of his pale face and set jaws stayed her words. She waited restlessly.

"I have something to say to you," he said, "upon which your future welfare largely depends."

"I am listening." She showed surprise.

"There has been a tremendous wonder, as I understand, about this ball in regard to the strange manner in which the invitations were issued."

"Have you found out who did it?" she demanded.

"Yes." The light in his eyes was feverish.

"Who was it?" fiercely.

"I issued those invitations."

"You!" Her lips parted.

"Yes. I am the guilty man. The list was the main obstacle. I represented myself as secretary to her highness."

"And you have the effrontery to confess your crime to me!" her fury blazing forth.

"Call it what you please."

"What purpose had you in mind when you did this cowardly thing?"

"I had a definite purpose. An imposture like yours is a prison offense. You have seen that I love you, yet always ignore me. You must marry me."

"You are hiding a threat."

"I shall hide it no longer. Marry me or I shall disclose the imposture to the police."

"Oh!" Then she laughed the laughter of one in deadly anger. "Mr. Worth, do you suppose, even had I entertained some sentiment toward you, that it would survive a circumstance like this?"

"I am waiting for your answer. Yes or no?"

"No!"

"Take care!" He advanced.

"I am perfectly capable of taking care. And, Mr. Worth, you will leave this villa at once. And if you do not go quietly I shall order the servants to put you forth."

"You speak as though you were the princess," he snarled.

"Till Thursday morning I am!" La Signorina replied proudly.

A man who loses his last throw is generally desperate. He seized her roughly in his arms. She struck him across the eyes with full strength. He gasped and released her.

"If I were a man," she said quietly,

She struck him across the eyes.

"but with lightning in her eyes, "you should die for that!" She left him.

Worth burst into tears. He went to his room, got together his things and drove secretly into Florence.

On the night of the ball there was a brilliant moon. Rosy Chinese lanterns stretched from tree to tree. The orchestra was playing Strauss, the dreamy waltzes from "The Queen's Lace Handkerchief." Bright uniforms and handsome gowns flashed by the opened windows.

CURE SICK HEADACHE.

CANADIAN QUAIL.

The Sportsman Is Swiftly Driving Him to Extinction.

Just at this season of the year, in early morning or early twilight, you may hear him piping his mellow "bob white" from stumpy fallow or snake fence.

He is a bold fellow in this, his mating season. He seeks the highest pinnacle of stump or fence to send his call of gladness out across a world of sweeping grain or tangled shrubbery.

Close at hand, his mate, a shy, brown-coated bird, is huddled on her nest. That nest rests on the ground snugly hidden in the tall grasses. It holds twelve or fourteen white eggs and, while warming these to life, the hen bird's sharp eyes are alert for sign of her greatest enemies, the sneaking weasel or hawk.

When the eggs are hatched, the nest is discarded for a hiding place in the dark thicket of alders and yellow-tops. The "bob white's" call is heard no more, neither is the splendid fellow seen again on stump or fence top. He is with his mate teaching the animated balls of down, the baby quail, things they must learn if they would avoid the many dangers of the bird world.

Morning and evening, the old birds take their brood out into the open to feed. There the little birds tumble or play or, at the slightest noise in the open, or shadow in the skies, dart and hide. Once hidden, it would take a clever prowler to find the little fellows, so cunningly do they hug the grass and so closely do their feathers blend with its colors.

In a very short time the baby birds' wings grow strong enough to carry them. Every day then the old birds take them for a short flight and after the evening feeding-time lead them in Indian file down furrows, dry water runs and weedy fallows back to the roosting-place, for after the last flights the birds fly hardly ever, unless it be away from danger.

The covey roosts in a little bare spot commanding a view of their surroundings. They snuggle down in a complete circle, heads outward. When molested they take to flight with a thundering whirl of wings that is very disconcerting to the amateur sportsman.

The Canadian quail, like all other of our game birds, is rapidly becoming extinct. This is due to two causes—the wholesale slaughter of the game bird and lack of safe harbors as breeding and roosting spots.

A Hot-Weather Broil.

Truly a hot weather quarrel this recent war between the pen and the city fathers of Edmonton—all over a brick of ice cream. The journal editor is quite wrathy. It seems that in Edmonton stands an institution called Happyland; surely there is nothing remarkable in that. What town in Canada to-day is minus its Elysian Happyland, or Dreamland wonderful banishers of dull care; outside a maze of colored lights; past the doorkeeper smiling and effusive in his brass buttons the glorious strains of "Has Any One Here Seen Kelly" breaking on the ears? "All for a dine, ten cents," barks the florid proprietor. The performance is served up. You watch Jeffries floor Sam Berger, and while you are figuring out his chances with the Big Smoke, the scene abruptly changes. Exit the fighters; the fleeting pictures are now revealing the awful vicissitudes of Bertha, the Sewing-Machine Girl.

But Edmonton's Happyland, according to press descriptions, has none of these features extraordinary. It is merely a plain unvarnished booth — object to sell ice cream. Charitable mission to the parched throngs these days! For many weeks this booth has dispensed the chill confection on every day in the week. Especially on the seventh day did the cones and the sodas disappear—horrible thing! thought someone trailing home from church one Sunday morn. The City Council got wind of it, there was a pow-wow, the chief of police was dispatched to the scene — and Happyland on Sunday sells no more ice cream. Exclaims The Journal:—

"Even in Toronto the good, where the desire to restrict the freedom of the individual runs rampant, the courts have given interpretations to the Sunday observance ordinances which prescribe ice cream as food and admit the right of dealers to sell and individuals to buy the same on Sunday."

Wo, the Poor Chinaman.

Mr. Ewing Buchan, manager of the Vancouver branch of the Bank of Hamilton, is the possessor of a fine basso profundo reading voice; also of a Chinese cook who answers to the name of Wo.

Mr. Buchan is in the habit of reading a passage of the Scriptures to his assembled family every day before breakfast.

Now it happened one day that Mr. Buchan chose for the morning's reading a passage from the Lamentations of Jeremiah. His family duly assembled, Mr. Buchan cleared his throat, and in a sonorous voice commenced—"Woe, Woe and lamentation——"

He got no further, for at that point the door communicating with the kitchen burst open and the celestial cook inserted his head. "You wanta me?" he inquired. Tableau.

In reading the Scriptures Mr. Buchan now pitches his voice lower.

Doctor's Thrilling Experience.

Doctor Boyd of Fort William and a party of nine friends had an experience on Sunday night they will not soon forget. They left with a launch on Sunday for a little tour of some of the islands. Everything was pleasant until the storm sprang up in the afternoon. When they reached the more open water the little launch was at the mercy of the waves. The party was forced to land and finding the soft side of rock lay down and tried to woo Morpheus. Needless to say their sleep was not peaceful slumbers. Morning was a welcome relief as the storm had gone down and let them home none the worse.—Manitoulin Expositor.

White linen hats, embroidered with white or gold, are among the fancies of the hour.

A Word of Thanks

In connection with the unveiling ceremony at Little Lake cemetery on Sunday, creditable mention must be made of the able assistance rendered by the vocal quartette composed of Mr. R. J. Devey, G. E. Chandler, A. Willis and F. E. Stacey. The quartette was engaged to lead the singing, and the members possess splendid voices, which were heard to great advantage at Sunday's ceremony.

Don't Miss This Treat

If you are fond of good music, go and hear the Musical Silvers, direct from Chicago, U.S, at the Grand Opera House here till Wednesday night. This is their first appearance in Canada. Don't miss this treat. Also hear Billy De Anta. He is great. To-night at 7.30 and 9 p.m. Matinee to-morrow at 2.30 and 4 p.m., and to-morrow night at 7.30 and 9 p.m.

Military Notes

Major Bennett and Lieut. Cameron, of the 57th Regiment, were in Omemee yesterday afternoon looking over the ranges of the Omemee Rifle Club, and for the purpose of finding out if there was sufficient accommodation to warrant the officers of the local regiment in arranging to take a detachment of the 57th out on Labor Day for rifle practice on the ranges there. This committee report that everything at Omemee is quite satisfactory, and if enough non-coms. and men can be got to go out, a splendid day's shooting can be enjoyed.

A meeting of the local officers will be held on Saturday night next to consider the matter.

Young People's Outing

The young people of St. Andrew's Church will enjoy an outing down the river on Thursday of this week.

MR. G. A. CORNISH WAS HONORED

Deputation From His Bible Class Made Presentation to Him

A pleasing event took place at the home of Mr. and Mrs. Andrew McFarlane, Homewood avenue, last evening, when Mr. G. A. Cornish, who left this afternoon for Toronto to assume his new duties at the University of Toronto, was presented with a pair of beautiful gold cuff links. An address was read by Mr. Chas. Lewis, and it bespoke of the high regard in which Mr. Cornish was held by the members of the Bible class of St. Andrew's church, of which he has been the appreciated leader.

The presentation was made by Mr. Gordon Carter and Mr. Edson Wegg was the other representative of the class.

Mr. Cornish was the guest of Mr. and Mrs. McFarlane for the evening, and the visit of the young men was a surprise.

COUNTY FREE OF CRIME

"I haven't seen the county quieter in ten years," was the statement of County Magistrate Edmison to the Review this morning in answer to the query of "What was doing?"

Save for a few minor cases, the county is free from crime and it is to be hoped that such conditions will continue.

THE TRIP OF THE SEASON

The steamer "Otonabee" will leave Wolfe St. Wharf at 8 a.m., on Saturday, August 27th for Lindsay, arriving there in ample time to connect with the afternoon train for Peterboro'. Meals served on board. Return tickets including Railroad, $1.25. This will probably be the last trip of the season to Lindsay.

WHO'S HERE AND AWAY

Mr. Jack Patterson was in Lindsay yesterday.

Miss V. Jackson, of Orillia, returned home yesterday.

Mr. W. C. Badger, of New York, is at the National.

Miss Jennie Bennet, of Colborne, is at the National.

Mr. J. B. Henderson, Norwood, was at the National yesterday.

Dr. L. E. Mc. C. Pomeroy, of Buffalo, N.Y., is at the National.

Mr. and Mrs. Charles Swartz, of New York, are guests at the Oriental.

Mr. John Fitzpatrick, of San Antonio, Texas is at the Oriental.

Mr. C. E. Canfield returned yesterday from Pittsfield, Mass.

Mr. Fred Hall, of Montreal, who has been camping at Stony Lake, is in the city.

Mr. R. N. Jones leaves on Monday day for Tiltson, Man., to visit his mother and brother.

Mrs. R. Reid and daughter, of Port Hope, are at the Oriental, the guests of Mrs. Graham.

Mr. Waldron Stocko, of the Bank of Nova Scotia, Montreal, is visiting friends in the city.

The Misses [illegible] Armstrong, of Rochester, are spending a few weeks in the city.

Mr. Harry Lambert, of the Bank of Toronto staff, is spending his vacation at his home in Oil Springs.

Mr. F. J. Might, sole owner J. C. Turnbull Co., left to-day on a business trip to the American wholesale centres.

Mrs. Metz, Miss Rose Metz and Miss Brown returned on Saturday from a visit with friends in Rochester.

Mrs. Weir, of Toronto, has returned home after visiting her father, accompanied by Miss Addie Cox and family.

Mrs Oliver Brown and son, Toronto, returned home to-day after a three weeks' pleasant visit with Mrs. S. A. Brown, Douro.

Miss Annie Allison, of New York city, and Miss Aileen Clendenning, of Baltimore, are the guests of Mr. and Mrs. W. J. Allison, 577 Bethune street.

The Misses Beryl and Helena Austin, of Port Arthur, are the guests for a few days of Mr. and Mrs. W. C. Austin, at "Hedgelands," 548 Weller street.

Miss May Masson, of Woodstock, who has been visiting Mrs. Knox, Queen street, has gone to Toronto, where she joins a party which will take an outing down the St. Lawrence.

Rev. D. Meader, science master of St. Michael's College, Toronto, was in the city for a few days last week. While here he was the guest of Mr. and Mrs. J. T. Crowley, 788 Water street.

Messrs. Pete Weatherston, Herb. McMillan, Bert Parnell and Chas. Curtis returned last night from Bobcaygeon, and the annual outing of the Strathconas is over for another year. The boys had a particularly enjoyable holiday.

Mr. and Mrs. John Butcher, Burnham street, announce the engagement of their youngest daughter, Florence A., to Mr. Albert J. Tovey, Unity, Sask. The wedding will take place very quietly during the early part of September.

LAST, BUT NOT LEAST

St. Luke's W. A. excursion to Idyl Wyld, Thursday afternoon, Aug. 25th, per steamer Stoney Lake. Boat leaves Wolfe-st. wharf at 1.30 p.m. Street Railway wharf at 2 o'clock. Adults 50c. Children 25c.

250th Bargain Annex Event—Wednesday, August 24th

Bargain Annex
Registered.

Do you receive the [Bargain Annex Dodger] each week? If not, send us your name and address and we will put it on our special mailing list, and this will assure you of getting this popular BARGAIN BILL each week.

Factory Samples of Wash Dresses $1.39

The Most Sensational Sale of Wash Dresses of the Season

Prints, Muslins, Ginghams and Madras, etc., Factory Samples and odd lines cleared at less than half price from a Montreal Manufacturer---Worth up to $5.00, some worth $2.50 and some $3.75. All to go on sale in the Annex Wednesday at only $1.39.

Positively not more than 3 of these Dresses to any one Customer

Nearly 1,000 of these cheap dresses have been sold in the Bargain Annex this season. The contract that gives us these garments at the prices which we get is a standing one with a certain large maker to tade his entire over-production and samples. This means that we quite frequently get at one time 25 or 30 dozen (300 to 360) dresses. These have to be turned over very rapidly and of necessity at a very low figure. This in brief is the why of this ridiculously low price; some are slightly mussed, some may be a little soiled, but all are worthy garments. Sharp at 8.10 they go on sale in the Annex Wednesday, at only per garment................ $1.39

Not more than 3 to any one customer. (See large window for Sample Garments)

OUR TWO O'CLOCK SPECIALS
And Two Good Ones

40 INCH WHITE LAWN 8½c
Sharp at two o'clock (not before) we will sell 200 yards of 40 inch White Lawn, in a good quality, even thread and weave; while it lasts, at only, per yard.......................... 8½c

12 HANDKERCHIEFS 25c
We will also put on sale with the lawn, 100 dozen good quality, White Hemmed Handkerchiefs, all ready for use and a snap at only 12 for... 25c

Thirty-Seven Inch FLANNELETTE 10 1-2c
2 cases of (40 pieces) full 37 in. extra heavy striped English Flannelette, direct from the mill at 2-years ago price, which means a saving of 25 per cent. over to-day's regular price. This Flannelette has been stocked up in our reserve stock-room and now it is offered to our Annex customers at a price you used to pay two years ago. Annex price Wednesday only 10½c
(Limit 20 yards to a customer.)
(SEE WINDOW.)

BIG BATH TOWELS 2 for 25c
Buy these in the Annex Wednesday and save money---50 dozen of Irish Linen Bath Towels, size 30 x 46 ins., made with fancy stripe designs, and fringed ends, made by one of the best Belfast makers and bought direct by us at a very low price---a year's supply would be good economy at the price they will be sold for in the Annex on Wednesday at per pair.............. 25c
(SEE WINDOW.)

SOMETHING TO REMEMBER
We are right into the Wall Paper business and all the new things for fall decoration. Prices always right.

Cressman's DEPARTMENT STORES

NEW DRAPERIES
Arriving daily, imported from the best makers in the world. Call and see our new Madras Curtains. A novelty.

WROTE NOTE TO FATHER AND FRIEND, THEN TOOK POISON

Mary Cowan Attempted to Take Her Life in a House at 108 Aylmer Street, This Afternoon--Screams of Woman Attracted Passerby and Prompt Action Saved the Girl's Life.

My Dear Father,—As I have taken poison, and and and when you discovers this on me when I am dead I hope you will forgive your daughter for what she has done and feeling sick.

Now if I live till morning, take me back to Kingston, but lay me beside mother.

—

My Dear Friend,—As I am not well, I think that I will home, for I am boarding at a place where the Mrs. nearly sets me crazy. I will tell you all when I come home this is no place.

The noise of women screaming in a house at 108 Aylmer street, about two o'clock this afternoon alarmed Rev. W. C. Riddiford, as he was walking past the house, and an investigation, followed by prompt action by the reverend gentleman, had considerable to do with the saving of the life of Mary Cowan, a young girl, who sought to do away with herself by taking a dose of poison in powder form. The poison was precipitate of mercury.

The two short letters given above were found about the girl. She used both sides of a sheet of ordinary writing paper, and it would appear that she was passing through some trouble and finally had come to the decision to end her life.

Rev. Mr. Riddiford procured a quantity of skim milk and grease and managed to get the girl to swallow the mixture. Vomiting followed, and when Dr. Marshall, who had been sent for, arrived, the unfortunate young woman was out of danger.

WOODMEN OF THE WORLD ESTABLISH A RECORD

One of the most enthusiastic and successful campaigns in the interests of the Woodmen of the World will be brought to a conclusion this evening by a moonlight excursion on the Otonabee. Last evening, in the rooms of the society, the balance of the one hundred members who have joined the society within the last sixty days, were initiated into the secrets of the order, and in future will be loyal Woodmen of the World.

Mr. W. S. Collings is the local organizer, and it is mainly through his influence and efforts that the above record was created. The rooms last evening were crowded and even standing room was at a premium.

The A.D.V. Lieutenant, Mr. D. Cinnamon, of Lindsay, gave a splendid address. Mr. W. J. Abernethy, clerk of Maple Leaf Camp 161, Campbellford, together with E. S. Ivey, were also present. Mr. W. S. Harrison, the head counsel of the W.O.W., made a brief address, and in the course of his remarks stated that it was the largest class of initiation which he had ever attended. After the business part of the meeting was concluded, an informal program followed and refreshments were served.

Mr. Collins, who by his geniality and friendliness, has become a general favorite with the members, was the recipient of three rousing cheers, and the evening was brought to a close by singing, "For He's a Jolly Good Fellow."

Girls wanted at the Quaker Oats Co. Steady work. Apply at once. 3d

DOES NOT REFER TO LOCAL MEN

The body of an unknown man was found floating in the Assinaboine river and in his pocket was a business card on which was the name of H. E. Cooper, Toronto.

H. E. Cooper is well and alive in Toronto. On the same day a telegram came from Ottawa inquiring about Cooper, who resembled a man who had dropped dead there.

Mr. G. H. Brown, of Peterborough, the well known traveller for the Novel T Company, is one of the men who carry Cooper's goods as a side-line.

Mr. H. E. Brown and another man are the only men who carry Cooper's goods. It does not refer to Mr. Brown of Peterborough as the Review learned by enquiry to-day at the local store that Mr. Brown was in Lindsay yesterday having sent in orders to Mr. Atwood here.

LATEST NEWS FROM RESORTS AT KAWARTHA LAKES

ATTRACTIVE PROGRAMME OF WELL CONTESTED RACES AT KAWARTHA PARK REGATTA

A Favorable Day and a Good Field — Many of the Events Provided Exciting Finishes—Concert and Presentation of Prizes in the Evening — The Summary of the Sports.

The most exclusive event of the season at the Kawartha Lakes took place yesterday afternoon when the annual Kawartha Park regatta was held. The regatta was exclusive for two reasons. In the first place only those within a clearly defined radius were eligible to take part and in the second place the calibre of the contestants afforded an exclusive field.

The regatta was scheduled to take place at two o'clock in the afternoon and it looked as though the weather man was going to frown on the event as it was raining heavily at the hour set and all day drizzle was feared, but it cleared up in a very short time and the clouds shaded the sun to a nicety during the rest of the afternoon and the contestants had a delightful day for the races, which were decidedly interesting. Many of the close and spectacular finishes called forth the enthusiastic approval of the spectators who for the most part congregated on the wharf although there were several craft along the course from which the contests were viewed with interest by spectators from the neighborhood as well as other parts of the lakes.

The course was from park wharf to a line of buoys opposite "Saints' Rest" cottage, the distance, including the return, being about two hundred yards. The races were run off smoothly the committee of management having the programme well in hand throughout and the participants responded promptly to the stentorian calls of the man behind the megaphone.

The results of the afternoon's sports were as follows;

Single canoe, Men.

Eric Stewart,
Heber Rogers.

Single Canoe, Ladies.

Miss Mamie Rogers,
Miss Barker,

Single Canoe, Boys 15, and under.

Heber Rogers,
K. Routley.

Tandem canoe, Men.

N. Geale and Heber Rogers,
K. Routley and B. Lees,

Boy's swimming, 15 and under.

B. Lees,
H. Stewart and Heber Rogers, even.

Hurry Scurry.

N. Geale,
Heber Rogers.

PRIZES PRESENTED.

In the evening a large number gathered on the verandah of the Kawartha Park boarding house, where the prizes were presented by Mr. Alfred Stewart, of Toronto; Mr. J. W. Bennett, of Peterborough, officiated as chairman.

As the various prize winning competitors stepped forward to receive their prizes they were roundly applauded by the assemblage and while the calls for "speech" were frequent the graceful bows of the successful ones were the most eloquent acknowledgments forthcoming.

An interesting programme was a pleasant feature of the evening, Mr. George Minorgan being greeted with tumultuous applause on his rendition of the "Toreador" song from "Carmen."

The programme was as follows:
Instrumental—Miss Nelson.
Irish Jig—Mrs. Whittimore.
Song—Miss Carlisle.
Recitation—Miss May Nelson.
Recitation—Miss Scanlan.
Istrumenntal—Mrs. Charles Munro.
Song—Mr. George Minorgan.
Reading—Mr. C. N. Brown.

SOME BIG FISH

When a man is reported as catching a bass weighing five pounds everybody doubts the report. The stories of five pound bass being landed after a sharp battle are so common that the uninitiated couldn't be blamed for thinking that five pounders are as common as drab suckers in a spring freshet.

But when an angler lands a bass weighing four pounds fourteen ounces, the statement of the catch sounds much more probable. If the fish only weighed three pounds it might be announced that it tipped the sales at five, but when the weight is given two ounces short of the magis five, there is every reason to believe that that announcement is founded on fact.

The fish in question that balanced the beam at four pounds and the generous fraction of the fifth, was hooked and whacked into submission by Mr. E. A. Tanner, of Lakefield, in Stony Lake the other day and was one of the biggest catches of the season in the Kawartha Lakes.

The honor of getting the biggest lunge of the summer falls to Mr. R. Holden, who pulled in a monster that weighed twenty-five pounds on the Juniper Island scales. Mr. R. Neill also secured an eighteen pounder, and Mr. C. C. Munro, of Toronto, caught one weighing fifteen pounds. Mr. Holden's catch was made in Stony Lake and the latter two in Clear Lake.

THE REGISTRATIONS AT STONEY LAKE HOTELS

The following is the latest list of guests at Victoria House, McCracken's Landing;—G. G. Pratley, Miss Belle Downhard, Miss Maudie Delahaye, all of Toronto; W. A. Elliott, Peterborough; F. J. Fitzsimmons, Rochester; J. H. and Ralph J. Hutchman, Irwin, Pa.; A. W. H. Francis, Byng, Ont.; Frank M. Wilson, New Kensington, Pa.; Miss Nell H. Reed, Reading, Pa.; Fred T. H. Sims, Georgetown, Ont.; W. E. W. Sinclair, Oshawa; John Ball, Oshawa; Mr. and Mrs. Samuel Phillip Savage and Samuel Phillip Savage, jr., Elizabeth, N.J.; Eugene Doucette and wife, Rochester.

The following are guests at Kawartha Park;—Mr. and Mrs. Whittimore, A. R. Whittimore, Miss Scanlan, Mr. and Mrs. Hoskins, Toronto; Mrs. Duggan and son, Peterborough; Miss Barker and Miss Winslow, Toronto; Miss Nana Williams, Montreal; Mr. J. W. Bennett, Peterborough; Mr. Orr Bennett and wife, Almonte.

Mr. J. H. Henderson, Parkdale, is at Stony Lake.

The following are at Flower City Camp, Stony Lake;—G. Harold Vincent, Eugene J. Vincent, Mrs. Geo. H. Vincent, E. J. Ford, Mrs. E. J. Ford, H. C. and Mrs. Siller, H. V. Siller, J. F. Ford, J. K. Vincent, all of Rochester.

Miss Alice L. Hughes, Toronto, and Miss J. Adelaide Smith, Cleveland, are at Stony Lake.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

To the Editor of the Review.

Sir,—In your paper of yesterday I noticed a very glowing account of how an English immigrant, with his wife and two children, were taken to Montreal to be deported back to England, not because the man would not work, but because after considering the agreement and wages of $15 per month he was unwilling to work for $3.75 per week.

Now, Mr. Editor, I claim that the man with his family were treated injustly, even if he did agree to work for the wages mentioned, and found out afterwards that he could do a great deal better. I don't think he was to blame for taking advantage of the better wages offered. How would the men who were so active in arresting and deporting this man like to keep a family on $3.75 per week? How far would it go in buying food and clothing these times? And, according to your report it read as though the wife and children, as well as the man, were to be employed at farm work for the $15 per month. If an Englishman, or Irishman (for that matter) will not work, then let him be sent back to where he came from, but in this case the man was working and seemed anxious to make the best of the summer's work for himself and family, when the inspector and agent round them up as though they were criminals, and seemed to take a delight in shipping them back to England.

Our Canadian newspapers sometimes protest against some of the deporting which is done by the United States officials, but it appears to me that in the case of George Woolard and family, our immigration officials acted too smart and overbearingly altogether.

Thanking you, Mr. Editor, in advance.

I beg to remain,
Yours truly,
CITIZEN.

Trinity College Scholarship

Mail and Empire—Miss J. K. Burnett, of the Peterborough Collegiate Institute, has been awarded the Wellington Scholarship in Mathematics, instead of the Dickson in Modern Languages. The order of ranking for the Dickson, which goes to Miss M. A. Evans, of St. Agnes, Collegiate, Belleville, was—1, Miss J. K. Burnett; 2, Miss D. C. French, Lindsay C.I.; 3, A. K. Griffin, St. Clement's Collegiate, Eglinton; 4, Miss M. A. Evans.

BRITISH BOWLERS ARE HERE TO-DAY

The British Bowlers are here today.

The visitors arrived in the city from Ottawa, on the early morning C.P.R. train.

The party is composed of seven ladies and nineteen gentlemen. They were welcomed this morning and taken to the Wolfe street wharf where the Bessie Butler was boarded for a trip over the Lift Lock.

The feature of the visit will be the games with the Peterborough Bowling Club this afternoon. While the weather is threatening, and the green not altogether to the liking of the bowlers, the games were proceeded with shortly after three o'clock.

The ladies of the party were taken to the golf links and are being entertained by the ladies of the club.

This evening the visitors will be the guests of the Board of Trade to a dinner at the Oriental.

The names of the party were given yesterday.

BRIEF AND BREEZY

Old Jem Mace, once the most famous pugilist in the world, is making his second attempt to secure an old age pension of $2.50 a week from the British Government. Three years ago Mace made his first effort. He was disgusted with the red tape and "quit cold," as the ring saying has it. For a number of years the old fellow has been struggling about, but the alms house looms so dangerously near that the old time gladiator must take extreme measures now.

Cy. Seymour, of the New York Giants' outfield, may find himself wearing a Maple Leaf uniform in the near future. Snodgrass, who warmed the bench last season, is playing regularly, and is the top notch batter of the National League, and it is up to Cy. to find another home.

Two years ago Ed. Killean, of the Detroit Tigers and Rube Waddell of Philadelphia Athletics, were given the credit of being two of the greatest left wheelers in the business. Now both are working overtime endeavoring to hold a job with Toronto and Newark respectively. Such is the baseball game. It would be rather interesting to see the two opposing each other now.

The funeral of the late "Dick" Baker was held at Toronto yesterday afternoon.

Bracebridge and Orillia have been ordered to play off their tie in the junior series of the C.L.A. by a sudden death game at Brantford on Thursday.

It looks like a big day for the big crowd expected to take in the excursion of the West End Athletic Club to Lindsay on Saturday. Of course there's always lots of fun in the town up the line, and when the West End ball chasers buckle up with Lindsay's best there will be a whole lot more excitement. Good train accommodation has been secured and the return fare is within the reach of all.

COSTS $500 (A DAY) TO RUN THIS MEET

Special to the Review.

Ottawa, Aug. 23.—Hon. Gibson, Lieutenant Governor of Ontario, today wrote Colonel Hughes that he will be at the ranges to-morrow. Hon. Charles Murphy and Sir Frederick Borden will also attend the president's annual luncheon. This morning Col.-Sergt. Freeborn, Hamilton, and Sergt. Morris, Bowmanville, scored possibles in the first stage 200 yards of the Governor-General's match. The president's match is being shot to-day. It is costing $500 a day in salaries to run the meet and the attendance is so large that the ranges will either have to be enlarged or the time extended over the week.

Fatally Burned.

Sherbrooke, Que., Aug. 20.—A fatal burning accident occurred here, when a young girl named Stock died from the effects of burns. She with other children was in the hayloft of their grandfather, playing with matches, when the hay was set on fire.

Will Get Twelve Lashes.

Berlin, Aug. 20.—Found guilty of two serious charges of indecency, Gordon Vaughan, aged 18, of the Village of Wellesley, was yesterday morning sentenced to one year in the Central Prison with twelve lashes.

One Hundred and Five In His Suite.

London, Aug. 20.—Cardinal Vannuelli sails on the Empress of Ireland, Aug. 2, accompanied by his suite of 105 persons.

Married Twice, But Married Again.

Kingston, Aug. 22.—Mrs. Ovide Sainten and John Garrach, residents of Gananoque, were united in marriage last week. After the ceremony a wedding supper was served at the residence of the bride's sister. This is the third matrimonial venture for each of the participants.

Kendall Gets Reward.

London, Aug. 22.—The Weekly Despatch says that the reward of $1,250 for information leading to the arrest of Dr. Crippen, has been claimed and awarded to Capt. Kendall of the steamer Montrose, on which Crippen and Miss Leneve reached Quebec.

FRASERVILLE

Special to the Review.

Fraserville, Aug. 23.—Mrs. Reynolds and children, of Toronto, are visiting ex-Reeve Fisher.

Miss Clifford, of Coboconk, is the guest of Mrs. Carroll.

Mrs. Ritchie and Mrs. Campbell, of Midland, are visiting their aunt, Mrs. S. Roddy.

Mr. Jim Might sold a horse last week for a handsome sum. It was disposed of to a Peterborough gentleman.

Mr. Kidd, of Cavan, the well-known blacksmith, has moved his shop to South Monaghan. Mr. Huffman, of Millbrook, had the job of moving.

Mr. James Roddy sold a fine horse last week to Mr. Mull, of Montreal. The price paid was a large one.

A Chicago mission began regular services in the dance hall of a saloon.

New York Dairy Market.

NEW YORK, Aug. 22.—Butter—Firm; receipts, 6707; creamery, specials, 31c; extras, 30c; third to first, 24½c to 29c; state dairy, common to finest, 22½c to 28½c; process, second to specials, 22½c to 27c; Western factory, 22c to 23½c; western imitation creamery, 24c to 25c.

Cheese—Firm and higher; receipts, 1246; state, whole milk, special, 16c to 17½c; do., fancy, 15½c; do., prime, 15c to 15¼c; do., fair to good, 13¾c to 14¾c; do., common, 10¾c to 12¾c; skims, full to special, 2½c to 13c.

Eggs — Firmer; receipts, 9605; state, Pennsylvania and nearby hennery, white, 27 to 32c; do., gathered white, 25c to 28c; do., hennery brown, 25c to 28c; do., gathered brown, 24c to 26c; fresh gathered extra first, 23½c to 24½c; do., first, 21½c to 22½c; do., second, 19½c to 20½c.

CATTLE MARKETS.

Liverpool Market Holds Firm—Glasgow Slow and Easier.

NEW YORK, Aug. 22.—London and Liverpool cables quote American cattle at 12¾c to 14¼c per pound, dressed weight; refrigerator beef steady, at 10⅝c to 11¼c per pound.

LIVERPOOL, Aug. 22.—John Rogers & Co., Liverpool, cable that prices were well maintained in the Birkenhead market, and practically everything was sold at Saturday's quotations, which were: States steers, from 13¾c to 14¼c: Canadians, from 13¼c to 14c, and ranchers, from 11½c to 12c per pound.

Union Stock Yards.

TORONTO, Aug. 22.—Receipts of live stock at the Union Stock Yards were 89 carloads, comprising 1821 cattle, 4 hogs, 456 sheep and lambs, and 28 calves.

Exporters.

E. L. Woodward bought 462 cattle for Swift & Company of Chicago: 342 cattle for London, 1275 lbs. average weight, at $6.15 average price, or a range of $5.90 to $6.50; 120 cattle for Liverpool, 1195 lbs. average weight, at $5.80 average price, or a range of $5.65 to $5.90 One bull at $5.25.

Geo. Campbell bought for Morris & Co. of Chicago 125 exporters as follows: Twenty-two cattle for London, 1250 lbs., at $6.25; 23 heifers for London, $5.50 to $6.15, or an average of $5.75; eighty Liverpool cattle, 1200 lbs. each, at $5.65 to $5.90, or an average of $5.75. Last week Mr. Campbell's average for the Liverpool market was $5.65.

Butchers.

Prime picked lots sold at $5.75 to $6 per cwt.; loads of good, $5.25 to $5.50; medium, $4.90 to $5.15; common, $4.50 to $5; cows, $3 to $5 per cwt.

We call attention to prices given in sales of feeders and stockers by the various commission firms, which goes to show that good feeders are in demand.

Milkers and Springers.

Receipts of about 30 milkers and springers, which sold at $40 to $70 each.

Veal Calves.

Receipts light, with prices firm at $3.50 to $7, and a few new milk fed at $8 per cwt.

Sheep and Lambs.

Export ewes, light, $4.25 to $4.50; heavy ewes, $3.50 to $4; rams, $3 to $3.25; lambs, $6.50 to $7.10 per cwt.

Hogs.

[illegible] export selects at $8.40 to drovers f.o.b. cars, and $8.75 for selects fed and watered. No doubt if deliveries of hogs are heavy these quotations will be adhered to, but should there be light receipts last week's end quotations will certainly prevail.

Montreal Live Stock.

MONTREAL, Aug. 22.—(Special.)—At the Montreal Stock Yards, west end market, the receipts last week were 2380 cattle, 2475 sheep and lambs, 1650 hogs and 560 calves, while offerings this morning amounted to 1250 cattle, 1825 sheep and lambs, 1010 hogs and 250 calves. Altho the supply was much larger than a week ago, a fairly steady feeling prevailed. Offerings consisted largely of northwest ranchers of fair quality, and the demand from butchers was good. Some picked lots of choice steers sold at 6¼c, but the bulk sold at 6c, while good stock brought 5½c to 5¾c; fairly good, at 5c to 5¼c; fair at 4½c to 4¾c, and common at 4c to 4¾c per lb. Hog prices were under a good demand from packers and smaller supplies than were expected. Sales of selected lots were made at $9.25 to 9.50 cwt. weighed off cars. Offerings of sheep and lambs were much larger than usual, but there was an active demand for local consumption and prices show no change. Sheep sold at 3½c to 4c per lb., and lambs at $4.50 to $5.50 each. Calves also met with a ready sale at from $3 to $12 each.

At the Canadian Pacific live stock market receipts last week were 2109 cattle and 74 sheep for export account, and 1378 cattle, 1150 sheep and lambs, 875 hogs and 425 calves for local consumption. The supply this morning consisted of 700 cattle, 525 sheep and lambs, 210 hogs and 150 calves.

East Buffalo Cattle Market.

EAST BUFFALO, Aug. 22.—Cattle—Receipts, 4000 head; active, 15c to 25c higher; prime steers, $7.50 to $8; shipping, $6.50 to $7.25; butchers, $5.25 to $6.75; heifers, $4.50 to $6.25; cows, $2.75 to $5.50; bulls, $3.50 to $5.50; stockers and feeders, $4.50 to $5.30; stock heifers, $3.50 to $4.25; fresh cows and springers, strong, $28 to $68.

Veals—Receipts, 1300 head; active, 25c higher, $6.75 to $10.25.

Hogs—Receipts, 10,000 head; active, 20c to 35c higher; heavy, $9 to $9.15; mixed, $9.25 to $9.40; yorkers, $9.40 to $9.75; pigs, $9.60 to $9.75; roughs, $7.35 to $7.65; stags, $6 to $6.75; dairies, $8.90 to $9.50.

Sheep and Lambs—Receipts, 10,600 head; sheep, active and steady; lambs, slow, 10c lower; lambs, $4.75 to $6.65; yearlings, $5 to $5.50; wethers, $4.50 to $4.75; ewes, $4 to $4.25; sheep, mixed, $2 to $4.25.

Chicago Live Stock.

CHICAGO, Aug. 22.—Cattle—Receipts 26,000; market strong; beeves, $4.80 to $8.50; Texas steers, $3.50 to $5.85; western steers, $4 to $7; stockers and feeders, $4.10 to $6.20; cows and heifers, $2.60 to $6.50; calves, $6.50 to $8.75.

Hogs—Receipts 27,000; market 10 cents higher; light, $8.65 to $9.15; mixed, $8.15 to $9; heavy, $7.86 to $8.75; roughs, $7.85 to $8.05; good to choice heavy, $8.05 to $8.75; pigs, $8.70 to $9.15; bulk of sales, $8.30 to $8.50.

Over 12,000 persons attended the Royal Arcanum 'Hospital Day' picnic in a Chicago park.

O'K

Extra Mild, Remember

Many people would drink ale, in preference to all other malt beverages, if ale did not make them bilious.

This O'K brew is brewed especially for those people. It is extra mild and extra light, and lets you enjoy the creamy deliciousness of real old English ale without the heaviness and excessive bitterness. In easily—opened seal stoppered bottles. No broken cork or tinfoil in the glass.

O'Keefe's Special Extra Mild ALE

"The Beer that is always O.K."

Labrador Fisheries Have Bad Year.

St. John's, Nfld., Aug. 22.—Despatches from Dr. Grenfell, the Labrador medical missionary, confirm the report of a probable total failure of the Labrador fisheries this season.

This news portends serious consequence for the twenty thousand fisher folk of Newfoundland, who depend upon the Labrador fishing for their living.

Couple Murdered by Burglars.

Wilmington, Del., Aug. 22.—Robert Casey, jr., keeper of a general store at Claymont, near here, and his wife, were murdered in their beds in the house over the store, some time during Friday night, evidently while they slept. The murder was committed by thieves.

In Oregon Next.

Washington, Aug. 22.—The next convention of the Esperanto Association of North America, will be held in Portland, Ore., in 1911. The only other aspirant for the meeting was Erie, Pa.

Wayne Hinkel, a student, was struck by a baseball during a game at Rye Island, O., and died soon afterwards.

3,000 YEARS AGO THE EGYPTIANS CURED DISEASE WITH FRUIT

To-day, Canadians Are Doing It With "Fruit-a-tives"

—The Famous Fruit Medicine

We are apt to consider the age we live in as the most wonderful age that the world has ever known. It is, in many respects. Yet the ancients surpassed us in some things. Engineers of our 40-story sky-scrapers still marvel at the massive pyramids and the sphinx. So, too, the Egyptian physicians of 3,000 years ago, used fruit juices as a medicine for treating blood trouble, liver and kidney disease, and stomach weakness. Their method of mixing fruit juice as a medicine, is also one of the lost arts. A well known Canadian physician, however, perfected a method of utilizing fruit juices, which is one of the greatest discoveries of modern medical research.

"Fruit-a-tives" is the natural cure for Chronic Constipation, Biliousness, Indigestion, Torpid Liver, Kidney Disease, Pain in the Back, Bad Complexion, Rheumatism, Nervousness, Headache and Neuralgia.

50c. a box, 6 for $2.50, or trial box, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

BLACK VS. WHITE—AN UNANSWERED QUESTION OF THE AGES

According to the unprejudiced testimony of those who, before the war, in his own country, had owned slaves, those of the "Southland" were always content, always happy. When not singing close harmony in the cotton-fields, they danced upon the levee, they twanged the old banjo. But these slaves of the Upper Congo were not happy. They did not dance. They did not sing. At times, their eyes, dull, gloomy, despairing, lit with a sudden sombre fire, and searched the eyes of the white man. They seemed to beg of him the answer to a terrible question. It was always the same question. It had been asked of Pharaoh. They asked it of Leopold. For hours squatting on their iron deck-plates, humped on their naked haunches, crowding close together, they muttered apparently interminable criticisms of Everett. Their eyes never left him. He resented this unceasing scrutiny. It got upon his nerves. He was sure they were evolving some scheme to rob him of his tinned sausages, or, possibly, to kill him. It was then he began to dislike them. In reality they were discussing the watch strapped to his wrist. They believed it was a powerful juju, to ward off evil spirits. They were afraid of it.

One day, to pay the chief wood-boy for a carved paddle, Everett was measuring a bras of cloth. As he had been taught, he held the cloth in his teeth and stretched it to the ends of his finger-tips. The wood-boy thought the white man was giving him short measure. White men always had given him short measure, and at a glance, he could not recognize that this one was an Everett of Boston.

So he opened Everett's fingers.

All the blood in Everett's body leaped to his head. That he, a white man, an Everett, who had come so far to set these people free should be accused by one of them of petty theft!

He caught up a log of firewood and laid open the scalp of the black boy, from the eye to the crown of his head. The boy dropped, and Everett, seeing the blood creeping through his kinky wool, turned ill with nausea. Drunkenly, through a red cloud of mist, he heard himself shouting: "The black nigger! The black nigger! He touched me! I tell you, he touched me!"

From "A Question of Latitude," by Richard Harding Davis, in the August Scribner (Fiction Number.)

Scarboro Beach

Visitors to the Toronto Exhibition this year cannot afford to leave Scarboro Beack Park out of their plans. This $600,000 amusement resort, modelled after Dreamland and Luna Park, the world-famous institutions, at Coney Island, is the finest of its kind outside of New York itself, and has been visited by millions of delighted patrons in the four years that it has been in existence. Its permanent structures include a scenic railway, a quarter of a mile long, a chute-the-chutes, 600 feet in length, and an underground watertrip called the Cascades, which furnishes an unforgetable experience. In addition there are the Streets of Cairo, Human Butterfly, House of Nonsense, Electroscope Theatre, Johnstown Flood, Aerial Swings, Caroussel, Midway, Bumps, Laughing Gallery and many other novelties which are renewed each season. There will be special fireworks and sports for the Exhibition visitors. The Sunday afternoon and evening free band concerts at the park are a popular feature.

UNDERVALUING FARM LANDS

This is proving to be a record breaking year in the county of Peterboro for underdraining low farm land. It is pleasing note that many farmers are taking advantage of the free assistance given by the Branch Department of Agriculture situated at Norwood. I. B. Henderson who is assisting Mr. H. C. Duff with the work of the Department spent Saturday taking levels for Mr. Eastwood of Monaghan and Monday with Mr. J. A. Jarbutt of Smith Township. Mr Henderson has other surveys to make this week in the neighborhood of Lakefield and considering the value of this part of his work, the farmers should not give him an opportunity to devote even a part of his time to anything else.

The task of draining low lying land in this county has just commenced, and there are hundreds of acres that are badly in need of it. A person driving through any of the low stretches of land bordering the Otonabee cannot fail to note the abundance of rich soil that is yielding but a fraction of the wheat it should. In sections east of the city, where comparatively poor crops were harvested, the high land apparently suffered from drought, while the low lands suffered from the heavy rains of the early spring. With underdrainage these same low lands would have presented a vastly different appearance.

It is doubtful if there is a farm of any value in the whole county that does not contain land in need of tile draining.

The chief obstacles in the way of the rapid progress of this work is lack of help and money. The money question needs little consideration if the Township Councillors will go to the trouble of passing a By-law that will enable them to borrow money from the Provincial Treasuerr, which may be loaned to the farmers at four per cent. payable in twenty annual equal payments. A number of farmers succeeded in getting the Otonabee Council to consider the loan project, and it is to be hoped that the Councillors will not allow any possibility of a little extra labor on their part to interfere with the just wishes of the people, whom they represent. No Councillor can do more to advance the agricultural interests of his district than to encourage the farmers to take advantage of the provincial offer. With this money every farmer in the county can drain his land at an annual cost not exceeding 1.84 per acre for 20 years. With a $25 crop, the interest on the drainage investment would be enormous.

The work involved in tile draining is not as great as the average man thinks: it is just in rare cases where the plow cannot be used to a depth of two or two and one-half feet. Those who have experience in draining invariably say that, with the use of the overhead line and plow, anyone can prepare the tile best and lay the tile with surprising speed and accuracy.

There are innumerable men who yearly spend many hard days of toil on wet land and receive a scanty yield for their trouble. If these same men write the Department at Norwood for assistance and put in tile this fall, no such discouraging waste of valuable energy need be expected in the years to come.

NORTH DUMMER

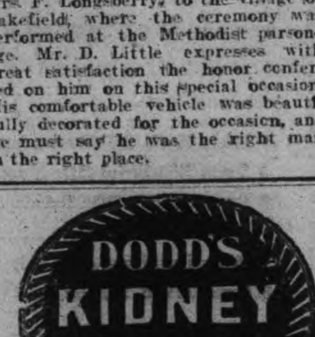
Special to the Review.

North Dummer, Aug. 20.—The Zion choir of the Methodist church gave a concert on the 19th August for the purpose of defraying the cost of a new carpet for the pulpit and new chairs for the choir. At the close there was a cake contest, which was very successful, the proceeds from it amounting to $5. Mr. Wm. Batten gave a cheque for $5, and the proceeds from tickets were $18, making a total of $28. The following is the programme:—

Opening selection—The choir.
Prayer.
Chairman's address.
Recitation—Gillie Freeman.
Solo—Carrie Lenny.
Recitation—Fanny Freeman.
Reading—Miss Ethel Outram.
Recitation—Miss E. Bell.
Mouthorgan duet—Willie Crowe and Gordon Carveth.
Recitation—Mr. Garfield Crowe.
Solo—Miss Emily Drain.
Reading (part I.)—Mr. G. Crowe.
Duet—Mrs. Ed. Hamblin and Miss D. Payne.
Reading (part II.)—Mr. G. Crowe.
Recitation—Miss Roxie Cassels.
Solo—Mr. Walter Carveth.
Recitation—Mrs. J. A. Crowe.
Instrumental—Four members of the choir.
Solo—Mrs. Ed. Hamblin.
Recitation—Miss Carrie Lenny.
Closing selection—The Choir.
Cake contest.
God Save the King.

WEDDING.

A very pretty and quiet wedding was solemnized between two parties of the third line a week ago. Our worthy stage driver had the extreme pleasure of conveying the bridal party with the bride's parents, Mr. and Mrs. F. Longsberry, to the village of Lakefield, where the ceremony was performed at the Methodist parsonage. Mr. D. Little expresses with great satisfaction the honor conferred on him on this special occasion. His comfortable vehicle was beautifully decorated for the occasion, and we must say he was the right man in the right place.



MAKING BUTTER IN HOT WEATHER.

According to a well known dairyman, buttermaking on the farm in hot weather has always been difficult, and the same holds true in most of the creameries. Heat injures the grain or body of the butter directly and the flavor indirectly.

Butter with poor body and poor flavor is displeasing and unprofitable. A good body can be secured at any time of the year if the temperature of the cream is low enough. Ice will take care of that. If ice is not used, well or spring water will answer the purpose if cool enough.

A few farmers have cellars so clean and cool that churning can be done successfully all summer. Those who churn on the ground floor can do vastly better work by churning early in the morning. The early morning air has almost magic gifts in this respect.

Avoiding a Bad Flavor.

But how avoid a bad flavor? More than 200 different kinds of germs have been found in milk by scientists. Most of them are harmless; some are beneficial. But even the helpful germs, the lactic acid germs, will spoil the cream if given time enough. Ripe cream makes delicious butter, but when overripe has a nauseous flavor. The secret of the whole matter is to churn before it becomes overripe.

There are three practices that have been proved helpful: First, churn early and often, so that fermentation will not have time to progress too far; second, hold the cream cold enough to retard souring; third, skim a rich cream with as little milk in it as possible. It is the milk serum, not the butter fat, which is food for the germs.

Working In the Dairy House.

A dairy house is needed and a cement floor. If built of hollow cement blocks, all the better. A small gasoline engine will run the separator and the churn and pump water. Turn the separator screw so as to skim a thick cream. Set the can of cream in a tank of cold water in the dairy house, this water being kept fresh and cold by the engine and the overflow running out for stock use.

Twice a week take the cream cans out of the tank, mix the cream thoroughly and let it warm up. At night set it back in the cold water tank and early next morning churn it. This method will work successfully. In a large dairy churning can be done every day, and ripening vats and combined churns are in order.

If you have not a good cellar for ice or cold water, making good butter in hot weather is out of the question. Do not try. Failure is sure. Get the conveniences. The essential conveniences are few and simple, as mentioned above. Get them and become master of the situation.

Treating Horses' Corns.

For corns in horses the only remedy is to protect the affected spot from the pressure of the shoe. Frequent shoeing, with careful paring away of the hardened hoof or corn, so that this particular region will not receive any more of the weight bearing than is absolutely unavoidable, is the point to be aimed at. In addition to this, the hoof should be kept as soft as practicable by applications of moisture to the whole foot. It is seldom that a complete cure is obtained, but with care little inconvenience will result from ordinary corns.

Feeding Separator Milk.

A farmer living in Minnesota says that many of his neighbors who have been feeding separator milk to their calves have found that the milk formed gas in the stomachs of the animals and caused trouble. As a remedy they use a teaspoonful of baking soda or saleratus to each pail of milk, and the calves do well on it. This is worth knowing.

Shelter Hogs From Hot Sun.

Every hog pasture ought to have an open shed on a high point of ground for shelter from the hot sun. Leave all sides open, so that the air can pass over them.

HORSE NOTES

Sponge the Horse Well.

Sponging a horse's eyes, face and nose three or four times a day during hot weather is refreshing and very beneficial.

Be Careful With Water.

It is much better to give a horse a small quantity of water when he comes hot from the field and an hour later give him all he can drink.

Use Box Stalls if Possible.

Always use box stalls whenever practicable. A horse tied in a narrow stall is never quite comfortable and is in more or less danger of being cast.

Handle Horses With Care.

Since their value depends to such a great extent upon their disposition good horses at least should be handled by those who know how to do it.

Train Colt Carefully.

While a colt may naturally be a good walker or a good trotter, yet it requires careful training to develop either of these special gaits to the best advantage.

Don't Harness a Green Colt.

It is a shame to put a green colt in harness and work him until he has a sore on his shoulders or anywhere else. It takes months to heal such a thing up; then it is liable to break out upon a slight amount of labor.

The turn-back cuffs—French cuffs—on lingerie shirts, seem to be losing favor with men.

WHAT HENRY CLEWS SAYS; PROSPECT IS CHEERFUL

New York, August 20, 1910.—We are now in a stage of the year when conditions are least favorable to activity. It is vacation time, and the number of absentees is large. Our harvest still possesses some uncertainties, and it is the period between seasons when commercial operations are generally at a minimum. Such conditions are, of course, not calculated to stimulate activity. Nevertheless the tendencies are towards improvement, and the inertia which now exists in the business world is what was most needed to permit readjustment and lay the basis for a fresh recovery later on.

The greatest betterment has been in the monetary situation. Owing to recent pressure exerted by banks in all parts of the country, prospects of a money squeeze this autumn which once caused considerable apprehension have now been reduced to a minimum. At worst there is nothing to be feared except possibly local and temporary stringency when the crops move. The Eastern Banks have greatly strengthened their resources, and will be abundantly able to meet any interior demands. Liquidation has also materially strengthened the interior. The surplus reserve of the New York Banks is now over $55,000,000, having shown a remarkable rise in the past five or six weeks. We have already imported about $20,000,000 of gold, which has proved sufficient, although one half of the $40,000,000 which it was anticipated would be required a few weeks ago. The improvement in the local banking situation has been so pronounced as to discourage further gold imports, unless there be a sudden and unexpected increase in merchandise exports. Bankers are now pursuing a more liberal policy towards their customers, and the demand for commercial paper has correspondingly improved. As business operations had previously been materially curtailed through pressure from banking sources, the relief in the latter quarter should in due time make itself manifest in greater business activity. At present general trade is very quiet. Buyers have been pursuing a hand-to-mouth policy, and many establishments in the iron, textile, leather and other industries have been obliged to materially reduce their output. It is recognized that the whole country has entered a stage of overproduction, which is due partly to diminished purchasing power, and partly to an excessive enlargement of producing capacity. This readjustment between production and consumption, or supply and demand, cannot be immediately accomplished, but the evil if fully recognized and the currative process is now fully under way. As already said, the rest cure is working out beneficial results, and is likely, as of old, to prove the best restorative known.

IMPORTANT INSURANCE CLAUSE UPHELD

From Fire Insurance.

A decision of very considerable importance to the insured and the insurer was rendered by the Court of King's Bench, Appeal Side, this week in the cases of the London & Lancashire Fire Insurance Company and the Guardian Assurance Company and L. T. Trempe.

On March 23rd, 1907, Mr. L. T. Trempe, of Sorel, insured his buildings for $2,000 in the London & Lancashire Fire Insurance Company, and in September following placed $4,000 with the Guardian Assurance Company, both policies containing the co-insurance clause under which in consideration of Mr. Trempe maintaining during the currency of the policy insurance up to 80 per cent. of the value of the property, the companies reduced the premium.

On March 5th, 1909, a fire took place, and immediately thereafter an arbitration was entered into between the parties and the appraisers came to an amicable agreement on the award estimating the damage to the buildings insured at $5,814 and the value of the buildings immediately before the fire at $14,750. The adjusters forwarded proofs of loss to the insured showing that the amount of the insurance which he should have carried was $11,800, which was 80 per cent. of $14,750, the value of the property, and the amount of the loss which the companies had to meet was $2,956.

The insured was pleased with the appraisers' award so far as regarded their estimate of the fire loss, but he was not pleased when he learned the amount for which he was a co-insurer and the sum that was coming to him.

After a lengthy trial at Sorel Judge Bruneau maintained plaintiff's action for the amount the appraisers awarded as the fire loss, namely $5,814, and held that Mr. Trempe in carrying $6,000 of insurance had fulfilled the terms of the 80 per cent. co-insurance clause, the judge interpreting the co-insurance clause to mean that all was required of the insured was to place 80 per cent. upon the value of the property at the time of the application. Further, while in the applications for insurance to several companies, Mr. Trempe had warranted that the buildings were worth from $9,000 to $12,000, the judge accepted his verbal statement at the trial, to the effect that the buildings were worth but $7,500.

The Court of King's Bench has unanimously reversed this decision, declaring that the co-insurer must maintain the full percentage required under the policy, not only at the time of the application for the insurance, but during all the time of the insurance; further, that according to the terms of the insurance contract, before the companies could be sued, there must be an award made by appraisers; that such had been done; that the award was binding upon the parties, and that the companies' tenders were sufficient and valid.—The Chronicle.

THE LAST SALE OF THE SEASON

— AT —

The Golden Lion

There is much food for thought and busy figuring in the news of this week.

Here we are with fall stock coming! coming! coming! all the time, and here we are with summer stock, here and there—Remnants of former greatness. They don't mix any more than the proverbial oil and water.

Of what remains the blue pencil has made short work. Money goes a tremendous distance when we are racing for time, as we are now, and such prices as these will soon do their duty.

Printed and plain **Dimities** and **Organdies** that were 17c, 20c and 25c. Closing Sale Price, yard........ **7c**

Mercerized Organdies, plain colors, 42 inches wide, that were 75c the yard, pink and cadet shades. Closing Sale Price........ **25c**

Ends of **Flouncing Embroidery** marked at........ **Half Price**

Odd lines of our best selling designs in 15c English "hard to beat" **Prints.** Closing Sale Price........ **10c**

Two sizes in Children's Black Lace **Lisle Stockings,** 6 and 6½. Formerly Sold at 20c and 25c, for, pair........ **10c**

Shirt Waist Dresses, some are swell made and stylish garments that were $4.00, $5.00 and $6.00. Closing Sale Price...... **$1.39**

2 only **Long Wash Coats** in plain white and cadet blue, formerly $5.00 each. Your Choice for........ **$1.50**

The balance of our dark colored untrimmed **Straw Shapes** in millinery, that sold up to $2.75 and $3.00, to be cleared at, Your Choice for **39c**

Just received a choice collection of early autumn weight in **Fawn Covert Coats**........ **$5 & $7**

This week's offerings reminds one of shaking the plum tree for the last sweet fruit that hangs on its branches. That is what this "Clean up Sale" means.

SIGN OF THE GOLDEN LION

SUSPECTED YOUNG MAN ARRESTED AT ROCHESTER

Last evening Chief Thompson received a telegram from the acting chief of police of Rochester, Michael J. Zimmerman, with the information that Edward Jobe, wanted here on a charge of burglary, had been arrested in that city.

P. C. Meharry left this morning and will bring the prisoner here for trial.

Jobe is the suspected party in connection with the thefts from several stores which took place recently.

Footwear was taken from Hickey's boot store, three suits of clothes from Evans' tailor establishment, tobacco and money was stolen from Patterson's barber shop, and a number of small articles from Cubitt's bookstore. Jobe left this city a week ago.

PETITIONS AGAINST THE PROPOSED PAVING

Property holders on Charlotte St. between George Street and the G. T. R. crossing, and George Street between Charlotte Street and the C. P. R. crossing do not want the proposed paving of the streets, at the present time at least.

Petitions have been signed by those concerned and these will be presented at the next meeting of the City Council, which will take place on Tuesday evening, September 6.

The Charlotte Street petition has a majority of names and on George St. practically all the property owners have signed.

Various reasons are assigned for the objection to the pavements. Some of the petitioners would like a more judicious use of crushed stone and the steam roller, and along with this is the objection against the increased assessment.

OBITUARY

JOHN WANLESS.

Mr. John Wanless, aged seventy-seven, passed away Monday morning at seven o'clock at the residence of his daughter, Mrs. Jason Elliott, North Monaghan. He was well known in Peterborough, being inspector of ties on the C.P.R. in this division and was highly esteemed.

The body was sent to Mount Pleasant on the 5.26 C.P.R. this morning for interment, in charge of his son, Dr. Lawless, and wife, who have been in the city on a visit. Dr. Lawless is a medical missionary home from India. Rev. J. G. Potter conducted the funeral service at the house of his daughter before the remains were sent to Mount Pleasant.

HIS DEATH IS REGRETTED HERE

The Late "Dick" Baker Had Many Friends in this City—Funeral Yesterday Afternoon

The passing away of "Dick" Baker at the General Hospital at Toronto, Friday night, is greatly regretted in this city. Stricken with an attack of appendicitis, he was not able to withstand the shock. The late Mr. Baker when he first came to this city, took the position of janitor of the Y.M.C.A. and soon won a host of friends by his happy and genial disposition. He had a happy remark for everyone. Shortly afterwards, his worth as a trainer became known his services were always in demand. He helped many a young athlete, and under his guidance the Strathconas won the championship of the City Hockey League, the first season he became identified himself with them. He was a prominent association football player and was on the line-up of the champion Quakers. When he left Peterborough, it was to take a good position in Toronto, and of late he had been trainer of the West End Y.M.C.A. track team.

The funeral was held yesterday afternoon at Toronto.

Girls wanted at the Quaker Oats Co. Steady work. Apply at once. 3d

INDIAN RIVER

(Special to the Review.)

The carpenters were up at the village again, completing the work they commenced a short time ago.

Mr. Stanley Comstock accompanied by Mr. Edward Sargent of Westwood, brought his gramaphone up the Elmhurst line this week and gave an evening's enjoyment to those who were fortunate enough to be an audience.

Miss Waterman opened school here again on Monday. The people of the village and surrounding country are very pleased to have Miss Waterman in their midst again.

Mr. Gib Elmhurst was in Keene on Wednesday as it was rather too wet for work.

Mr. Harry Graham is visiting his brother, Mr. John Graham.

Mr. Albert Elmhurst is indisposed.

Misses Mary and Mabel Elmhurst were in the village here this week.

Wedding bells will soon be ringing their silver chimes once more.

Mr. David Kidd of Indian River attended church in Westwood on Sunday night.

MAY HAVE RINK

It is hoped and thought probable that the young people here will be able to develop themselves physically by skating on the open air rink which some of the prominent citizens are proposing to construct for the winter. We sincerely hope this proposal will be carried out.

A FINE TEAM

The Silvers, a clever musical team, who are at the Grand, are good. This is their first appearance in Canada. They came here direct from Chicago. William Morris has offered them a big thing to go on his circuit.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. Return tickets at single fare will be issued via Grand Trunk Railway System from all stations in Canada, west of Cornwall and Ottawa, good going August 27th to September 10th inclusive. Return limit September 13th, 1910. Special low rates will also be in effect on certain days.

Full particulars and tickets from any Grand Trunk agent.

The field day in New York in aid of the Actors' Fund, earned $15,000.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

NORWOOD NOTES

Fine Citizen Leaves, Union Services, Personals

Special to the Review.

Norwood, Aug. 22.—We regret to say that Norwood has lost one of its most popular and progressive young professional men in the person of Dr. Weldon (dentist) who last week left for Beaverton, where he thinks he will have a better and more extensive field for the practise of his chosen profession. Dr. Weldon come to Norwood some three or four years ago, and during his stay here had worked up a good practise, and has acquired the reputation of being a first-class dentist. It is certainly a misfortune to Norwood to lose the doctor, as he is not only an ornament to the profession, but also a valued citizen. But Norwood's loss will be Beaverton's gain, and we extend to Dr. Weldon our best wishes for a prosperous future.

HOME AGAIN.

Mr. J. W. Rork has returned to Norwood after an extended trip in the Northwest and British Columbia.

Miss Mabel E. Laing is visiting friends in Peterborough this week.

Mr. and Mrs. W. H. Hudgins visited friends in Dummer on Sunday.

Messrs. J. A. Finlay and W. R. Howson tried the fishing in Belmont Lake on Saturday afternoon last.

Mr. Alex. Calder, of Toronto, is visiting his father, Mr. Jas. Calder, postmaster, Norwood, this week.

Master Stanley Laing succeeded in landing a ten-pound 'lung from the waters of the Trent river on Saturday afternoon last.

Mr. McLeod, formerly of the Union Bank here, is renewing acquaintances in Norwood for a few days.

Mr. Jackson, teller in the Union Bank, Norwood, spent Sunday with friends at Stony Lake.

UNION SERVICES.

Rev. W. B. Tucker, pastor of the Methodist church, conducted union services in the Presbyterian church here on Sunday. Next Sunday both pastors, Mr. Tucker and Mr. Cree, will occupy their own pulpits. Rev. Mr. Cree has been enjoying a four weeks' holiday. Part of the time he spent at Stony Lake.

Mr. M. R. Callander, who has been engaged with the John Finlay & Sons Co. for several years, as shipper, has given up his position to accept a more lucrative one in the city of Guelph, where he intends to move his family in the near future.

Mrs. Bell (nee Miss Nellie Davidson) who has been visiting her friends Mr. and Mrs. A. Davidson, is visiting friends in Campbellford and Keene, before leaving for her home in Saskatchewan.

Mrs. E. J. Laing and Miss E. T. Beavis, of Peterborough, visited at the home of Mr. and Mrs. Ed. Christie in Asphodel on Sunday last.

Several Norwood citizens attended the Hastings Methodist Sunday school excursion to Peterborough, per steamer on Tuesday of this week.

LONG DISTANCE WALKING
(IS BECOMING A CINCH)
BY THE RAILWAY ROUTE

(Guelph Herald)

In some sections of the Province they are casting doubts upon the manner in which the young man Hines, who visited Guelph last Saturday, and secured some assistance, is fulfilling his supposed bet to walk across the continent. A despatch from St. Mary's to a Stratford paper says:—

Among the easy ways of making money now-a-days is to start on a walking expedition across the continent on the railway cars. Mr. Frank Hines, of Halifax, N. S. who claims to have left Labrador April 2, 1909, on a coast to coast expedition, arrived in St Marys Monday evening, and after "doing" several of the St. Marys sports for about $18 he was seen to take the six o'clock train for London, arriving at the Free Press office at ten minutes past eight.

The Acton Free Press adds to this by saying:—

Last Friday another of those around-the-world on nothing walkers, who by the way are becoming quite numerous of late, arrived in town and proceeded to tell an interesting story. He was walking across the continent and back in a specified time on a wager for $2,000, and reported that he had already travelled over 3,000 miles of the 15,000 comprised in the distance he had to cover. He was to do the trip depending entirely on the generosity of the people he came in contact with for his expenses, and accordingly he was given a fairly liberal collection by some of the sporting fraternity around town. He stayed in town over night, presumably intending to leave for Guelph early in the morning, but a story is going the rounds that he was seen running to catch the 10.17 train going west on Saturday.

TALK ON FLIES NO. 4

The fly problem which is more serious in the United States and Canada than in England, is one that may be attacked and solved in cities and towns, provided that the authorities will take the necessary steps. As in districts previously infested with mosquitoes, these insects have been reduced to a negligible quantity by the abolition of their breeding places on the rendering of the same unsuitable for the larvae; so also the number of flies and their danger could be lessened very considerably by the removal of their breeding places, by preventing their access to the breeding places or by treating these with substance noxious to the larvae of flies. Flies are a public nuisance, and therefore, to maintain places where flies are able to breed should be made a misdemeanor. Eatable refuse should not be left exposed for a longer period than six or seven days in the summer, but should be removed from the vicinity of dwellings or treated with such a substance as chloride of lime, which will prevent the breeding of the flies, the refuse being kept in a closed fly-proof chamber. The presence of mews and stables with their exposed rubbish heaps will always account for the abundance of flies. The household dust bin or other repository for kitchen refuse unless securely closed or screened and regularly emptied, also forms an excellent breeding ground. Public tips on to which all kinds of organic and decaying matter is deposited produce their flies in myriads; it is invariably found, where actual investigation has been made, that the percentage of cases of zymotic diseases of an enteric nature is abnormally high in the neighborhood of public refuse tips and depots where rubbish is allowed to accumulate.—Nature.

A MOONIGHT EXCURSION

Under Auspices of Piccolo Band and the Chosen Friends To-morrow Evening

A moonlight excursion will be held under the auspices of the Piccolo Band of Downer's Corners and Chosen Friends to-morrow evening, August 24th, on the steamer Lintonia. The boat will leave the Wolfe street wharf at 7.35. Music by Piccolo Band. Tickets 25 cents.

SIR WILFRID PROPHECIES BIG FUTURE FOR RUPERT

Premier Gets Enthusiastic Welcome at Terminus of G.T.P. and Says His Visit is a Great Education to Him Fisheries Will Support 50,000 People.

Prince Rupert, B.C., Aug. 24.—Under unrivalled weather conditions, the Prime Minister of Canada met the child of his own genius at a large open air gathering in front of the Government buildings in this city. Sir Wilfrid spoke with evident feeling, and said that the climax of the tour had been reached for him, and he would return to Ottawa with enlarged ideas and opportunities before him.

Mayor Stork presided and the school children massed together, carrying flags and sang patriotic songs.

Sir Wilfrid refrained from making any definite statements as to the Government's policy, but intimated it would not withhold its support to any legitimate demand.

"If this is a proud day for Prince Rupert," began Sir Wilfrid, "it is a much prouder day for the man who is now before you and addresses you. Five years ago Prince Rupert was as bare as the palm of my hand.

"It's existence was a result of a Government policy of which he had the honor to be the father. Those who had made their home in that city, who had become pioneers, he bid God speed. When the railway had been projected, there were croakers who claimed it would be expensive.

"It is expensive," said the Premier. "It must be expensive, but who cares for expense? Is it not a fact that you wanted to see the realization of this great enterprise? The G.T.P. has rolled back the map of Canada 1,000 miles.

"The harbor of Prince Rupert," Sir Wilfrid added, "was destined to be the last great harbor of the world, and this would be one of the great cities of the American continent, at the head of the shortest route from Europe to the Orient."

The Premier facetiously remarked that the city had not asked him for anything, but he had learned of the needs of lights on the channels and would constitute himself a special advocate of the city to secure proper marks from the Minister of Marine. The Government of Canada could afford to do this for any city, when the future was so bright.

About 200 covers were laid at the banquet to Sir Wilfrid Laurier, which occurred on the anniversary of a similar function to Earl Grey and Sir Charles Rivers-Wilson.

Mayor Stork presided and declared that faith in the north country was shown by the building of the National Transcontinental. He added that Sir Wilfrid was as big a man as the country was broad.

Sir Wilfrid was greeted with prolonged cheers. He admitted the impeachment of being an optimist, but after this trip he would be a greater optimist. The Grand Trunk Pacific was the first link of the policy of the development of the west. He hoped within three years to travel from Moncton to Prince Rupert over the G.T.P.

Senator Casgrain prophesied that in ten years Prince Rupert would equal Vancouver, while Ald. Dunn stated that the fishing industry alone would support a population of 50,000.

ENORMOUS NUMBER OF MEN ARE MISSING

Fire Force of Six Hundred May be Dead Says Report From Butte, Mont.—Nothing Has Been Heard of Them for Four Days—News of Other Fatalities Continues to Pour in.

Butte, Mont., Aug. 24.—Six hundred fire-fighters who left Thompson Falls, four days ago, are reported lost, and Forest Supervisor Bushnell of the cabinet reserve, who is at Thompson, fears all may have perished.

The wind was blowing furiously towards Thompson yesterday and it is feared the little town, which is crowded with refugees, will be swept by fire before night.

The report was brought by Julius Barney, who reached Helena yesterday from Thompson.

"The 600 men," said Barney, "had been gone four days during which nothing had been heard from them.

"When I left Thompson this morning, a wall of fire was sweeping from the west. The 700 inhabitants of Thompson were prepared to flee."

Spokane, Wash., Aug. 24.—A special from Wallace says that Forest Supervisor Weigle has received word that 200 men under Chief Ranger Kootkey perished in a camp near Falcon, at the headwaters of the St. Joe River.

The other loss of life is estimated at 100.

The mining town of Gardner is absolutely surrounded by flames and miners are out fighting the fire.

The fires in the Coeur D'Alene national forests are beyond control and timber worth millions of dollars is burning.

The fires on the Coeur D'Alene Indian Reservation are checked, as are those of the Palmons national forest.

Along the St. Joe River, which runs through the largest body of white pine timber in the United States, there is a continuous fire from Plummer to a point in Montana.

The United States is the largest loser. Next in importance are the losses of the Chicago, Milwaukee and Puget Sound Railroad, which has suffered destruction of bridges, buildings and timber lands for forty miles.

Three fires along the Northern Pacific in Northern Montana have diminished. They were largely in timber that had been burned over in former years. The Idaho fires are burning virgin forest.

The Pend D'Oreille Valley, heavily timbered, is on fire in several places, and loss of life is feared. It is difficult to get news from that region.

The weather service says no rain is in prospect.

Despatches state that four colored soldiers are missing and that a number of families near Avery have been burned out and many persons are dead or missing.

Railroad employes at Avery say that all the Kitter Root mountains are burning and that the entire Coeur D'Alene national reserve forest may be destroyed.

Four families of homesteaders, reported burned to death in Kootenay County, Idaho, escaped to St. Joe, wading 15 miles along the bed of the creek with fire burning down to the water's edge, forcing the refugees frequently to submerge themselves. An old man in the party was borne on a stretcher all the way. Their clothes were nearly burned off.

While 900 forest rangers are missing in Idaho and Montana, it is thought most of them will escape death.

The telephone lines through the national forests have been destroyed and the rangers might be safe, but unable to report.

FRIENDS WANT INQUIRY INTO DEATH OF LAUSHWAY

Stories Are Going the Rounds of South Mountain That Foul Play Enters Into the Death of Farmer—Detective Pooh-Poohs the Idea.

Ottawa, Aug. 24.—A despatch to The Evening Citizen from South Mountain says:

"There is a general feeling here that the Attorney-General's Department should re-open the inquest into the cause of the death of James Laushway, who was found shot in the head at his home here, on the night of June 1, 1907. Stories recently circulated seem to incriminate two men, who lately left the district. The recent finding of the bloodstained coat in a berry field, a short distance from the scene of the tragedy, relatives think, should be enquired into. The coat had evidently been concealed where found in the corner of a fence for a long time, but stains are quite evident on the front lapels.

Peter Laushway, nephew of the late James Laushway, has possession of the coat.

Another theory in connection with the murder is that Laushway was murdered in the barn, and his body then carried into the house and laid on the bed.

Very little blood was found on the pillow, while he saw a great deal in the barn. It is reported here that Detective Rogers, who investigated the affair at the time, thought death was caused by suicide. Against this local constables point out that trunks were smashed open on the night of the tragedy and the house ransacked. They also state that deceased was a right-handed man, and that it would be practically impossible for him to shoot himself behind the left ear, where the wound, which caused his death was found.

Provincial Detective Henry Reburn said last night that the theory of murder was absurd. He had absolutely satisfied himself at the time that it was a case of suicide. The body was found lying in bed in night attire, with a revolver, recognized as belonging to the deceased, lying beside him. One chamber of the weapon was empty, and the bullet extricated from the dead man's head, behind the left ear, fitted the revolver. It would have been quite easy for a right-handed man to inflict such a wound, despite contrary reports.

The detective said that while a coroner's jury brought in a verdict of murder, additional facts uncovered, caused jurymen to change their opinions. Money was thought to be missing, but it was later found in the house.

Any discovery of blood stains in the barn or on a coat found outside the house were not significant, said Mr. Reburn, considering the fact that the shooting manifestly occurred in the bedroom. At the time, he had found no blood marks save on the bed. Moreover, the man had told a number of people that he thought of killing himself.

Broke Up the Wedding.

Windsor, Ont., Aug. 24.—Wedding arrangements of a white man, 28 years old, and a colored deaf mute, were interrupted when a man claiming to be the husband of the woman burst into the home of Rev. Mr. Jackson, pastor of the Colored Methodist Church, while the ceremony was in progress Monday night. Instead of being married, the groom spent the night at Windsor police headquarters.

Found Dead In Rig.

St. Thomas, Aug. 24.—William Minor, a farmer, aged 55, living on the third concession of Yarmouth, was found dead sitting in his buggy at the side of the road yesterday morning. The horse was unhitched and tied to the fence. Deceased leaves a widow.

Chauffeur's Reward.

New York, Aug. 24.—John Deans, the chauffeur, who speeded in pursuit of Edward T. Rosenheimer's automobile after it had killed Miss Grace Hough, will receive a reward of $1,000 from the father of the girl.

A Human Ostrich; His Great Capacity Down the Red Alley

Cairo, Ills., Aug. 23.—Before Frank Wilson died here in a hospital he told the police he had swallowed several articles of a foreign nature and that they had better put the X-Ray at work. He was operated upon on Sunday night on the theory that he was afflicted with appendicitis.

Three incisions were made in the man's abdomen, and, according to the physicians, the following articles were removed:

One shoe button hook.
One lady's hat pin.
Three keys.
One lead pencil.
One belt buckle.
One tiny toy pistol.
Three small nails.
One needle.
One thermometer.

Wilson, according to his physician, had been in a depressed mental state for a time during which he swallowed anything that he could get down his throat.

DOCTORS WOULDN'T ATTEND

Toronto, Aug. 24.—Lying on the floor of his room at 17 Agnes street, the body of Robert Spencer Fox, aged 30, was found by his sister when she went to call him yesterday morning. He had previously been talking to some workmen from his window. Fox lived with his sister, Mrs. John Irvine, whose little boy was drowned a week ago. Coroner Pickering will enquire.

Mrs. Jane Keeley, a widow, aged 60 died in her room at 143 West Adelaide street early yesterday after five unsuccessful efforts had been made by those in the house to secure medical attendance for her. The doctors called refused to attend. The body was taken to the morgue, but an inquest is unlikely.

LATE TICKS FROM WIRES

Two special trains, containing 3,000 harvesters, left Montreal by the C.P.R yesterday for the West to harvest the wheat crop.

A move is on foot to buy a new area at Rockliffe Park, Ottawa, for a new Government House, and an appropriation is likely to be asked for the purpose.

At St. John, N.B., Judge Forbes sentenced four men to Dorchester Penitentiary. David Hennessy, for striking a man on the head with a paving block, got five years.

The water in the St. Lawrence River ship channel is already 5 1-2 inches below the proper mark, and fears are expressed that the big ocean liners will soon be unable to reach Montreal.

Clifford, the two-year-old son of A. McDonald, living on the outskirts of Woodstock, in the absence of his mother, endeavored to chew up a poisonous fly pad. The youngster was found on the floor, in a very serious condition.

Chief Commissioner Mabee and Dr. Mills will represent the Railway Commission at the western sittings which will commence at Fort William next week, and be resumed at Victoria and Vancouver, with sittings later on at Nelson, Calgary, Edmonton, Regina, Winnipeg and other points.

DREW SWORD AND SLASHED

Bucharest, Aug. 23.—Captain Grigorin, an artillery officer, cut off a man's head in the street at Botoshani, Rumania. He had a violent quarrel with Dr. Frunzescu, an advocate, about a lady, and the lawyer had challenged him to a duel. The captain, however, refused to fight him on the ground that Dr. Frunzescu was not a man of honor.

When Dr. Frunzescu next met his adversary in the street he attempted to flog him with a horsewhip. Captain Grigorin at once drew his heavy artillery sabre and with one blow, cut off the head of the lawyer, which rolled in the gutter.

Witnesses of the scene tried to lynch the captain, who kept them at bay with his sword until the police arrived, when he allowed himself to be arrested.

THE PASSING INTO HISTORY OF MR. MADRIZ

Washington, Aug. 24.—The final word telling of the passing into history of the Madriz Government at Managua, was received at the State Department yesterday in an official despatch from U. S. Consul Olivarez, stationed at Managua.

The message was dated 11 p.m. Saturday. It told of the disorder that preceded the downfall of Madriz and Managua, the escape of the defeated President from the city as shots were fired at his train and the assumption that the Presidency and the command of the local troops by the brother of the revolutionary leader, Gen. Juan Estrada.

Officials of the penitentiary at Managua, where 700 prisoners were confined, called at the U. S. consulate on Friday night and voluntarily made affidavits to the effect that the commandant of the prison had hatched a plot to blow up the institution and its inmates in the event of the downfall of the Madriz faction. Prisoners from foreign nations were among those behind the bars.

The American and foreign consuls at Managua promptly laid the matter before Madriz, who undertook to look into the charges. On Saturday morning Madriz dismissed the commandant of the prison.—Before Madriz had abandoned his office that afternoon the prison, left without guards, had emptied its inmates into the streets. About 600 of the prisoners had been arrested for political reasons. Many of them obtained rifles and roamed the streets, in some cases firing upon troops of the Madriz faction.

SUCKED POISON FROM WOUND; SAVED LIFE

Kingston, Aug. 23—Word has been received here that Mrs. Foster Brandenburg, formerly Miss Maud Guy, of this city, and now living in Montana, was bitten by a rattlesnake. The reptile bit her on the arm, and she would undoubtedly have lost her life but or the presence of mind of her husband, who sucked the poison from her arm. The nearest doctor was 65 miles away at Forsythe, Montana. She is out of danger now.

AUTO STRUCK TRAIN, TWO DEAD

New York, Aug. 24.—Two persons were killed and nine, including the train conductor, were hurt yesterday afternoon when an automobile crushed into the side of a construction train on the Long Island Railroad, at the Merrick road crossing at Springfield, Queensborough. Four others were less seriously injured.

The automobile, which belonged to Adolph Hirsch of Far Rockaway, encountered closed gates at the crossing, which had been lowered by the gateman because of a passing freight train. On the other side of the freight train was the construction train, unseen by the gateman or the automobile party. So when he raised the gates, just as the freight went by, the automobile shot forward and jammed itself under the flat car of the construction train.

Pinned in this fashion and with the flat car careened on its trucks, the automobile was dragged more than 200 feet, finally rolling down the embankment with one of the flat cars.

TAFT PROMISES MORE REVISION

Beverley, Mass., Aug. 24.—President Taft's keynote for the coming Congressional campaign became known here last night. He will favor a further revision of the tariff. While he is still convinced that the Payne-Aldrich tariff law is the best tariff the country has ever had, he has at last concluded that there is room for improvement.

Mr. Taft does not propose that business shall be upset by another wholesale revision, but he will recommend to Congress that individual schedules be taken up separately and disposed of on a scientific basis. The new revision is to be based upon the findings of the tariff commission as to the cost of production at home and abroad. Only a fair profit is to be allowed the American producer.

"Extortionate and unreasonable profits," the President declares, "are to be tolerated no longer."

The President has outlined his position in detail in the letter he has sent to Representative McKinley for publication in the Republican Congressional campaign text-book. The letter was mailed from Beverley yesterday afternoon. The time of making it public has been left to the judgment of the committee.

TRAINS DELAYED BY CLOUDBURSTS

Vancouver, B.C., Aug. 24.—Train No. 92 on the Canadian Pacific, with second section following, due to arrive in Vancouver Monday night at 10.35 from Montreal, and train No. 407, from St. Paul, due to arrive at 9.25 Monday night, did not pull into the city depot until 12.45 and 1.25 respectively yeserday.

The delay was caused by a cloudburst about 20 miles west of Kamloops, where a heavy storm prevailed all Monday, washing out a large section of the track. About an hour before the arrival at the scene of the washout of the passenger trains from the east an eastbound freight was wrecked by spreading rails, caused by the large volume of water, which washed out the track. Several cars of the freight were wrecked by the deluge.

THANKS FOR COURTESIES

Ottawa, Aug. 24.—Archbishop Bruchesi of Montreal and Monsigneur Tampiere, private secretary to Cardinal Merry del Val, called on Hon. Charles Murphy, Secretary of State yesterday, and formally expressed their thanks for the courtesies that will be extended by members of the Government to visiting cardinals and prelates attending the approaching eucharistic congress at Montreal. They also approved the arrangements for a public reception, at which Sir Wilfrid Laurier and other Cabinet Ministers will attend.

TWO GENERAL SUPERINTENDENTS

Victoria, B.C., Aug. 24.—By a vote of 212 to 92 the General Conference yesterday afternoon decided to elect two general superintendents instead of one, after a warm debate. The elections will be held to-day. The recommendation of the committee was that three superintendents be appointed. one to reside west of Ontario and another east of Ontario.

This was strongly supported by J. A. M. Aikins, Winnipeg, who urged the election of three, and said that in the past the general superintendent had not done all he had been expected to do, not because of lack of energy, but it was impossible for any human being to cover the ground of the whole Dominion. He wished specially to advocate the claims of western Canada, where there was a nation in formation. One reason why the Presbyterian Church had been so successful in the West was because of the wonderful work of Dr. Robertson, missionary superintendent. The Methodist Church needs such a man for the western conferences. This part of the denomination should be well supervised and kept in touch with other sections of the Church.

PETER McKINNON KILLED BY CAR

Toronto, Aug. 24.—Peter McKinnon, who gave the name of Peter Turner, when arrested as a drunk Monday night, was killed by a street car near Queen and Elizabeth streets at 8.30 yesterday morning. He had been taken to St. Michael's Hospital shortly after being arrested, to have stitches put into a wound in his head. He left Agnes street station at 6.30 a.m.

He was crossing the street when he was struck. A wagon passed and he stepped back in front of a car. His head, left arm and foot were crushed.

At the station he had said that he was 44 years of age, married and a Scotchman.

DISCOVERED DOOR ON FIRE

St. Thomas, Aug. 24.—George Fox, a lad living at the home of Matt Doyle of the 7th concession of Yarmouth, awakened by illness at 3 o'clock yesterday morning, discovered that some burning material was attached to the door knob of the room in which Misses Margaret and Josephine Doyle were sleeping.

Investigation showed that the house had been entered by a bedroom window. The city police were able to track the intruder some distance. About a month ago the house was entered and Miss Margaret Doyle was attacked by a man.

It is said suspicion points to a man who imagines he has a grievance against the Doyles, but that his actions are intended to frighten and intimidate rather than to cause actual harm.

A Fatal Fall.

Kingston, Aug. 24.—Geo. Beardsall, aged 2, son of Henry Beardsall, fell from the third storey of a tenement house yesterday afternoon and died in the General Hospital. The child was looking out of the window and fell thirty feet.

Child Drowns.

Wingham, Aug. 24.—John Walton Nicholson, the 12-year-old son of William Nicholson, contractor, was drowned in the Maitland River. The little fellow had been playing at the mill dam.

FORMENTING BIG MARINE STRIKE

Copenhagen, Aug. 24.—An international congress of sailors and marine firemen opened here yesterday, attended by about 100 delegates, including representatives from North and South America and from the British and Danish Sailors' and Firemen's Unions.

The meeting has been arranged by those desiring to bring about a general international strike of firemen and sailors, to support the demand for better wages and conditions of work for seamen and stokers, but only the representatives of the British union and a few Americans are in favor of it.

TWELVE STITCHES IN HIS HEART

New York, Aug. 24.—With twelve stitches in his heart, Samuel Harmon, a waiter, is sleeping peacefully today in a hospital here. He was stabbed by a customer who objected to the quality of the soup he served.

The operations, which physicians say is the seventh of its kind in the history of all surgery, was technically successful, and it seems more than possible that Harmon will live.

Compulsory Military Service.

London, Aug. 24.—The British militarist campaign in favor of compulsory training is taking shape rapidly. It is being pushed by the Tory press generally, but more especially by the ultra-Conservatives London Express. The proposition is to allow exemption only upon payment of a tax.

TORNADO DOES MUCH DAMAGE

Ludington, Mich., Aug. 24.—Damage estimated at a million dollars was done by a tornado here Monday night, and the small steamer Golden Age, carrying Mrs. J. Boyd and son, said to be of Grand Rapids, Mich., is thought to be lost in Lake Michigan.

Fruit trees suffered enormous damage and many buildings were unroofed.

The storm swept all through western Michigan.

At Boyne City two launch parties are reported missing on Pine Lake.

FIVE YEARS AND THE LASH

Woodstock, Aug. 24.—Judge Finke yesterday sentenced Lloyd Forbes, 26 years of age, a young farmhand from Dakota, to five years in the penitentiary with 15 lashes, for criminal assault on a child of 14. It was shown that the offence had continued for three years previous.

Held Up Street Cars.

Wilkes-Barre, Pa., Aug. 24.—In true wild west fashion two masked highwaymen held up two cars of the Wilkes-Barre Traction Co. shortly before midnight and robbed and terrorized passengers and employes.

MAY EMULATE CANADIAN ACT

Ottawa, Aug. 24.—Governor Harmon of Ohio, has been so convinced of the efficacy of the Canadian Industrial Disputes Investigation Act in the Toronto Street Railway case, that he has written to the Labor Department, asking for copies of the Canadian statute, and it is hinted that he may call a special meeting of the Legislature of his state to pass similar legislation. Columbus, Ohio, is still in the throes of a bad street railway strike.

Caught In Cave-In.

Toronto, Aug. 24.—While digging at the excavation for the new Isolation Hospital yesterday afternoon six Italian laborers were partly buried by a cave-in of sand. All were able to extricate themselves save one, and he was caught under a piece of the siding until the sand reached almost to his shoulders. He was soon dug out.

SWELL CAUSED GREAT DAMAGE

Windsor, Ont., Aug. 23.—Canadian and American officials will likely take action as result of great damage done to the fuel lighter, Emma E. Tyson, early Monday by swells from a big passenger boat going full speed through the "narrows" at Amherstburg. Amherstburg vessel men predicted some time ago that swells from the big boats would cause serious damage. Examination of the wrecked boat yesterday showed that the cost of repairing will be about $5,000. The work will require at least three months. The investigation will doubtless follow capsizing of the Tyson.

Col. Townsend, engineer of Detroit, has signified his willingness to consider the case if brought before him.

TRY A REVIEW WANT AD.

ATTACKED BY VICIOUS DOGS

Woodstock, Aug. 24.—The mad dog scare in the country was revived yesterday, when reports reached the city of two cases which bear a serious aspect. A child belonging to George Buchanan, at the new Lawson cheese factory, was bitten by an unmuzzled dog, and the animal's head has been sent to Toronto for examination. On the farm of Levi Gee, near Peebles, a thresher was attacked by a collie dog, and he had his hand badly lacerated.

WEDNESDAY, AUG. 24, 1910.

AT LAST ?

AT LAST!. AT LAST! IS IT TRUE THAT THE COUNCIL HAVE NOT PASSED A GARBAGE BY-LAW SO THAT WHEN THE ISOLATION HOSPITAL IS BUILT IT MAY BE IMMEDIATELY FILLED, THUS PROVING THE WISDOM OF THEIR EXPENDITURE? MEANWHILE FLYDOM IS VERY LIVE AND THE BOARD OF HEALTH VERY DEAD. "I NEVER WAS IN A CITY WHERE THERE WERE SO MANY FLIES," SAID A VISITOR THIS WEEK.

BUT

Sir Wilfrid Laurier says that his life is an open book. Yes, Sir Wilfrid, you are a clever man, but they say a man is known by the company he keeps. Now, Jim Conmee isn't a bad old sport but—neither is Sir Frederick Borden, but— nor Clifford Sifton, but—nor were Emmerson and many other of the illustrious ones. But— several pages are positively not open in connection with these gentlemen.

THE WORLD'S PROGRESS

A new terror has arisen. Here is a wire from Pittsburg telling the story of a young woman stealing the young man she adored, in an automobile. They were, however, captured and he was taken back to papa and mamma. In Atlantic City several fash'onab.e young ladies have been warned for kissing young men, who did not like being kissed publicly. And thus the world progresses. Shortly we may expect to see hubby taking cooking lessons, and doing the domestic science act, including minding the baby.

THE MAN WHO STOLE

In yesterday's Review appeared a ingdispatch from Zanesville, Ohio relating how Rev. A. Hauberch stole. The pastor said he needed the money. Of course this is terrible, but it's not any more terrible than for the sleek church member who attends church every Sunday and yet who is busy the other six days of the week doing the people on every possible occasion. And, going into detail a little more fully, what better is the church member who buys stocks on margin than the fellow who bets on a horse race? Yet we legislate against the man who gambles on the races and try to make it criminal to print the tips in the papers, but we give full particulars of the rise and fall of the stocks as manipulated by big crooks and sharpers, and carry the news on the wires. They say poker in a back room is a game of skill, and buying stock on margins is no less so. This parson stole—he needed the money—and there's many a man who stole who didn't need the money, who is bowed and scraped to, and who is riding around in his automobile.

WHY ALL THIS FUSS ?

We are not very sorry that those kids tore down that United States flag in the harbor of Toronto the other day. The owners of the launch were flying no British flag, and had the same thing happened across the line the Union Jack would not only have been torn down, but the launch would probably have been scuttled or wrecked. Our Yankee friends are fine people and we admire them. They think that they are "the only thing that ever happened," that there's nothing to it but them. We forgive them for that, they certainly are clever, they don't hoard up their money like us Canadians, they let it go; if they are broke to-day they go after it again to-morrow. Defeat is only an incident with them, with us it's too often a great calamity. But why all this trouble about the flag? Why an international event? If they had done their part and put up a Union Jack or some other emblem of respect, the kids wouldn't have pulled down Old Glory. Don't punish the youngsters, give them a leather medal on the seat of their trousers, instead of fining or sending them to jail.

HONOR!

This being a man of honor makes us laugh. In Bucharest one man challenged another to a duel. The man challenged refused. His enemy was not a man of honor. The enemy tried to horsewhip him then, and the man of honorr cut off his head with a sword. This is the honor that puts the first-class thief up in the purple and sends the poor devil who steals a trivial thing, or a small amount, to prison

PETERBOROUGH'S DRINKS

Two youngsters were seen on the street this morning each with pails. These lads were employed in down town shops. The employees will not drink the city water and they daily go out and pump from a well. We would like to have the Medical Health Officer tell us if Peterborough water is really as bad as all that. If it is, what is the reason? If it is what can be done? If it is what is being done, or what will be done?

OUR VISITORS

We were glad to see the British Bowlers. In the vernacular of the day, they were "good heads." They did not arm themselves with that peculiar disdain of colonials that is so often seen in the full fledged British coming to Canada on a visit. We hope they enjoyed their little visit, those who had their entertainment in hand did their work well. The Council did not grant the reception committee any money for their entertainment. Well, why should they? The money spent wouldn't help the man who works in the Canada General Electric, it wouldn't help any of the taxpayers or benefit the workingman generally. Those who are interested in bowling should pay the bill, and that's what they did. Councillors are elected not to spend money for the sake of making votes, nor to refrain from spending it from the fear of losing votes. They are supposed to do business with civic funds with the same care as if they were spending their own money.

THREE DISCOVERIES

New Orleans, Aug. 22.—Closely following on the heels of the discovery of a dog's paw in a can of preserved tongue opened by Philip Vresinski, a merchant at Jackson, La., formal complaint was made to the United States Food Inspection Bureau by Francis Doyle, that he found a human tooth in a can of beef bearing the label of the same Chicago Packing house mentioned in Vresinski's letter to Prof. E. L. McGee, chemist in charge of the Government laboratory.

Doyle's discovery was made Exhibit A—the tooth itself. It is from a man who was equipped with molars of unusual size. The edges are rounded as though the tooth had slid thrrough a meat-grinding machine.

Of course it is easy to explain how the dog's paw got in the tongue. It happened to slip past the grinder when he was being ground up to make the preserved tongue. Accidents will happen in the biggest manufacturing plants. But the man didn't need to eat the paw, he could have left it beside the plate when he was eating the tongue. A while ago a similar accident took place when a dog tag was found in a bologna sausage. Of course this too was an accident. How the tag got by the grinder is a mystery, but the number of the tag, which was from Cleveland, was traced. The owner said he had a fine fat pup, and had missed it suddenly. He had no idea that it met with such an awful fate.

These two accidents are easily figured out as the fault of the grinder in one of our American cousin's grreat plants. But the human tooth in a can of beef is not so easily disposed of. Unless perhaps, running short of dogs and old bulls, etc., the canneries are canning dead men. Pass the butter please.

Scarboro Beach

Visitors to the Toronto Exhibition this year cannot afford to leave Scarboro Beach Park out of their plans. This $600,000 amusement resort, modelled after Dreamland and Luna Park, the world-famous institutions, at Coney Island, is the finest of its kind outside of New York itself, and has been visited by millions of delighted patrons in the four years that it has been in existence. Its permanent structures include a scenic railway, a quarter of a mile long, a chute-the-chutes, 800 feet in length, and an underground watertrip called the Cascades, which furnishes an unforgetable experience. In addition there are the Streets of Cairo, Human Butterfly, House of Nonsense, Electroscope Theatre, Johnstown Flood, Aerial Swings, Carousel, Midway, Bumps, Laughing Gallery and many other novelties which are renewed each season. There will be special fireworks and sports for the Exhibition visitors. The Sunday afternoon and evening free band concerts at the park are a popular feature.

SIDE LIGHTS

The Housewife and the Fly

(Adalena F. Dyer in Good Housekeeping.)

Lethbridge Herald.

"Don't come into my parlor," said the Housewife to the Fly;
"There's a screen at every window, and your entrance I defy.
There are microbes in your footsteps and a crust upon your head,
Which, if not so microscopic, would fill our hearts with dread.

"You carry germs of typhoid and spread consumption's bane,
And our sanitary teachers paint your crimes in lanuage plain.
Don't come into my parlor; and for safety I would pray
If you walked into my dining room upon some sunny day.

"There are seeds of vile distempers hidden in your tiny wings,
And your many feet have travelled over nameless filthy things.
You're a menace to our safety, you are powerful though small,
And the mischief you accomplish would the bravest heart appall.

"If you enter, I have poison all prepared for you to eat,
And paper spread to tangle your germ-laden wings and feet.
I will poison, trap or smash you is you do not leave my door;
For our modern sanitation will endure your calls no more."

UNCLE SAM'S SMOKE BILL.

Hamilton Times.

Uncle Sam is a great smoker, and he is smoking more than ever. In 1900 he produced 5,963,170,381 domestic cigars; in 1910 in cigarettes is even more striking, being from 2,639,389,785 to 7,874,300,329. Snuff, mostly used in the South, was given in 1900 at 14,917,418 pounds, and at 31,969,111 pounds in 1910. The United States got from tobacco revenue last year $83,889,351.

Vancouver Province.

The ancient east is not so effete as many imagine. Damascus has a modern waterworks system, Smyrna electric street cars, and Tarsus electric lights. In time they may imbibe the progressive spirit of the advanced west, deal in municipal franchises, juggle with local improvements and give demonstrations in the modern art of grafting.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher.

FOOD PRICES ABROAD.

Eighty Cent Bacon in France—Ice Cream $1.10 a Quart in London.

In these modern days meat is the staff of life, and one finds that the staff costs as much abroad as at home, although over there they do not clamor about the price as we do. They merely do without meat.

The cuts are different and called by different names, and the grades are endless. In England the poorest folk can buy meat or meat bones for as low as 4 cents or even 2 cents a pound. And, too, there are often poor qualities in good cuts, and the British, with characteristic impertinence, refer to the worst qualities as "American," quite regardless of their origin.

The best cuts of beef cost in London —where they are given the unattractive name of rump steak—28 to 30 cents a pound, in Paris 30 to 34, in Berlin from 32 to 38.

Bacon is tremendously dear. In France choice brands may mount to 80 cents, and ordinary brands are over 30 cents. In Engand bacon is now about 30 cents, but is rapidly mounting, the increasing scarcity of pigs being responsible for this.

Leg of mutton in England costs over 20 cents, in France 25 to 30. Milk in Paris is 11 cents a quart, in London 8 or 9. Plain water ices cost in London 85 cents a quart and ice cream $1.10, the portions being always minute. "It is bad for the health, don't y' know! What?"

In England good coffee averages decidedly more than in America, 35 cents being a cheap brand. In France it is very much dearer, 40 cents a pound for a really good blend being a bargain and a "specialite" being over 60. All common coffees abroad are loaded with chicory, which costs 10 cents a pound and adds great deepness of color to the brew.

Good tea costs less in England than in America, ranging from 35 to 75 cents. In France it is very high and always medicinal in taste, and a dealer likes to ask over $1.25 a pound. Butter ranges in all three countries from, say, 30 to 40 cents.

Sugar in England is 5 cents a pound. In France it is a government monopoly and much higher. In London eating chocolate, almost as good as the well known New York or Philadelphia makes, costs 75 cents a pound.—Robert Shackleton in Saturday Evening Post.

Give the Family Income a Chance

Perhaps the family income is big enough after all.

Perhaps the reason it does not seem to go as far as it should is because you do not spend it thriftly enough.

Perhaps when you buy, you do not go to the right stores at the right time.

If you read the store advertisements regularly you will soon see ways of stretching your dollars.

You will soon learn where to go for this and where to buy that.

You will soon be giving your "expense money" a chance to buy you the things you now need and other things that a little surplus money might make you think you need—

But which you cannot now afford.

The Lure of the Mask

By HAROLD MAC GRATH

Copyright, 1908, by the Bobbs-Merrill Co.

Leaning against the door which gave entrance to the ballroom from the hall were two officers negligently interested in the moving picture.

"Shall we go?"

"No, no! The prince himself will be here at 11. He was, singularly enough, not invited, and, knowing the story as I do, I am curious to witness the scene."

Hillard, peering gloomily over their shoulders, overheard. The prince! Oh, this must not be! There could be only one prince in a matter of this kind. He pushed by the Italians without apology for his rudeness, edged around the ballroom till he reached La Signorina's side. He must save her at all hazards.

"The prince himself will be here at 11," he whispered.

"What prince?"

"Di Monte Bianca. Come; there is no time to lose. I have been holding my carriage ready."

"Thank you, but it is too late." She smiled, but it was a tired and lonely little smile. She had long since armed her nerves against this moment.

He stepped back, discouraged. He would wait, and woe to any who touched her!

At precisely 11 the music ceased for intermission. There was a lull. Two carabinieri pushed their way into the ballroom. Tableau!

"Which among you is called the Principessa di Monte Bianca?" was asked authoritatively.

"I am she," said La Signorina, stepping forth. "What do you wish?"

"You are under arrest for imposture. You are not the Principessa di Monte Bianca."

Hillard, wild with despair, started to intervene.

As the carabinieri were about to lay hands upon La Signorina a loud voice from the hall stopped them.

"One moment!" An officer in riding breeches and dusty boots entered and approached the dramatic group. Hillard and Merrihew recognized him instantly. It was the man with the scar.

"This woman," explained one of the carabinieri, saluting respectfully, "is posing as your wife, highness. We are here to arrest her."

"Do not touch her!" said the prince. "She is the Principessa di Monte Bianca, my wife!"

CHAPTER XVIII.

MEASURE FOR MEASURE.

SILENCE invested the Villa Ariadne, yet a warm and mellow light illumined many a window or marked short pathways on the blackness of the lawn. A solitary saddle horse rattled his bit, pawed restively and tossed his head worriedly from side to side, as if prescience had touched him with foretelling.

On the other side of the wall, lurking in the dark niches, was a tall, lean, gray haired old man, who watched and listened and waited. He was watching and listening and waiting for the horse. Seven years! It was a long time. He had not hunted for this man. He was breaking no promise. Their paths had recrossed. It was destiny.

The leaving of the guests had been hurried and noisy. In truth, it resembled a disorderly retreat more than anything else. The denouement was evidently sufficient. They had no desire to witness the anticlimax, however interesting and instructive it might be. His highness the Principi di Monte Bianca, Enrico by name, strode up and down the floor, his spurs tinkling and his saber rattling harshly. Occasionally he glanced at the group on the opposite side of the room. He laughed silently. Oh, he would enjoy himself tonight. He would extract every drop of pleasure from this unexpected moment. Had she been mad, he wondered, to give him this longed for opportunity? A month longer and this scene would have been impossible. At last he came to a stand in front of La Signorina, who was white and weary.

"So," he said, "after five years I find you, my beautiful wife! What a devil of a time you have given me—across oceans and continents! A hundred times I have passed you without knowing it till too late. And here, at the very moment when I believed it was all over, you fling yourself into the loving arms of your adoring husband! I do not understand!"

"Be brief," she replied, the chill of snows in her voice. Her hate for this man had no empty corners. "Say what you will and be gone."

"I shall telegraph the attorneys in Rome to partition the estates, my heart!" he mocked her. "The king will not add to his private purse the riches of Colonel Grosvenor and the Principi di Monte Bianca, your father and mine—old fools! To tell the truth, I am badly in need of money, and, head of Bacchus, your appearance here is life to me, my dear Sonia. Life! I am a rich man. But," with a sudden scowl, "what position in my household does this gentleman occupy?" indicating Hillard and smiling evilly.

"So it is all true, then?" Hillard exclaimed. "You are his wife!"

"Well?" cried the prince impatiently. "I inquire again, what position does he hold?"

"This villa is mine," she answered, her tone giving hint to the volcano burning in her heart. "However the estates may be partitioned, this will be mine. I command you to leave it at once. I loathe you."

The prince laughed. She was simply a sack of gold. But this was his hour of triumph, and he proposed to make the most of it.

"I could have let the carabinieri take you to prison," he said urbanely. "A night in a damp cell would have chastened your spirit."

"Is it possible?" returned Hillard. "Your highness has but to say the word and I will undertake the pleasure of relieving you of this man's presence."

"Be still," she said. "Will you go?" to the prince.

"Presently. First I wish to add that your dear friend is both thick skulled and cowardly. I offered to slap his face a few nights ago, but he discreetly declined."

"I am calm," replied Hillard, gently releasing his arm from her grasp. He approached the prince, smiling, but there were murder and despair in his heart. "Had I known you that night one of us would not be here now."

"It is not too late," suggested the prince. "Come, are you in love with my wife?"

"Yes."

The bluntness of this assertion rather staggered the prince. "You admit it, then?" his throat swelling with rage.

"There is no reason to deny it."

"She is your"—

But the word died with a cough. Hillard, a wild joy in his heart, caught the prince by the throat and jammed him back against the rose satin panel. Hillard seized his sword arm and pinned it to the panel above his head. Again and again the prince made desperate attempts to free himself. He was soon falling in a bad way. He gasped, his lips grew blue and the whites of his eyes bloodshot. This man was killing him! And so he was, for Hillard, realizing that he had lost everything in the world worth living for, was mad for killing.

La Signorina was first to recover. She sprang toward the combatants and grasped Hillard's hand, the one buried in the prince's throat, and pulled. She was not strong enough.

"Merrihew! O'Mally! Quick! He is killing him!" she cried wildly.

The two finally succeeded in separating the men, and none too soon. A moment more and the prince had been a dead man.

La Signorina turned upon Hillard. "And you would have done this thing before my very eyes!"

"I was mad," he panted, shamed. "I love you better than anything else in God's world, and this man means that I shall lose you."

The prince lurched toward Hillard, but fortunately Merrihew heard the slithering sound of the saber as it left its scabbard. Merrihew with a desperate lunge stopped the blow. He flung the saber at O'Mally's feet.

"You speak English," said Merrihew in an ugly temper. "You may send your orderly to the Hotel Italie tomorrow morning, and your saber will be given to him. We can get along without you nicely."

The prince tore at his mustaches. Meddlers! To return to Florence without his saber was dishonor. He cursed them all roundly and turned to La Signorina.

"I am in the way here," he cried. "But listen. You shall remain my wife so long as both of us live. I had intended arranging your freedom once the estate and moneys were divided, but not now. You shall read my wife till the end of the book, for unless I meet you halfway the marriage contract cannot be broken. In the old days it was your conscience. The still small voice seems no longer to trouble you," turning suggestively to Hillard. "You are stopping at the Hotel Italie?"

"I am. You will find me there," returned Hillard, with good understanding.

"Good! Your highness, tomorrow night I shall have the extreme pleasure of running your lover through the throat." He picked up his cap and took his princely presence out of their immediate vicinity.

"It will do my soul good to stand before that scoundrel," said Hillard, stretching out his hands and closing them with crushing force.

La Signorina laid a protesting hand on his arm.

"I love you," he murmured as he bent to kiss her hand. "And it is not dishonorable for you to hear me say so."

"I forbid you to say that!" But the longing of the world was in her eyes as she looked down at his head.

"This is what comes of American girls marrying these blamed foreigners," growled the tender hearted O'Mally. "Why did you do it?"

"I am almost Italian, Mr. O'Mally. I had no choice in the matter. The affair was prearranged by our parents, after the continental fashion."

When Hillard and La Signorina were at length alone he asked, "When shall I see you again?"

"Who knows? Some day, perhaps, when time has softened the sharp edges of this moment. Tomorrow I shall write, or very soon."

To be continued.

Organdies are more modish than they have been for years.

For the Children

Prince Atom, World's Smallest Athlete.

A most remarkable little man is Prince Atom, the smallest midget in the world. The prince, who is soon to visit this country, stands just a little over two feet high and is built in excellent proportion. Although such a tiny fellow, he is the son of parents of normal size. He is well educated, speaking several languages. His title, of course, is purely fanciful, as he is not of royal blood.

For his size the prince is endowed with considerable muscular strength, and he is a skilled acrobat. Being fond of active sports, the little man has become expert in tumbling and other athletic feats. Recently he appeared before the children of the crown prince of Germany at Berlin and won their hearts no less by his wit than his physical feats.

The Siamese Twins.

The Siamese twins were the most famous freaks that were ever shown in American museums. They were Chinese boys born at Bang Becklong and taking their title from the country where they were brought up. Their names were Eng and Chang. The babies, born in 1825, were united by a band of flesh that stretched from the breast of one to the breast of the other. They were brought to America when they were little more than children and were exhibited in museums for many years. Their death occurred in 1872.

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

King and Spider.

Frederick the Great, king of Prussia, was saved from death by a spider, according to a story people tell. They say that the king was at luncheon and was about to drink some chocolate when a spider dropped from the ceiling into the cup. The king sent for another cup, and the attendant returned immediately to say that the cook had shot himself. It was afterward found that the cook had poisoned the chocolate and that when the second cup had been sent for he believed that his act had been found out.

Origin of an Old Saying.

"He's a brick!" has been traced by some learned philologist to a king of Sparta who lived and reigned four centuries B. C. A visitor to Lacedaemon, the Spartan capital, being greatly surprised to find that the city had no walls, asked the king what he would do in the event of an invasion.

"Sparta," replied the king, "has 50,000 soldiers, and each man is a brick."

The Chipmunk.

Chippy, chippy, chipmunk,
Happy as a bee,
Chippy, chippy, chipmunk,
Lively as a flea—
Scampering the woods, blithe and free.

Chippy, chippy, chipmunk,
Work to you seems play.
Chippy, chippy, chipmunk,
Busy all the day.
Doth thee never tire? Tell me, pray.

Chippy, chippy, chipmunk,
Shrilly do you call,
Chippy, chippy, chipmunk,
From behind the wall
And quickly run into your hall.

Chippy, chippy, chipmunk,
With nest in the ground,
Chippy, chippy, chipmunk,
Where can it be found?
For you make no betraying mound.

Chippy, chippy, chipmunk,
Would that I were thee,
Chippy, chippy, chipmunk,
Happy, wild and free.
But, alas, it can never be!

Natural Enough.

"Mrs. Nervey wasn't invited to Mrs. Swellman's tea at all," Miss Gaddie was saying, "but she came, and when she entered the room the silence was positively painful."

"Naturally," remarked the hateful Mr. Knox. "Silence is always painful among women."—Catholic Standard and Times.

Veils are less aggressive than they have been heretofore.

Knox Ladies Aid

The Ladies' Aid of Knox church will meet at the residence of Mrs. Shurter, 599 King street. Thursday afternoon at three o'clock. The executive is specially requested to be present.

Moonlight Excursion

A moonlight excursion will be held this evening under the auspices of Downer's Corners L. O. L. Piccolo Band and Chosen Friends. Steamer Lintonia leaves Wolfe street wharf at 7.45 sharp. Tickets 25 cents.

A Chimney Fire

A slight chimney blaze occurred at the residence of Col. Miller, 166 McDonnel street, about 10 o'clock this morning. It was quickly extinguished by the aid of chemicals. The brigade made a very quick run in responding. The alarm was sent in from box 27.

Trip Was Enjoyed

The S.O.E.B.S. excursion from Lindsay arrived in the city last evening about seven o'clock making the trip to here entirely by water. About one hundred and thirty-five people were on board the steamer. The trip while very long, was heartily enjoyed by all.

They returned home last night on the nine o'clock G.T.R.

The Red troops won a brilliant victory in the manoeuvres at Pine Camp, N.Y.

AN ENJOYABLE MOONLIGHT

The Woodmen of the World aided their membership campaign here last evening by an enjoyable moonlight excursion per steamer "Stony Lake." The boat was nicely filled and the moon, by failing to shine, did not in any way affect the success of the trip. An orchestra on board as usual made the music for the dancing, which did not abate either on the trip down or back. The searchlight was eternally vigilant lighting up pretty scenes on either bank of the river where there are many campers.

The Gordian Knot

KELLY—HADRILL.

The marriage of Miss Margaret Kelly and Mr. Charles J. Hadrill, of Montreal, took place Wednesday, Aug. 24th, from her brother's residence, 204 Brock street. The ceremony was performed by his Lordship, Bishop O'Connor. The bride, who was given away by her brother, Mr. C. A. Kelly, wore a becoming suit of cadet broadcloth with hat to match and carried a bouquet of lily-of-the-valley and roses. Immediately after the ceremony Mr. and Mrs. Hadrill left for Toronto and Muskoka.

HAGLE—FOSTER

In the Methodist Church, Calgary, on August 11, Miss Beatrice Foster of Norwood, Ont., was married to Mr George Hagle of Calgary, formerly of Watford. Rev. Mr. Henderson of Peterboro' conducted the ceremony. The bride was given away by her cousin, Mr. T. Fraser of Calgary. The young couple left later for Banff, and other points.—Mail & Empire.

THE TRIP OF THE SEASON

The steamer "Otonabee" will leave Wolfe St. Wharf at 8 a.m., on Saturday, August 27th for Lindsay, arriving there in ample time to connect with the afternoon train for Peterboro'. Meals served on board. Return tickets including Railroad, $1.25. This will probably be the last trip of the season to Lindsay.

WHO'S HERE AND AWAY

Mr. R. E. Williams, of Chicago, is at the National.

Mr. E. J. MacIver, of Newark, was at the National to-day.

Miss Margaret Davidson is spending her vacation in Berlin.

Mr. F. J. Doughty returned yesterday from a trip to New York.

Miss Nellie Gould, of Bowmanville, is visiting Miss Stevens, 631 George street.

Mr. F. J. McDonnell, division superintendent of the P.C.S., is in the city to-day.

Miss Mollie Blosi has gone to Toronto for two weeks vacation with friends.

Mr. George Hall, who has been camping at Buckhorn, left yesterday for Indianapolis.

Miss Zaida Fraser, of Bracebridge, is visiting her cousin, Miss Lena Drake, Lansdowne street.

Mrs. Henthorne and Master Frank, of Rochester, are visiting Miss Margaret Campbell, East City.

Miss Lean Drake has returned home after spending a pleasant vacation with friends in Muskoka.

Mr. and Mrs. Myles Lake have returned from Napanee, where they were the guests of friends for a couple of weks.

Mrs. Elliott, Aylmer street, has returned from a trip to the west. She was accompanied by her sister, Mrs. Jackson, of Millbrook.

Misses Ennis and Armstrong have arrived home from Chicago, Detroit and other millinery centres and are now doing business in their local millinery parlors.

Roadmaster Mitchell is in the city to-day superintending the repairs being made to the Grand Trunk crossing on Charlotte street. Section Foreman Delahey, of Fraserville, with his men and the Peterborough section men are doing the work, which will be likely completed to-day. The street car service is slightly changed as a result, the Jackson Park cars transferring their passengers at the crossing.

A RIOT IN A RESTAURANT

Three young men, who looked like visitors in the city, entered a local restaurant at noon to-day. Each one had a considerable jag on. The result was that a noisy period existed in that restaurant for about five minutes. Diners who were present were compelled to listen to a fine exposition of up-to-date blasphemy before the tippling trio were finally coaxed out into the street. The most quarrelsome of the bunch seemed exceedingly anxious to administer a drubbing to one of the waiters, and would probably have done so had not a couple of other waiters came to his aid.

Rev. Mr. Potter Telephones.

Rev. Mr. Potter telephoned the Review this afternoon to state that the prayer meeting would be held in his church to-night.

Two hundred and fifty Chinese began a devotional conference at Hartford, Conn.

Scared the Savages.

The pluck of Sir Harry Johnston, the famous explorer, who has lately been elected a corresponding member of the Italian Geographical society "in recognition of his research work in Africa," is unquestioned, but stratagem has got him out of many a tight corner. On one occasion his zareba was surrounded by a howling mob of savages, who sent an envoy asking him to surrender. Sir Harry merely told the envoy that they had smallpox in the camp, and a wretched albino was trotted out as the awful example. Five minutes later the scared tribesmen were busy putting as large a stretch of Africa as time would permit between themselves and danger. As Sir Harry well knew, they were more afraid of "the white disease" than they were of all the inventions of Maxim.—Tit-Bits.

Balfour Again Champion.

England's ex-Premier, A. J. Balfour, has long distinguished himself in politics, but it is as a golfer that he is now winning fame, recently capturing the parliamentary handicap on the links for the third time, and thereby making a record, no other golfer having won it more than once. His previous victories were in 1894 and 1897. In this year's event the leader of the Opposition was driving farther than he has done for several years, and his play was steady and consistent throughout, a good sign of his physical fitness for the stress of politics.

Sinful.

Two London tourists one Sunday in the region of Tweedside inquired of a countryman on his way to church the whereabouts of a ruined tower they wished to inspect.

"If ye had speired the way tae the kirk," he replied, "I wad hae telt ye, but I canna brak the Sawbath day by lettin' ye ken whaur an auld ruckle o' a hoose is."

Suitings for fall lean strongly toward the mannish effect.

NOT THE RIGHT MAN

Prisoner in Custody at Rochester is Not Young Man Wanted Here

The young man arrested in Rochester, by Acting Chief Zimmerman, of that city, is not Edward Jobe, who is wanted here for alleged theft.

Chief Thompson received a wire from P.C. Meharry, who went to Rochester to bring the young fellow back, stating that the man in custody is not the offender wanted here.

The Hydraulic Lift Lock

VISITING AND LOCAL BOWLERS AND BOARD OF TRADE DINED

A Happy Occasion at the Oriental -- Bright Speeches and an Evening Enjoyed by All -- Large Photo Presented by Peterborough Bowling Club.

The British bowlers have come and gone. Their visit to the city yesterday was a pleasant one, so they said. The games with the rinks of the Peterborough Bowling Club were greatly enjoyed, and the victory won by the local club was not begrudged, so remarked Mr. J. F. Morrison, captain and secretary of the Britishers, at the dinner given in their honor by the Board of Trade at the Oriental hotel last evening.

"They are a splendid lot of fine fellows," was one of the many complimentary remarks heard on the side.

HAPPY

That spread at the Oriental was a happy affair. Each and every one enjoyed himself. Everything was informal. The visitors, their opponents of the afternoon, the members of the Board of Trade, and representatives of the press made up a gathering of fifty-three. Bright speeches were made, in which many nice things were said. The old familiar "Maple Leaf Forever, "Loch Lomond," and others were heartily sung. Those speaking on behalf of the hosts said they were glad to have met the visitors, and in return the guests replied that they would carry back home with them many pleasant remembrances of their visit to Canada and the city of Peterborough.

TO MEET

It was shortly after eight o'clock that Mr. D. Hughes Charles, the chairman of the evening, called the gathering to order, and grace was said by Rev. W. Earee, the chaplain of the party, and who is rector of Angersleigh, Taunton, Somerset.

The many choice edibles, the well arranged and prettily decorated tables next occupied the attention of the company, and it was a contented looking "half hundred" that pushed back their chairs when the chairman announced that the first number on the programme would be sung by Mr. W. McIlroy.

It was "The Maple Leaf Forever," well sung, and all present enthusiastically took up the chorus.

"We are gathered here in an informal way to do honor to our guests, the British bowlers, and I hope all will behave in an informal manner and feel at home," Mr. Hughes Charles said in rising.

Those from the other side of the sea could not be more warmly welcomed than by himself. He was glad they had come. It was a pleasure to meet "dead game sports." Such were the British bowlers. They had travelled at their own expense, all for the love of the game.

He hoped that they would go back to their homes feeling that Canadians were one and all British.

The toast to His Majesty the King was proposed by the chairman and loyally honored.

SORRY TO PART

Another number "Loch Lomond," by Mr. McIlroy, drew hearty applause, and, as in the singing of "The Maple Leaf," all joined in the chorus.

Mr. Hampden Burnham, in proposing the toast to the guests of the evening, said that it was a great honor to welcome the British bowlers. We have become so accustomed to hear of the Scotch coming across it is rather surprising to hear of the English coming.

"The British nation has been a long time in making," he said. "War kills men, but it is sport that has made them. Agencies such as these go to make the British nation the best. No man can be mean and be a sport. He must be generous and have all the qualities of a real man."

HAPPY

"It is easier to form in one's mind our feelings, than to describe them," said Mr. J. F. Morrison, in responding, and it is the first occasion I have had to make a closing speech. However, we don't begrudge Peterborough their win against us. A margin of two shots against four rinks wasn't much," Mr. Morrison smilingly remarked.

He appreciated the kind words and the manner in which the toast had been proposed and honored. He hoped that the victory of the Peterborough club would act as an impetus to bowling in the city. Rapid progress had been made in Canada since the occasion of the visit four years ago. At the present time there were two hundred bowling clubs in Canada. Four years ago there were only seven or eight.

But there was a deeper significance in the visit. The nation was proud of Canadians. They were imbued with the proper spirit and were always ready to fight for the honor of the British island. The British bowlers had been much impressed with their visit to Ottawa and the visit to Peterborough and to the lift lock had been a pleasant one. He wished to take the opportunity of thanking the Peterborough bowlers for the kind- toward them. They would go back with pleasant remembrances. He hoped the visits would continue, as they would do much to cement together the bond of friendship.

Vocal numbers by Rev. W. Earee, J. S. Fleming and W. C. Wilson next followed. Each was sung in good voice and heartily received.

TO MEET

Mr. D. H. Moore, on behalf of the Peterborough Bowling Club, presented Mr. Morrison with a large photo of the members of both the British and the local bowlers, and which had been taken by Mr. R. M. Roy in the afternoon.

Mr. Moore made some catchy remarks. "We are delighted to have met you," he said, "and more delighted to have beaten you. You have our best wishes for complete and entire success throughout the rest of your games."

If the efforts of the Peterborough club had been appreciated the members would be satisfied. The occasion had been one of pleasure to all of them. He was glad to be a bowler, and also to be able to do a small part in cementing together all as one great nation.

The speaker humorously said that four years ago he had been skip of a rink that was beaten by a score of 37—3, and it had afterwards been remarked by one of the opponents that he could see where his rink got the 37, but was unable to understand where the other four got the 3.

AGAIN

Mr. Morrison made a neat acceptance of the photo, and proposed a toast to the Peterborough Bowling Club, coupled with the name of the chairman.

The toast was honored by the guests, and when Mr. Hughes Charles arose "See Him Smiling," "He's a Dandy," and "He Comes from Galway," came his way.

The singing of Auld Lang Syne and God Save the King brought the affair to a fitting close shortly after ten o'clock.

Mr. John Crane was the accompanist of the evening, and a pianolo loaned by Mr. C. J. Carroll furnished a number of fine selections.

LETTERS TO THE EDITOR

108 Aylmer Street, Aug. 23, '10

To the Editor of The Review.

Sir,—In your issue of to-night's paper, I wish to have my statement of to-day's occurence regarding the letter which Mary Cowan, 108 Aylmer street is said to have written and which was published in your paper, casting reflections upon the lady of the house in which she is boarding, I, the girl's father, wish to state that my daughter has always been treated with kindness and consideration by all members of the house.

Regarding the letter which a certain reverend gentleman kindly handed to you for publication, I wish to state I want said letter returned to me, otherwise he will hear more about it, as the letter in question was neither for publication, nor yet meant for anyone in particular. Trusting you will give my statement the prominence you gave my daughter's.

Yours truly,
WILLIAM FORBES COWAN,
108 Aylmer St.

CAME HERE IN ONE OF NELSON'S WARSHIPS

To-day's budget of correspondence includes the following from Mr. Geo. Ruth. of Emily;

To the Editor of the Review.

I wish to let you know the growth of corn we have here. We have one stalk twelve feet, eight inches and a half in length. I am on this place since 1833, and never saw such a growth. I have seen a great deal. I was born in the County of Cavan, Ireland, March 21st, 1823, sailing from Belfast, June 23rd, 1823. I landed at Quebec August 14th, of the same year, and came out in one of Admiral Nelson's warships. I am now eighty-seven years of age.

LAD FELL FROM BICYCLE IN FRONT OF STREET CAR MIGHT HAVE BEEN KILLED ARM ONLY WAS BROKEN

A young lad named Clancy, a son of Mr. James Clancy, 714 Water street, had his left wrist broken yesterday morning, as a result of falling from a bicycle in front of an approaching street car. The accident happened about 9.30, at the corner of King and Park streets. Young Clancy was riding between the car tracks and the C.G.E. car was rapidly coming towards him. A rig was also going in the same direction as was Clancy, and in turning out onto the road between the rig and the car the wheel of the bicycle caught in the groove of the track and threw him onto the track, and in putting out his arm to save himself he sustained the fracture to his wrist.

Motorman Fred Turner, of the C. G.E. car brought it quickly to a stop about eight feet away from the lad, and he was taken to his home, where the fracture was reduced and he is doing nicely to-day.

WRIT FOR $5000 DAMAGES ENTERED AGAINST COMPANY

Mr. G. N. Gordon, acting on behalf of the widow of the late Isadore Vinette, who met his death last month, while in the employ of the Otonabee Power Company, issued a writ yesterday against the company. The plaintiff's claim is for $5,000 for damages for the loss of her husband, caused by the negligence of the defendant.

MAY BE MAN KNOWN HERE

Body of Jonathan Ferguson Found Floating in Bay at Belleville

The body of an elderly man named Jonathan Ferguson, which was found floating in the bay at Belleville, may be that of the Jonathan Ferguson who was known in this city.

The man was intoxicated at the time and presumably fell off the railway bridge into the water.

Ferguson has not been in this city since spring.

James A. Patten says the world's wheat crop this year will be the smallest in the past ten years.

The Methuen, Mass., cotton mills were closed and will re-open Sept. 6. About 600 hands are employed.

Five and a half miles of the Panama Canal at the Atlantic entrance were opened to navigation for the sand and rock fleet.

The Ostrich.

That ostriches hide their heads in the sand and think that their bodies are thereby hidden seems to be pure myth, says The London Times. Old birds on the nest and young birds when seeking to evade notice squat close to the ground and stretch their necks out flat on the sand. In the case of the young, which harmonizes as perfectly with their sandy surroundings as young ringed plover do with the stones on a beach, the ruse is said to render them almost invisible, and on the wide expanses of the desert it is evident that the upright neck of a sitting bird would render it unnecessarily conspicuous to a marauding enemy. But there is no more ground for accusing the ostrich of "self illusion" than there is for bringing the same charge against the partridge chick, which by merely sitting still among the grass practically disappears from sight.

Coat sleeves are long and plain and rather close-fitting.

The three days' conclave of the Woodmen of the World opened in Lafayette, Indiana.

The Chicago Health Bureau advised housewives to make their own ice-cream.

A farmer of Universal, Ill., who killed six song birds, was sent to jail for 66 days.

Velvet and velveteen promise to be extremely popular fabrics.

VISITING BRITISH BOWLERS DEFEATED FOR FIRST TIME

LOCAL BOWLERS WON WITH THE SMALL MARGIN OF TWO

Total Score Was 84-82 With the Britishers Winning Handily in One Game, Making a Tie in Another and Losing in the Other Two -- An Afternoon of Ideal Sport on the Green.

BOWLING

You roll a ball on a grassy
track,
And smile as you see it touch
the jack;
Your opponent then hits it a
merry whack;
Says, "See, Bill Bailey, got my
own back!"
That's bowls.

Hoot mon.
Well played my man.
Fine bowling. A nice shot.
Peterborough, 84. British Bowlers, 82.

It was certainly an exhibition of enthusiastic bowling, and the Peterborough bowlers won and the visitors from across the sea saw their first defeat of the trip. The locals are naturally elated over the victory. They won in two rinks, and tied in another and lost one, and the total score gave them the honors by two points. It was close, and therefore all the more welcomed. Perhaps in another four years there may be another visit. The members of both teams hope so. Then, too, perhaps, the visitors will have taken a day off preparatory to the meeting. Should the score show a reversal, it will be much more easier for the speakers of the local club to arise with the remark, "Gentlemen, we don't begrudge you the victory. We won in the last games.

Each game was played with twenty-one ends. Dr. Marshall's rink was the only one to lose, but he was up against probably the hardest rink of the Britishers. J. Pillans, of the opposing rink, is acknowledged one of, if not the best bowlers in the party. On the last trip, four years ago, he saw defeat nary a once.

At that the game was a see-saw up to the thirteenth end. After that the opposing four began to pull away and won out with a majority of fifteen.

Skip Fitzgerald almost redeemed his brother in bowls by winning from J. Kirkland, twelve to the good.

Skip Kerr came out ahead with a lead of five over Skip Morrison. It was a hard fought game with the winner always in doubt.

That tie score, 19—19 between Skips Rev. W. Earce and R. M. Waddell speaks volumes. This was the last game to finish, and so keen and close was the bowling that the players and spectators were keyed up to the highest pitch of excitement, and a slight falling off on the part of the locals would have allowed the coveted honors to slip away.

A large number of thoroughly interested spectators witnessed the games, which started shortly after three o'clock, and were continued up to a few minutes past six. Disinterested passersby could not help but stop to look on. whe numerous shouts of the players, a clap on the back, and in many cases a hearty handclap when a good shot was made by a player of either side was nothing short of fascinating. The fact of the British bowlers coming to Peterborough will help the game in this city. Every player showed himself to be a true sportsman. May we meet them again.

The rinks and scores follow:

AT THE RIFLE RANGES

[IN OTTAWA]

Ottawa, Aug. 24.—A terrific hailstorm at the ranges resulted in the 500 yards contest of the Walker match being called off and only 900 yards shoot in that event will count. This afternoon Colonel Hughes, president of the D.R.A., entertained Hon. Gibson, Lieutenant-Governor of Ontario; Hon. Chas. Murphy, Dr. Coulter, General Macdonald and fifty others at luncheon. The Minister is being pressed to get the Government to buy land adjoining the ranges so as to enlarge them.

Staff-Sergt. Bayles, of Toronto, is leading in the grand aggregate with 204 points; 2nd, Lt. Morris, Bowmanville, 203. There are eight with scores running from 192 to 194.

ENGLISH WALKING CHAMP. MAY COME THIS WAY

Negotiations are under way in an endeavor to secure Webb, the English walking champion, to come here for the Penman games. He is coming to Canada to meet George Goulding and if at all possible his name will be added to the programme.

The Penman meet this year promises to be the most exciting contest in the history of the trophy. Toronto Central Y.M.C.A. are particularly strong this year and are looking forward to Labor Day, when they claim they will wrest the trophy from the holders, Toronto West End Y.M.C.A. But you can rest assured that West End bunch are not sleeping and will not let the trophy hang on any other walls without a battle to the finish.

Entries are assured from Toronto, Ottawa, Kingston, Orillia, Hamilton, Stratford, Brantford, Galt. These with the local men, promise to give the people of Peterborough something worth going a long way to see.

There is no doubt of Jack Tait being here, as he says himself that he is not on the road to the cemetery yet, and if Tair runs another race it will be at the Penman games.

The 100 yards dash, open to registered amateurs of Peterborough for the city championship promises to be a good contest, as several of Peterborough's fastest [illegible] start.

The five mile run with its five prizes looks good from here and should fill up well. A well known local citizen has kindly donated a handsome prize for the first local man to finish. This will no doubt add considerable interest to this event from a local standpoint.

BRIEF AND BREEZY

Several of the players in the Western Canada baseball league are inclined to hand it out to the umpires. And police protection for this umps has been needed.

The Belleville Intelligencer has the following to say of the game here on Saturday last. The Intelligencer, however, has the score 6—0, whereas the figures were 9—0:

The Peterborough team presented a strong line-up, having their best team in uniform, while "Prunes" Quinlan, who is fast gaining a national reputation as a mound artist, did the heaving for the home team, and he shot it in so fast at times that it looked like a pill. Quinlan will some day be heard of in fast company. The Belleville team only secured three safe hits during the game. They hit the ball, but the fielders were always in the way. "Sis" Hopkins was the slant dispenser for the Belleville team, and he showed his class as a pitcher, the heavy hitting Peterborough team only securing seven hits off his delivery. He had lots of "stuff" on the ball and speed to burn. He pitched well enough to win any ordinary game.

Jim Dorris and Frank O'Connor, both well known to Belleville people, sat on the Belleville bench all through the piece and pulled hard for our boys. Dorris was at one time a great ball player, while O'Connor is probably the fastest Rugby player that Peterborough ever produced.

The umpire was a perfect "lady."

The Belleville team say that the Peterborough boys are all first-class sportsmen.

The Grand Trunk team will play Peterborough next Saturday in Peterborough. "Phill" Flagler wants to take his best talent along, for these boys can go some.

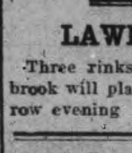
Those British bowlers showed us something in the games yesterday. We are a little too apt to cheer and applaud the plays made by the home team and become strangely silent when the opposing side make good plays. It was not so with our visitors. A good shot, irrespective of who made it, was appreciated and received applause.

And the men from the British Isles were handicapped. They were strangers on a strange green, and conditions brought about from travelling were not conducive to putting the players in their best form. However, this is the fortune of every sportsman, and makes the victory all the more sweet.

While Peterborough's prospects for a senior O.R.F.U. team this season are not the best, there is no reason why a strong and winning junior team could not be placed on the field. It is not too early by any means to talk of the game. A team is not gotten together and put into machine-like form without forethought and long practice. We have Dr. Macpherson still with us to hand out a few pointers, and his assistance is always cheerfully given. But don't expect him to take the initiative. He is a busy man. Others should help. The time has arrived. Let's do something and work together.

LAWN BOWLING

Three rinks of bowlers from Millbrook will play the local here to-morrow evening at 5.30 o'clock.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. Newspaper Errors.

Winnipeg Town Topics says:

In "My Lady Nicotine," if we remember rightly, Barrie tells the story of a telegraph editor on one of the London papers, who, finding the sentence, "The Zulus have taken umbrage," in a despatch one day when the outbreak of the Zulu war was imminent, fixed up a heading announcing that the Zulus Have Captured an Important Position — They Occupy Umbrage.

There was a match to this recently in two newspapers published not a thousand miles from this city.

A cable despatch was received announcing the death in London, from syncope, of a well-known citizen of Toronto.

One paper published it thus:

"London, July 5.—J. E. McK——, of Toronto, died suddenly on the day after his arrival from Canada on the Syncope."

The other published it thus:

"London, July 5.—J. E. McK——, of Toronto, died suddenly the day after his arrival from Canada on the S. S. Syncope"

Import New Zealand Deer.

Vancouver sportsmen are going to make endeavors to bring red deer from New Zealand, which are to be located in the mountainous districts of Vancouver island upon arrival. An attempt was started last year to import some of the deer species from England, but owing to the heavy freight rates the plan fell through.

It is proved that the red deer will thrive in the climate of that section of the coast, the only handicap to their life being the usual necessity of having to graze in sheep country, the sheep making short work of the grass available.

Over 12,000 persons attended the Royal Arcanum 'Hospital Day' picnic in a Chicago park.

LOCOMOTION'S PROGRESS.

Edinburgh Cannot Decide Who Was Inventor of Pneumatic Tire.

The dispute arose about a statue. Who invented the pneumatic tire? To whom should Edinburgh give honor in bronze or marble—to R. W. Thomson, who patented an air filled tire in 1845, or to John Dunlop, who invented the pneumatic tire in 1888? The dispute carries the imagination back over one of the most astonishing episodes in industrial history.

It was in 1845 that Thomson patented the idea of affixing a "belt" filled with compressed air to the rim of a carriage wheel, and, although his invention never came into practical use, he showed great knowledge of the good effects which would follow from the use of the pneumatic tire.

Forty-three years later John Dunlop, without any knowledge of the Thomson invention, patented a pneumatic tire. The safety bicycle had then come into vogue, but its wheels were shod with solid rubber tires. Mr. Dunlop's little son possessed a tricycle, and as the Dunlops then lived in Belfast and the Irish roads were of very bad surface this veterinary surgeon applied a rubber tube filled with compressed air, and it afforded such comfort to the rider that Mr. Dunlop brought the idea before adult cyclists, and some enthusiasm was aroused. But Mr. Dunlop would have hardly been more successful in 1888 than Thomson in 1845 had not another man appeared on the scene.

Harvey du Cros was at that time a prominent figure in Irish sporting circles, and his sons were famous for their prowess in cycle racing. With true business instinct Mr. du Cros saw the immense possibilities of the pneumatic tire for cycles, and he threw himself heart and soul into the work of making this crude invention practicable. His early efforts were greeted with derision.

Then Mr. du Cros took a band of Irish cyclists, including his sons and R. J. Mecredy to England, and they gained sweeping victories with the pneumatic tire on the racing track. But for the enterprise and ability of Harvey du Cros Mr. Dunlop's invention might have lain dormant for many years.

Had this been the case the whole progress of modern locomotion from motoring to airmanship would have been checked, for we can trace the direct influence of the air-filled tire in all the astonishing developments of the last twenty-two years. So from the bad state of Irish roads, from the solicitude of a fond parent to make smooth progress for his son's cycle over rough roads, Thomson's idea was recreated, and this time the right man was at hand to develop the idea.

The Only Thing to Do.

The old veteran had paused in his reminiscences and was mopping his brow, while his audience waited impatiently, thinking he had left off.

"I recollect," he continued dreamily, "that at the battle of Alma I had a very excitin' time. Bullets were peltin' upon us like rain, men fell right and left, cannon roared like thunder itself, and, worst of all, the enemy had managed to get within a hundred yards of our position. I was mad with excitement and wasn't thinkin' of anything except just fightin' for all I was worth. All of a sudden I turned and found that my regiment had changed its position, and I was cut off—left to the mercy of the enemy, sir!"

The veteran paused. He always does at the most exciting part. He finds it amusing.

"Well, what did you do?" asked an impatient listener.

"Do?" said the old fellow sternly. "Well, I reckon I did a mile in three minutes!"

A Welsh Legend.

In Wales there is a legend of Irish smugglers who arrived at Llanddona many years ago in a boat without rudder or oars. They were looked upon, according to the Irish custom of sending malefactors to a sea doom in this plight, as outlaws. However, they had been allowed to land, and a spring of water bursting forth in the sand at the place was taken as a sign of their right to a refuge. But they ill repaid the Welsh. The men lived by smuggling, the women by witchcraft. It was not possible to overcome the smugglers in a fray, for each carried about with him a black fly tied in a knot of his kerchief, and the moment the knot was undone the fly flew at the eyes of the opponents and blinded them. If the Llanddona witches attended a market and bid for anything no one ventured to bid against them.

The Way He Scored.

Sir Charles Todd was for many years at the head of the Adelaide observatory and was the chief of the South Australian weather bureau. Once when visiting one of the smaller towns of the colony he called on a man who had gained a local reputation as a weather prophet. Without disclosing his identity Sir Charles said to him:

"I dabble a little in weather predicting myself. Would you mind telling me how you arrive at your conclusions?"

"Oh, that's easy enough," was the reply. "There's an old cove in Adelaide called Todd who puts in the papers what he thinks the weather's going to be, and I always put just the opposite to what he says, and that's the way I score."

THE GENUINE ALWAYS SUPERIOR TO THE IMITATION

The experienced buyer never permits the shrewd merchant to convince him that an imitation is superior to the genuine advertised article. In refusing a substitute he protects himself and the manufacturers who have expended enormous sums in giving the public information regarding their products.

Advertised articles have stood the test of public approval on their merits and materials embracing their make-up The mere fact that they are imitated is competent testimony of their worth.

You are safe in rejecting the article offered as "just as good."

Are Those Englishmen Spies?

Emden, Germany, Aug. 24.—A second Englishman, in addition to one captured Monday at Borkum, was arrested yesterday at Borkum on suspicion that he also is a spy. He offered violent resistance to arrest.

It was reported that photographs had been taken of the fortifications at Borkum and of the new defence works on the Island of Wangeroog.

Taggart Near Brantford.

Brantford, Aug. 24.—Local authorities have received reports that Taggart, the escaped murderer from the Hamilton Asylum, has been seen in the vicinity of Jerseyville.

A man answering Taggart's description also camped along Fairchild's Creek.

Cocaine Seller Caught.

Montreal, Aug. 24.—After months of work the police have trapped a druggist in the open sale of cocaine. They arrested on Sunday two boys who had cocaine on them. They gave the name of the druggist.

A clambake for Uncle Sam's sailors with the fleet in Newport Harbor was enjoyed by 4,000, who paid no heed to pouring rain.

Government statistics furnish ample evidence that local option and reduction of licenses does not curtail drunkenness. Why not advocate the drinking Of Regal Lager and promote true temperance.

Doubly secure is claimed to be a new safety pin patented by an Illinois man, which has two points, one each side of a central bar.

TEA FOR THE GUARD.

The Festivities Were Conducted on Strict Military Lines.

While looking for pirates along the Chinese coast, Admiral John Moresby encountered some strange adventures and some that were ludicrous. One of his experiences he describes in "Two Admirals."

When visiting the mandarin of Tien Pach, he with his blue button, robes and attendants, I with our paymaster, gunner and a guard of ten marines and a sergeant, tea was offered to us and accepted as a matter of course. Then, in an access of politeness, the attendant proceeded with the tea to the guard, stiffly drawn up in the courtyard, the men with rifles shouldered.

The sergeant looked round distractedly for guidance; he had no precedent for a tea party on duty. The men stared with cool contempt at the spoonful of acid tea.

Fearing lest a refusal might be an affront, I hastily said, "Sergeant, let the men take it."

He looked at me for an instant with a long, horrified look of remonstrance; then, stepping to the front as if drilling, he gave the word:

"Order arms! Ground arms! Take the cups! Drink the tea!"

Like Wordsworth's "forty feeding like one," they grasped the cups and with a single gesture emptied them down their throats.

Next came the stately commands: "Return the cup! Take up arms! Shoulder arms!"

It was done. The sergeant was himself again; he felt he had been equal to the occasion, and I stifled my unseasonable laughter in a cough and a handkerchief.

GENERAL HAMILTON.

Many Good Stories Are Told of Lord Kitchener's Successor.

Some good stories are being told of General Sir Ian Hamilton, who was recently appointed to the post of inspector-general of the Mediterranean forces to succeed Lord Kitchener. Here is one of them:

In the late Boer war one of the columns, half regular, under General Ian Hamilton, became so notorious for looting that the soldiers were nicknamed "the Thousand Thieves." Consequently General Hamilton reviewed them one day in a small village near Bloemfontein for the purpose of warning them against any future depredations. The column had just drawn up and was waiting for the general to begin the review when a ragged rooster ran out from a hut and across the front of the line. Suddenly a private left the line and ran after the rooster.

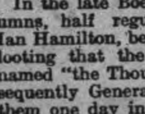
"Halt!" shouted Hamilton.

The soldier ran on. He soon overtook the rooster and turned back, wringing the neck of the fowl. As he passed the general he noted the fierce scowl on his face. The soldier was not easily daunted, but this time he temporized. Throwing the defunct rooster at the feet of the general, he said, "There now; I'll tache ye t' halt whin the gineral says so."

At which the column roared with laughter, and even the general smiled, and the soldier got only two days' imprisonment.

The leader of a starvation sect died of fasting in Los Angeles, Cal.

A woman was shot and many men were injured in a riot between strikers and special police and refinery employees in Williamsburg, N. Y.



Wood's Phosphodine,

THE SAND BATH.

Newest Fad of the Modish Beauties of the French Capital.

The sand bath is apparently one of the newest crazes of the modish beauty of Paris. The sand bath is supposed to promote good looks, and of course it is somewhat expensive.

The sand must be brought straight from the seashore after having been freed from all impurities in the shape of shells, seaweed, etc. It must then be thoroughly heated and poured in a great pile on to a large, thick blanket placed on the floor.

In the hot sand madam moves to and fro and is vigorously rubbed with handfuls of sand by a skilled masseuse, the treatment proceeding until a rosy glow is produced. Rolling in the sand is particularly encouraged, as this exercise is said to reduce the hips. After this tiring process the sand bather lies in the sand covered with a warm blanket and rests while her attendant prepares the second part of the bath.

This at first is rather painful, for the bather stands while the sand is blown from a sprayer against the body. Then a soft brush is used to remove the sand, a soothing cream is well massaged into the skin, and the bather is left to sleep off the fatigue of her bath.

Should the satin-like skin of her face suffer from the unwonted friction she dons a mask made of chamois leather at night, first thoroughly cleansing the skin and covering it with a specially prepared cream. Great attention is paid to diet, and several hours a day must be devoted to walking, which is most healthful.—Paris Letter in Philadelphia Record.

SOME GEOGRAPHY.

An English View of Your Uncle Sam's "Paralyzing Solitudes."

People who are acquainted with the "paralyzing solitudes" of Iowa and Nebraska, says the Chicago News, may be interested in the St. James' Budget's description of Weston's last long walk. The Budget is published in London. It says: "Imagine the awful, soul depressing solitudes through which he has passed. In vast tracts of Nevada no bird sings, no plant grows. For hundreds of miles there is not a tree or a house. The walker's only companions are skeletons of animals devoured by jackals and coyotes; 'simple immensity of reddish sand,' as Senor Scarfoglio described it. The crossing of the Rockies provides more variety, but scarcely more exhilarating conditions for the pedestrian. The road too often is a mere mule path, rough backed and subject to cataracts of stones.

"From the Rockies Weston would descend into Nebraska and its colossal sea of grass, hypnotizing in its immensity. By and by the terrific wastes are sparsely sprinkled with windmills and herds of horses as Iowa is entered, but still there are endless, hopelessly flat, barren fields, most melancholy, most miserable.

"Such are the concomitants of a walk through the western states of America. Through these paralyzing solitudes Weston kept up forty-five miles a day."

Public Opinion In China.

At the present moment there is hardly a newspaper worthy of the name in China which is not owned or subsidized by the mandarins, and the result, as shown in their columns, is that outspoken criticism of two years ago is generally replaced by a spirit of comfortable acquiescence in the established order of things. This change, slowly and secretly brought about by methods which testify to a considerable amount of intelligent organization in the official class, would not have been so readily possible were it not for the arbitrary postal and registration regulations introduced under the authority of the central government.—London Times.

Causes of Appendicitis.

An unusual number of deaths of prominent persons in England from appendicitis recently has set the London papers to discussing the causes of the disease. One surgeon, quoted by the Chronicle, says: "It has been said that appendicitis is often brought on by the use of toothbrushes, hairs from the brush lodging in the system. In the same way the pits of fruit have been spoken of as a cause of the disease. All I can say is that it is very rare to find any of these things in the appendix, and the most important factor in bringing on appendicitis is undoubtedly indigestion and certain other familiar disorders."

Big Libraries.

In the matter of numbers the Bibliotheque Nationale of Paris is generally accounted the first library in the world, with over 3,000,000 volumes. The British museum stands second with 2,000,000, and the Imperial library of St. Petersburg has about 1,500,000, which also are the figures to be assigned to the library of congress at Washington. The New York Public library, according to some authorities, is in the same class as the big library at the national capital, and there are several libraries in the United States that display on their shelves more than 500,000 volumes.—Harper's.

An Inhuman Command.

An Albanian noble in the Turkish army recently went over to the rebels, but was made prisoner and was condemned to be shot. His son was told off as one of the firing party, and, although he appealed against the order, he was forced to fire with the others. It was noticed that he shot into the air, and, being arrested, he hanged himself in his cell.

A lawyer was appointed receiver of a "beauty shop" in New York whose owners had disagreeed.

THE MARKETS.

New York Dairy Market.

NEW YORK, Aug. 23.—Butter, firm; receipts, 14,071; creamery specials, 31½c; extras, 30½c; third to first, 24½c to 29½c.

Cheese—Firm, unchanged; receipts, 8340.

Eggs—Firmer; receipts, 17,797. State, Pennsylvania and nearby hennery, white, 28c to 32c; do. gathered white, 25c to 28c; do., hennery, brown, 27c to 29c; do., gathered, brown, 25c to 27c; fresh gathered, extra first, 24c to 25c; first, 22c to 28c; seconds, 20c to 21c.

CATTLE MARKETS.

Are Steady With Prices Unchanged—Hogs Active and Higher.

NEW YORK, Aug. 23.—London and Liverpool cables quote American cattle at 12¾c to 14¼c per pound, dressed weight; refrigerator beef steady, at 10⅝c, to 11¼c per pound.

Toronto Live Stock.

TORONTO, Aug. 23.—The railways reported 66 carloads of live stock at the City Market, consisting of 1267 cattle, 515 hogs, 1394 sheep and lambs, 150 calves and 3 horses.

Butchers.

Prime picked lots of butchers are worth from $5.75 to $6; loads of good, $5.50 to $5.75; medium, $4.90 to $5.25; common, $4 to $4.75; cows, $3 to $5.25.

Feeders.

Few feeders were on sale and all offered were readily taken at following prices: Steers, 900 to 1000 lbs. each, at $5 to $5.15; steers, 800 to 900 lbs. each, at $4.50 to $5; stockers, 600 to 750 lbs. each, at $3.75 to $4.25.

Milkers and Springers.

Receipts of milkers and springers were limited. The market was as strong as ever for good to choice cows. Prices ranged from $40 to $65 each as a rule, but odd extra good cows sold at $70 each.

Veal Calves.

Prices were, if anything, a trifle firmer for veal calves, which sold at $3.50 to $7.50 per cwt., and a few extra quality $8 per cwt.

Sheep and Lambs.

Receipts moderate, prices firm as follows: Ewes, light, $4 to $4.50; heavy ewes, $3.50 to $4; rams, $3 to $3.50 per cwt.; lambs, $6.50 to $7, and a few selected lots sold at $7.10 to $7.20 per cwt.

Hogs.

Receipts light, prices firm at $8.75 to $8.80 fed and watered at market, and $8.50 to $8.55 to drovers for hogs f.o.b. cars at country points.

East Buffalo Cattle Market.

EAST BUFFALO, Aug. 23.—Cattle—Receipts 100 head, firm; prices, unchanged.

Veals—Receipts, 25 head; active and steady, $6.75 to $10.25.

Hogs—Receipts, 650 head; active, 10c to 25c higher; heavy, $9.30 to $9.35; mixed, $9.35 to $9.45; yorkers, $9.50 to $9.75; pigs, $9.70 to $9.75; roughs, $7.60 to $7.85; stags, $6 to $7; dairies, $9 to $9.60.

Sheep and Lambs—Receipts, 400 head; sheep, active and steady; lambs, slow, 25c lower; lambs, $4.25 to $6.40.

New York Live Stock.

NEW YORK, Aug. 23.—Beeves—Receipts, 279; feeling firm; dressed beef, firm, at 8½c to 12c for native sides; Texan beef, 7c to 9c; Liverpool and London cattle lower, at 12½c to 15c, dressed weight; refrigerator beef, 11c.

Calves—Receipts, 440; veals, steady, western, $9.75; buttermilks, nominal; dressed calves, firm to higher; city dressed veals, 14c to 17c; country dressed calves, 9c to 14½c.

Sheep and Lambs—Receipts, 3921; sheep, steady, at $3 to $4.50; culls, $2 to $2.50; lambs, firm to 15c higher, at $5.50 to $7.25; culls, $5.25.

Hogs—Receipts, 2034; nominally firm.

Chicago Live Stock.

CHICAGO, Aug. 23.—Cattle—Receipts 7000; market steady; beeves, $4.85 to $8.50; Texas steers, $3.70 to $5.85; western steers, $4 to $7; stockers and feeders, $4.10 to $6.25; cows and heifers, $2 to $6.60; calves, $6.50 to $8.75.

Hogs—Receipts 13,000; market 10c higher; light, $8.75 to $9.25; mixed, $8.25 to $9.10; heavy, $7.95 to $8.85; roughs, $7.95 to $8.15; good to choice heavy, $8.15 to $8.85; pigs, $8.80 to $9.25; bulk of sales, $8.40 to $8.70.

Sheep—Receipts 20,000; market strong; natives, $2.50 to $4.50; western, $2.75 to $4.50; yearlings, $4.50 to $5.60; lambs, native, $4.75 to $6.85; western, $4.75 to $6.85.

CAMPBELLFORD, Aug. 23.—Cheese boarded to-day, all white, and all sold at 10⅝c.

King George Postage Stamps.

Ottawa, Aug. 24.—It is understood that while in London, en route to South Africa, Hon. Rodolphe Lemieux will confer with the British postal authorities in reference to the new issue of postage stamps necessitated by the accession of King George V. No date has yet been fixed for the issuance of the new stamps, but it is believed that an agreement will be reached by which new stamps will be issued simultaneously in the United Kingdom and the dominions and dependencies, probably in June next, the coronation month.

Cost of New Welland Canal.

Ottawa, Aug. 24.—A report is expected to be ready for the forthcoming session on the cost of the projected new route of the Welland Canal.

A rough estimate places the cost at $50,000,000. This would provide a 21-foot waterway. It is pointed out, however, that would be only the beginning. In connection with the scheme it would also be necessary to deepen the St. Lawrence canals.

Canucks' Low Tender.

Albany, N.Y., Aug. 24.—Bids were received yesterday for one of the most important contracts on the barge canal, involving the reconstruction of the locks at Lockport, N.Y. The lowest bidder was Larkin & Sangster of St. Catharines, Ont. The bid was $1,149,402, as against the state engineer's estimate for the work of $1,290,880. There were four other bidders.

Pennsylvania will get $500,000 this year from the federal fund to aid State troops.

HE STAKED HIS ALL AND LOST IT

Vienna, Aug. 23.—One of the most extraordinary cases of suicide known in recent years took place at some well known race stables near here to-day.

The victim was Lieutenant Karl Goldschmidt, an officer in an Austrian Hussar regiment, and well known in racing circles as a gentleman rider.

For sometime it has been known that Lieutenant Goldschmidt's financial position was practically desperate, and he was suspected of plunging heavily on resources with the object of restoring his fortunes. That he was only growing more deeply involved is now known for certain, but it was thought recently that he had tided over the worst. Evidently he was reduced to one final desperate effort, and this he put into operation yesterday—and lost.

All his remaining fortune he put on a horse running at Kottingbrunn races. Had it won he would have been re-established. But what if it lost—?

This possibility he had not forgotten and he made the most elaborate preparations for suicide. He bought an anatomical diagram of the human body in order to find the exact position of the heart. This diagram he studied carefully before a mirror, and marked the position of his own heart by its aid.

The race started and the unhappy lieutenant followed it with obvious anxiety and intense excitement. Gradually he saw to his horror that his horse was outmatched, but he still watched in the hope that it would possibly pull off the race at last. But all his hopes were doomed to disappointment, and when there was no longer the least doubt that his horse was beaten, he turned hurriedly from the course and entered a motor car.

Driving home at a terrific pace he sprang from the car, ran to his bedroom and undressed before a mirror. Then taking a last look at the anatomical chart, and again fixing the exact position of his heart, he shot himself dead.

When he was found lying before the mirror the chart was at his side.

RESULTS OF CO-OPERATIVE EXPERIMENT WITH AUTUMN SOWN CROPS

Four hundred and thirty-eight farmers throughout Ontario conducted experiments with autumn sown crops during the past year.

Winter Wheat. Four varieties of winter wheat were distributed last autumn to those farmers who wished to test some of the leading varieties on their own farms. The average yields per acre of straw and of grain are as follows: American Wonder, 2.3 tons, 31.0 bus.; Tasmania Red, 2.4 tons, 28.3 bus.; Imperial Amber, 2.4 tons, 26.4 bus.; Crimean Red, 2.3 tons, 26.4 bus.

The American Wonder resembles very closely the Dawson's Golden Chaff, both in appearance of the growing crop and in the quality and the appearance of the grain. The Tasmania Red is a bearded, red chaffed, red grained wheat. The straw is somewhat weak, but the grain is of excellent milling quality. The Imperial Amber is a bearded, red chaffed, red grained wheat of fair strength of straw and of good average quality for bread production. The Crimean Red is a bearded, white chaffed, red grained wheat, rather weak in the straw, but excellent for bread production.

Winter Rye. Three varieties of winter rye were distributed in the autumn of 1909. The results show that the Mammouth White variety came at the head of the list in yield per acre in sixty-six per cent. of the experiments. The Washington came second, slightly surpassing the Common variety. In the experiments throughout Ontario, the Mammoth White surpassed the Common rye by an average of 5 bushels per acre in 1907, 5.4 bushels per acre in 1908, and 6 buhels per acre in 1909.

Fertilizers with Winter Wheat. In the co-operative experiments with different fertilizers applied in the autumn to winter wheat, the average yield of grain per acre for six years are as follows: Mixed Fertilizer, 24.9 bus.; Nitrate of Soda, 24.1 bus.; Muriate of Potash, 23.1 bus.; and Superphosphate, 22.6 bus. On similar land cow manure, at the rate of 20 tons per acre, gave an average yield of 27 bus. per acre and the land which received neither fertilizers nor manure gave an average of 20 bushels per acre. The Superphosphate was applied at the rate of 320 pounds, and the Muriate of Potash and the Nitrate of Soda each 160 pounds per acre. The Mixed Fertilizer consisted of one-third of the quality of each of the other three fertilizers here mentioned. The usual cost of the fertilizers, as used in this experiment, is between four and five dollars per acre.

Fodder Crops. In each of seven years, the seed of Hairy Vetches and of Winter Rye has been distributed throughout Ontario for co-operative experiments in testing these crops for fodder purposes. In the average of seven years' experiments, the Hairy Vetches produced slightly the largest yield of green fodder per acre. The difference in 1910, however, was about 2-3 of a ton per acre in favor of the Winter Rye.

Distribution of Material for Experiments in 1910. As long as the supply lasts, material wil be distributed free of charge in the order in which the applications are received from Ontario farmers wishing to experiment and to report the results of any of the following tests: 1, three varieties of Winter Wheat; 2, two varieties of Winter Rye; 3, five Fertilizers with Winter Wheat; 4, Autumn and Spring Applications of Nitrate of Soda and Common Salt with Winter Wheat 5; Winter Emmer and Winter Barley; 6, Hairy Vetches and Winter Rye as Fodder Crops. The size of each lot is to be one rod wide by two rods long. Material for numbers 3 and 4 will be sent by express, and that for the others by mail.

C. A. ZAVITZ.

WHAT'S GOING ON AT KEENE

Improvements—Fair Notes—Many Coming and Going

Special to the Review.

Keene, Aug. 22.—The many friends of Mr. Percy Pue, formerly of this village, but who has latterly resided in Toronto, will be interested to learn that he has been successful in securing a place in the Quen's Own Regiment that is to go to Aldershot, and is now on his way to the old country.

Messrs. Roland Weir and Duncan McGregor took in the Cobourg Horse Show last week.

Mr. and Mrs. Doherty, Asphodel, visited friends in Otonabee Sunday.

Master George Read is the guest of his aunt, Miss Bessie Read.

Mr. and Mrs. William Cameron, Asphodel, spent Sunday in Keene.

Mrs. Collins, Chicago, is visiting friends in Omemee.

Mr. Walter Lyons, who has been the guest of Mr. James Dickson, returned to Toronto last week.

Mrs. Baker, Pensylvania, is visiting her mother, Mrs. Anderson.

Miss Stella Ray, Peterborough, is the guest of her aunt, Mrs. J. H. Taylor.

Messrs. F. A. Eason and Michael O'Keefe attended Cobourg Horse Show Thursday.

Miss Morris Lanark is a guest at the home of her aunt, Mrs. John McFarlane.

Mr. and Mrs. Frank Thompson, of Belleville, were the guests of Mr. and Mrs. Robert Humphries, Lang, Wednesday.

Miss Margaret Bryce attended Cobourg Horse Show last week.

Master Robert Gordon is the guest of his grandparents, Mrs. and Rev. W. Johnstone.

Miss Jones, Hamilton, who has been visiting her aunt, Mrs. Donald McFarlane, returned home Saturday.

Miss Morgan, Peterborough, is visiting her cousin, Miss Kate Macfarlane.

Mr. and Mrs. Pratt, Peterborough, are the guests of Mrs. John Drummond.

Miss Reid, who has been visiting Miss Mary Gall, returned to her home in Madoc last week.

Miss Susie Campbell, Peterborough, is the guest of Miss Bessie Read.

Mr. Stanley Mathers, who has been visiting relatives in Otonabee, returned to Toronto last week.

Mrs. and Rev. D. D. Macdonald and Miss Jean Macdonald, who have been spending their holidays in Toronto, returned home last week.

Mrs. King, Detroit, is spending the week in Keene.

Miss Belle Weir visited friends in Cobourg last week.

Mr. A. St. A. Smith returned on Thursday from spending a fortnight's holiday in Quebec. Mr. Smith's sons, Harry and Harold, who accompanied him on his trip, are remaining in Quebec till the end of the month.

Miss Leona Mathers, Toronto, is visiting relatives in Otonabee.

A party of Cobourg people are camping at Rack Island.

Mr. Bert McIntyre has purchased a new threshing engine and cleaner and will run two outfits this season.

Mr. Lowe Gall returned Tuesday from a visit to Havelock.

Mr. John Dickson, Toronto, spent a few days recently visiting his brother, Mr. James Dickson.

—Prof. Henry Montgomery, of Toronto University; Mr. Clarence Montgomery and Miss Mersey, Toronto, who have been the guests of Mr. Jas. Ashburn, at Oak Lodge, returned to Toronto Monday.

Miss Elizabeth Miller is visiting friends in Westwood.

Mrs. Richard Birdsall was the guest of Mrs. (Dr.) W. T. Harrison, Tuesday

Rev. Mr. Gall and Miss Lucy Gall, Havelock, are the guests of Mr. Gall's mother, Mrs. Thomas Gall.

Mr. Vanstone, who has been acting manager of the local branch of the Bank of Toronto, in Mr. Smith's absence, left Thursday for Walkerville.

Miss Lillie Wedlock has secured a position in Messrs. Anderson & Skinner's store, and commenced duties Monday.

Master Willie Read, Peterborough, is the guest of his aunt, Mrs. J. R. McIntyre.

Mr. and Mrs. Archie Weir, Peterborough, have returned home from visiting friends in Keene.

Mr. Thomas Wedlock, Toronto, has returned home after spending his holidays in Keene.

Mr. and Mrs. Kruger, Peterborough, are the guests of Mr. and Mrs. Wm. Miller.

Mrs. Sluggett and Miss Helen Sluggett, who have been the guests of Mrs. Robert Humphries, returned to Warkworth Wednesday.

Mr. Fleury, Lindsay, is the guest of Mr. James Foley.

Mr. and Mrs. James Fowler, Miss Laura Duncan and Mr. Allan Wilson, Peterborough, were the guests of Mrs. Fred Eason, Sunday.

Mr. Frank Armstrong, who has been visiting friends in Keene, has returned to his home in Keewatin.

Miss Courtenay, Toronto, who has been the guest of Miss Lizzie Fife, returned home last week.

Mr. Jay Cummings, who has been visiting in Keene, left for his home in Chicago last week.

Mr. Sharpe is the guest of his father-in-law, Dr. W. T. Harrison.

A party of young people from Hastings are camping at Sandy Point.

Mrs. Reesor, Toronto, is the guest of her parents, Mr. and Mrs. R. A. Eason.

IMPROVEMENTS.

The village Improvement Society are asking for tenders for the taking up of the old drain and putting in of a new drain of larger tile on High streeet. This change will be appreciated by the residents on the east side of that street, as the present tile drain is too small to carry off the flood caused by a heavy rain or by the spring thaw, and each time the tile was unable to carry off the water it backed into their cellars.

SCARCITY OF TEACHERS.

A couple of local schools are suffering from the scarcity of teachers. Although school should have started a week ago Monday neither Providence or Lang schools have opened yet as they are unable to secure teachers.

A WINNER.

Mr. Christopher Howson has been fortunate in winning the first prize in the Peterborough Agricultural Society's field crop competition for a field of oats, scoring 91 1-2 points and winning fifteen dollars.

FAIR NOTES.

The Otonabee Agricultural Society has not as yet issued their prize list, but it is likely that it will be received from the press in the course of a few days, when it will be distributed among the members of the society. The fair will be held October 4th and 5th, first Tuesday and Wednesday in October. The financial state of the society, which has improved greatly in the last few years, is enabling them to offer better prizes each year, with a consequent larger list of entries, better exhibits and larger attendance, so that one who has not attended Keene fair for a few years would be surprised to see the improvement in every department that has been effected.

AN EXPLANATION.

With regard to the mix-up that occurred in the Otonabee Agricultural Society's field crop competition award, Mr. A. Shearer, the secretary of the society, has received the following letter from the Department of Agriculture;—

Mr. Andrew Shearer, Secretary Otonabee Agricultural Society, Keene. Ont.

Dear Sir,—Mr. Casselman has forwarded us your letter of August 12th inst. There has been no mistake as far as this department is concerned. According to Mr. Casselman's score card the list of winners is in exact accord with those sent you. It is rather remarkable that he should find three fields all scoring exactly the same, but it seems Mr. Casselman found them as stated. The best we can do for you is send you the thirty dollars, and your directors can arrange the matter as they see fit.

Yours faithfully,

J. LOCKIE WILSON.

It is likely that the society will divide the total amount of the third, fourth and fifth prizes equally among the three contestants who took third place, all three scoring equal points, and those whose names appear as taking fourth and fifth places will receive no prize money.

HALL'S GLEN

Special to the Review.

Hall's Glen, Aug. 22.—Miss Ethel Murdiff, of Lakefield, is visiting friends here.

Mrs. Wm. Carveth is busy with sewing every day.

Messrs. W. Carveth and Alex. Darling completed the job of shingling a machine shed for Mr. Wm. Carveth. They are the only two carpenters left in our village at present and so they take a large run.

Master Gordon was ill last week, but is getting over it nicely.

A concert was given in the church on Aug. 19th inst., under the auspices of Zion choir, for the purpose of furnishing more suitable equipment.

Messrs. W. Dra.n and M. Mellmoil, two well diggers, are operating on two wells for Mr. Wm. Carveth, they are using strong explosives in order to sink through the solid rock.

Music practices are the order of the evenings at present.

Misses L. Carveth and B. Crowe are preparing for a warm contest in selling a cake at the concert. Good luck to both.

Miss Ella Outram, of Peterborough, is visiting friends here.

Mr. and Mrs. Cephus Payne, of Warsaw, spent Sunday at the home of the latter.

Mr. A. Carveth was in the village on business last week.

Mr. and Mrs. Northey, of Lakefield, are visiting Mr. and Mrs. H. Little, of this place.

Messrs. Jos. and Geo. Madill are visiting Mrs. M. E. Crowe at present.

The fright of the past hail storm has gone by. A few farmers here suffered heavy loss. One of the church sheds was completely overturned.

Mr. Wm. Fatten made a very acceptable and liberal contribution to Zion choir last week by handing them a cheque for $5, which was gladly received, wishing our agent continued success in his business.

HALL'S BRIDGE

(Special to the Review.)

Plenty of rain now. Everybody glad to see it coming.

Mr. and Mrs. Frank Pearson left this morning for a month's visit to Arkola, Saskatchewan.

Miss Edith Fulton has returned after spending a week at Lakehurst.

Miss E. Croft spent a few days at Lakehurst last week.

Miss Gladys Pearson is ill at present. We wish her a speedy recovery.

The Maid-a-vale is unable to make its daily trip, owing to accident which occured last Thursday. The "Evelyn" is taking its place.

Miss N. Scott has returned to her home after spending a few days at Buckhorn.

HAVELOCK HAPPENINGS

Funeral—Inquests on Operation—Building Permits

Special to the Review.

Havelock, Aug. 23.—The funeral of Mr. Allan Elmhurst, the Belmont farmer, who was killed by a kick from a horse on Thursday last, took place from the family residence on Saturday, Aug. 20th, to the Norwood cemetery. The funeral was very largely attended, showing the esteem in which the deceased was held. He leaves to mourn his loss a wife and five small children, to whom the sympathy of the citizens of Havelock and Belmont is extended.

Wednesday last, Aug. 17th, was pay day for the local employees of the C.P.R.

EXCURSION.

A large number from town attended the two day excursion of Havelock Lodge, A.F. & A.M. to Lindsay on the 32rd and 24th inst. The excursionists were taken to Peterborough by train and completed the journey on the steamer "Otonabee."

Mr. John Sceney has commenced the erection of a house on the property where his old residence was destroyed by fire.

INQUEST.

At the inquest in the town hall on Monday afternoon before Coroner Kindred, of town, into the death of Mr. Allan Elmhurst, whose death took place on Thursday last, the jury empanelled brought in the following verdict:—"That the deceased, Allan Elmhurst, came to his death in an unknown manner, but presumably from a kick from a horse or a severe fall on some object."

The companions of Elmhust on the night of the accident, as well as others who had seen him before the fatality, were examined by Crown Attorney Wood, of Peterborough. The evidence of Dr. J. Holdcroft and Dr. Hambly, who performed the post-mortem, was taken showing that death was caused by the breaking of the cartlidge of the windpipe.

It appears that Elmhurst and his two companions were returning home from a fishing expedition, and when south of Marmora the horse kicked and dashing to one side of the road, threw the rig to the ground. Elmhurst was either injured by the fall or by the horse kicking him, and passed away in about 20 minutes.

PURCHASED HOUSE.

Mr. C. H. Brewster has moved into the house on King street that he recently purchased from Mr. T. Hubble.

AN OPERATION.

Mr. A. E. Oldrey has an operation performed on his leg on Monday morning, but is doing nicely.

PERSONALS.

Mr. Arthur Gabriel, of Toronto, spent Sunday with friends in town.

Miss Stella McWilliams, of Marmora, was the guest of Miss M. McWilliams on Sunday and Monday.

Miss Myrtle Murphy, who has been visiting in town, has returned to West Toronto.

Mr. T. P. Lancaster and Miss Eva Lancaster are the guests of Mrs. Holdcroft at Koshe Lake.

Mrs. H. Walton is visiting her relatives in Toronto

Mr. and Mrs. John Toman, sr., are visiting with friends in West Toronto.

Miss Mae DeFerall, who has been the guest of her aunt, Mrs. D. Hicks, has returned to her home in Toronto.

Miss Bertha Bryans has returned from visiting friends in Omemee.

Mrs. Jones and Miss Jones, of Smith's Falls, are the guests of the latter's sister, Mrs. John Toman, jr.

Miss Mary Foley was in Peterborough on Tuesday.

Mr. Sheldon, of the Randolph McDonald Construction Co., is on a trip to New York.

Mrs. Ed. McMullen, who has been visiting in town, has returned to West Toronto.

Mr. Ernest Bennet left on Monday for a trip to Western Canada.

Mr. and Mrs. Wm. Christie and children, of Toronto, who have been camping at Trent Bridge, have returned home.

Mr. James Fowler was in Peterborough on Tuesday.

Dr. J. Holdcroft is on a visit to Colborne.

Mr. and Mrs. Soanes, of Peterborough, are the guests of the latter's parents, Mr. and Mrs. Browning.

Miss Shipman, of Toronto, is the guest of the Misses Haig.

Mr. and Mrs. D. G. Barnes, of West Toronto, are the guests of Mr. and Mrs. James Fowler.

Mr. John Christie, of Toronto, spent the week end at Trent River.

Mr. McKee, of Peterborough, was in town on Sunday.

Miss Rosie Weese, who has been visiting at her home here, has returned to Toronto.

Miss Margaret Major left on Monday for Toronto.

Mr. McCarthy, who has been camping at Oak Lake, has returned to Toronto.

Miss Edith Scott has been engaged as book-keeper by J. L. Squires.

Mr. James Thompson, M.P.P., was in Peterborough on Saturday last.

Mr. McIntosh who has been visiting at Trent Bridge, left on Monday for Tavistock.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. Reutrn tickets at single fare will be issued via Grand Trunk Railway System from all stations in Canada, west of Cornwall and Ottawa, good going August 27th to September 10th inclusive. Return limit September 13th, 1910. Special low rates will also be in effect on certain days.

Full particulars and tickets from any Grand Trunk agent.

The Democratic State Committee in session at Saratoga Springs, N.Y., voted to hold the state convention at Rochester on September 29.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

OVER 200 PERISHED

Fear Expressed For Safety of a Ranger and 74 Men—Only One Woman Among Dead.

Wallace, Idaho, Aug. 25.—Forest fires have slain more than 200 persons, nearly all fire-fighters, in Idaho, according to figures compiled last night from latest reports.

Supt. Weigel of the Cour d'Alene National Forest, after receiving many reports of disaster from various parties of his 600 employes, posted a bulletin last night in his office at Wallace, announcing the death of 111 of the men. He also expressed grave concern for the safety of Ranger J. B. Palm and 74 men, who were surrounded by fire Saturday night in the forest on the Big Fork of the Cour d'Alene River, near where another party lost 18 men.

Palm was for four years the best football and baseball played of the Washington State College at Pullman.

The charred bodies of 20 fire-fighters were found Tuesday on Setzer Creek, in the St. Joe country.

Two severely scorched Japanese dragged themselves to Avery, Idaho, Tuesday night, and told of the death of ten of their companions. The 12 men, employes of the Chicago, Milwaukee and Puget Sound Railroad had gone out to fight fires. They were surrounded by flames and only two escaped.

The number of deaths in Washington was yesterday reduced to three, all in the Pend d'Oreille Valley, near Newport. One of these victims, Mrs. Ernest Reinhardt, wife of a rancher, is the only woman known to have been burned to death in any of the fires.

The names of many of the dead will never be known. The rangers employed all the men whom they could press into the service. When the groups of fire-fighters were overwhelmed the camps were also destroyed, the clothes were burned off the bodies of the men and the bodies were so greatly charred that searchers stepped over them, thinking they were burned logs.

HAS GIVEN UP MILK CHARITY

New York, Aug. 25.—A cable message, received in New York last night, from Nathan Strauss, the millionaire philanthropist, announces that next year he will abandon his distribution of pasteurized milk in New York City because of opposition in certain quarters.

Mr. Strauss is now in Boston, where he recently opened a milk depot similar to those in New York. He has maintained 17 stations in New York City, selling pasteurized milk by the glass at one cent, besides giving free bottle milk for needy babies.

Scientists are divided on the value of the pasteurized product, and Mr. Strauss has met with much opposition from the more radical of those who do not share his views.

TRADE WITH SOUTH AFRICA

Ottawa, Aug. 25.—J. A. Chesley, Canadian trade commissioner to South Africa, reports that an examination of the trade returns for the year shows a gratifying advance in the importation of Canadian products, especially of the staple commodities of the country, in which Canadian exporters and manufacturers are principally concerned.

Canada and Tariffs.

London, Aug. 25.—The secretary of the Free Trade Union, just returned from Canada, states that the movement against tariffs is gaining force every day. The movement is in the hands of men who are trained economists, and able to point out the real cause for the decline of the purchasing power of wages.

WILL TAKE CARE OF THEMSELVES

Montreal, Aug. 25.—The six orphans left without friends when their father, John O'Keefe, killed their mother and then put a bullet into his own head a week ago, have started the battle of life alone.

The offer of Archbishop Bruchesi to take charge of them was refused, as Winnifred, 15 years of age, the eldest had made arrangements for the care of her brothers and sisters before the offer came. She is going to work and will support the youngest herself Three others were taken in by neighbors, who will give them a home, and one has gone to a Quebec farm.

CALLING OFF LONG STRIKE

Pittsburg, Pa., Aug. 25.—President P. J. McArdle of the Amalgamated Association of Iron, Steel, and Tin Workers, announces that the strike against the U. S. Steel Corporation will be ended Saturday. The strike has been on for 19 months and 17,000 men are affected. Plants in Ohio, Pennsylvania and Indiana have been shut down because of the strike.

KEEPS HORSE IN STALL 17 YEARS

Cincinnati, O., Aug. 18.—City authorities yesterday investigated the home of Edward Flynn, 76 years old, a hermit, living at Terrace Park, near this city, and found a condition of affairs which leaves them at a loss how to act. Flynn for years has kept four horses as pets. One was born in a stall seventeen years ago and never has left it. The other three animals are between the ages of 27 and 33 years. None have ever been harnessed.

Rather than permit his horses to become beasts of beasts of burden Flynn has made twelve trips a day for two miles to bring food to his pets. Humane officers who visited the farm found the animals in excellent condition, but will demand that the horse that has been kept penned up during his lifetime be allowed to run at large. Flynn, in emphatic terms, resented the visit of the officers.

NO CLUE TO MURDERER

Kingston, N.Y., Aug. 25.—No trace had been found last night of the kidnapper and murderer of Peter Fabian, four years old, son of Frank Fabian, an Italian. The boy's body was found yesterday in an outhouse in the rear of his home, cut and strangled. He had been dead but a short time, although missing since last Friday.

Detectives were interested in the coincidence that an Italian clairvoyant, whom Fabian consulted in New York City on Tuesday, when he first became gravely alarmed, foretold that the boy would be found near his home.

There is great indignation among Italians in general, but no violence is feared.

GOVERNMENT STOPS MEETINGS

Madrid, Aug. 25.—Defeated in its plans for a monster pro-church demonstration at San Sebastian on Aug. 7 the Spanish clerical party is completing arrangements for a tremendous showing of strength throughout the entire country in September. Instead of one gigantic demonstration which, as in the case at San Sebastian, the Government showed it could prevent by seizing the means of transportation, hundreds of smaller meetings will be held.

Taggart In Belleville.

Belleville, Aug. 25.—A man believed to be Taggart, the escaped insane murderer, was in this city a couple of nights ago. The man called at a house on Foster avenue, where J. G. Davison lives, just after tea, and asked for something to eat. The daughter of the tenant compared him with a picture of Taggart, and notified the authorities, who declined to investigate.

BIG HATS WILL BE BIGGER--GEE!

Chicago, Aug. 25.—According to the National Association of Retail Milliners, which is holding its annual convention here, big hats are to be bigger and small hats smaller than ever before. There are to be no medium sized hats. Also, the more brilliant the coloring the more nearly to the ideal effect will the new hat conform.

New shades will include magnolia, a shade of orange; daualk, a coral red; pompeiian, a dead rose; herue, a light mahogany, and a cajou, a raisin color.

NAVY LIEUTENANT AN IMPOSTER

Portsmouth, N.H., Aug. 25.—Portsmouth and Boston navy yard men are alleged to have lent considerable sums of money this week for car fare to the nearest naval station, "and return," to a man who claimed to be a Canadian naval officer.

The return trip in each case was not made. The man, who gave the name of Lieut. Gill, announced that he was the advance representative of a Canadian commission, which was to inspect American navy yards.

Enquiries at Montreal brought the information by wire yesterday that the man was believed to be an imposter, and that there was no such commission as he claimed. The present whereabouts of the lieutenant is not known here.

ELECTROCUTED WHILE AT WORK

Cobalt, Aug. 25.—Albert Lefebvre, 38, a painter, was electrocuted while painting the transformer house at the Tretheway Mine about eight o'clock yesterday morning. The man was filling in a spare moment by painting the shed over the two big transformers which cut the voltage of the current from 11,000 to 550 volts. Although he had been warned that death lurked in the wires, he did not seem to realize his danger.

Death was instantaneous. The corpse was awfully burned and roasted when it finally dropped to the ground. Lefebvre leaves a widow and six children, the oldest of whom is fifteen.

HUGHES HITS BACK AT CRITICS REGARDING D.R.A.'s USEFULNESS

He Answers an Editorial Which Declared That Range Work Was Not Practical and Far-Reaching Enough Grenadiers of Toronto Win Walker Cup.

Ottawa, Aug. 25.—At the luncheon given by Col. Sam Hughes, president of the Dominion Rifle Association, yesterday, several speakers devoted considerable time to criticisms of a recent editorial article published here, which had contended "that the training at the ranges, while good in many ways, is not as practical and does not reach as many as it should."

Col. Hughes presided. At his right sat Hon. Col. Gibson, Lieutenant-Governor of Ontario and Lord Lanesborough, representing His Excellency the Governor-General; and to the left were Sir Frederick Borden, Minister of Militia, and Hon. Charles Murphy, Secretary of State. Among the sixty present were: Mayor Hopewell, Gen. McDonald, Col. Rutherford, Col. Brown, Col. Labelle, Col. Wilson, Col. McKay and many others.

Col. Hughes referring to the editorial hinted that, according to that article, the association had ceased to be useful. He emphatically denied this. As to an allegation there had been as to there being fads in connection with some rifle shooting matters, there had been fads in other directions. The war office had fads; everyone knew that it had always been addicted to fads. (Laughter.) Col. Hughes also hinted that perhaps the artillery branch of the service also had some.

Sir Frederick Borden also directed his guns on the writer of "the editorial in question," and devoted a quarter of an hour to him.

"It has been my desire to try and do something for the militia of Canada," Said Sir Frederick, "and much of any success that may have been attached has been due to my friend the president, and other men who have refused to let the bane of party politics enter into our militia system."

Sir Frederick said that, while the Governments spends annually around $150,000 for artillery practice, its annual vote for rifle practice for the D.R.A. is only $15,000, and $5,000 of that is used for sending the Canadian team to Bisley. He did not consider that extravagance.

The events yesterday at the Rockliffe ranges were the Walker and Dominion matches, in both of which there were over 500 entries, and competitions for several team cups. The first six in the Walker match are tied. They will shoot off probably to-day. This is a very unusual occurrence and indicates the closeness of this year's shooting at the D.R.A. The team cup contests resulted:

Walker—Cup and $30; 10th Royal Grenadiers, Toronto, score 189; 2nd prize, $24, 13th Royal Regt., Hamilton, 188. Next in order, G.G.F.G. (first team) 186; 1st P.W.F., 183; 6th, D.C.O.R.

Anson A. Gard Cup—1st, G.G.F.G., 1st team, 328; 2nd, 13th Royal Regt., 324. Next in order, 5th C.T.A., Victoria, 323; 3rd Victoria Rifles, 323.

Carron Cup and $20—1st, 95th Regt., Saskatchewan, score 600; 2nd and, $10, 26th, D.C.O.R., Vancouver, 591. Next in order, Okanagan Rifle Association, 589; 48th Highlanders, Toronto, 589; 91st Highlanders, Hamilton, 581.

Kirkpatrick Cup and $30—1st prize and $30, 13th Royal Regt., Hamilton, 575; G.G.F.G. (1st team) Ottawa, 575. Next in order, 48th Highlanders, Toronto, 559; 6th D.C.O.R., Vancouver, 558; G.G.F.G. (2nd team), 556.

Gillespie Challenge Cup and $20—Winner, G.G.F.G., 1,154; 2nd prize, $10, 13th Royal Regt., Hamilton, 1,140. Next in order: 6th D.C.O.R., Vancouver, 1,136; Royal Canadian Regt., 119; 10th Royal Grenadiers (team B), 1,116.

Individual Cup—Winner, Lt. F. H. Morris, 46th Regt., score 202.

137 prizes, value $746 and a cup; 900 yards, seven rounds at each range.

$15.50 each: Lt. Wm. Eastcott, 43rd D.C.O.R., 35; Capt. W. E. Forbes, 73rd 35; Lance-Corporal Manley, 90th, 35; Sergt. A. Martin, 103rd, 35. Lt. F. H. Morris, 46th, 35; Capt. J. Sclater, 6th D.C.O.R., 35.

LATE TICKS FROM WIRES

Rev. Ian Campbell, Bishop of Glasgow and Walloway, will attend the bicentenary of the Canadian church at Halifax.

The plant of the Huntsville Engine Works Co. was partly destroyed by a fire which originated in the moulding department.

A memorial tablet has been placed in St. Andrew's Church to the late John Bell, K.C., who died in Belleville in June, 1906. He was general counsel for the G.T.R., and for many years was an elder and trustee.

Representatives of the daily newspapers of the Maritime Provinces are meeting in Truro to consider the question of better telegraphic news service, and to move toward united action with the central and western associations of Canada.

The Petit Parisien's Rome correspondent says that the Duke of the Abruzzi and Miss Katherine Elkins have been engaged unofficially for more than two years with the approval of King Victor Emmanuel, who stipulated that the official announcement should not be made until the duke had attained the rank of rear admiral at the end of this year.

DR. OSLER TO INVESTIGATE

Washington, Aug. 28.—Dr. William Osler, the famous scientist of Baltimore and Oxford, was in Washington yesterday for the purpose, it is said, of investigating the cause of infantile paralysis, which is epidemic here, and in Ontario, Canada, particularly in Hamilton.

The Medical Association here has undertaken an extensive study of the infantile malady, which so far has baffled physicians of this country. The medical fraternity is divided on the elementary questions as to whether infantile paralysis is contagious or infectious.

POWERFUL CAR FERRIES FOR SALE

Windsor, Aug. 25.—Four big powerful car ferries, approximating $1,000,000 in value, for which the M.C.R. will have no further use in two months, when the tubes connecting Detroit and Windsor will be in use, are being offered for sale to railroads that ferry cars across the river.

Knights Visit the Pope.

Rome, Aug. 25.—Fifty Knights of Columbus were yesterday received by the Pope in the hall of the consistory. More than 100 other Americans were granted an audience at the same time. Rev. M. J. McGivney, of Middletown, Conn., national chaplain of the knights, led the delegation.

Halifax Gets C.N.R. In Winter.

Halifax, Aug. 25.—It is announced here that the Canadian Northern Royal Line steamers will make Halifax their winter port, with the first sailing from here on Dec. 7, for Bristol.

ENGINE COLLIDES WITH A FREIGHT

Orangeville, Aug. 25.—An Owen Sound freight train collided with a yard engine and two cars in the yards here about four o'clock yesterday morning. The yard engine was standing just about a switch from which she had come into the main track. The down freight got a little beyond the control of her crew, owing to the steep grade at this point, and could not be brought to a stop, although her speed was very much decreased. The engines telescoped, but the crews escaped injury by jumping. Three cars were completely derailed and one partially. The West Toronto auxiliary arrived about six o'clock.

INFANT HAS PARALYSIS

St. Catharines, Aug. 25.—That dreaded disease, infantile paralysis, has made its appearance in St. Catharines. A three-year-old child of a farm laborer living in the city was taken to the hospital Tuesday afternoon, suffering from the disease.

The parents were immigrants, who arrived from England two months ago. Another case has developed in a family who arrived in the spring from Scotland.

Yesterday morning the little daughter of a local druggist and an ex-alderman, showed symptoms of the ailment.

A.O.H. ELECT THEIR OFFICERS

Kingston, Aug. 25.—At the closing sessions of the provincial board of the Ancient Order of Hibernians, Hamilton was selected for next year's convention.

Officers were elected as follows: President, C. J. Foy, Perth; vice-president, John Nellingan, Hamilton; secretary, Allan J. Tobin, Ottawa; treasurer, N. J. Kennedy, Toronto; medical supervisor, A. W. Dwyer, Perth; solicitor, N. J. Gleason, Ottawa; chaplain, Rt. Rev. M. F. Fallon, London.

ZIEGFIELD TO BE HIGH FLYER

New York, Aug. 25.—Florenz Ziegfeld, jr., the theatrical manager, has joined the ranks of amateur aviators. When he returned here on board the Kronprinz Wilhelm of the North German Lloyd line, from a trip to Paris, he announced that he had purchased an Antoinette monoplane, selected for him by Hubert Latham, and that it would arrive here early next month on board a French line steamship.

Brookins' Latest Stunt.

New York, Aug. 25.—It took Walter Brookins just five and a half seconds to negotiate the smallest circle that man has ever traveled in midair at Ashbury Park. So abrupt was the swing around an imaginary pivot that other aviators who were on the field said that if anyone except Brookins attempted to make such turns—it would probably cost him his life.

WILL BE IN THE FIGHT

Roosevelt Will go to State Convention "Loaded for Bear."

Herkimer, N.Y., Aug. 25.—"Fight? All right, I like a fight."

That was the reply made by Col. Roosevelt yesterday when his attention was called to the statement made in New York Tuesday night by William Barnes, jr., leader of the "old guard" in the state, that he and his associates would welcome a fight at the state convention.

"So long as it is a fight that they expect," continued Roosevelt, "they'll have all the fight they want.

"I am only going to the New York State Convention because I feel that the public interest and the interest of the people of New York demand that the Republican party should be given a chance to stand squarely and uncompromisingly for clean, decent and honorable politics.

"I'm going to that convention to make a speech exactly as I originally planned it, and while I hope that there will be enough good honest men in attendance as delegates to prevent the overthrow of the principles for which I shall stand, yet, if a certain element does oppose them, then it is their own affair, and so far as I am concerned the issue shall be absolutely clear-cut."

OIL ENGINES ON WARSHIPS

London, Aug. 25.—The report that the Admiralty is contemplating experiments with warships fitted with internal combustion engines has excited great interest in the naval world.

No official confirmation of the report is obtainable, however, and all experts in naval construction who have been consulted agree that the development of such engines has not yet reached a stage that would justify their use for battleships, though both the British and German Governments are known to have been for a long time experimenting with the application of Diesel oil engines to small vessels, and the Hamburg-American Steamship Co. is having Blohm & Voss build a 9,000-ton cargo boat fitted with Diesel engines.

In the best informed quarters in Portsmouth it is stated that the Admiralty is trying to evolve an internal combustion engine of 10,000 horse-power, which, if successful, will be first tried on an unarmored cruiser.

NOT MUCH SMUGGLING

Ottawa, Aug. 25.—Dr. J. A. Smith, collector of customs at Windsor, is in the city on business with the Customs Department. He states that last year over four million people crossed from Detroit to Windsor. Questioned as to reports of smuggling, they were exaggerated. "Some of it may be going on which escapes detection," he said, "but it is of a petty character. In whatever there is, Canada gets the better of it."

Chief Thompson's Coming Honor.

Syracuse, N.Y., Aug. 25.—The International Association of Fire Chiefs gave up the entire day to watching exhibitions of fire apparatus and tests of automobile fire engines.

The election of officers will be held Friday. Chief John Thompson of Toronto, Ont., is expected to be elected president.

The chiefs are divided in opinion as to the use of automobile fire engines.

LONDON WOMAN DROPPED DEAD

London, Ont., Aug. 25.—Mrs. Emma L. Gunn, while dressing to attend a church conference, dropped dead in her room of heart failure. Arthur C. Gunn of Ottawa, and Walter C. Gunn, publisher of Canada West Magazine, formerly of The Toronto News, are sons.

Elevator Man Killed.

Port Arthur, Aug. 25.—William Smith, foreman of the annex at King's elevator, was killed yesterday as the result of his overalls being caught in the machinery. No one saw the accident. Smith was 35 years old and leaves a widow and two children.

Mrs. Cudahy Divorced.

Kansas City, Mo., Aug. 25.—As a sequel to John P. (Jack) Cudahy's attack with a knife on Jere S. Lillis, in the Cudahy residence, shortly after midnight of March 5, Mrs. Cudahy has obtained a divorce.

Wins Stenography Record.

Denver, Col., Aug. 25.—Clyde H. Marshall of Kingston, N.Y., with an average of 268 words a minute, yesterday won the national shorthand reporting championship and cup. W. B. Bottome or New York, holder of the title and ineligible for the cup again, broke the world's record with an average of 289 words.

Grain Elevator Burned.

Ogdensburg, N.Y., Aug. 25.—A fire which burned the elevator of the Rutland Transit Co. here yesterday morning, with a loss of $200,000, also burned off the hatch covers and woodwork of the steamer Bennington, tied up along side the elevator. The elevator contained 100,000 bushels of corn and oats.

CARMAN AGAIN

Re-Elected to Methodist Superintendency For Another Term.

Victoria, B.C., Aug. 25.—Rev. Dr. Carman has again been elected general superintendent of the Methodist General Conference, and associated with him in office will be Rev. Dr. S. D. Chown of Toronto, who will take charge of the west. Dr. Carman has been elected for a term of eight years, while Dr. Chown will fill his office for four years.

Rev. Dr. Chown is succeeded as secretary of the conference and moral reform department by the appointment of Rev. T. Albert Moore of Toronto, the energetic secretary of the Lord's Day Alliance, while, as foreshadowed, Rev. T. E. E. Shore becomes secretary for foreign missions, succeeding the late Dr. Sutherland.

Officials of the conference elected yesterday were as follows:

Secretary of home missions—Dr. J. Allen of Toronto.

Secretary of foreign missions—Rev. T. E. E. Shore of Toronto.

Secretary of education—Rev. J. W. Graham, D.D., of Toronto.

Secretary of temperance, prohibition and moral reform—Rev. T. A. Moore, D.D., of Toronto.

Book steward for the central section—Rev. Dr. Briggs, Toronto.

Book steward for eastern section—F. W. Masher, Nova Scotia.

Editor of Christian Guardian—Rev. W. S. Creighton, D.D., Toronto.

Editor of Wesleyan—Rev. D. W. Johnson, D.D., California.

Secretary of Sunday schools and Epworth League—Rev. S. T. Bartlett, Toronto.

Dr. Carman was elected general superintendent on the first ballot, the vote being: Dr. Carman, 173; Dr. Chown, 65; and Dr. S. P. Rose of Toronto, 19.

A second ballot resulted in the election of Dr. Chown as assistant general superintendent, he receiving 217 votes out of a total of 288.

TO HAVE AUTO AMBULANCES

New York, Aug. 25.—Three new electric automobiles have been put in use by the Presbyterian Hospital for ambulance service to replace the combination horse and automobile service the hospital has been using. The hospital authorities have come to the conclusion that automobiles are more reliable and economical than horse and wagon outfits.

Hotelman Sentenced to Jail.

Owen Sound, Aug. 25.—Andrew Fogarty, proprietor of the Albion Hotel, was sentenced to four months in jail by Magistrate Creasor in the Police Court. This will be the second term he has spent in jail for the same offence.

Fogarty was charged with illegal selling of liquor under the local option law.

Will Spread Tons of Flowers.

Montreal, Aug. 25.—Lady Hingston announces that tons of flowers will be strewn in the streets in front of the host to be carried by the papal delegate on Sept. 11. Subscriptions for this purpose are being received from all over America and the Dominion.

PROPOSED CHICAGO THEATRE

Chicago, Aug. 25.—A new music hall with a woman's smoking room, in which all kinds of cigarettes will be provided free, is to be built on the site of the Continental Hotel, at Madison street and Wabash avenue. William Morris is behind it.

The plan is to construct a building twenty storeys high, and costing $3,000,000. Part of the building will be given over to offices.

Crushed to Death.

Beamsville, Aug. 25.—With his body crushed and broken between a traction engine and a separator, and scalded by escaping steam from broken valves, Albert Moyer, aged 56, a well-known Clinton Township farmer, met death about eight o'clock yesterday morning.

Killed by Wasp Sting.

Watertown, N.Y., Aug. 25.—Mrs. Frank Dimmock, aged 66, of Natural Bridge, while picking berries in a field near her home, was stung on the arm by a yellow wasp, walked a few feet and dropped dead.

Railway Commission's Record.

Ottawa, Aug. 25.—Figures showing the work done by the Railway Commission during the last fiscal year have been issued. Applications totalled 6,125, orders issued 3,810, filing received 33,337. The applications increased by 2,646 and orders by 1,061 over the previous year.

Pittsburg Defaulter Arrested.

Windsor, Aug. 25.—Monzio Pacella, an Italian steamship agent and private banker of Pittsburg, who is charged with embezzling between $25,000 and $40,000, was arrested in the Windsor postoffice yesterday morning by local officers under the guidance of Fred A. Morgan.

EYE, EAR AND NOSE

Yes, a garbage pile by any other name will smell just as rotten, thank you; if you don't believe it, ask the housekeeper, or the landlady who has to dispose of the refuse. However, our Board of Health has an eye, but it sees not; a nose, but it smells not; an ear, but it hears not. Who says it will be destroyed? Not on your life, neither will the flies.

DROWNED

In the Otonabee River last night fourteen year old Arthur Hunt was drowned at Wolfe street wharf by the capsizing of a raft. Hundreds were present, but the lad drowned. He could not swim. Harold Saunders could swim. He was saved. In Chicago they are teaching scholars to swim. In Peterborough we teach them problems to forget when they grow up. It is sad to think that with so many people on hand, there was lacking the man with presence of mind. We are very much like cattle after all on many occasions.

OTTAWA'S MILLIONAIRES

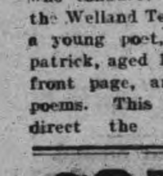
Ottawa has thirty-one millionaires. That's good, who are they? There is Hon. Clifford Sifton, we all know that he got his money quickly, and being a politician, got it honestly. But these other fellows, the thirty, how in the world did they manage to get hold of ten hundred thousand dollars each in Ottawa? It couldn't be that they were near the treasury boxes, could it? Perish the thought. And what have they done for the race? Have they made any one happier? Hon. Clifford has made life easier, for, "Lo, the poor Indian whose untutored mind," etc. They do not have as much land to look after now. But what have the thirty done? Can they not become equally distinguished? Here in Peterborough we haven't got a single millionaire, but we've got an awful lot of fellows who'd like to be.

FROM MILLHAND TO MILLIONAIRE

Now, there is Hedley Shaw, Toronto, mill-builder, millionaire, and driver of a $10,000 automobile. His success has been no accident. Once he worked for Isaac Warcup, in Oakville, learning the trade of miller. He was no shining mark at school, the school teacher did not hold him up as a great possibility. It was just the opposite. When he commenced mastering the mysteries of milling Mr. Warcup didn't know that in his youthful flour bedecked lad was unfolding one of the keenest intellects of the day. But it unfolded, and to-day Hedley Shaw is coming to the front as one of Canada's leading men. He was always a plugger, and when Cawthra Mulock, multi-millionaire, cast in his lot with Shaw it was a triumph for this man who, through sheer force of will and indomnitable determination, overcame all obstacles rising from a miller's boy to millionaire in a very few years. You can't always tell. The smart boy in school is often the dull boy in life, and the dull boy, the dogged boy, is the one who is usually heard from.

THE POET

Louis Blake Duff, editor and orator, who conducts the editorial page of the Welland Telegraph, has unearthed a young poet, William B. Kirkpatrick, aged 13, has his face on the front page, and prints two of his poems. This is cruel. He should direct the lad to better things. William B. might be tempted to make a life job of it, then he must be prepared to suffer, to wear long hair, and go on two meals a day. In every life, at some time, comes the idea of placing one's self in print, in every life at some time or other comes the idea of writing a book. But it's a hard row to hoe. Publishers are the most unfeeling "cusses" in the world, and the editors of the land have tons of Mss. that is lying away sleeping peacefully, doing no harm to any one, while the poets, the writers, wonder why it has not yet appeared. However, now that this young fellow has been discovered it is to be hoped that a real Canadian poet has been found. We have several rhymsters, but we have never had a poet who had the divine spark and thrill. Yes, we had one, poor Drummond, and he is dead. Of course, there's Service, he's a crackerjack, but he's an Englishman.



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

LADIES WE OBJECT

Chicago, Aug. 24.—There is no relief in sight for women who have accepted the dictates of fashion and struggled under the unwieldiness of hats of the size of an umbrella. That is the edict of the National Association of Retail Milliners, which is holding its annual convention here.

Big hats are to be bigger, and small hats smaller than ever before. There are to be no medium sized hats.

The desire for extremes extends even to the coloring, according to Mme. Maerie, president of the association. The more brilliant the coloring the more nearly to the ideal effect will the new hat conform.

New shades will include magnolia, a shade of orange; daualk, a coral red; pompeiian, a dead, rose; herue, a light mahogany, and acajou, a raisin color.

Now, what about the church goers? Once we went and saw the parson's left eye for an instant, then the top of his ear, and now and then waving hands; That was all, the rest of the service was hat. In the name of suffering mankind, who has to pay the bill for increased millinery acreage, in the name of those who attend moving picture shows, in the name of hygiene, what ever it is, we ask the ladies for heaven's sake to cut the big hat out and go strong on the little one.

LAURIER AND LOW TARIFF

Sir Wilfrid Laurier's incessant assertions in the west that his Government really loves free trade, would grant free trade if it could, is moving towards free trade, and ultimately will give free trade, calls for comparison with the facts.

First under "Free Trade as it is in England," the average rate of duty charged is about 5 1-2 per cent. on the total imports; Great Britain levies import duties on liquors, wines, tobacco, sugar, tea, coffee and certain groceries. Thus we may set down a customs revenue of 5 or 6 per cent. of the total imports as the free trader's ideal.

Secondly, under the MacKenzie Government the average rate of customs duties averaged less than 12 1-2 per cent. on the total imports and about 10 3-4 per cent. on the dutiable imports. This was the tariff before the National Policy was introduced; in other words, before Canada took up a directly protectional policy.

Thirdly, in the last five year period before the Conservatives were driven from office the duties collected amounted to 18 1-2 per cent. of the total imports and 30 1-2 per cent. of the dutiable imports. In the five years, 1896 to 1900, the first five years of Liberal rule, the duties collected amounted to;-

On all imports, 17 3-4 per cent.

On all dutiable imports 29 1-3 per cent.

In the second five year period of Liberal rule, 1901 to 1905, the figures were;

On all imports, 16 1-2 per cent.

On dutiable imports, 27 1-2 per cent.

For the years since then the figures are;

On All Imports—
1906—16.30 per cent.
1907—16.03 per cent.
1908—16.48 per cent.
1909—16.58 per cent.

On Dutiable Imports—
1906—26.83 per cent.
1907—26.33 per cent.
1908—26.58 per cent.
1909—27.31 per cent.

Thus we observe two things;—

1.—If Laurier had cut down tariff, not to the free trade basis, but to the level of the MacKenzie-Cartwright tariff, he would have made the following reductions;

From 18 1-2 to 12 1-2 per cent. on all imports, or by one-third.

From 30 1-2 to 20 per cent. dutiable imports; or by one-third.

2.—Instead he has taken fifteen years to reduce it as follows;—From 18 1-2 to 16 1-2 per cent. on all imports: or by one-ninth. From 30 1-2 to 27 per cent. on dutiable imports; or, by one-tenth.

3.—In fourteen years the duties have dropped 2 per cent. on all imports and 3 per cent. on dutiable imports.

Of late years the tendency has been actually rather higher.

Thus the Liberals who desire low tariff may set themselves the following sum in arithmetic;—If it takes fourteen years to cut the tariff down from 30 to 27 per cent., how long will it take to get it down to 20 percent?

FASTING

James Irving O'Neill, so the despatches state, made a success of two things. He had been a successful liquor dealer, and then became a Baptist preacher, and scored success once more. He later turned into a Holy Roller and fasted. He fasted so long that he died, the papers say. However, it was probably 'Holy Roller' excesses that killed him, as he disappeared from Patterson, New Jersey, with a woman, to bob up in California. Fasting is a splendid medicine, not as our Catholic friends fast alone, but to go without food for a week and drink only water. After a person has abstained from all food for three days the hunger leaves in nearly every case, and the mind at once becomes splendidly clear, and new thoughts enter, a new vision comes, as nature gets a chance to rest and recuperate. A week's fast is not a long one, and it should be broken at the end with a half glass of milk, and as much milk as one can drink the next day. In case the milk does not agree, a whole lemon taken in the morning half an hour before taking the milk will make the milk rest easily in the stomach. Now, don't all become "Holy Rollers," but if you want domination and illumination try a fast once in a while and life will take a new meaning and many things will seem much worth while, which are now only commonplace. Yes, drinking is a foolish habit, but it's not half so foolish as overloading the stomach seven days of the week, month in and month out, year around. When a man gets too full of booze he hollers or lies down and sleeps it off. When a man worries nature with too much food he is operated on for appendicitis or takes typhoid or some other disease.

SCRAMBLE FOR A PRIZE

Before the body of the late collector of customs was cold, the scramble for his office had begun. Liberal politicians with real or fancied claims on the party began to pull wires and plan campaigns each in his own interest. The race is now on. There are numerous entries, and we don't know that there is any "favorite."—Herald, Hamilton.

This is certainly slow work. We alway thought that Liberal politicians commenced to pull wires the moment the doctor shook his head and announced the possibility of death.

We are glad we are undeceived. The Herald tell us that the office seekers waited till the man was dead before they got busy. These men have gone up in our estimation, and when the next vacancy occurs in Hamilton if they will wait till the poor fellow is buried they will rise still higher in the opinion of the long suffering, patient, horny-handed, hard-working public, who pay the shot and never murmers.

But from here Col. Davis, city editor of the Times, a good old Grit warhorse, who is not seeking the honor, should have it.

THE BAN WILL IT BE LIFTED

Our Methodist friends in convention assembled in the far west are just about decided to cut out the ban on dancing, card playing and theatregoing. They will leave it to conscience. We see no harm in dancing, it's silly that's all, the poetic motion of the waltz, the dreamy hugging match, that's not sinful, its only irritating and inflaming. And card-playing, it's only a waste of time. A man's mind, a woman's mind is not improving very much when she sits in to a game of progressive euchre. But then he or she are not talking scandal. They are trying to win the prize and cheat without being caught, to look into the other fellow's hand and lift the eyebrow or the finger in sign to the partner across the table.

And the theatre. Now this great agent for man's good should not be neglected. Many a striking moral is seen, many a live sermon is preached in the lines of the actor. We must elevate the stage, says the church-going theatre attending, dancing, card-playing Christian, and it seems as if Methodism is going to agree to it. Will the day ever come when the performance will be opened with prayer?

SIDE LIGHTS

WHEN JAPANESE ADVERTISE.

Hamilton Spectator.

The Japanese have an original way of advertising, and they apply to the art all the poetry that their Oriental imagination is capable of. They have recourse to the most varied and improvised methods, and their combinations are sometimes as picturesque as they are original. A Japanese merchant informs his customers that his goods are sent off with the rapidity of a shot. A stationer calls his knowledge of natural history to his aid thus. "Our wonderful paper is as durable as the hide of an elephant." A Tokio grocer borrows from psychology, and in mordant language announces that "our vinegar of extra quality is sharper than the bitterness of the most diabolical of mothers-in-law."

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

The Lure of the Mask

By HAROLD MAC GRATH

Copyright, 1908, by the Bobbs-Merrill Co.

"You will send for me?" with eagerness and hope.

"Why not? There is nothing wrong in our friendship, and I prize it. Promise."

"I promise. Goodby! For a little while I have lived in paradise. Wherever I may be, at the world's end, you have but to call me. In a month, in a year, a decade, I shall come. Goodby!" Without looking at her again he rushed away.

She remained standing there as motionless as a statue. He had not asked her if she loved him, and that was well. But there was not at that moment in all the length and breadth of Italy a lonelier woman than her highness the Principessa di Monte Bianca.

Meanwhile the prince, raging, mounted his horse. Eh, well! This time tomorrow night the American should pay dearly for it all.

And the woman—he could never understand her. But for her fool's conscience he would not have been riding the beggar's horse today. She was now too self reliant, too intelligent. She was her father over again, soldier and diplomat.

He was riding past the confines of the villa when a man darted out suddenly from the shadows and seized the bridle.

"At last, my prince!"

"Giovanni?"

Instinctively the prince reached for his saber, knowing that he had need of it, but the scabbard was empty. He cursed the folly which had made him lose it. Oddly enough, his thought ran swiftly back to the little casa in the Sabine hills. Bah! Full of courage, knowing that one or the other would not leave this spot alive, he struck his horse, with purpose this time, to run his man down. But Giovanni did not lose his hold. Hate and the nearness of revenge made him strong.

"No, no!" he laughed. "She is dead, my prince. And I—I was not going to seek you. I was going to let hell claim you in its own time. But you rode by me tonight. This is the end."

The prince unhooked his scabbard and swung it aloft. But Giovanni was fully prepared. He released the bridle, his arm went back, and his knife spun through the air. Yet in that instant in which Giovanni's arm was poised for the cast the prince lifted his horse on its haunches. The knife gashed the animal deeply in the neck. Still on its haunches, it backed, wild with the unaccustomed pain. The lip of the road, at this spot rotten and unprotected, gave way. The prince tried to urge the horse forward. The hind quarters sank, and the prince tried in vain to slip from the saddle. There came a crash, a cry, and horse and rider went pounding down the gorge.

Giovanni trembled, and the sweat on his body grew cold. For several minutes he waited, dreading, but there was no further sound. He searched mechanically for his knife, recovered it and then crept down the abrupt side of the gorge till he found them. They were both dead.

"Holy Father, thou hast waited seven years too long!" Giovanni crossed himself.

He gazed up at the ledge where the tragedy had begun. The cloud passed and revealed the shining muskets of two carabinieri, doubtless attracted by the untoward sounds. Giovanni stole

This man was killing him!

over the stream and disappeared into the blackness beyond.

It was Merrihew who woke the sleeping cabby, pushed Hillard into a seat and gave the final orders which were to take them out of the Villa Ariadne forever. He was genuinely moved over the visible misery of his friend. When they arrived at the white hotel in the Borgognissanti Merrihew was glad.

At 9 in the morning Hillard heard a fist banging on the panels of the door.

"Open, Jack! Hurry!" cried Merrihew outside.

Hillard opened the door. "What's the trouble, Dan?" he asked.

Merrihew whispered, "Dead!"

"Who?" Hillard's heart contracted.

"The prince. They found him and his horse at the bottom of the gorge. The concierge says that there has been foul play—tracks in the dust, a strange cut in the neck of the horse and a scabbard minus its saber. Now, what the devil shall I do with the blamed sword?"

Dead! Hillard sat down on the edge of the bed. Dead! Then she was free, free!

"What shall I do with the sword?" demanded Merrihew a second time.

"Put it in the bottom of the trunk and leave it there till you land in New York. But the prince dead? You are sure?"

"Florence rings with the story."

And then [illegible] still wore his evening clothes and the bed was untouched.

"That's very foolish."

"Why, I couldn't have closed my eyes," replied Hillard.

"But won't she need you up there?" Merrihew was obviously troubled.

"If she needs me she'll send for me. I shall remain here and wait. She is free. Thank God!"

"Didn't Giovanni tell us that he had friends in Fiesole, near Florence, and that he was going to visit them?" asked Merrihew.

"Giovanni! I had forgotten. But what had my old valet against the prince?"

"Giovanni had a daughter," said Merrihew. "His knife left a scar on the man. The prince carried a long scar on his cheek."

Hillard began dressing in his day clothes, stopping at times and frowning at the walls.

At night the last of the American Comic Opera company straggled into the hotel. O'Mally, verbose as ever, did all the talking.

"You wouldn't know her," he said, referring to La Signorina, for they would always call her that. "When she heard of that duffer's death I swear that she believed you had a hand in it. But when she heard that the accident had occurred before you left the villa she just collapsed. The police were hunting for the missing saber. Of course we knew nothing about it," with a wink at Merrihew.

When the others were gone Hillard asked Kitty if she had any news.

"She said that she would write you and for you to remain here till you received the letter."

"Was that all?"

"Yes. Have you seen anything of that wretched man Worth, who is the cause of all this trouble?"

"No, nor do I care to."

Kitty and Merrihew went out together.

* * * * * * *

They were gone to America, and Hillard was alone. He missed them all sorely—Merrihew with his cheery laugh, Kitty with her bright eyes and O'Mally with his harmless drolleries. And no letter!

Daily he searched the newspapers for news of Giovanni. But to all appearances Giovanni had vanished, as indeed he had, forever out of Hillard's sight and knowledge.

The letter came one week after the departure of his friends. It was postmarked Venice. And the riddle was solved.

CHAPTER XIX.

THE LETTER.

MY father was Colonel Grosvenor of the Confederate army during the civil war. On General Lee's staff was an Italian named the Principi di Monte Bianca. Rich, titled, a real noble, he was at heart an adventurer, a word greatly abused these inglorious days. My father was cut from the same pattern, a wild and reckless spirit in those crowded times. The two became friends such as you and Mr. Merrihew are. Their exploits became famous. My father was also rich and a man of foresight. His real wealth was in foreign securities, mines, oils, steel, steamships. When the war terminated the prince prevailed upon my father to return with him to Italy. Italy itself was in turmoil. Il Re Galantuomo, that Piedmontese hunter, Vittorio Emanuele, wished to liberate Venice from the grasp of Austria, to wrest temporal power from the Vatican and to send the French troops back to France. Well, he accomplished all these things, and both my father and the prince were with him up to the time he entered the Quirinal. After victory, peace. My father invested in villas and palaces and settled down to end his days in the Venetian palace on the Grand canal.

Then my father, still young, remember, fell in love with the daughter of a Venetian noble. It was a happy union. Shortly after the prince also married. He was, with the exception of my father, the most lovable man I ever knew—brave, kindly, impetuous, honorable, witty and wise. It does not seem possible that such a father should have such a son.

There came a great day. A young prince was born, and the rough king stood as his godfather. Later I added my feeble protest, at the cost of my mother's life. As I grew up I became my father's constant companion. We were always out of doors. By and by he sent me to America to school. I returned from America to enter a convent out of Rome and later went to Milan and studied music.

To be continued.

Cook's Cotton Root Compound.

An ear of corn 18 inches long was found on a farm in Tuscola, Ill.

GARRICK'S OLD VILLA.

Scene of Many Great Parties Has Been Sold.

David Garrick's old villa at Hampton has been sold, notes T. P.'s Weekly, of London, and its demolition is feared. In the great actor's time garden parties and other junketings were frequent at the villa, and among those who took part or looked on were Burke, Gibbon, Reynolds, Johnson, and Sheridan. Hannah More, who was often a guest at Hampton, tells us that the week-end parties never exceeded twelve, "for these dear people understand society too well to have very large parties." She makes the interesting statement that on a Sunday evening Garrick would read aloud from "Paradise Lost." Mrs. Garrick survived her husband by more than forty years, and retained the tenancy of the villa. But she let it go nearly to ruin. After her death it passed into the hands of her solicitor, Mr. Carr. One day in 1829 "Rainy Day" Smith pulled the bell and took shelter from a threatening storm. He found the house full of Garrick relics, which Mrs. Carr showed to him with pride, including trees planted by Mrs. Garrick, and a mulberry tree which had been a sucker from Shakespeare's tree at Stratford. Hogarth's famous election pictures, which Garrick had possessed, were no longer there. They had been bought at the sale of Garrick's pictures, in 1823, by Sir John Soane, and are now in the Soane Museum, Lincoln's Inn. Smith had the satisfaction of sitting on a sofa which had often supported Dr. Johnson. When he thanked his hosts for their hospitality, Mr. Carr said: "This house was ever famous for it. Dr. Johnson has frequently knocked up Mr. and Mrs. Garrick at a very late hour, and would never go to bed without a supper." A house of which these things can be written ought to be preserved if possible. When Dr. Johnson said of it: "Ah, David, it is the leaving of such places that makes a death bed so terrible," he was surely thinking of the lines in Horace's saddest and most reverberant ode:

Your pleasing consort must be left,
And you, of villa, lands, bereft,
Must to the shades descend;
The cypress only, hated tree!
Of all thy much-lov'd groves, shall thee,
Its short-liv'd lord attend.

Byron's Boyhood.

In view of the tribute by the city of Aberdeen to the memory of Lord Byron, T. P.'s Weekly recalls some incidents of the poet's boyhood there. We read:

At the age of five, or a little earlier, Byron was sent to his first day school. This was the school in the Long Acre kept by Mr. Bowers, who, by reason of his dapper figure, was known as "Bodsy" Bowers. When Moore was making his inquiries the school had passed under the mastership of Mr. David Grant, who was known as a compiler of school-books. In 1821 Byron wrote down his memories of his various Aberdeen schools. "Bodsy" Bowers', he tells us, was a school for both sexes. Of his progress there he gives this brief and quaint summary: "I learned little there, except to repeat by rote the first lesson of Monosyllables—'God made man, let us love him'—by hearing it often repeated, without acquiring a letter." His next preceptor was more successful. He was a "very decent, clever, little clergyman named Ross, afterwards minister of one of the kirks (East, I think). Under him I made an astonishing progress, and I recollect to this day his mild manners and good-natured painstaking." It was under Mr. Ross, apparently, that Byron's mind first woke to the grandeurs of history.

Ancient Trial Marriages.

Marriage contracts written on ostraca or potsherds have been unearthed at Luxor, Egypt, which convict the experimental marriage man of unoriginality. They are 2,000 years old. This one of them: "I take three, Tamanis, daughter of Pamonthis, into my house to be my lawful wife for the term of five months. Accordingly I deposit for you in the temple of Hathor the sum of four silver stater, which will be forfeited to you if I dismiss you before the conclusion of the five months, and, besides this, my banker shall do something for you, but if you leave me on your own account before the end of the five months the above sum which I have deposited shall be refunded to me."

Clouds of maline continue to frame fair throats, especially in dance costumes.

Floating Fish Ova.

The fish known as the lula, of India and Ceylon—a species of ophiocephalus—is said to be unique among fresh water fish in laying eggs which float on the water until hatched. To prepare a place for the eggs the lula beats back the rushes and bites of the weeds. The eggs are then spread out in a sheet flush with the surface of the water, and the male mounts guard over them. They are large and of a golden yellow or amber color. A single large globule of oil immersed in the yolk of each egg gives them their buoyancy. The eggs, thus freely exposed to the warmth of the sun, hatch out in three days or even sooner. The lula is said to be monogramous.

In Mrs. Langtry's Prime.

An English diplomat at a dinner in Lenox said of Mrs. Langtry:

"When she was at the summit of her beauty and her fame—when crowds followed her in Bond street and the Row—she met at a semi-royal dinner, an African king.

"Mrs. Langtry, dazzling in her beauty, sat beside this king. She was in good spirits, and she did her very best to amuse and please him. And she must have succeeded, for, at the dinner's close, he heaved a deep sigh and said to her:

"'Ah, madam, if heaven had only made you black and fat you would be irresistible!'"

She Does It.

"How do Mrs. and Mr. Jones manage?"

"Why—er—Mr. Jones doesn't."

FORESTERS IN CONVENTION

The High Court of Eastern Ontario Independent Order of Foresters, are in session to-day and to-morrow at Picton, Ont. Nearly three hundred delegates from the different courts of Eastern Ontario will be present and the usual business will be transacted. The delegates from Peterborough left yesterday. Deputy Organizer Bradshaw, and Sen. Past Chief Ranger, A. Allison, accompanied by B. Webb and J. R. Brownlee, were the representatives of Peterborough, who will participate in the convention.

THE TRIP OF THE SEASON

The steamer "Otonabee" will leave Wolfe St. Wharf at 8 a. m., on Saturday, August 27th for Lindsay, arriving there in ample time to connect with the afternoon train for Peterboro'. Meals served on board. Return tickets including Railroad, $1.25. This will probably be the last trip of the season to Lindsay.

BIG BOATS DRAUGHT

J. J. Turner, senior, heard two men arguing about the draught of the big vessels leaving New York. Always ready to disseminate information, he wrote to New York. Here is the reply;—

New York, Aug. 23, 1910.

Messrs. J. J. Turner & Sons,
Peterborough, Canada.

Dear Sirs,—Replying to your of the 19th inst., concerning the draught of our steamers, 'Lusitania' and 'Mauretania,' I beg to state that these vessels leave the port drawing about thirty-five feet of water. By this I mean that the draught may be anything from 34 ft. 9 in. to 35 ft. The minimum water in New York harbor is 40 feet at low water. This means, of course, in the main channels of the harbor. I may also mention that it is our aim to have these steamers leave the port drawing the same water fore and aft. It is seldom that we have a difference of more than one inch between the fore and aft draught.

Shall be pleased to reply to any further questions which you may care to ask, and remain

Yours very truly,
D. J. ROBERTS,
Marine Supt.

HARRY ADAMS

ARTHUR HUNT WAS DROWNED AT WOLFE STREET WHARF WHILE MANY WERE THERE BUT NO ONE RESCUED HIM

Arthur Hunt, fourteen years of age, was drowned last evening about 7.30 in the Otonabee River, just off the Wolfe street dock. The steamer "Lintonia" had been chartered by the Order of Chosen Friends of the city and the Piccolo Band of Downer's Corners to run a moonlight excursion and the large number who came to the wharf with the intention of taking in the trip compelled them to hire the steamer "Otonabee," which was also at the wharf. Instead, however, of coming off the "Lintonia" by the gang-plank, those pasesngers who were aboard it clambered over the railing of the "Lintonia" onto the "Otonabee." Two young lads, named Harold Saunders and Arthur Hunt, who were paddling around on a fraily-constructed raft, seeing the fun hastily guided their little craft in the direction of the steamer. The eddying waves caused by the "Litonia's" propeller as she pulled out, proved to be too strong for the craft to withstand. It was tilted over and the two boys were thrown into the water. Mr. Casselman, who works in Matthews' Packing Works, was among those who witnessed the accident and he shoved out in a canoe and rescued young Saunders, who was able to swim and had kept himself afloat. Meanwhile young Hunt had sank. In the confusion and noise that ensued all kinds of rumors were raised. Some had it that three boys had been on the raft and that two had been drowned. Harold Saunders, however, the boy saved, said this morning that there were only two on the raft.

Search for the missing boy seems to have been considerably bungled. The steamer pulled out with the excursionists, after which the dragging and searching operations were left in the hands of only four little lads, who with pikepoles kept up the search for tow or three hours. A large crowd assembled to watch them as the news of the tragedy reached the city. About twelve o'clock Mr. Cowan, residing on Sherbrooke street, who was assisting in the search, located the body near the end of the pier and brought it to the surface.

Young Saunders' father was immediately notified of the accident, and he hurried to the scene of the calamity. The boy himself was considerably agitated as the result of the shock, but when seen this morning was feeling about as well as usual. He positively asserts that there were only two boys on the raft at the time, young Hunt and himself.

Arthur Hunt was a very popular young lad and was a general favorite among his companions. He worked for the Geo. Matthews Company. His father resides in England and his mother is dead. He boarded at the home of Mr. Cowan, who recovered his body.

The funeral will take place from Comstock's undertaking parlors at 10 o'clock to-morrow morning to Little Lake cemetery.

YOUTH LACKED NERVE; YOUNG LADY BADLY SCARED

"Shadowed by one," or "What did he mean?" Either one would be appropriate. The tall young man was hanging around the picture show when the young lady came out. She struck his fancy. She wended her way north on George street, and he followed, casting occasional glances behind him and across the street to see if he was alone in his pursuit, or whether another was on the job.

But he was alone. Further up the street the young lady looked around and saw him. He was very dark complexioned. Not the natural hue, but that which is derived from a two weeks' sojourn up the lakes. The time was eleven, and up near the Central Park, only the two were on the street. The Miss became frightened at the relentlessness of her pursuer. She decided to turn and walk over to Water street, but it was no avail. The tall youth still hung on. Back to George street she came by way of London street, and arriving back on the main street, accosted another young man, also a stranger, and she told him of the strange actions of the other. A short distance away the enamoured one made an awful mistake. He brought from a side pocket a box of cigarettes and lit a match.

The illumination from the match showed up his well-known features to the gallant who had met the young lady. Then he put his foot in it. He walked past the couple.

"That's the fellow," said the frightened damsel to her new found friend. "Who is he?"

"Why that's" —— he replied. 'You needn't be afraid of him. He is a regular lady's man."

"But I am," she replied; 'I don't like his looks. Do you know where Miss —— lives?"

He did and told her of the position of a house, which, curious enough, is on Dublin street.

However, on arriving at the corner of George and Dublin streets, she met several lady friends from this house, and the incident of the evening was over.

A PLEASANT SURPRISE FOR MRS. (REV.) POTTER

meeting service last night a pleasant surprise awaited Mrs. (Rev.) J. G. Potter, when the Daughters of Erin presented her with a handsome combination silver fruit set. The case containing the set was ornamented with a spray of shamrock.

The presentation was made by Mrs. Hugh Waddell in the home of Mrs. Thos. Richardson, Cedar street. Mrs. Waddell expressed the sentiments of her class of young ladies, whose missionary work Mrs. Potter had always encouraged, and while they experienced great sorrow in losing such a friend, they wished her the best of joys in her new sphere of service.

Mrs. Potter responded in appreciative words, expressing her complete surprise, and remarked that such a gift was not at all necessary to assure her of the abiding confidence they had had in any little help she had been. The opportunity and privilege of service in any branch of the Lord's work was sufficient reward, but she would prize the gift as a tangible memento of the class of girls who had continued their interest in a very useful part of the church's work.

Refreshments were then served.

ABLE LOOKING VAG. IS HELD FOR A WEEK

Clifford Ireland said he was very sorry for having been guilty of imbibing during his two days' visit to the city, when he was asked for an explanation at the police court this morning, and on his promise to clear out, City Clerk Armstrong, acting magistrate, allowed him to leave without asking for a donation.

THE COW DID IT.

The charge, that of allowing a cow to run at large on August 20, was quite true, so John Williams stated. He parted with the proverbial two spot.

SUSPECTED.

Walter Wright, a big, strong looking fellow, balked at the implication that he was a vag. He had been working up to the last couple of days, he explained.

Chief Thompson thought he would like a remand for a week, and the stranger, who, by the way, isn't any relation to the air men, went down the steps to number one.

ORDER OF CHOSEN FRIENDS AND MEN WITH PICCOLOS (HAVE AN OUTING)

The local Order of Chosen Friends and the Piccolo Band of Downer's Corners ran a highly successful moonlight excursion last evening on the steamer "Otonabee." So many people were so anxious to go that the little "Lintonia" could not accommodate them all and Mr. Pinchin kindly allowed them to have the steamer "Otonabee." large boat provided all the space necessary for both comfort and dancing. The Piccolo Band was a decided novelty and as the strains were heard on the quiet evening air, it was reminiscent of a twelfth of July parade. It was the opinion of all that it was the largest and most jolly bunch of moonlighters that have gone down the river this summer. The "Otonabee" carries a particularly powerful searchlight, and its rays carry a distance of nearly a mile. Wherever its beams shone, that place was lit up like day. Incidentally it lit up several loving scenes.

A piano on board made the music for dancing.

Quite a large number of young people from Downer's Corners and other parts of the country were on board.

The committee in charge wish to thank all who in any way assisted them in making the affair the success that it was, and also the crew of the boat for their courtesy.

DON'T BUY A TIRE BY ITS LOOKS

All Automobile Tires look very much alike, they can't be judged by their appearance when new, nor can they be judged by their appearance after having gone one or two thousand miles. The Tire you want is the tire that will give the lowest average cost per mile, while in use on a car. The tire that will do this is the Dunlop Tire, because, besides the quality there is in the tire itself, you may rely upon the ready willingness of the Dunlop Company to thoroughly satisfy every user of Dunlop Automobile Tires.

Summer Drinks

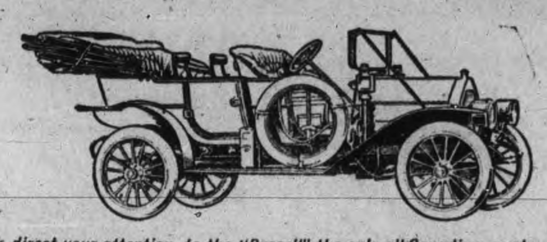
IT'S AUTOMOBILE SEASON



We direct your attention to the "Russell" the only all Canadian made car. You never thought of it being the only car made in Canada, all others having their motors and many other parts shipped in from the United States and elsewhere. It's appearance, comfort and running qualities cannot be improved. It can be supplied with either knight 00 valve type motor at prices from $2,200 to $6,000, with large wheels, long wheel base and 30 to 60 horse power moter

We also handle the "Ford" which is recognized the world over as the best proposition for the money. The Ford will do anything that any other car will do. It is run entirely by magnets, no battery to run down, will make from 25 to 30 miles on a gallon of gasoline and 10,000 to 15,000 miles on a set of tires. This ca combines comfort, pleasure, business and economy. You can buy a five passenger Touring Car including full equipment for $1,150, F. O. B. Walkerville. Watch the Fords go by, Ask for a free demonstration of either.

Outwitted His Critics.

A minister living in an Aberdeenshire coast town had preached a sermon which a skipper, one of his parishioners who traded to London, thought very like one which he had read to his family the Sunday before from a volume of sermons which he had purchased in London.

On the Sunday following he, with two brother skippers, took the book to church to ascertain the correctness of the suspicion. The minister in due time gave out a text which, true enough, the skipper found in the index of his book and pointed out to his friends.

The minister then proceeded with the sermon, going on word for word with the sermon book for a sentence or two, which greatly excited the skipper, who, with a crony on each side, kept tracing the words in his book after the minister and saying, "See till him; see till him."

The minister, who used himself to tell the story, said:

"I lookit doun and saw what they were at, so I turned ower twa leaves at ance, an' they never clappit saut upo' my tail after that."

New Vegetable Is Sought.

English horticulturists are turning attention to the possibility of finding a new vegetable in the ground nut, which, though of excellent flavor and wholesome for food, is disregarded by all but "pigs and children."

Ground nuts, otherwise called "jar nuts" or "earth chestunts," have been from time immemorial a favorite delicacy with village boys, who are now generally barred from searching for them in the English woods, where they grew best, by killjoy gamekeepers. In Gerarde's time their merits were well known, and they grew profusely "almost everywhere" around London, but especially in a field adjoining Highgate, on the right side of the village, and likewise in the next field to the conduit heads by Marylebone, near the way that leads to Paddington from London.

To Exterminate Flies.

Prepare a solution containing a teaspoonful of formaldehyde to a cup of water, add a little sugar and place around the room in saucers. A quarter of an inch deep is sufficient. Flies, attracted to this mixture, drink. Some die in the water; others fall dead near the place. The solution is not dangerous.

"OUTDOOR CANADA"

OUTDOOR CANADA'S" name changed to THE ATHLETIC WORLD.

The August number of "THE ATHLETIC WORLD," a new name for "OUTDOOR CANADA" Magazine has just been received at this office. Since this publication was taken over by W. J. Taylor, Limited Woodstock Ont., each issue has shown a marked improvement over its predecessor. Its change of policy to that of a national athletic periodical is this month carried out both in name and nature. Besides the change of title the size has been increased and the contents augmented. Judging by the August number, full as it is of good, up to-date pertaining to things athletic a conspicuous place is assured "THE ATHLETIC WORLD" among the leading Canadian national publications.

The Democratic State Committee in session at Saratoga Springs, N.Y., voted to hold the state convention at Rochester on September 29.

BIT BROKE IN MOUTH OF HORSE

Noon Hour Mishap to Farmer on George St. Was Fortunately Not Serious

As the result of a bit breaking in the mouth of one of the horses which he was driving on George street yesterday at noon, a farmer found himself in an uncomfortable position. The animal was a spirited one, and after the mishap became unmanageable. It endeavored to get away, but the laxity of the other horse, which was an old one, and not just in the humor for kicking up a caper, proved a big handicap. Mr. John Green, who noticed the accident, ran out on the road and caught the horse by the nose, and he was finally quieted.

A BIG TIME IN OTONABEE

The best social of the season will take place at the home of Mr. Walter Kidd, in Otonabee, next Tuesday evening, August, at 8 p.m.

It will be a corn-roast, and a regular down-south program will be rendered.

Addresses will be given by Hon. J. R. Stratton, M.P., and others.

At 6.30 a football match will be played between the crack team of Cold Springs and the P.A.C.

Take the car to Rye's boat house and you will be ferried in a launch to the other side free of charge.

PAVED ROADS NOT NECESSARY

Is the Opinion of a Visitor From The City of Edmonton.

need them in the city of Peterborough," was the remark of a visitor from Edmonton to a local citizen this morning. "I believe in progressiveness." he continued, "but looking at your roads here, I believe that it would be much more preferable to have them put in good shape and continue to keep them in such condition.

"In the city of Edmonton our roads are not hard like you have them here, and the paving is practically a necessity."

ANOTHER MOONLIGHT

All Saints' choir enjoyed a little trip down the river last evening in Mr. Allen's steam launch, "Tootsie." Mr. Allan was kind enough to place his boat the disposal of the choir and they desire to thank him for his kindness. The jaunt of about eight or ten miles was greatly appreciated by the All Saints' singers.

Deputy Fire Chief Grange received a telegram from Chief Howard this morning announcing that he had been nominated to the office of State President at the fire chiefs' convention in Syracuse, and at which he is in attendance.

HAD THE WATCH

Stolen Property Found on Man Arrested To-day—Theft Took Place Last Evening.

Following the reported theft of a watch last night about eight o'clock, a young man named Lowes was taken into custody to-day and the watch found in his possession by Chief Thompson.

The complainant alleged that it was taken from him in the south end of the city.

Walter Wright, who appeared in court this morning, is suspected of having a hand in the affair. Lowes will come up before Magistrate Dumble to-morrow morning.

President Taft, as the guest of Governor Draper, of Massachusetts, made an automobile trip to the homes and haunts of his ancestors.

MORRIS IS IN THE LEAD

Special to the Review.

Ottawa, Ont., Aug. 25.—Lieut. Morris, Bowmanville, 271; Col.-Sergt. Freeborn, Hamilton, 268; Pte. Baillee, Ottawa, 264; Q.M.S. Bayles, Toronto, 264. Such is the standing at the D. R.A. meet to-day.

The Gordian Knot

McEWEN—SOLMES.

At St. Andrew's manse to-day at 12.30 o'clock Miss Leatha Solmes, daughter of Mr. Gilbert Solmes, of Hastings county, was united in marriage to Mr. Albert McEwen, Benson street, of this city. Rev. J. G. Potter officiated, and the young people were unattended.

Mr. and Mrs. McEwen left on a trip to Kingston.

JOHNSTON—HILFORD.

A very charming wedding was solemnized at 9 o'clock this morning at the residence of Mr. A. J. Johnston, 19 Dennistoun Ave., when his daughter, Grace M. Johnston, was united in marriage to Mr. M. R. Hilford. Rev. Mr. Fee, pastor of Bethany Tabernacle, performed the ceremony. Miss Daisy Billings made a very charming bridesmaid, while the groom was ably assisted by Mr. Frank Brenner. After the tying of the nuptial knot Mr. and Mrs. Hilford left for Fenelon Falls.

A DARK OUTLOOK.

When the Sky Will Be Obscured by a Cloud of Airships.

The airship means not the gain but the irretrievable loss of the sky—the trivial physical conquest, indeed, but the tragical spiritual loss.

In the few years that remain before aviation is an accomplished commonplace of our lives man is literally looking his last on the sky. All too soon it will be impossible even for a rich man to enjoy the peace which is mine this afternoon as in the heart of an old wood I lie upon the fern and contemplate the mystery of the boundless sky. Soon that flawless infinite will be feverishly alive to ear and eye with all the temporal traffic of the world, all the turmoil and vulgarity of any other earthly thoroughfare. Solitude will be utterly and forever destroyed, and wearied town tired folk that had been wont to flee into the country to rest their eyes and feed their nerves on tranquil spaces may as well remain in the city and will least of all turn their eyes on the sky, which will then be as suggestive of peace as Broadway at noontide.

All the old peace and prayer of the world will have gone. The air, once so pure and tranquil, will be filled with the sound of gongs, the flash of signals and undreamed of forms of noise and colors. Man will have placed a cloud of gigantic gnats between him and the infinite, and, howsoever high he may ascend in the swiftest airship, never will he find again the same sky that blessed him with its blue peace, its beautiful old dreams of better worlds and fantastic fairy isles and seas and laid the consoling hand of the eternal upon his troubled human heart.—Richard Le Gallienne in Smart Set.

BURBANK THE GRAFTER.

A Number of Long Felt Wants With Which He Might Wrestle.

Luther Burbank, the wizard of plant life, has, it seems, perfected a new poppy of titanic dimensions and brilliantly variegated coloring, together with a primrose of vestal whiteness five inches in diameter. He has proved that he can do almost anything with plants and flowers. It has been suggested that he might devote his energies to producing a bachelor's button that can be sewed on so that it won't come off and a sagebrush to go with the cockscomb. But there are a great many other horticultural needs to which he ought to devote his attentions. Some persons are urging Burbank to give them a cantaloupe without a hole in the middle, raspberries and blackberries without seeds and odorless onions.

Other folk want Burbank to devise a mushroom that will yield a superior grade of mush, and they hope that by crossing lemons and watermelons a plant may be evolved that will contain lemonade, just as some varieties of cactus are reservoirs of water. They fully expect that by grafting apples on pine trees he can produce pineapples, and they look to him with confidence to get prunes by properly pruning the hedges. But, while all of us wish Burbank would give us the best kind of thyme, some people wish the thyme were shorter, and others want it longer. Others object to Burbank's activities in general on the ground that he is a grafter. It is impossible to please every one.—Philadelphia Ledger.

School Children and Swimming.

Leaders in the Young Men's Christian association of Chicago have started a movement that they hope will result in every boy and girl in the public schools learning to swim. They have offered through one of the branch associations to teach all the pupils in eight north side schools how to take care of themselves in the water. From this beginning it is expected that the instruction will be extended to all schools. "The need for instruction in swimming is demonstrated by the fact that over 4,000 men and boys in the United States and Canada are accidentally drowned each year, and the records show that most of these persons could not swim," says one of the Young Men's Christian association teachers.

Scarboro Beach

Visitors to the Toronto Exhibition this year cannot afford to leave Scarboro Beach Park out of their plans. This $600,000 amusement resort, modelled after Dreamland and Luna Park, the world-famous institutions, at Coney Island, is the finest of its kind outside of New York itself, and has been visited by millions of delighted patrons in the four years that it has been in existence. Its permanent structures include a scenic railway, a quarter of a mile long, a chute-the-chutes, 600 feet in length, and an underground watertrip called the Cascades, which furnishes an unforgettable experience. In addition there are the Streets of Cairo, Human Butterfly, House of Nonsense, Electroscope Theatre, Johnstown Flood, Aerial Swings, Caroussel, Midway, Bumps, Laughing Gallery and many other novelties which are renewed each season. There will be special fireworks and sports for the Exhibition visitors. The Sunday afternoon and evening free band concerts at the park are a popular feature.

Notice to Contractors

TENDERS

Either in bulk or for the separate trades will be received by the undersigned, on or before **September 3rd,** for the erection of New Buildings for the **Murray Street Baptist Church, Peterborough.** Drawings may be seen at the office of The George Matthews Co., Limited, Peterborough, Ontario, the office of The Royal Bank, Petborough, Ontario, or at the offices of the Architects, Messrs. Burke, Horwood & White, 28 Toronto Street, Toronto, Ontario.

WORLD'S CHAMPIONSHIP WALK AT TORONTO EXHIBITION

With the world's championship walking race as its "Headliner," the program for the Canadian National Exhibition championships on September 10th, will provide a great afternoon's sport. The list of events will be short, snappy races, with international competition. Elwood Hughes has arranged with many of the best athletes in America to appear in their different events. Two or three special invitation events with the "best in the land" as entries will lend all the excitement necessary.

The big Foster International Marathon will start early and the finish take place in front of the grand stand in the middle of the afternoon. All the best distance runners are now in training for this big race.

The following are the open events: 100 yards; 220 yards; 880 yards; 1 mile; 5 mile; 1 mile Boys, 18 years and under; 1 mile Bicycle; 3 mile Bicycle; 3 mile Walk Handicap; 1 mile Relay, teams of 4 men each.

The prizes will represent a championship in each class, as these games are to be a permanent affair at the Exhibition. The value of the prizes will be $20, $15 and $10.

Mayor Geary, of Toronto, who is the Exhibition Director in charge of these games, is taking special interest in them and is leaving nothing undone in the way of making them the most interesting ever sene in Canada.

BRIEF AND BREEZY

Magee made a home run at Pittsburg with the bases full.

The Royals couldn't hit and were shut out in two games by Providence.

Donovan got his from New York yesterday when Detroit was walloped 6—0.

The West Ends have practiclly decided to jump into the Rugy game. Good material is available.

Harry Burridge is playing ball for the East Sides, of Toronto, a team newly organized by Knotty Lee.

The Maple Leafs pulled a win over against Wyatt Lee yesterday. The score was 2—1. It was the first game from Lee in eight.

Jersey City commences a three-game series at Toronto to-day. Rudolph will celebrate his 22nd birthday by twirling for the Leafs.

Rochester and Baltimore went sixteen innings to a 1—1 tie. The Hustlers got eight hits off Lefty Russell Rogon for the Birds gave six.

Take in the West End A. C. excursion to Lindsay on Saturday and have a big time. The train will leave the Grand Trunk station at 1.30, and the return may be made on either of the regular trains from Lindsay. The baseball game will be a winner.

The newest wrinkle in pitching is reported from a little league in Kansas—the employment of two pitchers on the same batsman. And, from all accounts, it is quite a winner. One of the teams in the little league has a pitcher who possesses such terrific speed that the catcher of the club can't hold him, and also carries a hurler of wide curves, slow, soft curves that could be caught by a Chinaman. The fast pitcher drives in two strikes on a batsman and then retreats to centre field, while the slow curver, who has been guarding centre, hurries to the slab. The curve pitcher sends the third strike curling over and trots back to the garden, while the fast boy returns to take two shots at the next batsman.

The following is a part of the report of a game between the Winnipeg Maroons and Regina. They are having lots of fun in the Western Canada League. The features put on by the players and umpires are becoming common:—

For all the wildest, weirdest, and wickedest encounters ever staged in these parts yesterday's conflict was the limit. It was so awful that it was good. Most people would say that the "piece de resistance" was the grand uphill battle fought by the locals and which was rewarded with victory, but such was not the case. The real feature was the hilarious work pulled off by two ball players, who were pressed into service as umpires because Mr. Longenecker took in the circus. If there hadn't been any score card one might easily have imagined they were back in Slugville watching a conflict between their own high school and the boys from Mudville.

HOCKEY

Guelph Mercury.—What are the prospects for hockey in this city for the season of 1910-11? This is a question which is now coming to the fore. It seems early to talk of hockey when the thermometer is in the nineties, yet it is a subject which must be taken up early if anything in the way of an organization is to be done. Despite the optimistic wishes, it does not seem as if Guelph will be in the Canadian Hockey League this year. In the past the promoters have found it impossible to make suitable arrangements with the owners of the Royal City Rink, and this has caused the collapse of the hockey team. Until a new rink is built, it is hardly possible that professional hockey will be seen here.

The City League, composed of factory teams, will probably be formed, and in O.H.A. amateur hockey, Guelph will be a strong contender. There is material here for two teams of strong calibre, one in the junior and one in the intermediate series, and at least one will be organized. There will in all likelihood be lots of winter sport here even though there is no professional hockey.

LAWN BOWLING

The Millbrook bowlers will meet the locals at Brookside green at 5.30 o'clock this evening.

BALL SCORES IN BIG LEAGUES

BASEBALL YESTERDAY.

The Eastern League.

Newark	0 0 0 1 0 0 0 0 0—1
Toronto	0 0 0 2 0 0 0 0 0—2

Sacrifice hits—Agler, Lee, Vandy. Stolen base—Louden. Double plays—Schafly to Agler; Newton to Vaughn to Slattery; Lee to Hearne to Agler. Bases on balls—Off Lee 3, off Newton 7. Struck out—By Newton 1. Left on bases—Newark 10, Toronto 7. Umpires—Hurst and Boyle. Time 2.00.

Rochester	0 0 0 0 0 1 0 0 0 0 0 0 0 0 0 0—1
Baltimore	0 0 0 1 0 0 0 0 0 0 0 0 0 0 0 0—1

Two base hits—Moeller, Russell. Sacrifice hit—Ward. Stolen bases—Slagle, Dunn. Double play—Nicholls to Dunn to Schmidt. First base on errors—Baltimore 1. Left on bases—Rochester 11, Baltimore 7. First base on balls—Off Ragan 2, off Russell 7. Struck out—By Ragan 7, by Russell 5. Attendance 3476. Umpires—Finneran and Kelly. Time 2.30.

Buffalo	0 0 0 0 0 0 0 1 1 *—2
Jersey City	0 0 0 0 0 0 0 0 0 1—1

Earned runs—Buffalo 2, Jersey City 1. First base on balls—Off Kissinger 5, off Merritt 2. Struck out—By Merritt 4, by Kissinger 3. Three base hits—Henline. Two base hits—Pattee. Sacrifice hits—Pattee, Hanford. Stolen bases—Johnson, Henline, Pattee, Sabrie, White, Deininger. Left on bases—Buffalo 4, Jersey City 7. Double plays—Johnson to Abstein; Kissinger to Butler to Esmond. Umpires—Byron and Murray. Time of game 1.45. Attendance 1406.

MONTREAL, Aug. 24.—(Special.)—Montreal could not hit to-day and was shut out twice by Providence. Only one Royal got as far as third base in the two games, and he was doubled up at the plate on Jones' fly to Phelan. In the second game Providence did not get a hit off Dubuc till the seventh, when they bunched three for the only runs of the game.

How It Can Be Done.

Suddenly the lecturer's voice failed him.

"Gentlemen," he asked huskily, "does any person in the audience happen to have a box of *Blank's throat tablets about him?"

"Yes, sir," instantly responded a tall, thin man in a suit of faded black, rising and making his way to the platform. "Here you are."

"Thanks," wheezed the orator, taking the box, extracting a tablet and placing it in his mouth. "I carelessly left mine at home."

Half a minute later he resumed his lecture with a voice as clear as a bell.

There is more than one way to bring a thing before the public.

*Advertisements must go in their proper department.—Chicago Tribune.

Sure Enough Kid.

Bob was telling about his visit to the country. While there he had acquired some rustic idioms, and his mother was correcting these as he proceeded:

"Well, we goes up"—

"Went up."

"Went up on the farm"—

"To the farm."

"To the farm, and there we see"—

"We saw."

"We saw a little kid"—

"Little child. Now, begin again and tell it properly."

"Well, we went up to the farm, and there we saw a goat's little child." (Further narration suspended.)—Judge.

Suitable For Sunday.

Lady Customer—Have you any Sunday toys that I could give to my little grandson?

Shopman—Yes. Here is our sixpenny box of soldiers.

Lady Customer—But I couldn't let him play with the soldiers on Sunday!

Shopman—Of course not, madam. But these are Salvation Army soldiers. —Christian Life.

A Disciple of Ananias.

Housewife—How is it that the large strawberries are on the top of the box?

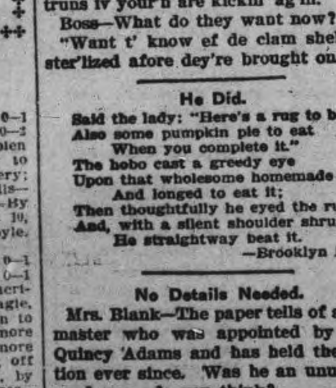
Peddler—Well, you see, mum, they grow so fast this fine weather that the last ones picked and put in the box are naturally bigger than the first ones.—Boston Transcript.

She Held the Pole.

Brown—Wouldn't you like to have an arctic homecoming?

White—I've had the next thing to it when I've come home late and found my wife sitting up for me.—Harper's Bazar.

Grouch at the "Kaife."



Head Waiter (to boss)—Them paytruns iv your'n are kickin' ag'in.

Boss—What do they want now?

"Want t' know ef de clam shells is ster'lized afore dey're brought on."

He Did.

Said the lady: "Here's a rug to beat;
Also some pumpkin pie to eat
When you complete it."
The hobo cast a greedy eye
Upon that wholesome homemade pie
And longed to eat it;
Then thoughtfully he eyed the rug,
And, with a silent shoulder shrug,
He straightway beat it.
—Brooklyn Life.

No Details Needed.

Mrs. Blank—The paper tells of a postmaster who was appointed by John Quincy Adams and has held the position ever since. Was he an unusually good man, do you think?

Mr. Blank (an experienced citizen)—Oh, not at all, not at all. It was an unusually poor office.—New York Weekly.

Her Nationality.

When small Sigrid made her first appearance in an American school she was asked the usual puzzling questions, one of which was:

"What is your nationality, Sigrid?"

Sigrid tossed her flaxen braids. "I'm an American of Norwegian design," she said promptly.—Harper's Magazine.

The Refinement of Assurance.

Busy Business Man (irately)—Sir, I didn't ask you to sit down!

Persistent Salesman (settling back comfortably)—That's all right; no apology is necessary. I knew it was only an oversight.—Harper's Weekly.

Strategy.

"Why do you make that patient wait three hours every day in your anteroom?"

"He needs rest," explained the doctor, "and that is the only way I can compel him to take it."—Ideas.

Louisiana national banks have formed a currency association.

Cup Defender Has Become Oil Barge.

The Pilgrim, a former palatial ninety foot yacht built to defend the America's cup in 1893, but which did not go against the Valkyrie II., as the Defender won the trial races, started recently on what will probably be the last chapter of her career, that of a gasoline supply boat to be located in Marblehead harbor. The craft, on which no money was spared when being built and on which thousands have been spent, was stripped of all her machinery and finery at the Atlantic works, East Boston, and in place of her former mahogany fittings of its pit there now lies a huge gasoline tank that will hold hundreds of gallons.—Boston Post.

The Lake of Blood.

The "Lake of Blood," the Roth-See, near Lucerne, has assumed its sanguinary color again, after many years, owing to the presence of a seaweed which is rarely found in the Alps. The peasants will not visit the lake and have ordered their children not to look at it, as they believe misfortune is sure to follow. Whenever this lake becomes red the peasants believe that wars are sure to come, and therefore it is predicted that before the end of this year a war will break out somewhere in the world.

New York Dairy Market.

NEW YORK, Aug. 24.—Butter—Firm; receipts, 8817. Creamery, specials, 31½c to 32c; extras, 30c to 31c.

Cheese—Barely steady, unchanged; receipts, 3396.

Eggs—Steady; receipts, 12,087; state, Pennsylvania and nearby hennery, white, 28c to 33c; do., gathered white, 25c to 29c.

CATTLE MARKETS.

Hogs on Up Grade at Buffalo—English Markets Steady.

NEW YORK, Aug. 24.—London and Liverpool cables quote American cattle at 12⅝c to 14¼c per pound, dressed weight; refrigerator beef steady, at 10⅝c to 11¼c per pound.

Toronto Live Stock.

TORONTO, Aug. 24.—The railways reported 65 carloads at the City Market for Wednesday.

Fat Cattle.

The highest price for a straight load of butchers' cattle, weighing 1000 lbs., that we heard of was $5.70 per cwt. Prices were firm at Tuesday's quotations.

Feeders.

Few feeders were on sale; prices steady at Tuesday's market.

Milkers and Springers.

Receipts limited. Prices unchanged at $45 to $65 each.

Veal Calves.

The market for veal calves was strong, prices ranging from $3.50 to $8 per cwt.

Sheep and Lambs.

Sheep sold at $3.75 to $4.50 per cwt.; lambs, $5.75 to $6.70 per cwt.

Hogs.

Scarcity of hogs has caused prices to again go higher. Selects, fed and watered at the market, sold at $9, and $8.60 to drovers, at country points for hogs f.o.b. cars.

Montreal Live Stock.

MONTREAL, Aug. 24.—(Special.)—About 925 head of butchers' cattle, 350 calves, 1700 sheep and lambs and 1406 hogs were offered for sale at the east end abattoir to-day. The warm, muggy weather helped to make a dull market, but there were no material changes in the prices, except that lambs were lower. There were three loads of range cattle on the market, and a few of the best of these sold up to 6c per lb.; pretty good animals sold at 3-4c to 5 3-4c; and the common stock at 3c to 4 1-2c per lb. Calves sold at from 3 1-2c to 6c per lb. Sheep sold at 3 3-4c to 4c per lb.; lambs at about 6 3-4c per lb. Good lots of hogs sold at about 9 1-4c per lb., heavy hogs at about 8 1-2c per lb.

East Buffalo Cattle Market.

EAST BUFFALO, Aug. 24.—Cattle—Receipts, 75 head; steady; prices, unchanged.

Veals—Receipts, 200 head; active and steady, $6.75 to $10.25.

Hogs—Receipts, 2000 head; active; pigs, steady; others, 10c to 25c higher; heavy, $9.30 to $9.40; mixed, $9.55 to $9.70; yorkers, $9.70 to $9.75; roughs, $7 to $7.58; stags, $6.25 to $7; dairies, $9.25 to $9.75.

Sheep and Lambs—Receipts, 600 head; active; sheep, steady; lambs, 25c higher; lambs, $4.25 to $6.65; a few $6.75; yearlings, $5 to $5.50; wethers, $4.50 to $4.75; ewes, $4 to $4.25; sheep, mixed, $2 to $4.25.

Chicago Live Stock.

CHICAGO, Aug. 24.—Cattle—Receipts 20,000; market strong; beeves, $5 to $8.50; Texas steers, $3.75 to $6; western steers, $4 to $7; stockers and feeders, $4.10 to $6.25; cows and heifers, $2.65 to $6.65; calves, $6.50 to $9.

Hogs—Receipts 19,000; market 5c higher; light, $8.80 to $9.35; mixed, $8.30 to $9.20; heavy, $8.10 to $8.95; roughs, $8.10 to $8.30; good to choice heavy, $8.30 to $8.95; pigs, $9 to $9.50; bulk of sales, $8.50 to $8.75.

Sheep—Receipts 26,000; market steady; natives, $2.50 to $4.65; westerns, $2.75 to $6.50; yearlings, $4.50 to $5.60; lambs, native, $4.75 to $6.90; western, $4.75 to $6.80.

Cheese Markets.

WOODSTOCK, Aug. 24.—The board offered 550 white and 365 colored. Sales at 10⅝c.

MADOC, Aug. 24.—Cheese boarded today 810; all sold at 10⅝c.

Doubly secure is claimed to be a new safety pin patented by an Illinois man, which has two points, one each side of a central bar.

THE GENUINE ALWAYS SUPERIOR TO THE IMITATION

The experienced buyer never permits the shrewd merchant to convince him that an imitation is superior to the genuine advertised article. In refusing a substitute he protects himself and the manufacturers who have expended enormous sums in giving the public information regarding their products.

Advertised articles have stood the test of public approval on their merits and materials embracing their make-up. The mere fact that they are imitated is competent testimony of their worth.

You are safe in rejecting the article offered as "just as good."

Burne-Jones' Joke.

Of Burne-Jones and William Morris Mr. J. Comyns Carr relates an amusing story. Morris had at one time a horror of growing stout. The poet went to bed at a Thames side inn one night, and Burne-Jones played a trick on him, taking a section out of his waistcoat and sewing the remnants together. The next morning he watched the terror and consternation with which Morris tried to make the garment meet around his waist. It was not until the smothered laughter of the painter reached Morris' ears that the poet was relieved from his anxiety.

To Fly With the Dear.

He—Life is simply one grand chase. If you are not among the pursuers you must be one of the pursued.

She—Will you run with the hounds or fly with the deer?

He—I will fly with you, dear, if you please.

MUSICAL GLASSES.

The Queer-Looking "Armonica" of a Century Ago.

How long "musical glasses" have been used for their special purposes no one really knows. There is an account of an Irish performer who played upon the musical glasses in his native country as early as 1743. When Gluck went to England (April, 1746) there is an account of his playing at the little Haymarket Theatre, which runs as follows: "He played a concerto on twenty-six drinking glasses, tuned with spring water, accompanied by the whole band, being a new instrument of his own invention, upon which he performs whatever may be done upon the violin or harpsichord." In Goldsmith's "Vicar of Wakefield" the "musical glasses" are mentioned as being fashionable.

When Franklin was in London (1762) he saw a performer upon the glasses, who played them by wetting his fingers and wiping them over the brims. Seeking to improve and systematize this instrument and at the same time to extend its usefulness by means of the application of mechanical appliances, Franklin devised an unusual looking instrument which was described thus in Grove's Dictionary: "The bells or basins of glass were ranged or strung on an iron spindle (long rod). The largest and deep toned ones were at the left and gradually rose in pitch according to the usual scale. The lower edges of the basins were dipped in a trough of water. The spindle or rod was made to revolve before the performer, so that all the glass bowls were kept continually going around and around by means of a treadle connected with the spindle and operated by the foot of the performer. The sound was produced by applying the fingers to the wet edges of the bowls as they revolved. Franklin called the instrument the armonica.

Mozart wrote music for this unusual musical machine, and it became very popular in parts of Germany. The composer Naumann wrote sonatas for it, and at one time it was used in some of the court orchestras. Beethoven wrote a piece of twenty-four measures for the instrument. In Germany the instrument was called the harmonica. Its tone was often irritating, penetrating and exciting, and it was said to have had a bad effect upon the nerves of the performers.

Bold, Bad Elephants.

The destructiveness of elephants is shown in a British blue book on the preservation of wild animals in Africa. An official report from Uganda says that "the elephants seem to have become more bold than they were two years ago. I came across flourishing gardens and plantations that had been absolutely wiped out by the herds of wild elephants roaming through the country. The complete destruction wreaked by these beasts is hardly credible, and the natives are getting desperate." The governor of Uganda reported that the elephants "have become so bold that they not only feed at night in the native maize gardens, but actually enter the villages, remove the roofs of the corn stores and help themselves."

What Parisian Sage Will Do or Money Back.

Stop falling hair in two weeks.

Cure dandruff in two weeks.

Stops itching scalp immediately.

Grow more hair.

Make harsh hair soft, silky, and luxuriant.

Brightens up the hair and eyebrows.

As a hair dressing it is without a peer—it contains nothing that can possibly harm the hair. it is not sticky, oily or greasy—it is used by thousands to keep the hair healthy—it prevents as well as cures diseases.

For women and children it is the most delightful dressing and should be in every home. Druggists everywhere, and Wm. Madill sells it for 50 cents a large bottle. The girl with the Auburn hair is on every bottle. Mail orders filled by Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

THE LOCKED GATE

More Effective Than the Intended Ride From the Station.

By RUTH EDWARDS.

"Well, I never!" Gladys sat down on the bank of the little stream and gazed despairingly at the rustic bridge above her. "If that isn't just like him! 'No Thoroughfare' and the gate locked and too high to climb. Now, what on earth am I to do anyway?"

The whispering wind and the lapping waves gave her no reply, and, pulling a letter out of the front of her blouse, she read it for the third or fourth time that day. It seemed to restore her self confidence. She laughed to herself wickedly. "Hum! Mrs. Graham is a dear, but I fancy I've fooled that conceited Jack of hers. No, thank you; no four mile drive with him. I'm down here, to be sure, but I won't speak two words to him all the time I stay if I can help it. So! Oh, dear, I wish I had a boat!"

As if in answer to her desire a red canoe shot out from beyond the bend and came noiselessly down the river. A man sat in the stern wielding the paddle with a swift grace. Gladys arose among the long grass and the daisies. Her mind was made up.

"I beg pardon," she called as he came abreast of her. "Can you tell me if there is a way of getting to Mr. Graham's estate except by this bridge? It seems to be closed."

The man in the canoe rested his paddle across his knees and gazed at her admiringly.

"Why, I"— he began, then stopped. "There is an approach by the road," he said, "but it is quite two miles to the other side."

"Oh," she said, "I know! But I've walked so far already." She glanced ruefully down at her dusty patent leather ties.

"Would you allow me?" he asked eagerly. "I could take you across in my canoe."

She blushed charmingly. "I hate to trouble you."

"I assure you it would give me the greatest pleasure," he said, with another admiring glance.

With a dexterous stroke or two he brought the graceful little craft up to the bank and landed. He was tall and brown and broad shouldered, and as he stood looking down at her he saw a little slender girl with the longest eyelashes that ever drooped over a pair of gray eyes, in a dark blue foulard, bareheaded in the golden sunlight, a big black hat held in one hand. On her forehead and around her ears danced little truant wisps of curly hair.

He helped her into the canoe and piled the gay cushions at her back, then stepped in after her.

"Where are you going?" she asked as he pointed the canoe upstream. "I understood you to say you would take me across," she added, with some stateliness.

"That's such a nasty place to land," he replied apologetically. "It's much better a little farther up."

His dark eyes sought hers, and they both laughed. It was obvious to the most casual observer that the sloping shore of the other side was most admirably adapted for beaching the canoe.

"You seem well acquainted with the river," she said demurely. "Do you know the Grahams?"

He did not answer immediately.

"Yes; charming woman, Mrs. Graham," he admitted at last.

"Oh, yes; lovely. It's a pity her son doesn't take after her," Gladys replied, with high scorn.

Her companion grinned. "It's evident you know him," he said.

"Well, I haven't seen him in years, but when I saw him last he was absolutely the most disagreeable, most conceited and altogether most hateful boy I ever came across." Gladys sat up quite straight among her cushions with a sudden energy.

"Poor Jack!" murmured her companion. "Still, if you haven't seem him for years it isn't impossible that he has improved."

"Improved! Well, I'm sure I hope so. There certainly was room for improvement. But I don't believe he has. The idea of shutting people out by locking up that bridge the way he has! It's just like him. So afraid any one would get into his domains. Just as though any one with sense would want to."

"Exactly. But possibly he wants to keep out that class of people supposed to be braver than angels, you know."

"Fools?" she questioned. Then they both laughed again.

"You're not very polite," she said.

"How can you expect me to be sympathetic when the bridge being locked has given me this pleasure?"

"Oh!" she exclaimed, with incredulous eyes. "Anyway, I forgive you. But if I'd had my way I shouldn't have been here at all."

"Now it's you that are impolite," he said.

"Yes, and ungrateful," she admitted frankly. "It's simply lovely out here. It's the only pleasant thing about the whole trip. Goodness, if you only knew how I hated to come! I wept day and night for weeks. But mother was adamant."

He looked at her appreciatively, wondering how any human being could be proof against eyes like those filled with tears.

"Mothers are inconsistent at times," he said. "Mine, for instance, has been systematically indulging and spoiling me all my life and now has taken it into her head that I must marry a girl she has picked out for me, whether I want to or not."

"Why, that's just the question on which mother and I differed," Gladys gasped. "She and his mother arranged it all years ago, it seems, and he's unmanly enough to keep her to her word, though he must know I hate him. You wouldn't find a girl doing a thing like that!"

"Wouldn't you, though? This particular young lady of whom I speak is of so clinging a disposition that, according to my mother, she will never know happiness unless I brace up and woo. Why in thunder she should be in love with a man she hasn't seen since she was a child is more than I can conceive!" He paddled angrily for a moment. Then once again his eyes met hers, and they laughed.

"We seem to be figuratively as well as literally in the same boat," she remarked. "The thought makes me quite fond of you."

"Ah, if I could but believe you in earnest!" he sighed, with an exaggerated gallantry.

She darted him another look from under her lashes.

"Weren't you smoking when I called to you?" she asked presently. "Why, there's your pipe. Do let me fill it for you. I love to fuss with pipes."

"It's all I need to complete my happiness," he assured her as he handed her his pipe. "My pouch is in the left hand pocket of my coat. Can you get it? It's right behind you there."

She leaned back and secured the thin serge coat, rummaged in his pocket and brought forth a chamois pouch elaborately embroidered with the initials "J. G." in crimson. She looked at the inscription for a moment, then at its owner.

He watched her as she pressed the tobacco into the bowl with a delicate thumb. "There," she said as she handed it to him. "Lean over and I'll light it for you."

She shaded the sputtering match with her hand and applied the flame to the tobacco. Her face was very near his, and it was a face to set a man longing.

She settled herself once more among the cushions. "Isn't this comfy?" she sighed, with satisfaction. "When I remember that walk from Digby in all the dust I can't realize it's me."

"Great Scott! Did you walk from Digby?"

"Yes. You see, they wrote that a certain person would meet me at Grahamsford, so I got out at Digby and walked. Anything was better than a four mile ride with—the person who was coming to meet me. That's why I'm here."

"What a coincidence!" he exclaimed as he knocked the ashes from his pipe. "At this moment I am supposed to be driving home from Grahamsford with a young lady whom I didn't want to meet. That's why I'm here!"

She was busy watching the ripples that followed the canoe.

"It appears to me our mothers have been fibbing," she said musingly.

"Bless their hearts!" he exclaimed fervently. "I forgive them, don't you? Besides, I am just discovering that your mother at least spoke the truth. And I mean to be obedient in all things from this time forth forevermore," he added boldly.

"Amen," she said, with mock solemnity. "But how self sacrificing!" Then, with a look that set his heart beating, "Well, I will not be outdone in filial devotion." Her lashes flickered against her reddening cheek. With one stroke he beached the canoe among the shadows of the trees.

An hour later Mrs. Graham came to meet them down the long avenue bordered with oaks.

"My dear children!" she cried joyfully. "I see it is all right. I knew that ride from the station would be just the thing."

Pennsylvania will get $500,000 this year from the federal fund to aid State troops.

Innuendo.

When founded on fact the malicious hint often does vastly more harm than the full disclosure. It has about it an air of mystery which brings on a train of imaginings and begets groundless suspicions which would quickly melt into thin air were the whole truth known. More especially is this the case when the evil hint is blended with words of commendation. "He's an honest and a temperate man, etc., but"— Oh, that mean, vile, hypocritical little "but" that has severed so many friendships and befouled so many a fair name! Where so much of good is spoken and the mean little "but" uttered with a regretful sigh it often looks like real pity. In reality it is but decking out and garlanding the victim for the sacrifice. The encomium is used only as a means of attaining a dastardly purpose, "With colors fairer painting their foul ends." The slanderer is frequently but a clumsy blunderer; not so the skillful innuendo man. He at least is no bungler. He is a real tactician, a genuine strategist. His is verily the refinement of cruelty. —Baltimore Sun.

Building Superstitions.

In remote times a sacrifice of some kind was always offered at the completion of a building, either public or private. Sacrifices were not only offered at the completion of structures of all kinds. The foundations themselves were usually laid in blood, whether the structure was a castle, bridge, cottage or church. Originally—tracing the subject back to heathenish times—the sacrifice was offered to the god under whose protection the building was placed. In early Christian times the bloody rite was retained, but was given another significance. In those days it was generally believed that no edifice would stand unless the cornerstone was laid in mortar mixed with blood. Usually the blood was obtained by sacrificing a dog, a pig, a wolf, a black cock or a goat, and not infrequently some malefactor's blood was poured out to make the ceremony more impressive.

The smaller the hat the larger the aigrette, or plumage, seems to be the rule.

MINT COIN COUNTER.

New Weighing Apparatus an Interesting Piece of Mechanism.

A most interesting machine recently installed in the United States mint is the automatic weigher for coins of all denominations. Last year the government coined nearly 8,500,000 pieces of gold and 36,000,000 pieces of silver. Formerly each piece was weighed by hand. Seated at long tables, each with a balance in front of her, were from thirty to sixty women "adjusters." It was their duty to weigh each piece. Pieces which were too heavy were reduced with a file. Those that were too light were thrown aside to be put again into the melting pot. Gold pieces were weighed twice, once in blank and once after coinage.

The new weighing machines have each ten balances, which are set according to the required weight of the coin which is being tested. Then they work automatically, each machine taking ten coins at a time. The movement of the beams of the scales determines into which of several chutes the weighed coin shall drop. If it is too light the scale beam moves up and the coin is dropped into the "lights." If it is too heavy the scale beam drops and the coin falls into the "heavies." If it just balances the coin drops among the coins which are of the proper weight. The work is very rapid and very accurate.

There are eight of the weighing machines now in the mint, and they have displaced thirty-four women who earned $2 a day. Even with the weighing machines in operation the entire requirements of the law are not complied with mechanically. The law limits the deviation of coins in bulk as well as in weight. They must therefore be divided into four groups, which are, in the language of the mint, "acceptable heavies," "acceptable lights," "too heavies" and "too lights." A bag of coins, therefore, must not be made up altogether of coins which possess the highest degree of "tolerance" nor of coins having the lowest degree of "tolerance." If a bag were filled with 500 "acceptable heavy" half dollars it might weigh from 500 to 1,000 grains more than a bag filled with 500 "acceptable lights" of the same denomination. Therefore the coins have to be mixed in proper proportion to bring the weight of the bag to the legal requirements.—Philadelphia Record.

Largest Ships Tie Up at New Orleans.

New Orleans is the only city in the United States at which battleships tie up at the wharf. The battleship Mississippi was the first to do so, tying up at the Jackson avenue wharf on her trip up the Mississippi river to Natchez. The battleship Wisconsin followed her example. Many cruisers have done the same thing, including the German cruiser Bremen. This simply illustrates the depth of the harbor. Any ship afloat can come into New Orleans when the southwest pass is thrown open to navigation. Every ship, with a few exceptions, can come in now through south pass, in which is maintained an average depth of thirty-five feet. Southwest pass will have forty-five feet and now nears completion. The harbor averages a hundred feet in depth at low water.—New Orleans Times-Democrat.

Over 12,000 persons attended the Royal Arcanum 'Hospital Day' picnic in a Chicago park.

IV'E TRIED

Los Angeles Times

I've laughed when my heart was breaking,
I've smiled when hope lay dead,
I've even sung at my daily work
With the ache in my throat and head.
I've talked of life with joys and mirth,
While its dead gray ashes heaped my hearth.
I've worked when my task was irksome,
Though my tears fell oft like rain
For the rhythmic throb of a dying heart
Beat, dirge-like through my brain;
"The cross is heavy, O Lord!" I cried,
"List Thou my plea, I've tried—I've tried!"

The Hydraulic Lift Lock

New edition (7th) of the Hydraulic Lift Lock book, just off press. A good thing to hand to summer visitors. Many fine views of the Lift Lock and full description. Only 25 cents. Order from local stationers or at Review Office. 86

A clambake for Uncle Sam's sailors with the fleet in Newport Harbor was enjoyed by 4,000, who paid no heed to pouring rain.

SIGN OF THE GOLDEN LION

CAVAN NEWS NOTES

Happy Groom—Barn Burned—Narrow Escape

Special to the Review.

Cavan, Aug. 25.—Mr. and Mrs. Richard Swain, of Lindsay, are visiting friends in town for a few days, presumedly on their honeymoon. This is a case ,the consideration of which should prove a soothing balm to the injured feelings of many a bachelor or spinster who has met with failure in a matrimonial venture, when we consider the fact that the bridegroom has passed the three score and ten, and was a widower at the time of his last marriage. It also ought to serve as means of encouragement to whose who have not already tried their hand at erroneous impression which often prevails among them that they are the victims of misplaced affection. Mr. and Mrs. Swain were married on July 27th at Lindsay, and have taken up their residence in the above town. The bride was the widow of the late Richard Sutton, of Lindsay, and her maiden name was Miss Susan Wilson.

Mr. Robert Walsh, of the Fallis line, occupied the pulpit of Cavanville church on Sunday night in the absence of the Rev. Mr. Clarry. There was a large turnout of people.

Mrs. Richard Staples arrived home last week after an absence of over a year. Mrs. Staples has been making her home with her daughter, Mrs. Woodsworth, of Winnipeg.

STRUCK BY LIGHTNING

The house of Mr. Jas. Foster was struck by lightning last Wednesday morning during the severe electrical storm which visited this section. Some of the plaster was knocked off the walls, but with this exception the damage done was slight.

Mrs. Angus Kennedy and her daughter, Miss Kennedy, and two grandchildren, the Misses Mazel Bell and Velera Graham, all of Burkes' Falls, are visiting at the home of Mr. Jas. Kennedy. Mrs. Kennedy, before moving to Burkes' Falls, was a resident of Cavan, and will be remembered by a wide circle of friends.

BARN BURNED.

The barn of Mr. Wm. Kerr went up in smoke during the severe electrical storm which visited this section early Wednesday morning. The greater portion of the season's crop, consisting of fall wheat, peas and barley, and also a large crop of hay were destroyed. The buildings were insured.

The residents of the village were awakened during the early hours of Tuesday morning by various catcalls and war hoops of the anti-prohibitionists of the village. They evidently wanted to be heard but not seen. It was a mild reminder of the days when the Cavan blazers were on the war path.

Mr. Tom Newton is busy putting a new roof on the church shed, consisting of wooden shingles, this along with the cement wall, which was recently put around it, should make a very substantial structure.

HIS PRESENCE OF MIND.

Robert Steel, the young man who drives the milk waggon for the 10th concession, happened with an accident on Thursday morning which might have proved serious had he not succeeded in stopping the horses, which were running away. He was proceeding leisurely along the line when the bolt of the whiffletree dropped out causing the tongue of the waggon to drop down; the horses immediately started to run, but were checked in their mad career by their driver, who succeeded in pulling them into the fence before any serious damage was done. Robert escaped unhurt, but he had the misfortune to lose his watch in the melee.

The rural schools in this section has commenced operations again. Miss Fair will make her home at Mr. and Mrs. Bruce Sharpe's.

Mr. Will Hetion left for the Northwest on Tuesday last. He intends to spend two or three months there settling up business connected with the property which he owns around Ox Bow.

BIG PRICE FOR TEAM.

Mr. Fred Bent sold a team of horses right off the binder on Tuesday for the sum of $425. the purchaser being Mr. White of North Monaghan.

MILL IS BUSY.

Cavanville grist mill is once more in active operation after being closed down for the past two months while undergoing repairs, Mr. P. Ball is now better able to handle the trade of his customers with the best possible advantage.

Mr. Ardath Coe, son of Mr. John Coe, of Toronto, and a former resident of Cavan, is down visiting friends during the few remaining holidays.

Friends and acquaintances of Fred McLaren, will be sorry to hear that he is incapicated from work owing to an injury which he sustained to his foot. We all join in wishing him a speedy recovery.

Miss Maggie Vance, of Ida, is on the sick list with diphtheria, but is making rapid progress towards recovery, as the attack was only slight.

Mr. and Mrs. Matt Hutchinson, Miss E. Hutchinson and Lou Hutchinson have gone on a two weeks holiday to Atlantic City and New York.

Miss Jennie Vance of Frobyshire, Man., is visiting at the home of her parents, Mr. and Mrs. Robert Vance, Ida.

BETHEL NEWS

Special to the Review.

Bethel, Emily, Aug. 25.—Harvesting is nearly at a standstill again these last few days, on account of the recent rains. Nearly all the farmers are finished cutting; but there is a large quantity of grain waiting to be taken into the barn when fair weather arrives. There is also a scarcity of farm help in this vicinity, and a few good capable men could find good positions around here from now until the ground freezes up.

The berry crop in the vicinity is over again for another year. On an average there has been a fair yield of both strawberries and raspberries.

Those in attendance at the Epworth League last Thursday evening had the pleasure of listening to a very inspiring and interesting address on "Deaconess Work," by Miss Mabel Moore, deaconess from Peterborough. Miss Moore leaves this month for her appointment at Collingwood, and the best wishes of the league for every success in her work will go with her.

We are sorry to hear of the illness of Miss Lillian McCarrell, and hope for a speedy recovery.

While Mr. Sayward Switzer was starting out to league last Thursday evening he discovered in his orchard seven coons, a few were in the trees, while the remainder were busily engaged on the ground eating the grain. However, as the fur of coons is not very good at this season of the year, no attempts were made to molest them.

Mr. and Mrs. S. Deyell have purchased a farm in Smith township, near Lakefield and have sold their property in this vicinity to Mr. Wm. Kerr, who, with his wife and family, have returned from a four months' visit to the west.

Mr. Pennington McConnell intends leaving to-morrow for a trip to the west.

School opened to-day, and is under the management of Miss M. Fee. Miss Fee has had ten years' experience as a teacher, and we feel assured the section are to be congratulated in obtaining her.

Mr. and Mrs. J. T. Switzer, of this vicinity and their daughter, Mrs. Lang, from near Peterborough, had a pleasant trip to Gore's Landing and return last Saturday.

YOUNG'S POINT

While many new arrivals are being registered daily at the Lakeview House, some are leaving, after spending an enjoyable holiday. Among those who will be most missed are Mrs. Byrne and her daughter, of Chicago, who leave for home next Saturday.

This place being easy of access by land as well as by water, many from Peterborough avail themselves of the lovely drive during the summer, more particularly on Sundays. Quite a number drove out last Sunday and enjoyed the scenery and refreshing southerly breezes that were wafted up the long stretches of Lake Katchewaka.

Among the incidents of the week was that of two young lady visitors on pleasure bent, who undertook a trip round the lakes on Saturday. One of them in the meantime had made a "mash." As absence made the heart grow fonder, her inamorato lingered by the dock until the return of the boat at midnight. Before the boat struck the dock, he vaulted the chasm greeted his fair one, clutched her satchel and gallantly helped her to reach terra firma. During her absence he had changed his clothes and as they had but merely met that morning, she did not recognize him as the same person, and consequently mistook him for one of the boat hands, but when he proceeded to escort her to her destination she assumed a cavalier air; kept at a respectable distance and gave evasive answers to the many questions he plied her with. Undaunted by the coolness of his reception he kept right on until eventually she identified him as the same young man. The scene was changed. Their hilarity thenceforth until they reached their destination can be vouched for by the denizens of Young's Point awakened from their midnight slumbers. Upon their arrival she placed her hat of modern dimensions upon the centre table, and in doing so, inadvertently pushed off the centre-piece without noticing it. Her attendant noticed it, however, and ever ready with his services, picked it up, and thinking it was her handkerchief, carefully folded it and placed it in the crown of her hat. The last thing upon retiring she discovered the centre-piece in her hat and wondered where it came from and how it got there. Up to the hour of going to press she was not able to solve the mystery.

Another incident of the week was a sail in a launch on Sunday that did not materialize. This erratic boat, like a baulky horse, would only go at its own sweet will. An American expert being present, and conscious of his own abilities to remedy the defect in the machinery, proceeded at once to make an inspection, and by a little manipulation made it work like a charm—so he thought. Enamoured of his skill, he at once issued invitations to two of the charming young lady visitors and two of their respective sparks, one hailing from the Dominion Capital, and the other from the Flower City beyond the blue waters of Lake Ontario. The ladies having been assigned the most comfortable seats, with their gentlemen friends in juxtaposition, the motor man with pardonable pride, turned on the power, when lo! the boat did not budge. Every device known to the scientific mind was resorted to, but without success. Having in the meantime drifted from the shore, and being unable to return, they continued to drift slowly and aimlessly into the fading twilight, and eventually the moonlight before they struck the opposite shore, but with kindred spirits for companions, what cared they for the twitting and chaffing of the spectators at their helpless plight in the good old summer time.

The Red troops won a brilliant victory in the manoeuvres at Pine Camp, N.Y.

LAKEFIELD NEWS

(Special to the Review.)

Mrs. C. J. Burgess left for her home in Burford after a pleasant visit in Lakefield.

The 12th of July will be celebrated in Lakefield next year.

The Lakefield printing staff are enjoying two weeks holiday.

Master Wilbert Frise returned to his home in Peterborough after spending a week at his aunt's, Mrs. W. M Edwards.

Miss Nettie Mecoy and Miss Lorene Palmer left for their home in Toronto after a very pleasant visit in Lakefield.

Miss Ologa Kelly of Peterborough is the guest of Miss Cathleen Vincent of Lakefield.

Miss Cora Hunter who has been spending the last few weeks at Stony Lake returned to her home in Lakefield.

Mr. Fred. Jones of Toronto spent the week end at Merricanna.

Miss Maud Leahy and Mr. Harry Leahy of Peterborough spent a couple of weeks at Merricanna.

Rev. T. W. Leggot is at present visiting his brother, Mr. S. R Leggot

Mr. John Charlton of Lakefield was called to Lamayan owing to the illness of his brother, Lawrence Charlton.

Mr. James Mahood has returned home from Ohio. where he attended the funeral of his nephew, Mr. Harold Fitzgerald, son of Mr. Hugh Fitzgerald, formerly of Lakefield.

Miss E. Girven spent Monday in Peterborough.

Mr. Walsh. who has been employed by the Cavendish Lumber Company left for his home in Ogdensburg. N. Y.

Mrs. C. Stone and Mrs. L. E Thompson of Davidson, Sask., are the guests of Mrs. R. Girven. Lakefield

Mr. Wilbert Lenford of Lakefield spent Monday in Peterborough.

MILLBROOK NEWS

Special to the Review.

Millbrook, Aug. 24.—Mr. Harry Sing, of Port Hope, is a visitor at the home of Mr. Fred. Brown, Carmel.

Miss Barton left last week for a month's holidays with her sister, Mrs. Smith, Kingsville.

Mr. John Kruger was present at the gathering "o' the clans" at Campbellford last week.

Master Clifford Lowes, son of Mr. Elias Lowes, Peterborough, is spending a few days at the home of his aunt, Mrs. Westall.

NEW WALKS.

In accordance with the new by-law which was recently enacted, the council are energetically pushing the construction of the new sidewalks, and the reconstruction of the old ones. Work will also be commenced on the main road from the station down to the Presbyterian church, it being the intention of the council to have it completed for the fall trade.

Dr. Jamison has returned home after a very pleasant trip down the St. Lawrence River.

Mrs. Tom Larmer, of Peterborough, sister of Mr. Jim Donaldson, of Millbrook, has secured the position of saleslady with Kells & Fowler, dry goods, recently vacated by Miss Clarke.

Quite a large crowd of our people took in the Cobourg horse show on Thursday, the G.T.R. having provided a special train to convey them there. Mr. Wm. Leach and David Henry, of Millbrook, were among the exhibitors.

Miss Lila Clarke, book-keeper in George Burnham's store, has gone to Toronto on a two weeks' holiday.

Friends and acquaintances of Mrs. Robert Edmunds will be sorry to hear that she is on the sick list these days. We all join in wishing her a speedy recovery.

PARSON BOUGHT PONY.

The Rev. Mr. Johnston, of Millbrook Presbyterian church, has purchased a Shetland pony, which no doubt will become a general favorite with the juvenile members of the family.

Last Sunday concluded the union services which have been held between the Methodist and Presbyterian churches for the past month. The Rev. Mr. Rogers preached in the Methodist church in the morning and in the Presbyterian in the evening.

BENEDICTS BEAT BACHELORS.

A baseball match was pulled off last Friday afternoon between the Bachelors and Benedicts, in which the latter won by a score of 10—5. The game was hotly contested from start to finish.

Mrs. Wm. Eakins and Masters Harry and Jack left on Tuesday to join her husband at Shoal Lake, Manitoba.

Mr. and Mrs. Herb. Russell were presented with a young daughter on Aug. 12th.

The Misses Anna and Mollie Kells, who have been spending their summer holidays at New Jersey, returned home last week after an enjoyable vacation.

Miss Pickup, Miss Locke, Mrs. Buchanan and Miss Richardson rendered very excellent music at the conclusion of the union services on Sunday last.

Dr. B. C. Whyte, of Port Hope, was out for a few days last week visiting friends in and around Millbrook.

Mr. A. J. O'Hara, of Bensfort, has purchased a site in Millbrook on which he intends to erect a creamery, to be opened about the first week in November.

Misses Laura and Ethel Crocker left for Rochester last week for a short vacation.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. Reutrn tickets at single fare will be issued via Grand Trunk Railway System from all stations in Canada, west of Cornwall and Ottawa, good going August 27th to September 10th inclusive. Return limit September 13th, 1910. Special low rates will also be in effect on certain days.

Full particulars and tickets from any Grand Trunk agent.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

AFTERMATH OF WRECK (IN WHICH) PASSENGERS IN G.T.R. TRAIN PERISH WHILE ASLEEP

Engine Comes up Behind Fast Train and as Result of Some Oversight Plunges Into it, While Passengers Are in Their Berths—Flagman Who Went Back to Put Out Stop-Signals Has Disappeared.

The Dead.

James McBean, Chicago.
Mrs. Alma Woodward, en route Belfields, N.D., to Port Huron, Mich.
Nurse accompaning Mrs. Woodward from St. John's Hospital, Halifax.
Mrs. Squires, residence unknown.
— Squires, 10 years old.
Mrs. E. M. Gilpin, Chicago.

Injured.

Mrs. Leslie Dochlar, Tavistock.
Albert B. Watts, Edmonton, Alta.
Mrs. F. H. McBean, Chicago, mother of James McBean, who was killed.
Mrs. S. A. Sheltez, Chicago.
Clinton A. Davis, Montreal, son of Mrs. Woodward, who was killed.
George Nelson, fireman of the second train, probably fatally scalded.
Burt Mitchell, engineer of the forward train; crushed; may die.

Durand, Mich., Aug. 26.—Superintendent Sharke of the Grand Trunk Railway gave out a statement last night that six passengers were killed, five were injured and eight escaped without injury from the telescoped Pullman car in the Grand Trunk rear-end collision, three miles east of here, late Wednesday night, when the Pullman car Nebraska, in eastbound train No. 14, was demolished and set on fire by the locomotive passenger train No. 4.

The forward section of No. 14 had stopped because of an accident to the airbrakes and Engineer Mitchell had crawled under his engine to locate the trouble, and was still there when the crash came.

The locomotive of the section following, No. 2, plowed half way through the sleeper Nebraska, and the locomotive's firebox set fire to the car.

The passengers in the rear berths had not the slightest chance to escape and those not killed by the crashing timbers as the locomotive forged through the sleeper were burned to death in the fire that followed.

The cause of the wreck is veiled in mystery and an inquest will be held by Coroner Patchell. The State Railway Commission will also likely conduct an enquiry, as it is stated that former strikebreakers figured largely in the crews of both trains.

"If the Grand Trunk had been a little more prompt in fulfilling its promises to its former employes the wreck would probably not have occurred," said R. M. Branton, president of one of the brotherhoods of railroad trainmen locals. "The crew of the wrecked passenger train was evidently inexperienced."

Passengers who escaped the wreck at Durand, Mich., reached Toronto at noon yesterday, and gave vivid accounts of the catastrophe.

D. F. Gillespie, of Elgin, Ill., was in the telescoped car, about the middle. He was nearly burned in the debris, and nearly suffocated by steam, gas and heat. Breaking through a window he escaped with a few clothes. Ten were killed in the car.

Wm. Johnston of Edmonton, on his way to visit his brothers at Islington, says the collision came immediately after the torpedoes exploded, while F. J. Crofton said the wreck occurred 20 minutes after the train had been stalled. He was in a day coach, and was knocked out for a while.

"The engineer of our train was under his engine when the crash came. He was pulled out from the centre of the first coach, so far had the crash pushed the train. His scalp was completely torn off," said one of the Pullman porters.

According to Miss Kate Moxley of Auburn, N.Y., who was in the coach next to the one wrecked, the collision was not very violent, for she imagined that another car was being coupled on.

"Presently a man came into the car and told us we were quite safe, but we had better get dressed and get out on the track as the car behind was on fire," said Miss Moxley.

"The most singular thing about the whole affair was that not a groan was heard, everything was as quiet as if nothing had happened, there were no agonizing groans heard at all.

"The hero of the hour appeared to me to be a man who got off the train at West Toronto. He was in the ill-fated car and escaped in his pyjamas, but not waiting to dress, he ran into the wrecked car and succeeded in saving three women. I think he is J. E. Dade of Little Forks, Minn."

"There was a nurse, a Miss Harriet Harby, the superintendent of St. Barnabas Hospital, Indiana, who deserved great credit, too. She at once went to work with the wounded engineer and fireman. The latter was so badly injured about the head that his brain was visible, and Miss Harby was most courageous and useful.

"There were no groans heard at all after the first few minutes."

Dr. C. S. Dunham of Frankville, Ont., was another of the passengers on the train.

Arthur B. Watts, who is reported to have had his face and hands burned, is editor of The Edmonton Daily Capital and Saturday News, and was formerly editor of The Woodstock Sentinel-Review. He is a son of the late Sheriff Watt of Brantford, and is a graduate of Toronto University.

R. F. Park, secretary of the Toronto Electric Light Co., was one of the passengers on No. 14, and while he escaped injury, he received a severe shock to his nerves.

Company's Statement.

Montreal, Aug. 26.—An official statement regarding the accident at Durand, Mich., Wednesday night, says:

As a result of preliminary investigation, it is shown that the flagman went back a little over half a mile and gave proper signals to stop the New York train. It was a clear night, and the lights and switch lights in and round the station at Durand could be seen plainly from where the Montreal train stood. The flagman gave stop signals with his red lamp continuously until the New York train exploded the torpedo which he had put on the track, and the flagman had to get off the track to keep from being run over.

Further investigation is being made as to why the New York train did not respond to the signals. The markers on the rear of the Montreal train were properly displayed, and after the accident occurred the one on the left-hand side was found on the ground sitting upright and the light still burning brightly.

The conductor, who was standing at the rear of the Montreal train heard the torpedo explode and saw his flagman giving the stop signals. There were also passengers on the Montreal train who were standing on the ground and heard the torpedo explode and saw the stop signals given.

LAURIER AT WESTMINISTER

Demands "Stagger" a Progressive But Economical Government.

New Westminster, B.C., Aug. 26.—The royal city gave Sir Wilfrid Laurier a hearty welcome. The visit here was not on the original schedule, and was made possible by the fast trip of the G.T.P. steamship "Prince George" down from Prince Rupert to Vancouver. During the trip Sir Wilfrid passed President Hays and Chairman Smithers of the Grand Trunk Pacific, who were en route to terminal city.

Like Vancouver, this city asked for harbor improvements, which would make New Westminster the "Montreal of the West," and put the Frazer River on an equality with the St. Lawrence. The local Trades and Labor Council asked for the abolition of the bonus to aid immigration, exclusion of all Orientals, an eight-hour day law, public holiday for elections, and abolition of property qualification for candidates for Commons. They described the Lumbermen's Association as an "essential trust," and they condemned the Belcourt Anti-International Union Bill. They also asked for the Dominion co-operative act, and commended the appointment of the Commission of Technical Education.

Sir Wilfrid, regarding bonuses, explained that bonuses were given only for agricultural laborers, and not for artisans. Demands for harbor developments he met by the statement that he was "willing to do every thing that is to be done," but added that these demands "staggered a progressive but economical Government." (Laughter.)

J. D. Taylor, Conservative M.P., took a leaf out of Premier McBride's book and occupied a seat on the platform. J. D. Thornton, M.P., of Ontario, accompanied Mr. Taylor.

CORPSE UPSET FROM DEAD WAGON FLOATS IN WATER

New York, Aug. 23.—A sleepy old horse, which had drawn a west side undertaker's waggon for years in most approved funeral pace, imitated a vain thing to-day and ran away, causing a weird accident. After a wild flight of several blocks the horse and waggon plunged into the Hudson River. The doors of the waggon flew open and a casket containing a body floated down stream. The driver managed to save himself. The night-watchman of a pier swam out in the tide and towed the casket ashore. The horse and waggon were finally lifted to a dock.

BAD FIRE IN WELLANDPORT WITH A LOSS OF $30,000

Mysterious Blaze Wipes Out Half of the Business Section Arthur Powell Has Left the Vicinity, Taking With Him One of His Employers Horses.

Welland, Aug. 26.—The village of Wellandport suffered a bad fire early yesterday morning, whereby all of the northern half of the business section was wiped out, with a loss of $30,000, one-third covered by insurance.

The origin is a mystery. It broke out in Goring's general store about 3.30. There were no lights or fires about the place and everything was in good shape when Goring had locked up at 11 p.m.

Suspicion exists that Arthur Powell, an English lad, aged 16, employed by Emerson Jamieson, a farmer, knows something about the affair. Powell disappeared from the Jamieson home about midnight, taking one of Jamieson's horses and a buggy. Yesterday morning at nine o'clock he was seen driving west at Smithville. A warrant has been issued.

Manager Urquhart of the Sterling Bank was awakened at 3.30 by breaking glass, and found the front of the Goring store ablaze. In half an hour the flames were being fought by two or three hundred villagers. Being without regular appliances there was nothing for it but to form a bucket brigade. In two hours the fire had burned itself out, for the buildings were all frame. The south side was saved largely by reason of the wind, though Walter Misener's house, the Empire store, Flatt's house, and a store owned by Sutherland, caught at different times.

Losses are: J. R. Goring, postoffice and residence, value $1,800, insurance $1,200; W. E. Ricker, house and barn, value $1,500, insurance $1,000; R. J. Goring, store building, general stock, value $15,000, insurance $4,500; J. Huber, barn and dwelling, value $1,000, insurance $650; W. T. Sutherland, shop and contents, harness and implements, house and contents, value $5,000, insurance $1,500; Walter Abel, residence (J. A. Ross, M.P.P., owner), value $900, insurance $500; F. Flatt, barn (H. B. Brooks, owner), value $1,500, no insurance; Bell Telephone Co., office and fixtures, $1,000.

The Gore Mutual of Galt carried most of the insurance. R. J. Goring announces that he will not rebuild, but James A. Ross, M.P.P., has decided to at once begin the construction of a brick block for stores and offices.

Adam Beamer, a farmer four miles north of Wellandport, brought into town a number of charred shingles that had dropped on his farm.

In 1882 almost the entire village was destroyed. J. R. Goring is the only one who suffered in both fires.

LIEUT. MORRIS THREE POINTS AHEAD FOR GRAND AGGREGATE

Despite High Wind Yesterday Good Shooting is Done at the D.R.A. Matches—English Cadets Beat the Canadian Boys in Special Team Match.

Ottawa, Aug. 26.—There was a very strong wind at the D.R.A. matches yesterday, so strong that many put as high as 25 degrees of wind on their sights, in the Burland match at 1,000 yards. The wind was very tricky, but in spite of these unfavorable weather conditions, Sergt. Armstrong of the 13th, Hamilton, put on eight bulls, making a possible.

The executive has under consideration the adoption of a uniform sight for next year. As it is now, the sights are so varied that every rifleman can have a pet one of his own.

The grand aggregate match is nearing a close. There is only one more range, with a possible of 35, to shoot over to-day. Lieut. Morris of Bowmanville has a lead of 3 points now. The leaders are: Lieut. Morris, 46th D.C.O.R., 271; Col.-Sergt. Freeborn, 13th, 268; Pte. Bailie, G.G.F.G., 264; Sergt. Carmichael, Alberta, 262; Pte. Clifford, 10th R.G., Toronto, 262; Sergt. Mitchell, 13th, 262; Lieut. Forrester, Canadian Engineers, 262.

In the special team match at 200 and 500 yards (possible 700), ten English cadets defeated ten Canadian cadets by 606 to 569. The Canadian team scores were: W. Luddy, Dundas, 200 yards 30, 500 yards 31; C. Mallette, Dundas, 31 and 31; H. H. Hawkes, Toronto, 30 and 18; R. L. Hughes, Toronto, 26 and 26; J. H. Gould, Toronto, 27 and 31; P. Landrigan, Prince Edward Island, 30 and 27; G. W. Devitt, Toronto, 30 and 31; A. D. Bell Irving, Victoria, 29 and 29; G. Holder, Ottawa, 30 and 31; J. Loggie, Hamilton, 27 and 26.

Teams of six men from any corps, at 600 and 800 yards:

1. Cup and $60: 91st Highlanders, Hamilton, score 527, viz., Team Major McLaren 92, Capt. Millen 90, Staff-Sergt. Garson 87, Sergt. Stoddart 87, Sergt. Neal 83, Pte. Sleeson 88. 2. $48: 6th D.C.O.R., Vancouver, 526. 3. $38: Royal Canadian Regiment, 525. 4. $32: G.G.F.G., Ottawa, 518. 5. $18: 3rd Vics., Montreal, 517.

For teams of four officers, 200 and 600 yards: Winner, 6th D.C.O.R., Vancouver, score 361.

One hundred and fifty-nine prizes, value $882, 600 yards, 7 rounds: $17.67 and cup, Lc.-Corpl V. A. Driver, 90th, 35; $17.67, Pte. A. Gordon, 91st, 35; $17.66, Capt. V. R. Spearing, 53rd, 35; $12, A. R. Sergt. J. Moscrop, 6th D.C.O.R., 34.

METHODISTS CONFERENCE NAME REPRESENTATIVES TO WESLEYAN CONFERENCE

Victoria, B.C., Aug. 26.—The superannuation committee of the Methodist Conference yesterday morning sustained the constitution of the church, in that widows of ministers must remain members of the church in Canada. The conference endorsed the proposition of an endowment fund for superannuation.

Rev. F. C. Stephenson was elected mission secretary and Rev. J. Woodworth senior superintendent of missions.

A telegram from Prince Rupert was read, saying that Premier Laurier had declined a Sunday outing in order to keep the laws and to give proper example.

The election of fraternal delegates to British Wesleyan, Irish Wesleyan and other British Methodist churches resulted in Rev. Dr. Burwash of Victoria College and N. W. Rowell, K.C., being chosen, while the delegates to the M. E. Church of the United States are W. H. Heartz and James Aikins, K.C., of Winnipeg.

The commission on conference boundaries had a skirmish at the Methodist General Conference over the recommendation to disband the Bay of Quinte Conference and form another, including a part of the City of Toronto, to be called the Toronto East Conference. The Toronto men protested against this decision, and other delegates sympathized, as they thought the Bay of Quinte district was too circumscribed in its run of good circuits.

Several changes are to take place in the superannuation fund constitution, and some new provisions are that no minister's widow will have to receive an annuity of less than $125, and that a superannuated minister will receive an annuity for life.

Yesterday afternoon specific restrictions in the church discipline were swept away and in their place a general admonition as to good conduct consistent with Christian life was substituted. This ends the famous footnote controversy.

Rev. Dr. J. S. C. Speer of Toronto made an amendment, seconded by Rev. Dr. Hincks, that it should not be assumed that the rules were set forth as a legal enactment to bind the people of the church in bondage, but as a guidance to spiritual life. Rev. J. Pitcher of Gananoque, Ont., also made amendment, holding the rules themselves were sufficient, and the footnote unnecessary. He was supported in this by Rev. G. W. Henderson of Peterboro, Ont.

DISASTROUS FIRES ARE DUE TO POOR WATER

Syracuse, N.Y., Aug. 26.—In a paper read before the International Association of Fire Engineers yesterday, Chief Edward F. Croker of New York declared that the most disastrous fires that have visited this country have been due to inadequate water facilities, and that mains, ordinarily good, fail in great conflagrations, and that to this is due the failure to cope with them.

Chief Croker said the fire departments should not hesitate to ask for all needed improvements for fire fighting and that cities should grant appropriations for such.

In a discussion of telephone alarms, the chiefs declared preference for box alarms, as telephones caused trouble and was often indefinite. They were good as auxiliary alarms only, they held.

Chief John Thompson of Toronto, Ont., will be elected president. The only contest is for the second vice-presidency, between Chief Thomas W. Haney of Jacksonville, Fla., and Chief H. F. Magee of Dallas, Texas.

There is said to be no opposition to Milwaukee as the next convention city.

STRANGE DEATH OF A HORSE

Belleville, Aug. 26.—Walter H. Reeves died Wednesday. His father owned a horse which the dead boy used to drive. Yesterday morning a brother hitched up the horse and drove it to the front of his father's house, where the body was lying. The horse whinnied a few times, looked around as though for someone, and dropped dead.

Bought Sweetheart With Beer.

Niagara Falls, N.Y., Aug. 26—"Why, no, he let me have her for a quart of beer," Isadore Heinrich, German brewery worker, told Judge Piper, when asked if he had not stolen Joseph Siebold's sweetheart, Lena Webber. Isadore wanted to swear out a warrant charging Siebold with assault, but the julge placated him.

Dies From Blood Poisoning.

St. Catharines, Aug. 26.—George Bowman, the 14-year-old son of Jos. H. Bowman, has died here from blood poisoning. The boy cut his foot slightly ten days ago, and he opened the wound to let the matter out, with a needle. Very soon symptoms of blood poisoning appeared.

FOOTBALL INJURIES WERE FATAL

Brantford, Aug. 26.—Ernest Savage, son of George Savage, farmer of Hatchley, is dead from injuries received while playing football in a game between Harley and Hatchley teams at Morris Woods on Friday last. The game was very rough. Savage made a check on Charles Radford, a Harley player, who had the ball, and it is thought he received Radford's knee in the stomach, causing internal injuries. A young man named Robinson was also badly injured, but will recover.

FRENCH'S REPORT ON THE MILITIA

London, Aug. 26.—The Canadian Associated Press learns that a copy of the report of Gen. Sir John French upon the military organization of the defences of the Dominion has been forwarded to Ottawa. The conclusion arrived at by Gen. French is understood to be entirely favorable. He accords unqualified praise to the spirit in which the voluntary forces meet the demands made upon them. He strongly recommended as far as the western provinces are concerned, that much more attention should be paid to cavalry and mounted infantry training, and that additions as specified in the report should be made to artillery.

MYSTERIOUS DISAPPEARANCE

Niagara Falls, Ont., Aug. 26.—Deep mystery attaches to the receipt of a telegram dated from Niagara Falls, N.Y., relating to the disappearance of Harry Campbell, 17, and Bernard Beach, 18, two country lads from Kalida, Ohio. Raymond Campbell and Charles Beach are here from the Ohio village conducting a search for the missing boys. The boys arrived at the Falls on Tuesday morning on an excursion, intending to stay a few days on the Canadian side, they said, before leaving for home. On Wednesday a telegram to Campbell's father, who is seriously ill, read: "Come quick. Harry." The message caused alarm in the Campbell home and two searchers were sent here to make inquiries. None of the Falls telegraph offices can trace the telegram. The police on both sides never heard anything of the missings boys. The two lads apparently dropped out of existence as completely as though the earth had suddenly swallowed them.

LATE TICKS FROM WIRES

Arthur Hunt, aged 14, an orphan, was drowned at Peterboro.

Buffalo's population is officially announced as 423,715, an increase of 20 per cent.

Contracts have been filed for the building in Wausau, Wis., of a Government experiment station for testing wood pulp.

The Yarmouth (Eng.) Guardians have been informed that the boys who have emigrated to Canada are doing well, earning two dollars weekly with board. They decided to continue the emigration scheme.

The wind was so strong in Brantford yesterday that it blew $160 in bills of various denomination from the counter of R. J. Montgomery, local retail liquor dealer out into the street. Montgomery recovered only $100.

The Russian Ministry of War has placed an order for artillery amounting to $1,450,000 with the Creusot Works in France. The appropriation was voted with the understanding that it would be expended in Russia.

MOIR TRANSFERED TO THE CENTRAL

Toronto, Aug. 26.—It will be a great surprise to many to learn that Moir, the insane murderer, who recently made his escape from the Hamilton Asylum, is again away from that Institution, but this time under supervision of the necessary authorities. On Wednesday afternoon he was brought down from Hamilton on the C.P.R., and is now located in a cell at the Central Prison.

The removal was effected secretly, and it is believed that the Hamilton authorities considered him too dangerous a man to have in an asylum. It is believed that Moir is eventually to be taken to the Kingston Penitentiary, but no details of any further removal could be gained.

It was supposed that the provincial Cabinet would pass an order in council, creating an insane ward in the Central Prison, but at the conclusion of the Cabinet meeting yesterday afternoon Hon. J. J. Foy, acting Premier, refused to say anything about the matter.

Warden Gilmour decline last night to say what special arrangements were being made for looking after Moir.

"The unfortunate man has been given too much notoriety already," he declared.

EARL GREY MAY CUT TOUR SHORT

Ottawa, Aug. 26.—Sir Wilfrid Laurier, who will conclude his tour by a speech at Medicine Hat on Wednesday, will at once return east, with a view of reaching Montreal in time for the opening of the Eucharistic Congress.

It is also stated that Earl Grey has his eyes upon the big gathering in Montreal the week after next, and unofficial advices have reached here that His Excellency will cut out his visit to Newfoundland, and will reach Montreal early in September, instead of on Sept. 15, as originally contemplated.

CHARLES HARDY UNDER ARREST

Toronto, Aug. 27.—Charles Hardy, alias "Cockney Charlie," wanted since May for the murder of Thomas Horder, proprietor of the Saranac Hotel, Queen and Soho streets, was arrested yesterday at Fort Frances, Ont. Detective Sockett will bring him back.

Horder was struck by this man on the night of May 17 last and died a week later of a fractured skull.

Carried Off Safe.

Winnipeg, Aug. 26.—Burglars visited five places of business at Brandon Wednesday night, but the prizes were small, except on the McLean Piano Co.'s premises where, unable to break open the safe, they removed it bodily, having a wagon handy, apparently. The safe, which weighed about a quarter of a ton, only contained about $70. The only clue is the wagon.

Duke of Norfolk Will Not Attend.

Montreal, Aug. 26.—The announcement made last night on behalf of Archbishop Bruchesi, that information had been received from England stating that the Duke of Norfolk could not attend the Eucharistic Congress, has caused keen regret among Roman Catholics.

German Gets Busy.

Niagara Falls, Ont., Aug. 26.—William Manley German, Liberal member for Welland, is in Ottawa, holding a conference with Deputy Postmaster-General Coulter regarding free mail delivery for this city.

POWER AND LIGHT SUFFER BY STORM

Hamilton, Aug. 26.—A severe wind and electric storm visited this neighborhood yesterday evening and did great damage. The Cataract Power Co. and the Bell Telephone Co. seem to have been the worst sufferers. The former had several transformers blown out, these were stopped and the lights out for a short time, while the Telephone Company had a number of its wires crossed. One of the police boxes and a circuit of the fire department systems were put out of business by the storm.

Roosevelt After Grafters.

Buffalo, N.Y., Aug. 26.—Theodore Roosevelt pledged himself to the men of Buffalo yesterday to help them and all sincere citizens to fight crookedness wherever it was found

"I'll help you just as I did in the past," he said, speaking to the Ellicott Club, whose guest he was at breakfast an hour after sunrise.

Russia Needs Iron.

St. Petersburg, Aug. 26.—The Minister of Commerce yesterday called a meeting of representatives of the metallurgical industry to discuss a proposal for the temporary free importation of pig-iron to relieve the iron famine and counteract the excessively high prices of iron in Russia.

PICKPOCKET ESCAPED POLICEMAN RESIGNS

St. Catharines, Aug. 26.—Constable Book of Grimsby has resigned in consequence of the escape of a pickpocket at Grimsby Park a week ago. Book states that when the pickpocket was handed over to him, he brought him into Manager Wylie's office. While he was there with the prisoner, the lights went out, and while they were off Wylie chased the pickpocket out of his office.

Book then states he went out to hunt for the pickpocket, but Constable Swayzie states that Book was at his home when he rang him up ten minutes later.

S.O.E. Trippers Return.

Montreal, Aug. 26.—The 150 members of the Sons of Enlgand, who have been visiting England, arrived last night on the steamship Royal George.

The Daily Review

FRIDAY, AUG. 26, 1910.

EVEN A BISHOP COULDN'T

Bishop Ingram, of London, is visiting his brother on a farm up near Aylmer. His Lordship sat on the fence whil: the cows were being milked, and in other ways showed that he was a man first and bishop afterwards. But His Lordship couldn't milk, showing that after all there are some things that a man of ponderous mind cannot grasp, and the something in this case were tits on a cow.

HARMLESS LUNATICS

We are lonesome. No one has been in for a whole day to tell us how to run a newspaper, or ask us to give him a puff or keep his name out of the paper. The man who knows how to run a newspaper better than we do is the most common visitor. True, he never wrote a line in his life, but he knows how a newspaper should be run. THIS should be left out, THAT should never appear in print, and THE OTHER THING should be enlarged upon. So many mistakes should not be made. THIS man should be eulogized, THAT man should be criticized and condemned. And we listen—harmless lunatics are always entertaining.

THE POPE INTERFERES

Even His Holiness Pope Pius X. is out with a decree against the prevailing fashions, and priests across the ocean are denouncing the "scandalous attire" in which women have been appearing in public. However, that will not make any difference. If an angel from heaven came down with a sword of fire, woman, lovely woman, would keep on in her own sweet way. "As well out of the world as out of fashion," is a saying that is very true, and while many decry fashions they do so only because they have not got the money to dress to the limit themselves.

DEPORTATION

We have a postal card addressed to the editor of the Review, which says that all the people who have come to Canada within the last fifty years should be deported. He also says other things about "physiological psychology" which are too deep for publication. Anyway, the name is not signed and we do not publish letters unless we have the name as a guarantee of good faith. Fifty years is a long time to go back for deportation. We might better say some people had better been smothered at birth. But what is annoying is to have Englishmen, Irishmen, Scotchmen, Dutchmen and Yankees come to this country without special invitation and then "damn" it on every occasion. There are no chains on them, and if they don't like it why don't they get out? The educated Englishman, Scotchman, Irishman, Dutchman or Yankee is a fine fellow, and a treat to listen to, but the scum of the earth which blow across one's trail occasionally, and talk about the way they do things at home, it is these fellows that give us a pain, and it is these fellows who seldom make good citizens, and it is these fellows who make fine scabs, and who make the smallest money for a day's work.

THE GRAND TRUNK PACIFIC

It is noticeable that in all the reports of the speeches made by Sir Wilfrid Laurier and his touring party in the west, no reference is made to the Grand Trunk Pacific, that white elephant which is eating away millions of borrowed money. The Premier, with consummate tact—a tact that sometimes savors strongly of deception—has failed to tell the people of the west where he got his famous "mountains of information" which led him to state that the cost of the entire road to the taxpayers of Canada would be only $13,000,000. He omitted to explain why two years after this famous prophesy, Mr. Fielding from his seat in Parliament, declared that the cost would be $53,000,000 an estimate, he added, based on competent engineering authority. What are the real facts of the case? The National Transcontinental, according to the admissions of the Minister of Railways last session, will cost between $225,000,000 and $250,000,000, and present indications foreshadow that this enormous sum will have been spent largely in the interests of United States ports, such as Portland and Providence, and our own Canadian ports of Halifax and St. John will be side-tracked and this in spite of the fact that the Maritime Provinces are doing their full share towards providing the money to build the road.

The Grand Trunk Railway absolutely controls the Grand Trunk Pacific, dictates its policy, and governs its operations.

Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhea, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. *New pamphlet mailed free.* The Wood Medicine Co. *(formerly Windsor)* Toronto, Ont.

EVERY ONE A TRIUMPH

A party of Bristol merchants and manufacturers sailed from Avenmouth on Thursday, August 18, as a special delegation to Canada for the purpose of looking into the possibilities that are available in the Dominion.

The party arrived in Quebec on Wednesday, August 24th, and a series of entertainments are being arranged for them by the Harbour Commission of Montreal and the Board of Trades of Quebec, Montreal and other cities.

As the prominent manufacturing towns and cities in Eastern Canada are situated on the Grand Trunk railway the party will spend most of their time on this line and Mr. Wm. P. Fitzsimons, Commissioner of Industries, G.T.R., Montreal left for Quebec last Saturday to meet the party on their arrival.

This party is a very influential one and their visit will no doubt be of great benefit to Canada.—Despatch.

Our publicity commissioner should get in touch with these people as soon as possible. Every other publicity man in Ontario will do the same. And why not have every one in Peterborough a booster, a booster at home and a booster abroad. We have as handsome a little city as any in Ontario, we have splendid possibilities. What do we lack? We lack a public spirit. It is all very well for the half dozen to be alive and pushing for business. It is all right for the few to sound the praises of the town, but what of the rank and file, are they enthusiastic? When we write do we say "things are as usual here," "things are slow here," "this is a deuce of a town to live in." Or do we get out with the boost cry and make the big noise. We have the spot we can make the big noise. Life in Ontario cities is getting more like a midway every year. It is a question of who can get the most successful "speiler" the most wise "glad hander," the fellow who can shoot the "con" best. Can he do it? Then his is the job, his is the salary and the title Publicity Commissioner. But unless every one is a trumpet, everyone a booster, a town or city can never be at its best for one growler can easily make a lot of luke-warm, discouraged.

BOOZELESS BOOZE

There is a great deal of comment in the papers lately on boozeless booze. Some fertile mind has invented a drink that tastes like liquor, but will not intoxicate. This man, it is a safe bet, never drank. Men don't drink for the taste. Who in the mischief could ever learn to like gin or whiskey? After a drink or two of beer, the thirst is quenched, but down the little lane it goes, glass after glass. What makes them drink? It's the feeling they are after. A few drinks and sorrow flees, a few drinks and happiness comes, a few drinks and they are happy, they sing, they laugh, they forget conventionalities, forget the bills unpaid, the unfaithful wife, the backbiting world, forget it all, and are peers of any man. Yes, they forget the morning coming, the cold, grey dawn of the morning after, which is no time for mirth or laughter," forget the headache, the sickness and the dark brown taste, forget it all for the fun. Speaking of liquor, the British Medical Journal says:

Sir Victor Horsley, who was one of the chief speakers of the Congress of Medical Men at the Imperial Institute, enjoys the distinction of being one of the greatest authorities on brain surgery in the world.

The subject of alcohol also, and its effect on the human body has long been a favorite study of Sir Victor's.

A short time ago a friend waylaid Sir Victor Horsley in his club. "Halloa, Horsley," he said, "can you tell us what whiskey is yet?" "Tell you what whiskey is?" replied Sir Victor. "Certainly. It is the most popular poison in the world, my friend."

And until something better than jagless booze is discovered it will likely remain so in spite of the W.C.T.U., parson or priest. There is no logic for boozing, but some of the best minds in the world have been and are still booze fighters.

EUREKA

No. 606 has been discovered. The latin name is too long for the lay mind, and No. 606 is easier. It is a remedy.

Dr. Paul Erlich, director of the the Institute of Experimental Therapeutics at Frankfort, Germany, according to an announcement made at the British Medical Congress, made a discovery which Dr. Multzer, of the Rockfeller Medical nstitute declares to be epoch-making as furnishing the means of exterminating wholesale the myriads of minute animals that are responsible for so many of the maladies that afflict the human system.

We have been suffering from protozoa. If we have pimples it is protozoa, if we have boils it is protozoa, if we have typhoid, diphtheria, diseases of heart, kidney or brain protozoa is to blame. It is indeed gratifying to know that this enemy has been unearthed and will be slain on the alter of science. However, we still pin our faith to plain diet and plenty of fresh air.

THE ANNUAL HOLIDAY

the annual holiday.

There's a stirring in the country, fair time is coming and the farmer will soon be the man of the hour. The fine fat hog so lazily grunting there, the is to be admired for the fat that is on him, admired and his pen tagged with a red ticket, tagged, yes, and some day all this glory will pass into sausages ,and the fine cow, the fine cow with the splendid points, it, too, will be decorated and one day we will say, "Gee, this meat's tough." Its the fine cow that lived for years on its reputation, and what of the hens, the proud rooster, they too will give us a wrestle at the table. Yes, now, approacheth the hour of the FALL FAIR, when the man who feeds the world, the most independent, most unassuming, the greatest man of all walk forth with his family to see the sights—the farmer's hour is at hand, the hour of his annual holiday.

NATHAN STRAUSS

A man named Nathan Strauss, worth several millions, who is at present in Boston, for some time was good to the poor of New York. He gave them pasteurized milk at a cent a glass and if the parents were destitute the children got it free. But someone shouted from behind the fence. Another shouted. And soon Strauss was criticized on all sides. His good work was opposed. Next year there will be no free milk from the hands of Nathan Strauss in New York. Isn't that life. Let anyone do a good turn, let anybody say, "Here, take this, use it, it's free," and see how the band of knockers rise like frogs in a marsh and croak. But like frogs in a marsh, if you come near there is silence. They do not knock in the open. Strauss is making a mistake. He should go right on in his work of helping the poor. What of the knockers, they have their place in life, they seem a necessary evil. Every village has them. Let a man save his money, amass a fortune and few notice, but let him endow a hospital, give a park, do something in the line of making this world a happier place and some one, some skunk will whisper, "He got his money crooked. "He is doing this for publicity." Bend to no one, if you are right go on, what odds, let them knock. It's fun for the strong man to be criticized, if the strong man is right, knows he is right and is sure of his ground.

SIDE LIGHTS

IT IS EASIER.

The Toronto Telegram.

Pleasure-seekers in small craft should rid themselves of the dangerous delusion that if THEY GET THEMSELVES INTO DANGER the onus of GETTING THEM OUT is on somebody else.

The onus of KEEPING OUT OF DANGER is always upon the man or woman who has most to fear from danger.

Other people cannot always be depended on to look after people who fail to look after themselves. It is always safe to keep in sight of the possibility that, in the words of the hard but true saying,

"If you don't look after yourself, the only person who will look after you will be somebody with a grappling iron."

Zam-Buk Cures Sunburn

Neglect of a sunburn on face, arm or neck often leads to the after growth of skin which is freckled or coarse; and this is particularly distressing to ladies. Timely application of Zam-Buk will prevent this. Zam-Buk is a herbal balm, which soothes and cools the burned skin, and assists nature to replace the damaged tissue with soft, velvety skin.

Zam-Buk is also good for stings, scratches, heat sores, blisters on hands or feet, and all skin injuries. Applied to these it quickly stops the smarting, and ensures quick healing. As it is free from animal fat and mineral coloring matter, it is particularly suited to the delicate skin of babies, suffering from heat rashes, chafed places, etc. Sold everywhere by druggists and store-keepers. Beware of harmful imitations, and see the name "Zam-Buk" on the box before buying.

W. T. Baird, one of the oldest citizens in Kirkville, Mo., and the organizer of the first National Bank in Adair County, has just cut his beard for the first time in forty years.

The Lure of the Mask

By HAROLD MAC GRATH

Copyright, 1908, by the Bobbs-Merrill Co.

One fatal day the old prince and my father put their heads together and determined that this great friendship of theirs should be perpetuated.

prince should marry the young signorina. They drew up the strangest of wills. Both men were in full control of their properties. There was no entailed estate such as one finds in England. They could do as they pleased. And

had passed the law requiring that no art treasures should be sold or transported. Fortunately for me, my moth-

The impossible clauses in the joint will read that if we two young people declined the bargain the bulk of the estates should revert to the crown. Again, if we married and separated and were not reunited inside of five years the fortunes should become the crown's. If, having separated from my husband, either for just or unjust reasons, I should secretly or publicly occupy any villa or palace mentioned in the will it would be a tacit admission that I accepted my husband. Was there ever such an insane tangle kindly meant? We must marry; we must be happy. That our minds and hearts were totally different did not matter at all.

Time went on. The old prince died suddenly; his wife followed. And then my kind and loving father went the way. I was taken under the wing of a duchessa who was popular at court. At this period the young prince was one of the handsomest men in Europe. He was brave, clever and engaging.

On completing my education I decided to live in Rome. The old duchessa mothered the rich American girl gladly, for, though I was half Italian, they always considered me as the child of my father. I was presented at court. I was asked to dinners and receptions and balls. I was quite the rage because the dowager queen gave me singular attention.

The prince by this time seemed changed in some way. But I was blindly young. Often I noticed the long scar on his cheek. He had received it, he said, in some cavalry exercise.

Now, there was another clause in this will. It was the one thing which made the present life tolerable and possible to me. We were to be married without pomp, quietly, first at the magistrate's and then at the church. At last the day came.

We passed through the streets to the magistrate's. I did not know then that I was not in love, that I was only young and curious. I threw roses to any who asked. The prince sat beside me in full dress uniform, looking very handsome and distinguished. The prince smiled, but he was nervous and not at ease. I thought nothing of this at the time. I believed his nervousness a part of my own.

The magistrate performed his part. Legally we were man and wife. We were leaving for the church when at the very doorway a handsome woman, sad eyed, weary, shabbily dressed, touched me on the arm.

"A rose, signora!"

I gave it to her, smiling pityingly.

"God pray," she said, "that this man will make you happier than he made me!"

"Let us be on!" said the prince eagerly.

"Wait!" I turned to the woman. "Signora, what do you mean by those words?"

"His highness knows." She pointed to the prince, whose face I now saw, strangely enough, for the first time. It was black with rage and ugliness.

"What has he been to you?" I demanded.

She answered. I understood. In that moment I became a woman without illusions. Without looking at the prince I entered the carriage and closed the door in his face. He stormed; he lied. I was of stone. He turned upon the poor woman and struck her in the face. Even had I loved him that would have been the end of the romance. I drove home. There would be no wedding at the church that day. There was a great scandal. Every one took up the prince's cause, with the exception of the king.

The prince was almost bankrupt. He had squandered his all. He had sold to usurers half of the fortune he expected to get after marrying me. He had not the slightest affection for me. He was desperate and wanted the money. How old and wise I became during that ride home from the magistrate's! I vowed he should never have a penny. It should all go to the crown.

When at length he found that I was really serious he became base in his tactics. He was the one who was wronged. He gave life to such rumors among those I knew that soon I found doors closed to me which had always been open. No Italian woman could see the matter from my point of view. I was an American for all that my mother was a Venetian, therefore I was wrong.

There! That is all. There is no more mystery concerning Sonia Hilda Grosvenor.

And so the letter ended. There was

"Because I love you!"

not a word regarding any future meeting. There was nothing to read between the lines. A great loneliness surged over Hillard. Was this, then, really the end? No! He would wait here in Florence till the day of doom. He would waste no time in seeking her, for he knew that if he sought he would not find.

Day after day dragged through the hours, and Florence grew thinned and torrid. Sometimes he rode past the Villa Ariadne, but he never stopped.

It was in the middle of June that one afternoon the concierge handed

It contained but three words:

"Villa Serbelloni, Bellaggio."

The Villa Serbelloni, now a hotel, stands on a wooded promontory among the Alps and between the lakes, at Bellaggio, and all day long the warm sunshine floods its walls and terraces and glances from the polished leaves of the tropical plants.

The 6 o'clock boat from Como puffed up noisily and smokily to the quay, churning her side paddles. Hillard stepped ashore impatiently. What a long day it had been! How white the Villa Serbelloni seemed up there on the little hilltop. He gave his luggage to the porter from the Grand and followed him on foot to the hotel. He dressed quickly, and in less than an hour he stepped forth from the gardens and took the path up to the villa.

Afar he saw a table spread under the great oak. A woman sat by it. It was still daylight, and he would have known that head of hair among the ten thousand houris of heaven. She did not rise, but she extended her hand, a grave inquiry in her slumbrous eyes. With equal gravity he clasped the hand, but held back the impulse to kiss it. He sat down opposite her and, smiling, whimsically inquired:

"Now, where did we leave off?"

At first she did not understand.

He enlightened her. "I refer to that Arabian Nights entertainment in New York. Where did we leave off that interesting discussion?"

She smiled brightly. "We shall take up the thread of that discourse with the coffee."

"Why not countermand the order for dinner? I am not hungry."

"But I am," she replied. She was wholly herself now. The tact with which he began his address disembarrassed her. For two days since she dispatched the telegram she had lived in a kind of ecstatic terror. She had even regretted the message once it was beyond recall. "I am human enough to be hungry sometimes." She summoned the waiter.

The dinner was excellent, but Hillard scarcely knew what this or that plate was. And when the waiter brought the coffee and lingered for further orders it was Hillard who dismissed him rather curtly.

He said musingly: "We had agreed that it would be best never to meet again, that to keep the memory of that night fresh in our minds, a souvenir for old age, it were wisest to part then. Well, we can keep the memory of it for our old age. It will be a little secret between us, and we shall talk it over on just such nights as this."

He reached for her hand, which lay upon the cover, but without apparent notice of his movement she drew it back. A flash of pain crossed Hillard's face.

"I have waited patiently for weeks."

She faced him with an enigmatical smile, lighted a match, blew it out and drew a line across the center of the table.

He laughed. "What! Again?"

"Observe."

As a rejoinder he smoothed out the telegram she had sent to him. "Why did you send this to me?"

Her lips had no answer ready.

"There can be but one reason," he pursued.

"Friendship."

The beginning of the night was cool, but the fire of the world's desire burned in her cheeks, and she was afraid. She stepped to the railing, faced the purpling mountains and sang "Die Zauberflote." Hillard dared not touch her till the last note was gone.

"I did not come here because of friendship," he said. "Only one thing brought me—love and the hope of love."

She stared at him, her hand at her throat.

Then he took her in his arms suddenly, hungrily, even roughly. "You are mine, mine, and nothing in the world shall take you from my arms again, Sonia."

She pressed her palms against him and stood away. She looked bravely into his eyes now.

"I sent the message because I wanted you, because I am tired of lying to my heart, because I have a right to be happy, because—because I love you! Take me and, oh, be good and kind to me, for I have been very lonely and unhappy. Kiss me!" with a touch of the old imperiousness.

She clasped him fondly to herself.

"See Naples and die," she whispered, "but the spirit will come to Bellaggio."

THE END.

Women, who can afford any range are proud to own

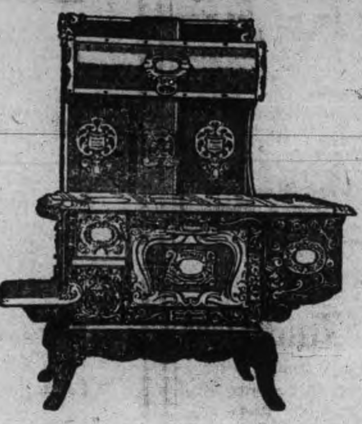
Peerless Peninsular

It is comparatively easy to make a good looking range. It requires rare skill, and an intimate knowledge of stove construction, to design a mechanically perfect range like the "PEERLESS".

The "Peerless Peninsular" Range is the result of over 50 years experience and research in the science of stove building.

In every essential feature that counts for durability, perfect baking, roasting and broiling, economy in time and labor the **"PEERLESS PENINSULAR"** is the best that money can buy.

Although the "Peerless Peninsular" is second to none in finish and appearance, appearance alone constitutes only a small part of the virtue essential to a good range. In fuel saving, convenience, baking qualities and all-around efficiency, the "Peerless Peninsular" is as good as it looks. And one glance at it, satisfies the most fastidious that it will be an ornament to any kitchen.



In the final test of *what it does* and *how it does it*, the "Peerless" makes its best showing. Being cast-iron of best quality, its durability is beyond question. The oven, however, *is deeper* than other ranges and made of the finest steel. It responds very quickly to the action of the dampers and its back is aluminized, giving it constant daylight effect. The Oven Door is also of steel and drops down level with the oven floor when open, forming a shelf for basting.

There are dozens of little points of advantage in the "Peerless Peninsular" that make it well worth your inspection. Adjustable Damper, which regulates the heat to a degree—Removable and Convertible Grate Bars—and numbers of others. The "Peerless" is made both right-handed and left-handed, thus you can get the range that is most convenient to use in your particular kitchen.

Peerless Peninsular is the range shown above.

Harmony Peninsular is similar in essential features but more elaborately decorated.

Constant Peninsular is different from the others mainly in plainer design and finish.

Adanac Peninsular—plain in design with swing door for those who prefer it.

AT TORONTO EXHIBITION

The Collier Electric Company have placed a large booth at Toronto Exhibition, where will be exhibited a complete line of their manufactures. Electric irons, electric toasters, radiators, and electric stoves will be on exhibition. The company have spared no money or pains to make their exhibit attractive and doubtless the usefulness of these articles will be favorably commented upon at the Exhibition.

THE TRIP OFTHE SEASON

The steamer "Otonabee" will leave Wolfe St. Wharf at 8 a. m., on Saturday, August 27th for Lindsay, arriving there in ample time to connect with the afternoon train for Peterboro'. Meals served on board. Return tickets including Railroad, $1.25. This will probably be the last trip of the season to Lindsay.

Now for Buffalo

Advices received by the Grand Trunk Pacific Railway from the superintendent of the Canadian National Buffalo Park at Wainwright gives the information that there are now 75[illegible] buffalo, including calves born this year, in the inclosure. There are about 100 buffalo left on the Pablo ranch in Montana, and the final roundup of those animals is now going on, and the delivery of this number will be made about October. When these remaining buffalo are added to Buffalo Park it will make the largest herd in the world, and, in fact, the only herd of any consequence in existence. This park is one of the interesting features of Wainwright, on the Grand Trunk Pacific Railway.

HARRY ADAMS

MAGISTRATE ORDERED THAT DOG BE KILLED

At the police court this morning Magistrate Dumble ordered that a terrier belonging to Nicholas Renzetti be shot within twenty-four hours.

George Carter complained that on Wednesday, while he was delivering two kegs to Renzetti, by way of the laneway at the rear of his house on Charlotte street, the dog ran out and bit him above the knee. His trousers were torn and four of the animal's teeth penetrated the flesh.

The dog had made assaults on him before, but he had protected himself. Renzetti had offered him fifty cents as remuneration for the damage to the trousers, but he refused.

NOT VICIOUS.

For the defence Henry Faux said that he had been delivering meat twice a week all summer at the house and the dog had never shown any viciousness toward him.

Roy Phillips, another witness, also gave the canine a good character.

Mr. G. N. Gordon, who appeared for Renzetti, gave notice of an appeal against the magistrate's judgment.

PETERBORO NOTED FOR LIFT LOCK—SYRACUSE JOURNAL

(Syracuse Journal)

Canada is represented by over 30 delegates, chiefs and visiting officials. Among them is one of the most promising young fire fighters of the Dominion, Chief W. A. Howard of Peterborough. Chief Howard is secretary of the Provincial Association of Fire Chiefs of Canada, and is one of the best known and popular members of the association.

Besides its splendid fire department Peterborough is noted for its famous hydraulic lift lock, the largest in the world. By this boats are raised in an instant, instead of the slow progress of letting the water run in.

Chief Howard is among the close personal friends of Chief Quigley and, although he is identified with the success of the Canadian Association, he takes an active interest in the International and says that neither he nor any member of the Canadian Association will ever break away from the International Association.

TWO CHARGES OF WATCH STEALING

Before Magistrate Dumble to-day Ernest Schweir, a young lad, pleaded guilty to the charge against him, that of stealing a watch and chain valued at $45.00 from Richard Burfield.

The accused was remanded till September 1st. He is needed in connection with another affair.

REMANDED.

Ernest Lowes, who was arrested yesterday, was charged with the theft of a watch, valued at $25.00.

Mr. G. N. Gordon, who appeared for him, did not elect or make any plea.

The case stands over till next Thursday.

No. 3. Saturday special at McDermid & Jury's Drug store. 15c box of Wild Briar Soap for 9c. 3 cakes for 9c.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. Reutrn tickets at single fare will be issued via Grand Trunk Railway System from all stations in Canada, west of Cornwall and Ottawa, good going August 27th to September 10th inclusive. Return limit September 13th, 1910. Special low rates will also be in effect on certain days.

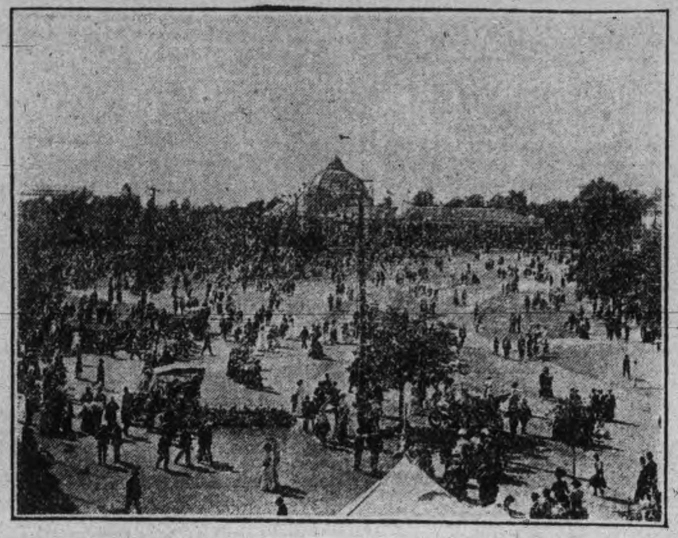
WILL THE BESSIE BUTLER STILL KEEP "WORKING"? NOW THE FUNDS ARE DONE

Ottawa, Aug. 26—It is announced considerable dredging work for the Dominion Government will be stopped at once owing to the exhaustion of the amounts voted last session for the purpose, there is to be no exceeding of appropriations this year.

YOUNG PEOPLES' SOCIETY ENIOY AN OUTING

The Young People's Society of St. Andrew's church enjoyed a pleasurable outing yesterday afternoon. This society is a valuable adjunct to St. Andrew's church, and is composed of young people active and enthusiastic in all church matters. Yesterday afternoon they spent a jolly time on the banks of the Otonabee at A. Patterson's camp. Mr. Patterson called for them in his launch at the Wolfe street wharf and conveyed the party to his camp, where the afternoon was spent in games, boating, etc. Supper was served about six o'clock and the party reached home early in the evening. There were thirty-one members of the society present on the outing, all of whom were highly delighted with the success of the event.



The World's Greatest Annual Exposition Which Will Open nToronto, To-morrow

S. A. BAND WILL BE ENTERTAINED AT KINGSTON

Kingston, Aug. 25—The Peterboro' Salvation Army Band of thirty-five players, are coming with the "United Sunday schools" excursion to the Thousand Islands, Saturday, August 27. Whne they return to Kingston at 5 p.m, the local bandsmen and officers will entertain them at the Citadel, where a good tea will be provided. At 7.30 the bands will hold two monster open air meetings, one in fornt of the British American, and at the corner of Bagot and Princess Streets. Ensign and Mrs. Merritt, the officers in charge of Peterboro' Corps, will be with them.

YOUNG MEN MUST PAY FOR STOLEN LIQUOR

The three young men, who stole two cases of beer from the cellar of the Snowden House recently, were present at the police court this morning.

Each has a record with the police.

His Worship suspended judgment till next Thursday and ordered that the accused pay the costs of the prosecution and reimburse the owner of the stolen beer. The bill amounts to $12.80.

If the amount is paid the Magistrate will take that into consideration when they appear next week. All three have positions, and His Worship stated that he was inclined to give them another chance to make good.

YOUNG PEOPLE OF ST. ANDREW'S WERE ENTERTAINED YESTERDAY

The members of the Young People's Society of St. Andrew's church were entertained yesterday afternoon by Mr. and Mrs. A. Patterson at their camp at Crawford's Grov and all wer delighted with the pleasant time given them. The launch "Awawegang," captained by Master Max Patterson, did excellent service in conveying the party down the river. Tea was served at 6.30 and the evening was spent in games and songs and choruses rendered around the camp fire.

After a pleasant night spent three cheers were given the hosts and the party were conveyed homewards having enjoyed a splendid outing.—Com.

REV. G. W. HENDERSON AND FOOT NOTE OF THE CHURCH

Speaking at the Methodist conference at Victoria yesterday on the restrictions in the church discipline dealing with the moral conduct of its members, Rev. G W. Henderson, pastor of Charlotte street Methodist church, said he regretted that the footnote had ever found its way into the discipline. The conference should vote that it be struck out and trust to the good sense of the church members to properly interpret such action. All that was in the footnote could be deduced from the rules themselves. The Church had been small-minded in trying to explain to its people what should be done in such matters. The footnote selected half a dozen practices for prohibition out of a vast number which might be named. There were a vast number of questionable practices, but why should the Church particularly specify dancing and theatre-going. Many of the young people in the Church believed that to give up these things was to become too religious.

He had been told that there were multitudes of young people outside the doors of the Methodist Church on account of this note in the discipline. He believed that the number was exaggerated, but at the same time he thought that the Church had no right to dictate individual actions in such matters. It was small business. Methodists were honest. Wasn't it possible to leave how they would amuse themselves and how they couldn't to their own conscience and judgments?

The "footnote" was abolished by the conference.

A GENUINE GOOD WOMAN (TO GO) LOSS TO PETERBOROUGH

The ladies of the Dorcas Society met on Wednesday afternoon to bid farewell to their much esteemed president, Mrs. W. G. Rankin, at her home, 596 Gilmour street.

For the past two winters Mrs. Rankin has pioneered a good work among the poor and needy of the city, opening up her home to receive clothing and provisions of all sorts, and to any amount, then sallied forth to investigate the needs of many a poor and destitute home. There are many in the city to-day who have ample cause to remember Mrs. Rankin's cheery face as she went in and out among them.

Great regret is felt by the members of the society at the loss of Mrs. Rankin, but were earnestly admonished by her over the tea table on Wednesday to carry on the good work in the coming winter if the need arose, which the ladies willingly agreed to do.

Mr. Rankin has bought a beautiful home in North Bay, having secured a substantial position with the C.P.R. Co. The best wishes of all their friends follow them to their new home.

WHO'S HERE AND AWAY

Mr. Charles Thorpe, of Toronto, is in the city.

Mr. George Hall, of Indianapolis, is in the city.

Miss Elsie Sherin, Lakefield, was in the city to-day.

Mr. George Ross, of Newmarket, is at the Oriental.

Mr. H. T. Howe, of Aurora, Ind., is at the National.

Mr. P. J. Morton, of Campbellford, is at the National.

Mr. E. Wilhelm, of Buffalo, N.Y., is at the National to-day.

Mr. Thomas Ford, of Toronto, is in the city for a few days.

Mr. J. S. Woodburn, pianist, is visiting his parents in Toronto.

Mr. Atwood Benton, of Kansas City, is registered at the Oriental.

Mr. Edward Perdue and Mr. M. Perdue, of Huron, are at the Oriental.

Mrs. James Hazlitt, Cedar street, has returned home after visiting friends in Regina.

Miss Margaret Ball, of Millbrook, is visiting Miss Elma Storey, Weller street.

Miss Etta Macdonald, of Rochester, N.Y., is visiting her uncle, Mr. Chas. Reynolds, Gilchrist street.

Mr. and Mrs. W. J. Gadd, of Oshawa, are visiting friends in the city for a few days.

Miss Lillian Crowe is spending two weeks' vacation at Toronto the guest of friends.

Mr. Frank O'Shea, of the G.N.W., Hastings, Ont., is in the city for a couple of weeks.

Mr. Glen H. Bancroft and Mr. and Mrs. F. M. Jones, of Webster, N.J., registered at the National to-day.

Mr. Roy Bailey, of Rochester, is in the city on a visit and is the guest of Mr. and Mrs. Jamieson, Alymer street.

Mr. D. W. Schwartz, Ottoman Schwartz, G. S. Neilson and Peter R. Croy, all of Buffalo, N.Y., registered at the National yesterday.

Messrs. Roland and Errol Jex, Margaret street, are visiting in Peterborough, the guests of Mr. and Mrs. Jas. Roland.—Port Hope Guide.

Mr. E. N. McWilliams has returned from New York, accompanied by his cousin, Mrs. Fleming and his uncle.

Mr. Ernest Brownscombe is in the city.

Messrs. Fred Richardson and Fred Grant of the draughting department of the big electrical plant at Schenectady, are in the city on their vacation.

Mr. and Mrs. Macdonald announce the engagement of their daughter, Annie Westwood, to William Percival Reynolds. The marriage to take place the last week of September.

The camping party composed of Mr. J. T. Braund and family, R. C. Braund and family and Mr. and Mrs. Robert Routley, who have been at Crawford's Grove, returned to the city yesterday after spending the summer there.

Mr. and Mrs. George E. Templeman and Master Arthur, have returned from Stoney Lake, Clareston Hall, the summer home of Mr. and Mrs. T. C. Elliott, where they had a very happy outing. They returned on Thursday to their home in Montreal.

The engagement is announced of Miss Vivian Ross, youngest daughter of the late Henry Bennett, Peterborough, Ont., to Mr. James Mitchell MacArthur, of Winnipeg. The marriage will take place the fourth week in August.—B. C. Saturday Sunset, Vancouver.

Mr. and Mrs. Bernard Stewart, of Macleod, Alta., formerly of Toronto, announce the engagement of their youngest daughter, Olive Jean, to Mr. William A. Lockhart, only son of Mr. and Mrs. A. W. Lockhart, of Peterborough. The wedding will take place the latter part of September.—Toronto News.

Mr. Wm. Williams received a telegram from Saskatoon this morning informing him of the serious illness of his mother, who is not expected to live. Mr. Williams immediately left for Saskatoon on the 4.38 C.P.R. this afternoon. Mrs. Williams is well-known here, having resided on Homewood avenue for several years. She moved out west a little over a year ago.

LOCAL BOWLERS WON FROM MILLBROOK IN EACH RINK

Three rinks of bowlers from Millbrook paid the locals a visit at Brookside Green last evening and when the time arrived for the visitors to leave again to catch the nine o'clock train, their opponent bowlers were 79 points to the good. The scores 39-7, 35-8 and 31-11, making a total of 105 for Peterborough and 26 for Millbrook. Each rink, however, had an enjoyable game and good plays were numerous. The rinks with their respective scores were as follows;

Millbrook.	Peterborough.

GET IN ON THE WEST END OUTING TO LINDSAY

By way of a change there will be a baseball game to-morrow. The crowd will go to Lindsay on the West End A. C. excursion and everybody will be happy. The trip is a popular one and Lindsay is an ideal town in which to spend a few hours. The ball game between Scugogville's best and the local nine will be the feature of the afternoon's program, and an interesting exhibition is assured. It was thus when Peterborough and Lindsay met. The return fare is only 65 cents and the train leaves the Grand Trunk station at 1.30 o'clock. The return trip may be made on either of the regular trains.

RUGBY—IT'S ALMOST HERE

'Twill not be long, the time is nigh, when we will hear the old-time cry—here pass the ball, don't hog it so, and then a fall, up, down they go. The racquet and the court will be boxed up, and we will also see, the baseball and the catcher's mit, the bat, that made that famous hit, put sadly by. The wicket too, will pass from sight, there'll be no bowling deeds at night, all these beloved will pass away, all hands will gather at the fray. The autumn winds will chill us through, that cold wet rain will turn us blue, as up the line we howl and clap, the buck, the run, the fistic scrap. The rugby game will have its day, and as in other years we'll say, Gol Darn such luck.—E. C.

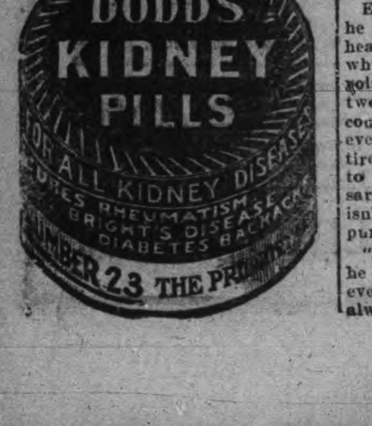
JOE GANS WAS GENEROUS TO HIS OPPONENTS

San Francisco, Aug. 25.—Benny Selig relates a story that throws a little light on the generosity of Joe Gans towards his opponents. When Gans fought Kid Herman at Tonopah, the purse offered was $20,000. According to the original articles of agreement Gans was to receive $14,000 and the balance was to go to Herman. Shortly before the date of the battle in discussing the manner in which the purse was to be split, Gans came to the conclusion that the "Kid" wasn't getting a square deal, and after consulting Selig told him to cut the purse twelve thousand and eight thousand, instead of fourteen thousand and six thousand, and it was on this basis that the men fought.

"The 'Kid' is making a hard fight to pay off the mortgage on his home and accummulate a little coin before he retires, and I know that I'll lick him sure, so he'll need that extra two thousand dollars more than I will, was the way Joe put it up to me," said Selig..

Even though Gans' color was black he had what is termed a "white" heart. What champion of to-day, white or black, would be willing to voluntarily give an adversary an extra two thousand? A fingerless person could count them on his hand. Nearly every pugilistic star asks for the entire purse, and instead of being willing to divide the profits with his adversary, raises a fuss because he isn't going to get every cent of the purse.

"Joe didn't like to hurt the men he fought, either," said Selig. "When-ever he had a fellow in a bad way he always tried to get the referee to stop the fight, or he would whisper into the boxer's ear and ask him to have his seconds throw up the sponge, before he got beaten up unnecessarily."



AT THE BUTTS EASTERN MAN TIES WESTERN

Special to the Review.

Ottawa, Aug. 26.—Lt. Meiklejohn, Ottawa, and Lt. Miln, Vancouver, with 101, are tied on the first stage of the Governor-General's match. This afternoon they will shoot off for first place. Lt. Meiklejohn, Pte. Biby, of Dundas and Sergt. Freeborn, Hamilton, are tied at 296 for the grand aggregate.

RESULTS OF THE GAME IN THE PETERBOROUGH LAWN TENNIS ASSOCIATION

In the singles championship the tournament has progressed nicely leaving the number of the possible winners very small indeed. The silver trophy dangles before the eyes of but four men to-day, Messrs. Kerr, Hall, Landry and Meyers.

Some very excellent matches have been witnessed during the course of the tournament, not only among the seasoned players, but among the young aspirants for honors. The young war-horse, Landry, has marched triumphantly along through the various rounds, defeating without much trouble apparently, Messrs. W. Coleman, H. D. Burnett and H. B. Collier. After Messrs. Kerr and Hall meet, Mr. Landry will play the survivor and the winner will then be called upon to play Mr. Homer Meyers, the winner of "B" tournament.

In the inter-club matches, the schedule has been carried out until now there remains but four sets between the Y.M.C.A. and the Golf Club. By the defeat of the St. John's team this week by the Y., the silver mug will remain for another year at Central Park. The Y.M.C.A. have undisputed possession in any case.

The standing of the various clubs is as follows;

Y.M.C.A.	37
Golf Club	32
West End	29
St. John's	26
Bowling Club	14
Collegiate	14
Armouries	12

DOM. CHAMPIONSHIPS AT BRANTFORD NEXT MONTH

The Brantford Y.M.C.A. are holding the Dominion Y.M.C.A. championships on Sept. 17th. The new trophy, given by the Dunlop Tire Co., of Toronto, to replace the one known as the Dunlop Trophy, and won permanently last last year by the West End Association, will be competed for on that date. This team race has always created the greatest interest between different Harriers' Club. Teams composed of six men, four to count. Trophy to be held for one year and to be won three times to become the property of the club. Six silver medals to be given to winning team. Entry $1 per team.

The championship events, open only to Y.M.C.A. athletes, will be as follows;

100, 220, 440, 880 yards; 1 mile run; broad jump; run high jump, 12 lb. shot, 12 lb. hammer, discus, pole vault, boys under 18, 440 yards; special events open to members of A.A.U. of C.—3 mile walk; handicap, 5 mile team race.

Entries close with J. Tressider, Brantford Y.M.C.A., September 13th.

BRIEF AND BREEZY

It is expected that Keslike, the clever young pitcher who has been winning games galore in the surrounding country, and at all the baseball tournaments, will be on the mound for Lindsay in the game on Saturday next. He is some twirler, has the speed, the twists and the control.—Lindsay Warder.

Orillia won from Bracebridge yesterday at Bradford in 60 minutes overtime. The score was 6—5. The game was to break a tie for the junior C.L.A. championship.

Cobb lost a game for Detroit this week by a wild throw, and won one yesterday by smashing out a home run in the eleventh.

THE HALF MILE CHAMPION RUNNER

A. M. KNOX,
Of Central Y.M.C.A., Toronto, Canadian half-mile champion. Time at Toronto Central meet, 1.59 3-5.

Knox will be here for the Penman games and the battle between Knox and Irving Parkes and Mel. Brock, of Toronto West End, will be worth going a long way to see. As these men have all beaten two minutes for the half mile. This promises to be some race.

TENNIS

The Y.M.C.A. tennis club is endeavoring to arrange a game with Millbrook to be played here in the near future. Should the meeting take place, tennis enthusiasts will see some good playing.

Sandy Hall's leg in which the ligaments were injured some time ago, is improving nicely.

An interesting afternoon will be spent to-morrow (Saturday) by the memberts of St. John's Tennis Club at the Oval, when some of the final games of this season's competition will be played. A tea will be arranged for about 5.15, but the games will commence about 2.30.

Managua reports the advance guard of the Nicaraguan revolutionists is within a mile of the capital and that General Esttrada has been proclaimed president.

EXCURSION FROM CAMPBELLFORD

About three hundred people from Campbellford and Hoard's passed through Peterborough to-day at 9.30 on a special train. About forty stopped off at Peterborough. The excursion on which they came is under the auspices of Hoard's and Campbellford Sunday schools. They went as far as Lakefield by train, where they took the boat and enjoyed a sail around Stoney Lake. They return to Campbellford to-night about 7 o'clock.

Officers to Meet

Officers of the 57th Regiment will meet to-night at 8.30 to consider taking the Regiment to Omemee on Labor Day for rifle practice.

BILL WAS RETURNED

Young Man Accused of Stealing Money Was Discharged

Frank Faux was acquitted at the police court this morning of the charge of stealing $5.

He had been sent to the hill for a week on a vag. charge.

It appears that Faux was playing pool with several others, and one of his friends produced a bill to pay for the same. In some manner it was torn and Faux offered to go out and get it fixed or changed for a new one.

He went out, but neglected to return. The owner of the money stated this morning that the bill had been returned to him the following evening.

The only witness was the young man who owned the money. During his evidence he was asked by His Worship if he had been drinking, and he replied that he had taken several drinks.

To County Crown Attorney Wood Witness admitted that he was on the prohibited list.

When asked where he got the liquor, he said that a man from Cobourg, whom he met, gave it to him. His name he did not know.

Mr. G. N. Gordon appeared for Faux.

THIS PICNIC WAS CERTAINLY A BIG SUCCESS

The annual excursion of Coldsprings Union Sunday school was held yesterday to Gore's Landing, and it was considered by those in charge to have been the second best and most largely attended in the history of their school. The weather conditions, while rather gloomy, did not have any affect on the good humor and joviality which prevailed on board, and all went 'merry as the marriage bell." The capacious steamer "Otonabee" accommodated the large number on board without discomfort. A piano supplied the music. Refreshments were in great demand, and the waiters record a rushing business. The boat left the Wolfe street wharf at eight o'clock and sailed to Idyl Wyld without any stoppages. Here dinner was the prominent subject of discussion for a while, after which the usual programme of sports and races were held.

PRISONER MAY BE MAN WANTED

A smooth forger, giving his name as John Bagley, was arrested at Toronto yesterday on a Bathurst street car and is now held by the Toronto police.

Whether the man is the individual whom the local authorities would like an explanation from is not at present known to a certainty, as no word has been received here as yte. To-day's mail and Empire says:—

He was also accused of being implicated with doing a number of stores in Peterborough some time ago, out of hundreds of dollars' worth of goods, but he laughed at the accusation in a way that would indicate that stealing clothes was beneath him.

About a year ago a slick member of the easy life fraternity paid a visit here and passed a number of bogus checks, without being caught, and last spring another gent at the same trade, Chadwick by name, went away from here richer by $35.00. Only a couple of months ago the proprietor was victimized for a considerable amount.

The prisoner was travelling with a woman and child.

Push cart men in New York organized, and will form a corporation.

An Illinois grocer who supplied ancient eggs and vegetables, was made to sit down at one of his victims' tables, and eat food from his own store.

A Trying Affliction

The many friends of Mr. and Mrs. Thomas Miller, 186 George street, will extend to them their deep sympathy in this, their hour of affliction. On Wednesday, Alta Jane, their infant daughter passed away, the funeral taking place the same day. Another baby, a twin, is dangerously ill and not expected to survive the day.

Temperance, in its true sense, does not, and should not, prohibit the sensible use by adults of a beverage so rich in health help as Regal Lager. This pure, delicious, mild beer greatly aids digestion.

TALK NUMBER 5

(To the Board of Health of Garbageful Peterborough.)

In considering the relation of house flies to disease, although the one species of fly, Musca domestica, usually constitutes from 90 to 98 per cent. of the fly population of houses, certain other species are also found to occur. The lesser house fly, Homalomylia canicularis, has the next place in the scale of frequency, and is generally mistaken by the uninitiated for a young house fly, on account of its general resemblance. Although both the adult fly and the larva have pronounced structural differences, the habits of the larva and the economic relationships of the fly resemble those of M. domestica. The blood-sucking fly, Stomoxys calcitrans, is not infrequently mistaken for the true house fly, which has adopted vicious habits. M. domestica, however, is unable to pierce the most delicate skin, and S. calcitrans, which frequently enters and is found in houses in the spring and also in the autumn, especially in rural houses, presents considerable differences, the chief being the possession of an awl-like, piercing proboscis, a more robust build, and its coloration. Not infrequently inflammatory swellings, sometimes of a serious nature, result from the "bite of a fly," and such cases are instances of the mechanical transference of such bacteria as the streptococci from infected material to a healthy human being by a blood-sucking fly. Malignant pustule may be caused by the mechanical transference of the bacillus anthracis by a blood-sucking fly, or it may be by a non-blood-sucking fly, such as the blow-fly, Calliphora erythrocephala, if the skin is broken to provide entrance for the bacillus.

Wherever there is filthy garbage, suppuration or purulent discharge, flies are invariably attracted, and as they are cosmopolitan in their attentions and no distinguishers of persons, they are potential disseminators of such bacteria as these substances may contain. It is not a question of eradication in the case of this insect; such is impossible. Control and prevention, however, are within the bounds of possibility, and these will be regarded as essential when the facts are more generally realized.—Nature from New York Sun.

Redressing the Streets

Daily Whig, Kingston.

London, as a city, is more like Kingston than any city in Ontario, in the number of its macadamized streets. For years the western city has been suffering from poor streets. The difficulty was to get the equipment which the department desired. This year it has a scarifier and second roller, and now the engineer is credited with saying that in two years the city will have streets as good as may be found in any other city that have not been paved. The process is simply this:—When a street is run down the scarificer, attached to one roller, as the motive power roughens the surface. New material is added, and the whole is levelled and solidified by the new roller. Kingston has a scarifier, which has not been in commission this year. If it had been used, as in London, and as it was used in this city last year, and the new material had been levelled and rolled, there would be a different appearance to some of the streets. In London the engineer knew what he wanted, and insisted on his demands until they were complied with. Perhaps our engineer will get a pointer from this.

Five persons were hurt in a collision of automobiles at Rye, N. Y.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly Windsor)

Cookery Points

To many housewives the delicious pulled bread enjoyed at the best hotels and restaurants never occurs to mind as a possibility for the home table. Yet it is not difficult to prepare and, where there are delicate digestions in the family, may even be regarded as a health investment in addition to its tastiness.

When the fresh loaf has cooled peel off the outside and pull the inside into halves lengthwise, using a couple of forks to do it with. Now pull the halves further into quarters, then into eighths, leaving the strips ragged, just as they are formed in the process. Line a baking pan with soft paper and lay the strips in it. Dry out in a moderate oven, leaving the oven door open. When thoroughly dry close the door and brown to a dainty shade. It should be reheated just before serving.

Odor of Cabbage and Onions.

It is admittedly not pleasing when it spreads over the whole house.

Careful housekeepers try to prevent this as much as possible.

Before beginning to fry onions or boil cabbage see that the top of the kitchen window is open and also draw back the grating above the stove.

Even if only a few inches opening is made the smell from whatever is being cooked will thus have a means of escape.

It is also a fact that if the lid is kept off the pan in which either of these vegetables is being cooked the odor will be much less.

It is a good plan to have some cedar wood dust at hand. A little scattered over the hot stove gives a pleasant odor and prevents the smells from being noticeable.

Appetizing Sauces.

It is sometimes the simplest sauces that make the most delicious relish.

To melt a tablespoonful of butter with one of minced parsley added is little trouble, but this is all there is to the justly celebrated "maitre d'hotel" sauce that is considered so fine by those who love the pleasure of the table.

But the dish much be hot and the parsley really minced, with all the bits of stalk removed. After a thorough washing, if one will use a pair of scissors, this is easily done—far better than with a knife. As a rule, parsley is sent with meat orders, but where it can be had fresh from the garden it gives a savor all its own. There is nothing quite so nice with a bit of broiled meat.

New Fudge Recipe.

If the fudge is kneaded with the hands or a knife after it has been stirred to a consistency that can be handled the grain will be finer than if it is made in the usual way. A recipe given by a cooking teacher of Pratt institute, Brooklyn, calls for three squares of chocolate, two tablespoonfuls of butter melted in the chocolate, three cupfuls of sugar, an eighth of a teaspoonful of salt, a cupful of milk or water and a teaspoonful of vanilla. When one girl makes it she melts the chocolate with the butter directly over the fire, stirring it all the time, then removes the dish containing it to the table and stirs in the sugar, then the liquid and salt, and returns the mixture to the fire to cook.

Peach Snowballs.

One-third box of gelatin, whites of three eggs, juice and rind of one lemon, small pinch of salt, flavor with vanilla, cover the gelatin with cold water; when soft add boiling water to make a full pint or a litle more; strain it on a platter; when cold break into it the whites of the eggs and beat until it begins to stiffen; add a little sugar, lemon juice and grated rind, salt and vanilla, also about one-half pint of canned peaches reduced to a smooth pulp through a colander; have the fruit very sweet; beat all together until stiff and foamy, then mold in egg cups and set aside to harden. Serve with whipped cream.

Fine Supper Relish.

A delicious delicacy for warm weather suppers is lamb's tongue molded in aspic. The aspic is prepared as usual by the recipe. A quantity of the small tongues are used in a single block, which is sliced down and served either without garnish as a relish or on lettuce leaves with dressing, mayonnaise or French, as a salad. These refreshing jellied dainties are worth the serious attention of the warm weather hostess.

Taft Salad.

Dip tomatoes in boiling water an instant, then into cold water and take off the skins and cut into cubes. Peel a cucumber and cube it. Remove the seeds from a green pepper and pare a Spanish onion, then shred both. Place in a bowl, sprinkle over a spoonful of minced chives, then toss together with French dressing. Serve very cold.

When cooking an old fashioned boiled dinner place the spinach in a cheesecloth bag; then when the dinner is done it can be easily taken out, and the other vegetables will not be covered with bits of green.

It is said that Carmen Sylva, Queen of Roumania, is travelliing incognito to St. Francisco.

Healthy Happy Children

As everyday food for growing children, good bread and butter is much more wholesome than meat. It is lighter in the stomach, more easy to digest and furnishes every element of health and strength necessary for the growing child, provided the flour is rich in that fine quality of high grade gluten which distinguishes Ogilvie's

Royal Household Flour.

It is this rich nourishing element which makes children grow fat and happy when given plenty of bread made from this finest of all flours. Children thrive on it. It puts flesh on their bones and brings the rosy flush of health to their cheeks.

OGILVIE'S ROYAL HOUSEHOLD

This is not so with bread made from inferior flours. It falls very far short of being whole food and fails to build up strong, vigorous growth. For the children's sake buy the best flour—Ogilvie's Royal Household. It counts for health and happiness. Best and most nutritious for pastry as well as for bread.

"Ogilvie's Book for a Cook," with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer.

SIDE LIGHTS

GOOD CHEER.

Look who's here!

Miss Theora Carter, of New York City, president and founder of the Society of Good Cheer, no less.—Today's World.

Chas. F. Raymond.

You can't buy it. You cannot go into a drug store and say, "Please do me up and ounce." The dry goods stores do not carry it, and the grocers have not got it on their shelves. You cannot borrow it, or go up to your best friend and say, "Here, lend me this for a few days and I will pay you back." It does not come by check or draft, post-office order or in gold. You cannot steal it. Rifle the vaults of the Bank of Nova Scotia, the Bank of Toronto, or any bank you get a chance at, and you will never discover an atom of that which I refer to. Neither is it to be had in travel. Stand beneath the shadow of the Pyramids, where the centuries pile; look through the mysteries of the East and examine the progress of the active West, and you cannot open your trunk and place a pound on particle of this beneath the lid.

Observe the rich man and you may find him absolutely without it, even if his home is brown stone fronted. Look again to some old toiler, homeward turned, pipe in mouth, dinner pail in hand, and here you may find the very thing I mean, and that thing is—cheerfulness.

Brace up! Be cheerful.

Be cheerful right where you are. Sit down and say to yourself: "Now here, what if things are very much to the bad? That does not need to make me a mope. I still have the right to be cheerful, and to laugh a bit, and hope for to-morrow and good news."

"But there will be no good news," says a voice. That voice, my friend, is the voice of the wrinkle and the gray hair.

Don't be a prophet for ill. Be a prophet for good.

Now is the day, and when the sun goes down and the night comes we do not upbraid the darkness for we know the dawn will soon appear again. There is the darkness of trouble, the going down of the sun, and the gloom of inconvenience and want. But you must not forget for every darkness there is a dawn. Wait, but as you wait, don't sit in the corner thinking how badly the world is using you.

Don't! for nothing can really injure us but ourselves.

Be cheerful, and you have got the grease to make the wheels of life go very easy; and if you are cheerful you will miss many a bump. Make it your business to be happy. Reason it out that life is bound to be a bit rough from the very course of things. Some men will be bullies and brutes, and some will be argumentative and some loquacious and foolish; some will be full of grievances, sore, and sorrowful, but as for me, I will be a cheerful spirit. Life may be hard and rough and the rewards uncertain, but what odds? I will not let it affect my cheerfulness.

So armed, the mind will not mope, the tenement wrinkle, or fade away before the time appointed.

SIGN OF THE GOLDEN LION

MIDNIGHT FIRE VISITS LINDSAY—INCENDIARY?

The hands of an incendiary were evidently quite busy last evening shortly after midnight, when four frame barns within a short distance of one another, on each side of Kent street, were, from all appearances, purposely set on fire. It was evident that the incendiary intended burning the entire eastern part of the business section of the town, for with the strong wind that prevailed, had the fires not been quickly got under control no person knows what the result might have been in the loss of life and property.

THE FIRST BARN.

The first fire was noticed at 12.20 o'clock in the barn owned by Dr. Simpson at the rear of his residence. An alarm was quickly sent in and in a few minutes the firemen were on the scene and quickly had the fire under control, but not before the barn was almost completely destroyed, along with its contents, which included a valuable box of tools, the property of Mr. George Fowler. The fire started inside of the building and in a few minutes the entire building was enveloped in flames.

ANOTHER BLAZE.

While the firemen were busily engaged in putting out the Simpson fire, fire broke out in the barn owned by Mr. Thomas Simons, at the rear of Dr. Brown's, and only a short distance from the first fire, and in less time than it takes to tell it the entire building was a mass of flames. The firemen returned to the hall and secured the hook and ladder wagon and more hose, and upon their return had four streams of water on the two fires. The firemen worked faithfully and deserve considerable praise for the able manner in which they quickly got both fires under control, and saved what might have been a disastrous fire to the town of Lindsay.

The latter barn, owned by Mr. Simons, is a total loss along with its contents, including a set of sleighs and a delivery wagon owned by Mr. J. C. Burke.

The strong wind that prevailed made it difficult for the firemen to get the fires under control. The sparks were carried several hundred yards and many of the nearby buildings caught fire several times.

RINK IN DANGER.

It was thought at one time that the skating rink, Dr. Simpson's residence and McGahey's livery barn would be doomed, as they were on fire several times. Sparks were also carried in all directions and were blown into the windows of several of the private houses.

STILL ANOTHER FIRE.

The incendiary evidently visited the north side of Kent street, but without success. It was not discovered until this morning that Gunigal's barn on the west side of York street had been set on fire at the rear corner, but had failed to burn anything more than the grass, although the end of the building was scorched.

It is also reported that the barn owned by Mr. M. E. Tangney on Lindsay street, which is occupied by Mr. J. L. Primeau, was set on fire, but failed to burn.

TWO MEN NOTICED.

It is said that a couple of men were noticed coming out of the lane shortly after 12 o'clock.

It is estimated that the loss in each case is about $400 and partly covered by insurance.

One of the largest crowds that was ever present at a midnight fire were out last evening, many of them being in their night robes.—Lindsay Warder.

PUSSY WILL HAVE A PROMINENT PLACE AT FAIR

There is one department of Canada's National Exhibition in which the littlest girl in the humble home is on a parity with the finest ladies of the land, and that is the Cat Show, where the most pampered feline is on the same basis as the common back-yard variety. The records of the Exhibition show that some of the best prize-winners have been shown by young people who were quite unaware of the aristocracy of their pets until the judges pronounced them the best of their class. There is no necessity for an exhibitor to have a cat with an extensive lineage and a distinguished ancestry in order to enter the animal in the class to which it belongs.

There are many degrees of cats and a wide range of classes under which they may be shown. There are chances for amateurs as well as for the professionals, who exhibit a variety of well groomed pets, and the only necessity in order to have a chance to carry away a handsome prize is to have the cat in good condition, which will follow upon the bestowal of ordinary care and attention, such as every little girl gives her favorite in which she takes a pride.

DID NOT KEEP HIS PROMISE

Disorderly Drunk fined $2,00 and Blacklisted—Assessed $10

Mark Mullen, a young Englishman, admitted that he had been intoxicated yesterday and was fined the usual $2.00 at the police court this morning He paid. Mullen caused some trouble at the Quaker Oats Company, and is the same man who was the principal in a rough house affair in an alley-way off Chambers street some time ago.

On appearing in court on that occasion he promised to stop drinking and behave himself.

$10.00 FINE.

Michael Murphy pleaded guilty yesterday to a charge of having been found under the influence, and His Worship imposed the regular blacklister's fine of $10 this morning.

OBITUARY

JEREMIAH McCARTHY

Jeremiah McCarthy, a well known and highly esteemed resident of Peterboro' passed away at 1.30 this morning at his residence, 295 Lake Street. He in Cork County, Ireland, he came to in oCrk County, Ireland, he came to this country when only twelve years of age and lived near Cobourg for some time. He came to Peterboro forty-two years ago and resided here since. A large family consisting of four boys and four girls are left to mourn his death. They are Thomas, Portage La Prairie: John of this city, residing at 193 Reid Street, Joseph and Frank at home. Mrs. Brown of the city, Mrs. Galvin, Port Arthur; Mrs Florence McAuliffe, Passiac, N. J and Mrs. Crawford of Toronto Mr McCarthy had been in declining health for some time, and death was due to a general break-down of his constitution. The direct cause of death was hardening of the arteries.

In religion he was a Roman Catholic and in politics, a Liberal.

The funeral will be held at three o'clock on Sunday afternoon from the residence to the Church of the Sacred Heart and from there to St. Peter's cemetery.

THE BEST OF THE SEASON

If you wish to thoroughly enjoy yourself, take in the Union Sunday Schools' Excursion, of Peterborough to Kingston and The Thonsand Islands on Saturday, August 27th. Special train leave G. T. R. station 6 a.m. Salvation Army Band will accompany the excursionists. Special train leaves Kingston 10:00 p.m., but tickets are good to return until Monday, the 29th. Fare, adults $2.10; children $1.05. Tickets may be procured from up-town G.T.R. Tickets Office, The Examiner Office, or delivered if ordered through telephone No. 1201.

Scarlet Fever

Two cases of scarlet fever on Water street were reported this afternoon.

Where to Go

Band concert.

Officers of the 57th meet.

Scarboro Beach

A visit to Toronto Exhibition would be incomplete without a trip to Scarboro Beach Park, Toronto's $600,000 pleasure resort. On the spacious grounds of this now famous institution are to be found all the newest and most elaborate and novel devices for creating hilarious fun and innocent entertainment. All the latest ideas from Coney Island, the metropolis of fun, have been adopted at Scarboro Beach, which is equipped with a completeness and a disregard for cost which is approached by no amusement park outside of New York. The Chutes, Cascades, Scenic Railway, Midway and one hundred other features provide an infinite variety of pleasure which makes the hours pass pleasurably and quickly. Each week in the season a free circus act is offered, and for exhibition weeks the special attractions will be of a sensational and thrilling description, including a hazardous leap for life from the electric tower, and troupes of European gymnasts and acrobats imported at immense cost from Europe, and not seen elsewhere in America outside of the New York Hippodrome and a few leading summer parks. There will also be extra fireworks displays and other special features for the delectation of Fair-time patrons. The electrical display alone is worth seeing, 100,000 incandescent and arc lights being used. King street east cars run direct to the park, and a special express service is given. Free band concerts are given each day, Sundays included, by Raven's magnificent concert band.

"MADE IN CANADA" BRAND (TO-DAY'S SHOOTING) GAVE GOOD SATISFACTION

Special to the Review.

Ottawa, Aug. 26.—Out of 125,000 rounds of ammunition needed for the D. R. A. meet this year only six of 100,000 rounds so far shot proved defective. The ammunition (made in Canada) is excellent. It is learned only 250 more shot at Bisley for 1910 than there are competitors here and is said if the ranges can be enlarged in time there will be eight hundred here next year.

In a gale of wind the 600 yards of the Governor-General's match is being shot to-day. Col. Hughes, president of the association, at a luncheon entertained Hon. Gibson, Lieut.-Governor of Ontario: Col. Burland, Montreal, and Col. Tilton, Ottawa.

THREE WOMEN ON THEIR WAY FROM CHICAGO MAY BE DEAD

Bones Relieved to be Those of Two More Persons Are Found in a Bag at the Morgue in Durand—Miss Bella Scott Not Accounted For.

Durand, Mich., Aug. 27.—To add to the difficulty of identification of the charred bones of the victims of Wednesday night's Grand Trunk wreck near here bones said to represent two additional bodies were found in the morgue last night in a sack that had been overlooked in Thursday's excitement. This brings the number of dead to eight.

Repeated enquiries from relatives to passengers thought to have been on the ill-fated Pullman sleeper Nebraska, led Dr. Fair, surgeon for the Grand Trunk, to remark to Undertaker Mapes in charge of the dead, that there must have been more bodies in the wreck than were recovered. This recalled to Mapes' mind a sack that some one unknown to him had brought to the morgue Thursday morning.

H. I. Jeffers of Washington last night almost positively identified as his wife the body that was yesterday identified as Mrs. Lewis Squires of Chicago.

Those believed to be missing are:
Miss Bella Scott, Schomberg, Ont.
Mrs. H. J. Jeffers, of Washington, D.C.
Miss Jogeman, Chicago.

Toronto, Aug. 27.—That the last of the victims of the Grand Trunk Railway wreck at Durand, Mich., includes three women, who were en route to Toronto, and who have not been heard from since the catastrophe, is now certain, the fears of relatives of yesterday being confirmed last night, when [illegible] found in the wreckage.

There is no doubt in the opinion of Mrs. Wm. Lowrie, 236 Seaton street, that Miss Bella Scott, school teacher of Schomberg, perished. Miss Scott was to have visited the Seaton street house Thursday, according to letters received from her by Mrs. Lowrie, who has been an intimate friend of the young woman for many years.

Several telegrams have come to Mrs. Lowrie from Miss Scott's brother, J. C. Scott, solicitor for the Rock Island Road, Chicago, asking if she had arrived in Toronto. Miss Scott, with her brother and his wife, had just returned from a visit to another brother, George, in Vancouver, who wired Mrs. Lowrie last night asking if his sister had reached Toronto.

Mrs. Jeffers was expected at 19 Ross street yesterday. It was reported from Durand that a charred body previously identified as that of Mrs. Squires, widow, of Chicago, had been found to have a woollen bag with an inscription attached to some clothing reading Mrs. Jeffers, Fort Worth, Ark., and Washington, D.C., and containing $10. The body is now held for further identification, which the two sisters of Mrs. Squires, from Chicago, may be asked to give.

George Jogeman, 1,906 West Fulton street, Chicago, is at Durand searching for trace of his daughter Lera, aged 22, who was on her way to Toronto to work as a demonstrator at the exhibition. She has not been heard from.

ASSERTS DIVINE RIGHT; KAISER SAYS HE HOLDS THRONE FROM ON HIGH

Remarkable Speech at Koenigsburg Provokes an Outburst From German Press—They Condemn Him for Presenting Such a Doctrine.

Berlin, Aug. 26.—The speech delivered Thursday night by Emperor William at the provincial banquet at Koenigsburg, in which he reiterated and emphasized his belief in the divine mandate by which he rules, referred to the Prussian crown as bestowed by God's grace and not by Parliaments or people's assemblies, and laid a lance against the present movement for woman suffrage, is the political sensation of the hour.

The leading organs of the German press devote extended comments to it, generally criticizing the Emperor's utterances, and there are indications that the discourse will have a deep political effect upon the country, nearly all the Berlin papers discussing the subject in connection with the political crisis of November, 1908, when the publication by The London Daily Telegraph of an interview with the Emperor raised a storm against the uncontrolled public speaking of the Emperor.

The serious Vessische Zeitung, The Tageblatt, The Post and other papers point out the constitutional character of the Kingdom of Prussia in the Empire and enquire whether Chancellor Von Bethmann-Hollweg was privy to the Emperor's purpose of delivering such a speech.

They predict that it will lead to a renewed discussion of the Emperor's constitutional position when the Reichstag reassembles in November.

The strongly monarchist Taegliche Bundschau, the favorite journal of army officers, says: "This speech means a storm. Never before has Emperor William set into such clear relief his romantic, medieval idea of his non-responsibility to man's judgment, of his not being bound by the constitution and of ruling by God's grace, against all those convictions and feelings which to-day determine our existence of a state.

"Why," asks The Taegliche Bundschau, "should the Emperor choose this moment to emphasize his ruling by God's grace and his own right when it will nourish an anti-monarchical agitation and good monarchists be thrown into a condition of tragic disruption?"

The organ of the landed nobility, The Deutsche Tageszeitung, thoroughly approves of the declarations of the Emperor.

The Lokal Anzeiger lays stress upon the desire of the Emperor that the people co-operate with him, and points out that the Emperor delivered the speech in the castle where the Prussian Kings were formerly crowned. He said in the hall in May, 1890: "We Hohenzellerns take our crown from heaven alone," and in the same place on Sept. 6, 1894, he quoted the words of his grandfather, William I., about ruling by divine right and added: "So, too, do I take my kingdom by God's grace."

The Tageblatt affirms that although prices did not fall on the exchange, trading was slack and brokers apprehended an unfavorable influence from the speech upon markets at home and abroad.

METHODIST CONFERENCE DISCUSS CHURCH UNION

On Ground of its Imperilling Superannuation Fund, Dr. Grimm Presents Old Objection to Union of Denominations—Fear Unitarianism.

Victoria, B.C., Aug. 27.—The debate on church union was continued at yesterday morning's session of the General Methodist Conference, Rev. Dr. Antliff taking up the discussion. He declared the move towards union was not due to lack of loyalty, but because of a desire to attain greater things. Three churches together could accomplish more work for God.

Rev. Dr. Griffin opposed union. He did not feel that he could approve any movement that deprived aged servants of their just rights. With the union in existence, the superannuation fund would not be adequately provided for. He would defy any man to show wherein the Presbyterians had surrendered anything in the doctrinal basis.

Rev. J. W. Cooley, secretary of the committee, answered Dr. Griffin's objections by saying that he guaranteed that under the proposed union the fund would not be inadequate.

He was followed by Dr. W. F. Hillard, who opposed the union. He was the first layman speaker on the subject. His first complaint was that the paragraph in the basis of union describing the nature of Christ was defective and would become a breeding ground for all kinds of Unitarian preaching.

"If we let the bars down, the ministers and college professors will take advantage of it, not the laymen," he said. He was opposed in the second place because it destroyed the itinerant system of the churches. On the basis of union, the settlement committee, which appoints the ministers, could meet annually, or at the call of the chair. He thought that meant only when there were quarrels on in the church.

Rev. Dr. Stewart of Winnipeg was the next speaker. He thought that the doctrines and basis provided amply for the experience of sanctification, either gradual or immediate. Never were there such opportunities for the introduction of Christianity into the world as at the present time.

Justice MacLaren of Toronto, the next speaker, had been chairman of the committee of polity, and said he had weighed very carefully the whole situation. He was satisfied they had drawn up the best scheme of polity possible, "but," said he, "I have come to the conclusion that it is not such a one as I can vote for, nor recommend anyone else to vote for."

He was followed by N. W. Rowell, K.C., of Toronto, who had been chairman of the committee on law. He went into the matter in a masterly manner, and could see no cause for alarm from a legal standpoint. Before the union could be consummated, there must be an act of Parliament sanctioning it. Here was where the trouble in Scotland, which had been referred to, arose.

At this point Dr. Patten asked if it was organic union or interdenominational comity they referred to. Mr. Rowell answered that it was comity, because that was the nearest approach to what they wanted, but their ideal was organic union. Mr. Rowell quoted in conclusion John Wesley's views of the value of the opinions and the necessity for cultivating a spirit of charity towards all.

Hon. E. J. Davis of Newmarket, Ont., also spoke in favor of union.

LAURIER AT KAMLOOPS

Mountain Town Wants a Northern B.C. Line.

Kamloops, B.C., Aug. 27.—Sir Wilfrid Laurier was given a hearty non-political reception here Thursday night. Martin Burrill, Conservative member of Parliament, took a seat on the platform, and spoke in welcome of the Premier. A large body of Indians and an escort of British Columbia Mounted Rifles gave the reception a picturesque character, which was heightened by a choir of young ladies, gowned in white, with red and blue sashes, who sang "The Maple Leaf," from an arch over Main street, as Sir Wilfrid motored under.

Two requests were presented to the Premier in the civic address. The first was for the construction of a branch of the G.T.P., connecting Kamloops with the north country; and second, was for a new postoffice.

Sir Wilfrid gave hope that both requests might be granted in the near future. In regard to the railway, he reminded them that the Grand Trunk Pacific must be completed before the Government could undertake another large task. He suggested as an alternative that Kamloops might be given connection with the north country by the improvement of the Thompson River.

A meeting was held at Vernon last night.

WON'T BOMBARD SKIES FOR RAIN

Washington, D.C., Aug. 27.—Estimating the cost of the experiment at about $100,000, the War Department officials yesterday declined requests to order a bombardment of the skies by all its guns on Puget Sound and at the mouth of the Columbia River in an effort to bring on rain in the burning forest district of the northwest.

In addition to the objection of cost, the army officials regard the experiment as certain to prove futile.

Besides the cost, it was stated at the War Department that the army was not equipped with projectiles with time fuses for the guns and hence the only atmospheric disturbance created would be by the formation of gases on the ground at the time of the discharge of the guns and by the passage of the projectiles through the air.

The disturbance caused by the flight of the projectiles, it was said, would be comparatively negligible in creating a violent confusion among the currents.

TOW BARGE SOPHIA SAFE

Owen Sound, Aug. 27.—Fears for the safety of the tow-barge Sophia, observed in distress off Cape Rich by passengers on the Germanic during the severe storm of Thursday night, were dissipated last night. It was found that the barge, which is valued at about $5,000, was safely anchored about five miles off the cape.

The Sophia, which had left a load of coal at Wiarton, was bound light for Little Current with several men on board.

I.O.F. Elects Officers.

Toronto, Aug. 27.—Election of high court officers of the I.O.F. for Eastern Ontario for the ensuing year was proceeded with, with results as follows: High chief ranger, Dr. A. L. Smith; high vice chief ranger, George M. Farrington; high secretary, G. L. Dickinson; high treasurer, J. S. R. McCann; high physician, Dr. Simmons; high councillor, Horace Pratt; high auditors, T. Lamber and J. W. McElroy.

INSANE MAN RUNS AMUCK

Ellis, Kansas, Aug. 27.—Harry Pugh of Niagara Falls, N.Y., became insane on the Pullman car of a Union Pacific train near here early yesterday and fatally shot the porter, named Young, and a passenger named Temple of Kansas City.

Pugh had acted queerly in the evening, but talked agreeably with other passengers in the car. In the night he shot through the end of his berth into the smoking-room. The car porter ran toward Pugh's berth and was shot twice through the body. Temple, who was en route from Denver with his wife and child, sprang into the aisle, and Pugh shot him twice through the abdomen.

APPOINTMENTS TO THE NIOBE

London, Aug. 27.—(C.A.P. Cable.)—The Admiralty has made the following appointments to the Niobe:

Commander, W. B. Macdonald; lieutenants, H. H. Deburgh, H. L. Street, C. E. Agleonly, C. White (retired), E. A. E. Nixon (retired), S. H. Morris, Right Hon. Lord Alstair, M. Graham, F. M. Law, acting sub-lieutenant, E. G. Hallewell, Canadian naval forces, engineer; lieutenants, Canadian naval forces, P. D. Church, T. H. Warde, W. E. Horton; surgeon, K. Digby Bell; staff paymaster, J. S. Annesley; assistant paymaster, J. N. Fletcher, T. M. Fitzgerald; gunners, G. D. Graver, F. W. Phillimore; instructional, A. H. Jenkins, R. E. Reiss Smith, E. A. Lean; carpenter, S. G. S. Morrell; boatswain, F. Evans; artificer-engineer, E. Cox. All the foregoing appointments to date Sept. 6.

SITTING ON SAFE GUARDING $500,000

Kingston, Aug. 27.—When Harry Ansell, Montreal, an express messenger injured in a collision at Collins Bay, on the G.T.R., yesterday, was found by Dr. Anglin, the company's physician, he had been buried under egg cases, but was sitting on the safe, guarding $500,000. His back was injured, and he is badly bruised. The car was badly smashed, and his escape was miraculous. A special express freight, loaded with fruit for the coast, and an empty freight express, figured in the smash. The engines came together with considerable force, as the westbound was running 40 miles an hour, while the eastbound was slowing up to cross the westbound train.

THE SHOOTERS AT ROCKLIFFE

Ottawa, Aug. 27.—Western Ontario men are showing up well at the D.R.A. matches. The British cadets leave to-night for Toronto, along with the Baden-Powell Scouts to take in the Toronto Exhibition.

Yesterday, for the first time in the history of the D.R.A., every province was represented in the team competition for the London Merchants' Cup, open to teams of eight. Three prizes valued at $180 at 800 and 900 yards, 10 rounds at each range. Results:

Cup and $80, British Columbia, 583; $60, Ontario, 573; $40, Nova Scotia, 554; Alberta, 553; Manitoba, 539; New Brunswick, 519; Quebec, 492; Prince Edward Island, 486; Saskatchewan, 445.

The six who were tied for the Walker Cup, all having got possibles, shot off yesterday, resulting: Sergt. A. Martin, 103rd Regiment, 23, winning the cup; Capt. Forbes, 73rd; Capt. Mamby, 90th; Capt. Sclater, 6th D.C.O.R.; Lt. Escott, 43rd; Lt. Morris, 47th.

HIS CONFESSION?

A STARTLING STORY

Moir Stated to Have Said That When He Shot Lloyd He Meant to Kill Another Man.

Hamilton, Aug. 27.—The biggest sensation following the escape of Moir and Taggart from the local asylum, has been just announced by a man who has been in close touch with the cases before and after Moir's incarceration in the asylum for murdering Sergt. Lloyd, of London, Moir after his arrest at Niagara Falls, confessed to this man that when he shot Sergt. Lloyd he murdered the wrong man. He had intended, he said, to shoot Sergt.-Major Gilmour at the time connected with the London regiment, and now Sergt.-Major of the 71st Highlanders regiment of this city, but crossed by drink he shot Sergt.-Lloyd in mistake for Gilmour.

BREWER BARTELS TROUBLES ENDED

Syracuse, N.Y., Aug. 27.—Word was received here yesterday of the death of Herman Bartels, of this city at Saratoga. Mr. Bartels was 57 years old. Two months ago he was hurt in a trolley wreck.

Mr. Bartels was a brewer and amassed a fortune which was lost in litigation. He was indicted at Auburn for arson in the third-degree on the charge that he had induced men to fire the Lake Shore malt house. He was convicted and on May 2, 1905, when he was to appear for sentence, jumped his bail bond and came to Canada. He was extradited and on July 4, 1907, he eluded the officers who had him in custody, while his case was being argued at Osgoode Hall. A week later his hiding place was a Mutual street boarding-house, was revealed to the police, and he was returned to the States, where he served a year in prison.

GOVERNMENT SECURES FARM

Ottawa, Aug. 27.—Negotiations have been finally completed whereby the Government secures possession of the Holliday farm, in the vicinity of the Long Branch Rifle Ranges, which contains 973 acres, for $30,000.

The farm has been bought as a site for the barracks at Toronto. There are 200 acres between the Holliday farm and the Long Branch ranges, which the Government will also secure.

Curtailing Cotton Production.

Manchester, N.H., Aug. 27.—Fifteen thousand employes of the Amoskeag Cotton Manufacturing Co., were thrown out of work yesterday when the seventeen mills of the plant closed for a period of fifteen days.

The Chicopee Manufacturing Co. mills in Massachusetts have closed till Sept. 12, throwing 2,000 employes out.

Cucumbers Destroyed.

Providence, R.I., Aug. 27.—Market gardeners throughout this state have met losses amounting to more than $150,000, through damages to their cucumber crop by a new disease. The crop has been reduced 85 per cent.

Five Killed In Wreck.

Jefferson City, Mo., Aug. 27.—Five men were killed and one badly injured when two heavily loaded freight trains on the river road division of the Missouri Pacific collided headon.

THREE ACCIDENTS ON THE C.P.R.

North Bay, Aug. 27.—John Penny, aged 21, C.P.R. yard switchman, was instantly killed Thursday night by stepping from a switch engine directly in front of an incoming express. The severe wind storm prevented him from hearing the approaching train. He had been employed by the railway only ten days, and leaves a widowed mother.

Harry Miller, a young C.P.R. brakeman, fell from an eastbound express Thursday night near Pembroke during the wind storm and has a fractured leg and broken nose.

The C.P.R. Imperial Limited, eastbound, was ditched near Cartier early yesterday morning by a misplaced switch, and delayed six hours. Passengers received a severe shaking up.

SEARCHED ALL FIRST CABINS

New York, Aug. 27.—A customs innovation was put into effect late on Thursday night when the big Cunarder Mauretania docked. Every first cabin state-room on the vessel was searched by custom inspectors.

The customs officials contend that some passengers deliberately leave small luggage and articles of value in their staterooms and give orders to the stewards to send them ashore.

Lord Northcliffe, Ex-Mayor Seth Low, Maude Adams, Paul Morton, and Kyrie Bellew were among the arrivals.

Express Companies Merge.

St. John, N.B., Aug. 27.—The Maritime Express Co. has been absorbed by the Dominion Express Co. The former operates between St. John and Digby, and Yarmouth and Boston by boat, and between Yarmouth, Digby and Halifax by rail. The change, which will take place Sept. 1, will give the Dominion Express entry to Boston.

Q.O.R. Due To-day.

Liverpool, Aug. 27.—The Megantic, with the Queen's Own Rifles, is expected here at noon to-day.

It is stated that King George will inspect the regiment at Buckingham Palace.

Operator Killed.

Lyndon Junction, Aug. 27.—Night Operator Taylor was instantly killed by being struck by the Ontario Limited train on the G.T.R. at 10.40 yesterday morning just east of Brantford.

LATE TICKS FROM WIRES

Prof. James of Harvard is dead.

Several men were injured in a strike riot near Scranton, Pa.

Charles Boislard was crushed to death in the railway yards at Sherbrooke, Que.

Charles V. Knightley, alias Bagley, under arrest in Toronto, is wanted by the Boston police.

High-priced whiskey has resulted in a marked decrease of drunkenness in the United Kingdom.

The Norfolk fruit-growers have sold their apple crop, estimated at 30,000 barrels, to J. G. Anderson of Lucknow.

A sudden wave of cold weather struck New Ontario yesterday with the result that two inches of snow fell in Englehart.

Six members of the 96th Regiment at Port Arthur are summoned to the Police Court to answer for neglect to attend parade.

John Roche, for 65 years a resident of London, and an engineer on the G.T.R. for over fifty years, died yesterday. He retired a couple of years ago.

The Canadian Lumbermen's Association has renewed its war with the railroads over the freight tariff and will appeal anew to the Railway Commission.

Cadinal Vincenzo Vannutelli, the papal legate to the coming Eucharistic Congress at Montreal, and Cardinal Logue, primate of Ireland, have sailed for Montreal on the Empress of Ireland.

A BIG STRIKE THREATENED

Copenhagen, Aug. 27.—Delegates from all the seamen's unions of Europe and America, represented at the International Congress of Sailors and Marine Firemen, in session here, agreed yesterday morning to declare an international strike within three months unless the ship owners of every country concerned agree to the formation of a board of conciliation to deal with the grievances of the men.

Bilbao, Spain, Aug. 27.—The workmen's Federation yesterday proclaimed a general strike throughout Spain. The strike is to begin next Monday, Aug. 29.

FIRE CHIEFS' CONVENTION CONCLUDED

Syracuse, N.Y., Aug. 27.—The election of officers concluded the 38th annual convention of the International Association of Fire Engineers, resulting: President, Chief John Thompson, Toronto; first vice-president, Chief Wm. H. Loller, Youngstown, Ohio; second vice-president, chief H. F. Mageen, Dallas, Texas; secretary, Chief, James McFall, Roanoke, Va., treasurer, Chief D. O. Larkin, Dayton, Ohio.

Milwaukee got the next convention.

Stole Into Canada.

Niagara Falls, Ont., Aug. 27.—Chas. Newman, brought here from Toronto, charged by the Immigration Department with illegally entering Canada. He was remanded for a week. It is claimed Newman was refused admission to the Dominion at the upper bridge here July 17, and came in without permission at old Niagara, July 18.

ROOSEVELT AGAINST BOOSISM

Carroll, Ia., Aug. 27.—Theodore Roosevelt definitely allied himself with the progressives of New York State in a statement which he issued on the train yesterday, as he was traveling across Iowa.

Roosevelt declared that the main issue in the fight in New York was not any specific reform measure, but bossism. Bossism, he declared, frequently led to corruption, and he said he would wage ruthless war on corrupt alliances between business and bosses.

TO INVESTIGATE YOUTH'S DEATH

Brantford, Aug. 27.—The county authorities will open an investigation into the death of Ernest Savage, who succumbed to injuries sustained in a recent football game between Harley and Hatchley. Three residents of Hatchley yesterday signed a statement in which it was stated that Savage, Robinson and Curtis, Hatchley players, all received injuries from the same player on the Harley team, who did not check legitimately. The player in question, the statement says, charged Savage in the abdomen with the left knee, after knicking the ball with the right. Savage's only antemortem statement was "I played fair." Thee game was under the auspices of the Harley Anglican Church at a "harvest home."

FAVORS I.C.R. EXTENSION

Favors I.C.R. Extension.

Ottawa, Aug. 27.—"I have always been in favor of the extension of the Intercolonial Railway system through Ontario," stated Mr. E. Tiffin, traffic superintendent of the Intercolonial board of management, who is here to-day.

"What route would be taken from Montreal?" he was asked.

"Paralleling the Grand Trunk and Canadian Pacific," stated Mr. Tiffin. "It is the through traffic particularly that we would be after."

CROP ESTIMATED AT 86,000,000 BUSHELS

Winnipeg, Aug. 27.—Manager Black of the Ogilvie Milling Co., estimates the western wheat crop at 86,000,000 bushels, "a surprisingly good showing under the trying conditions which have prevailed."

The oat and barley crops, however, have suffered, he says, to a very much greater extent than the wheat.

Found Dead on Track.

Belleville, Aug. 27.—Crown Attorney Anderson of this city received notice that a man named Arthur Milligan was found dead on the railway tracks. He is believed to have died from exposure on the night of the 23rd inst.

Portuguese Gunboat Wrecked.

Lisbon, Portugal, Aug. 27.—The Portuguese gunboat Tejo, of 533 tons, was wrecked yesterday on Berlengas Islands, 70 miles north of Lisbon. The crew of 85 were all saved.

Cholera In Vienna.

Vienna, Aug. 27.—Cholera, it is officially announced, has broken out in this city.

VARICOSE VEINS CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skilful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never loose a day. I wish all sufferers knew of your valuable treatment.

HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It may suppress the symptoms—our NEW METHOD cures all blood diseases.

YOUNG OR MIDDLE AGED MEN.—Imprudent acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and vitally you are not the man you used to be or should be. Will you heed the danger signals?

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our NEW METHOD TREATMENT will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"Boyhood, Manhood, Fatherhood." (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No names on boxes or envelopes. Everything Confidential. Question List and Cost of Treatment FREE FOR HOME TREATMENT.

The Daily Review

SATURDAY, AUG. 27, 1910.

ON TO HENLEY

The Ottawa papers the other morning announced "The Henley Fund" had reached $3 152, and that the list was rapidly swelling. No no, don't be foolish no monument is to be erected no hospital to be endowed, the Ottawa people are raising money to send their team to Henley next year where they will row. You can't blame them for not giving much to Campbelltown N.B., whose citizens are homeless and facing a Canadian winter. Campbelltown didn't give much towards the thousands Ottawa received in the moments of its fiery trisk.

LICENSE INSPECTION

The system of license inspection in Ontario is funny. We believe the law is well enforced in Peterborough and that we have an efficient inspector. But take other places if a hotel man wants to break the law its quickly tipped off to him where the inspector is. The moment of his leaving the house to come down town during prohibited hours he is an easy mark for observation. Does he take a rig for the country does he take a train? The telegraph or telephone beats these slow conveyances to a standstill. Inspectors to work and catch chaps who make a regular practise of selling after hours should be strangers. This seems to be in the mind of the Government at present. Once in a while to save a life a hotel man may be pardoned for giving a chap a drink after hours but there is no excuse for a side door bar business on Sunday.

STORE WINDOWS

The funny man in the Montreal Herald rises to remark that the prettiest thing women see in the store windows is themselves. He's real mean. But come to think of it the store windows are excellent mirrors. Is her hair all right? behind. "Yes" replies the store window. "Is my comb in straight?" "No" answers the window. "Is her skirt right does it show?" "Oh! my no" replies the window. "You're waist's unbuttoned behind." Then she goes in and buys a spool of thread retires, fixes it and comes out once more triumphant. These store windows are certainly useful to ladies and many a man as well.

THE GREAT DIVIDE

A Calgary man just back from a trip to the Coast tells this one: Pointing to the sign alongside the track the American tourist asked "What does that sign, 'The Great Divide' mean?" The man who has an answer for everything said: "That means the time when this country will be divided up between the Canadian Pacific the Grand Trunk and Mackenzie and Mann."—Calgary Herald.

And until the public are awakened more than they are to-day it will be the great divide with the few in everything. The great divide in the profits of the telegraph and telephone the great divide in the dividends from the electric lines that will some day net work our land, The great divide yes, we pay the money and the Great Dividers get all the profit. Public ownership of all public utilities, great and small, is the only real adjustment. It will come some day, perhaps not in our day, but it will be here some time.

THE CASE OF FLORA LANDON

They are getting to be quite common, these girls who dress up in male attire. Flora Landon is the latest to shed her pants and return to petticoats. In a despatch from New York her story is told;

New York, Aug. 26.—After posing as a man for the last two months and working in New York as a waiter, an amateur detective, and a grocer's delivery boy, without once being accused of her imposture, Flora Landon finally tired of her masquerade and appealed to a city detective for aid.

When she was taken to the Night Court the magistrate could scarcely believe that the weeping girl could for a moment have been successful in deception. Tearfully she told her experiences and gave the reason for her preference for boy's attire.

"No girl who has a pretty face or bit of figure," she said, "can work independently for a living in New York and escape being annoyed to desperation by men. American men, especially those who have to dine at restaurants, are terrible. They are not like that in England.

"It is because I was insulted and worried so by men that I have had this trouble. All I wanted was to earn a living in peace, but I found the boasted independence of the American working woman was a fairy tale. So I decided that the only way to get protection was to dress as a man.

"I have a good home in London," said Miss Landon, "and I shall return at once to my parents there, and will never leave England again."

There may be a bit of truth in this but not much, No girl is going to be regularly annoyed very badly by men no matter how beautiful she is, unless she gives a cause. It may be only the glance of an eye, the pulling up of the dress, the shrug of the shoulder, or the toss of the head. Men don't persecute the sensible girl no matter what Flora Landon, once man, now girl, may tearfully say.

PETERBOROUGH IS POORER

In the departure of Mrs. G. W. Rankin, of Gilmour street, for North Bay, Peterborough loses a good woman. She was a friend of the poor. As stated in the news columns of last night's Review, her works among the needy had been many. She did not advertise her good deeds. Good women who do good deeds like these, are rare. Good women who are good cooks, who say their prayers and dress up and go to church are in every other house, but women who seek out the distressed are few and far between. So Peterborough is poorer just because Mrs. Rankin is going away. She is not waiting till people die to carry flowers or visit the home of the dead to see what it looks like inside, she is scattering the flowers of good cheer and clothes and eatables in the here and now.

THE FOOLISH PARENT

A foolish girl of 17, rescued from the Allegheny River the other day, said she was tired of life, and had selected drowning as the way out of it, because she had seen a moving picture of a girl drowning herself from a motor boat. Some people have been sermonizing against moving pictures from this text. The Pittsburg Gazette-Times goes a step further back to the root cause of much lack of character of the time;—

Back of all youthful crime and despair lies the same sad story of a lack of training. If children could be provided with wise counsel and the right home associations in their early youth, and under the guidance of these forces be permitted to select and enjoy their amusements and companions, even the much-abused moving pictures would fail to work the havoc in character that is now charged to them.—Hamilton Times.

Yes, that's the idea exactly. If Tommy is instructed, if Madge is told when they are a reasonable age that they weren't picked up from under a cabbage leaf the first mystery of life is solved. They must learn some day, and at home is the place for the lesson. And it's not in the day time that the real evil is done. It's in the evening, in the quiet hours in the back streets, in the park, anywhere where no one is looking. Human nature is just about the same in the child of the rich man as the poor, in the child of the hotel man as the child of the parson. The youth is the time to shape the mind. Beating is all right at times, but very often the heart to heart talk between the dad and his son, or the mother and her daughter will save many a sorrow and many a suicide. "Oh, my poor girl. I know she's not to blame, it's that rascal." No mother, it's not that rascal, it's not the poor girl; you're the one. You let her run out at nights, and come in any time. You made no enquiries as to where she went or who she was going with. If you did she sauced you and you swallowed the sauce. Don't blame the girl; it's you who is responsible. And those marks of abuse on the youthful faces, say dad, say, madame, are you blind?

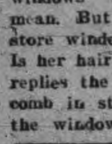
THE JAPANESE

Sir Wilfrid Laurier apparently is learning that British Columbia objects to Oriental immigration. The occasion is opportune to recall an incident of the past.

It was in 1906 that the Canadian-Japanese Convention was concluded which gave the Japanese free ingress into Canada. In moving to ratify this convention Sir Wilfrid Laurier laid the papers connected with the subject on the table in so studiously unostentatious a manner that nobody in the House noticed them. When they had been carried off to the custody of the officials of the House, a Liberal member took care to borrow them and kept them out of sight. Thus the House passed the legislation without detecting, and without the Government informing it as to the real effect of the arrangement. In due time there came an influx of Japanese and there was trouble. Then the proofs came to light. The story they told was singular.

The Canadian-Japanese Convention of 1906 was simply an arrangement whereby the Anglo-Japanese Treaty of the early nineties was made to apply to Canada as well as to Great Britain. It turned out that when the Treaty was concluded the British Government had provided that it should not apply to Canada, Australia and other portions of the overseas Dominions without their special consent; and that it did it largely because of the immigration difficulty. In writing to the Canadian Government on the subject the Colonial Office advised it to pass legislation similar to the Natal Act, and so to guard its shores against an influx of Oriental labor. The Conservative Government prior to 1896 showed anxiety to guard this point, but went out of office before the matter came to a head. The Colonial Office repeatedly pressed the Laurier Government to take action along the lines of the Natal Act, but it did nothing and finally negotiated the Convention with Japan. (1) doing nothing to safeguard labor from Oriental competition; (2) omitting to let the House know that any such suggestion had been made to it. Finally, when the British Columbia Government took to passing the Natal Act, the Laurier Government steadily disallowed it, asserting that its action was prompted by Imperial considerations. Then the Vancouver riots occurred, and the Laurier Gov. which had allowed the situation to drift, had to send an envoy to Japan, and to involve the help of the Imperial Government.

Wood's Phosphodine,



The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. LITTLE SISTER.

She Made Life Worth Living For the Reckless One.

By F. B. WRIGHT.

"Aren't you going to answer my question? Won't you take me with you?"

Clifford Vane turned with surprise as he heard the voice. A girl with deep brown eyes and hair in which there was a tint of gold was standing beside the boat, her skirts blown out against her slender figure. The fluttering sail had made so much noise that Vane had not heard the girl before. He frowned unconsciously, for he was in no humor for company.

"It's too rough today. There's a nasty sea running, and you'll get wet through," he answered.

"As if I cared for that! And if it's so rough why do you venture out?"

"Because I want to, because it suits my mood."

The words sounded rude, but Marjorie Winthrop knew from the intent expression on Vane's face as he gazed out on the black clouds, the sullen green water of the bay and the wind blown whitecaps that he was speaking more to himself than to her.

"And if it suits my mood?"

"You with moods, child?" Vane said wonderingly. "What can you know of thoughts black enough to suit with such a day? Go back to your dolls or read your pretty fairy love stories and believe in their truth as long as you can," he added bitterly.

"You think because I'm only seventeen I'm not to feel and think."

"Think only of pleasant things."

"But if the day suits me it is pleasant. Please take me."

"What will your mother say?"

"She won't care. She only thinks of Edith. If it was Edith, now, it would be different, but I'm not such a valuable cargo. No one will bother about me."

There was a quaver in the girl's voice that made Vane look at her. She was looking out over the yeasty water with misty eyes and set mouth.

"All right," said Vane after a moment's hesitation. "I'm in a reckless mood. Let fate take care of us. What will be will be. Jump in."

* * * * * * *

It was a gusty day, and the Dot, too light for such weather, her lee rail almost under water, staggered under the flaws, every now and then burying her nose into the rollers and sending a shower of spray into the boat. Vane had all he could do to manage her and for a time forgot his companion and almost his gloomy thoughts in the grim pleasure of his contest with wind and storm lashed sea. It was Edith Winthrop he was thinking of, the woman who had led him on to love her and then thrown him over for another man. Edith did not care. Every one must be sacrificed for her amusement —yes, even this child, her sister. At the thought he glanced at the girl where she sat poised out to windward, like some spirit of the sea, her hair blowing in the wind, her cheeks aglow with excitement, her eyes fixed with a faraway look on the horizon. Vane had never noticed how pretty she was before. He had always thought of her as a mere child, and, lo, she was a woman! What was she thinking of? he wondered.

As if in answer to the question Marjorie turned and met his eyes for an instant and then looked away.

"You've heard of Edith's engagement?" she said.

"Yes," answered Vane, setting his teeth hard. "I found it out only today."

"I knew it weeks ago. You thought she cared for you?"

"Yes."

"You might have known she didn't. Van Allstyne is a richer man than you —in money. It's wealth and power she wants, and attention and admiration. Love! She doesn't know what it means. And you thought she had a heart!" cried the girl. "This sea has more."

"I know it now," said Vane, "when it's too late."

"And you—can you care for her still?" asked Marjorie after a silence.

"Yes—at least I care for the ideal I thought her."

"What did you think her?"

"Brave, courageous, noble hearted, with a soul as beautiful as her body, a comrade for a man, to face with him the storms of life, a woman tender and true, to fight for and dare for. I would have tried to give her everything she wanted. No man can love her as I do —and now"— Vane laughed bitterly as an ending to his sentence.

"Why did you come out today in this gale?" said Marjorie. "Is your life so worthless to you that you would risk it because a thoughtless woman has wounded you?"

"My life! What does it matter? I don't care."

"I thought you didn't," returned the girl gravely. "I knew you didn't. That's why I came. I couldn't let you come alone."

"And you came because you thought"—

"You would be reckless? Yes."

"And you were not afraid?"

"No. Why should I be? I knew you would take care of me—if not of yourself." The girl smiled at him confidently. "I am perfectly safe with you," she added.

So Marjorie had risked her life for him so that in his desperate humor he should not go alone. But how came she, a mere child, to understand? She, at least, had a heart to make some man happy. And here he was putting her life at the mercy of the sea to gratify his selfish mood of bitterness. Well, he must get her home at once—then—Van thought he did not much care what happened afterward.

It was blowing harder as Vane came about and slacked the sheet for the run to the far distant boathouse and the hotel on the hill. They were going before the wind now, the boat rolling dangerously in the clutch of the sea, the waves behind following with hungry jaws and threatening every moment to engulf them.

With braced body and strained muscles, every sense alert, Vane gripped the tiller, striving to hold the boat against the swirling buffets of the waves, his one thought to get her safe to land. Every moment the wind increased, every moment the bay became more tumultuous. Would they make it? he wondered.

They were nearly opposite the boathouse when there came a sudden whirl of wind from between the hills ahead. Vane had but time to cry a warning when the sail jibed, the boom came swinging over with an angry snarl, the boat was flung upon her beam ends, and the next moment he found himself entangled in cordage and battling for his life beneath the waves. With desperate fingers he cleared himself and came to the surface. And Marjorie—where was she? Had she been struck by the boom and made unconscious or killed, or had she, too, been carried down by the sinking boat?

For an agonized moment Vane could see no sign of her, and then he spied her just coming to the surface. She was going down again when he caught her and started for the shore. It was a long swim against a tide that seemed to drag him down as if with clutching hands, but Vane swore he would save this girl who had risked her life for him or lose his own. He could see people running to the boathouse now and getting out the boat. How slow they were! Would they never come? His muscles were giving out; his breath came heavily; his limbs felt like lead. Could he hold out? They were wearing fast now. He tried to revive his failing strength, to overmaster his weakness. The world grew black before him, and then a strong arm gripped his shoulder, and he and Marjorie were lifted into the boat and rowed toward shore.

* * * * * * *

In those days afterward, while Marjorie hovered between life and death, Clifford Vane learned how much he could do for this girl, this girl he thought was a child and now knew to be the woman in all the world for him. Gone was his love for Edith Winthrop. He knew now that he had in her sister all that Edith had seemed and more. And there came a day when he was permitted to see her.

He found her on an upper piazza of the hotel clad in a soft blue wrapper, her soft hair loose on her shoulders, and the smile her pale face held for him gave him hope that in saving her he had found happiness.

The English Soldier.

In Wellington's day death was the almost invariable punishment of the soldier who deserted in time of war, while even in peace time such atrocious sentences as 1,000 lashes with the "cat" were by no means infrequently inflicted. Yet in spite of this desertion was far more prevalent than it now is, for enlistment then was for life, and to "take French leave" was the only way out of it. Today the soldier is well fed, well paid and well cared for, and he does not desert, at all events to any great extent. He stops absent without leave, he "skips out" of one regiment in order to join some other he likes better, he rejoins the colors from the reserve under an assumed name, and so on, but these things, although reprehensible enough in themselves, fall short of desertion as popularly understood, although some of them are officially classed as such. Actual out and out desertion is, in fact, the rarest of army crimes nowadays.—London Tit-Bits.

He Knew the Requirements.

Uncle Silas in his youth had been "fond of the society of the opposite sex," to use his own words, and the timidity of his twenty-three-year-old nephew was a great trial to him.

"What's the matter of you, Rod, that you stick at home Sunday evenings?" he demanded plainly after many unavailing hints. "Why don't you go calling on some of your young lady friends, boy?"

"Oh, I don't care about it," said Rodney, turning a lively crimson. "They wouldn't find me interesting."

"Wouldn't?" puffed Uncle Silas. "Well, I should like to be told why they wouldn't! You've got a good black suit and a new hat, and you've got a pair of legs that could take you to the candy shop on Sat'day night and enough pockets to put a box or two in. I should like to know what more you need to make 'em find you interesting."—Youth's Companion.

The Great Advantage.

The preacher is usually no doubt the last man to recognize the sermon as the church emptier. But one worthy Scotsman, Dr. Robert Henry, author of the "History of Great Britain Written on a New Plan," showed by a sly joke that he did. He shared a charge with Dr. Macknight, whose dullness in the pulpit was appalling, and Dr. Henry's own humor does not seem to have attracted congregations. One day he dwelt with remarkable emphasis to his colleague on the blessing it was that there were two of them in one kirk, and Macknight, courteously acknowledging the advantage to himself, said he did not see how it benefited other people. "Ah," said Henry, "an it hadna been for that there wad have been twa toom (empty) kirks this day."—London Chronicle.

Fish Story.

Bill—Gill was just telling you some fish lie, wasn't he?

Jill—Yes. But how did you know?

"Oh, I saw him stretching out his hands as if to describe the size of a big fish."

"Yes; he was telling me of the one you told him you caught."—Yonkers Statesman.

Yes
ALL teas may look alike to you—but the difference in Red Rose Tea is in the taste and the smell. Another marked difference is the agreeable strength that puts real quality in the cup with less tea in the pot. Will you try it.

TIME FREIGHT CARS.

Traced by Hourly Reports the Whole Length of Their Run.

A freight car is essentially common property. It has to go from one line to another in the course of its business. It has to carry loads from Jacksonville, Fla., to Spokane, Wash.; from Phoenix, Ariz., to Augusta, Me. If all the freight cars in the United States were owned by one big company and if that company charged the railroads for the exact amount of use which they made of each car the situation would theoretically be more reasonable than it is today.

But in any case the wanderings of freight cars will always entail an enormous amount of labor with pen and pencil and telegraph key and typewriter and long distance telephone, writes William Hard in the Technical World Magazine.

The modern hunter of freight cars is not satisfied with knowing where all the cars on his own lines are at the end of each day's run. Modern business life has become so rapid that in the case of certain kinds of freight it is necessary to know just where each car is every few hours. This kind of freight is called time freight.

Ordinary freight is dead freight. Time freight consists only of certain materials. These materials run alphabetically all the way from asbestus, through cranberries, egg case fillers, ink, peanuts and varnish, down to zinc. All cars in time freight trains are reported by telegraph from all division points.

You can stand in front of a big board on the wall—it is like the board in a stockbroker's office except that it has little holes in it—and watch the progress of the cars in a time freight train from point to point. As the telegrams come in the pegs are moved from hole to hole. If you started a carload of varnish from Chicago to Omaha last night you can come in today and see just where that car is. You can watch it all the way to Omaha on the board.

It is a cruel humiliation for the freight car. It used to be a wild stray animal, but now it is tamed and domesticated. Just as we now have municipal lodging houses for tramps, so we have telegraph record boards for freight cars. Pretty soon nobody will be able to escape from the authorities. It is only occasionally under modern methods a freight car tracer has to go out and bring it home by force.

THE STOMACH.

Its Power to Resist Its Own Gastric Juices Is a Puzzle.

One of the greatest questions disturbing the minds of physiologists both past and present is that of the stomach's digesting powers. It is asked why the stomach does not digest itself. It is well known that gastric juices have the power to digest the tissue of which the stomach is made. One of the things actually manufactured by the body, secreted in the glands near the stomach and poured into it, is hydrochloric acid, a powerful agent that will eat up almost anything. Why it does not eat the stomach up is problematical.

It is known that a stomach from a dead animal or man can be digested by a living man. It has been found out also that when a man is killed accidentally and his stomach is in the process of digesting, if the body be kept warm, his whole stomach will be digested and possibly, too, adjacent organs, as liver, pancreas, etc. From this it was argued that the "principle of life" kept the process from going on in a living being. Subsequently, however, this was proved to be untrue. A living frog was put in an unconscious condition and his leg inserted through a small hole in a dog's stomach, the dog being alive and well. It was found that the frog's leg was wholly digested in the process, although living. So the last reason conceivable was proved incapable of explaining the phenomenon.

About the only conclusion left is that the stomach does gradually actually eat itself up, but that it is being constantly rebuilt. However, as this experiment is hard to perform and as no results have so far been announced in this direction, we are left in a state of absolute ignorance, and all we can do is to be devoutly thankful to Providence that our stomachs do not digest themselves except in the ordinary course of human events.—Lawrence Hodges in New York Tribune.

In Doubt.

Editor—Look here, what sort of writing is this in your story?

Reporter—What's wrong with it, sir?

Editor—You say in your account of this party where they had fun with a bashful guest, "As his intended partner swept past gracefully the others brushed by to scour the place for the timid victim of the game, who had lost courage and dusted." Say, are you writing about a social party or a housecleaning exhibition?—New York Journal.

A Lesson In Anatomy.

A professor at one of our universities is very witty upon occasion.

A medical student once asked if there were not some works on anatomy more recent than those in the college library.

"Young man," said the professor, "there have not been many new bones added to the human body during the last ten years."—London Standard.

Blows His Own Horn.

"What kind of a fellow is Griggs?"

"He's one of those chaps who can do anything."

"How delightful!"

"Yes, but he likes to tell of it."

"Oh!"—Boston Herald.

Speedy Trial for Spies.

Emden, Germany, Aug. 26—Brandon and Trench, the alleged British spies, who were arrested at Borkum, Aug. 22 and 23, charged with taking photographs of German fortifications, will be taken to Leipsic for immediate trial.

Brandon is believed to be an officer and numerous drawings of fortifications and topographical photographs were found in his possession after his arrest.

The arrested men decline to communicate with the attorney engaged for their defence by the British vice-consul here and have asked that counsel for them be sent for from London.

Shot by His Brother.

Wilkes-Barre, Pa., Aug. 26.—During a quarrel yesterday at their home at Pittston, near here, Matteo Bidanto wa s shot and killed by his brother Frank. The men quarrelled because Frank had been annoying his brother's wife.

AUTOMOBILE TIRE SERVICE

Not only in service, but in economy of service, Dunlop Tires give a low average cost per mile, because there is quality in the tire to begin with. That quality is in itself a guarantee of service, and it is backed up by the ready willingness of the Dunlop Tire Company to thoroughly satisfy every user of Dunlop Automobile Tires.

EDSON ALBERTA

THE COMING CITY OF WESTERN CANADA

And One of the Most Important Divisional Points on the Grand Trunk Pacific Railway.

The Coming Railway, Manufacturing, Mining, Agriculture, Coal and Commercial Centre of Western Canada.

A Few Facts Why Edson

is a very important divisional point on the Grand Trunk Pacific Railway. All railway lines are divided into divisions. The C. P. R. has among many others, its Central division. Prairie Division, Mountain Division and Pacific Division and has created such cities as Fort William and Winnipeg, Calgary, Revelstoke and Vancouver. The prairie division of the C. P. R. begins at Winnipeg and ends at Calgary.

The prairie division of the Grand Trunk Pacific Railway begins at Winnipeg and ends at **EDSON.** Calgary to-day is a large and prosperous city of some (40,000) forty thousand population. Ten years ago Calgary was rarely heard of. **EDSON** being equally situated on the railway lines to Calgary is destined to become as great a city as Calgary.

UNEQUALLED FARM LANDS NORTH OF EDSON

is situated the grand "prairie country" of the **PEACE RIVER** which is known far and wide as the last available stretches of unbroken prairie farm lands. The railroad will be built into this country from **EDSON** at an early date. This alone will necessitate **EDSON** becoming one of the important manufacturing and distributing points of the West and will add untold thousands of property values.

EXTENSIVE COAL FIELDS NEAR EDSON

South of **EDSON** about 30 miles are situated very valuable and extensive coal deposits. Mining corporations are investing large sums in developing this wonderful district and the railroad will be built from **EDSON** to the mines if possible this year. The Yellowhead Coal Company are investing large sums just south of the city in developing their mines and hold contracts from the Grand Trunk Pacific Railway for their general supply of coal for that district.

WONDERFUL TIMBER BELT

West and northwest of **EDSON** are to be found vast timber areas and as the facilities for transportation and power is unexcelled **EDSON** will become the chief lumbering city of that part of the West. A sawmill is now being built just north of the city.

EDSON HAS GREAT ASSETS

which will make it one of the greatest cities in Western Canada.

The GRAND TRUNK PACIFIC Ry.

are now building round houses, shops, etc. at **EDSON**, and besides being a western terminus of the prairie division, it is also the eastern terminus of the mountain division, and eventually will be as great if not a greater divisional point than Calgary.

BUSINESS HOUSES, BANKS, MANUFACTURERS, ETC.

have locations already purchased in **EDSON** and considerable building is now going on. Capitalists are evincing keen interest in this new coming western city of **EDSON.**

EDSON'S RAPID GROWTH

We predict that **EDSON** with its many natur.l resources and advantages will become a city of thousands within a very short time and lots bought to-day in **EDSON** will be selling at several times the present price in a short time. **The time to buy lots in EDSON is now.**

Ten years ago business and residental lots could be bought in Calgary at prices ranging from $50 to $200, and the self same lots have sold since for $5,000 and up to $20,000. Now if **EDSON'S** location is equal to that of Calgary what better assurance would you want for a safe investment of your money? A few years wfll see **EDSON** property values equal to those of Calgary.

What does this mean to you? It means nothing unless you participate in the profits, and you can do this only by buying real estate in this young and vigorous western Canadian city. The time to buy is when the new city has passed through a seasoning stage, where it is in a performative period with its natural resources and stragical position assure the building of a big city.

These few facts are sufficient to convince the most skeptical of the immense possibilities at the great future growth of **EDSON**, and it will only be a matter of a few weeks until the choice lots and locations will be bought up by the men who not only thought but acted quickly.

OUR LOTS ARE NICELY LOCATED

adjoining the business section and are all high, dry and level, and the city is rapidly growing towards this direction. The present prices for a limited time are

For Lots in Industrial Edson $60 to $125

On Monthly Payments, or 5% Discount for Cash. These

PRICES ARE FOR A SHORT TIME ONLY

A few dollars invested in this coming city will make you independent in the future. Do not miss your opportunity. You should know about the last great West. Information and full particulars sent on receipt of a card. Phone No 819. Open evening.

Harry Adams

The Gordian Knot

WATT—BARLOW.

Mr. John M. Watt, formerly chief clerk of the G.T.R. freight office here, and Miss Edna Barlow, of Penetanguishene, were the principals of a very charming wedding which was solemnized at Penetanguishene at 1.30 p.m., 24th. The bride was one of the most popular and charming young ladies of that place. The wedding was attended by only the intimate friends of the bride and groom. After the ceremony Mr. and Mrs. Watt left on a wedding trip to Montreal, Portland, Boston and on their return will visit Peterborough.

Back Next Week

Writing to a friend in the city, Mr. F. W. Miller, who with Mrs. Miller, is spending a vacation in England, he states they expect to arrive home on the morning of September 3rd.

To Preach At Bowmanville

Rev. Isaac Couch of George street Methodist church will be in Bowmanville to-morrow where he will conduct anniversary services. Rev. H. A. Spence B. A, B. D of that place will take the services at George Street.

THREE CASES OF WATCH STEALING IN TWO DAYS

Still another case of watch stealing is recorded. There were two charges read at the police court yesterday morning and another to-day. Jos. Reynolds, a young man, was charged with the theft of a time-piece, said to be worth $30.

Mr. Gordon, who appeared for the accused, did not elect or make any plea, and the case was enlarged till next Saturday.

Bail was granted by His Worship, and furnished by the father.

A NICE COLOR.

An information alleging an assault last night, was laid by the one who had his feeling hurt.

Something connected with his eye, and all particulars are expected to be given out when the case is called next Wednesday morning.

Vice-President Sherman left Utica, N. Y., to start on a speaking tour in the west.

Paul Nierny was injured by a tiger during a performance at Belleville, N. J.

NOTICE TO CONTRACTORS
Sealed tenders addressed to the undersigned at 212 King Street West, Toronto and endorsed "Tender for Machine Shop", will be received up to
5 p.m. on September 6th, 1910,
for the various trades in connection with extension to the Company's Machine Shop at Peterborough.
Envelopes containing tender should have plainly marked on the outside (in addition to the Words "Tender for Machine Shop") the particular trade covered by the tender.
Plans and specifications may be seen on application to the Building Department at 212 King Street West, Toronto, or in the office of the Clerk of Works on the job at Peterborough
The lowest or any tender not necessarily accepted.
CANADIAN GENERAL ELECTRIC CO'Y
Limited

WILL HAVE FULL TEACHING STAFF

The local Board of Education will have a full staff of teachers with which to begin the fall term on Tuesday, September 6th. Other cities are not so fortunate and some of the country schools are behind time in re-opening on account of the inability to secure a teacher.

KID GLOVES
T. C. Elliot opens, this Fall, one of the largest Kid Glove Departments in Peterborough. All the best makes are shown — all shades

DECIDING THE VALUE
The general utility of any make of Automobile Tires is not decided by the appearance of a sample tire after it has gone one or two thousand miles —the average cost per mile per tire is arrived at by running a car on a particular set of tires, and then making the comparisons of the cost of the tire upkeep. Dunlop Tires give a low average cost per mile, for besides the quality that goes with them, the Dunlop Company is ever anxious to thoroughly satisfy the users of Dunlop Automobile Tires.

COME ON THE WATER WAGGON
On Labor Day, Sept. 5th 1910 with the Sacred Heart T. A. S. First annual excursion, to Stoney Lake per Steamer Otonabee. Dinner at South Beach, after which the excursionists will have the opportunity of a free sail to Burleigh. Tickets:—Adults 60c, children 30c. Tickets for sale at H. LeBrun & Co's, David Henry's grocery, M. H. Halpin's grocery, Wm. Grady's grocery. Boat leaves C.P.R. wharf at 8 o'clock. 7d

The first through train from the east over the western pacific raiload was met by a great crowd at Oakland Cal.

TWO MEN THE VICTIMS KILLED AT BELLEVILLE BY ACCIDENT ON G.T.R.

Belleville, Aug. 27.—Two men were killed in an accident at the G. T. R. station here at six o'clock this morning. The report is that an immigrant special ran through an open switch into a yard engine killing Peter Young an engineer, and a man named Brewer, a car-tapper. Both men are married. Brewer leaves a grown-up family.

NAMES OF THE FLEET FOOTED

(WHO WON PRIZES)

At the Coldsprings Union Sunday school excursion Thursday the following list of races were run off and provided great fun for the spectators. The names of the winners of the different events are us follows;—

Girls', 6 years and under—1, Reta Rose; 2, Rose Kelly.

Girls', 10 years and under—1, May Tully; 2, A. Forest.

Girls', 16 years and under—1, Jennie Huston; 2, Florence Rose; 3, Myrtle Waldy.

Young ladies' race—1, Ethel Robinson; 2, Ivy Frost; 3, Annie Peters.

Married women's race—1, Mrs. J. Rose; 2, Mrs. Thomas Rose; 3, Mrs. Robinson.

A football match between the girls of the north and the south was productive of considerable amusement. The rustle of skirts and the feminine screams were the most important features of the game. To please both teams and to repay them for their violent and strenuous work, the referee called the game a tie.

The boys' races were next run off.

Boys' race, 6 years and under—1, Andy Henry; 2, Harry Huston; 3, Vernon Rose.

Boys', 12 years and under—1, M. Bennet; 2, Harold Rose; 3, Harold Huston.

Boys', 16 years and under—1, Andrew Munden; 2, James Huston; 3, Herbert Munro.

Young men's race, 500 yards—1, R. Smith; 2, A. Holden.

Sack race—1, Harold Rose; 2, Chas. McBride; 3, M. Huston.

Married men's race—1, Mr. Elson; 2, Mr. Harr; 3, Mr. Kidd.

A boys' football match also provided some sport for the onlookers.

A bazaar, under the auspices of the English Church at Gore's Landing, was in progress there yesterday, and the visitors won the respect and esteem of those in charge of it by their liberal patronage.

The steamer left Gore's Landing for home about four o'clock and reached Wolfe street wharf about eight.

The committee in charge desire to thank the crew of the "Otonabee" and any others who assisted in any way towards making their annual excursion such a decided success.

Miss Laura Bennet is superintendent of the Sunday school.

BIGGEST MARKET THIS SUMMER

The biggest market this summer. Everybody was busy. The line of carts on the square extended along both sides of the south and east sidewalks of the yard. You had to elbow your way through the crowd. Nearly every cart display was surrounded by would-be buyers. Inside it was the same. The women buyers were in the majority, and many farmers sold their articles in record time this morning. By 10.30 quite a number had sold out completely. Chickens were the most plentiful of any commodity to-day. As the people left the market a chicken or a pair of them dangled gracefully by the legs from nearly every hand. A solitary load of hay was $13. The prices to-day were;

Blue plumbs—3 quarts for 25c.
Apples—15c.
Potatoes—20c. per peck.
Corn—10c a dozen.
Tomatoes—3 pounds for 10c.
Cucumbers—10c a dozen.
Onions—3 bunches for 10c.
Cabbages—5c to 7c.
Carrotts—3 bunches for 10c.
Peas—3 quarts for 10c.
Chickens—70c. a pair.
Ducks—90c.
Geese—65c.
Butter 24c and 25c.

For a wonder, eggs are down one cent. Nineteen cents is what they sold for per dozen to-day.

A big turkey sold for $1.40, and the little pigs $8 per pair.

Bailed hay, 80c per cwt.

JUDGMENT DEBTOR MAY BE FURTHER EXAMINED

The following judgment given at Osgoode Hall, Toronto, is of local interest. The action was first heard here;

Toronto Globe.—Stavert vs. Holdcroft.—Motion by plaintiff for an order for further examination of defendant as a judgment debtor. Judgment; From the examination already had, it appears that defendant since the commencement of this action has parted with all his assets and spent the money. He admits that since the liability in question was incurred he has earned several thousand dollars in his practice; as "he has been making money right along, and spending all he could get hold of." He was not asked how much was still owing or by whom, nor called on to produce his books. This the plaintiff now wishes to be allowed to do. But as this inquiry should properly have been made on the first examination, the costs of this motion and order, which may be fixed at $25, should be allowed to the defendant and set off pro tanto against the judgment.

THE SONS OF ENGLAND ARE LIVE MEMBERS OF THE HUMAN RACE

The members of Lansdowne Lodge Sons of England, have been showing commendable activity during recent months, and this has shown itself especially in the number of new candidates secured by the members—no less than thirteen for the month of August.

At the last meeting of the lodge the members had the pleasure of listening to a report of the meeting of the Supreme Lodge by Bro. C. F. Ketney.

The Supreme Lodge of the Sons of England meets once every two years. This year the choice fell upon Ottawa as the place of meeting.

Bro. Ketney, who went as the delegate from Lansdowne Lodge, gave a very full and interesting report of the business transacted by the lodge while in session, and also spoke very highly of the hospitality shown them by the citizens of Ottawa. Bro. Ketney's report was, in part, as follows;—

The 1910 Supreme Lodge of the Sons of England, held in the city of Ottawa, was the largest and most harmonious ever held in the history of the society. From start to finish the business was conducted with promptness and smoothness, and reflected great credit on the officers of the society.

At the outset a resolution conveying the affectionate loyalty of every member of the order to the British throne was carried unanimously and forwarded to His Majesty King George VI.

The supreme secretary's report showed a most satisfactory increase, both in membership and in finances, both the beneficiary and the general fund showing increased business.

Much of the time of the lodge was spent in routine business, a considerable number of amendments to the constitution were discussed, and either embodied into it or adopted.

The most important matter on the agenda paper was the question of establishing Provincial Grand Lodges. This, after considerable discussion over the necessary financial adjustment between them and the Supreme Lodge, was at last brought to a satisfactory solution. It is expected that Manitoba will be the first province to take advantage of this opportunity and before the next meeting of Supreme Lodge there will be a Grand Lodge of Manitoba.

This will mean a great deal to the future of the order, especially in our great west, where so many Englishmen are taking up land or finding some other way of making a home for themselves and their children.

British Columbia was well represented at Supreme Lodge, among the delegates being Bro. J. Fowler, of Vancouver, a man almost seventy years of age, but who, in enthusiasm and activity, could give points to many men thirty years his junior. Bro. Fowler claims that next to England British Columbia is the home of Englishmen, and urged this as a reason for holding the 1912 Supreme Lodge in the city of Vancouver.

The membership of the order now numbers over 30,000, scattered all over the Dominion from Halifax to Vancouver, and in every city there is at least one lodge of the Sons of England.

The newly elected officers were as follows;—

Supreme President—Bro. T. Ferguson, Toronto.

Supreme Vice-President—Bro. E. A. Miller, Aylmer.

Supreme Secretary—Bro. J. W. Carter, Toronto.

Supreme Treasurer—Bro. B. Hinchcliffe, Toronto.

Niagara Falls, Ont., was chosen as the place of meeting for the Supreme Lodge in 1912.

At the close of the meeting a hearty vote of thanks was accorded to Bro. Ketney for his excellent report.

HURRAH FOR CHEMONG!
Peterborough to Chemong on Monday, August 29. Stoney Lake leaves Wolfe St. wharf at 8:30 a.m., arriving at Chemong to connect with 'buses for Peterborough. Boat tickets 75c. Stoney Lake Navigation Co.

Bullets flew after red pepper was thrown into the face of a strike breaker in Brooklyn.

PICKLING SEASON

The pride of every housewife is to put down the most tasty and appetizing Pickles that her time and superior knowledge will permit.

To get the best result she must use pure and high grade spices and vinegar which alone will impart that delightful flavor as well as keeping quality.

Try our high grade pure SPICES aud VINEGAR and you will always use them.

O'Keefe's PILSENER LAGER

"The Light Beer in the Light Bottle"

Is Far Better Than The Government Regulation Requires

The Canadian Government regulation, regarding the brewing of lager, is probably the most exacting in the world.

It calls for a brew of Hops, Malt and Water only. The American Government places no such restrictions on her brewers.

O'Keefe's "Pilsener" not only complies with the Canadian Government regulations—but is brewed of the very finest Hops and Malt, and pure filtered Water.

"The Beer with a Reputation"

Ask your dealer for this fine brew of O'Keefe's. 222

THE O'KEEFE BREWERY CO., LIMITED. - TORONTO.

SPORTING NEWS

WAGNER IS FORGING AHEAD WITH THE BAT

New York, Aug. 26.—The recent slump in batting by Fred Snodgrass, the Giant aspirant for the automobile that has been offered for the leading batter this year in the major leagues, makes Honus Wagner loom up again as the probable winner of the National League honor, if not of both big leagues.

Wagner's feat in getting seven hits out of seven trips to the plate gave the Teuton a big boost. In the last month Wagner has been hitting at the merriest sort of clip, and if he keeps it up for the remaining six weeks of the schedule there is no doubt that he will reach the front in the National. Ty Cobb has such a handsome average in the American League, however, that he appears the most likely recipient of the auto.

Snodgrass, who was hailed as a marvel two weeks ago, has made only five hits in the last ten days.

A FAST YOUNG MAN

IRVING PARKS.

Of Toronto West End Y.M.C.A., Canadian Half-mile Champion 1908. Time, 1.58 2-5. Parks was not in condition last year, and did not defend his title at Winnipeg, but is back in his old-time form and will be one of the West End standbys for the Penman trophy. Parks is also a member of West End Canadian champion relay team, who, with Tait, Sebert, Brock, will be here for the relay race as well as several other events.

THE BIG PENMAN MEET

(Y.M.C.A., OTHER GOSSIP)

The Y. M. C. A Tennis Club have for the second time won the Peterborough Lawn Tenis Association Club Championship and the handsome "Kerr Cup" will remain in the Y. M. C. A for another year!

The team which defended the cup so successfully was composed of Mr. S. Hall, W. Landry, F. Cressman, G. Miller, T. Allen. Congratulations are in order for the above team.

At the Golf Club Courts last night Hall and Cressman, Y. M. C A defeated Burnett and Henderson, Golf Club 6-3 6-1, which gives the "Y" team a lead of seven points for the cup with two more sets to play. Should these two sets prove to be defeats, the cup will be nailed down by five points, should they be wins, by nine points.

In the City singles the "Y" Club are pinning their faith on Landry to land the singles; but he has a worthy opponent in Kerr, who has won the title for the last twelve years.

The Track at Riverside Park is in superb condition and the owners are doing their best to have one of the tracks in Canada. The track in its present condition is a credit to them, no finer grounds can be found in this part of the country, and should go a long way towards increasing the interest in field athletics in Peterborough.

LETTER TO EDITOR

To the Sporting Editor of the Review.

Sir,—The Chemong Park Club did not appear, as promised. They were to be here Friday and play a matched game. I guess they were a little afraid, and I think it is about time they were afraid. Our boys intended to play their best, as this was the last of the season. The ladies were all out to witness the game.

ENTHUSIAST.

Chemong, Aug. 27, 1910.

BRIEF AND BREEZY

Messrs. Kerr, Hall, Landry and Meyers are the big four within grasp of the singles championship of the city tennis association. Which will carry off the honors? Mr. Kerr has held the honors for eleven years. The contests from now on will be exciting and well worth witnessing.

The Y.M.C.A. Tennis Club though greatly missing Dr. McPherson, who has played for the Armouries this season. Lane practically landed the Kerr trophy for another year. The game has made splendid progress this season, due considerably to the ableness of the officers of the association.

About September 1st, the West End Athletic Club will remove from their present premises to handsome and up-to-date rooms, situated above the Royal Theatre. The followers of the yellow and black are an enterprising and progressive bunch and should add many names to the membership this fall and winter.

There are lots of papas and young men to whom a certain amount of outside recreation would do a vast amount of good. Bowling is a great game, all around at Brookside Green. They are a jolly lot of fellows, our bowlers, and if you're dead game and not afraid to meet the financial end of the sport, they will be glad to see you.

Just imagine, the summer season of 1910 almost gone and Peterborough has not seen a lacrosse match. How some of us pine for the good old days, of the P.A.A.A. grounds. The games played there bring back pleasant memories. We saw victory there many times and occasionally defeat.

Wouldn't an old boys' reunion of the large number of sports that Peterborough has sent out, be a great affair. In lacrosse, baseball, rugby, hockey, Peterborough has seen many champions but now we couldn't scrape up enough players of the old type to win a game of pig-in-the-hole.

LAWN BOWLING

SOME CLASS TO US.

The British bowlers who are touring Canada, sustained their first defeat of the tour at Peterborough. There is some class to the Petes.—Warder, Lindsay.

BASEBALL YESTERDAY.

The Eastern League.

Jersey City	0 0 2 1 0 1 2 0 0—6

RA' FOR ROBERTS OF THE GRENS FOR HE WINS GOLD MEDAL, MAYOR McLAREN OF HAMILTON IS ALSO THERE WITH THE GOOD EYE

(WIRE FROM THF BUTTS)

Special to the Review.

Ottawa, Ont., Aug. 27.—Corp. H. R. Roberts, of the Royal Grenadiers, Toronto, has won the Governor General's gold medal. Second, Major McLaren, 91st, Hamilton.

Roberts scored a bulls-eye at the last shoot at the 1,000-yard range, beating out McLaren.

NEWS FROM THE RANGES

Special to the Review.

Ottawa, Ont., 27.—General Lake will present the trophies at the D.R.A. this afternoon. There were three Guelph men of the Bisley team last year. Capt. Crowe, Private Steele and Private McKee, all of the 30th, and it looks as if Guelph will have a fair representation again this year. In the Governor General's first stage Steele has scored 98 points out of 105, and in the grand aggregate he scored 288, and won $4. Captain Crowe scored a possible on the extra series, 600 yards, winning $9.20, and Steele did the same trick on the extra series, 500 yards, winning $5.00.

Artillery returns out for competitions all over Canada show that the 11th Field Battery, of Guelph, stood fifteenth, and the 16th Field Battery of Guelph, eighteenth, amongst all Canadian batteries.

Crushed Under Engine.

Brampton, Aug. 27.—A young man named Joseph Breadner, son of Mr. Isaac Breadner, a farmer living near Brampton, was instantly killed on Thursday night. Breadner was a thresher, and was moving his machinery about midnight. The engine stopped and in getting it going he slipped under the wheels.

Fell Over River Bank.

Niagara Falls, N.Y., Aug. 27.—After falling over the river bank, a distance of nearly a hundred feet, John Kelly, a marine engineer of Halifax, was picked up on the lower bank without a bone broken. He was badly shaken up and may be suffering from internal injuries. Kelly is on his vacation.

Throat Cut In Card Game.

Montreal, Aug. 27.—As the result of a quarrel over a game of cards Thursday night one Italian is in Notre Dame Hospital with his throat cut, and his assailant is being pursued by detectives. Belardi Minole is the victim, and there is slight hope of his recovery.

A Fatal Fall.

St. Catharines, Aug. 27.—Mrs. John Grenville, 86 years of age, was killed almost instantly by falling down a cellar stairway at her home in Thorold.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. "I FEEL IT MY DUTY

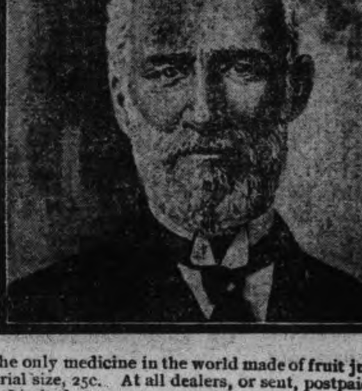
To Give You a Statement In Regard To 'Fruit-a-tives'"

HARDWICKE, MIRAMICHI, N.B., Jan. 17th. 1910.

"I feel it my duty to give to you and the world an unsolicited statement in respect to the wonderful cure I received by taking 'Fruit-a-tives.' Chronic Constipation was the complaint I suffered with for years. My general health was miserable as a result of this disease, and I became depressed and alarmed. I was treated by physicians without the slightest permanent benefit, and I tried all kinds of pills and tablets but nothing did me any good.



I saw the strong testimonial in favor of 'Fruit-a-tives' by New Brunswick's 'Grand Old Man', the Hon. John Costigan, and I knew that anything he stated was honest and true and given only to help his fellow-men. I tried 'Fruit-a-tives' and the effects were most marvellous, and now I am entirely well from all my Chronic Constipation that I suffered from for so many years. My general health is once more excellent and I cannot say too much to express my thanks for the great benefits derived from taking 'Fruit-a-tives.'"

A. G. WILLISTON.

"Fruit-a-tives" is not gotten up by druggists or expert chemists—who know nothing about disease and the needs of the human body—but is the scientific discovery of a well known physician, and is the only medicine in the world made of fruit juices.

50c. a box, 6 for $2.50, or trial size, 25c. At all dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

EXPERT ADVICE ON HOW TO SAVE YOURSELF AND OTHERS

Halifax Herald.

Wherever you go this time of the year—the river, the beach, the old swimming hole—you find people in bathing, and danger from drowning accidents ever present. The following article on how to rescue others who are in danger is, therefore, particularly timely. Dennis Butler, the man who has written this interesting story for The Evening Mail is a famous water man—a champion life saver and swimmer. In the seventies he won many matches and also the amateur championship of America. One of his feats was to swim from New York to Brooklyn with his arms and legs tied with 30 feet of rope, allowing him only the motion of his knees

BY DENNIS BUTLER.

Champion Life Saver and Swimmer.

If the drowning man or woman has sense enough to do as the would-be rescuer direct, then all is well and the life-saver can proceed about the work in a gentlemanly manner by doing as I have always found it best to do under those condittions. Don't approach the drowning one from in front, because that gives him a chance to grab you. Swim around him until you are behind and then dart at him and seize him beneath the armpits.

HOW TO GO AT A DROWNING MAN.

If you do this in the right way you will have the man pinioned so that it will be impossible for him to throw his arms around you in a death grip, and you can hold him up and tread water until help arrives or until he is convinced that his danger is over, and has recovered his presence of mind sufficiently to make it safe for you to take him in hand in the regular swimming position and tow him ashore.

But if he is beyond reasoning with, too scared to do as directed, and you cannot get in position to pinion his arms in the way I have described, then there is nothing for it but to resort to harsh measures for the sake of your own life, as well as his. When he wriggles around and tries to grasp you by the neck or reaches for your outstretched hands, those hands that you need to keep yourself above water, then let drive at his nose or jaw.

Let it be delivered with the object of rendering him unconscious, for your own life will be forfeited and the man will surely drown if you do not adopt these seemingly brutal, but really humane, measures. Punch him good and hard, and aim for a spot that will ensure sleep-producing effects.

WHAT THE NON-SWIMMER SHOULD KNOW.

When the drowning man is stretched out rigid you can keep him afloat and tow him ashore with as much ease as though he were a stick of timber. Just keep his unconscious head above water so that he can breathe naturally and push him ahead of you until shallow water is reached. It's the simplest thing in the world to save an unconscious man.

I cannot impress it too strongly on the non-swimmer that no man need drown if he keeps his head and follow these rules: When he falls into the water he will not sink so long as he keeps his lungs filled with air. It is only when he gets them stifled with water that he goes under. This retention of the air in the lungs, together with the extension of the hands palm downward on a level with the breast and a few motions of the feet will keep a man on top for half an hour, and in this time he has many chances of being rescued.

Instead of doing this, however, a novice upon falling into the water will raise his hands above his head and attempt to call for help. After he discharges the air from his lungs in the vain shout, the lungs get stopped up by water and then he naturally sinks.

HOW TO RESTORE RESPIRATION

Another important feature of the rescue work is that of getting rid of the water and restoring respiration. When the rescued person is landed on shore the first thing to do is to stand him on his head and hold his feet straight in the air. The water will gush from his lungs and when it stops flowing stand him on his feet with his back towards you, and by holding him about the abdomen allow him to hang limply over. By pressing the abdomen in and out, the water which is in his digestive organs will also be gotten rid of.

Another step is to lay him over a barrel or any other object, face upward and with his face lowered toward the ground. Seize his hands and work them with a circular motion from the head to the abdomen and back again. In bringing the arms back toward the head keep them wide open, so the air will be forced into the lungs. Of course the work of restoration requires anywhere from several minutes to many hours, according to the amount of water which has been swallowed.

SUMMER RECORDS OF CHILDREN'S DEATHS

Records show that by far the greatest number of deaths among little ones occur during the hot summer months. The excessive heat, the difficulty in keeping baby's milk sweet, improper food all tend towards bringing on those dreaded baby troubles — cholera infantum, diarrhoea, dysentry and other stomach and bowel troubles. To guard against these troubles Baby's Own Tablets should be kept in the house. An occasional dose of the Tablets will prevent these deadly summer complaints or cure them if they come on suddenly. Mrs. O. Moiin, Ste. Tite, Que., says: "My baby suffered from a severe attack of cholera infantum, but after giving him Baby's Own Tablets the trouble disappeared and he regained health splendidly." The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

SATISFYING THE PURCHASER

You may buy Dunlop Automobile Tires from dealers anywhere, but no matter where you buy them the Dunlop Company accepts the responsibilits for every tire, and is thoroughly anxious to satisfy you, as its purchaser—that is why Dunlop Automobile Tires give a low average cost per mile.

VALUE OF TECHNICAL TRAINING

Lads from Public Schools to Give Demonstrations at National Exhibition

Technical education has become a subject of daily discussion in the press and among all educational bodies. That the advocates of such training in the public schools have accomplished something is shown by the yearly demonstrations by little lads at the Canadian National Exhibition. The boys who give these demonstrations are ordinary youngsters chosen from the various schools of the city of Toronto and yet the work they turn out is that of expert cabinet makers. The aim of technical education is not of course to turn every boy into a trained carpenter or cabinet maker but to render him resourceful and useful in any emergency. The work the Toronto school boys do is one of the innumerable minor features of the Canadian National Exhibition, an event of inexhaustable interest.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly Windsor)

WHEN SHE GOLFS.

The Latest Hat and Sweater For the Athletic Girl.

CORRECT GOLFING COSTUME.

This is the correct golfing costume to be worn on cool days on the links. The sweater is of a convenient length for driving a pretty swift ball—the fashionable long length sweater interferes with one's play—and the weave is of a new design. The color is a dark serviceable gray, with cuffs and collar of bright hunter's green. The skirt is a gored affair in striped black and green galatea cloth. The saucy little hat is of gray felt matching the sweater and is coquettishly upturned at one side and trimmed with a scarf of bright green silk.

Popularity of the Sash.

Sashes are with us once more this summer. The broad belts now so popular are continued in soft knots and long ends when the gown to be ornamented is of light summery texture. Wide flowered ribbon in Pompadour patterns, soft broken plaids of a dainty color on white, new satin brocade in soft self tones and the ever beautiful messalines are all sought by the foresighted summer girl. The sash or girdle of ribbons or even of silk by the yard is as much the fashion for the child as for the grownup. In the cut are some of the newest ways of arranging the girdle.

HOW THE NEW GIRDLES ARE MADE.

For the Amateur Gardener.

No plant is so easy to grow nor so free from disease and insects as the geranium. It stands neglect and abuse and carries itself bravely, putting forth an occasional bloom even under conditions in which other plants would pine and die. It demands little skill for growing well and repays better than almost any other plant the little effort required to attend to its few wants.

Geraniums are sold so cheaply by the florist and there are so many beautiful new varieties that it hardly pays to grow one's own plants. It is perfectly feasible, however, to carry plants through the winter in pots, but such plants do not bloom well enough inside to make good house plants and are not so good to plant out in the spring as the strong, young, vigorous plants obtained from the florist.

Old house plants if used should be cut down to six inches from the ground, as they are generally tall and spindling and never will make shapely plants otherwise. It is possible to grow geraniums from cuttings rooted in the house, but one has to wait a long time for such plants to grow and bloom.

One can hardly understand why half the geraniums grown are red when there are so many other beautiful and delicate colors and shades to choose from at the florist's.

Queen Helena Uses Roller Skates.

Queen Helena of Italy and her children are devoted to roller skating as excellent exercise and jolly fun. The queen is a graceful skater and enjoys a romp almost daily with her children over the parqueted floors of the Quirinal, where formerly popes held court and presided over ceremonies of church affairs. The royal pupils have proved themselves adept in the art of skating. They often beg King Victor Emmanuel to join them in their fun, but the king has not dared yet to intrust himself to the little wheels. The keen interest which these members of the royal family have taken in roller skating has roused thousands of imitators throughout the kingdom, and roller skating in that country has become as great a fad as it is in America.

It is said that Carmen Sylva, Queen of Roumania, is travellling incognito to St. Francisco.

LOCAL CHURCH CALENDAR

SUNDAY, AUG. 28th., 1910

ST. PETER'S ROMAN CATHOLIC.

At St. Peter's cathedral there will be three masses celebrated.
8 a.m.—Low mass.
9.15 a.m.—Children's mass.

IT'S AUTOMOBILE SEASON

We direct your attention to the "Russell" the only all Canadian made car. You never thought of it being the only car made in Canada, all others having their motors and many other parts shipped in from the United States and elsewhere. It's appearance, comfort and running qualities cannot be improved. It can be supplied with either knight 00 valve type motor at prices from $2,200 to $6,000, with large wheels, long wheel base and 80 to 60 horse power moter

We also handle the "Ford" which is recognized the world over as the best proposition for the money. The Ford will do anything that any other car will do. It is run entirely by magnets, no battery to run down, will make from 25 to 30 miles on a gallon of gasoline and 10,000 to 15,000 miles on a set of tires. This ca combines comfort, pleasure, business and economy. You can buy a five passenger Touring Car including full equipment for $1,150. F. O. B. Walkerville. Watch the Fords go by, Ask for a free demonstration of either.

THE RESPONSIBILITY FOR TIRES

There is no red tape about the Dunlop Company, it makes itself directly responsible for all Dunlop Automobile Tires, and invites direct communication with its customers on the score of tire satisfaction. That is one of the reasons why Dunlop Automobile Tires give a low average cost per mile. The other reason is quality.

MIGHT HAVE BEEN KILLED

The six-year-old son of Mr. John Coulter, residing on Smith street, near Jackson's Park, had a narrow escape from being seriously injured last evening, about five o'clock. The little fellow was up street with his mother and sister. His mother went into Knox's to do some shopping, leaving the boy in charge of his sister outside of the store. When his sister, who is slightly older than him, was not looking he slipped out into the street. A rig, in which were two young fellows, was approaching, and the boy became confused, and in trying to get back to the sidewalk he stepped in front of it and was knocked down. His scream could be heard all up and down the street. One of the occupants of the rig alighted and carried him to the sidewalk.

The lad was badly bruised, but no bones were broken.

OBITUARY

CHARLES JAMES DOUGLAS CLARKSON.

Charles James Douglas, the ten-months' old child of Mr. and Mrs. Clarkson, No. 3, Fleming Place, died this morning after an illness of two or three weeks. Deathh was due to stomach trouble. The funeral will be held on Monday morning at 9 o'clock to Little Lake cemetery from the family residence.

BOILED THE BABY

Detroit Aug. 25.—Robert Kiel one year old, son of Mr. and Mrs. Frederick Kiel living in the Rocho apartments 351 Chene street was scalded to death in the bath tub at the home of his parents shortly before 5 o'clock yesterday afternoon. Frederick Kiel jr., two years old, a brother of the dead baby was scalded about the legs but is not in a serious condition.

Mr. and Mrs. Kiel planned to have a party at their home last night and Mrs. Kiel was yesterday preparing for it. About 4.30 o'clock she placed her two boys in the bath tub and went out and the elder lad turned on the tap.

CANADIAN PACIFIC RAILWAY

Farm Laborers Excursion will be run from Peterborough on August 30th and Sept. 6th. Leave Peterboro' at 7.42 a.m. Special train leaves Toronto at 2 p.m. Fare going $10.00, returning $18.00.

International Eucharistic Congress, Montreal. Fare for round trip $8.10. Good going Sept. 3rd to 10th, good returning up to and including September 15th, 1910.

Toronto Exhibition Programmes now in, call and see one. See advertisement in this paper for rates. Secure your tickets early at city ticket office.

Labor Day Rates, single fare. Good going Sept. 2, 3, 4 & 5th returning up to and including Sept. 7th. Tickets and all information at C.P.R. City Ticket Office. Wm. McIlroy, Agent.

HECLA FURNACE

Is Guaranteed Gas-Tight and Smoke-Tight

20 years use has proved the strength of this guarantee.

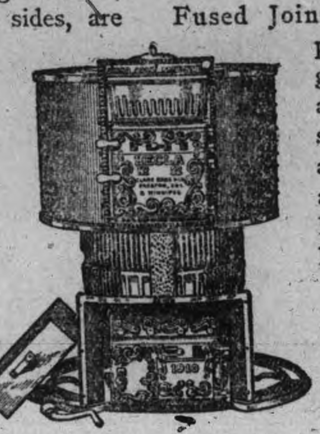
In the "Hecla" Furnace, the castiron top and bottom of the radiating chamber, and the steel sides, are fused. That is, they are heated at white heat until they become practically one piece of metal.

These Fused Joints are absolutely and permanently tight. There is no opening, nor any possibility of there being an opening, between the fire and the warm air chamber.

20 years use, proves this.

Fused Joints are a perfect guarantee against smoke, gas and dust in a "Hecla" heated home.

No other furnace has Fused Joints—they are exclusive "Hecla" patents. Insist therefore on a Hecla.



If you are going to put in a new furnace this year, let us plan the heating arrangements, and tell you just what it will cost to install the right furnace to heat right. Write for free copy of our book "Hecla Heated Homes." 105

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to phone write or call for appointment.

PICKLERS WERE TAKEN IN HAND

A Big Time Given by the Crawford Grove Yacht Club

Through the thoughtfulness of the Crawford's Grove Yacht Club the members of the Pickle camp were taken in tow last evening, and given food for their hungry stomachs, and nourishment in the way of music, and an all-round good time with a view of imparting a little cheer amongst the knights of the bottled fruit. "Polly Jones" proved a suitable opener a suitable opener for a number of dances, and these were followed by several warbling numbers by the Picklers. "Who placed the Fish bones in my little cot?" was sung by Mr. Sal. F. Haney, late of Lockport, N.Y.

The grub was distributed at eleven o'clock, and the guests in departing after extending an invitation to their hosts to pay them a visit, sang, "Come after breakfast, bring 'long your lunch, and leve 'fore supper time.

HAVELOCK HAPPENINGS

Special to the Review.

Havelock, Aug. 62.—A colored gentleman from the sunny south, who was touring Ontario via C. P. R. freight, was taken in here on Tuesday evening, and after spending the night the guest of the village, was taken to Peterborough, where he will make his home at Castle Nesbitt for the next thirty days.

On Wednesday evening a man named Mullans was brought before Magistrate Mathison, of town, on a charge of trespassing on the C.P.R. property. He will also spend a time at the Peterborough jail.

BEAUTIFUL GARDEN

Perhaps no place along this division of the C.P.R. can be seen so beautiful a flower garden as at the local C.P.R. station. From early in June up to the present it has been a pleasure to the eye with its nicely trimmed lawn and flower-bedecked plots. It has been a subject of comment, not only by the officials of the railroad, but by the travelling public in general.

The local C.P.R. auxiliary was called to Tweed on Thursday evening, where an engine had left the track.

Mr. Fred Squires has put in a set of weigh scales on Quebec street, immediately south of his store.

NO ELECTRIC LIGHTS.

Havelock people had a reminder of the old days before the Havelock Electric Light Company got busy, on Wednesday, Thursday and Friday nights, when the electric power was turned off on account of some repairs being made to the machinery at the power house at Burnt Dams. It is not known how long matters will be in this state, but it will probably be Tuesday next before the service can be continued. In the meantime the coal oil can will be a prominent article around town.

LAST HALF HOLIDAY.

Next Wednesday will be the last half holiday for the year. For the past few years the merchants have always closed their stores on Wednesday afternoon, thus allowing themselves and clerks an outing during each week. Each half holiday has seen a general exodus of the citizens and this year has been no exception to the rule. The many beautiful lakes and rivers in the surrounding country were visited each half holiday by large numbers, and next Wednesday will likely be a banner day in this respect.

The east bound express, No. 4, was run in two sections on Friday, owing to the heavy passenger traffic.

Mr. E. Youmans sold his farm implements and stock by public auction on Thursday afternoon, Aug. 25th.

The Randolph Construction Co. received a car of coal last week for use at Trent Bridge.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

To the Editor of the Review.

Sir,—Give my whole letter or shut up. The difficulty is finding the educated Canadians, and then likely he is Crippenish. What do you do with your education? The Sultan of Turkey and other brutes were educated. Better most people could never sign their names. The stuff that is printed, whether Doweyism, Baileyism, or any other ism, is mostly a disgrace to the great men to whom we owe the invention of printing.

WILLIAM A. BAILEY.
Peterborough, Aug. 27, 1910.

(This crushing reply is in answer to an editorial comment "Deportation" on a former card by William A. Bailey, whose signature was not appended, hence the contents of the card did not appear.—Ed.)

LUCK OR PLUCK

The annals of the Slocan are full of accounts of curious ways in which men tumbled on to fortune and of how many others fail to avail themselves of the full extent of their find or else squandered their money. One of the most remarkable of these finds was the discovery in the spring of 1892 of the famous big boulder. Two prospectors looking for a tent pole came across a huge mass of rock, higher than either and immensely rich. They thought they had stumbled on the outcrop of a mine and immediately staked a claim. Subsequent developments proved, however, that the mass of silver lead ore had become detached and rolled from the Slocan Star vein further up the mountain. A mining speculator offered the two men $2,000 for the chunk of galena as it stood. They accepted, and the speculator cleared $18,000, for the big boulder proved to contain over $20,000 in silver and lead. It weighed 125 tons.—Harold Sands, in the September CANADIAN MAGAINZE.

A new rule of the elevated road in New York requires all members of the police force, except officers, to pay for rides when not in uniform.

EXECUTORS' NOTICE TO CREDITORS

IN THE MATTER OF the Estate of Thomas Arthur Allum, late of the City of Peterborough, in the County of Peterborough, Gardener, deceased.

NOTICE IS HEREBY GIVEN pursuant to The Trustees Act and the amendments thereto, that all persons having claims against the estate of the said Thomas Arthur Allum who died on or about the Fourteenth day of June, 1910, are required to deliver full particulars of their said claims to William Henry Moore, 136 1-2 Hunter Street, in the City of Peterborough, in the said County, Solicitor for the Executors, Hephzibah Hannah Allum, and Frederick Stenson, of the Will of the said deceased, on or before the 15TH day of SEPTEMBER next, and also that after the last mentioned date the said Executors will proceed to distribute the assets of the said Estate amongst the parties entitled thereto, having regard only to the claims of which they then shall have notice, and that they will not be liable for the proceeds of the said Estate or any part thereof so distributed to any person of whose claim they shall not have notice at the time of such distribution.

W. H. MOORE,
136 1-2 Hunter street, Peterborough,
Solicitors for the said Executors.
Dated at Peterborough this 23rd day of July, 1910.

TECHNICAL COMMISSION BUSY INQUIRY IN EAST CONCLUDED

After Thirty-Three Days in Maritime Provinces the Members Are Journeying West Again to Make a Trip Through Ontario—400 Witnesses Examined.

Toronto, Aug. 29.—That the Royal Commission on Technical Education is having no holiday excursion is the testimony of Thomas Bengough, the secretary and official reporter of the commission, who has returned to the city from the Maritime Provinces with several members of the commission, prior to an Ontario tour.

"In thirty-three days we visited thirty-three different cities and towns, notwithstanding the fact that we gave three days each to Halifax and St. John, and two days each to Truro and Moncton," he said yesterday. "How did we do it? By dividing the commission into two sections, by holding evening sessions until nearly midnight, then traveling during the night to the next point. The industries were inspected, in some cases more thoroughly than by the official factory inspectors; the agricultural possibilities were seen by long tours into the country districts; conditions—educationally, industrially and socially—were discovered by examination of nearly 400 witnesses on oath, and by the procuring of printed and other documents, photographs, specimens, etc."

The commission will be the guests of the Industrial Exhibition Association during their stay in Toronto, and on Thursday, Sept. 1 (Manufacturers' Day), will be entertained at the directors' luncheon, when several of the commissioners will speak on the work accomplished and proposed.

To-day the Ontario tour will begin, the commissions being divided into two sections, in order to cover the ground within the time limit set by the Minister of Labor, under whose auspices the work of the commission is being done.

The following places will be visited by the sections:—

Western section — Rev. Dr. Bryce, chairman: St. Catharines, Aug. 30; Paris, Aug. 31; Collingwood, Sept. 6; Woodstock, Sept. 12; Goderich, Sept. 13; Listowel, Sept. 14; Owen Sound, Sept. 15.

Eastern section—Hon. J. N. Armstrong, chairman: Barrie, Sept. 9; Orillia, Sept. 10; Lindsay, Sept. 12; Oshawa, Sept. 13; Cobourg, Sept. 14; Cornwall, Sept. 15; Smith's Falls, Sept. 16.

The commission will then unite and visit Montreal, Sept. 19 and 21; Macdonald College, St. Anne de Bellevue, Sept. 20; Quebec City, Sept. 22-23.

The Ontario tour will then be resumed, the entire commission visiting Ottawa, Sept. 26 and 17; Brockville, Sept. 28; Kingston, Sept. 29-30; Belleville, Oct. 1; Peterboro, Oct. 3; Toronto, Oct. 4-5; Hamilton, Oct. 6-7; Niagara Falls, Oct. 8; Brantford, Oct. 10; Galt, Oct. 11; Guelph, Oct. 12-13; Berlin, Oct. 14; Stratford, Oct. 15; London, Oct. 17-18; St. Thomas, Oct. 19; Chatham, Oct. 20; Windsor and Walkerville. Oct. 21-22.

HOW METHODIST CHURCH WILL TRY OFFENCES AGAINST DOGMAS

Conference in Session at Victoria Passes Report Recommending the Appointment of a Board of Five to Try Professors Who Depart From Accepted Doctrine.

Victoria, B.C., Aug. 29.—The Methodist general conference Saturday night reached the clause in the educational committee report relating to theological teaching in colleges and how to deal with teaching not in harmony with the church standards.

A charge laid against any professor, lecturer or teacher must first be signed by five members or ministers of the Methodist Church, and laid before the officer in the college. He must call the board together within two months, and if they decide that the complaint is well made they forward it to the board of education; if they decide otherwise, the charge is dismissed. Here the complainants have right of appeal. The board of education, in turn, shall select five ministers of good repute and learning, who shall render decision on the case. This, the substance of the report, went through.

A number of memorials were lumped together and disposed of as follows: "In regard to the other memorials, we recommend that the control of theological teaching is sufficiently secured by the recommendations already passed, and that no further legislation is required."

A memorial from the Toronto Laymen's Association made the distinct request "to eliminate from our colleges such teaching concerning the Holy Scriptures, and the fallibility of Christ, as it is contained in Rev. Geo. Jackson's recent book, 'Studies in the Old Testament'."

Rev. Dr. Cleaver, Toronto, also put forward an amendment expressing by preamble regret that orally and by publication unsettling and injurious doctrines had been propagated through our colleges, and asking that this confence condemn such teaching, which he further specified by quoting from Jackson's book.

Rules of order followed confusedly for some time. Finally Dr. Cleaver's amendment was ruled out of order, as not being properly an amendment to the report, which was a piece of legislation. The report of the committee was adopted as a whole by almost unanimous vote.

In order that every opportunity be given for investigation, conference moved that Dr. Cleaver be heard Monday morning.

AN ITALIAN STABBED IN DRUNKEN FIGHT IN TORONTO

Guiseppe Rizzio at Point of Death in General Hospital, Suffering From Wound in Abdomen, and Rocco di Sabbato is Being Look for by Police.

Toronto, Aug. 29.—With a dangerous gash in his abdomen, Guiseppe Rizzia, Italian laborer, living at 106 Claremont street, is at the point of death in Grace Hospital, and the police are scouring the city for Rocco di Sabbato, 208 Claremont street, his assailant. The stabbing occurred at the home of the injured man at 5.30 last night in the presence of a dozen other Italians, who refuse to talk of the affray.

A dozen Italians had been drinking in the kitchen all yesterday. Three kegs of beer had been consumed. Rocco, who had just come in from the front of the house, became engaged in heated discussion with Rizzio. He reached into a coat pocket and produced a red razor case. There was a vicious upward movement of his hand and he and Rizzio fell to the floor. Rocco got up and went quietly out and was seen to walk slowly south on Claremont street. Rizzio did not rise and a stream of blood flowed from a long rent in his clothing. It was some time before medical aid was summoned, and then Dr. D. W. McPherson, 556 Bathurst street, was called. He found the man lying on the floor, a cut an inch long on the left side of his abdomen, and the intestines protruding. He had the man removed in Matthews' private ambulance to Grace Hospital, where surgeons worked over him for an hour and a half.

The police were notified by 'phone to the Esther street station at 6.20, and Sergt. Umbach hurried to the scene, picking up Detective Cronin on the way. Cronin picked up a razor case in the hallway, which bystanders said was that from which the razor had been taken, but the weapon could not be found. A search was also made at 208 Claremont street, where Rocco boarded, but there, too, the officers were met with the same shrugs and professed ignorance.

Rocco's trunk was searched, and a letter found addressed to him at 34 Carr street, but readdressed to the Claremont street house. A picture postcard showing the man wanted was also found. The Carr street house was found to be vacant, and at an address in St. Claren's avenue, to which the former occupants had moved, they learned nothing of Rocco's whereabouts.

Rocco is said to be 22 years of age and single. He was short and thick set. He is said to have worked on cement pavements for the city, but to have quit his job on Saturday. Rizzio is 39 years old with a wife and children in Italy. He had been in this country two years.

Inspector Dickson and Detectives Twigg, Archibald and Jarvis kept up a search all through the night throughout the Italian settlements in the city.

It was in this same locality that Pasquale Ventricini committed the murder for which he was hanged in June, and less than a year ago an Italian was arrested in this very house for a serious stabbing.

CRIPPEN BACK IN ENGLAND

Alleged Murderer is Hissed as He Arrives in London.

London, Aug. 29.—Chief Inspector Dew and Sergeant Mitchell of Scotland Yard and two wardresses, with Dr. Crippen and Miss Leneve, arrived at Euston Station at 7 o'clock Saturday night from Liverpool.

Three taxicabs were waiting at the station, and the party immediately was driven to the Bow street police station court, where the accused man and women were formally charged with the crime and then placed in cells.

An immense crowd at Euston hissed and booed the pair when they emerged from the station, but the police prevented further hostile demonstrations.

Dr. Crippen, who was arrested at Father Point, on the charge of killing his wife, Belle Elmore, in their Hilldrop crescent, London, home, arrived in Liverpool on the Megantic at noon Saturday. Miss Ethel Leneve, who went to Canada with Crippen, and who is also held on the charge of murder, also landed from the steamer. She was in charge of two matrons, who journeyed to Quebec for her.

Crippen displayed extreme nervousness during the last stages of the voyage. Effort was made to keep the celebrated prisoners in their cabins during the day, and few of the Canadian soldiers saw them until the time for disembarkation arrived. As the steamer neared the English shore Dr. Crippen grew excited and showed evidence of fear, the first time since his arrest. Those who attended him on the voyage say that the chief concern now of Scotland Yard is that the alleged murderer may lose his reason.

The man keeps muttering to himself, and his conversation with the guards has been quite incoherent. His moustache has turned white. He has a week's crop of whiskers, which give him an uncouth appearance. He will be closely watched until his case has been disposed of by the courts, for fear that he may be given an opportunity to suicide.

Miss Leneve, on the other hand, appeared quite jaunty when she was escorted down the gangway. She is confident of acquittal. Whether she knows anything of the killing of the Elmore woman is a matter of doubt, though it is believed that if she knows anything she has confided all to Inspector Dew.

HOLY GHOSTERS' VESSEL WRECKED

Halifax, N.S., Aug. 29.—Elijah Sanford, leader of the Holy Ghosters, and a motley band of fifty followers, are huddled together in a fisherman's shack on Mud Island, a barren spot of land thirty miles off Yarmouth, on the Nova Scotia coast, while their ship, the "Kingdom," is high and dry on the dangerous ledges within gun shot away. There is a great gaping hole in the bow of the craft and she is full of water.

For months past, Sanford has been cruising along the Nova Scotia and New England coasts to escape the authorities, who have been pursuing him in an effort to take off some female passengers, who are said to be unwillingly held on board the craft. For the past few weeks the American authorities have been giving keen chase, and it was in an effort to escape that Sanford pointed his craft eastward on a cruise along the Nova Scotia coast.

During a dense fog early Friday, she struck the rocks.

The Kingdom is a vessel of four hundred and ninety-one tons net, and was built 37 years ago. She was originally a merchantman. At present she has two hundred tons ballast on board.

STAMP SLOT MACHINES

Government Has Decided to Give Device a Trial.

Ottawa, Aug. 29.—The lowering of the charges to two cents a letter from all parts of Canada, the United States and the British Empire, and to one cent a letter where the letter is delivered in the same place in which it is posted have added tremendously to the amount of mail matter handled by the Canadian Postoffice Department. To such an extent is this the case that the Department is sometimes overetaxed to handle business as expeditiously as it requires, and it has had to look about for devices to assist it in its work. The selling of its postage stamps to meet the exacting demands of a public who are peremptory in regard to its postal service has for some time been a vexing problem. But it is believed the solution has been found.

For some years past, experiments have been made in stamp-vending machines, which would deliver stamps automatically when the proper amount was paid. Hon. Mr. Lemieux, Postmaster-General, has been following these experiments with interest, but until recently the results have not been such as would warrant the postoffice in embarking on a scheme of this kind. Now, however, a machine has been perfected, which has been submitted to exhaustive tests, with results so good as to give the Postmaster-General reason to believe that what he has been looking for has been accomplished.

TOLERATION IS NEEDED

Montreal, Aug. 29.—Mayor Guerin, in attending the laying of the cornerstone of the First Presbyterian Church of Montreal, on Saturday afternoon, gave evidence of a broad Christian spirit.

His worship, who is a Roman Catholic, pointed out the necessity in Montreal of toleration and a brotherly spirit among those professing Christian beliefs. For the eucharistic congress, he bespoke a warm welcome from all classes to the city's many visitors. The remarks of the mayor were loudly applauded.

The new church will unite the congregations of St. Gabriel's and Chalmer's Churches, the former one of the oldest Presbyterian churches in Canada.

WOMAN SMUGGLER CAUGHT

New York, Aug. 29.—According to customs officials, Mrs. I. Reynolds Adriance, Poughkeepsie, N. Y., social, prominent and wealthy, will be summoned to appear at the customs house to-day on a charge of smuggling. Arriving yesterday, she failed to mention in her declaration of dutiable goods a $6,000 pearl necklace, found after a search, hidden in her hat.

A woman inspector found a gold mesh purse which Mrs. Adriance insisted she had bought in this country, until Miss Helen Adriance, her daughter, exclaimed: "Oh, mother, why don't you tell them we got it in Lucrene. I wanted you to do that at first."

She is liable to a fine of $5,000 and to obtain possession of the jewels she must pay a penalty of twice their value, $6,000, plus a duty of 60 per cent.

LATE TICKS FROM WIRES

The Principality of Montenegro was proclaimed a kingdom yesterday.

The opium habit is said to be spreading among women in London.

A report comes from Hamilton of the discovery of silver and lead near Greensville.

A party of Bristol merchants who seek to cultivate trade relations with Canada was in Toronto yesterday.

The King's Royal Grenadiers' band arrived in Toronto to fill an engagement at the Canadian National Exhibition.

A fifteen-hundred-pound nugget from the Temiskaming mine in Cobalt will be one of the exhibits at Toronto Exhibition.

A number of commercial bodies in the United States have filed complaints with the Interstate Commerce Commission, alleging extortionate rates and violation of laws.

QUEEN'S OWN RIFLES ARRIVE

Aldershot, Aug. 29.—Thirty thousand people and eight bands turned out to welcome the battalion of the Queen's Own Rifles of Canada, which arrived here Saturday evening from Liverpool. It was a great reception. The streets were gaily decorated, and the British people were enthusiastic in their welcome of the fine-looking, well-drilled body of militiamen from the great Dominion. There was more excitement in the town and camp on the Bagshot Sands when the Canadians detrained than there was when the troops returned from South Africa.

OWEN SOUND PROGRESSING

Owen Sound, Aug. 29.—With very little opposition the shipbuilding and furniture factory bylaws were carried Saturday. The first authorizes the bonusing of a million dollar project to the extent of $50,000 and the investment of a corresponding amount in stock in the concern. The undertaking is being financed otherwise in Great Britain by a prominent engineer, who has been identified with the largest shipbuilding and engineering projects on the Tyne and other marine centres.

ROBERTS WINS THE BIG PRIZE

Ottawa, Aug. 29.—The most successful meet in the history of the D.R.A. came to a close on Saturday, with the piece de resistance, the Governor-General's match, when the 150 riflemen who had qualified in the first stage fought out for the big money. The weather was fine, but a light wind was a little tricky and was puzzling to the less experienced shots. The first honor, a particularly handsome gold medal, went to Corpl. Roberts of the 10th Regiment, this being the first big event he has won. In doing so he showed considerable nerve, as at his last shot at a thousand yards he required a bull's-eye to win, and some one unkindly reminded him of it. He was perfectly steady, however, and got the desired five points. St. Catharines, with Major McLaren, 10th Regiment, had the honor of winning second place, and Pte. W. Short, G.G.F.G., carried off third place for Ottawa. Between the Guards, 43rd and C.A.S.C. the capital city riflemen have six on the Bisley team, and carried off a lot of money.

The Grand Aggregate was won by Color-Sergt. Freeborn of the 13th with a score of 358. Staff-Sergt. P. Armstrong was second, Lieut. Morris third, Pte. Clifford fourth, and Lieut. Roberts fifth.

GAYNOR FOR GOVERNOR

New York, Aug. 29.—A canvass of this state by The New York Times has resulted in findings which that newspaper summarized yesterday as follows:

"So strong and so general is the Gaynor sentiment that it has caused a lull in the discussion of other names which had been mentioned for the leading place on the democratic state ticket. Both in its nature, and in the element among the voters which holds to it, the Gaynor sentiment is closely akin to the feeling for Col. Theodore Roosevelt and Governor Charles E. Hughes, when they were before the people as candidates for office or for a nomination."

STATE COMMISSION BARRED BY G.T.R.

Battle Creek, Mich., Aug. 29.—The grounds that the company's investigation of the Grand Trunk wreck near Durand was being held wholly to inform the management of the railroad as to who was responsible for the loss of seven lives, officials of the Grand Trunk refused to admit to the hearing the members of the State Railroad Commission, who came here to listen to the testimony of the trainmen. The crews of both trains involved in the wreck, in which eight passengers are now believed to have been killed, gave evidence behind closed doors.

This testimony, it was said, will be forwarded to headquarters, where the decision of the Grand Trunk officials will be announced.

TWO KILLED IN AUTO WRECK

Syracuse, N.Y., Aug. 29.—Mrs. Edgar A. Emens of this city, wife of Prof. Emens of Syracuse University, and Miss Martha Emens, sister of Prof. Emens, were killed yesterday afternoon, three miles south of Geneva, when a fast express crashed into the rear of the automobile while they were crossing the tracks. Prof. Emens is in a serious condition. The chauffeur was badly bruised.

Whirlpool Incline Railway Burns.

Niagara Falls, Ont., Aug. 30.—The Whirlpool Rapids Incline Railway on the American side, with the buildings at the top of the bank and at the base at the waters' edge, were totally destroyed by fire at 12.20 this morning, also the Suspension Bridge grist mill, just north of the elevator building. The total loss will reach $70,000.

Greek Not Compulsory.

Oxford, Eng., Aug. 29.—The council of Oxford University, which has been considering certain reforms suggested by Lord Curzon of Kedleston, chancellor of the university, has issued a voluminous report, which recommends that Greek cease to be a compulsory study.

FRANCE AFTER SPECULATORS

Paris, Aug. 29.—The increased cost of living, especially for the working classes, has induced the Government to take an exceptional decision. At a conference held at the Ministry of the Interior, M. Briand, Premier and Minister of the Interior, presiding, it was resolved to institute proceedings where proof is obtainable of unlawful speculation tending to artificially increase the prices of the necessities of life.

It was further decided to take action on any conduct which while not legally punishable may result in interfering with the ordinary course of supply and demand.

TRY A REVIEW WANT AD.

STRIKE FOR CLOSED SHOP

New York, Aug. 29.—Parades of protest broke out all over the east side Saturday afternoon, on receipt of the news that Justice Goff had ruled in the State Supreme Court that a strike to enforce the closed shop involves a conspiracy in restraint of trade.

Bands of the 60,000 cloakmakers, now on strike, marched through the streets, one of them to the City Hall, carrying banners and American flags, and shouting "Closed shop" at every step. There was no violence, but unrest and anger were everywhere visible among the strikers.

OLD ENGLAND SHY ON BACON

Ottawa, Aug. 29.—Mr. Mussen, Canadian trade commissioner at Leeds, reports a great falling off in the supply of bacon in England. One result is that grocers are inducing people to use breakfast foods. Mr. Mussen thinks there is a good opening for the Canadians manufactures of cereals. Canadian turkeys will as usual be in demand this autumn. There will also be a demand for Canadian honey.

Killed by Three-Foot Fall.

New York, Aug. 29.—John Roach, a laborer, fell three feet last night from an operating table on which he had been laid to dress a minor wound and broke his neck. He was dead when picked up.

Honor for Mrs. Ward?

New York, Aug. 29.—A London cable to The Tribune says: There is a rumor that Mrs. Humphrey Ward will succeed Florence Nightingale in the select circle of the Order of Merit.

APPREHENSION FOR HER SAFETY

Durand, Mich., Aug. 28.—Increased apprehension was felt yesterday regarding Miss Belle Scott of Schomberg, Ont., who was returning home after a visit with her brother, John Scott of Chicago. She is known to have been a passenger on the wrecked Pullman car, and her brother, who came here to seek her, has been unable to find any trace of the young woman.

If Miss Scott was killed the number of dead will be increased to eight.

New Line to Norway.

Christiania, Aug. 29.—The Norwegian-American Steamship Line was established with a capital of $2,800,000. The directors of the new line were authorized to purchase the steamship Kaiser Friedrich of Hamburg, which will be renamed the Lief Erikson.

The proposed line will make possible travel between New York and Norway in less than nine days, instead of 11 as at present.

Woman's Sad Death.

Wingham, Aug. 29.—The wife of J. L. Sellers, a prosperous farmer, who lives on the third line of Morris, committed suicide Saturday by hanging herself to one of the apple trees. Mrs. Sellers had been in poor health for some weeks. Her husband on awakening about 4 a.m. missed her and found her lifeless body.

Found Incriminating Letters.

Emden, Aug. 29.—The police yesterday discovered letters in the possession of Brandon and Trench, the alleged British spies, who were arrested at Borkum, Aug. 22 and 23, showing that they had planned to photograph all the fortifications of the North Sea coast. It was also learned that the two men had accomplices.

MAYOR GAYNOR ABLE TO GO HOME

New York, Aug. 29.—Mayor Gaynor was removed from St. Mary's Hospital in Hoboken yesterday morning to his country home at St. James, L.I. He bore the trip well, but his insistent plea to be allowed to walk unaided resulted in two distressing incidents. Once he sank to his knees as he tried to enter an automobile, and on the steps of his home, he fell on all fours from over-exertion.

Commenting upon the attempt to assassinate him, he said: "I am content. My great hope is that the event will help to make me a better man and more patient and just."

SIR WILFRID AT NELSON, B.C.

Nelson, B.C., Aug. 29.—Nelson received Sir Wilfrid Laurier Saturday night with enthusiastic acclaim—church bells rang, bands played whistles shrilled, torches flared, rockets shot heavenward, the streets were canopied with electric illuminations, while business houses and residences were hung with colored Chinese lanterns. A procession was formed, and the Premier, addressing the cheering crowd from a carriage at midnight, expressed appreciation of the magnificent reception accorded.

MUST LOWER EXPRESS AATES

Springfield, Ills., Aug. 29.—The big express companies of the country were dealt the most severe blow of their existence Saturday when the Illinois Railroad and Warehouse Commission promulgated an order cutting in half many of the rates now charged by the companies and making sweeping reductions all along the line. The state commission orders that the schedule of rates fixed by it shall become effective on Oct. 15.

MISHAPS TO BIRD MEN; ONE KILLED

Hanover, Prussia, Aug. 29.—Aviator Schlueter had a narrow escape from death while making a flight in a Voisin machine at Celle, 23 miles northwest of this city. The wires of the steering gear became entangled, and seeing that he was in imminent danger, Schlueter jumped to the earth, about 30 feet below. He escaped with a broken leg. The machine was demolished.

Dangers of Aviation.

Arnhem, Netherlands, Aug. 29.—While the Dutch aviator, Van Maasdyke, was attempting a cross-country flight near this city, the motor of his aeroplane suddenly stopped and the machine plunged to the ground. The aviator was instantly killed.

Skull Fractured.

Havre, Aug. 29.—M. Legagneux, the French aviator, was seriously injured while competing for the total distance prize. His aeroplane struck a post and the machine fell to the ground, burying the aviator beneath it. Legagneux's skull was fractured.

Motor Exploded.

Paris, Aug. 29.—Aviator Ressemann was making trial flights here within the aerodrome when the motor exploded. The aeroplane fell to the ground from a height of 65 feet and was smashed.

The Daily Review
MONDAY, AUG. 29, 1910.

THE COW

The cow.

The St. Thomas Times writes a leading editorial on the cow. The Times argues that it to-day, is man's best friend. Perhaps it is. In this day of automobiles, fast trains and with the possibilities of air ship lines in the not too dim future, perhaps we will have to relegate the horse to the stable and pin our choicest affection on the cow. What would we do without it, goat's milk is a little rich, but goats are pesky animals, and no cow has been known to eat the clothes on the line. The cow with cream and ice cream, and all the good things that milk enters into, what could we do without her. And then think of the porter-house steaks.

EMPEROR WILLIAM

Perhaps it was not Emperor William talking when he said that God had a special smile for him, and that he ruled by Divine right—it might have been the stuff that sparkles. This fuzzy stuff makes us all very important at times. We common people think that we are essential to the welfare of the city or the establishment we work in, when we take a few too many. We think that we are very important. But, oh, what a difference in the morning—perhaps the Emperor won't feel on as intimate terms with God to-day as on the day he made his rash statement.

THE PASSION PLAY

Hundreds of thousands have attended the Passion Play at Oberammergau this year. There they see art undefiled. The highest ambition of an Oberammergau mother is that she may have a son who will some day take the part of Christ in this stupendous and awful drama. The production commences at eight o'clock in the morning and lasts till six o'clock, with an interval at noon day of an hour and a half for lunch. Anton Lang in the Crucifixion scene hangs on the cross for 20 minutes. Appearing to be nailed through the hands and feet, he really supports himself by brass rings, invisible, of course, which are fastened around his wrists. It is a great trial on his endurance, and frequently the curtain has to be rung down.

Although the prices for seats range from $5.00 to 50 cents, yet the actors and actresses have little, many of the 250 minor actors receiving but 24 cents an hour, while Anton Lang, as Christ has but $6.00 a day. There is no bill posting, no modern advertising, but the profits, which are great, go to the funds of the town.

JEANETTE LEWIS

Miss Jeannette Lewis, the dark-eyed is a living witness in flesh and blood, of what a determined woman can do. Miss Lewis is a sister to "Julia Arthur," who at once won fame as an actress and had a cigar named after her. Now this would be enough for any ordinary woman, but "Julia Arthur" landed a husband worth millions and retired from the stage to live in Boston, of Bunker Hill and bean fame. But this has nothing whatever to do with Jeanette Lewis. Miss Lewis lives in Hamilton and a couple of years ago she thought that the city was big enough to have a Children's Hospital. A thought crystalizes into action quickly with Miss Lewis and she got on the warpath for money. The anvil chorus of which Hamilton has a full band, with heavy and light hammers, got very busy. However this merely made Miss Lewis work harder. She has $6,000 raised now, and the hospital will go up. She has $7,000 more to secure, but she'll get it. Miss Jeanette Lewis is an extraordinary woman and Hamilton should feel glad that she is there.

THE TEACHER

Next week the schools of Peterborough will open. Already the country schools are live with the hum of youthful activity. Here and there are country schools that are closed because no teacher can be secured. We pay bank managers, managers of mills, of factories, of departments in factories, good salaries, but the country school teacher is very poorly rewarded. With the teacher in country or city, in the big school or on township line, is an influence that will never be forgotten. The bank managers deal in money, the managers of factories or of departments deal in iron, wood, cotton or meal. They are packed up and sent away. The teachers deal in flesh and blood, in tremendous possibilities, perhaps in future leading lawyers, great men, judges, lieutenant-governors, or Florence Nightingales. But, then, times are hard and money is close, you know.

EXPERT OPINION

The abuse of expert opinion, chiefly of a medical kind, in the American law courts has become a scandal, on account of the apparent ease with which—given sufficient money—diametrically opposite testimony can be secured on either side of a contested case. But the tendency to rely on expert opinion on the part of the United States public is still strong. Accordingly it was inevitable that the general anxiety about Mayor Gaynor should lead to a vast amount of volunteered surgical opinion. Every man's instinct was to ask his own doctor what he thought of the mayor's chances of recovery; and those New York newspapers which sent out reporters to make the medical rounds were simply following up this natural impulse on a larger scale.—Vancouver Province.

"Is he sane?"

"The prisoner is — — — —"

These dashes represent a learned dissertation including Latin names The prisoner is sane.

"Is the prisoner insane?"

"To my mind the prisoner is — — — —"

These dashes also represent large and learned words to prove the prisoner is insane.

He gets the benefit of the doubt and they send him to an asylum and he escapes. The gentlemen responsible for the blank spaces are both doctors, and both in good standing. One is engaged for the Crown and one for the defence. Now, no doctor can be bought to swear falsely, but he can easily find a man sane or insane. If he goes back far enough some of his ancestors are sure to be nutty, and if he looks too closely into the life of the prisoner he will at sometime or other of his life acted queerly. Who ... it's too bad that most of the poor devils who are hung are not only sane, but also without money or influential friends.

WAITING

Rev. Orr Bennett preached a sensible sermon at St. Paul's Presbyterian church last night. He talked on David. Now every triple link thinks a lot of David in spite of his little mix-up with Uriah's wife and so do ministers. This man who killed Goliath is so intensely human that he appeals to all of us. The sermon last night spoke of him as a man with ability to wait. This is one of the faults of our day.

We must become rich at once. We will not plod, so we steal. We must do this, we must do that, and we cannot afford to spend time laying the foundation, we must win honor and fame in a day.

We are not content to rise slowly, but must mount at once and achieve.

If we have ambitions as a singer we want to learn in a day, forgetting the long years of practice that the successful ones have put in, the disappointments they have encountered.

If we have the itch for writing we want to emblazon our names in the halls of fame before we have cut our eye teeth. We forget that a genius is born but once in a while, and that the writer who went to bed unknown and rose famous was forgotten as quickly.

We forget the years of preparation necessary, the years of sorrow to mellow, the years of disappointment to color, the years of experience, so that their story can explain for you in their words just what you would like to say but cannot.

They create ideals, images, and resolutions.

You would write before you have anything to say.

Wait a while.

You must play you have the gift—you must be heard from. The gift, oh that is fine, but the great gift is to persevere and wait.

Does an artist or an inventor spring forth from some obscure hamlet to startle the world.

It was not sudden.

The artist, the inventor, was always toiling, and the world was waiting, that's all.

It is hard to wait.

Unless we hear the shouting and the din we incline to think that all's dead.

But down from the silence comes the sunshine, up from the silence comes the grain, out from the silence comes our best thoughts.

And to-day the harvest is being gathered, the harvest by which the world is fed. It comes from the silence, grows in the silence and man is the only one who makes any noise about it.

SIDE LIGHTS

RUGBY.
Chas. F. Raymond

Crazy! Don't you think so for a minute;
Those towsley chaps are strictly in it.
Madmen! Back, back to the woods for you!
You're far too slow, you won't do,
You ordinary mutton-headed chump,
Go and cultivate a learned bump
On Rugby.
Ah! Game of Fall, the undisputed King!
Druggists, doctors, nurses—hear them sing
Of thee—and Ducats
None can crack a leg so neat as Thee
Or give an eye an air of mystery;
None can stretch a neck and pull a tendon out
Or make ten thousand voices shout
In frenzies of the wildest glee
Or make a slaughter field as gay as Thee,
Yes, Rugby, you're the uncrowned King
In you we find the real old thing.
Who can land a punch for luck,
Kick and scratch and fight her chuck
Upon the other fellow's nose.
Slit his ears and squash his toes
Like Thee?

Who can kill and wound and maim—
Everything goes, it's all in the game.
Carry him off, don't stop the play,
Unlace his shirt and cart him away,
Oh, fudge! merely a kick on the head—
He's only stunned; he isn't dead,
Wipe away the blood and sweat,
Stitch him up, he'll go it yet,
What's a tooth, and eye, and ear,
A broken neck, and a hasty bier?
If our side wins?
A padded suit, a year at school.
The youth has turned to a butting bull!
He works his feet like a dancing bear,
Everything harnessed, save his hair,
Euclid be jiggered and Latin's dead!
'Rah! for the pig skin—we're a point ahead.

HOUSE FROM SINGLE TREE.
Orillia Packet.

A Seattle correspondent writes:—A fourteen-roomed two-storey-and-a-half house built entirely of the lumber from a single fir tree was recently finished at Elma in this State. The tree was a giant Douglas fir was marvellously straight and when and was felled west of the town. It scaled was found to contain 40 000 feet of serviceable lumber. The tree was cut into six logs the first butt being 28 feet in length. Inside the bark the stump measured 7 feet and 9 inches in diameter. The distance to the first limb of this tree was 100 feet and the total height of the tree was over 300 feet. At the standard price of $25 a thousand the lumber in this tree was worth more than $1 000. Elma is in the ... the west slope of the Cascade Mountains.

FAIRLY SAFE.
The Widow.

As the spangled horses pranced up to where the mixed throng was surging into the evening opera, the lady in the very decollette gown popped her jewelled head out of the coach window.

"Officer," asked she, appealing to the policeman on the curb, "do you think it safe for me to alight here?"

"Jump out," returned the policeman, after scanning her attire. "Ye're pretty scant about th' chest, but Oi guess ye're with th' law.

UNREALIZED BLESSING.

Consolation by the Court to an Applicant For Divorce.

"Well," the judge asked, "what is the matter? You say your wife has not proved unfaithful to you, and you admit that she is as sweet tempered as she was before you were married. You will have to give some good reason for wishing a divorce or the case will be dismissed."

"Your honor, I was deceived."

"In what way?"

"My wife seemed beautiful before I married her."

"Most men's wives seem beautiful to them before they are married."

"But my wife is not what I thought her to be."

"Come. You must be explicit. Did you find that she padded her figure or made use of an artificial complexion?"

"It wasn't exactly that, judge, and yet it was something in that line. She had always worn a big braid of purchased hair fastened over her ears in accordance with the prevailing style. Before we were married I never saw her ears. Oh, it was awful!"

"What was awful?"

"Her face when she let her ears loose. They spoiled her looks altogether. I claim that she married me under false pretenses, and I want a divorce."

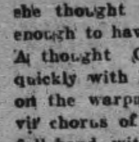
"You can't get a divorce on any such plea as that. Go back to her and try to be happy."

"But I can't, judge. My nerves won't stand it."

"Pshaw! What have your nerves got to do with it?"

"You'd understand if you could see her with her false braids off. Every time I see her when she lets her ears loose I can't keep from expecting her to give a flap or two with them and then fly away."

"Go back to her. You don't know how you are blessed. Few men ever have any reason to entertain that fond expectation."—Chicago Record-Herald.



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins, Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. National Drug and Chemical Company of Canada, Limited, Montreal.

Give the Family Income a Chance

Perhaps the family income is big enough after all.

Perhaps the reason it does not seem to go as far as it should is because you do not spend it thriftly enough.

Perhaps when you buy, you do not go to the right stores at the right time.

If you read the store advertisements regularly you will soon see ways of stretching your dollars.

You will soon learn where to go for this and where to buy that.

You will soon be giving your "expense money" a chance to buy you the things you now need and other things that a little surplus money might make you think you need—

But which you cannot now afford.

ALL A MISTAKE.

By Which a Man Escapes One Bondage to Fall Into Another.

By EDWARD C. HANCOCK.

[Copyright, 1910, by American Press Association.]

I reached my destination at 11 o'clock at night, was driven to the L. hotel, was shown to my room and went to bed. The next morning I did not return to the room after breakfast, but did so at noon. An important matter of business absorbed my attention, and I was unmindful of everything else. My key did not work in the lock; but, turning the knob, the door opened. I concluded that either I or the maid who had put the room in order had left it unlocked.

Still thinking on other matters, I saw on the mantel a package done up in paper. It was about three inches long by two broad and an inch thick. At another time I would have examined it; but, with my mind full of business, I concluded it to be one of a number of small parcels I had taken out of my suit case when making my toilet in the morning, so I put it in my coat pocket.

Going to the stand to wash my hands, I discovered lying on it a ring set with two large diamonds.

I dropped my business matter and fixed my attention on the ring. Then I looked about the room. There was a trunk in it that was not mine. A wardrobe stood open, and I could see within articles of woman's apparel. I had got into the wrong room.

Had the ring not thus been exposed I would have simply retired. As it was, if I should be seen leaving the room and a thief should appropriate the jewelry I would be suspected of having stolen it. I concluded to take it to the office.

As I was leaving to do so I met a lady about to enter. She looked at me, flushed and asked:

"What were you doing in my room?"

Before I had time to reply she called a porter who was passing and said:

"Hold that man till I go into my room and see if anything is missing."

She ran into the room while the porter kept me under observation.

"It's gone," I heard her say, and, coming out, she told the porter that she had left a diamond ring on the washstand and I had taken it.

"Pardon me," I said. "I got into the wrong room. I found your ring on the

"THAT'S A LIKELY STORY," SAID THE PORTER.

washstand and was taking it to the office. Here it is."

"That's a likely story," said the porter.

We three went to the office, where my explanation was listened to with evident distrust. But the young lady, having secured her ring, was not minded to press the matter, and it was dropped, but not for long. In half an hour, while I was sitting near the hotel entrance, a policeman entered, the clerk pointed to me, and I was taken into custody.

I was led to the police station to answer to a charge of robbery and, fortunately having evidences of property with me, was enabled to give bail for my appearance the next day. Returning to the hotel, I asked the clerk why the matter was to be pushed. He replied that the lady had missed something else—she would not say what—and it had made her very angry. I tried to think of something I had misappropriated besides the ring, but could remember nothing. Later, upon putting my hand in my pocket for my handkerchief, I took out the little package I had found on the mantel. I went to my room—my own room this time—uncovered the package and displayed a bundle of letters.

Having convinced myself from the address on one of them that they were not mine, I wrapped them up again and put them back in my pocket.

I made up my mind that there was a story in these letters which was running counter to the story of my having inadvertently come into possession of them. I was to be tried for stealing the ring and perhaps would not be able to prove my innocense. Indeed, appearances were much against me. Might not these letters be used to induce the lady to withdraw her charge? I had no sooner thought of this than I took them to the office of an acquaintance and put them in his safe. I did not wish them to be recovered by search.

As soon as I had done this I wrote my accuser a note telling her that I had inadvertently appropriated some letters belonging to her and that she might have them by withdrawing her charge against me. She had become so sure that I was a professional thief that she wrote back stating that she would withdraw the charge and give me $500 for the letters. I wrote her that I did not ask money for the letters and that she was welcome to them if she would withdraw her charge against me. To this she acceded, and instead of sending some one to me with an order for them she appointed a meeting with me in one of the hotel parlors. I did not propose to be outdone by a woman, so I left the letters where I had put them.

We met as agreed. The lady was not over twenty-four years old and was quite comely. She was evidently of the upper class and had wounded my amour propre by not recognizing me for a social equal instead of mistaking me for a thief. She opened the negotiations.

"Are you a tool of George Norton?" she asked abruptly.

"I haven't the pleasure of the gentleman's acquaintance."

"You must have seen his name on the letters. They were addressed to him."

"I looked at one address, which convinced me that the letters did not belong to me."

"Do you mean to tell me that you haven't read them?"

"I do."

"Then how did you know I would value them so far as to offer so much for them?"

"I didn't until you made your offer."

"Will you please tell me how you restrained yourself from reading the letters?"

"Other people's letters don't interest me."

"I should have read them had I been you."

"Then your standard of honor is different from mine."

"I have made a mistake."

"Several. Which one do you mean?"

"I have been engaged to George Norton. I was warned against him, but would not listen. I stole my letters, which he would not return. I supposed he had employed you to get them back for him."

"Does he employ gentlemen for such purposes?"

For the first time she looked ashamed. She dropped her eyes and fidgeted with the ring I was to be tried for stealing.

"I didn't observe you closely when you came out of my room. I see now I was very much mistaken. I ask your pardon."

"Now that you have begun where you should have begun before, at the beginning, we can get on rapidly. Permit me to apologize for having mistaken your room for mine. I was absorbed in a matter of business. I put your package of letters in my pocket without being conscious of what I was doing."

"I see. I have acted very hastily."

I arose and touched a button. Then I wrote on the back of an old envelope an order for the letters. When an attendant came I told him to send for them. In fifteen minutes he returned and handed me the package. I handed them to the lady.

"But I have done nothing toward withdrawing the charge," she said.

"You will. I have no fear of that."

"Why?"

"Because I know you for a lady, and a lady once convinced that I am a gentleman, not a thief"—

"Please don't."

—"would never think of charging me with being one."

"What shall I do to stop the thing?"

I advised her of the necessary steps, after which we went on with our chat.

"It seems to me," she said, "that I am the real thief in this matter."

"Why so?"

"I stole the letters from George Norton."

"That was not stealing. They belonged to you. You only took your own."

This had the effect to comfort her somewhat, though she still seemed much mortified at her treatment of me. I was not disposed to permit her to escape too readily from this mortification.

"I don't quite understand," I remarked, "why you thought it necessary to offer so high a price for your letters."

"I supposed," she replied shamefacedly, "that you were an agent of George Norton. I wished to induce you to give me the letters instead of giving them to him."

"In other words, I was considered not only a blackmailer, but a subject for bribery to turn against my employer."

She hung her head. Indeed, she seemed so pained at the position in which she had placed herself that I hastened to apply a balm to the wound.

"It was all a mistake," I said, rising, "for which you are sorry, as I am at having unwittingly trespassed where I had right to trespass. But I trust that it is a mistake that may give me a valued acquaintance."

I asked her where she lived, and when she replied that it was in a city not far from the one in which I resided I asked permission to call upon her when I went there. This she readily accorded, and I took it upon myself to go without waiting for anything except herself to call me there. I not only called once, but often, and finally persuaded her to do penance for mistaking me for a thief by marrying me.

And so it was that I narrowly escaped imprisonment for robbery, assuming later the chains of matrimony

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

Afternoon Tea At the Fair

You can sit with the most pleasing and interesting surroundings and sip and enjoy a cup of really delightful tea, daintly served at tables for four in the RED ROSE TEA Booth at the Toronto Exhibition.

The delicious flavor, smooth strength, and full richness of Red Rose Tea, properly made, make it the most desirable refreshment in the world for a tired sight-seer.

RED ROSE TEA

"is good tea"

In Changing Manhattan.

On a site in the Wall street district a record has just been made in the tearing down of a skyscraper of the older class. In Forty-second street the lately massive Grand Central station is melting away almost like a house of snow under a hot sun. In midcity a ten story business house of a square block has reached exterior completion in two-thirds of a year. These are some of the marvels of the transformation period in New York. Between the various rapidities of destruction and construction old residents feel now and again like strangers in a strange town. Yet there are things that linger. The crosstown horse car and the uncompleted public library are still faithful to tradition.—New York World.

BEAUTIES OF TORONTO.

London Times Has Bouquets for the Queen City.

Writing to his paper a correspondent of The London, England, Times, sizes up Toronto's attractions in these words:

"In the short course of twenty-five years Toronto has grown from a town of 100,000 to a city of 325,000 people. Society is broken into groups. The suburbs have become fine residential areas. Boarding-houses intrude into the old genteel neighborhoods. Jarvis street is not so exclusive. St. George street succumbs to the residential attractions of Rosedale. A city of homes this is if ever there was one, and in the eyes of visitors who explore it thoroughly that must be its chief beauty and glory. It is said now that while Montreal has more splendid mansions and more men of great wealth, in fortunes of from $500,000 to $3,000,000, Toronto eclipses all Canadian communities.

"Cobalt, despite what has been lost in mere paper speculation, has given us a new group of millionaires. During the last few years these have added to the more imposing residences of Toronto as the mining activity in the north country has greatly stimulated trade and manufactures. But the chief glory of the city is its many long streets of attractive and comfortable middle-class homes, and the hardly less attractive homes of its prosperous working population. Nowhere in the world, perhaps, is there a higher average of comfort and prosperity, less poverty, or a smaller criminal population. We begin, of course, to get a foreign population and to hear strange languages in the more congested centres. But the change comes slowly, while from all over the province comes retired farmers to spend their declining days to educate their children in the city.

"The Provincial University has over 4,000 students and grouped around it in affiliation with it are Methodist, Anglican, Presbyterian, and Roman Catholic colleges. Formidable as is the rivalry of McGill, Toronto aspires to be the university centre of Canada, and at least in dignity, efficiency, and vigor the provincial university, now amply supported by the state, is equal to an honorable rivalry with the best universities of the continent. The denominational colleges are liberally endowed, but the provincial institution itself, unlike McGill, receives few considerable private benefactions.

"This, moreover, is a Sabbath-keeping and church-going city. So much is this the case that it is counted as a reproach by many American and foreign visitors. It was not until fifteen or sixteen years ago that the street railway was permitted to run on Sunday. Even then the privilege was only secured by a narrow majority, after the proposal had been twice defeated by a vote of the citizens. There are over 200 churches in the city. This is the stronghold of the Church of England in Canada, but Methodists, Presbyterians and Baptists constitute a great element of the population. There are only 125 licensed saloons in this city of 325,000 people, and they are all rigidly closed on the Sabbath. So all shops and cigar stores are closed, and we have no forms of Sunday amusement. The golfers alone, by an isolated judgment of the courts, are allowed to play on Sunday, but only a few devotees of the game take advantage of the privilege. And yet Toronto has by no means a gloomy Sunday, and in the homes there is little restraint or austerity.

"It is difficult on this continent to resist the stream of American tendencies, and perhaps it is remarkable, in all the circumstances, that British institutions and British ideas still so profoundly influence the Canadian people."

Wireless From Aeroplane.

New York, Aug. 29.—A mile away and 300 feet up, Aviator J. D. McCurdy sent a wireless message to an operator on the roof of the Sheepshead Bay race track grand stand, reading: "Horton: Another chapter in aerial achievement is recorded in the sending of a wireless message from an aeroplane. McCurdy."

The Queen Mother's Crown.

One of the many matters of detail that King George will have to settle will be the style of the crown to be worn by the queen mother. The crown she used at the coronation was broken up almost immediately after the ceremony for the very simple reason that the bulk of the diamonds of which it was composed were only hired for that purpose. The queen's crown, reserved with the regalia and made for Mary of Modena, is not at all likely to be taken into use, and the small diamond crown which Queen Victoria had made at her own expense was her private property. By her will she devised it as an heirloom to belong to the queen consort for the time being.

EDSON
ALBERTA
THE COMING CITY OF WESTERN CANADA

And One of the Most Important Divisional Points on the Grand Trunk Pacific Railway.

The Coming Railway, Manufacturing, Mining, Agriculture, Coal and Commercial Centre of Western Canada.

A Few Facts Why Edson Is a Very Important Divisional Point

The Grand Trunk Pacific Railway, like all railway lines, are divided into divisions. The C.P.R. has among many others, its Central division, Prairie Division, Mountain Division and Pacific Division and has created such cities as Fort William Winnipeg, Calgary, Revelstoke and Vancouver. The prairie division of the C.P.R. begins at Winnipeg and ends at Calgary.

The prairie division of the Grand Trunk Pacific Railway begins at Winnipeg and ends at EDSON. Calgary to-day is a large and prosperous city of some (40,000) forty thousand population. Ten years ago Calgary was rarely heard of. EDSON being equally situated on the railway lines to Calgary is destined to become as great a city as Calgary.

UNEQUALLED FARM LANDS NORTH OF EDSON

is situated the grand "prairie country" of the PEACE RIVER which is known far and wide as the last available stretches of unbroken prairie farm lands. The railroad will be built into this country from EDSON at an early date. This alone will necessitate EDSON becoming one of the important manufacturing and distributing points of the West and will add untold thousands of property values.

EXTENSIVE COAL FIELDS NEAR EDSON

South of EDSON about 30 miles are situated very valuable and extensive coal deposits. Mining corporations are investing large sums in developing this wonderful district and a railroad will be built from EDSON to the mines if possible this year. The Yellowhead Coal Company are investing large sums just south of the city in developing their mines and hold contracts from the Grand Trunk Pacific Railway for their general supply of coal for that district.

WONDERFUL TIMBER BELT

West and northwest of EDSON are to be found vast timber areas and as the facilities for transportation and power is unexcelled EDSON will become the chief lumbering city of that part of the West. A sawmill is now being built just north of the city.

EDSON HAS GREAT ASSETS

which will make it one of the greatest cities in Western Canada.

The Grand Trunk Pacific Railway

are now building round houses, shops, etc. at EDSON, and besides being a western terminus of the prairie division, it is also the eastern terminus of the mountain division, and eventually will be as great if not a greater divisional point than Calgary.

BUSINESS HOUSES, BANKS, MANUFACTURERS, ETC.

have locations already purchased in EDSON and considerable building is now going on. Capitalists are evincing keen interest in this new coming western city of EDSON.

EDSON'S RAPID GROWTH

We predict that EDSON with its many natural resources and advantages will become a city of thousands within a very short time and lots bought to-day in EDSON will be selling at several times the present price in a short time. **The time to buy lots in EDSON is now.**

Ten years ago business and residental lots could be bought in Calgary at prices ranging from $50 to $200, and the self same lots have sold since for $5,000 and up to $20,000. Now if EDSON'S location is equal to that of Calgary what better assurance would you want for a safe investment of your money? A few years will see EDSON property values equal to those of Calgary.

WHAT DOES THIS MEAN TO YOU?

It means nothing unless you participate in the profits, and you can do this only by buying real estate in this young and vigorous western Canadian city. The time to buy is when a new city has passed through a seasoning stage, where it is in a performative period with its natural resources and stragical position assure the building of a big city.

These few facts are sufficient to convince the most skeptical of the immense possibilities at the great future growth of EDSON, and it will only be a matter of a few weeks until the choice lots and locations will be bought up by the men who not only thought but acted quickly.

OUR LOTS ARE NICELY LOCATED

adjoining the business section and are all high, dry and level, and the city is rapidly growing towards this direction. The present prices for a limited time are

For Lots in Industrial Edson $60 to $125

On Monthly Payments, or 5% Discount for Cash. These

PRICES ARE FOR A SHORT TIME ONLY

A few dollars invested in this coming city will make you independent in the future. Do not miss your opportunity. You should know about the last great West. Information and full particulars sent on receipt of a card. Phone No. 819. Open evenings

KINGSTON'S UNITED S. A. BAND MAY VISIT CITY

The Salvation Army Band returned home from their trip to Kingston and the Thousand Islands yesterday morning at four o'clock; and all report a splendid outing. They accompanied the Union Sunday School excursion and were represented by thirty-six pieces. At Kingston the band was entertained by the United S. A. Band, and arrangements are under way whereby the Kingston organization will come here for the Sunday services in the near future and the local band will go to Kingston.

Speaking of the excursion, Saturday's Kingston Standard has the following to say:—

A union Sunday School excursion from Peterboro' arrived this forenoon on a special G T R train and left on the steamer North King for a trip down the river. There were a party of about 350 in all and the Salvation Army Band of Peterboro' of 35 pieces accompanied them. While waiting for the steamer, the band gave several delightful selections at Swift's dock. Kingston's United S. A.

PETERBORO AT TORONTO FAIR

Peterborough will be given considerable prominence at the Toronto Exhibition. Local manufacturers have sent large exhibits and amongst these are two carloads of goods from J. J. Turner and Sons. This is the largest shipment ever made by this firm, to the exhibition. Most of the big tents in use on the grounds bear the name of "Turner" and three representatives have been at work for the past three weeks.

Choux or bows matching in color the straw of one's hat are quite natty as a neck finish to summer gowns.

DIED

CLARKSON—On Saturday, Aug. 27, Charles James Douglas, infant son of Mr. and Mrs. E. P. Clarkson, aged six months. Funeral private.

The Acts Were a Treat

The Grand Opera House was crowded on Saturday night and it deserved tobe, as the high class vaudeville acts were a treat, and the moving pictures were the finest ever seen there and they are the lagrest in the city. Then the Grand Opera House is so nice and comfortable, it is a pleasure to go there. The prices also are very cheap, only 5 and 10 cents at night and 5 cents to all parts of the house fot the matinees.

SUNDAY MORNING BLAZE CAUSES HEAVY STOCK DAMAGE

Exposed Wires Under First Floor of Cressman's, Said to Have Started Fire --Heavy Smoke Damaged Goods in Adjoining Premises.

Sunday morning at ten o'clock one of the most destructive blazes that Peterborough has suffered for some time visited Cressman's departmental stores causing heavy damage to the stock partly by water, but mainly by smoke.

Two young men named William Sinnot and W. Judd were passing the store on the opposite side of the street. Noticing the smoke issuing from the cracks of the door of the main entrance of the store, they hurriedly sent in an alarm from box 32. In less than three minutes the brigade, under Acting Chief Grange, were on the scene.

HAD TO CRAWL ALONG.

Chief Grange was the first to burst in the window, carrying the hose. The flames by this time had ignited the silken and other combustible material in the main show window, and the intense heat cracked the thick plate glass. Three firemen made their way through the blinding smoke to the stairway leading upstairs. After mounting the stairs they were compelled by the smoke to lie flat down and worm their way to the windows at the front.

WINDOWS OPENED EASILY.

Luckily the windows opened easily, and the smoke poured out of the windows in dense black volumes. The deputy chief realized that if much water was used the damage to the stock would be enormous. Four chemical tanks were utilized, and as a result the damage done to the remainder of the stock was comparatively light.

WIRES EXPOSED.

The fire originated, it is believed, in the space between the flooring and the joist under the show window where the electric wiring is. The insulation was exposed, and as the lights were turned on at the time, the current probably ignited the wood. It is supposed that the insulation was eaten off by rats and mice.

The blaze was fierce while it lasted. The exceedingly dry and porous nature of the material in the window afforded excellent fuel for the flames, which burned with lightning-like rapidity. Shoes, hosiery, silk waists, muslin and silk gowns all went, and it was a completely ruined stock that was revealed when the smoke cleared away. All the mirrors, which are along the ceiling of the glass windows cases, were cracked and broken.

NARROW ESCAPE.

Chief Grange had a narrow escape. As he was standing beside the large window at the main entrance to the store, it suddenly collapsed and fell outwards, and if he had not jumped quickly out of the way, might have been seriously injured.

LOSS NOT KNOWN.

Regarding the damage, until the underwriters estimate it, it cannot yet be ascertained fully.

ADAMS' DAMAGED.

Mr. Harry Adams has a room above the store, where he had stored a large stock of winter goods, and on Saturday he put in several hundred dollars' worth of goods. These suffered considerably from smoke. He was unable to state the amount of damage to them.

The firemen are of the opinion that had the fire occurred on Saturday the strong wind which was blowing would undoubtedly have wiped out the complete block. Mr. Cressman and Mr. Alva Wilson, of the Toronto Loan and Savings Company, were looking over the scene this morning, but were unable to state the amount of damage to either the store or goods.

DAMAGE AT FAIR'S.

Mr. R. Fair informed the Review that he carried a stock of about $65,000, and the heavy smoke which found an entrance into his premises, caused more or less damage to all of it. Between eleven and twelve o'clock he was told of the fire at his home, and on arriving at the store opened the windows to allow of the smoke passing out. Considerable smoke had also found its way into Grafton's.

Fair's store is closed to-day, and will remain so until the insurance adjusters are through with their work. While it cannot be ascertained just how seriously the stock is damaged, it is more than likely that conditions will warrant a quick disposal of the various lines.

The metallic ceilings in Cressman's had considerable to do with stopping the flames from working through the second floor.

Special to the Review.

Toronto, Aug. 29.—Gustave Merktt to-day shot his wife and then killed himself. His daughter returned to the house at 10 Robert street at 11.30 a.m., and found her mother dead in the kitchen. Getting assistance from the neighbors, she discovered the body of her father lying in the parlor. A revolver was at his side. The weapon was 38 calibre. Merktt was a chef. He had been drinking heavily.

A MEMORIAL SERVICE WAS HELD AT KNOX CHURCH ON SUNDAY EVENING LAST

(In Memory of Three Honored Deceased Brethren)

Knox Church held a memorial service last evening in honor of three departed members of their congregation, namely, Lionel Armstrong, John Wanless and John Kennedy. The service was impressive, and the pastor, Rev. Mr. Keith, referred feelingly and in eulogistic terms to the noble lives of usefulness of the three deceased. Mr. Keith took for his text John 17;4, "I have glorified Thee on earth. I have finished the work Thou hast given me to do." Speaking of death and the grief attendant upon it, the pastor said; "Because Jesus finished His work on earth we have one to whom we can go in the time of our sorrow. Again because Jesus finished his work we see a new meaning in in heaven. Many people think life is a time to trifle with, to draw in the outside world. Life is really given to us in order that we may become more like God himself. Jesus changed the meaning of death. He shows heaven our real home. We gather in our home circles and think that they will never be broken. They must be broken some day, but in heaven they are reunited. John Kennedy's life was full of usefulness. Few lives of his age could leave such an impression on any congregation. He came here from Scotland and actively engaged himself in church work. His was a life which though, perhaps having some faults, yet was splendid and exemplary. Each one should be as anxious to advance the work of Christ as he was."

Referring to John Wanless, Mr. Keith said that he was a man of many outstanding Christian qualities. When physical strength permitted him, he was always at some church on a Sabbath day. Dr. McKay, secretary of the Foreign Mission Board, knew the late Mr. Wanless well, and Mr. Keith read a letter from him, in which he dwelt forcibly on the many estimable qualities of the deceased. When Mr. Wanless was on his death bed his last message was that people should never be satisfied until they had found Christ.

Lionel Armstrong was but a child, and though we cannot understand why he should be taken when so young, we have sufficient ground for confidence in the one who said, "Suffer little children to come unto us."

Before the sermon a quartette composed of Mr. R. Dickson, Mr. Galley, Miss Robinson and Miss Williamson, sang with great expression and feeling.

PASSED AWAY AT AGE OF NINETY THREE YEARS

At the grand old age of ninety-three years, sixty of which had been spent in Peterborough, Lawrence Garrity, passed away at St. Joseph's hospital, at five o'clock this morning. The late Mr. Garrity had been confined in the hospital for the past three weeks and his demise was due to natural causes. Known to his innumerable friends and acquaintances throughout the city as "Larry" the intimation of his death will be regretted by all. He was born in Ireland and came here to cast his lot with the small population, the greater number of which have since passed away. For thirty-five years he had resided on Gilmour street and for the past three years he had made his home with his nephew, Mr. Thomas Ritchie, 278 Park street. The deceased was never married.

The funeral will take place on Wednesday morning at nine o'clock, from the residence of his nephew, to St. Peter's cathedral and thence to St. Peter's cemetery.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. Reutrn tickets at single fare will be issued via Grand Trunk Railway System from all stations in Canada, west of Cornwall and Ottawa, good going August 27th to September 10th inclusive. LINDSAY CAME FROM BEHIND AND WON IN THEIR NINTH

West Ends Took an Early Lead But Were Held Scoreless After the Fourth --"Kid" Keslick Struckout Thirteen, and Retired Visitors in Order on Three Occasions--Score Was 6-5.

Lindsay 6, West Ends 5.

The manner in which Lindsay saved their bacon in the game with the West Ends Saturday afternoon brought about an exciting finish to a faily interesting exhibition of ball. In the early stages of the contest, the visiting team looked good to carry off the honors, but after the fifth innings, the youth from the farm, Kid Keslick, showed his real form, and while he was holding the westerners scoreless, Gus Rose was going to the bad and Minorgan, who replaced him in the eighth, with two on and no hands down, failed to stop the Butler aggregation. This, coupled with a questionable decision in the ninth, when Jack Spratt, instead of following the baseball rules, ran around the rooters near the third to home line, allowed Lindsay to tie the score, and it was easy meat to put over another run and annex the game.

Up to the northern town they said that the exhibition made the second of the year. Judging by the number of fans present, the interest in the game that helped to make Lindsay famous, must be very, very low. They speak of the days of Curly McLaughlin, Workman, Bill Cinnamon, Dan McCabe, Yeb. Flaherty, Chris. Graham, and others with hushed voices. Those are days of the past, and almost too sacred to mention in speaking of present conditions.

But this lad Keslick looks lively. He works with his whole heart in the game, and after he became acquainted with his opposing team, the current was turned on, and they were helpless. However, several made the mistake of attempting to land the ball further than it ever was hit by players at the Exhibition grounds, and that gave the "Kid" all sorts of opportunities to use his head piece. He made good, with the able assistance of Jack Cain with the big mit and some timely hitting by his team mates.

The hits were ten and eleven, with the Oldham outfit taking the even figures, gathering nine in the first four innings, when they scored all their runs. For the rest of the game Konald was the only man to connect safely, and then he hammered out a double. Keswick made thirteen take the count of three, and gave two passes. Rose struck out six and issued four complimentaries. Gus had a great assortment of plate dodgers ,but was getting along famously until his team faded away at the bat, and the change affected when he was relieved by Minorgan ,only stopped the Scugogers, long enough to allow them to get breath for their final turn with the willow.

About two hundred took in the excursion, and the outing of the West Ends was successful, both from a financial and enjoyment standpoint.

THE PLAY.

First Innings.

West Ends—Konald leading off, was hit, and he stole second. Dickie followed with a dribbler down third. Konald was out leading off third. Dickie went to second and took the next pillow when O'Brien hit and counted the first score of the game on a passed ball. O'Brien connected with a batted ball and was out. Giroux walked, but was out at second. One run.

Lindsay—Cain flew out to Dickie, Jack Spratt struck out, Langdon walked and Bigelow fanned.

Second Innings.

Brydie and Heffernan failed to connect, McFadden was hit and was safe at second on a wide heave from the catcher. Minorgan missed three.

McMahon grounded out, Minorgan to O'Brien, Thompson died Giroux to first, and on Pete Spratt's bounder Minorgan got away with the first classy play when he made a left handed stab and tetired the runner at first.

Third Innings.

Rose hit and went to second on another wide throw to Langdon. Konald sent him to third from where he scored on a passed ball. Konald went across when Dickie singled. O'Brien hit to short for a double. Two runs.

Higginbothom went out by the Konold-O'Brien route, McFadden missed the third strike on Keslick, but got him at first. Minorgan fumbled Cain's grounder, and the runner was safe, and again at second on Doc's wide throw ,J. Spratt's hit sent Cain to third but Brydie stopped likely looking tallies by getting under Langdon's fly to right.

Fourth Innings.

Brydie was safe when McMahon forgot to cover the bag on the throw from Langdon, and the play to second from Heffernan's grounder didn't work. McFadden added another hit and Brydie was caught at third on a quick throw from the catcher. Minorgan struck out. Rose singled over second, Heffernan counting, and McFadden was safe on a mix-up at the plate on a throw from first after Konold hit. Konold was out at second. 2 runs.

Bigelow walked and was caught at middle pillow on the play from Minorgan off McMahon's grounder. Thompson was out pitcher to first. McMahon went to second and had a good head off when Pete Spratt doubled. Mac scored and Higginbothom grounded out Konold to O'Brien. One run.

Fifth Innings.

West Ends went out in order, Dickie and O'Brien striking out and Giroux flying to left.

Konold nailed Keslick on a pretty throw off his grounder, and Cain couldn't beat out the Giroux-O'Brien combination. J. Spratt found a hole at short and went to second on a letaway by McFadden, Langdon connected safely, Spratt taking third. Bigelow was out Rose to O'Brien.

Sixth Innings.

Keslick now had the visitors in hand, and as in the previous innings, only three men faced him. They came too fast and crooked for Brydie, Heffernan and McFadden, the latter getting the only chance, when the third strike was dropped, but his time was too slow.

McMahon was an easy out, Rose to first. Thompson walked and stole second. Pete Spratt's contribution let him down to third, and he scored on Higginbothom's hit. Keslick struck out. One run.

Seventh Innings.

Minorgan and Rose were easy outs at first on grounders; Konold doubled and took third. Dickie was victim at first.

Cain hit and went to second. Jack Spratt sent one to right and Guerin, who had replaced Brydie, sent a wild heave to the plate to get Cain, who scored. Langdon singled and Spratt went home. The throw in got away from McFadden but he recovered and threw to Rose, and he and Konold got Langdon on the line. Bigelow walked and took second. McMahon and Thompson fanned. Two runs.

Eighth Innings.

O'Brien and Giroux struck out. Guerin was passed and Heffernan grounded to McMahon.

Heff dropped P. Spratt's high fly to centre. Higginbothom singled, Minorgan replaced Rose in the box. Keslick grounded out, Cain lifted one to Heffernan, who doubled Higginbothom.

Ninth Innings.

McFadden grounded out, pitcher to first. Cain dropped the third strike on the next two batters, Minorgan and Rose, but threw them out at first.

Jack Spratt was safe when Giroux got mixed up with his grounder, and he went to second and then third on Langdon's hit. Bigelow drove a hard one at Dickie, who threw to get Spratt, who had cut around the line of rooters. McFadden touched the runner, but the decision of the umpire was that Spratt was safe. The score was tied, and Langdon came in with the winning run after McMahon hit. Minorgan touched Bigelow in a moment of bewilderment, coming from home after going behind the plate for the ball and the game was called.

The summary:—

LINDSAY.

	AB.	R.	H.	P.O.	A.	E.

Lindsay	000101202	6	11	2
West Ends	102200000	5	10	5

Two base hits—P. Spratt, Konold.

Struck out—By Keslick, 13; by Rose, 6.

Base on balls—Off Keslick, 2; off Rose, 4.

Hits off Keslick, 10; off Rose, in 7 innings, 8; off Minorgan in 2 innings, 3.

Double plays, Bigelow to McMahon; Heffernan to Dickie.

Hit by pitcher, by Keswick 2 (Konald, McFadden).

Left on bases—Lindsay, 7; West Ends, 4.

Passed balls—Cain, 2; McFadden, 2.

Umpire, Dick Butler, Lindsay.

LINERS.

Jack Spratt was a hard worker for Lindsay. He had two hits and scored twice.

Manager Oldham made a big change in the eighth. Minorgan took the box, Rose went to right, Guerin to left. Giroux to short and Dickie covered second.

Keslick twirls for Manilla and scored a shut out last week. He has won several tournaments and is the talk of the neighboring burgs.

Poor Bill Cinnamon. Although looking for a berth on the Lindsay line-up, his request was not granted

Lindsay had all kinds of fielders' choices when the West Ends were hitting, but fast base running, and the manner in which the infielders had to take the ball beat them on almost every occasion.

Konold gave a pretty exhibition of fielding and throwing to first. His work all through the game was much better than his performances here.

Cain, who was seen here with the Lindsay intermediate hockey team last winter, caught for Keslick and handled himself well. Bigelow, the rugby player, worked at short.

PENMAN MEET NOTES

That the interest in the Penman athletic meet, to be held Labor Day, under the auspices of the local association is increasing, is evident by the interest being taken by local merchants and business men.

Lindsay has asked that a section of the grand stand be reserved for the crowd from that town, which is being done.

That local interest is being awakened is shown by the handsome donations made by the following gentlemen Hon. J. R. Stratton has presented a handsome gold ring for the first prize in the five-mile open event. There are four other handsome prizes in this event.

Ald. Hicks has kindly consented to present a handsome gold medal for the 100 yards city championship, and Mr. P. Campbell, Ald. Gillespie and Mr. W. E. Conway have kindly donated silver medals for the different events.

With a fine grounds like we have at Riverside Park, and most of Canada's leading athletes competing, and if the weather man will give us a good day, Peterborough citizens should see one of the best athletic programs of the year.

Tickets are now on sale, the general admission being 25 cents, grand stand 10 cents extra, and a block of seats will be reserved at 20 cents in the grand stand, so that you can get your choice of seats by consulting the plan at the Y.M.C.A. and avoid any rush on the day of the games.

Local competitors are notified that entries close Wednesday night with Mr. J. J. Thompson. No entries will be received later than 10 o'clock p.m. Entry blanks can be secured from the physical director.

BRIEF AND BREEZY

Jerry Edmonds with the Winnipeg Maroons, for 52 games, batted at .179.

Joe Patchen II., the pacing stallion, owned by Thos. Hodgson, of Orlia, was sold Saturday to W. J. Cowan, of Cannington. His first racing experience was in this city last winter at the ice races.

Hugh McCormick, one time champion ice skater of the world, is dead at his home in St. John, N.B.

The British bowlers won and lost on Saturday at Toronto.

Walter Andrews, the Canadian cycling champion ,easily defeated Scheider, the western N.Y., champion, Saturday night at Toronto.

The Skeeters won from the Leafs on Saturday and left with the series of three games.

In the N.L.U. Cornwall beat the Nationals, Tecumsehs won from Montreal and Caps fell down before the Torontos.

The prospects for an Intermediate O. H. A. hockey team in Lindsay this coming season, do not appear to be any to bright the Review was informed on Saturday by one who is in close touch with sporting affairs of that town. Practically all of last year's team are still in Lindsay, but several of the players including Reg. Blomfield have passed up the game, and have given out the word that they are through for good.

Jack Oldhan, manager of the West Ends, tells a story about meeting a "scout" for the Toronto Baseball Club on the excursion train Saturday, but refuses to disclose the names of those players who were handed over to the stranger.

NOTES FOR THE HUNTSMAN

Because of a change in the game laws of Ontario just issued, big game hunters in the province will be allowed to shoot but one deer in the season from November 1 to November 15.

Besides this, the regulations contain a few other interesting changes. Fifteen days have now been clipped off the open season for shooting ducks, the season now being from September 15 to December 15.

Partridge hunters will have from October 15 to the same date in November for the open season.

The open season for quail is from November 15 to December 1.

The fisheries laws are nearly the same as in former years. The closed season for bass and maskinonge fishing is from April 15 to June 15.

One deer for each hunter will also be the limit allowed in Quebec this year. There is practically no change in the other game regulations.

SISTER'S LESSONS

Chicago Evening Post.

It takes my sister awful long to learn
the way to swim;
I told her beau I hoped that she would
soon be taught by him.
Last year she had another beau an'
he took days an' days
A-showin' her the way to swim in
just the simplest ways.
It seems to be the hardest work for
sis to make a stroke—
Why, honestly, the way she swims is
nothin' but a joke!
I told her beau I didn't think 'twas
any use to try,
Because two years ago her beau felt
like a perfect guy—
Just teachin' her an' teachin' her
'most every afternoon
An' her a-thankin' him an' sayin'
she'd be swimmin' soon!
An' year before that fellow was, another taught her, too—
Why, I could swim in half a day—
seems like I always knew.
My sister splashes round an' screams,
an' says that she will drown!
She grabs her beau around th' neck
an' yells she's sinkin' down,
I told him she was only scared, an'
she'd feel mighty cheap
To know th' water where they was
was only three feet deep.
He said that she was learnin' fast
an' goin' right ahead—
I had to laugh an' say "That's what
her other fellow said."
She's just th' same in winter time—
My goodness! I would hate
To be as long as she has been a-
learnin' how to skate.
I told her beau about that, too, an'
how she'll slip an' squeal
An' grab her beaus around th' neck.
You see how bored I feel
Because my sister never learns th'
way to skate or swim—
An' this new beau—she doesn't seem
to learn at all from him!
He asked me all about it, then he
muttered kind o' queer,
That things is very seldom just th'
same as they appear.
An' sister heard us talkin', an' she
told my pa on me.
Well, pa gave me a lickin'! An' doggone if I can see
Why he should whip me that way
an' call me a pesky limb
Because my oldest sister ain't got
sense enough to swim.

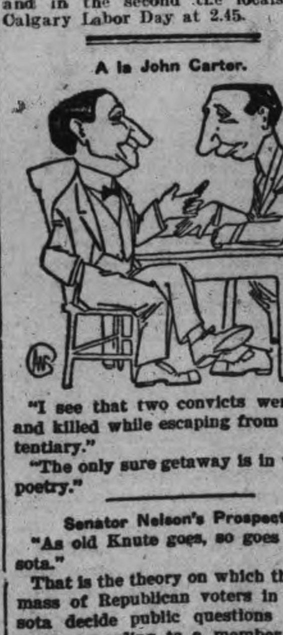
FOOTBALL

The draw for the Canadian Soccer championship has taken place and the C.G.E. team meets Toronto at Scarboro Beach on Saturday, Sept. 3rd, at four o'clock in the first round, and in the second the locals meet Calgary Labor Day at 2.45.

A Is John Carter.



"I see that two convicts were shot and killed while escaping from a penitentiary."

"The only sure getaway is in writing poetry."

Senator Nelson's Prospects.

"As old Knute goes, so goes Minnesota."

That is the theory on which the great mass of Republican voters in Minnesota decide public questions of moment, according to a member of the house from that state.

They tell a story in the senate cloakrooms about a campaign orator who was delivering speeches in Minnesota. He marveled at the hold Nelson had on the people of the state. One day he was discussing the subject with a Norwegian political boss. To his amazement he discovered that the rest of the folks in Washington who were generally supposed to have something to do with shaping the destiny of the nation were a lot of amateurs when compared with Nelson. He therefore decided to put the matter to a supreme test.

"Knute Nelson," the Norwegian boss had declared, "he ban smart fellar; smartes' feller in whole worl'."

"Do you think Nelson is as smart as the Almighty?" the campaigner asked.

"Waal," answered the Norwegian, scratching his head reflectively, "Knute he ban young feller yet."—Washington Times.

All She Had.

Little Ethel hobbled into her mother's room to complain that her button shoes hurt her feet.

"Why, my dear, you've put them on the wrong feet," said her mother.

With a puzzled expression the child said:

"Well, what will I do, mamma? They's all the feet I've got."—Success Magazine.

Too Dangerous.

Mr. Church—Whew, how it's raining! Lend me your umbrella, dear. I've got to run over to the vestry meeting.

Mrs. Church.—But why not use that umbrella you've been carrying all week?

Mr. Church—What! To the vestry meeting? Why, that's where I got it. —Catholic Standard and Times.

At dinner especially—as at any "meat meal"—Regal Lager proves a real help to weak digestions. It tones the stomach and does the nerves good. Yet it is no more stimulant, and certainly not an intoxicant.

Two girls wearing "hobble" skirts fell overboard in Long Island Sound and floundered helplessly until rescued.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

To Editor Havelock Standard.
(Via the Review.)
Havelock, Aug. 20th, 1910.

Sir,—In reply to your inquiry, why printing of A.F. and A.M. excursion bills was not done at Havelock Standard Office, you are already aware, but for the information of the public and brothers of the craft, of which I am proud to be able to say I am a member with all the requirements, being free by birth, of mature age, sound judgment and good morals. Now, sir, I called on Mr. Pinchin, general manager of Otonabee Navigation Co., Peterborough, and found the printing had not been arranged for and got his consent to have work done in our own town as recommended by the Standard, he being willing to pay 1-2 the cost. I came home and had arrangements made to leave town at 3 p.m. with two other gentlemn, but I was to look after the printing and had to wait a reasonable late hour for rising and had called on the Standard Office at 8 a.m., no one in the office I went to the station and met Mr. Patterson, who agreed to go to the Standard Office as soon as I could get the editor around. I went to the Standard Office and from there to his place of abode, where I learned he was sleeping off the tired feeling which follows the early closing afternoon and evening. The facts are, he was offered the business and was run after to accept the business, but refused to rise at so early an hour as 9.30 a.m. to accept business. I have been a Standard bearer since its organization, just to patronize our own town's paper. I see in its items this week that the editor and staff have gone on two weks' well earned holidays, I am sure the public and the craft will be pleased to learn on their return of a very great improvement in their physical as well as their mental condition and that there will be no further reasons for complaints, such as happened with the printing of the bills for our Dominion Day celebration and the A. F. and A.M. excursions. Havelock Standard please copy.

Yours, committeeman,
JAS. MARK,
Havelock, Ont.

ACOMIA

Many Men Have it and Most of Them Worry About

ACOMIA—it's a magic word—what does it mean? Simply absence of hair.

A baldheaded man has ACOMIA—absence of hair.

A million more men will have ACOMIA a year from now if they do not get rid of disgusting dandruff.

Dandruff is caused by a germ. This germ is a persistent sort of germ. He works while you sleep and when you awake. He breakfasts, dines and sups on the vitality stored in the hair roots, and the longer you tolerate his presence the surer you are of displaying a shiney headpiece later on.

Kill the dandruff germ; that's the only way to keep from growing bald. Any capable doctor will tell you so.

How can you be sure that you are killing the dandruff germs? Simply by using daily for two weeks Parisian Sage, the most pleasant tonic for the hair the world has ever known.

Parisian Sage is the most pleasant and invigorating hair dressing in the world. It is not sticky or greasy. It will make women's hair soft, silky and luxuriant in a few days. The girl with the Auburn hair is on every bottle. Fifty cents a large bottle at druggists everywhere, and at Wm. Madill's, who guarantees it. Mail orders filled, all charges prepaid, by the Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

The Hydraulic Lift Lock

New edition (7th) of the Hydraulic Lift Lock book, just off press. A good thing to hand to summer visitors. Many fine views of the Lift Lock and full description. Only 25 cents. Order from local stationers or at Review Office. 86

FITTING HARNESS TO THE HORSES.

Both for comfort and real good service there is more in having properly fitting harness on horses than many believe. It is quite a simple task to fit harness properly is the opinion of a prominent breeder.

Any departure from the reasonably perfect fit should never be tolerated, first, because it is often a cause of accidents; second, because the harness which is too tight or too loose lessens the working capacity of the horse, and, third, because negligence on the part of the caretakers and good nature of the horse are the only excuse for a poorly fitting harness.

Put the bridle on the horse and consider it critically. Is the browband of the proper length? Few browbands fit as they should. They are too loose and cause the sensitive ears to be painfully pinched. Blinkers, those abominations to horses, which owe their origin to the defective eyesight of a foreign nobleman's horse, are bad enough when in good condition, but carelessly kept they become warped and seriously obstruct the vision.

Looseness Is Dangerous.

If they flare or the neckpieces are too loose they lose their effect in the one instance and are dangerous, as affording fleeting glimpses of following vehicles, in the other. The checkrein should be most carefully adjusted. If

A FAVORABLE TYPE.

the horse is compelled to hold his head too high he loses power, but to haye the check just right gives him a chance to rest his head and neck. Bits are often too wide rather than too narrow.

Horses should be rather straight shouldered, and sore or chafed necks are the outcome of collars which are too much bent at the top. Pads should not be too broad in the trees, especially if the horse is light in flesh, and the ridge suffers unless a housing is worn. They generally fit better when placed well back, and the girth does not get a chance to chafe the thin skin at the elbows.

The breastplates should not be allowed to dangle aimlessly about, as they have vital important duties to perform in handling the load. Tight backbands are very dangerous, as they are inducive to kicking. Tight girthing is never necessary.

Breeching Should Be Set Properly.

The breeching should hang in the right place and be just tight enough to come into play when the traces slack. Although the pole pieces must control the pole head constantly, they should not be drawn so tight as to jam horses aginst the pole, nor should they be allowed to dangle loosely. Generally backbands and girths are made large enough for some of our prehistoric monsters and have from four to six holes each that never see a buckle tongue.

Throatlatches should always be quite loose. Coupling reins should be long, with several holes in the bit ends.

When it is desired to work a horse that has not been accustomed to work for some time or to break a young hors it is especially important to see that every part of the harness has a perfect fitting.

Horse's Neck Tells Story.

The condition of the horse's neck at this stage of the farm work is pretty good evidence as to whether the collar was made to fit when the hard work was begun in the spring and whether it has been kept adjusted as the shoulders have settled to the hard work.

THE DAIRYMAN

Dark Stall Weakens Calves.

A good way to make your calves sickly and weak is to keep them in a dark stall.

Churning Suggestion.

Do not fill the churn over one-third to one-half full. Give the cream room for agitation.

Stir Cream.

Cream that is being ripened should be thoroughly stirred several times before it is ready for churning.

A First Essential.

Feeding the dairy cow is one of the first things that the successful dairyman must thoroughly understand.

Test Herd For Tuberculosis.

The farmer owes it to himself to test his herd for tuberculosis. He should not wait until the disease has an opportunity to spread.

Cleanliness Pays.

Clean feeding pails, clean quarters, plenty of sunlight, fresh air and pasturage as soon as the calves are old enough will insure gratifying success.

Salt For Cattle.

Every farmer salts his cattle. It is not always provided regularly or in any particulr quantity, but each owner figures that his cattle are getting sufficient salt.

The rage for all kinds of scarves is at its height, scarcely a costume being seen without its accessory.

SINGS ITS DEATH SONG.

A Peculiar Bird Found In the Jungles of South America.

There is a queer bird in the jungles of northern South America which is called the "pauji" by the natives, but is known to science as the galeated curasson. It is chiefly remarkable because it sings its own death song.

It does not really sing, but makes a deep humming noise which sounds very much like the Spanish words "El muerto esta aqui" (the corpse lies here).

"It is while uttering this lugubrious chant," said a South American traveler, "that the pauji usually meets its death, for the hunter can then easily track it to its retreat, and it falls a victim, as the Indians say, to its own death song."

If the pauji gets suspicious it immediately ceases humming, and that is a sure indication to the hunter that the bird has seen him or scents danger. In such a case the only thing for the sportsman to do is to remain perfectly still. The bird may become reassured after waiting awhile and again begin to call, "The corpse lies here." It can then be cautiously approached and killed.

If it is only wounded the pauji usually escapes, though it cannot fly much better than the ordinary domestic fowl. It is very fleet of foot and will outrun the hunter until it is lost in the dense undergrowth of the jungle.

In the mating season the male pauji is the most pugnacious of birds and will fight its own kind whenever it meets them. Often the fight ends in the annihilation of both combatants.

SALVE FOR HIS WOUND.

A Strenuous Scene That Was Not on the Bill of the Play.

Giovanni Grasso, a Sicilian actor of unusual dramatic energy, was playing in Florence in one of his fiercest parts, where he had to stab his enemy with a dagger. Suddenly, in the heat of his passion, Grasso let the weapon slip out of his hand. It alighted in the pit on a man's head, cutting it slightly.

An indignant member of the audience flung the knife back to the stage, where it was dexterously caught by Grasso. Raising it aloft in his hand and as if it were accursed, Grasso smashed it in two and then stamped upon it.

Then, with a swift bound, Grasso was in the pit beside the injured man. The next minute he had climbed back to the boards, with the victim in his arms.

After settling him in a chair Grasso threw himself on his knees and began a long entreaty for forgiveness. This was rapidly granted by the much embarrassed playgoer, who on his side begged to be allowed to return to his seat.

But this was not to be until Grasso, weeping copiously, had bestowed no fewer than fifty resounding kisses on the man's blushing cheeks.

The action was greeted with loud cheers, and after Grasso had gracefully bowed his thanks the play was resumed and successfully concluded.—London Express.

Perils of the Hair Cut.

"Ouch!" cried the barber and something besides. He stuck the end of his thumb in his mouth and began sucking it.

"Cut yourself?" asked the man in the chair.

"No; it's an ingrowing hair," replied the barber—"an ingrowing hair under my thumb nail."

The man in the chair laughed.

"Fact," said the barber. "It isn't an uncommon thing either. In giving a customer a hair cut a bit of hair often lodges under the finger nail, and if it isn't removed it is apt to fester and get sore. Sometimes we don't even know it's there until it begins to get in its fine work. It hurts like the dickens sometimes. If you don't believe me, ask any barber and he'll tell you the same thing."—New York Times.

A Gun Club's Treasure.

Thirteen million cartridge shells, the result of eleven years of shooting by the members of a gun club, have been gathered into a huge pile by one of the leading sporting organizations of England. Eleven years ago one of the members conceived the idea of having the members save all their shells and deposit them on the pile. The shell bank is now the club's most prized possession. If a single man were to shoot one cartridge a second day and night it would take him about twenty-five years to discharge 13,000,000. The club maintains a vigilant guard over its precious shell pile.

Filial Repartee.

Richard Brinsley Sheridan, who was always distressed for money, was one day hacking his face with a dull razor when he turned to his eldest son and said:

"Tom, if you open any more oysters with my razor I'll cut you off with a shilling."

"Very well, father," said Tom, "but where will you get the shilling?"

The Prize Holder.

"I understand you have a fine track team here," said the visitor to the man who was showing him over the college campus. "What individual holds most of the medals?"

"The town pawnbroker," answered his guide after due deliberation.—New York Journal.

Misdeals.

Sillicus—Love is a game in which Cupid deals the cards. Cynicus—Then why does he so often deal from the bottom of the deck?—Philadelphia Record.

Some of the new fall hats are to be brimless, it is said, and peaked like a witch's crown.

A SUICIDE PACT!

CRIPPEN AND HIS GIRL

Agreed to Leave This World of Trouble and Crossed Loves.

Fuller Details Will be Heard in a Week in This One of the Most Spectacular Criminal Cases of the Decade.

Special to the Review.

London, Aug. 29.—Dr. Hawley Harvey Crippen's fight for life began when with his typist companion, Ethel Clare Leneve, Crippen he was arraigned in the Bow street police court for the murder of his wife, Belle Elmore. The most spectacular murder case of a decade was brought to a head with brief proceedings attended by a handful of privileged people. The testimony revealed a suicide pact between the prisoners, which always had been frustrated by Capt. Kendall, of the Montrose, on which they were captured, and by Inspector Dew. The couple were remanded for eight days.

THE CALLOUSNESS OF MEN AND TRUSTFULNESS OF WOMEN

(Special London Correspondent, Montreal Witness.)

London, Eng., Aug. 27.—Twenty-five fatherless babies in one little hospital. And some of them so beautiful. Twenty-five girl mothers, some of them as sweet as the babies themselves. And the little captain-nurse, in her fresh uniform, seemed to have a personal heartache for each one. In the wards she seemed simply the loving little mother, discussing the various charms of each baby. Out of the corridors, again her face gloomed. Back in her plain, little, homely little office with the kitten asleep on her desk, and a tiny but business-like tea kettle on the polished grate, she looked as though if she had not been "quite grown up she would have cried on the spot." She is the nurse in charge of "Ivy House," one of the many departments of the Women's Social Work of the Salvation Army in Hackney. For the poor little girls she had, apparently, hardly a shadow of blame. "Don't you think," she said, half appealingly, "that women are blamed for everything under the sun?"

"What of the fathers of these babies?" one asked. Her face grew almost hard, as hard as one so sweet could appear.

"What do they care?" she asked, with a long, steady look at the questioner.

"What class of girls do you get here?" one asked, "shop and factory girls—girls of the lower type?"

"Not at all, or hardly ever. Servant girls mostly, and the milliner, or dressmaker or those whose occupation or shielded home life makes the companionship of men more or less an event."

"How do you account for that?"

"The factory girls know better. They mix with men every day. They like them, are good comrades with them, it may be, but they do not look upon them as superior beings. They do not believe all they say. Girls who live the life that is called more 'secluded,' more 'sheltered,' are sweet home-loving, child-loving, trusting. The very sweetness of their nature brings about their undoing. Do you know, some of these very girls have been 'walking out' with the father of their children for two, three, maybe five years. Then this happens, and the girl is cast off. Quite apart from the shame and horror can you imagine how awful is the situation for a girl who has devoted the best years of her life to the love of one man who has not even ambition enough to make a home, no matter how tiny?"

"Do you keep a record of these fathers?"

"Yes."

"Do you ever try to persuade them to marry the girl?"

"Once in a while, if there is any reasonable hope that it is any use. Not otherwise. We are ready, even, to advance them money to fit up a home. If he drinks, never."

What could one say in the face of so much hideous wrong? If any one still holds the theory that women are hard on women, let him talk with that little Salvation Army captain.

LADY OF THE LAKE MADE RECORD HAUL OF LUMBER

What is said to be the largest scow load tugged for many years, was hauled from Kelley's mill at Bridgenorth on Friday to Lindsay. Nine carloads of basswood made a heavy haul for "The Lady of the Lake," but she accomplished the task in good time, although encountering a high wind at Pigeon Lake, and another at Sturgeon Lake. At the latter place the waves swept clear over the scow and her load.

The lumber is being sent to different parts of Canada and the United States.

THE FLOWER SUNDAY SERVICE AT PARK ST. BAPTIST CHURCH WAS HIGHLY INTERESTING

The flower service held last night at the Park St. Baptist Church was the best in the history of the church. Hundreds of vases of cut flowers were most artistically arranged by the committee, and blended with the white dresses and smiling faces of the children, almost seemed to possess souls even though Henry Ward Beecher once said, "Flowers are the prettiest things God ever made, and forgot to put a soul in."

A huge cross set up back of the pulpit attracted the attention as one entered the church. It was made of flowers, the skillful work of Mr. Harry Hall and the committee.

The address by Dr. Middleton was in perfect keeping with the occasion, and was on "Character Building," which was very practically illustrated by some blocks the doctor produced and named thoughts, actions, habits, character, destiny.

Mrs. Dr. Middleton rendered a very appropriate solo "Building, Surely Building," which was a most feeling climax to the doctor's address.

The committee in charge was Mr. Harry Hill, Mrs. Hill, Lottie Campbell, Lottie Smith, Edith Johnston, Mrs. R. Wright and others.

The pastor of the church had charge of the service.

At the close of the service the pastor, Rev. W. C. Riddiford, announced that he wanted all the flowers to be taken to the home of the sick, and the aged and hospitals.

PREACHED ON OLD AGE

Preached on old age

Rev. Dr. Langford, who is supplying the pulpit of Charlotte street Methodist church in the absence of the pastor, gave a good sermon yesterday morning on "Ohd Age." He dwelt upon it in all its phases. Let the old people feel that they are of some use when they would find real enjoyment in peeling the potatoes, or helping with the preserving. Dr. Langford said that he knew one minister who celebrated his eightieth birthday by walking twenty miles.

Let the old people feel that they are yet able to be of some use on the earth, and the happiness which will come to them will well repay one for kindness and consideration shown.

BOY SCOUTS LEAVE TO-MORROW

To-morrow morning at 5.26 the Peterborough Baden-Powell Boy Scouts will entrain on the C.P.R. train for Toronto, there to participate in the Baden-Powell reception at Toronto Exhibition. Boy Scouts from every city where there is a branch of these youthful warriors will be represented at the exhibition.

The local band is comprised of about twenty members. They present a very neat and orderly appearance in their new khaki uniforms with a red scarf around the throat. Each member carries a staff and suspended from the left shoulder are the colors of the company, blue and yellow.

The boys will be under the command of Scout Master Waring, and will be in Toronto for a couple of days.

WHO'S HERE AND AWAY

Mr. H. C. Grout, of Havelock, is at the National.

Mr. Charles McGill is in the city on a visit to friends.

Mr. W. R. Links, of Chicago, is a guest at the National.

Mr. Moxley, of Kingston, is visiting friends in the city.

Mr. James S. Cook, of Belleville, is a guest at the Oriental.

Mr. T. H. Brown, of Campbellford, is registered at the Oriental.

Mr. and Mrs. Bishop and son, of Cleveland, are at the National.

Mr. Charles Gouiah, of Montreal, is visiting friends in the city.

Mr. Ashley Henderson, of Grand Rapids, Mich., is at the National.

Miss Allan is in Toronto to-day, attending the millinery openings.

Mrs. Jessie Krest and daughter, of Cleveland, are at the Oriental.

Miss Clara Mitchell, of Cressman's is in Toronto for the millinery openings.

Mr. J. M. Carroll and party from Lindsay, registered at the National today.

Mr. and Mrs. Taylor, of Montreal, spent a couple of days last week in the city.

Miss M. Gilchrist, of Toronto, is visiting Mr. B. M. Gilchrist, Antrim street for a few days.

Mrs. Henderson, Gilmour street, has gone to Toronto to visit friends and attend the Exhibition.

Miss Scott, of Chemong, spent a couple of days last week, the guest of Miss Ada Lee, Jackson Park.

Miss Mable Curtis, of the Methodist Book Room, Toronto, is in the city on a two weeks' visit at her home.

Mr. L. Edney, of Cressman's, returned Saturday after spending a week at the Thousand Islands and Kingston.

Mr. and Mrs. C. L. Schwartz, Miss Clara Horn and Oscar J. Horn, all of Cleveland, were at the National yesterday.

Miss Nellie Pilling, of Peterborough, who has been visiting Miss Elsie Winters, left to-day for a visit in Buffalo.—Port Hope Guide.

Miss A. Williams, of Cressman's, returned Saturday after spending an enjoyable two weeks' holiday outing at the Muskoka Lakes.

Miss Vera Lawrie, Jackson street west, left yesterday for Peterborough, where she will be the guest of her aunt, Mrs. Morton.—Hamilton Times.

Mr. J. C. Edwards, of Cressman's advertising department, returned this morning from Western Ontario, where he was spending a few days' vacation.

Miss Helen Harper has returned from spending her vacation in Toronto, St. Catharines and Buffalo. While in St. Catharines Miss Harper was the guest of Dr. Jessop.

Canon Davidson, who has been recuperating for the last few weeks at Haliburton, has returned to Peterborough, and will be found at the rectory as usual.

Mr. Wm. Morris, of Grand Rapids, Mich., and a son of the late Dr. Morris, formerly of Peterborough, is the guest of Mr. Fred Andrews, Gilmour street.

Miss D. Welsh, of the J. C. Turnbull Co's. dressmaking section, has returned from the American fashion centres and reopened her department to-day.

Mr. Lennie Faux, who has been spending the past month with his parents, Mr. and Mrs. John Faux, 217 Rubidge street, returned this morning to Pittsfield, Mass.

Mrs. (Dr.) Middleton gave a most effective rendering of the solo "Drifting," by Gordon V. Thompson, at the morning service in Mark street church yesterday morning. It was much enjoyed by the congregation.

Mrs. Lewis Alford Seward announces the engagement of her daughter, Lulu Alford, to Mr. Oscar Alexander Braken, of Toronto. The wedding will take place at St. John's church, city, Thursday September 1st.

Miss Ethel Allison, of Washington, who for the past couple of months has been the guest of Mrs. C. Clemmence, Walton street, returned to her home this morning on the 8 o'clock C.P.R.

OBITUARY

CLARA CHAMPLAIN PAGET.

Clara Champlain Paget, aged one year and twenty days, passed away on Saturday after a short illness. She was the child of Mr. Arthur Paget, 131 Rubidge street. The funeral took place at 2.30 o'clock this afternoon to Little Lake cemetery.

HAVELOCK HAPPENINGS

PERSONALS.

Mr. Wm. Coulter, of Toronto, was in town on Thursday.

Miss Roxie McIlvina has returned from visiting in Napanee.

Mr. and Mrs. W. Wilde and Miss Mabel have returned from visiting in Walkerton.

Mrs. (Rev.) Hagar, of Morewood, is the guest of her parents, Mr. and Mrs. Thomas Vanorum.

Mr. and Mrs. C. Armstrong are spending a week at Mount Julian, Stoney Lake.

Miss Florence and Master Reggie Reid, who have been visiting in town, have returned to Peterborough.

Mr. John A. Garrat is in Picton representing the local I.O.F. Lodge at the meeting of the High Court of the I.O.F. in that town.

Rev. H. Caplan, of Toronto, is spending a few days in town.

Mr. A. E. Oldrey, who had his left leg operated on last Monday, is doing as nicely as can be expected.

Mr. and Mrs. Thomas Butters, of West Toronto, were in town this week.

Mr. W. J. McBurney has been engaged as clerk in F. J. Squire's store.

Misses Ida and Florence Howe have returned from visiting in Toronto and Detroit.

Mr. Alex. Innis left on Monday for Banff Alta., where Mrs. Innis is undergoing treatment for her health.

Mr. and Mrs. D. G. Barnes, of West Toronto, who have been visiting Mr. and Mrs. James Fowler, returned home on Thursday.

Miss Eliza and Lillian Wright have returned from visiting in Almonte.

Mr. G. Sills and Miss Leta Sills, of Belleville, were in town on Friday afternoon.

Mr. T. P. Lancaster and Miss Lancaster have returned from a week's visit at Koshe Lake.

Mrs. A. Darling and children, of Napanee, are visiting friends in town.

Mr. Mail, of Toronto, is acting locomotive foreman here in the absence of Mr. Taylor, who is taking a two week holiday.

Mr. John Ruttan, of Trent, of Trent Bridge, has been engaged as clerk by Mr. James Watson.

CANADIAN PACIFIC RAILWAY

Farm Laborers Excursion will be run from Peterborough on August 30th and Sept. 6th. Leave Peterboro' at 7.42 a.m. Special train leaves Toronto at 2 p.m. Fare going $10.00, returning $18.00.

International Eucharistic Congress, Montreal. Fare for round trip $8.10. Good going Sept. 3rd to 10th, good returning up to and including September 15th, 1910.

Toronto Exhibition Programmes now in call and see one. See advertisement in this paper for rates. Secure your tickets early at city ticket office.

Labor Day Rates, single fare. Good going Sept. 2, 3, 4 & 5th, returning up to and including Sept. 7th. Tickets and all information at C.P.R. City Ticket Office. Wm. McIlroy, Agent.

LETTERS TO THE EDITOR

To the Editor of the Review.

Sir,—Owing to having been away I did not get news of the economy of our mayor as he promised, by getting quit of useless expense. What did he do? He and a lot of councillors spent a whole lot of the people's good money going away to inspect pavements, and before they found out if the people on the streets would have the pavement. Now the people are raising kane, and there ain't going to be no pavement, you bet, but who is going to pay the hundreds of dollars spent for finding out which pavement we won't have. Great heads.

Yours, etc.,
OH! SO TIRED.

Peterborough, Aug. 29, 1910.

Boat Arrivals

Lake Champlain landed passengers at Quebec Saturday at 11.50 a.m.

Mount Temple from London and Antwerp, landed at Quebec 6 a.m. to-day.

Experiments in the Orient indicate that the disease beri-beri is caused by the use of milled rice, the polishing process removing the phosphorus in the outer covering of the grain.

The Italian Government plans to spend $2,000,000 for an aerial navy and to attach experienced aviators to its foreign embassies to study what other nations are doing along that line.

THESE LONG DAYS

Sixteen hours per day we keep our eyes working for us. They are good servants, worthy of our looking after their very best interests. Headaches, tired feelings, watery eyes, dull and confused vision, having to hold reading too far away, etc., are some of natures calls for eye helps. It pays us all to attend properly to these calls of our good eye servants. Those wishing eye examinations will find it to their advantage to 'phone write or call for appointment.

THE PETERBOROUGH OPTICAL INSTITUTE
IN THE MARKET BUILDING.

J. W. BROWETT, Ref. D. M. O. Optical Specialist, Dr. of Optics, Philadelphia, Graduate Pennsylvania State College, New York Optical Institute, Optical Institute of Canada, Associate Graduate Detroit and Chicago Ophthalmic Colleges and Hospitals.

HORSE AND BUGGY MADE A VERY STRANGE DISAPPEARANCE

Mr. John Carlisle, East City, would like to know where his horse and buggy are. This afternoon about two o'clock, he drove to the Grand Trunk station, tied the animal and went to transact some business. He was only absent a few minutes, but that time sufficed for the disappearance of the outfit.

A man, at work in a freight car, nearby stated that an elderly couple had driven away with the horse and rig and that they had turned up Charlotte Street.

Mr. Carlisle notified the police but up to a late hour the mystery has not been unravelled.

Just before going to press it was learned that Mr Carlisle had about arrived at the conclusion that someone had been playing a joke, for on a visit to the station he found that the steed had been returned.

FASHIONS FOR AUTUMN

Hats of chintz or small figured chiffon are worn more and more by small girls at shore and mountains.

For outing wear coarse straw hats banded with hand-embroidered coarse linen, are among the novelties.

Swiss openwork embroidery continues its vogue, being employed impartially on hats, blouses and dresses.

Ribbon run insertion continues to be a favorite finish for the top of the ruffle on lingerie petticoats.

Long scarves of black satin are very striking, some self-lined, others with oyster white or pearl-gey satin.

Black satin tailormades show accessories of embroidery in the dark Korean tints or in the blues and reds of Bulgaria.

Sleeves for tailored costumes are tighter than ever and are finished with stitched straps braiding or turnover cuffs.

The mannish wool mixtures have first place for tailored suits but for dressier suits heavy satin and broadcloth will be used.

Neckchains composed of the large gold or silver beads hang about many pretty necks and dangle in front to the waist line.

It is expected that in the autumn fashions chiffons will be much used over brocade taffetas and figured silks of various descriptions.

Those who ought to know predict that the double box plait in back will be seen as the prevailing style in tailored skirts this fall.

Some entire hats are made of cashmere and Persian silks, and they are very prominent as facings and in the making of millinery accessories.

The Paris hobble skirt seems unlikely to reach this country in its full strength, but it will undoubtedly somewhat influence American fashions.

For the more modest tailormade gowns, silk and satin prevail in selftones, stripes, dots dots coin spots plaid and checkerboard patterns.

Scarves of Persian silk, lined with chiffon or the same shade as the strongest note of color in the Persian design, are quaint and pretty.

White serge with a hairline of silk thread woven in it especially smart for tennis suits. Black is a favorite color for the silk thread.

Some gowns with round necks have sleeves to the wrist, and sleeves in general show some fullness and are very ornate, reaching well below the elbow.

New coats are very chic; rather short—some hardly more than hip length—and show straight lines giving the box effect rather than the fitted.

Hand-embroidered batiste frocks chiffon veiled, are everywhere worn, while chiffon wraps and scarves are fitting adjuncts to these perishable toilettes.

Marvelously pretty turbans are made of draped Yedda straws, Leghors, Tegal and hair straws so thin and supple that they yield to any desired shaping.

Collars of plaited maline are new and attractive. These are of two shades of the material and extend to the shoulders. A silver cord fastens at the front.

Shot sheer silk voiles in the most delicate shades of mauve and rose, pink and blue, trimmed with pearly fringes, will be very much to the fore in autumn fashions.

There is a veritable craze for gilt buttons, rows of them being sewed on the fronts of blouses, on jackets and even on cloaks, usually no larger than a pea, and bullet shaped.

Lingerie is in the height of its popularity, for with the tailored suit, cut in such mannish lines as prevail, something in the feminine touch must appear in telling fashion.

HERO OF MAFEKING ARRIVES IN TORONTO VIA PARKDALE

While Representatives of City and Province and an Army of Boy Scouts Line up at Union Station Depot to Welcome the General.

Toronto, Aug. 30.—Because he hadn't been informed of the reception awaiting him at the Union Station and having taken the advice of a fellow passenger that Parkdale station was more convenient to his Rosedale destination—which it wasn't—Lieut.-Gen. Sir Robert Baden-Powell, hero of Mafeking, unintentionally disappointed several distinguished personages, a guard of honor of 300 boy scouts, and a big representation of the general public that had gathered to greet him.

"I wanted to see the slums of the west end anyway," said the eminent soldier, "but I must say they were happy and prosperous looking slums."

"I rode part of the way and walked the rest, stopping on the road to talk to a few workmen," he replied.

The disappointed ones at the Union on the arrival of the C.P.R. train, which was nearly 2 3-4 hours late, were Mayor Geary, Ald. Maguire, chairman of the reception committee, and Ald. McCausland, representing the city; W. K. McNaught, M.P.P., and ex-Mayor Oliver, representing the Exhibition board; J. F. Mackay, president of the Canadian Club; T. C. Irving, J. Castell Hopkins and F. G. Osler, son of E. B. Osler.

Three hundred scouts were lined up from the entrance through the rotunda to the train platform in command of Scout Masters E. F. Britton, McKechnie, Assistant Commissioner H. G. Hammond, and Brigade Adjutant J. K. Stalker. However on the arrival of the train the Toronto boys escorted their touring fifteen British comrades in arms to the Exhibition grounds by way of the old fort. Squads from Haileybury, Brampton, Napanee and Whitby were also in line.

One of the most interesting figures among the boys was a young girl about 16 years of age, Miss Brightwell, who dressed in khaki short skirt and waist with hat similar to that of the boys, accompanied the Brampton detachment as a girl guide. She has only been out from England for a few months.

Major-Gen. Baden-Powell is full of the boy scout movement. He was seen by the reporters at the residence of E. B. Osler on Beau road shortly after his arrival. He was resting on the piazza and on noticing the boys approaching, stepped out to the front door and gave them a warm welcome.

"The scout movement," he said, "is making wonderful progress because the right kind of men are taking hold of it. Lieutenant-governors, ministers of education and schoolmasters are becoming interested in it, because it is an educative movement. There seems to be a general mistake that the scout movement is to secure recruits for the army, where as it is to teach better citizenship, to make the boys men of character, and to make them stronger men in every respect.

"The meaning of the 'scout' with us is frontiersmen, and the life of the pioneer is held up before them. They are taught the questions of health and how to give first aid. In that way we introduce to them the chivalry of knights and inspire them with a sense of public duty. They are taught to use their heads and hands."

According to the chief scout, the boys are given very little military training, because the purpose is not so much to make soldiers out of them as good citizens, and for this reason the scout masters are generally men of imagination, who can employ them in their spare hours at something other than drill.

Gen. Baden-Powell hopes to have some local man to donate a ship on the lake here, so that the boys can do sea scouting as well, and use the boat also as a club house. They would very soon get the call of the sea and be of use in the Canadian navy. His boys were learning seamanship all the way across, and will try an examination on the way back as to what they have learned.

AUTHORITIES CENSURED FOR LETTING MERKT OUT OF INSTITUTION

Sixty-Five-Year-Old Man, Who Was Recently Released From Asylum Buys a Revolver and Slays His Wife, Who Was a Cripple.

Toronto, Aug. 30.—An inmate of an asylum, confined there because his family had fears for their safety because of him, yet apparently allowed to come and go from the Queen street institution for the insane as he pleased—that was the condition of affairs concerning Gustave Merkt which yesterday resulted in him shooting and killing his wife, and then himself at the Merkt home, 10 Roberts street.

Merkt was 65 years of age, his wife, a cripple, was ten years his junior. The weapon, a 38-calibre revolver, is believed to have been purchased yesterday morning, and the fact that a note, conclusively showing the murderer's demented condition, was dated the 28th, would indicate that the crime was premeditated.

Two bullets took effect in the woman's head, and she was found lying in a pool of blood in the little sunlit summer kitchen of her home, while the man, also twice shot, was found prostrate in the drawing-room, still clutching the weapon, it and the hand that held it bathed in blood.

The feature of the case occupying the attention of Coroner W. A. Young, who will open an inquest at McGill's undertaking rooms in College street, at eight o'clock this evening, in the question of the responsibility of the authorities of the asylum in allowing a man, criminally insane, to come and go from that place as he pleased.

According to the story of Henry King Clarke, a night telegraph operator, a boarder in the Merkt home, who was asleep in his room, he heard two shots in rapid succession at 11.55 yesterday morning. Boys were in the habit of playing with a gun, and he thought nothing of it. A few minutes later he heard two more. Then he rose, shaved and dressed himself and went downstairs, just as a daughter of the dead couple, who works down town, came in for lunch. The girl went straight through to the kitchen and found her mother dead.

"My God, has father been home?" she cried to Clarke, who then turned to the drawing-room. There they found the man's body. Clarke rushed to the street and gave the alarm, and the fainting and hysterical girl was carried to the house of a neighbor.

Dr. W. E. Ferguson, 264 College street, and the police were summoned. The woman lay on her face with a bullet wound on either side of the head. About one of these the powder marks and singeing of the hair were evident. A wound of exit showed beneath the left eye and a bullet was found beneath the body. Another bullet, which had struck the plaster wall beside the door to the back kitchen, was picked up in the middle of the kitchen floor. In the drawing-room a search revealed a hole in a rear window made by a bullet, which was found embedded in a window casing outside. There were two wounds in the right side of the man's head, with another, probably one of exit, under the left eye. Another bullet could be felt under the skin of the left temple. The wounds of entry were surrounded by powder marks. In the revolver were found four empty shells and one undischarged, and there were more loaded shells in the pocket.

In the vest pocket, neatly written in ink, was found a note. This was the last cowardly blow at an honest and faithful wife. It read: "To the public and the press: This is the end of 37 years and five months of married life with an insulting, drunken, false and swindling woman. Hell can't be any worse. My last wish is that my body be cremated."

CRIPPEN DENIES CONFESSING; ENTERS PLEA OF INNOCENT

Inspector Dew at Preliminary Hearing in Bow Street, London, Says Suicide Was Contemplated by Crippen and Miss Leneve.

London, Aug. 30.—Both Hawley H. Crippen, the American doctor, and Ethel Leneve, his typist, were accused of the murder of Belle Elmore, the former's wife, in the formal charge read to them in the Bow street Police Court yesterday. Miss Leneve was charged also with harboring and maintaining Crippen after the crime and while knowing that he committed it.

Dew swore that when he made the arrest Crippen said:

"I am not sorry. My anxiety has been too much." He told Crippen that he must put him in handcuffs, "as you have written that you intended jumping overboard." To this Crippen replied: "I will not do that. My anxiety has been too awful."

A card was found among Crippen's effects and on the back of it the following: "I cannot stand the horror I go through every night any longer, as I see nothing bright, and as my journey is coming to an end I have made up my mind to jump overboard tonight. I know I have spoiled your life, but some day you may learn to forgive me. My last words are of love."

Dew also introduced a torn piece of a card on which Crippen had written: "Shall we wait until to-night, about 10 or 11? If not, what time?"

Asking after Miss Leneve, Crippen said to the inspector: "I will do all I can for her. It is only fair to say that she knows nothing about it. I never told her anything."

Dew concluded, repeating a conversation which he had with Crippen during the return trip to Liverpool. Crippen said: "When you took me off the ship (at Quebec) I did not see Miss Leneve. I do not know how things will go. They may go all right; they may go all wrong. I may never see her again, and I want to ask you to let me see her. I won't speak to her. She has been my only comfort for the last three years." Crippen was allowed to see his companion in trouble.

Solicitor Newton stated before the court opened that Crippen told him: "I confessed nothing. I have vehemently and strenuously affirmed I know of no crime and have taken part in none. During my voyage to Canada on the Montrose I had not the slightest suspicion I was watched. The arrest came like a thunderbolt. I could not at first realize I was a prisoner."

TO IMPROVE EAST LINE OF THE C.P.R.

Montreal, Aug. 30.—There is a strong opinion prevailing here that the Canadian Pacific, after spending large sums in the West, will now turn attention to the lower provinces, and that they have fully decided to make Halifax the winter port for mails and passengers.

That the company will bring Halifax within 16 hours of Montreal appears to have been decided upon, the only question being as to how Montreal and Halifax harbor can be hitched by such rapid train service.

The opinion prevails, however, that the C.P.R. will start from Fredericton Junction or thereabouts, and build a new line straight across New Brunswick and Nova Scotia to their proposed winter port at Halifax, and that this work will be hurriedly pushed forward in the very near future. It is said also that the proposed extension will be of the very highest quality of railway, so as to permit passenger trains being run at a very high rate of speed.

If this turns out correct, or nearly so, no doubt a new entrance will be secured into Halifax, and already there are rumors that property his changed hands there for this purpose. Extensive improvements are also contemplated on the Dominion Atlantic, as soon as the C.P.R. gets possession. Besides building a telegraph line from Truro to Yarmouth, the Canadian Pacific will spend a round million on the roadbed and bridges.

ANOTHER SLAP AT JACKSON

Victoria, B.C., Aug. 30.—Heretical teachings in Methodist Colleges, or what has become known as the Jackson controversy, came up before the Methodist general conference to-day, and after a discussion which lasted for three hours, it was decided to leave such matters to the procedure of the church. This decision was reached by a vote of 125 to 84.

The attack on Rev. Mr. Jackson was led by Rev. Dr. Shearer, who quoted extensively from his writings and from those of men arrayed for and against the higher criticism. He was supported by H. M. Winter. Chancellor Burwash and N. W. Rowell, K.C., replied.

FIRED BUILDING TO CONCEAL CRIME

Niagara Falls, Ont., Aug. 30.—Coroner Kerr will hold an inquest into the circumstances surrounding the death of Richard Sims, a legless negro, who met death in the fire that destroyed the Whirlpool Rapids Incline Railway early yesterday morning.

A startling rumor is to the effect that Sims was stabbed in the chest and the building then set afire. It is said that there is usually considerable money kept in the place, there being a thriving souvenir stand, carrying stock valued at thousands of dollars. It is thought that an attempt was made to rob the building after Sims died.

The loss is estimated at $50,000, Woodford's grist mill also falling prey to the flames.

BABIES ACQUIRE THE DRUG HABIT

New York, Aug. 22.—That babies in their cradles contract the drug habits through being doped promiscuously with paregoric, laudanum, and other household remedies, is the assertion of President Lederle, of the New York Board of Health. An effort will be made by the board to procure local legislation prohibiting the sale of the objectionable drugs except upon prescription.

A statement by President Lederle says:

"Notwithstanding their dangerous nature, the sale of these drugs for the relief of minor troubles is enormous. Many mothers keep paregoric on tap and are more careful to have it in their homes than they are to see the sugar bowls are filled. At the first sign of an ache or pain and often the moment the baby cries the mother dashes for the paregoric bottle. As a result the baby is drugged and drugged unnecessarily."

KOREA HAS BEEN SWALLOWED UP

Washington, D.C., Aug. 30.—The treaty between Japan and Korea, by which the hermit kingdom is annexed as a sovereign part of Japan has been made public by the State Department.

Existing Korean schedules covering imports from foreign countries and regulations governing coasting trade will be continued for ten years. The copyright and patent laws of Japan will be extended to Korea, and Japan's existing treaties will be applied so far as practicable. Korea's existing open ports will be continued.

Provision is made for the support of the members of Korea's imperial family, for peerage grants to deserving Koreans and for the appointment of Koreans wherever possible to administer the country's affairs.

Tourists Couldn't Land.

Kingston, Aug. 30.—A crowd of American tourists numbering 200, arrived here Sunday from the Thousand Islands, were not allowed to land by the customs officers. They remained on board the steamer America and enjoyed a water trip, declaring they will give Kingston the cold shoulder in future.

Zaccheus as An Alderman.

London, Ont., Aug. 30.—Rev. G. W. Dewey, formerly of Toronto, caused a sensation in his sermon Sunday night by saying that Zaccheus was the greatest grafter of ancient times, and had he been living to-day in London would unquestionably have been elected a member of the City Council, and would have shone in politics.

Infantile Paralysis at Ottawa.

Ottawa, Aug. 30.—Infantile paralysis is spreading in this city, and one death, that of a four months' old child has occurred. Dr. Law, medical health officer, has located eight additional cases in the past few days, making twelve, so far. He is taking isolation steps to avert a serious epidemic.

LATE TICKS FROM WIRES

At Flower Station, Lanark County, Emerald Cleland, aged 6, fell from a sawmill boom and was drowned.

Two negroes were killed and three others injured while John Russell, a white man, was fatally shot, at a dance at Raggio, Ark.

A new steamship service between San Francisco and New York, by way of Panama, will be inaugurated on Oct. 1, competing with the Pacific Mail Co.

Walter N. MacDonald, a street car conductor at the Soo, left his boarding-house Friday night, saying: "I won't be working to-morrow; you need not send my meals." He has not been seen since.

The Government annuities system has been in operation now for eighteen months. The total of annuities sold is $650,000. The average amount is $250. About one-third of the purchasers are women.

Fearing that international complications would ensue from the continued attacks of the populace on the Bogota City, District of Colombia, Railway Co., an American concern, the municipality of Bogota has bought the company, paying $800,000 for it.

OBJECTED TO RIZZIO'S MUSIC

Toronto, Aug. 30.—Guiseppi Rizzio, the Italian laborer, stabbed at his boarding-house by his fellow-countryman, Rocco di Sabbato Sunday night, is still in a critical condition at Grace Hospital, where it was said last night that he might possibly recover should blood poisoning not develop from the punctured intestines.

Enquiries by the police yesterday disclosed the cause of the stabbing as the victim's objection to music played upon a concertina by his assailant.

It is said by those in the room that Rocco was playing when Rizzio remonstrated. Rocco resented it, and there was a scuffle between the two. It was not until Rocco had gone and Rizzio had climbed the stairs to the bathroom that he discovered that he had been seriously stabbed.

SALT PALACE DESTROYED

Salt Lake City, Aug. 30.—Salt Palace, a structure built of salt and one of the scenic features of Salt Lake City, was destroyed by fire yesterday, entailing a loss of $25,000. Defective wiring was the cause of the blaze. Salt Palace had been used for a number of years as an amusement resort, and its bicycle saucer track was one of the finest of its kind in the world.

This Girl Escaped.

Chicago, Aug. 30.—There is joy in the home of George Jagemann, for Miss Lena Jagemann, the daughter, who had been mourned as one of the victims of the wreck near Durand, Mich., is on her way to Chicago from Toronto to assure her parents that she is alive. Her parents would not sufficiently credit her telegrams announcing her safety.

READY FOR THE GREAT INDUSTRIAL

Toronto, Aug. 30.—When Lieut.-Gen. Sir Robert Baden-Powell presses the magic button at 2.30 p.m. to-day, and the shrill siren whistlings and rumbling of machinery tell of industrial life awakened, it will mean that the Canadian National Exhibition has entered upon the 28th year of its existence.

The inaugural ceremonies this year will take place in front of the grand stand, an innovation which will please the public, for the auditorium of the dairy is a cozy affair, giving little accommodation to the thousands who attend the official opening. Then will follow the review of the 2,500 boy scouts and the public will be free to wander over the 260-acre of grounds, from the model military camp on the west to the home of the live stock in the east.

The directors' luncheon in the administration building at 1 p.m. will have Sir Robert as its specially distinguished guest. He will be escorted to the grounds by Honorary President W. K. McNaught and Second Vice-President Oliver will perform a like duty for the British Boy Scouts. President George Gooderham, M.P.P., will be in the chair, and the gathering promises to be a notable one, but speeches will be short. They have to be. Before Baden-Powell presses the button he will speak, and before that Mr. Gooderham will read the annual address, following a hoary custom. Then the formalities will be over.

MANY ARE STILL OUT OF WORK

Montreal, Aug. 30.—Over 100 employes of the Grand Trunk, who answered the strike call several weeks ago, are still out of positions, notwithstanding that the strike has been settled for several weeks. The majority of these are freight conductors, whose former places are still occupied by the men who took positions as strikebreakers with a three months' agreement.

The unemployed men are still receiving remuneration from the strike fund. Some of those out of positions are passenger conductors who, in the days previous to the strike, almost invariably had charge of trains carrying railway officials on inspection trips.

Manchester Engineer Hits Reef.

Quebec, Aug. 30.—The steamer Manchester Engineer, while on its way to Manchester, Eng., struck the reefs at Belle Isle, and was so badly damaged that she is putting back to this port.

A CONSTABLE'S ARDUOUS TRIP

Port Arthur, Ont., Aug. 30.—T. R. Folkes, a Dominion constable, has arrived here after one of the most arduous trips ever made by an officer of the law. He came from the national transcontinental construction, north of Pigeon Lake, and for the 300 miles was in charge of Tony Canea, a raving lunatic, who repeatedly attempted suicide.

Folkes had no other companion on the lonely trip across the lakes and through the muskegs and wildernesses.

PREDICTED HER OWN DEATH

New York, Aug. 27.—Madame Sarah L. Chira, palmist and fortune teller, well known and popular in New York, Brooklyn, Coney Island and Bergen Beach, wife of Professor Patrick Henry Chira, whose surname is Hickey, a Brooklynite, also a palmist, died suddenly while leading grand march in a big reception and ball at the Alhambra Theatre at Bergen Beach. She expired instantly in the arms of her partner in the march.

She was handsome and not quite forty, having been born of English and Welsh parents in Hamilton, Canada, and educated there. She has been predicting fortunes all her life, and was an expert and considered reliable. She was a member of the Eastern Star Female degree of companies of Free Masonry and was buried under Masonic service in Greenwood cemetery, Brooklyn, yesterday. She leaves only her husband and adopted daughter, Jennie, who resides at the family home, 263 Greene avenue, Brooklyn. A peculiarity of her death was the fact that three years ago she cast her own horoscope, and announced to her friends:—

"If I pass the twenty-fourth of August, 1910, I will live to be sixty-two, but I will die about that date, and you will not be with me."

GIRLS LACK SENSE OF RELIGION

Boston, Aug. 30.—Dr. Stanley Hall, president of Clark University, Worcester, and a prominent pyschologist, in statements made recently that girls turning sixteen years of age are absolutely irreligious, has stirred up a wave of indignation among prominent society people and educators in the Bay State.

Dr. Hall said: "The budding girl is as baffling a problem as the soul of a woman, and the world now knows that instead of no soul at all, woman now has one, two, three or four more than man.

"The young girl is absolutely irreligious in her nature. She sees only the immediate present, whereas a boy looks into the future.

"Her thoughts are turned to rats, puffs, psyche knots, fudge, giggles and other ephemeral things."

BROTHERS ARREST BROTHERS

Hamilton, Aug. 30.—Phillip and John Wintermute, East Murray street, were arrested yesterday afternoon, charged with breaking into the store of Mrs. King, North James street, and with assaulting Constable Joseph Duffy. The officer found them in the store and attempted to arrest them. He alleges that the two men attacked him. His brother John, who is also a policeman, came to his assistance, and between them the Wintermutes were taken in.

Burned by Lightning.

Portage La Prairie, Aug. 30.—Yesterday's lightning and thunderstorm caused the Portage Industrial Society a heavy loss, when the barns at the Island Park were struck and burned. Less than a year ago the grand stand was burned.

GOOD CATHOLIC CANNOT BE A FREEMASON

Montreal, Aug. 30.—Mgr. Alfred Archambault has decided that a good Catholic can make no difference between Freemasons, be they of French, English or Scotch rite.

They are, in fact, all alike in the eyes of the Bishop of Joliette, who declares that Freemasonry in general aims at the destruction of the Roman Catholic Church, or social order, or political authority and the marriage tie. His lordship also said that all members of any of these lodges would not only be refused the sacraments of the mother church at the hour of death, but will also be refused Catholic burial.

Mgr. Archambault then referred to grave charges that certain residents of Joliette were members of these forbidden lodges, and declared that if this could be proven, he would denounce such persons from the cathedral pulpit and would ask the faithful to vote against them either at municipal, provincial or any other election.

SURROUNDED BY ICEBERGS

Philadelphia, Aug. 30.—After a run of twelve days and despite unusual perils at sea the ship William P. Frye, from the Hawaiian Islands, with 90,000 bags of raw sugar, arrived at the Spreckels sugar refinery Sunday night. Off Cape Horn the ship was surrounded by Antarctic icebergs and field ice, covering an area of 18 miles. Many of the bergs ranged from 50 to 200 feet high.

Harvest Home Services

The annual Harvest Home services of the Park street Baptist church will be held Sunday September 25th. It is expected that Rev. John McNeil of Walmer Road Baptist church, Toronto will preach.

BLIND WOMAN'S PATIENT WAIT

Guelph, Aug. 30.—Edwin Henry Hall, an old resident, lay dead in his home near Suffolk street for some time before his aged and blind wife knew that he had died. She thought he was sleeping when he did not answer her, and covering him up as well as she could, she sat beside his bed and patiently waited for him to wake up. All Saturday afternoon and night and nearly all Sunday she waited. Then some neighbors came in and told her the truth.

Reporters Barred.

Montreal, Aug. 30.—It is given out officially that Cardinal Vincent Vannutelli, the papal legate to the congress, will not be interviewed during his sojourn in the Dominion. His excellency has especially asked that no reporter be allowed to board the Lady Grey, which will bring the church dignitary up the river. Mgr. Bruchesi leaves this evening for Rimouski, where he will meet the cardinal legate.

A GRIST OF UNDESIRABLES

Toronto, Aug. 30.—There have been three hundred and fifty-seven persons deported from the province since the beginning of the year, chiefly at Niagara Falls. An unusual number have been deported during the past two or three weeks from Fort Frances and Rainy River, principally hoboes.

A Fairy Tale.

Ottawa, Aug. 30.—The officials of the Finance Department give an absolute and emphatic denial to the story published in Toronto and Montreal yesterday to the effect that $50,000 in English bank notes was found in a box sent to a locksmith's for repairs.

The Daily Review

TUESDAY, AUG. 30, 1910.

NOISELESS—STINKLESS

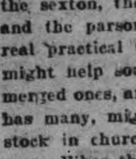
A noiseless typewriter is now invented. It is Canadian and the stock to complete the manufacturing of it for commercial purposes is on the market. Half a million dollars has been spent in perfecting the typewriter, what a God send. But the man who can rise and say; "'Behold, my stinkless auto, I have invented it," will at once become a benefactor to the race, and we do not all have to listen to the "'plunkety plunk" of the typewriter, but we all have to smell the stink of of the rich man's "'go cart."

TORONTO'S BRIEF EXCITEMENT

Toronto within 24 hours had a little excitement of her own. A man shot his wife and then turned the gun on himself. He was crazy. An Italian gashed another man in the abdomen so that his bowels rushed out. He used a razor and was angry. But for all that Toronto is a very law-abiding city and if it wasn't for the rounding up of harmless drunks and stopping fights the police would have comparatively little to do. The confidence men and black legs are afraid of Deputy Chief Stark and Col. Denison. These two men are the real head of the police works in the Queen City. A tramp knows by mysterious marks, by intution, by tramp telegraphy, where the cross dog is, and the crooks know Toronto and generally speaking, give it a wide berth. They prefer to operate under the star spangled banner, where those in authority have a greater reverence for money. The police of Canada as a general thing, cannot be bought. The writer knows of one instance where an officer in Toronto was offered $500 to keep quiet over a very trivial affair. The officer did not keep quiet. Under Old Glory $500 would cover a multitude of sins, silence many tongues, close many eyes.

CHURCH UNION

The great question of church union was heartily approved of by the Methodist conference at Victoria, B.C., by a vote of 220 to 35. However, this is not half so great a problem as the overlapping of churches. Take Peterborough, sixteen places of worship and more building and enlarging. Half of these places are not half filled on Sunday. There is, up to date, only one end, the grave, or one God, one heaven. Yet there are hundreds of religions. In this great scramble for erecting churches no special aim is being made for the fellow who needs the church, who is down and out or the woman who has fallen. The writer can find the still small voice in the field, by the stream or in the forest just as easily as where the preacher's voice is heard, the choir sings and the organ rumbles. Suppose some of the churches were shut up for a while and the money spent for the sexton, the organist, the soloist, and the parson was turned over to real practical Christian work. That might help some, and then the submerged ones, and every city and town has many, might take a little more stock in church goers than they do now. When the hard-working man to whom every day is a round of labor, passes the fine and comfortable home of the minister and knows how well it is appointed within, how can he help but think, "That man, that parson, can't sympathize with me in my struggles. He never knows want, the struggle to buy coal, food, clothes. He pays no rent."



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. If Pro Bono Publico wants his letter published he will please leave his name or send it in.

WAS IT CO-INCIDENCE?

In another column of this edition of the Review is the account of a former resident of Hamilton, a clairvoyant by nature and profession, who foretold her death some years ago, and who died as prophesied. She died dancing. Was this a co-incidence? Many dreams are but co-incidences. We dream of some one, and next day receive news from them. It may be the working of the sub-conscious mind, but for every single dream that amounts to anything, there are a thousand foolish ones, the result of too much food, badly digested. Yet, in the Great Beyond, in the Unknown, there are many mysteries and forces working over, in and through us, that will be always mysteries as long as we lug around the flesh.

THE FIGHT AGAINST THE FLY

The Calgary Herald, one of the leading papers in the west, on its front page, takes up a column of space devoting it against the FLY.

The Herald says in part;—

"Scores of medical experts have testified to the deadliness of the housefly. Dr. Dawson, the city health officer, in a small pamphlet, points out distinctly the menace of the fly and the method in which typhoid germs are carried from the sick to the well and infection is spread. Still, precautionary methods are followed in but few households in this city. 'Death to the flies' should be the motto of every housewife, not solely because they tickle the nose, of her noble lord and master when he wants to read the paper, and make him swear, but because they are actually dangerous. . . . . Let the good wife who goes to the butcher shop, the grocery store, or the bakeshop, decline to purchase where hundreds of houseflies are holding high carnival, and it will then be a good bet that the merchants will hustle and get some 'sure death to flies' and order his clerks to shoo the insects out of the place—as many as survive. . . . . Restaurants, or some of them in the city, are plagued with flies. They wander around the food, drown themselves in the soup, and go for a bath in the milk pitcher. The heat of the restaurants and the odors of the food is an attraction that will induce any vagrant fly passing the doorway to drop in for a while. . . . . . The Calgary Board of Health has done its part in making a clean Calgary, and it's up to the store and restaurant keepers to protect their customers. This is the typhoid fever season, and it is flies, the medical experts say, and they should know, that are communicating the disease. The foodstuffs in many stores are left exposed and seem to invite flies to alight. If the proprietor's attention is called to this once or twice, the chances are that he'll take steps to prevent flies spreading contagion in his store, at least. The citizens should look after their own houses, but it's up to the storekeepers to protect the public.

"'Death to the flies' should be the general motto."

BUT WHAT HAS THE BOARD OF HEALTH OF PETERBOROUGH DONE?

Below will be found what the Board of Health of Peterborough have done. We have just put a border around the record that it may be pasted in a scrap-book;—

BEFORE AND AFTER TAKING

Some of the old country papers are commencing to size up Sir Wilfrid Laurier.

"'Punch," which seems to have a happy faculty of "'hitting off" public men the world over, has a cartoon of him in which he is depicted as a moth flitting over a wheat field under the beams of a free trade star. He is depicted as saying: "'Well, after all, it is a long way off. There is no risk of singeing my wings yet."

This hits off the Premier to a nicety.

Always promising in honeyed words and never performing.

Before accession of office he pledged himself to a reduced annual expenditure. Instead he has more than doubled it.

Before office, he pledged himself to "move towards the goal of free trade." In the fourteen years since he hasn't made one step.

Before office, he pledged himself to do away with grafters. They have audaciously flourished under his rule to an extent never before known.

Before office, he pledged himself to careful administration. Instead there has been rampant and unchecked ex-

EXTRAVAGANCE IN EVERY DEPARTMENT

Before office, he pledged himself to a full ventilation of any charges which might be made. Instead, the one effort has been to stifle and thwart investigation.

Before office, he pledged himself to look after the interests of the plain people. Instead, they have in countless directions been sacrificed to the personal gains of hangers-on and party favorites.—Brantford Courier.

THE BIG RED SEAL ETC.

This is the stuff that sets off the big red seal that calls the members to Parliament at Ottawa in October next.

Herein fail not.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. Witness, Our Trusty and Well-Beloved The Honourable Desire Girouard, Senior Judge of Our Supreme Court of Canada, and Deputy of Our Right Trusty and Right Well-Beloved Cousin and Councillor, the Right Honorable Sir Albert Henry George, Earl Grey, Viscount Howick, Baron Grey of Howick, in the County of Northumberland in the Peerage of the United Kingdom, and a Baronet; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, Knight Grand Cross of Our Royal Victorian Order, etc., etc., Governor-General and Commander-in-Chief of Our Dominion of Canada.

Yes it's our Government House all right and it's costing us a great deal of money for which the rank and file get no value received. The grafters get it, the big politicians and the big politician's friends. There's only one day once in a while when the poor working man amounts to a damn in the eyes of the office seeker and that's voting day. And that Right Well-Beloved Cousin and Councillor, the Right Honorable Sir Albert Henry George Earl Grey, etc., etc., etc.; etc.; etc., etc., etc., Governor-General and Commander-in-Chief of Our Dominion of Canada., etc., etc., is costing us a pretty penny too. He's away on a jaunt with his retainers and of course we pay the bill. But we get protection from England and he's the King by proxy. Yes, yes, but who's going to steal us? Some day about 50 years from now it will be hard to to know the difference between the United States and Canada despite flags and patriotic sermons. You can't beat geography and geography has made us one country.

OUR WISER LAKEFIELD FRIENDS

Our friends in Lakefield as may be seen in another column, are up against it. They bonused the Lakefield Portland Cement Company and now that the company has closed its doors without apparent prospects of re-opening, they want to get their money back and have instructed their solicitor to see if this is not possible. Too bad They are like the poor boy, who although warned, persisted in playing at the rear of a mule.

"'Father," he asked, as he came to, "'is my face hurt."

"'You'll never be as good looking," replied the fond dad, "'but you'll know a darn sight more."

Now industries that want bonuses are not usually on the level. It's all right to give them a site of land and a fixed rate of taxation, perhaps for few years, but this endorsing their bonds or handing out the money is at once unfair. There's any number of chaps in Peterborough who could make money if they had money to commence with. Why pass it to a stranger?

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

A COUP ON POVERTY.

It Was a Plan That Worked to a Charm.

By LLOYD LOGAN.

[Copyright, 1910, by American Press Association.]

"It is miserably true, ma chere, Marie refused positively to follow Antoinette and myself to town and carry our scarfs, umbrellas and parcels. She said to be a maid in a great family did not compare with her self respect as an individual." Vivienne de la Vergne disconsolately threw herself on the window seat.

Mme. de la Vergne was looking over bills at the escritoire. Without answering her daughter, she buried her face in her arms and wept.

"'The last rose of summer left blooming alone,'" sang Antoinette, the other daughter, as she came down the hall and entered the room.

"It seems," she added pleasantly, "that I am the last rose."

She was standing in the doorway. Neither Vivienne nor Mme. de la Vergne looked up, so absorbed were they with their own thoughts.

"Pere is walking the floor in the library," she continued. "He is horribly

MADAME DRAMATICALLY CLASPED HER HANDS.

distrait. He told me Vivienne's jewels went last night."

"My jewels!" cried Vivienne, suddenly aroused and thoroughly alarmed. Madame lifted her tear stained face.

"Vivienne's jewels also?" she reiterated dismally.

"Also," answered Antoinette bitterly—"also. That is not the point. He grieves because they are the last things he can legitimately take. I am of age, and my belongings are mine. 'To think,' he says, 'I shall be compelled to steal from my own family!'"

Vivienne rushed from the room in a rage.

Antoinette, going to her mother, put her arms around her.

"I'd be a help, ma chere."

"Antoinette, what could you do—you, the daughter of Marquis Auguste de la Vergne, the great-granddaughter of Vivienne Casnavette, who was one of the maids of honor to Marie Antoinette? My whole life has been a series of negations. This is just one more. The first trial was when we lost our ancestral home in France." Madame always said "we lost." She would not acknowledge she lived with a gambler, even though a gentleman. The little pretense was a matter of self respect. "The next to go was our villa just out of New Orleans. Since you were a wee child we have lived in this orange grove in Florida. Your father always would play as a gentleman, losing thousands at a single game. Oh, these games, elusive sirens, luring him on to destruction, poor man! The Sevres vase he cannot touch without my signature; it has come down directly through my family."

"I don't know where we shall live," she continued. "I have been struggling to make respectability dwell with poverty, and," she added softly, "it is pure poignant tragedy."

The debonair Auguste de la Vergne tripped lightly into the room, clad in white flannel of exquisite texture and correctly tailored. With the perfect savoir faire of a Frenchman he gently kissed his wife's forehead. Going over to the glass door, he stepped out on the veranda. With the utmost sang froid he turned, waving his hand. "Au revoir!" he called and passed out on the shell walk beyond.

He had clung, iron willed, to the youth of his mind, though it was indisputably true that age had crept prematurely on his face. After a fashion he loved his wife and daughters. He would have been proud to have given them every advantage that had been theirs for generations. They had ceased to be interested in these dreams. There was nothing more fundamentally wearisome than his pretenses and talk about ideals without any actual accomplishment.

"I can do something," Antoinette repeated, with gentle emphasis. "Ma chere, we will 'take count of stock,' as Marie's husband says about his store. We will see, first, what our assets are." Antoinette held up her pretty white hand to count the "assets" on her fingers as her mother told them off.

"Dear heart, our most valuable 'asset' is our family name, that hardly has a money value."

"I am not so sure," mused Antoinette. "There are hordes of people—good people, too—who would give anything to be a guest at our home, to be able to speak with familiarity of our belongings."

Antoinette, sitting on an ottoman at her mother's feet, clasped her hands around her knees and thought, wrinkling her smooth white brow in perplexity and doubt. She had a remarkable aptitude for that kind of addition known as putting two and two together.

"Pere has said positively that this house will be the next thing to go. Now, we have many beautiful pieces of furniture, much bric-a-brac and china that is really very good, charming associations that make the relative value high. You and I, dearest, will go through the house and put a price on what we would be willing to sell and gather them together in the music room, library and drawing room, mixing them with the things we would not part with for untold gold. That will apparently give them a greater value."

Madame dramatically clasped her hands.

"You do not mean we would sell our belongings to a vulgar mob like common tradespeople?" she cried in horror.

"No, no! We would give a little 'at home' or 'tea,' very informal. You could wear your black lace, and the lace scarf thrown over your shoulders would hide the hole in the back; Vivienne her cream colored silk, the one made out of grandmother's tea gown, and I the violet chiffon with black velvet.

"Then," she continued, "we would invite a choice few, thirty perhaps, not more. Believe me, they will slay every engagement to accept an invitation to the first entertainment given by the De la Vergnes. See, mother, using our asset No. 1, our family name. After they have been here some time we will casually remark: 'We are going back to New Orleans. We are distressed about our collection of antiques. We are going to board, and articles of such value we really cannot store. We would be willing to dispose of a few, but cannot bear the thought of just any one—unappreciative people, as it were—owning them.'"

Antoinette was so delighted with the idea she danced all over the room. Coming back to her mother, she kissed her on her forehead.

After much debate and family conferences the "tea" was given. What wonders, weariness and hope delayed and anxiety for the welfare of one's best loved will accomplish in the way of disintegrating self respect! Punch was served in the library, ices and cake in the dining room; on the veranda were confections and fruit. The guests were congenial, delighted, complimented and bought freely; they were also all wealthy. Antoinette saw to that.

Every woman there took particular pains to call immediately on all her best friends who were not among the chosen and casually to refer to "the other afternoon at the De la Vergnes' I picked up so and so. They would hardly part with it even to me. I told madame I could not buy it, just to give it to me, and I would leave a few gold pieces in the cabinet for one of the girls." Invariably it was followed by the remark, "My husband thought it rather high, but I did not, considering the associations and so on."

Those thirty women were the envy of every person of means in the city. They schemed how they, too, could manage an invitation. Not being a public sale, an invitation was a necessity. In about two weeks Antoinette in her mother's name telephoned the chosen thirty telling each one to bring a few friends—she could trust them, she knew—and spend another afternoon at the Chateau de Fleur.

This time a different costume was arranged for the three ladies of the household. The second "tea" was even a greater success than the first. One dozen of Napoleon's breakfast plates sold for $200 and a Persian rug for $900. The bank account was growing to most encouraging proportions. The trouble now was they had really few pieces left they cared to sell. The Sevres vase and some family heirlooms madame refused to part with.

"It is a miserable shame," wept Antoinette, "after we have created the demand, established the fad, we cannot create the supply."

Unheard of circumstance! The next morning Antoinette drove to the city alone and unattended at a very early hour.

Arriving at the telegraph office, Antoinette wired to certain dealers in antiques, little holes in the wall, in New Orleans to ship immediately various articles that she named. She knew of these places because many of their beautiful pieces had found in those stores a temporary home.

So events developed. The De la Vergnes received antiques in the back door and sold them out the front door. Every other Thursday witnessed crowds of buyers. Every one's "dear friends" were now invited. The "few gold pieces given to the dear girls" was a horde sufficient to place them both in a convent in Paris for a year, leaving a "dot" large enough for an enviable dowry, which would insure a successful marriage. Poverty had played quite a dramatic part in the success, which was really quite a coup.

Which clearly accounts
For the gash in my chin.
—Detroit Free Press.

Striking Proof.

"That storm scene in the second act was the acme of realism."

"So it was."

"Why, a dozen women in the house jumped up and started to rush home to see if all the windows were down."

A FRIENDLY DRAGON.

Making the Acquaintance of a Motorcar In China.

In Manchuria a motorcar is naturally a fantastic if not a dangerous invention in the eyes of the natives. When Signor Scarfoglio and his party stopped their machine at one of the villages for a supply of water for the radiator the inhabitants fled in terror and watched the strangers from half closed windows.

I advance to parley, waving a ruble over my head, he writes in "Round the World In a Motorcar," and at last one man ventures to approach. He takes two or three steps toward me, with his eyes fixed on the ruble. At last by means of a hundred complicated gestures he is made to understand that the money is not merely a reward for his arrival, but that we require some water.

He turns to the silent crowd and in a voice full of anger and fury hurls at them a stream of violent invective. The men listen with bowed heads as the tempest passes over them. Then some ten or twenty hurry off, and an instant later there is a row of pails beside the car. The chief, for he certainly is a chief, regards me with a smile full of satisfaction and points to my pocket, where the ruble has disappeared, and to his own, in which it would find a grateful resting place.

When Haaga takes from one of the pails the small quantity of water that he requires the people become more courageous and approach the car, with their little eyes wide open with astonishment. They are led by a youth who appears to enjoy much authority in the land. The crowd listens with patient attention to his vivacious discourse, which is punctuated by eloquent and convincing arm play. He evidently explains the mysterious dragon.

Gradually the young Manchurian approaches the tires and with grim resolution touches them with a finger. The crowd is struck dumb with admiration. He takes another step and fingers the lamps. Something like a shiver passes over the crowd. A third step and he touches the radiator, but unfortunately for him it was still hot, and the experimental scientist burned his hand.

The crowd flees like a herd of surprised antelopes. Soon, however, they return under the persuasions of the more courageous experimenter and themselves touch the pneumatics, which fill them with wonder, make grimaces before the lenses of the lamps, which turn their images upside down, and finally one by one conscientiously burn their fingers on the radiator.

Dance on the Ceiling.

A student of the Tyrol and Tyrolese people describes a remarkable dance in which the male dancers beat time on the ceiling with their feet.

"In Brandenburg and one or two other Tyrolese valleys which boast of a particular muscular fair sex," says the writer, "the girl at the conclusion of her swain's fantastical jumps catches hold of him by his braces and hoists him up in the air. He, of course, helps by jerking himself upward when she lifts, then, balancing with his hands on her shoulders, he treads the ceiling of the low room to the tune of the music, and she continues to dance around on the floor of the room. Such dances are rapidly falling into disuse."

A Sure Way of Saving.

An ingenious method of putting his savings beyond his own reach was adopted by a German writer who found from dire experience that all his profits melted away as soon as earned. Having made $80,000 by a fortunate literary speculation, he placed the whole of the money, together with his will, in the Imperial Deposit bank at Berlin and on receiving the receipt from the cashier deliberately tore it up. The cashier thought he was mad and told him angrily that it would take fully three years before he could expect to obtain a duplicate receipt. "That is just why I have torn up the original," calmly remarked the depositor, "and now the money is safe for that time."

What the Knife Said.

"Some folks want funny inscriptions engraved on their silver," said the jeweler. "Takes wedding knives. Many wedding cakes are such mountainous affairs that a special knife is required to cut them. One of last month's brides cut her cake with a knife that was a present from her aunt. I guess not many of the guests got to read the inscription; if they had they would be talking about it yet. Those knives are supposed to be used for cutting the bride's cake and then laid on the shelf for the rest of time, but the aunt couldn't distinguish, apparently, between wedding and birthday cakes, for she made us engrave on the knife, 'May I serve thee well and often'."

The Educated Chinaman.

To the ordinary Chinaman one talks pigeon English, but it is not always possible to know who is an ordinary Chinaman. I was once in Shanghai and saw two English sailors who wanted to be directed to the quay. One of them said, "Here, ask that old chink walking along there." So the other went up to a stately looking Chinaman and said, "Hi, Johnny, you telle me chop-chop which way velly good water is?" The Chinaman stared at him in cold scorn. "If," he said, "you will speak to me in proper English I will answer you."—London Mail.

How Far the Blood Travels.

The mileage of the blood circulation reveals some astonishing facts. It has been calculated, for instance, that, assuming the heart to beat sixty-nine times a minute at ordinary pressure, the blood goes at the rate of 207 yards in a minute, or nine miles an hour, 220 miles a day and 80,000 miles a year. If a man eighty-four years old could have had one single blood corpuscle floating in his blood all his life it would have traveled in that time nearly 7,000,000 miles.

It seems certain that in the early fall the narrow skirt and peasant bodice will prevail.

SHREDDED WHEAT

Peaches and cream with Shredded Wheat is delicious

A dainty, wholesome dish. Better for you than indigestible pastry desserts. Cover a biscuit with sliced peaches and serve with cream and sugar.

A feature of exhibition week this year at Ottawa, will be Mme. Melba, who has been secured for one night Mme. Melba is making a short tour of Canada before entering on her engagement in New York where she will receive $4,000 per night. Melba will be supported by a notable quartette of artists, including Mlle. Ada Sassoli, the harpist; Albert Quesnel, tenor; John Lemmone, flautist, and Maurice Lafarge, pianist. The forthcoming concert tour is being looked forward to with the greatest enthusiasm, many of the cities having the opportunity, for the first time, of hearing what is universally acknowledged to be the most glorious voice in the world. In most of the Canadian cities the houses are already completely sold out.

If the concert were in the theatre it would be necessary to charge $5.00 per seat in order to get in a sufficient sum to cover expenses. But Dey's Arena has been secured and with its large seating capacity enables Melba to be heard at prices ranging from one dollar to three dollars.

The most remarkable scene of enthusiasm witnessed in a London theatre for many years was at Covent Garden on the night of July 26, when Melba made her last appearance for this season in "Traviata", and was accorded an extraordinary ovation. Hundreds of ladies rose in their boxes and stalls and waved their handkerchiefs and fans. When the curtain fell, the stage hands and chorus surrounded Melba and cheered her again and again, the great singer being deeply affected by this tribute.

On making her exit from the stage door, crowds of admirers were waitfor her, many of whom threw flowers and nosegays into her automobile while the whole party cheered and called farewell as the beautiful floral tributes which had been sent to her dressing room were piled high on a second vehicle.

The reserved seat plan is at McKeckfie's music store and can be booked by mail Excursion rates will also prevail on all railways.

THE CANADIAN LADY

Meeting at West End A.C.

INSURANCE MEN HAVE OUTING

The employees of the local Prudential Life Insurance Company evidently believe that "All work and no play makes Jack a dull boy." On Saturday afternoon two 'buss loads of the local staff and their friends drove to Chemong Park and spent the afternoon. This makes the fourth outing this summer for the policy writers and each one has proved to be such a success that they are looked forward to eagerly. A sensational game of baseball was pulled off at Bridgenorth between a picked team from the insurance men and the Bridgenorth nine. A couple of outsiders were roped in to fill up. Jack Pilling did the twirling for the Prudentials. In the first six innings not a single run could be secured off him. Adams did the receiving.

Some of the members of the Prudential team are good players having played the game before they came to Peterborough. The score at the close was 6—4 in favor of the Prudentials. White and Jopling were the battery for Bridgenorth.

The outing party reached home feeling much refreshed. About twenty took in the trip among whom were Mr. and Mrs. Jahn and Miss Jahn of New Jersey, and Mr. and Mrs. J. I. Allen and son of the city. Mr. Jahn has been the guest of Mr. and Mrs. Allen for the last couple of weeks.

NORMAL SCHOOL BOARDING HOUSES

Householders who can furnish rooms and board for students should send their names and addresses to the principal of the Normal School at as early a date as possible. The school re-opens Tuesday 20th September.

The Gordian Knot

GUERIN—DESAUTEL.

At 7.30 this morning the Church of Sacred Heart was the scene of a very charming wedding, when Mr. Adelard Desautel, of La Prairie, and Miss Evelyn Guerin, residing at 75 Ware street, were united in marriage by Rev. Dr. O'Brien.

The bride was attended by her sister, Miss Clara Guerin. Mr. Louis Legrandre acted as best man. After the ceremony a very dainty wedding breakfast was partaken of.

Mr. and Mrs. Desautel leave on the midnight C.P.R. for La Prairie, Que., to reside.

KING—MAGUIRE.

St. Martin's Church, Ennismore, witnessed a very charming ceremony this morning about 9.30, the occasion being the marriage of Miss Bridget Maguire, of Harvey, and Mr. Irwin E. King of Peterborough. The ceremony was performed by Father Fitzpatrick. The bride is a popular school teacher of Harvey.

To the strains of the wedding march the bride, prettily attired in a gown of white silk, entered the church. She wore the customary bridal veil with orange blossoms, and carried a beautiful bouquet of lilies and carnations. Miss Elizabeth Maguire, of Harvey, sister of the bride, also looking charming in a suit of the same material and color as the bride's.

Mr Henry Clarke, of Ennismore, was best man.

After the tying of the nuptial knot the young couple drove to Peterborough. Before leaving, however, they were the recipients of many beautiful presents, among which was one from the children of the school of which the bride was teacher.

Mr. and Mrs. King left on the 5.30 Grand Trunk train for Midland, the bride travelling in a handsome suit of green broadcloth with hat to match. On their return they will take up their residence in the city.

EIGHTY ON BLACKLIST

The number of persons in Peterborough prohibited from indulging in intoxicants is eighty. License Inspector Stewart listed one on Saturday, another yesterday morning and still another to-day.

Our loss from Saturday's fire was adjusted by the inspector yesterday.

The Conservatory of Music will open for the fall and winter season on Thursday Sept. 1st.

Bull beads of varying size of bone, dyed to match fabrics, or of wood, are liked because of their lightness, replacing glass beads, which are too heavy for the light fabrics in vogue.

PROCURED LIQUOR FOR 'LISTER---HEAVILY FINED

Sequel of a Spree of the River Bank Near Old Bridge Works—Fine of $53.40 Imposed on Jos. Lundy—An Abominable Crime—Another Charge Dropped

"If there is any crime that is abominable ,it is the crime of a man trying to put another man down to perdition."

So said Magistrate Dumble in imposing a fine of $53.40 on Joseph Lundy at the police court this morning.

The offence of which the accused was proven guilty to the magistrate's mind, was committed on Sunday, July 31st, when Lundy procured liquor for a blacklisted man, at the same time knowing him to be so prohibited.

The general facts of the case are that on the above mentioned Sunday Lundy, the listed man and another man met. They went to the river bank near the old Bridge Works, and all hands drank from a large bottle of gin. They finished it in a field across the C.P.R. bridge.

Later in the day the blacklisted man was found in an intoxicated condition, arrested, and on appearing in police court on July 6th, pleaded guilty and was fined $10.00. In his evidence he told all the particulars of the spree, and and gave the names of his two companions.

In the meantime Lundy left the city and went to Toronto, where he was summoned to appear at the police court here this morning.

THE EVIDENCE.

The prohibited man in the case, on being called to the witness box, gave practically the same evidence as at the former hearing, and which was reported in the Review at that date.

He could not, in answer to Mr Moore, say which of the two men gave him the liquor at the river bank.

Neither could he say who handed him the bottle when it was finished in a nearby field.

THOUGHT HE KNEW

Asked if Lundy knew that he was on the blacklist witness answered that he thought he knew.

There had been some kind of an arrangement on the previous Saturday whereby Lundy was given money by the witness to procure liquor for Sunday.

OTHER OCCASIONS.

June witness stated that he had given Lundy various amounts on different occasions with which to buy liquor.

A question by the prosecution suggested a deeper significance in the matter of the witness being supplied with liquor by Lundy, other than the mere fact.

NO "TIPS."

"Did you ever give Lundy any money above the price of the liquor ?" asked Mr. Moore.

"No," replied witness.

To Mr. Kerr witness stated that he would not swear that both men passed him the bottle on Sunday.

With the consent of the court Mr. Moore asked witness if, since June 18th, he and Lundy had been in a licensed hotel treating.

Witness answered that he had not. He had not been in a bar for a year and a half. Previous to this time they had treated together.

HONEST AND CANDID.

Chief Thompson was called by Mr. Moore in regard to the evidence given by the blacklisted man at the first hearing, but the magistrate cut short a wrangle between the prosecutor and Mr. Kerr by stating that the witness had been honest and candid in his evidence, and he was pleased to find him to.

THE DEFENCE.

Lundy, when called, said he met the prohibited man on Aylmer street. They walked to the National hotel corner and parted, witness going to the corner of King and Water streets, where he met the "man with the bottle" by accident. They had a drink at Denne's storehouse, and later the listed man met them. They walked to the river bank, but he (witness) did not hand the bottle to the 'lister.

To Mr. Moore witness stated that he knew the man was on the list. He could not, however, remember of an arrangement to procure liquor for that Sunday. In any event, he did not get it. On other occasions, the dates of which he could not give, he had procured liquor for the blacklister.

The fine must be paid within ten days.

A similar charge against the third party in the affair was dropped.

USED ABUSIVE LANGUAGE; PULLED CARDS FROM POSTS

Englishman was Disorderly in Lobby of Grand Opera House—Destroyed Advertising Cards on Posts After Being Ejected—Judgment Reserved.

Judgment was reserved by Magistrate Dumble in two charges preferred by Mr. J. J. Turner, sr., against Harry Dobbin at the police court this morning.

The first was that Dobbin had destroyed cards bearing the advertisement of J. J. Turner and Sons, which had been placed on telephone and telegraph poles on George street by pulling them down. He pleaded guilty.

That he used grossly insulting language towards Mr. Turner, read the second charge.

The accused pleaded not guilty.

The facts of the case are as given in the complainant's evidence that Dobbin was given work at the firm's premises about two weeks ago. It was largely a case of charity.

Saturday evening the defendant received his wages and about nine o'clock ,while in an intoxicated condition, approached Mr. Turner, who was in the lobby of the Grand Theatre and asked for $1. On being refused he used insulting language.

On Monday morning he approached Mr. Turner and then again in the afternoon. On the latter occasion, while patrons of the Grand were securing tickets for the matinee ,he used profane language. He was finally ejected from the lobby by the stage manager.

It was while on his way up the street that he tore down the cards on the poles. Two police officers caught him in the act.

The complainant in answer to his Worship, as to what right he had in connection with the poles, stated that some years ago he was given permission to use the poles. He held no written agreement, however.

His Worship had his doubts regarding Mr. Turner's rights in this respect and reserved judgment in both the charges and allowed the accused out on his promise to appear when wanted.

ROUTINE BUSINESS AT CHARITY BOARD MEETING

There were present at the meeting of the Charity Board last evening Messrs. H. Rush, chairman; Jos. Batten, P. S. Whitem M. McIntyre and W. Kempt.

A letter was read from Mr. P. Campbell, manager of Toronto Bank, stating that the balance at the credit of the Board in the bank on June 30th was $46.15.—Received.

The following is a statement of the orders given since last meeting, two months ago;—Groceries $109.75, wood $6.05, tickets $7.25, sundries $166. Total $289.05.

During 1910;—Groceries $592.70, wood $342.25, tickets $43.60, sundries $990.21. Total $1,968.76.

BUYING AN AUTOMOBILE TIRE

You don't buy an Automobile Tire out and out, you buy it upon the understanding that under certain normal conditions of usage it will give you so many thousand miles of service—therefore the actual cost of a tire is not its initial purchase price, plus the cost of tire repairs, during the time you are running your car. Dunlop Automobile Tires give a low average cost per mile, because, besides the quality of the tire, there is a further guarantee of service in the ready willingness of the Dunlop Company to thoroughly satisfy every user of Dunlop Tires.

THE CHRISTAIN MOTHER

Fr. Casey's Telling Sermon at the Cathedral

Taking for his text, "He gave him to his mother," Rev. Father D. A. Casey preached a beautiful and impressive sermon on the responsibility of the Christian mother, in the cathedral on Sunday. It was an age when more than at any other time people were led astray by the fake catch lines that did duty for philosophical thinking, said the reverend preacher. And the category of Woman's Rights had in it no place for the rights of the children.

If woman lived for society she would necessarily find the home a burthen. If she preferred the public platform or the political club to the nursery it boded ill for for the future of humanity. Motherhood had a great responsibility. The mother it was who had to make or unmake the man. The school and the church were altogether secondary. The home was the real school where the little ones were to learn Christ. He appealed to mothers to have a supernatural love for their children, such a love as prompted the mother of St. Louis, King of France, to say to him: "I would a thousand times rather see you dead than see you commit a single sin," or a love like that of Monica, whose prayers and tears won from St. Ambrose the glorious tribute; "It is impossible the child of such tears can be lost." They might not have the happiness of seeing their children grow up in immaculate sanctity, like St. Louis, but if they only imitated the long perseverance of St. Monica they would find their erring ones nigh to Augustine in the penitent's cell. The prayer of a mother was all powerful with the Father, and even though they were dead in sin, even though they were being carried forth to the burial, even though the eternal tomb opened to receive them, yet one whisper from a mother's heart, and like unto that miracle at the gate of Uiam, the mother would say to them, "Young man, I say to thee, arise," and He would give them to their mothers.

About the only form of vegetation in five arid provinces of Argentina is a species of rubber tree which produces more resin than rubber, the latter being of such inferior quality that it is useful only in varnishes

SPORTING NEWS

HARVESTER THE FASTEST HORSE ON THE TRACK TO-DAY

The Harvester, son of Walnut Hall, is the fastest race horse on the track to-day. The new record made by The Harvester, at Buffalo, is 2.02 a quarter of a second less than the record held by Cresceus for nine years.

Driven by Geers, The Harvester now holds the world's record for five-year-old trotters, a world's third heat record for stallions, mare or geldings and a world's race record for stallions. The track horsemen said, was two seconds slow.

Altho Uhlan made better time at Cleveland, it was purely and individual trot against time, and not made in a race where conditions are different.

NO MORE HARD SWINGS FOR THE GEORGIA PEACH

I never take a good healthy swing at the ball any more. I like to do it, but you can't get anything in the big leagues swinging the willow. The spit ball pitchers would make a dunce of you in short order, to say nothing of the boxmen who have mastered a change of pace. They'll shoot one over that looks like a pea, then feed you a slow one that comes floating up as big as a balloon. But you are set for the fast one and break your back reaching for the slow ball.

In the old days the great hitters were Dave Orr, Pete Browning, Dan Brouthers and Pop Anson—big fellows who swung on to a ball with the force of a trip-hammer. Bring 'em in one of the big rings to-day and the artists of modern baseball would make 'em look like jokes.

You can't grab a waggon tongue down at the handle, reach back and swing half way round for a curve pitcher. They'd make you look foolish and you wouldn't have enough batting average at the end of the month to get your name in the percentages.

The great hitters of our time grab their batting sticks a foot or more from the handle, and instead of swinging aim to meet the ball flush. It's just like the short arm punch in the prize ring. The long swingers, with their terrible haymakers, seldom get the money nowadays.

BRIEF AND BREEZY

With a view to reducing the annual slaughter of deer, the Ontario and Quebec authorities have made a provision that for this season each licensed hunter will be allowed to shoot but one deer. The true sportsman is not likely to complain over this regulation; it is to his interest to see that our valuable game supply is not permitted to become extinct.

In the olden days we recklessly killed off the buffaloes that roamed the prairies by the thousands. We see the mistake now when it is too late. Government restrictions would have preserved the buffalo and left us one of the most valuable of Canadian game animals.

For the past few years the deer slaughter has been mounting up annually. Not long ago it was 5,000 dead deer that were shipped out of the wilds annually by the express companies. Last year it was more than double that figure, even with a shorter shooting period than used to prevail. There were probably 10,000 more that were left fatally wounded or dead in the woods.

There are good and valid reasons for imposing the restrictions that are announced.—Ottawa Free Press.

Barney Oldfield and his wife are to tour the world. Oldfield wants to get a chance on the English tracks.

Tom Longboat and Abbie Wood are to meet in a fifteen mile race at Montreal, Labor Day.

Rumor has it that the T. Eaton company are endeavoirng to purchase the N. L. U. franchise of the Toronto Lacrosse Club. It is said that negotiations have been going on for some time and in the event of a transfer of the N. L. U. privilege the name of the club would be changed and the games be played at the new athletic field of the Eaton A. A. A. in Moore park.

HOW LINDSAY SAW THE GAME

WARDER.

During the first part of the game it looked all off with the Lindsay bunch as the Electric City boys put up a classy article of ball, and outplayed the locals. At the end of the fourth innings the score board read 5 to nothing in favor of the visitors. Up to this stage of the game Rose, the Peterborough twirler, did not allow the locals the resemblance of a hit, but in the sixth innings things took a change for the better, and with a couple of charities aided by a two-bagger down the third base line by Peter Spratt, McMahon scored the first run for Lindsay, and gave the fans a chance to give vent to their feelings.

In the sixth innings, by good hitting and good base running, assisted by a couple of errors by the Peterborough infield, Thompson scored the second run.

In the seventh, Rose, who had pitched a sterling article of ball, commenced to weaken, and the locals hit his slow delivery all over the lot, scoring two runs. He was taken out of the box and replaced by Minorgan, who had nothing but a straight ball, and he was treated to a similar pounding in the last innings, with the result that Lindsay scored two runs and won a hard uphill fight

The credit of Lindsay's victory is no doubt due to the clever pitching of "Kid" Keslick, the eighteen-year-old wonder, who has only met defeat once this season. In the early stages of the game he was hit rather hard, which was due to the erratic fielding of the Lindsay infield.

Throughout the entire game the best of feeling prevailed, and Manager John Oldham and his worthy followers deserve considerable praise for the gentlemanly manner in which they acted on and off the diamond.

POST.

The West Ends are no slouches at ball playing. They stood second in the Peterborough City League, the crack T. A. S. nine having defeated them three out of four. And right here let it be said that the team that can trim the West Ends when they are in condition certainly possesses some class, the work of Konold, the Pittsburg kid at third bag; Giroux at second, Minorgan at short, being worthy of particular mention. Mike O'Brien, the heavy hitting first baseman of the Peterborough T.A.S., played the initial bag, and save for a few errors, played stellar ball. "Dod" McFadden, the elongated catcher of the T.A.S., did the receiving for the visitors, and played his position well. "Gussie" Rose, their twirler, who has been suffering from a bad arm, was not up to concert pitch, and did not prove a mystery to the locals. He was replaced by Minorgan towards the close of the game, whose benders were tapped quite freely by the locals. Rose had six strike-outs to his credit.

Manager Oldham now took a hand in the proceedings, and assuming the attitude of an Eastern League magnate, he walked out to the pitcher's box and deposed Gus Rose, putting Minorgan in to pitch. There was no scoring in the next innings for either team. Peterborough went in for the beginning of the ninth, but Keslick held them down, and the side was retired in one, two three order.

Right there is where the game was won. It was a shame the way they touched up Minorgan, and it was not long until the bases were full. Finally P. Spratt made a sensational run from third to the home plate, tieing the score, with no one out. Minorgan's offerings were accepted with aviadity, and finally Langdon crossed the home plate amid vociferous cheering from the fans. Score 6—5 in favor of Lindsay.

West Ends A. C.

A meeting of the members of the West End Athletic Club is called for to-night at seven o'clock. Important business is on the books and a large attendnace is requested.

GETTING VALUE OUT OF A TIRE

It is not the tire that will carry you furthest on a test run—it is the tire that will wear the longest and give you the lowest average cost per mile while you are using your car—Dunlop Automobile Tires give a low average cost per mile because the quality of the tire is backed up by the Dunlop Company's ready willingness to thoroughly satisfy every user of Dunlop Automobile Tires.

Choux or bows matching in color the straw of one's hat are quite natty as a neck finish to summer gowns.

57TH REGIMENT RIFLE MATCH

To be Held at Omemee Rifle Ranges on Labor Day Sept. 5th 1910

A large number of the members of the 57th Regiment will journey to Omemee on Labor Day, September 5th, to shoot on the ranges in that village, when a good day's sport is anticipated. The following is the prize list;

GENERAL MATCH

To be shot at three ranges, 200, 400 and 600 yards, seven shots at each range. One sighting shot to be allowed at each range. Position, any with head to the target. Open to all bona fide members of the 57th Regiment.

No man who has attended any Provincial or Dominion rifle match will be allowed to compete.

PRIZE LIST.

First Prize	$6 00
Second Prize	5 00
Third Prize	4 00
4th to 8th, each	3 00
9th to 16th, each	2 00
17th to 28th, each	1 50
29th to 58th, each	1 00

D. R. A. rules will govern the match.

Range officers;—
CAPT. J. MILLS,
CAPT. R. T. HOUNSELL,
CAPT WATT.

THE COST PER MILE

The average cost per mile is lower with Dunlop (Automobile Tires—because, besides the quality that goes with the name, the Dunlop Company is ever anxious to thoroughly satisfy every user of Dunlop Tires.

CANADIAN PACIFIC RAILWAY

Train service Toronto Exhibition:—

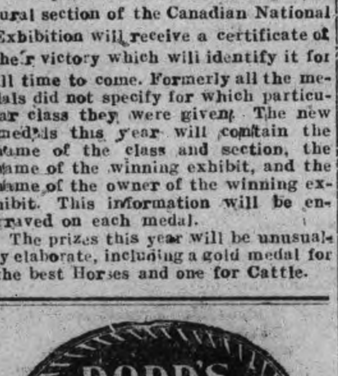
Leave Peterborough for Toronto 5:26 a.m., 7:42 a m., 4:38 p m. Extra train Aug. 30 to Sept. 10th at 5:56 a.m.

Leave Toronto for Peterborough 9:02 a m., 10:00 p.m. From Aug. 31 to Sept. 10th Local train will leave Toronto at 6 p.m., and from Aug. 30 to Sept. 13th extra train will leave Toronto at 10:30 p.m. daily except Sundays. 4t

MEDALS FOR PRIZE WINNERS

The prize winners in the Agricultural section of the Canadian National Exhibition will receive a certificate of their victory which will identify it for all time to come. Formerly all the medals did not specify for which particular class they were given. The new medals this year will contain the name of the class and section, the name of the winning exhibit, and the name of the owner of the winning exhibit. This information will be engraved on each medal.

The prizes this year will be unusually elaborate, including a gold medal for the best Horses and one for Cattle.



"Up to You"

Now that the holidays are about over it's up to you to decide about the purchase of that home you have so long thought of buying. Come in and talk over your wants with us. We have a very large list of fine properties to choose from. With the large additions to the C.G.E. and Quaker Oats companies, property should advance considerable in the near future. Get in before the rise.

THE SAFETY OF "FRUIT-A-TIVES"

May Be Taken For Years

The Ideal Remedy For Young and Old

Nature's gifts do us good, if used judiciously. We eat bread from babyhood to old age without ever tiring of it. We drink water, year in and year out, with the greatest benefit to our health. So too, we eat fruit in season and are better for the change of diet. This is true, because such things are the natural foods and drink of mankind. It is for this reason that "Fruit-a-tives" may be used for years in correcting some ill of the body. As is well known, "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes.

Just as fresh fruit may be eaten at every meal, so "Fruit-a-tives" may be taken every night for 20 years or more with the greatest benefit.

The absolute safety of "Fruit-a-tives" has been a great factor, in its success. Those who suffered with chronic troubles such as Constipation, Dyspepsia, Rheumatism, etc., naturally took a number of boxes of "Fruit-a-tives".

As they became better, they found that instead of being compelled to increase the dose as in most medicines, they were decreasing it, and gradually taking fewer doses.

50c. a box, 6 for $2.50, or trial box, 25c. At dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

NEWS FROM KEENE

Special to the Review.

OFFICERS AND JUDGES APPOINTED FOR THE BIG FAIR.

Keene, Aug. 29.—The following are the minutes of the Otonabee Agricultural Society held in the council chamber Friday evening, August 26th.

The president, Mr. Robert Humphries, occupied the chair.

The minutes of the last directors' meeting were read by the secretary, Mr. Andrew Shearer, and on motion of John Lang, seconded by John Miller, the minutes, as read, were adopted.

The correspondence re the field crop competition was read by the secretary and discussed.

The following judges and officials were appointed;—

Horses, an expert judge will be furnished by the Department of Agriculture.

Cattle, M. Walsh, J. Byers and John Telford.

Sheep and pigs, James Wood, H. Garbutt and T. Brackenridge.

Poultry, Robert Hope and H. J. Miller.

Grain, L. J. Squair.

Fruit and roots, Alex. Watts, Warsaw, and Mr. Baker, Warkworth.

Bread, L. J. Squair.

Domestic manufactures and fine art's, judges to be provided by Mr. J. Miller.

Ladies' work, Mrs. Richard Birdsall Mrs. L. J. Squair, Peterborough, and Mrs. John Smith, Peterborough.

Dairy products, George Gillespie, Peterborough.

Ticket office, J. R. McIntyre and J. C. Read.

Gate, R. J. Stewart.

Hall entrance, Roland Weir.

Inside constable, H. Fletcher.

Outside constables, James Macfarlane, J. Bishop and P. Roach.

William Drummond, John Lang and W. J. Miller were appointed to superintend the mowing of the grounds, the erection of the judge's stand and the laying out of the show ring.

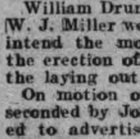
On motion of William Drummond, seconded by John Lang, it was decided to advertise for tenders for the renting of the small field in the north-west corner of the society's property, for the last four years leased by Mr. William Drummond, tenders to be put into the hands of the secretary before October 1st. The lease will be made to run for five years, and the lessee will have the option of putting up a new fence or leasing the old fence for 25 cents per annum.

It was also decided to have large cards sent out with names of the different varieties of fruit to enable the exhibitors to place the exhibits of fruit in their proper places on the fruit tables.

A meeting of the directors will be held on the fair grounds on the Monday afternoon preceding the fair, to make final arrangements.

Although the use of tungsten has become general only in the last few years, the metal was discovered in the Eighteenth Century and tungsten steel tools were made in Grmany 50 years ago.

Cook's Cotton Root Compound.



The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly Windsor)

COAL RESULTS

We sell the very best quality of hard coal, as good as we know how to buy.

¶ Are you getting results from the coal you are now using? Are you sure it is good? Are you burning it the right way?

¶ There is a deal of difference in how you handle the range or furnace Our long experience tells us that fact and we are ready to advise any in doubt as to the best way to make use of coal as fuel.

OLD FASHIONED COMEDY

FURNISHED BY TOURISTS WHO "DO" EUROPE EVERY YEAR.

The English Matron Whom Everyone Likes, the German Who Is Sobered by Travel, and the Brusque American Are Everywhere In Evidence on the "Contineng"—The French Do Not Gad About.

No theatregoer should feel lonesome on a trip to Europe, writes a globe trotter. Good old-fashioned comedy characters happen along at every turn. All the old friends are present, and then some.

There is the Englishman with his drawl and his tub; the English woman with her reversible figure, also her implacable feet; the French waiter, seething and frothing with language; the demi-mondaine, whose department is so discreet that you can scarcely believe that it goes down with the sun; the German, who according to circumstances is either a lump or an explosion; the Italian with—you would swear it—10 hands and 40 fingers on each hand.

Of course there are plenty of new types, but these old friends are so familiar that they give you almost as homy a feeling as fellow-countrymen do.

As a contrast to a certain disagreeable, snobbish type of British tourist one welcomes the nice, old perennial type of English woman whose shadow, though generous, will never grow less if the prayers of travelers shall have their way. She is allied with the clergy. She may be the wife of a vicar or even of a bishop. She is always the same.

You will see her in a thousand moderate priced Continental hotels. Her smooth gray hair is topped with a fussy little beribboned cap. Her good, homely face has settled into lines of peace. She has long ago given up that desperate struggle which young English women are always making to be "lively," and having temporarily escaped the parish or the diocese and her husband's patrons and the necessity of pushing her daughter's social prospects she can just relax and be her own simple, commonplace, comfortable self.

Her train of daughters traipse about at "n'pah's" heels, but she sits near the public drawing-room fire in winter or by the best window in summer, her broad feet on a footstool, an embodied spirit of domesticity calming the most feverish traveler. She is frequently occupied with what she calls "wools," for the motto of the English woman of all classes is: "What is home without an antimacassar?"

Occasionally you run across a duchess and her friends with their cigarettes, blandly smoking on terraces and in restaurants. You know it must be a duchess; nobody else would show such sublime indifference to fashion plates and to prejudices.

On his native heath the German takes life gayly and easily. He is a jolly good fellow and a first-rate friend, but he is a different creature when sobered by the responsibilities of travel. He sightsees with the energy and the concentration of one of his own Krupp guns. He booms and blunders around like a burly bumble bee drunk with the hunt for honey. He wears a foolish little green felt hat with a fuzzy bit of feather stuck in the band at the exact middle of the back. Words cannot express how trifling this little contrivance looks atop of his big bulk; especially when that bulk is increased, as it is on all possible occasions, by immense flapping cape overcoats or mackintoshes. These cape affairs, flaring widely through museums, churches, open squares, somehow get to be irresistibly funny.

The familiar French types are plentiful enough at home in France, but you can do a good deal of traveling without catching any kind of a Frenchman outside his own country. Only the exceptional ones have money enough to travel, and not very many of them care to spend their substance that way. For a nation which is not infrequently taunted with having no word for "home" the people of France display an extraordinary fondness for staying pretty close to their own firesides.

The same is true of the Italians. Precious few of them travel, except to come to America. You see more Italians in New York in one day than can be seen in a year in all Europe outside of Italy.

When it comes to comedians of travel Americans furnish their share of the entertainment. Their clothes, manners, way of talking, are just as conspicuously their own as those of any other people are peculiar to them.

That Americans often look and sound ridiculous in other countries no one can doubt who has made protracted stays abroad. The writer remembers one summer when after a year or two in Europe he couldn't suppress a grin of tolerant but very real amusement whenever he ran across a bunch of young American fellows in hats of the coarsest braid, with dinky brims about an inch wide and almost as thick. If the Americans had never worn those thick, knuckly little sailors, but had found a lot of German youths sporting them, it would have been a subject of inextinguishable mirth to the Yankees.

Politician and Novelist.

Blessed with the gift of being able to speak as well as he can write, Mr. Quiller-Couch, the distinguished Cornish author who has been knighted, has done much useful political work. For many years he was connected with The Speaker. Then he took to writing novels, and sought solitude in the delightful Cornish village of Fowey. Here he spends his leisure time fishing and sailing. He can handle a small yacht in a manner which satisfies even the oldest inhabitant.

Two girls wearing "hobble" skirts fell overboard in Long Island Sound and floundered helplessly until rescued.

New York Dairy Market.

NEW YORK, Aug. 29.—Butter—Irregular; receipts, 3954; creamery, specials, 31½c to 32c; extras, 30½ to 31c; third to first, 24½c to 29½c; state dairy, common to finest, 22½c to 28½c; process, second to special, 22½c to 27c; western factory, 22c to 24c; western imitation creamery, 24c to 25c.

Cheese—Barely steady; receipts, 1100; state, whole milk, specials, 16c to 17½c; do., fancy, 13½c; do., prime, 15c to 15½c; do., fair to good, 13¾c to 14¾c; do., common, 10¾c to 12¾c; skims, full to special, 6½c to 13c.

Eggs—Steady; receipts, 8038; state and Pennsylvania, nearby, hennery, white, 28c to 33c; do., gathered, white, 25c to 29c; do., hennery, brown, 27c to 29c; do., gathered, brown, 25c to 27c; fresh gathered extra first, 24c to 25c; do., first, 22c to 23c; do., second, 20c to 21c.

CATTLE MARKETS.

Another Advance in Hogs at Chicago and East Buffalo.

NEW YORK, Aug. 29.—London and Liverpool cables quote American cattle at 12¾c to 14¼c per pound, dressed weight; refrigerator beef steady, at 10⅝c to 11¼c per pound.

Union Stock Yards.

TORONTO, Aug. 29.—Receipts of live stock at the Union Stock Yards were 106 car loads, comprising 2168 cattle, 30 hogs, 625 sheep and lambs, 61 calves and 45 horses.

Exporters.

E. L. Woodward bought for Swift & Co. 610 cattle as follows: For London 150 steers 1318 lbs. each, at $6.42 average, or a range of $6.25 to $6.55; 35 heifers, 1105 lbs. each, at $6.12, or a range or $6 to $6.15; for Liverpool, 325 steers, 1150 to 1250 lbs. each, at $5.75 to $6.20; also 100 heifers, 975 to 1050 lbs. each, at $5.50 to $6 per cwt.

Butchers.

Prime picked lots of butchers sold at $5.75 to $6; loads of good, $5.25 to $5.60; medium, $4.90 to $5.15; common, $4.50 to $4.80; cows, $3 to $5.25.

Stockers and Feeders.

Three loads of northwest stockers and feeders sold at the following prices: Two loads, 800 to 950 lbs. each, sold by Rice & Whaley, at $4.65, and 33 stockers sold by Coughlin & Co., at $4.25.

Milkers and Springers.

There was an active trade in milkers and springers, all offerings being quickly bought up at $40 to $70 each. The average price would be from $50 to $55 each.

Veal Calves.

The market for veal calves continues strong at $3.50 to $8.50 per cwt. Wesley Dunn quoted $7.50 as the average price per cwt.

Sheep and Lambs.

Six hundred and twenty-five sheep and lambs were readily taken. Sheep sold from 10c to 15c per cwt. higher, while lambs were 65c per cwt. lower than on Monday last, and easy at the latter end of the week's prices at the city market. Sheep sold at $4.25 to $4.65 for light ewes, and $3.50 to $4.25 for heavy; rams and culls, $3 to $3.50; lambs, at $6 to $6.35.

Hogs

There were only 54 hogs on sale. Packers are quoting $8.85 for selects, fed and watered, and $8.50 to drovers for hogs, f.o.b., cars at country points.

Montreal Live Stock.

MONTREAL, Aug. 29.—(Special.)—At the Montreal Stock Yards, west end market, receipts last week were 2400 cattle, 2950 sheep and lambs, 1500 hogs and 925 calves, while the offerings this morning were 1200 cattle, 1600 sheep and lambs, 750 hogs and 475 calves. There was no important change in the condition of the market for cattle since this day week. The supply was large, but this was offset by an extra good demand from butchers, anticipating the increased consumption of beef next week. Choice steers sold at 6¼c, good at 5¾c to 6c, fairly good at 5¼c to 5½c, fair at 4¾c to 5c, and common at 4¼ to 4½c per lb. Cows brought from 4¼c to 5c, while good bulls sold at 4c to 4½c and light ones for canning purposes at 3¼c to 3½c per lb.

The hog trade was active at $9.25 to $9.50 cwt., weighed off the cars. The trade in small meats was only fair, sheep selling at 3¾c to 4c, and lambs at 5½c to 6c per lb. Calves were scarce and dear, with prices ranging from $5 to $15 each.

East Buffalo Cattle Market.

EAST BUFFALO, Aug. 29.—Cattle—Receipts, 4200 head; heavy slow, 15c to 25c lower; others active, steady to 10c lower; prime steers, $7.40 to $7.75; shipping, $6.25 to $7.25; butchers, $5.25 to $6.75; heifers, $4.50 to $6.25; cows, $2.75 to $5.45; bulls, $3.50 to $5.25; stockers and feeders, $4.25 to $5.25; stock heifers, $3.75 to $4.25; fresh cows and springers, $2 to $3 per head lower, $28 to $65.

Veals—Receipts, 1000 head; active and steady, $8.50 to $10.50.

Hogs—Receipts, 10,500 head; active; 10c to 35c higher; heavy, $9.60 to $9.70; mixed, $9.60 to $9.70; yorkers, $9.60 to $9.70; pigs, $9.60 to $9.65; roughs, $7.85 to $8.10; stags, $6.50 to $7; dairies, $9.25 to $9.70.

Sheep and Lambs—Receipts, 9600 head; active; ewes 10c, lambs 15c, wethers 25c higher; lambs, $4.75 to $7.15; a few, $7.25; yearlings, $5 to $5.50; wethers, $4.75 to $5; ewes, $4.25 to $4.50; sheep, mixed, $2 to $4.50.

Chicago Live Stock.

CHICAGO, Aug. 29.—Cattle—Receipts, 26,000; market steady; beeves, $4.90 to $8.40; Texas steers, $3.75 to $6; western steers, $4.25 to $7; stockers and feeders, $4.10 to $6.10; cows and heifers, $2.60 to $6.60; calves, $6.50 to $9.50.

Hogs—Receipts, 26,000; market active and 5c higher than opening; light, $8.95 to $9.60; mixed, $8.55 to $9.35; heavy, $8.45 to $9.25; roughs, $8.45 to $8.70; good to choice, heavy, $8.65 to $9.20; pigs, $8.85 to $9.50; bulk of sales, $8.85 to $9.05.

Sheep and Lambs—Receipts, 20,000; market strong; native, $2.75 to $7.65; western, $2.85 to $4.65; yearlings, $4.60 to $5.75; lambs, native, $5 to $6.90; western, $5 to $6.90.

Tapped the Till.

Guelph, Aug. 30.—While two young Italians kept him busy trying to sell them a pair of boots down at the rear end of his shoe store another succeeded in tapping the till of the store of O. H. Fry, a Wyndham street merchant yesterday. They got $75.

The habit or panel skirt is in evidence, carrying out the genearl effect of slenderness.

Give the Family Income a Chance

Perhaps the family income is big enough after all.

Perhaps the reason it does not seem to go as far as it should is because you do not spend it thriftily enough.

Perhaps when you buy, you do not go to the right stores at the right time.

If you read the store advertisements regularly you will soon see ways of stretching your dollars.

You will soon learn where to go for this and where to buy that.

You will soon be giving your "expense money" a chance to buy you the things you need and other things that a little surplus money might make you think you need—

But which you cannot now afford.

NORWOOD NOTES

Two Weddings-Bass Fishing-Farewell-A Presentation Personals

Special to the Review.

Norwood, Aug. 30.—Miss Beatrice Foster, daughter of Mr. and Mrs. D. Foster, of Norwood, was united in the bonds of matrimony on Thursday, August 11th, to Mr. George Hayle, of Calgary, formerly of Watford. The ceremony was solemnized in the Methodist church, Calgary, Alta., the Rev. Mr. Henderson, of Peterborough, officiating. The knot was tied in the presence of a few friends of the contracting parties. The bride was given away by her cousin, Mr. T. Fraser, of Calgary, youngest son of the late Thomas Fraser, formerly of Norwood. The wedding dinner was partaken of at the home of Mrs. Thomas Fraser, after which the happy young couple left for their home in Banff.

ANOTHER WEDDING.

On the 10th inst., Miss Caroline Elizabeth Pallin, youngest daughter of Mr. and Mrs. J. H. Pallin, of Indian River, was married to Mr. F. A. Kidd, of the same place. The Rev. Wm. Johnston, of Keene, was the officiating clergyman. Mr. and Mrs. Kidd will reside in Peterborough.

Mr. and Mrs. W. R. Howson, of Queen street, Norwood, announce the marriage of their daughter Miss Mary Elizabeth, to Mr. Laurie B. Elliot, C.E., of Calgary, Alta. The marriage will take place in the Methodist church early in September.

Mr. Clayton Junice, of the Union Bank Englehart, is spending his vacation here with his parents, Mr. and Mrs. J. Junice, Alma street.

Mr. Norman Patterson, of Toronto, is spending his vacation at Stoney Lake the guest of his parents, Mr. and Mrs. Adam Richardson.

A PRESENTATION.

Mr. M. R. Callandar, who has been employed in the J. Finlay & Sons' Company works here, has severed his connection with the firm and has gone to Guelph, where he has secured a good position. Previous to his departure his fellow workmen, among whom Mr. Callandar was very popular, presented him with a handsome leather suit case on Saturday evening Aug. 20th. The presentation was accompanied with a short, but appreciative address. "Mitt" in a few well chosen words thanked his mates for the present, and their words of appreciation and good cheer. Mr. Callender left the following week for his new home.

GOOD-BYE.

Previous to the departure of Mr. and Mrs. R. Callandar for Guelph, her friends and neighbors of Queen street, assembled at the residence of the Rev. William Peer to give her a send-off. The evening was thoroughly enjoyed by all present.

The Norwood brass band was in attendance and furnished several selections during the evening. The music of the band was interspersed with vocal selections and short speeches by members of the party. Mrs. Callandar will be much missed in the social and musical circles of the village.

Mr. W. H. Trenouth, principal of the Public School, will occupy the house on Queen street left vacant by the removal of Mr. and Mrs. M. R. Callandar.

The Public and High Schools will re-open on Tuesday morning, Sept. 6th.

The work of the schools is expected to go on splendidly, as we are fortunate in having a full staff of efficient and experienced teachers.

Mrs. W. Fry and daughter, Miss Muriel, who has been visiting friends in Orillia for the past few weeks, returned to Norwood last week and is preparing to move to Orillia, Mr. Fry having secured a good position in the large carriage works of that place.

Mr. Hiram Fry has secured the position of shipper made vacant by the resignation of Mr. Mr. R. Callander, in the J. Finlay & Son's Co. works.

Mrs. Nelson Beavis, of Asphodel, is leaving on Tuesday morning for Toronto to attend the exhibition.

Messrs. B. M. Leverett and Geo. Elphick spent a couple of days last week trying for the black bass in Lakes Belmont and Deer. The weather was not suitable for good fishing, the wind being very high. As a consequence they have no big fish stories to tell, only moderate success; no fish to give away, but fishing tackle and outfits for sale at a bargain.

Miss Annie Christie, of Peterborough, is visiting her cousin, Elsie Laing.

Miss Annie Christie, of Peterborough, is visiting her cousin, Elsie Laing.

Miss Annie Birt, Belmont street, has returned home having spent the summer visiting relatives in Winnipeg and other places.

Mrs. Frank Raddon and children have returned home to Norwood after spending a month in this city. They also spent a few days with friends near Cottesloe.

LAKEFIELD BOARD OF TRADE

Special to the Review.

Lakefield, Aug. 29.—A very important and well attended meeting of the Lakefield Board of Trade was held in the town hall on Friday evening, 26th, the president presiding.

The first matter to come before the Board was the G.T.R. train service. It was the unanimous opinion of the Board that the service now given is extremely unsatisfactory to the citizens of the village, and not at all such as they have the right to expect in view of the very large traffic done by the G.T.R. over this part of their system. The secretary of the Transportation Committee was instructed to communicate with the officials of the road, requesting them to give such a service as would enable a person to go from Lakefield to Toronto and return the same day. Examples were given of other places, not so important as Lakefield, and at greater distances from Toronto, whose citizens were able to make the return trip in one day.

W. B. Harvey was made a member of the Transportation Committee.

The next question discussed was the closing of the cement works. The Lakefield Portland Cement Company, notwithstanding the fact that the village has given them a very heavy bonus and exemption from taxes, have kept their factory closed during the whole season, and there is no evidence to show that they intend ever to open it again. This is, on the face of it, a very gross breach of faith on behalf of the Company. No one in his senses could be made to believe that the taxpayers of the village would ever have voted such an exceedingly liberal aid to the Company if they had not had reason to believe that the works were to be of a permanent character. With a view of ascertaining whether the company can not be compelled to continue here the manufacture of cement or to return the bonus given them, the Manufacturers' Committee and the village solicitor were instructed to look into the contract between the company and the village, and to take such action as they may deem expedient to remove this grievance.

Then ensued a spirited and interesting, but not a convincing debate on matters connected with the water front of the village, and some of the speeches were very good indeed. In this debate this fact came out clearly; No matter how the members of the board or the citizens generally may differ as to the best means of obtaining their object, all are united as one man as to the value of the waterfront as an asset to the village. All are agreed as to the desirability, even necessity of keeping the entire shore free from obstruction and of making it as beautiful as possible. It came out too in discussion that the whole of the front is not under the control of the village, but that that part of it lying between King street and Concession street, is under the jurisdiction of the Dominion Government. It was clearly shown that when the Government took over this part of the shore Mr. McLennan, on their behalf, agreed to keep it free from obstruction of every kind. A resolution was passed to the effect that the board was desirous of co-operating with the village council in taking such steps as may be found necessary to secure the carrying out of this agreement.

The secretary stated that he had received a communication from Mr. Se-man in which he stated that his company intend to start building operations very soon, with a force sufficient to complete the factory in a very short time.

MILLBROOK MATTERS

Baseball Season Over—Fall Fair Going to be a Hummer — Fire Brigade Organized — Property Changes Hands

(Special to the Review.)

Millbrook, Aug. 31.—The last league game of baseball for this season was played on Friday last between the Methodists and the Presbyterians, in which the former won by a score of 10—8. Mr. Ross Edmunds had the misfortune to dislocate his arm during the game.

Messrs. Patterson Bros. have purchased a farm from Mr. Thexton and intend moving on to it early in the spring. The farm is the one which was owned by the late Robert Shaw.

THE BIG FAIR.

The Millbrook Fair directors are busy arranging for the annual fall fair, which takes place on the 5th and 6th of October. Indications are that this year will prove a banner year. A large number of new attractions are promised, including a baby show, which should prove an interesting event. The prize lists are out and are the largest ever. They may be had on application to the secretary.

Mr. George Allen, of Manitoba, arrived home last week and is visiting at the old home.

Mrs. J. E. Needham and Miss May have returned home. They have been holidaying at Stoney Lake.

TENNIS.

A tennis match was pulled off between the Port Hope boys and the home team. The visitors met defeat at the hands of the local players after a closely contested game.

A new fire brigade has been organized to look after the west end of the town. It is known as the No. 2 Fire Brigade. Mr. Bryam is captain.

Mr. and Mrs. George Vance and family, of Shelburne, have returned home. They have been visiting friends and relations in the vicinity for the last two or three weeks.

Mr. and Mrs. Wm. Rowland have returned after an extensive visit throughout the West.

Mr. John Gray, of Carmel has purchased the residence of Mr. John Fair on Main street, hewre they intend to reside in the near future.

Mr. David Henry, of Carmel, had the misfortune to dislocate his elbow last week while erecting some wire fence.

Miss Bessie Armstrong has been holidaying with Mr. and Mrs. R. J. Doake at their summer cottage at Sturgeon Point.

Miss Bradley returned home last week after an extensive trip throughout the West.

Speedy Trial for Spies.

Emden, Germany, Aug. 26—Brandon and Trench, the alleged British spies, who were arrested at Borkum, Aug. 22 and 23, charged with taking photographs of German fortifications, will be taken to Leipsic for immediate trial.

Brandon is believed to be an officer and numerous drawings of fortifications and topographical photographs were found in his possession after his arrest.

The arrested men decline to communicate with the attorney engaged for their defence by the British vice-consul here and have asked that counsel for them be sent for from London.

Shot by His Brother.

Wilkes-Barre, Pa., Aug. 26.—During a quarrel yesterday at their home at Pittston, near here, Matteo Bidanto was shot and killed by his brother Frank. The men quarrelled because Frank had been annoying his brother's wife.

JUDGMENT FOR PLAINTIFF

JOHNSTON-McGIBBON ACTION

Mail and Empire.—Chief Justice Falconbridge yesterday morning gave judgment for $500 and costs in favor of plaintiff in the action of Mr. John Johnston against Mr. James McKibbon, both of Peterborough. Plaintiff claimed $2,500 damages for injury done to his timber and property on lots 41 and 42, 16th concession, Smith township, Peterborough, through defendant setting fire at an inopportune moment and without notice to timber he had cut on an acre of bush land adjoining plaintiff's property.

"After much consideration," says his Lordship, "I have come to the conclusion that plaintiff has proved his case as to the origin of the fire which eventually destroyed his property and that he is entitled to recover. Two elements are strongly against defendant. (1) his unsuccessful effort to shift the date of his starting a fire from October 10 to October 3, and his attempt to back this up by a very inartistic and suspicious looking entry in his little book, and (2) his practical acknowledgement of being the cause of the trouble in the presence of apparently credible and independent witnesses. There is perhaps more than usual discrepancy on the question of damages. Sitting as a jury the best estimate I can make is $500."

CANADIAN PACIFIC RAILWAY

Farm Laborers Excursion will be run from Peterborough on August 30th and Sept. 6th. Leave Peterboro' at 7.42 a m Special train leaves Toronto, at 2 p.m. Fare going $10.00, returning $18.00.

International Eucharistic Congress, Montreal. Fare for round trip $8.10. Good going Sept. 3rd to 10th, good returning up to and including September 15th, 1910.

Toronto Exhibition Programmes now in call and see one. See advertisement in this paper for rates. Secure your tickets early at city ticket office.

Labor Day Rates, single fare. Good going Sept. 2, 3, 4 & 5th. returning up to and including Sept. 7th. Tickets and all information at C.P.R. City Ticket Office. Wm. McIlroy, Agent.

INTERESTING INFORMATION

A monument recently was unveiled at Spencer, Mass., in honor of the three members of the Howe family who invented the sewing machine the truss bridge and the spring bed respectively.

Pine resin or Burgundy pitch melted with enough beeswax to give it a gummy consistency and keep it from becoming brittle, makes a good substituute for glue for use in high temperatures.

By the use of American machinery an important business has been built up in Tasmania of evaporating otherwise waste apples for market, even the cores and skins being utilized for sauces and vinegar.

A simple guard for the dangerous ends of women's hat pins, for which a patent has been granted an Illinois man, consists of an ornamental tube, containing a rubber bushing to grasp the point of a pin.

Turkey's gradual change from a national system of time to the European has caused a demand for watches showing both, to meet which, three watches have been divided, one with dials on each side, another with two dials side by side, and a third with fixed dial for European time, surrounded by a movable ring showing the national.

SCOUTMASTER AND THE BOYS FEATURES AT TORONTO "EX"

Twenty-One Hundred Lads and One Girl in Line at Opening of Canadian National—English and American Boys Get Good Reception.

Toronto, Aug. 31.—"Boy scouts and Baden-Powell" was the keynote of the opening of the Canadian National Exhibition, great in design, greater in execution, greatest in spirit.

There is nationality, patriotism, cosmopolitan vitality about the big Toronto fair. No country in the world could present more varied products from more inexhaustible resources. No people in the world have such a heritage from the Lord. There is much of the spirit of the feast of tabernacles in the gorgeous ingatherings of the fruits of the land and the harvests of handicraft and the work of the deft artificer which year by year draw the multitudes to Toronto from the new world's Dan and Bersheba. The tremendous undercurrent of the national life throbs through the whole organization.

It was an inspiring sight to see those 2,100 boys with their good clean marching step moving along the big track, and many a father and mother's heart swelled with the thought

SIR ROBERT BADEN-POWELL.

that 'the boy" was shouldering his pole and keeping time in the tawny ranks.

"If I'd had a chance like that I'd have been twice the man I am," was father's frequent reflection as he rejoiced for his son.

There was fine applause for the English contingent and the Buffalo boys had a cordial greeting. The little khaki vivandiere from Brampton was accorded a hearty recognition. Then the line swung to the south side of the track where all could see, and the smart pacing of the lads elicited a burst of applause.

"B.-P." was not very ceremonious with the officials, and continued to prove himself elusive and to disregard the program. He spent most of an hour with Frank Ritchie of the Dominion Y.M.C.A Boys' Work Department, who is keenly interested in the scout movement, and with W. B. Wakefield, an English gentleman of means, who has devoted his entire time to the work. Mr. Wakefield had just returned from Silver Bay camp on Lake George, N.Y., and gave complimentary reports of the Toronto boys there.

No more impressive background to the grand stand performances than the glorious sweep of British waters represented on the canvas, the historic channels of Spithead and the Solent. The weather was excellent and the east wind did not chill, though it threatened rain which did not come till after the show was over. The grounds are more beautiful than ever and the removal of the buildings near the entrance gives a noble approach to the permanent architecture.

The directors' luncheon constituted the formal opening of the Exhibition. The address to Sir Robert had been set down for presentation at the grand stand, but Mr. Gooderham, who presided, read it after his introductory remarks.

The Lord Bishop of Toronto offered prayer. The National Anthem was sung after the royal toast, and the subsequent "Hip, hip, hip," scored its usual triumph.

The Exhibition had been honored many times by representatives of his gracious Majesty, said Mr. Gooderham.

They had had the Governor-General on several occasions. He was glad to welcome his honor the Lieutenant-Governor, whose health he then proposed. Mr. Gibson acknowledged the compliments he had received, partly for his position ,and he hoped he was vain enough to think, to a slight extent on personal grounds. (Applause.)

Mr. Gooderham agreed that they needed no introduction to Gen. Baden-Powell. The movement he was associated with was one which every man in the world, when he understood it, would support. Its object was the making of better citizens, and was in no sense of the word a military movement. The address was then read.

"B.-P." has no love for newspaper notoriety, and made this point clear several times during the day. At the luncheon he said he had been in Canada before, since the war, and he had been glad to see the country without the intervention of newspaper men.

He thought he had the elements of a mongrel, as he did not know of what nationality he was. He was born in England of Welsh parentage, he had spent a great part of his life in South Africa, but his heart was Canadian. (Applause.) He quoted Sir Wilfrid Laurier with approval and referred to the exhibitions he had seen at Regina, Edmonton and Vancouver. There was local rivalry, but great unity of purpose in what was done. The Toronto Exhibition went beyond local aims and was of world interest. It united them with their neighbors and cousins in the United States. It was a great thing to bring them into friendly rivalry and in participation of industry.

PUGSLEY BACK IN OTTAWA

Ottawa, Aug. 31.—Hon. William Pugsley returned yesterday after an absence of several weeks spent on the great lakes and Canadian railways inspecting the shipping facilities of the various ports.

Dr. Pugsley says that only in cases of extreme urgency will dredging or other public work be allowed to be continued after the Parliamentary appropriation has been exhausted.

To-morrow Dr. Pugsley leaves for St. John to meet Sir Robert Perks.

LIMESTONE CITY WANTS RAILWAYS

Kingston, Aug. 31.—The City Council has turned down a proposition for paved street in the business section. Council will ask the C.P.R. and G.T.R. and Canadian Northern to run main lines through Kingston, and will consider a scheme for a public bathing house and play grounds.

The Catholic orphanage at St. Mary's-on-the-Lake will be opened with an orphans' dinner to-day. The building is of stone, four storeys high.

LEPROSY MAY BE CONQUERED

Washington, Aug. 31.—Leprosy, the unconquered scourge of the ages, is making what is believed to be its last stand against science.

From Molokai, the Coral Isle and prison for the plague-stricken in the Hawaiian group, a few words have been flashed to Washington, telling of an achievement accounted second only to the discovery of the lepra bacillus by Hansen in 1878.

Three surgeons of the United States public health and marine hospital service, have grown lepra bacilli in pure culture outside the human body, and in tiny thin glass tubes in the laboratory the loathsome germs are now growing in their third generation.

This achievement is the first step in the production of a vaccine or a serum for the cure or prevention of leprosy. Precisely the same ground has been covered by the men who evolved the diphtheria anti-toxine and the serum for tetanus.

NO WOMEN IN CHURCH COURTS

Victoria, B.C., Aug. 31.—The Methodist General Conference yesterday morning discussed for ten minutes a proposal to admit women into the church courts. The motion was then put and defeated by a vote of 65 to 34.

Ministerial reserve delegates to the Ecumenical Conference are: W. H. Emsly, Dr. W. Sparling, G. W. Kerby and Dr. A. Stewart.

A department of finance, with T. R. Parker of Toronto as general secretary, is one of the new ventures of the conference.

The steady conservatism of the delegates was plainly manifest when a number of recommendations to change the wording of the discipline was voted down and one recommendation especially carried to have churches built so that people could kneel at prayer, in accordance with the instructions of the discipline.

Justice Maclaren thought it was a constitutional question and might prejudice the union negotiations. The vote stood 24 in favor and 64 against.

The recommendation for quarterly boards to make regular provision for an annual vacation for the pastor carried enthusiastically. The number of circuit stewards may be increased in churches having over 400 members, one steward additional to every extra hundred members. Quarterly boards may elect alternate delegates to the annual district meeting.

Provision is made for holding a regular annual congregational meeting.

YANKEE GIRL WILL WED A JAP

New York, Aug. 31.—With the approval of her parents, Miss Ethel Maria Bagg, a graduate of Horace Mann School, is to marry Zentaro Morikubo, a Japanese, son of a member of the Japanese Parliament and Tokio City Council, next month. Following the marriage the couple will go to Japan to live.

Crippen In Hospital.

London, Aug. 31.—Dr. Crippen is now in Brixton Prison Hospital. The illness is not serious, but is said to be due to the nervous reaction after the strain he has undergone. The charge of murder against Miss Leneve will not likely be further preceeded with.

CARDINAL VANNUTELLI WILL BE MET BY FLEET OF BOATS

Anglican in Ottawa, Writing in The Citizen, Protests Against Government's Participation in the Eucharistic Congress.

Quebec, Aug. 31.—Accompanying Cardinal Vannutelli, papal legate to the Eucharistic Congress, now en route here on the Empress of Ireland, is Cardinal Logue, primate of all Ireland, and other dignitaries of the church.

The legate and his party will land here, and a welcome will be tendered to them by Archbishop Begin and the Lieutenant-Governor on the terrace of the Hotel Frontenac. Subsequently the legate and party will proceed on the Government steamer Lady Grey, via Three Rivers and Sorel to Montreal. The party are expected to reach Montreal on the afternoon of Sept. 2. The flotilla that will escort the Lady Grey to Montreal will meet her in the neighborhood of Point aux Trembles. It has been preparing for the function, and the effect is certain to be impressive. The yachts will fly the papal flag at the bow, and the Canadian or British flag at the stern. They will line up in two rows on each side of the Lady Grey and will steam up the river at a uniform speed. It is expected that over a hundred yachts, coming from all parts of the province, and also from Plattsburg, N.Y., will take part in the demonstration.

Ottawa, Aug. 31.—A leading Anglican of the Archdiocese of Ottawa made vigorous protest in The Citizen yesterday against the manner in which the whole machinery of the Federal Government is being used to boom the eucharistic congress at Montreal. He says:

"Two ecclesiastical dignitaries, representatives of two great divisions of the Christian church, are visiting Canada. One is the Bishop of London, a subject of King George and a representative of the state Church of England; the other is Cardinal Vannutelli, a subject of the King of Italy and a representative of the Church of Rome.

"The Bishop of London, on his arrival in this country, met with a fitting reception from the Anglican body, but, very properly, received no official recognition from the Canadian Government.

"With Cardinal Vannutelli a different course is pursued. The Government, representing all Canadians without regard to sectarian differences, has delegated one or two of its members to welcome the Italian on behalf of the people of Canada, the troops maintained by the taxation of Catholics and Protestants alike, are ordered out to serve as his bodyguard, and the Government steamer Lady Grey is placed at his disposal. What is the cardinal to Canada, or Canada to him, that he should be singled out for such honors?"

General Dispensation Granted.

Montreal, Aug. 31.—The Pope cabled yesterday a general dispensation in Montreal on congress Friday, Sept. 9, owing to the difficulty of crowds of visitors of getting proper Catholic food.

IN AN OPIUM DEN

Special to the Review.

Whitby, Ont., August 31.—Chief Jamieson late last night raided a Chinese laundry and arrested four persons smoking opium. The prisoners are two whites, a young man named Parabes, and a girl, giving the name of Edna Fink, of Oshawa, and two Chinese who carried on the laundry.

ANGUS MORRISON DIES SUDDENLY

London, Ont., Aug. 31.—Angus Morrison, one of the best known oil operators in America, died here very suddenly from a hemorrhage of the throat. For many years he lived in Toronto, later going to Hamilton as manager of the Imperial Oil Co. Forty years ago he founded the Morrison Oil Co., London. He was 69 years old.

Saved From Fearful Death.

Calumet, Mich., Aug. 31.—At the Red Jacket shaft of the Calumet and Hecla mine, Mike E. Sunrich, a timberman, fell into the shaft. He fell 150 feet before he grasped the rope, saving himself from a fall of a mile to the bottom of the shaft. His hands were badly burned, but he was dangling from the cable when rescued.

WOULD-BE MURDERER SHOT DEAD

St. Paul, Minn., Aug. 31.—C. P. Welch, a discharged special agent of the Great Northern Railway Co., entered the office of Chief Special Agent Al. G. Ray yesterday and fired five shots at him, but missed him each time. Ray shot Welch dead.

Welch, who was about 45 years old, had been discharged by Ray about two months ago for shooting a man at Duluth.

A Scottish Mystery.

Glasgow, Aug. 31.—Scotland is thrown into a fever of curiosity over the death of Lady Marjorie Erskine, second daughter of the Earl of Buchan. The supposition held by some is that she died of exposure, while others entertain the theory that foul play has taken place. Away on the ledge of a rock in a secluded part of the moor, near Aviemore, a man found the body.

WILL SUE ROSS FOR DAMAGES

London, Aug. 31.—Suit for unstated damages has been commenced by relatives of Anson Wallace, who died as the result of being run down recently by an automobile owned by M. C. Rose. Rose admitted that he became confused and did not try to stop as he thought Wallace would try to get out of the way.

MURDERED CHILD AND DRANK BLOOD

Lisbon, Aug. 30.—An actual "Human Vampire" is under arrest to-day, in Gailizan, in the person of a merchant named Dem Salvarri. The man is said to have confessed to the murder of the young son of a blacksmith and to have drank the child's blood.

In explanation Salvarri said he was a sufferer from pulmonary trouble, and that a gypsy had advised the drinking of human blood from the veins.

The Gypsy recited a number of cures thus effected. The prisoner is believed to be insane.

LATE TICKS FROM WIRES

James Blackburn, aged 65, was killed in a Mount Forest factory by a blow from a board.

Rev. J. Wilbur Chapman, the evangelist, was married to Miss M. C. Moulton of Providence.

A man stowaway, nearly starved to death, was taken from the hold of the steamer Mount Temple at Montreal.

Fire last night destroyed a barn on Glengarry avenue, Windsor, cremating the race horse "Cumberland." Chas. Chandler, the owner, was kicked and seriously hurt.

An effort is on foot to send the 24th Regiment Band of Windsor to the coronation of King George. The band is one of the crack military musical organizations of Canada.

The Canadian Northern Railway crop report for the week ending Aug. 27, indicates that thrashing is general this week. The reports from most points are very optimistic.

Hon. C. S. Hyman's auto collided with a street car last night at London. Mr. Hyman was thrown forward, had his face cut and several teeth damaged and may be internally injured.

A young woman who shot herself in the Hotel Astor, New York, was identified as Vera Fitch of Oakland, California. The girl, according to hospital authorities, was dejected over her literary failure.

Lord Esher, heretofore a consistent supporter of the volunteer system, says that he feels that the days of the volunteer are numbered and that the time may come for compulsory service in the British army.

Emperor Nicholas and Empress Alexandra of Russia arrived at Friedburg, Germany, safely at 3.30 o'clock yesterday afternoon. Their Majesties were accompanied into German territory by a suite of fifty persons.

THE KAISER WAS MISUNDERSTOOD

Danzig, Aug. 31.—Emperor William, at a dinner Monday night in the castle at Marienburg, the old seat of the Knights of Malta, given in his honor by the dignitaries of the Province of West Prussia, made a speech which was a counterpart of that delivered last week at Koenigsberg.

Taking the Koenigsberg speech which His Majesty evidently regarded as having been misunderstood by the press, he said:

"When I represented myself, like my sainted grandfather, as being under the protection of the highest and as working under the highest commission of our Lord and God, I assumed that every honest Christian, whoever he might be, did the same."

OLD CASE IS RECALLED BY ARREST OF JOHN BAGLEY

Bigamist and Swindler, Named Lancelot Willoughby Middleton, is Believed to Have Reappeared in Person of John Bagley, Charged With Forgery.

Toronto, Aug. 31.—Is John Bagley, or as the police believe him to be, Charles V. Knightley, arrested Thursday night, charged with uttering a forged $2,000 check upon the College and Yonge street branch of the Bank of Commerce, really Lancelot Willoughby Middleton, bigamist and swindler, who was sent to the penitentiary for seven years from Woodstock, in 1898?

His picture has been seen by one of Middleton's victims before his committal to Kingston, and she positively declares that Knightley is none other than her former husband.

Inspector William Greer of the provincial detective department, who arrested Middleton, last night, after comparing police photographs of Knightley with one of Middleton which he had preserved in his records pointed out a number of points of surprising likeness, and, indeed, when the ageing influence of a seven-year term in prison and the passage of 12 years in all are taken into account, the pictures bear great resemblance.

Inspector Greer has a wonderfully clear recollection of the Middleton case. Middleton, then a man in his thirties, set out to let contracts for a

JOHN BAGLEY.

supposed C.P.R. line from Woodstock to Brantford. He used C.P.R. letter paper for all his correspondence, and this is a point of resemblance to the methods of Knightley.

The line was surveyed and Middleton started to sub-let the contracts for clearing the line, and work was begun. He asked for deposits as guarantees upon the contracts let, and would have received a number of these had he not been exposed just a little too soon.

He was arrested by Inspector Greer at Kanesville, near Brantford. The arrest was made upon a charge of false pretences or fraud, which was later dropped, when Middleton was sentenced at Woodstock to a term of seven years in Kingston for bigamy, He had married two estimable women, one of Woodstock and one of Sarnia. He was defended by present Crown Attorney Ball.

Inspector Greer says that he remembers hearing that Middleton met with an accident while in Kingston, which would account for the present lameness of Knightley, should the two prove to be identical. He also remembers hearing that Middleton turned very religious while in the penitentiary, but that he also tried to escape, which lost him any good conduct time. The inspector says that Middleton is at present wanted in New York, and remembers having heard that he had swindled one of the women of the Gould family out of a considerable sum.

A photograph of Middleton was sent to England to identify the man as an English crook, and was returned, first to Deputy Chief of Police W. Stark, and then to himself. The fact that Middleton was an Englishman is another point in the identification, as Knightley is apparently an Englishman, though claiming to be an American.

Q.O.R. at Aldershot

London, Aug. 31.—The Queen's Own got soaked Monday while drilling. Col. Pellett has ordered a short route march to harden the feet of the company and battalion drills will be the program for the week. Gen. Smith-Dorrien inspects the regiment to-day.

Floods Surround Balmoral.

Edinburgh, Aug. 3.1—The royal palace at Balmoral is virtually cut off from the world by floods, all roads about it being impassable. The entire Dee Valley is in a serious condition.

Victim of Pellagra.

Washington, Aug. 31.—Pellagra claimed its first victim in this city yesterday in the person of Mrs. A. Salie Graham, 55 years old, of Warrenton, Va.

Bubonic Plague, Too.

Kieve, Russia, Aug. 31.—The bubonic plague made its appearance in this city for the first time yesterday. A single case is officially reported.

Cholera In Germany.

Berlin, Aug. 31.—Fourteen cases of cholera or suspected cholera have been discovered in Berlin and the suburbs of Spandau.

HOPES PROVINCE WILL REVERSE ITS VERDICT

Cranbrook, B.C., Aug. 31.—Sir Wilfrid Laurier and party continued their progress through southern British Columbia, leaving Vernon early and entering at Kootenay Landing for the Crow's Nest Pass route.

No decision was made concerning land conditions in Lushwa Valley, where homesteaders receive only 40 acres and claim a quarter section, as land is not fruit bearing. At Cranbrook, an hour and a half stop was made and Sir Wilfrid addressed a crowd of 1,500. He remarked that the conduct of the last election in British Columbia was not such as to reflect credit on them. The policy of the Government had been to preserve British Columbia for the white people, and to exclude the yellow races. He hoped that at the next election the province would reverse its verdict.

An informal reception was tendered the party on the arrival in the evening at Fernie.

OTTAWA TO WELCOME B.-P.

Ottawa, Aug. 31.—The capital will tender a civic reception to General Baden-Powell when he arrives on Friday, and an endeavor will be made to have him return and open the Central Canadian Fair.

The Canadian bureau of exports, recently established, has proved a success. Already over five thousand firms engaged in manufacturing over fifty thousand different commodities have inscribed their names.

J. S. Ewart, K.C., who acted as one of the Canadian counsel in the Newfoundland fisheries case, argued before The Hague tribunal, has returned.

EPIDEMIC IN RUSSIA

St. Petersburg, Aug. 31.—Eight new cases developed at Odessa during Sunday and Monday. Prof. Rein, head of the special sanitary commission, which is fighting the pestilence in South Russia, reported yesterday from the Province of Yekaterinoslay that the railways of the southeast had registered 2,319 cases among their passengers and employes.

COMPANY MUST FEED CATTLE

Toronto, Aug. 31.—A fine of $75 and costs was imposed upon the C.P.R. in the Police Court yesterday for cruelty to animals in having carried a load of 27 head of cattle from White River to Toronto without food or water during a period of 65 hours.

An agreement with the shipper, in which it was agreed that the man in charge should water and feed the cattle was produced by the defence, but the magistrate read the act, which said that should the owner fail to feed and water, the company must do so. It was also shown that the man in charge had asked at Sudbury that the cattle be watered and fed, but was told that there was no yardman.

MILLIONAIRE TIRES OF LIFE

New York, Aug. 31.—Solomon J. Hirsch, a millionaire clothing manufacturer of Chicago, committed suicide in the Hotel Knickerbocker yesterday by cutting his throat with a razor while sitting at a desk where he had written several letters.

Continued ill-health was the cause of his act. For several weeks Mr. Hirsch had been in Europe in quest of health, and returned to this country a little over a week ago.

Troops Guard Jail.

Huntingdon, West Virginia, Aug. 31.—With three companies of state militia under personal command of Adjutant-General Elliott, on guard and a machine gun in front of the county jail, no further rioting is anticipated to-day by the mobs which, for two successive nights stormed the jail in an effort to lynch the negroes, John Wayne and Charles Clyburn, alleged murderers.

Sneaking In Via Canada.

Washington, D.C., Aug. 31.—Secret agents of the U.S. customs service are watching the Canadian gateways of transatlantic travel for smugglers who have been frightened away from the port of New York by the rigid customs inspection and the notable seizures of the last few days.

Girl Throws Acid.

Wilkes-Barre, Pa., Aug. 31.—Thomas Price and John Urganis, youths of Plymouth, Pa., near here, were badly burned on the face, neck and arms yesterday when Miss Barbara Walton, aged 20 years, threw carbolic acid over them.

HIS MONUMENT BUILT BY THE PEOPLE

The Grand Trunk is not obliged to seek an outlet to the sea for the freight originating on the Grand Trunk Pacific via the ports of Canada. It will be cheaper for the Grand Trunk to carry freight to Portland and Providence than to St. John and Halifax, and that course will undoubtedly be followed. Sir Wilfrid Laurier refused to have inserted in the contract a clause protecting the Maritime ports of Canada, and once again have Canadian interests been sacrificed by reason of the sheer obstinate stupidity of the men now controlling our destinies. It is a pretty spectacle, and no wonder the cry is going up from all parts the country from the Atlantic to the Pacific, "How Long? How Long?"

The eastern section of the National Transcontinental is being built with borrowed money. The credit of Canada has been pledged by this band of petty politicians to build a monument to Laurier.

PARTNERS

Now, it seems to me that there are a lot of fellows who enjoy themselves but forget their partner. They go down town when the work is over, have two or three drinks, go into the nickelodium, or moving picture shows, hang around the barber shops, billiard rooms, hotel corridors, or sit up with the "sick friend," and never think of the woman who works at home, once the sweetheart, then the bride, and now the kitchen slave, and mistress of pots and pans and bedrooms that are always needing tidying. Say, fellows, is this fair? Now suppose she goes out for a little time and takes some of the pittance that you dole out to her and hires a hack and goes calling on friends, how would you like it?

"Oh, well, I made the money. I guess I can spend it."

Come off the fence, you are partners? Doesn't she wash your clothes, darn your socks, cook your meals, and every day do a dozen things that would cost you money?

Loosen up and see her take heart again.

THE HATCHET

Premier McBride, of British Columbia, showed by the way he extended the glad hand to Sir Wilfrid Laurier that he was a man first and a politician afterward. There are many in Ontario who would make themselves stronger if they were built on these lines. People soon get wise. It is all right to have the hatchet out when in business, but bury the tomahawk and be friends when business is over. In every line when business is done the bitterest competitors should be friends. The legal circle is a good example of this. They fight in court, call each others liars—in fine language, of course, prefaced by "My learned friend." Then they drink—soft drinks, of course—together, and play whist and meet and tell stories. Have the lawyers got any right to be peculiar in this?

"SIC EM"

The Canadian Champion, of Milton, Ontario, is here, hand picked from the press done up in a marked wrapper. The cause for all this is a fuss started by the Saturday Night, in which that paper got after a screw factory that will be located in Milton and for which the town guarantees the bonds of the Company and pay the interest on $10,000. The editorial and a letter from Robert K. Anderson, mayor of the town, draws the blood and writes in most bitter invective against the Saturday Night for its tactics in relation to new companies and exposure of fakirs. The editorial doesn't mention the paper. yet any one but a blind man could read between the lines. Now we are in full sympathy with Saturday Night. It is filling the bill. We don't believe in newspapers that have editorials that say nothing. There are enough ministers and politicians who do that. We think that the work done by this Toronto publication is excellent. Its too bad that it doesn't get after these stock brokers and and land them in the coop also. The Saturday Night may make a mistake. Every reformer does that. Any man who doesn't make a mistake is either an idiot or an ass afraid of the man next door. The system of guaranteeing bonds and paying interest on a company's indebtedness to get them to come to a town is a vicious one, and without knowing any more about it than that we say to Saturday Night, "Sic em and 'don't let go."

If there were more papers like that paper, which Edmund Sheppard and Joe Clark helped on to fame, there would be less crookedness in high places. Again we say to Saturday Night "Sic em, Touser." You're evidently the Toronto watch dog.

Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. AN EXPLANATION

Lest the stranger be unaware of what is going on on George street with all the noise, and smoke and puffing, and tearing, and scraping, and rescraping, and rolling, we beg to inform them that the road is being improved.

THE WOMAN VOTER

Goldwin Smith,—peace to his ashes, —once said that his mind was "always plastic," he never held anything so tightly that he couldn't drop it for some better truth. Now, regarding woman suffrage, this must be a very live issue, for that very grave and ponderous organ—the Montreal Gazette—established 77 years—has a leading editorial over a column long discussing it. The Gazette never jokes on its editorial page. If it does joke one does not grasp it for some time. The Gazette, in concluding the editorial, says:—

"To give women votes would, to the extent that they made use of them, be likely only to multiply the strength of the various divisions of men's votes, and affect the decision of great issues in but a minor way."

Four of the states to the south of us have women enfranchised—Colorado, Idaho, Wyoming and Utah, and up to the hour of going to press we have not heard of them elevating the morals of these districts.

Then think of the domestic trouble it would cause. Is the baby cross, its their baby, they can take turns in nursing it, is the porridge burned, they both taste it, but he a Tory and she a Grit, think of the harrowing scenes, the added cause for divorce, and going to press this afternoon in the interests of peace and hen pecked man, we don't think that women should vote. We believe that women should shed the sunshine in the home, and only vote when they can climb telegraph poles and do other things that us poor bread winners have to do daily.

BLACK

The Lethbridge Herald has a timely editorial on "The Cost of Bereavement." The article quotes from The Congregationalist which in a recent issue said—

"The will of Lady Margaret Morell MacKenzie, which was recently probated in London, bequeathed to her children not only her fortune, but the memory of unselfish love inseparable from her death. She wrote in her will; "When I die I hope my children will wear as little black as possible. White or mauve I like, but not black. And I hope they will not shut themselves up, but go out among their friends and to places of amusement. I am not afraid of their forgetting me, and I want them to be happy."

At the funeral the other day of the wife of a well known philanthropist, her daughters and other relatives wore white dresses and white hats because the mother and friend for whom they wished to express their love had regarded "mourning weeds" at funerals as pagan rather than Christian.

Why the black?

Many a poor family impoverish themselves following the dictates of fashion. When the writer flits this earth, be it to-day, to-morrow or fifty years from now, let there be no lowered curtain, no tiptoed footfall, no needless mourning, black dresses, crepe on arms or hat. Lift up the curtain, let in the sunshine, let the band play on. If we are to be remembered it will not be by black dresses or long faces. Let us pin our faith to the Infinite One who knows both sides of the story, so may there be no useless sorrow when we go. To-day is the time to make the passer-by glad, to hand him the flower or the smile. The odor of the room full of flowers around the coffin is sickening, but in Peterborough, in the hospitals in many a home are those to whom life would take a new meaning if some one would call with a smile and a handful of flowers.

And why the black?

Does that help your sorrow any? Does that make it any easier to pay the doctor or the undertaker? They are dead—remember them for their good qualities, not by wearing black.

WE DROWN THE KITTENS

We drown the kittens. They will not die. We call the doctor to the poor little babies. They cannot live. The mother cat hits the kittens a slap on the face with her paw. The mother covers her little darling up and cuddles it. The cat gives it milk right from its own faucet, and has four or five taps working. The mother hands out the bottle. She cannot nurse her child. Sometimes Nature denies her, sometimes she doesn't want the bother. But the old mother cat is the ever ready fountain. Yes, they drown kittens which are battered about by the cat, and bury the poor little babies who are cuddled to death by the anxious mother who does not know that a child does not want cuddling, it wants to kick off the clothes and get its toe in its mouth. Babes don't need cuddling, they need mothers' milk and to be left much alone.

PLAY FOR THE BATTER

Play for the batter. It was the captain commanding his team. The bases were filled, with two hands gone. That is the baseball parlance. The order was to centre attention upon the one opposing player to be retired. No attention was to be paid to the men on the bases who were endeavoring to distract the fielders.

To play for the batter is good tactics. Centre attention upon one objective. Refuse to be misled into too many activities, whether in sports, in business, in politics, in social pursuits, in religious life. Play for the batter. Give him your whole attention while the game is on.

Too many men emulate the dog who grasped at the second bone and lost it.

This is from a leading editorial in the London Free Press. The tendency of the age is to play for the batter, the batter being the one thing in life that the man can do best. The mob always complains of hard times, but the man who can do some one thing that is worth while, well, seldom has a kick coming. We choose the expert every time. Is it a barber shop, we had rather far be shaved by the knight of the flashing steel who knows how to give the easy "once over" than the human butcher. We have our favorite spot where we get the best shoe shine, the place where more pains is taken. We have our favorite ice cream parlor, we have our favorite jeweller, the doctor of watches and clocks, broken pins; our favorite medicine man on pains and aches. But as we choose others, so others are choosing or rejecting us. Can we do anything well? Young fellow, you who make a practice nightly of standing on the street corner, what are you going to be, a misfit or a man? Are you reading? What is it? Is your mind growing? or is it shrivelling? We don't look for perfection on earth; we don't expect to grow a crop of angels this side of Jordan, or they would be tumbling over their wings, but, young fellow, if you make a mistake get up and go on, that's the only way to win. If you get drunk sober up and go to work. Young woman, if you have tripped from fair virtue's narrow way get right and learn to make bread. To-day's the day, this is the hour when we want men with the red corpuscle, men who know good, men who are not silk-tiled, narrow-gutted and long-faced, but men with a warm heart, who are so intensely human and good, that to meet them a minute is to be a better man, and go away resolving to live a better life, and be some one in this world of mistakes, this world of sorrow, of tragedy—a world made so, very, very often, because the youth was misdirected; he didn't play for the batter and no one cared.

A shipment of gold valued at $50,000 was received at the Royal Mint, Ottawa, last week.

Peerless Peninsular

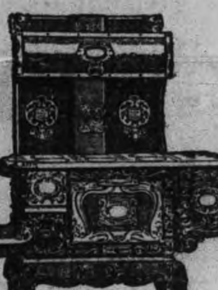
Is Honest All Through— In Little Things As Well As Big

For example, let us take the OVEN.

The oven bottom of all sizes is 20 inches deep. This is the actual depth of the oven floor, the part of the oven that is of the most value to you. We do not include an inch or two in the bottom of the oven door.

Measure the oven bottom of other ranges—especially those with swing doors—and see if the ovens come up to this specification

"Peerless Peninsular" is a big, honestly built range—full size—with all the new conveniences of the most expensive steel ranges—and with the durability of cast-iron which is superior to steel in lasting qualities.



"HARMONY", "CONSTANT" and "ADANAC" have the same quality, workmanship and construction as the "Peerless", the difference is only in the outer appearance.

Let us show you all four styles—or write for illustrated booklet. 111

HER CHOICE.

When the Time Came Her Decision Was Quickly Made.

By SARAH BRYCE VAUGHAN.

[Copyright, 1910, by American Press Association.]

"Why it is," said the ranchman, "that some wimmen can't make a straight deal with a lover.

"We had a case out here onct where a gal kep' two fellers danglin' after her till she pretty nigh set both on 'em crazy. At last she had to decide all on a sudden, and it didn't take her a second to show which one on 'em had her heart. Mebbe she didn't know herself before that which did have it, and mebbe she did know. Leastaways there wasn't no hesitation when the time come to make a show down.

"She was a little Mexican gal. Her father had belonged to a big family in Spain, and sence most o' the big families there are down at the heel and Herrara bein' the youngest o' twelve children he went to Mexico, married and come up to this here territory to raise sheep. He had a daughter, Pacquita, born on his ranch. From the time she was able to walk she was out o' doors all the while, climbin' fences and trees, and when she was four was ridin' the horses to water.

"When Pacquita was sixteen she was a terror to her father and mother. She could shoot, ride, swing a lariat, do anything a cowboy could do. I've seen her toss her handkerchief on the ground, ride by it at full speed and with one spur hooked to her saddle reach down and pick it up. At that time she used to wear her hair flowin' out like a comet's tail—same as little gals do—and it was topped by a sombrero. Her jacket and skirt were Mexican, with lots o' gold braid. Her eyes were black and her complexion almost as dark as a quadroon's. She got that from her mother, who had Aztec blood in her.

"There was a Mexican boy whose father owned a ranch near the Herrara property that was brought up with Pacquita. He was just the same age, and they were just like brothers. Leastaways it seemed to me that Pacquita was more like a brother to

THE TWO MEN WERE SINKING LOWER.

Jose Serrano than a sister. But I reckon they was more like lovers from the very first.

"They was always together till one day a young Englishman come out here to be a rancher. He was the sleekest looking feller I ever see. Edward Allston was his name, and he was a thoroughbred and no mistake. I didn't see him ridin' about with Pacquita till some time after his comin' here; then I used to see 'em together often. It didn't seem to me that if the Englishman wanted her the little Mexican would stand a ghost of a chanct. But, while she was with the Britisher a good deal, she didn't drop the Mexican. She appeared to be just as fond of him as ever. But what kind of fondness it was, now that Allston had come along, I didn't know. It seemed to me that sooner or later the little chap would find out that he was nowhere and the Britisher had the right o' way.

"I used to meet Pacquita ridin' fust with one and then with the other of these men. When she was with Jose he looked sullen, and I reckoned she war trying to make him believe she didn't care nothin' at all about Allston. When she was with Allston I reckoned she was tryin' to bring him under her spell. They was a fine contrast, them two, she a dark Spanish beauty, he a fair haired, blue eyed Britisher. It didn't appear to me that he was more interested in her than if she'd been any other gal. It war the way she slung them big black eyes about that made me think she was trying to lasso him.

"The reason I took all this interest in the matter was that I was as fond o' Pacquita as if she'd been my own little gal. One day I overtook her ridin' along the road alone. After awhile I said somethin' against the Englishman just to see how she'd take it. She fired up, you bet. Then I told her I thought Jose Herrara was worth three of Edward Allston. She looked kind o' funny, but didn't say nothin'.

"'Well, little gal,' I said when I left her, 'better decide between 'em. It would be cruel to keep 'em on the anxious seat always.'

"'I don't know,' she said, 'that I have the privilege of decidin' between 'em.'

"With that she cantered away, kind of glum.

"I knew well enough that so far as Jose Herrara was concerned she could have him whenever she wanted him. But I didn't know anything about her havin' the Englishman.

"But as time wore on I saw Pacquita and Allston more and more together, while Serrano seemed to be dropped out o' the race. It was perfectly natural that a fine lookin' man with swell manners should supplant a boy who didn't show up for much except that he was a very good kind of a feller. He'd been about the only person Pacquita had ever come across for a lover, and when somethin' better turned up it was natural she should gradually let go her hold on the first and get a grip on the second.

"But the time come when it was plain enough that the Englishman had been landed and was layin' on his side gaspin'. What I mean by that is that the gal had woven a spell about him he couldn't resist, and he was dead gone on her. From that time she did not seem so stuck on him as she was before. That's the way with all of us—when we once git a thing we don't care so much about it as we thought we did. That's what I thought was the case with Pacquita, but them as knew told me I was wrong. They said she was in love with Allston and was goin' to marry him.

"The race was comin' to a finish, with big odds on Allston. Leastaways, it would 'a' been ridiculous for Pacquita to stick to a boy lover when she could git a man and a fine man at that. But she didn't seem to want to decide.

"One day Pacquita was out on her horse, got up, as usual, in her Mexican toggery, a revolver at her side and a lariat at the pommel of her saddle, when she saw the two men who was courtin' her ridin' toward each other. She wondered what they was goin' to do. She didn't want 'em to fight—fact is, all along she had been keepin' Serrano from pickin' a quarrel with Allston. Then she remembered that there was a quicksand between 'em, an' she began to worry lest one on 'em would git into it. She reckoned Jose Serrano knew all about it, but she wasn't sure Allston did. They was a ridin' kind o' reckless, especially Serrano, and she made up her mind there war goin' to be a fracas. She war bound to stop it, so she started for 'em.

"Well, before she reached 'em they met. She saw that Serrano was talkin' mighty savage to Allston, while Allston was a-keepin' his temper and pattin' his horse, which seemed restive, to keep him quiet. Pacquita rode on as fast as she could make her beast go, dreadin' every minute to see the two men come to blows. Then she noticed that there seemed to be somethin' the matter with both their horses. Serrano went on talkin' excitedly, but Allston stopped payin' any attention to him and was lashin' his horse. The horse seemed to be makin' a great effort to do somethin', but didn't do nothin'. Then Serrano's horse was a-makin' the same efforts.

"Pacquita turned pale, for she knew that both her lovers had struck the quicksand, and once in it there was no chanct for either of 'em to get out. She made her horse do her best, usin' whip and spur, but she was ridin' across country, with no road, and the goin' was bad. The two men were sinkin' lower and lower and shoutin' like mad for help. Pacquita was the only person to hear 'em, and there was little prospect she'd reach 'em before they sunk out o' sight. She was only a gal anyway.

"When she rode up to 'em their horses' heads was the only part of either critter above the sand and both men had sunk to the waist. Allston, bein' the heaviest, had sunk a little lower than Serrano. Pacquita wrung her hands for a moment, wild at not bein' able to help 'em, each of 'em lookin' at her pitifully. Then she remembered her lariat. Quick as a flash she unwound and poised it ready to throw. Each man was up to his armpits. Even if she had time to save one on 'em she wouldn't have time to save the other.

"This is where the time come I was tellin' you about at the beginnin' o' this yarn, where the gal had to decide which one of the two men she loved, or, rather, the love for one o' 'em that was in her decided the matter for her. Swingin' the loop around three or four times, she let it go and it shot out over the quicksand.

"Which o' them two fellers do you suppose the loop fell on? Why, the little Mexican. When it come to the pint the child love that had growed like a young twig was stronger than the new thing that had come when Pacquita was growed.

"The rope fell true and in a moment was around Jose's shoulders under his arms. Pacquita had the other end fastened to the pommel of her saddle, and, startin' her horse gently, so as not to break the rope, he pulled the Mexican out. Then she fell in a faint, but Serrano didn't waste no time on her. He threw the lasso to Allston, who caught it in his hands. Serrano was tuggin' away, tryin' to pull the Britisher out, when a horseman appeared and, coming up, lent a hand. Together they hauled Allston on to firm ground.

"That was the end o' the rivalry between these two men. Allston went back to England and married the daughter of a lord. Serrano married Pacquita. All of which goes to show that if a gal is in doubt between two lovers she kin find out which one she wants by havin' a chanct to save the life of only one of 'em."

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Welcome Ladies at Toronto Fair

Seeing the fair and the crowds is interesting and wearying work. In the midst of it nothing is so refreshing and stimulating as to sit down and have a cup of really good tea. You will be very welcome at Red Rose Tea booth in Manufacturers' Building where you will be daintily served with a small roll and the most delicious cup of tea you ever had.

RED ROSE "is good tea" TEA

Would Use the Rod.

London, Aug. 31.—Crown Attorney McKillop yesterday advocated most emphatically the introduction of the lash for juveniles in order to stop the epidemic of juvenile crime that has broken out here.

TRAINING LIONS.

A Daring Performance That Had a Very Simple Explanation.

Some years ago a lion tamer who was exhibiting in a German circus in Holland attracted immense crowds at every performance by doing what seemed to be the most daring of acts in the lions' cage. He would climb into the cage with great pieces of meat and throw it to the roaring beasts. The moment they had leaped upon it he would spring among them and put his foot on it. The animals would growl furiously, and then, just as the spectators were all waiting breathlessly, expecting that the beasts would tear him to pieces, they would shrink back, cowed. After he had repeated this exciting act for many days an Englishman made a wager with him for a big sum of money that he dare to do it after the lions had been starved for three days. The trainer considered for a moment and then accepted the wager, making only the condition that he be allowed to have three weeks of preparation.

At the end of three weeks the trainer announced that he was ready, and the process of starving the lions began. The Englishman kept guards posted around the cage day and night to make certain that not a morsel of food should be given to the animals. At the expiration of the three days all Amsterdam rushed to the circus. The lions were maddened with hunger, as any one could see and hear, for they roared continually, and their attempts to break through the bars showed how angry they had become. In the height of the uproar the trainer entered the cage with an immense piece of beef in his arms. He tossed it on the floor of the cage, raised his whip, and, lo, not one lion dared to approach it. The mighty brutes lay crouched, roaring and growling so hard that their great frames shook, and each kept his terrific yellow eyes fixed hungrily on the meat. But not one of them stirred.

The trainer stooped, lifted the beef and tossed it to them again, and in a moment the lions were in a great tawny ball, rending and snarling and tearing, with blood from the mangled beef spurting all over the cage. The Englishman paid his bet and then tried to find out how the lion tamer had acquired such wonderful control over his beasts. At first the man would not tell, but at last he consented to explain it. During the three weeks' period of preparation he had always starved the lions from the very beginning. Then on the fourth day he would enter the cage with a piece of beef which had been soaked in kerosene oil. The lions would no sooner pounce upon it then they would shrink away, sickened by the stench. Then he would throw them a fresh and good piece of beef, which they would devour in a moment. The lions soon became so accustomed to expecting that the first piece of beef that was thrown to them was not good that at the end of three days they would not even move from their corners when the trainer threw it on the floor of the cage. They would not try to eat anything except the second piece. So the daring trick had a very simple explanation.

Writing In Bible Times.

Prof. Flinders Petrie says that there is nothing abnormal, nothing to be questioned, in the general outlines of the Bible story of the exodus. He contends that the spread of writing in those days has been enormously underestimated.

"It is my firm conviction," he says, "that the Europe of a century ago was far more illiterate than the eastern world in Bible times. We have, for instance, a papyrus containing a cook's accounts scrawled in a very clumsy hand, with the reckoning all wrong, but it shows that even a common servant of those days knew how to write. We have another containing a petition from a peasant. These things are extremely important as showing the probability of documentary records of a historical nature existing at the time.—Jewish Chronicle.

Had to Give It Up.

"When can you spare the time for our marriage, Marion?" the betrothed man asked.

The woman consulted her engagement book. "Three o'clock next Friday afternoon," she replied.

"Oh, that will be out of the question!" he cried protestingly. "There's a special meeting of the Glitter Gold Company that I must attend at that time."

"Well, it's the only time I have," she told him, with an air of easy resignation. "Every other hour for the next two years is filled up."

The man jerked his shoulders irritably. "I guess we'll have to call our little matter off, then," he said.

"It seems to be inevitable," she agreed indifferently.

And so they parted.

Repton's New Head.

Rev. William Temple, who has been appointed to the headmastership of Repton (Eng.) School, is the youngest son of the late Archbishop of Canterbury, who was rather fond of telling the following story illustrating his son's partiality for abstruse problems of metaphysics. Father and son, the latter then twelve years old, were starting to visit a remote country parish, and as he got into the carriage the boy exclaimed: "Now, father, we are going for a long drive, and you will have time to explain to me the philosophy of Kant." "That was rather a large order," related the primate; "but I made the attempt.

Careful Upbringing.

When having dinner at a friend's home one evening little George refused, with self conscious dignity, several unwholesome dishes which William, his tiny host, devoured with relish.

Finally, when William began to eat a huge slice of fruit cake, George eyed him wistfully for a long time. Then, leaning his head on his hand, with a sigh, he said:

"Oh, dear; I wish my stomach wasn't being brungded up c'rrectly!"

Some of the new fall hats are to be brimless, it is said.

THOMPSON—CARL.

Toronto Star.—On Monday August 29th, the marriage of Miss L. Carl, second daughter of Mrs. M. A. Carl, and Mr. Reginald T. Thompson, of Toronto, was solemnized very quietly at the home of the bride's mother, at 1991 Queen street east.

The bride, who was given away by her grandfather, Mr. Wm. Battisby, was attired in a travelling suit of navy blue broadcloth, and large black hat with willow plumes. The groom's gift to the bride was a beautiful diamond Marquise ring. The happy couple were the recipients of numerous costly gifts, among them being a handsome cabinet of silver from the officers and staff of Central Canada Loan Company, with which company the groom is connected.

After their return from a trip through the Eastern States, Mr. and Mrs. Thompson will reside at 192 Dowling avenue, Parkdale.

The groom is well known and has many friends in this city. Before going to Toronto he was identified with the Toronto Savings and Loan Co.

A Judgment of Interest

The judgment of Chief Justice Falconbridge in the Johnston-McGibbon action, and which appeared in yesterday's issue of the Review, had been awaited with much interest. When the action was tried here many witnesses were called and the hearing was a lengthy one. Mr. G. W. Hatton acted for the plaintiff, and O'Connell & Gordon for the defendant.

EDSON

ALBERTA

THE COMING CITY OF WESTERN CANADA

And One of the Most Important Divisional Points on the Grand Trunk Pacific Railway.

The Coming Railway, Manufacturing, Mining, Agriculture, Coal and Commercial Centre of Western Canada.

A Few Facts Why Edson Is a Very Important Divisional Point

The Grand Trunk Pacific Railway, like all railway lines, are divided into divisions. The C.P.R. has among many others, its Central division, Prairie Division, Mountain Division and Pacific Division and has created such cities as Fort William Winnipeg, Calgary, Revelstoke and Vancouver. The prairie division of the C.P.R. begins at Winnipeg and ends at Calgary.

The prairie division of the Grand Trunk Pacific Railway begins at Winnipeg and ends at EDSON. Calgary to-day is a large and prosperous city of some (40,000) forty thousand population. Ten years ago Calgary was rarely heard of. EDSON being equally situated on the railway lines to Calgary is destined to become as great a city as Calgary.

UNEQUALLED FARM LANDS NORTH OF EDSON

is situated the grand "prairie country" of the PEACE RIVER which is known far and wide as the last available stretches of unbroken prairie farm lands. The railroad will be built into this country from EDSON at an early date. This alone will necessitate EDSON becoming one of the important manufacturing and distributing points of the West and will add untold thousands of property values.

EXTENSIVE COAL FIELDS NEAR EDSON

South of EDSON about 30 miles are situated very valuable and extensive coal deposits. Mining corporations are investing large sums in developing this wonderful district and a railroad will be built from EDSON to the mines if possible this year. The Yellowhead Coal Company are investing large sums just south of the city in developing their mines and hold contracts from the Grand Trunk Pacific Railway for their general supply of coal for that district.

WONDERFUL TIMBER BELT

West and northwest of EDSON are to be found vast timber areas and as the facilities for transportation and power is unexcelled EDSON will become the chief lumbering city of that part of the West. A sawmill is now being built just north of the city.

EDSON HAS GREAT ASSETS

which will make it one of the greatest cities in Western Canada.

The Grand Trunk Pacific Railway

are now building round houses, shops, etc. at EDSON, and besides being a western terminus of the prairie division, it is also the eastern terminus of the mountain division, and eventually will be as great if not a greater divisional point than Calgary.

BUSINESS HOUSES, BANKS, MANUFACTURERS, ETC.

have locations already purchased in EDSON and considerable building is now going on. Capitalists are evincing keen interest in this new coming western city of EDSON.

EDSON'S RAPID GROWTH

We predict that EDSON with its many natural resources and advantages will become a city of thousands within a very short time and lots bought to-day in EDSON will be selling at several times the present price in a short time. The time to buy lots in EDSON is now.

Ten years ago business and residental lots could be bought in Calgary at prices ranging from $50 to $200, and the self same lots have sold since for $5,000 and up to $20,000. Now if EDSON'S location is equal to that of Calgary what better assurance would you want for a safe investment of your money? A few years will see EDSON property values equal to those of Calgary.

WHAT DOES THIS MEAN TO YOU?

It means nothing unless you participate in the profits, and you can do this only by buying real estate in this young and vigorous western Canadian city. The time to buy is when a new city has passed through a seasoning stage, where it is in a performative period with its natural resources and stragical position assure the building of a big city.

These few facts are sufficient to convince the most skeptical of the immense possibilities at the great future growth of EDSON, and it will only be a matter of a few weeks until the choice lots and locations will be bought up by the men who not only thought but acted quickly.

OUR LOTS ARE NICELY LOCATED

BRAVERY RECOGNIZED; CECIL RICHARDSON TO BE REWARDED

Cecil Richardson, who on July 5th. this summer, saved a boy named Cyril Hughes from drowning, will receive a medal or some suitable recognition of his brave act at the Baden-Powell celebration in Toronto, in connection with the Exhibition. Richardson, who is fifteen years of age, is a member of the local branch of the Baden-Powell Boy Scouts, who are at present in Toronto. The boys return home to-night.

THE OLD SECOND BOOK

Charles Curtis.

We have read books of horror and comedy too, and the shillings we've spent are not numbered a few. We have read them at night, when to bed them we took, but they can't be compared with the old Second Book. The books up-to-date all the same story tell, at the first all goes wrong and defeat casts her spell. In the end things are changed and to jail goes the crook; trash like this wasn't found in the old Second Book. "Little Lamb," "Grandpapa" and "The Fox and the Crow" were read in the days which came five in a row. The old "Lazy Frog" and the "Song of the Brook"—we pause to go back to the old Second Book. And the "Babes in the Woods," with the "Song of the Sleigh," and "The Fables of Aesop," "The Young Strayaway," little "Tom and the Crow" idle "Bill and the Bee" were lessons we learned 'fore we passed into three. We think of them now, they remind us of times when we stopped after four to account for our crimes. And as years pass us by, back with soft thoughts we'll look at the floggings we got in the old Second Book.

GRANT OF $15 FROM CHEESE BOARD TO FAIR

At the Cheese Board meeting this morning it was decided, on motion of Messrs. Young and Duff, that $15 be granted the West Peterborough Agricultural Society, the same to be given as prizes at the exhibition for cheese. The grant was given to East Peterborough last year.

No action was taken in another matter brought up by Mr. Cook. He thought some provision should be made whereby the cheese would be delivered to the buyers at a stated price. At the present time buyers lost considerable time waiting. On some occasions they could not get through their business until one and two o'clock in the afternoon. Then, it was a detriment to the cheese to keep it in the warm sun. Mr. Norton bought Keene, Warminster, Lakefield, Pine Grove, King Edward, Young's Point, Lang, Fraserville, Indian River, North Dummer, Trewern, Bensfort, Cedardale, Stoney Lake, Cavanville, Fleetwood, at 10 13-16.

Mr. Cook took Central Smith, Warsaw, and Maple Leaf at 10 7-8, and Selwyn, Westwood, Oakdale, Myrtle, Ormonde and East Emily at 10 13-16

Norwood, Kilarney, Daisy D. and Villiers were not sold.

The factories and offerings were as follows:—

Keene	140
Warminster	122
Shearer	140
Central Smith	185
Selwyn	167
Villiers	110
Warsaw	185
Westwood	188
Oakdale	144
Daisy D.	105
Lakefield	120
Pine Grove	129
King Edward	115
Maple Leaf	130
Myrtle	130
Ormonde	165
Young's Point	100
Lang	160
Fraserville	100
Indian River	135
North Dummer	80
East Emily	115
Trewern	140
Bensfort	125
Cedardale	95
Stoney Lake	50
Cavanville	98
Fleetwood	150
Norwood	160
Killarney	170

The Board adjourned for three weeks.

BUGLE BAND WILL MEET RETURNING BOY SCOUTS

The members of the Bugle Band wearing their tunics, are requested to meet at the Bugle Band room at the Armouries to-night at seven o'clock from which place they will march to the C.P.R. station to assist in the welcome back the Baden-Powell Boy Scouts from Toronto. The "Scouts" will arrive on the local and will march to the Armouries to disband. The Bugle Band will head the parade. Peterborough has been represented by a fine contingent of boy scouts at the reception to Gen.-Major Baden-Powell at Toronto and they have received warm praise for their splendid showing.

GETTING ACQUAINTED

Bible Class of Knox Church Made a Happy Evening for Strangers and Friends

The ladies Bible class of Knox Presbyterian church entertained the strangers and friends of the congregation last evening at the church, and an enjoyable time was spent by the large number present. An informal programme of music and addresses, with the pastor, Rev. H. J. Keith, acting as chairman, was carried out, and was as follows—

Piano solo—Miss Charles.
Duet—Misses Clara Bartley and Jessie Miller.
Brief addresses—Messrs. J. F. Morrison, A. McKenzie and R. Clifford.
Duet—Misses L. Fair and Jean Robson.

At the conclusion of the programme an hour of social intercourse, which made many new acquaintances, was spent, and refreshments were served.

NORMAL SCHOOL BOARDING HOUSES

Householders who can furnish rooms and board for students should send their names and addresses to the principal of the Normal School at as early a date as possible The school re-opens Tuesday 20th September.

Sprained Her Ankle

Mrs. Jewett, residing on Sherbrooke street, fell on Saturday morning when crossing the street at the market square and sustained a sprained ankle. She was assisted into a nearby store where the sprain was attended to and was then driven home. She will be unable to be out again for a couple of weeks.

Reopen Monday Sept. 12th

E. McMAHON, Secretary, Ottawa.

A Want Ad in The Daily Review

will find the right worker for that job. For the work-seekers who are versed and practised in "nowadays ways" of doing things are sure to turn FIRST to the offers of employment found in THE DAILY REVIEW, "which is why" an employer is enabled to choose the BEST man or woman for the work to be done

SPORTING NEWS

LINDSAY MAY COME FOR HOLIDAY MORNING

Manager Oldham, of the West Ends, is endeavoring to arrange with Lindsay for a game here on the morning of Labor Day, and it is altogether likely that the proposition will materialize. Such being the case, local fans will have an opportunity of witnessing a performance by Kid Keslick, who twirled with the Lindsay team to the long end of the score in the exhibition with the westerners last Saturday.

A return game should take well here, but it is doubtful if the locals could get away with a reverse of that 6—5 score. Keslick was immense after he became acquainted with the opposing batters at Lindsay.

THE PENMAN MEET

The entries for the big Labor Day meet have started to roll in. Quite a few local entries came in yesterday. All those intending to enter in any of the events are requested to have their entry in the hands of the management not later than Wednesday, as no entries will be received after that date.

There should be a large field in the one mile handicap walk, as there are several good walkers in the city and liberal handicaps will be given. The boys' races and the 100 yards' City Championship are filling up rapidly, and these sure will be some race.

The reserved seats in the grandstand are being sold rapidly and quite a few seats were marked off the plan yesterday. The plan can be seen at the Y.M.C.A. any time up till 10 p.m. Saturday.

In a letter from a Toronto friend, J. J. Thompson, who has charge of the meet, was informed that "the way the different men are performing and the form they are showing in their own "back yards" will set the athletic world talking gain. E. P. McDonald, the Toronto Central walker, is going to surprise some one, one of these fine days. The other night in a workout with Geo. Goulding, he covered the mile in 6.36, and was climbing up Goulding's heels at the finish. He goes on to say if your track is as good as you say it is, you sure will have "some meet." Guess we will have the "some meet" then.

BRIEF AND BREEZY

Post:—Manager Oldham, of the Peterborough West End ball nine, informed the Post on Saturday that he would place a team in the junior O.H.A. series this year. Some were inclined to knock the proposition, bue he declared he would be on hand with the goods when the snow begins to fall.

Warder:—Among the interested spectators at Saturday's ball game was Mr. J. J. Thompson, physical director of the Peterborough Y.M.C.A., and formerly of Lindsay, more recently of Kingston. "Tommy," as he is commonly known, is head over heels at work boosting the grand athletic meet for the Penman championships at Peterborough on Labor Day. He expects to see a number of his Lindsay friends at this big meet, which promises to be very interesting.

Forty-five dollars over the $5,000 needed for the Ottawa Henley Fund has been subscribed.

The fastest 32 foot yacht in the world is said to be Cero II., which unpushed by a competitor, won the Ohio speed boat title by getting over a 12 mile course in 25m. 40 secs. When going at full speed the Cero is out of the water half length.

A special train bearing about two hundred and fifty Canadians from Hamilton and Toronto including Tom Flanagan, manager of Pugilist Jack Johnson, passed through Welland on the M.C.R., on Saturday morning. The train was bound for Buffalo, where the members of the party viewed the fight pictures of the famous Johnson-Jeffries prize fight.

Tommy Burns, the pugilist, will play outside home for Vancouver on Labor Day. Burns will find that Tommy Gifford, the New Westminster captain, can hit much harder with his stick than Jack Johnson can with the gloves.

Swallowing a gold pivot tooth which Tommy Morirson knocked down his throat, Marty Allen, a New York fighter, quit in the first round. In response to the urgings of his seconds to continue, he said:

"I'm in de fightin' game for business. Dis fellow comes along, and knocks a gold toof worf' $12 down me t'roat; I got $55 wort' more of gold in me face, which he might knock into me stomach, an' I gets $12 fer fightin'. Is dat business?"

Boat Arrivals

The Canadian Pacific steamer Empress of Ireland from Liverpool, Aug. 26th, was reported 220 miles east of Belle Isle at 10.30 a.m. to-day due at Quebec at 3 p.m. Thursday, has on board 341 first, 300 second cabin, 942 third-class passengers.

HOW WORDS CHANGE.

A Knave Was Once a Lad and a Villain Only a Peasant.

In the New York panic of 1857 a Frenchman declared that he should lose all his "propriety." It sounds like something to laugh at. Nevertheless "property" and "propriety" have the same French derivation. Words have a knack of shifting not only from their sources, but also out of their own original meanings.

We accept an anecdote as a short diverting story. Etymologically it means something as yet unpublished.

To prevent, which is now to hinder, meant in its Latin original to anticipate.

A girl was anciently a young person of either sex.

Mountebank was the term applied of old to the patent medicine vendor who mounted a bench to proclaim his wares. It is from the Italian.

Paradise in oriental tongues meant only a royal ark.

Astonished means literally thunder struck, coming from "attonare."

A knave was once merely a lad and a villain only a peasant.

To be silly was in its ancient sense to be blessed.

To be officious was to be courteously ready to do kindly office.

If a man was facetious, in the early English, he was but urbane.

An idiot was a private citizen as distinguished from an officeholder.

Frontispiece, if considered from its Latin source, is not a picture in the front of a book, but the front view of something. The Latin word is frontispicium.

Beldam is not an abusive term in its French source, but means a fair lady.

Shamefaced comes from a good Anglo-Saxon term which means not one exhibiting shame, but one protected by shame, being therefore innecent and modest.—New York World.

The Flower Harvests of Grasse.

When Catherine de' Medici sent her skilled physician Patis to Grasse with orders that he was to found a laboratory for the distilling of the perfumes of flowers she could not have chosen a better situation. Grasse and the hamlets that surround it are a paradise for growing flowers, so sunny are they and so well protected from the mistral. Tier upon tier of terraced beds are cut out upon the mountain side. Countless patches of gardens lie in the plains below. They are always full of flowers more or less in bloom. Jasmine, tuberose, roses, mimosa, jonquils, hyacinths, carnations, orange flowers and many other things are grown in masses not for ornament or pleasure, but solely for their scent. The first harvest of the year is that of violets. Then follow hyacinths and jonquils, roses and orange blossoms, pinks, carnations and mignonette, jasmine and, lastly, casia and tuberoses —Wide World.

Dutch Worthy of Great Trust.

Replying to an address of welcome from the Pietermaritzburg municipality on a recent occasion, General Botha, the Union Prime Minister, reiterated his intention of making the Union a success and of proving to the British people that the Dutch were worthy of the great trust reposed in them. Any Government, Gen. Botha continued, which adopted any other policy would be short-lived. The British flag was the best thing for the Union, and ensured the protection of the young nation. He promised to do his utmost to kill racialism throughout the Union, and urged the use of common-sense, which would enable the races to live peacefully together.

Lady Minto's Successor.

To follow Lady Minto in India will not be the easiest of tasks, but Lady Hardinge is one of the few women who can be depended upon to perform it adequately. A graceful, pretty, and very charming personality is hers, she has enjoyed since her girlhood the intimate friendship of Queen Alexandra, of whose household she was for years a member. Lady Minto's care for the children of India will be continued by her successor, who takes a very special interest in the poor children of London. Her own childsen are two sons well advanced in their teens, and a ten-year-old daughter who owns the uncommon Christian name of Diamond.

An Earl In Musical Comedy.

The Earl of Yarmouth, who recently appeared, under his stage name of "Eric Hope," in "The Pigeon House," a musical comedy of which he is the author, has had a good deal of stage experience. Some years ago he created a sensation by not only singing and acting in public, but also by appearing in the role of a skirt-dancer. He is said to have twirled his skirts with a skill and dexterity worthy of Loie Fuller herself. The earl is the eldest son of the Marquess of Hertford, and married, in 1903, a sister of Harry Thaw. It may be remembered that this marriage was dissolved two years ago.

Brothers' Strange Meeting.

The long arm of coincidence was never more in evidence than in the case of a Leicester man, who has just returned to England from Australia, after twenty years' residence there. On the same vessel was a man of the same surname, but, as the two traveled in different classes, it was not till confusion in the delivery of letters at a port of call brought them face to face that they found they were brothers. The second brother had been in Australia thirty-one years, and they had not met nor communicated with each other for that period.

Irish Now Compulsory.

When the news reached Roscommon that Irish had been made compulsory for matriculation in the Irish University for 1913, bonfires were lighted in and round the town. The tower of the old castle was lighted up, and a large number of Gaelic Leaguers present cheered and sang Irish songs. Bonfires were also lighted on the hill of Carraun and on Rathbrennan and Mullaghambrick.

An aviator narrowly escaped death at Hanover, Prussia, on Saturday by jumping when his steering gear became tangled.

CAUGHT AT HAVELOCK

A "knight of the side door pullman" arrested by C. P.R. Detective Wright, at Havelock, comes up before County Magistrate Edmison to-morrow morning. He is charged with stealing a ride.

According to his story, he rode from Montreal, and was endeavoring to get as far as Detroit.

Merger at St. John.

St. John, N.B., Aug. 31.—Another big business deal is reported, the merger of the Gibson Lumber interests at Gibson, N.B., the Partington Pulp & Paper Mill, and the Cushing Lumber Mill here.

It is reported that the C.P.R. has an option on the cold storage plant.

Tenders For Bridges.

Ottawa, Aug. 31.—There is to be considerable competition for the superstructure of the Quebec bridge. Tenders are expected from Canada, America, Britain and Germany.

Earthquake In Calabria.

Rome, Aug. 31.—A strong earth shock was felt throughout the Compartment of Calabria at 3.15 o'clock yesterday morning.

Goes Down for Nine Months.

St. Catharines, Aug. 31.—Frank Philbin, the absconding Thorold mail clerk, and express messenger, who made away with $100 that he was to have delivered at the St. Catharines office of the Dominion Express Co. and was arrested at Cornwall on Saturday, was sentenced to nine months in the Central.

It seems certain that in the early fall the narrow skirt and peasant bodice will prevail.

Give the Family Income a Chance

Perhaps the family income is big enough after all.

Perhaps the reason it does not seem to go as far as it should is because you do not spend it thriftily enough.

Perhaps when you buy, you do not go to the right stores at the right time.

If you read the store advertisements regularly you will soon see ways of stretching your dollars.

You will soon learn where to go for this and where to buy that.

You will soon be giving your "expense money" a chance to buy you the things you now need and other things that a little surplus money might make you think you need—

But which you cannot now afford.

TORONTO, Aug. 30.—Receipts of live stock, as reported by the railways, were 74 carloads, consisting of 919 cattle, 942 hogs, 1230 sheep and lambs, 226 calves and 6 horses.

Fat Cattle Prices.

Medium to good butchers, $5 to $5.40, and one or two lots at $5.50 to $5.60.

Stockers and Feeders.

Feeders, weighing from 900 to 1000 lbs., are worth from $4.75 to $5.25; feeders, 800 to 900 lbs., sold at $4.50 to $4.75; stockers, 600 to 750 lbs., sold at $4 to $4.35.

Milkers and Springers.

There was a strong market for good quality milkers and springers. Prices ranged from $40 to $65 each.

Veal Calves.

Receipts of 226 veal calves found ready sale at $3 to $8 per cwt.

Sheep and Lambs

Twelve hundred and thirty sheep and lambs sold at the same prices as quoted for Monday's market. Sheep, ewes, sold at $4.25 to $4.60; dams and culls, $3 to $2.50; lambs, $6 to $6.40 per cwt.

Hogs.

Selects, fed and watered at the market, sold at $8.90 to $9, and $8.65 to drovers, f.o.b. cars at country points.

East Buffalo Cattle Market.

EAST BUFFALO, Aug. 30.—Cattle—Receipts, 250 head; fairly active, shade easier; prices unchanged.

Veals—Receipts, 25 head; active; 25c lower, $6.50 to $10.25.

Hogs—Receipts, 800 head; active; 20c to 30c higher; heavy, $9.85 to $10; mixed, $9.85 to $10; yorkers, $9.80 to $9.95; pigs, $9.65 to $9.80; roughs, $8.10 to $8.25; stags, $6.50 to $7; dairies, $9.75 to $9.90.

Sheep and Lambs—Receipts, 400 head; active; sheep steady; lambs 10c higher; lambs, $4.75 to $7.25; yearlings, $5 to $5.50; wethers, $4.75 to $5; ewes, $4.25 to $4.50; sheep, mixed, $2 to $4.50.

New York Live Stock.

NEW YORK, Aug. 30.—Beeves—Receipts, 405; nothing doing; dressed beef steady.

Calves—Receipts, 370; market weak; veals, $8 to $10.75; western calves, common, $4 to $5; dressed calves slow; city dressed veals, 14c to 17c; country dressed, 10c to 14½c.

Sheep and Lambs—Receipts, 4772; steady; sheep, $3 to $4.75; lambs, $6.50 to $7.75.

Hogs—Receipts, 1460; market strong, at $9.55 to $9.85; pigs, $10.

Chicago Live Stock.

CHICAGO, Aug. 30.—Cattle—Receipts, 6000; steady; beeves, $4.90 to $8.40; Texas steers, $3.75 to $6; western steers, $4.25 to $7.25; stockers and feeders, $4.10 to $6.20; cows and heifers, $2.60 to $6.60; calves, $6.50 to $9.

Hogs—Receipts, 14,000; market 5c up for light; others steady; light, $9 to $9.55; mixed, $8.60 to $9.40; heavy, $8.45 to $9.25; roughs, $8.45 to $8.70; good to choice, heavy, $8.70 to $9.25; pigs, $8.75 to $9.50; bulk of sales, $8.85 to $9.10.

Sheep and Lambs—Receipts, 25,000; market strong to 10c up; native, $2.75 to $4.65; western, $2.85 to $4.65; yearlings, $4.65 to $5.75; lambs, native, $5 to $7.10; western, $5 to $7.

Reports state that the opium habit is spreading rapidly among women of social standing in London.

THE REIGN OF TERROR.

Career of Robespierre, Head of the Revolutionary Tribunal.

One of the most striking figures in the French revolution was Maximilien Robespierre, who was born on May 6, 1758. He was the head and shoulders of the French revolution, frequently remaining in the background, however, leaving the work of carrying out his plans with Danton and Marat.

There had been turbulent political times in France for several years. The king had made repeated concessions to the Republicans, while he cherished schemes for escaping their control, but each month added to his humiliations and to the boldness of his enemies. Finally in September, 1792, the national convention was organized, the monarchy abolished, and France was declared a republic.

The convention was divided into two parties, bitterly hostile to each other, one called the "Mountain party" and the other the "Girondists." Of the former the leaders were Robespierre, Danton and Marat, noted for their wickedness and cruelty. One of the most eminent of the Girondists was Vergniaud, distinguished for his eloquence.

The Mountain party having triumphed in the convention, the Girondist leaders were guillotined. The reign of terror was then inaugurated, during which the revolutionary tribunal, controlled by Robespierre, caused thousands to be seized and hurried to the guillotine. Among these victims was the unfortunate Marie Antoinette (October, 1793).

Alison in his "History of Europe" says: "Night and day the cars incessantly discharged victims into the prison. Weeping mothers and trembling orphans were thrust in without mercy with the brave and the powerful. The young, the beautiful, the unfortunate, seemed in a peculiar manner the prey of the assassins. Fifteen only were at first placed on the chariot, but their number was soon augmented to thirty and gradually rose to eighty persons who daily went forth to the place of execution.

When the fall of Robespierre put a stop to the murders arrangements had been made for increasing it to 150. An immense aqueduct to remove the gore had been dug as far as the Place St. Antoine, and four men were daily employed in emptying the blood of the victims into that reservoir.

The cruel and wicked men concerned in these atrocities almost invariably met with a violent death. Marat was assassinated by Charlotte Corday. The faction of Robespierre, triumphing over that of Danton, caused him and his adherents to be guillotined, and a few months afterward this dreadful period closed by the execution of Robespierre himself in 1794.

When Robespierre ascended the fatal car to go to his death his head was enveloped in a bloody cloth, his color was livid and his eyes sunk. When the procession came opposite his house it stopped, and a group of women danced around the bier of him whose chariot wheels they would have dragged the day before over a thousand victims. Robespierre mounted the scaffold last, and the moment his head fell the applause was tremendous. In some cases the event was announced to the prisoners by the waving of handkerchiefs from the tops of houses.

Guarding an Actress' Jewels.

Each night Miss Fanny Ward, the famous English actress, makes her appearance on the stage at the Palace Theatre, Shaftesbury avenue, in that clever sketch, "An Unlucky Star," she wears jewels worth $2,500,000. Miss Ward employs an armed detective, who takes her jewelry to her dressing-room every night, and after the show carries it back to the depository at the bank. Once, when Miss Ward returned from a tour, she left her bag containing all her jewels and $10,000 under a seat in the public dining-hall of an American hotel. Luckily it was found by a waiter and put in the safe. "But," says Miss Ward, "you can figure for yourself just how scared I was."

The Horse's Ears.

Whether you drive a single horse or a team the principles are the same, but in driving a pair see to it that each horse does his share of the work and no more. A pair of horses, moreover, unless well driven are sure to get in the habit of wandering over the road. To drive well you must keep your eye and your mind on the horse. Watch his ears. They will be pricked forward when he is about to shy, droop when he is tired, fly back just before he "breaks" (into a gallop) and before he kicks. Before kicking, too, a horse usually tucks in his tail and hunches his back a little. When you observe any of these indications speak to him sharply and pull up his head.

Unparalleled Generosity.

Town Councilor—Have you heard, Mr. Skinflint, that our generous townsman, Mr. Muller, is defraying the cost of a new promenade all around the town? We think a wealthy man like yourself might also do something for us.

Skinflint—Well, what do you say to my giving you a park of oak trees?

Town Councilor—Oh, you noble hearted philanthropist! Why, do you really mean to—

Skinflint—Yes, yes; I'll make the town a present of an oak forest. You have only to find the land, and I will supply you with as many acorns as you may want for seed.

A Startling Reply.

A gentleman whose hearing is defective is the owner of a dog that is the terror of the neighborhood in which he lives. The other day he was accosted by a friend, who said:

"Good morning, Mr. H. Your wife made a very pleasant call on us last evening."

"I'm very sorry," came the startling reply. "I'll see that it doesn't occur again, for I'm going to chain her up in future."

Bonus for Tobacco.

A state grant of $250 an acre is made for experiments in Irish-grown tobacco.

M. Legagneaux, the French aviator, was seriously injured at Havre on Saturday when his machine struck a post.

GOAT MILK FOR HEALTH.

Doctors Prescribe It, and Demand Exceeds Supply.

Concerning goat milk an authority on goats has the following to say: One of the most easily digested as well as nutritious foods for human consumption is goat milk. The most eminent medical authorities hold that it is the most dependable of all foods for the production of adipose tissue and for this reason is ideal for dyspeptic and emaciated people. Where others fail it succeeds. Although digested more readily, goat milk contains nearly twice the amount of butter fat—that is, the quality that nourishes—than is contained in the milk obtained from the cow.

Moreover, to those accustomed to the difference the former is more palatable, more delicious to the taste. This fact, together with its conceded value as a nourishing food, has established a substantial demand for goat milk for domestic use. A brisk demand exists and a ready sale awaits all that is produced. The price is about 25 cents a quart.

A considerable quantity is sold upon the recommendations of progressive physicians. It is particularly beneficial to infants afflicted with stomach or bowel troubles or those worried with intestinal worms. Many feeble and aged people purchase it also and derive great benefit from its use. It makes the weak strong and the strong stronger. Those suffering with tuberculosis find it a boon indeed.

A close personal experience covering many years has proved beyond a doubt that the benefits attending the industry of raising milk goats exceed by far those to be had in breeding or dealing in any other kind of domestic stock. As a money making proposition a goat milk and cheese dairy proves a veritable gold mine at home. Considering the few dollars invested, no other legitimate enterprise compares with it.

Milk is an admitted necessity to every one from the day of birth to that of death. But the milk should be rich and pure. This is why goat milk is regarded so highly, for eminent physicians the world over concede that it is an embodiment of purity and wholesomeness. It is recommended, therefore, frequently not only as a remedy but a cure for many of the ills to which mankind is heir.

Tip on Sheep Dog Training.

Training a young sheep dog which never had the benefit of seeing an older dog at work is a difficult business. It is best to teach a dog when he is young. If possible let him have a run with an old dog at the game, but check any inclination to play. If you have no opportunity to let a young dog learn something of the early tricks of sheep driving it is best to begin determinedly with him at home. The first lesson is obedience, of course, and right on top of that get him into the habit of lying down when told. If he will not lie down and stay there

FINE SPECIMEN OF COLLIE.

get hold of him and spread him out on all fours and hit him (not very hard) until he realizes what is meant. Leave your hat or handkerchief by him to "mind," and that conveys quicker to him the idea his duty is to protect something belonging to you. Next let him become accustomed to driving stock. Practice first with a herd of cattle, if possible, and make him understand your movements of stick or arms and cries or calls, and, above all, see he "mouths" the stock carefully. If he once gets hold of the biting habit he will go from bad to worse. When driving sheep it is especially desirous that he should not bite them. Indeed, it is imperative.

Silage For Sheep.

There is much difference in opinion as to the value of silage for sheep. Summed up it amounts to this: Silage made from well matured corn and having in it little acid seems very favorable to fattening lambs, and it is good for breeding ewes if fed in moderation. Silage that is acid from any cause affects sheep in a way never seen with cows, giving symptoms like poisoning, attended with affection of nerve centers and paralysis, with ultimate death. So it is not as safe to feed silage to sheep as it is to feed it to cows. Nevertheless many sheep owners are feeding silage.

Water For Skimmilk Calf.

After a skimmilk calf is a few days old it will drink water, and it should be supplied regularly the same as other animals. It will suffer especially in hot weather if it gets no water. Save all the heifer calves from the best producing cows for future breeding stock. Veals are at a good price at present, but it is poor economy to sell a heifer for veal that in a short time will make a good cow.

Tip For Cow Herders.

Get ahead of the cows and find the weak places in the fence first. When they get out it is the hardest kind of work to make a fence good enough to hold them.

Three foreigners were sentenced at Niagara Falls for pilfering from M. C. R. freight cars.

564 GEORGE STREET

HIGH JINKS AT CORN ROAST UNDER AUSPICES OF BIBLE CLASS ON FARM OF MR. WALTER KIDD

The corn-roast and social held under the auspices of the Helping Hand Bible Class of Park street Baptist church last night was particularly successful.

THE GROUNDS.

The spacious and beautiful grounds surrounding the farm of Mr. Walter Kidd, at whose place the social was held, though pretty at any time, were decorated for the occasion. Chinese lanterns and flags were suspended at intervals above the lawn, casting a pretty shade on all objects below. The grounds form an ideal place for such a function, being completely encircled by a high well-trimmed hedge.

WERE PUNTED ACROSS.

Owing to the lowness of the water at the banks of the river near Mr. Kidd's home, the launches were unable to approach close enough to land their passengers. A fleet of punts, however, did noble duty in transporting all across.

A FOOTBALL MATCH.

Quite a number went across early in the afternoon and had their supper about six o'clock. A foot-ball match between the Coldsprings team and the Park street men was probably the most exciting event of the evening. Mr. Riddiford refereed. The field was rough, as was also the play at times. Darkness coming on so quickly made things a little worse and the score at the finish read 1—1. Several members of the Brinton Carpet Works' team played in the game. The line-up of the team was as follows:

Coldsprings. — Backs, Bishop and Rew; half-backs, E. Mahood, McMartin Mahood; forwards, Williams, Speers Stenson, Wilson and Kidd; goal, Kitney.

Park Street.—Backs, Gribbs, Brawn; half-backs, Biddle and Fallis; forwards, Elliott, Kitney, Peters. Barrett.

THE PROGRAMME.

By nine o'clock the grounds were comfortably filled. Rev. Mr. Riddiford made a short address thanking the people for their hospitality. He outlined the programme for the evening which immediately followed. Mr. Kemp with his graphphone put on several selections.

Then followed the distribution of the corn. So great was the demand for it that more had to be roasted and while it was being prepared the program was continued. A quintette composed of Messrs. Miller, Moore, Kennedy, Green and Tranter, sang and were heartily encored. They are all members of Park street church. Rev. Mr. Riddiford next introduced Mr. J. R. Stratton, who had consented to speak to them. Mr. Stratton made quite a witty speech. He was glad to have the opportunity of addressing them. He said he was glad to have a helping hand in the work of the church. He believed that he had as many bricks in different churches in his name as any man. Perhaps that was the reason so many bricks are hurled at him. Brought up in the neighborhood and knowing well the people, Mr. Stratton said that he was glad to be allowed to once more associate with those that he had known in his youth. He also made reference to the bridge which the people of Coldsptings are asking for, and said he would endeavor to get it for them.

After his address Mr. Riddiford explained that there would be no more corn distributed for the simple reason some mischievous person had slipped around the back way and taken it. This raised a great laugh.

The quintette again sang and shortly after the crowd dispersed after singing the National Anthem.

Special street car service at eleven o'clock conveyed all to their homes. The refreshment booths realized well on their sales.

CAVAN NEWS NOTES

Cows Killed by Lightning—Horse Dropped Dead—Two Men in Buggy Struck by Lightning

Special to Review

Cavan, Aug. 30.—Mr. and Mrs. Richard Swain, of Lindsay, were the welcome guests of Mr. J. W. Gardiner on Wednesday last.

COWS KILLED.

During the severe electrical storm which visited this section on Tuesday two valuable milch cows belonging to Howard Keegan, were struck by lightning and instantly killed.

HORSE DROPPED DEAD

Mr. Percy Stewart had the misfortune to lose a valuable horse last week. He was drawing the first load of grain into his new barn, which is entered by a very steep gangway. At the first attempt the team failed to draw the load into the barn, but the second time they succeeded. After they had been in the barn a few minutes one of the horses fell to his knees and expired immediately.

Mr. Sam Ferguson, of Cobourg, was out to Cavan last Monday arranging for some improvements to his property, which is under the care of Mr. Blakely at the present time.

Miss Elvy Raper, of Peterborough, is a welcome visitor at the home of her uncle, Councillor McRoberts, of Cavan.

Mr. John Clarke, of Millbrook, had the misfortune to fall and sprain his wrist last week. He is doing as nicely as can be expected, under the circumstances.

STRUCK BY LIGHTNING.

Mr. William Tinney and Lou Parnell were struck by lightning on Tuesday last, during the thunderstorm. They had taken refuge in an implement shed along with some other men when the lightning struck a tree adjoining the shed. Mr. Parnell, who was leaning on a buggy wheel, received a shock which sent him to his knees. It was some time before he recovered. Mr. Wm. Tinney, who was sitting in the buggy, received a slight shock also, but fortunately neither of them were seriously injured. It also struck a hoe handle and split it from top to bottom. Altogether it was a narrow escape.

Friends and acquaintances of Mr. Harold Kithcart, Springville, will be pleased to learn that he is making rapid progress towards recovery from the operation which he underwent recently.

The Cavan Council met on Friday last, when the principal items of business were discussed. After a very lengthy and profitable meeting the members, on motion, adjourned until 10.30 a.m. on Wednesday, September 14th.

Harvesting is pretty well wound up in this locality, but the farmers are seriously hampered in gathering in what remains owing to the continual wet spell. The crops around this section are pretty well up to the standard this year. The pea crop is rather poor, twenty bushels per acre being the highest average yield heard of so far, and in a great many cases the farmers will not get their seed. The failure of the pea crop is attributed to the drought which prevailed during June and July.

Mr. Wm. McMaster has purchased a new threshing outfit which, along with his past reputation as a good thresher, should ensure him a large season's work.

Mrs. Sam Staples, who has been making her home with her daughter, Mrs. Moses Sutton, for some time past, has removed to Port Hope, where she will reside with her daughter, Mrs. Purser. Mrs. Staples will be missed by a wide circle of friends, whom she leaves behind.

A POWERFUL TELESCOPE.

Mr. Wm. Rutherford, of the 10th line, reports that after the severe electrical storm which visited this section last week he was enabled, by the use of a powerful telescope, which he possesses, to see six buildings on fire, presumably from th eeffects of the lightning.

An interesting event took place on the farm of Mr. Herbert Biglow, last week, when Mr. W. H. Porter, of the O.A.C., conducted a drainage demonstration. About twenty farmers were present. The O.A.C. maintain a staff of land surveyors and drainage experts by which means any farmer who makes proper application through the department may secure the services of any one of them. The only expense attached to it is the railroad fare, which is figured at one cent per mile from Guelph and return, and the board of the men engaged in the work. The total cost seldom exceeds two dollars. After the preliminary work was done Mr. Porter explained the various methods of drainage and the different kinds of tile to use. He also showed them how to find the true level with the home-made level which he used, after which Mr. R. S. Duncan, B.S.A., Instructor of Agriculture in the Port Hope High School, gave the farmers an address on the various and most important agricultural subjects of the day. Altogether the work of the afternoon proved very interesting and instructive, and many of those present went home with a great many new ideas instilled into them and with the avowed intention of carrying them out in the near future.

Mr. John McIntosh, of North Monaghan, and Miss Teenie McIntosh, of Winnipeg, were visiting friends in this vicinity on Sunday. Miss Teenie leaves for Winnipeg about the first week in September.

Mr. and Mrs. Harry Clarke, of Springville, were welcome visitors at the home of Mr. and Mrs. A. B. Kennedy on Sunday.

Mr. Harold Foster, of Winnipeg, was the guest of Mr. John Benson on Sunday last.

FINE TEAM BOUGHT.

Mr. Joe Staples, of Ida, purchased a team of hackneys in Norwood last week which no doubbt will be good ones, as his former purchases will testify. Mr. Staples recently sold a hackney driving mare for $350 dollars.

NEWS FROM THREE THRIVING PLACES

Perrytown — Campbellcroft — Garden Hill — Many Live Personals

Special to the Review.

GARDEN HILL.

Garden Hill, Aug. 30.—Mrs. Allin, of Rochester, is visiting her sister, Mrs. A. C. Beatty.

Mrs. Hugh Carruthers, of Alvinston, is the guest of her mother, Mrs. Deyell.

Mrs. Harry Lock and son, of Toronto, are renewing old acquaintances here.

Mr. Eph. Dean has gone to Saskatoon.

Mrs. Goheen, of Rossmount, was the guest of Mrs. H. Noble last week.

Mr. and Mrs. and Miss Edyth Hoover intends taking a month's holidays in Markham.

Mrs. Brodie and Miss Aileen Ferguson went to Preston to attend the Hanna and Milloy wedding there.

Mr. Duncan, of Collingwood, with his family, came down in their auto to visit Mr. Fred. Duncan.

Mr. McLung, of Centreville, visited his brother here last Sunday.

PERRYTOWN.

Mr. and Mrs. James Caldwell of Port Hope, spent a couple of days with their son, Willie

Mr. and Mrs F. B. Livekin of Newcastle came down in their auto to attend the funeral of the late Mrs. R. J. Bruce, Tuesday last.

Mr. and Mrs. W. H Moyse of Bowmanville came down by auto to the funeral of Mrs. Bruce.

Mr. and Mrs. Herbert Moyse and Mr. John Moyse of Bowmanvillle attended Mrs. Bruce's funeral, also Mr. Boulty of Peterboro' attended.

Miss Irwin of Battle Creek, Mich., attended the funeral of the late Mrs. Bruce.

TRY A REVIEW WANT AD.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

EXPERT OPINION.

To the Editor of the Review.

Sir,—In your remarks on "Expert Opinion" you miss the vital question about this lunacy business. In the asylums the murderer is practically absent, the patients being mostly there to be put out of the way for money or other considerations. The murderers are often in league with the officials, as at Hamilton, and you can imagine the life of the innocent patients, and the danger to the public.

PRO BONO PUBLICO,
Peterborough, Aug. 30, 1910.

To the Editor of the Review.

Sir,—When do the Bessie Butler have a picnick for the common people? The clargy and the big grafters are, as usual, having the pick, while the only pick I get is the pick I use day by day, and it is no picknic, I kin tell ye. It is a great sight to see Commodore Mac and the little boy McClary carrying his bag up and down the raging canal. Hooray for thim, ivery man of them—and the divil take them.

Yours,
ONE OF THE PEOPLE.
Peterborough, Aug. 31, 1910.

To the Editor of the Review.

Dear Sir,—Upon the whole, your editorial paragraphs may be pronounced very good. Being short, to the point, and not without considerable weight and dignity, they make good hot weather reading, are certainly superior for the ponderous, platitudinous sort found in some of your contemporaries.

But sir, whether I may be a little peevish to-day or not, I nevertheless feel, in looking over yesterday's editorials and calling to mind in a general way others that have recently appeared, that you are becoming a trifle sensational. This may not be just the right word to use. At any rate it is not considered very offensive, much less so than another I was very near using.

In your article upon "Church Union" you speak of it as a lesser question than the problem of overlapping, and fail to recognize that the proposed union of churches is in a large degree an effort to prevent the thing you deplore. If I rightly understand the movement it has underlying it a growing desire to see the resources of the churches in men and money more wisely and economically utilized, which it is admitted will become possible through a better adjustment of boundaries and the preventing of needless overlapping, especially in the newer districts where churches are being organized, and in the mission fields abroad.

Your remarks concerning the half-filled churches in Peterborough and your inference therefrom that it might be better were some of them closed altogether and that their parsons, (a better word could have been used) and choirs, etc., are unpractical, and could be better employed, are, to say the least, a little wide of the mark.

Everyone knows that when conditions are normal, as they soon will be, the churches of Peterborough are well filled and in some instances overtaxed; that in every case where new edifices are being erected it is to provide necessary accommodation and equipment, with a view to reaching more effectively the non-churchgoers to whom your sympathy very properly extends.

As to singers and sextons, I cannot think you mean to detract from the importance of the place they fill in the religious activities of the city, and upon a little enquiry it will be found that among them are some of the noblest Christian workers.

The writer is not disposed to comment upon the compliment you pay to the "parsons," for the reason that he is one of them. But, sir, just look again at the closing sentence of your editorial in question, and see if you do not think they may tend to throw a barrier between pastors and non-churchgoers, and especially to arouse passion among working people who may have rent to pay, but have exemption from lots of other things, for which there is no existing reason.

I do you the justice, Mr. Editor, in assuming that the article referred to was either written in a hurry, or else when you were like myself, not very cheerful.

Yours faithfully,
ONE OF THE PARSONS.
Peterborough, Aug. 31, 1910.

Note—The editor never felt better in his life and wasn't in a hurry.—Ed.

Necessary to Give Good Value

We feel that every College attended, any experience we have had in the eye hospital, and every year of optical practice, has been necessary, and still we study daily to give each patron the very best value we can in thoroughness of examination, as well as accuracy, neatness and quality in every pair of the glasses which it is our privilege to supply. We aim to give you the very best we can, for your dollars. We believe this is why we grow.

THE PUBLIC APATHETIC IN MUNICIPAL AFFAIRS

Mayor Geary of Toronto in Welcoming the Delegates to the Union of Canadian Municipalities Refers to Lack of Interest in Civic Matters.

Toronto, Sept. 1.—Apathy by the general public in the administration of municipal government and in solving its great problems was freely referred to at the tenth annual convention of the Union of Canadian Municipalities, which opened in the City Hall yesterday.

"I do not believe our people take an intelligent, lively and active enough interest in municipal affairs," was the way Mayor Geary put it when tendering the civic welcome.

"The indifference of the public in municipal administration gives evidence that the problem of self-government has not yet been fully solved," was the view of President W. Sandford Evans, mayor of Winnipeg.

"This country," said Mayor Geary, "is not getting the service from the railway companies which it is entitled to. We all feel that it is a matter of interest to everyone that freight and passenger traffic should receive more attention. It is a state of things that should not exist in a growing country."

The address of welcome was replied to by Ald. Delian of Montreal, representing Mayor Guerin.

'Municipal finance," said President Evans, "as a distinct problem in municipal administration, has not, I believe, received the attention its importance deserves. Municipal accounting, which is the science of keeping the record of the money raised and expended by a municipality, is very properly receiving careful consideration, but before monetary transactions can be recorded, money must be obtained, and this primary problem of raising the money, of which the account is to be kept, is not sufficiently studied or discussed.

"What principles or conditions govern the amount of money a municipality is justified in borrowing or in collecting through the rates? What is the best form of municipal securities? What are the best methods of marketing these securities? How can municipal credit best be maintained and improved? In other words, how much money should we raise and how can we most successfully raise it? No questions can be more important to a municipality, and yet there are no aspects of municipal work less clearly understood.

"Publications to which reference can be made are very few. Each succeeding administration is left to find out something by experience, or in a blind traditional way to continue to offer occasional series of securities to a market that somehow absorbs them."

He considered London the market where best terms could be obtained for issues exceeding $500,000. Issues of smaller amounts, he thought, should be absorbed in Canada.

"If smaller municipalities wish to reach London it would be better for them to accumulate securities until they can issue at least the minimum of $500,000.

Secretary W. D. Lighthall, in reporting on the work of the union, said:

"We have found specially troublesome certain large combinations. One was the Bell Telephone Co., which, as regards us, is an essentially United States corporation. After years of contestation we obtained our points and it is now quiet. Another, of Canadian origin, and which has proved the most serious and deftly managed organization the municipalities have thus far had to fight is the Mackenzie-Mann combination, which has pulled Ottawa political wires on a large scale against our cities for many years, and has been said to 'own the house.' Their enterprise is admirable, but some of their methods regrettable; perhaps we may expect more agreement with them in the future. But both are now overshadowed by a new combination to which the attention of every Canadian citizen ought to be directed. I refer to the Pierpont Morgan influence. We have it on good authority that this financial organization is so complete that all the principal city franchises, water powers and great resources generally of Canada are mapped out in New York for systematic invasion, on the same lines as those of the United States."

AH! THE VILLIAN WHO WAS HE TO PEPPER "MY NOBLE LUD" TO SAY NOTHING OF THE "GILLIE" "FAMOUS" NAME PLEASE QUICKLY

Aberdeen, Sept. 1.—The guests of King George were thrown into a panic to-day when a shooting accident in which two persons were hurt, occurred on the Dee side preserved by Lord Kilmarnerk, second secretary to the diplomatic service, was peppered with shot around the ear and nose and his right arm was riddled, a gillie or gun bearer, was also riddled, while both the lord and retainer were declared to be not seriously injured, both received immediate surgical attention. Efforts to keep the affair secret were made, but it was learned that the accident was caused by the carelessness of one of the party, a man whose name is famous around the world, and whose ancestors have played a prominent part in history.

A MERCHANT PRINCE SUDDENLY DROPS DEAD IN CITY OF TORONTO

Special to the Review.

Toronto, Ont., Sept. 1.—Andrew Darling, head of the Andrew Darling Company, the well known dry goods firm, dropped dead just after leaving the bath room at his residence, Sussex Court, this morning. Apoplexy is given as the cause of death. Mr. Darling was for years a member of the Wyld Darling firm, and when this firm retired after the great fire a few years ago, he purchased the assets. Mr. Darling was of Scotch parentage, was born in Montreal in 1852, He leaves a widow, but no family.

WAS WILFULLY MURDERED; MAN HAD WIRE ABOUT BODY

Coroner Pickering, After Verdict Was Found by His Jury in Toronto, Said Renewed Efforts Should be Made by Police to Secure Further Evidence.

Toronto, Sept. 1.—That the man whose body was found in the bay at the foot of Bathurst street on August 20 was wilfully murdered was the conclusion arrived at by the coroner's jury which investigated the circumstances at an adjourned hearing last night. Constable Young, who found the body, repeated his evidence submitted at the first hearing, to the effect that a wire had been found wrapped about the body in such a manner that it could not possibly have been tied by the deceased himself. The wire was looped in front and at the back, and might, he said, have held two stones. One of the loops was scratched as if it had been drawn against a stone.

Dr. Silverthorne, who performed the post-mortem, said there were no marks on the body of any kind, and all the organs were in a healthy condition. The lungs were of normal size, while if the man had drowned they would in all probability have been bloated. In the doctor's opinion the body had been in the water from one to two weeks.

Coroner Pickering intimated that he agreed with the verdict, and suggested that renewed effort should be made to secure further evidence.

BADEN-POWELL IS LOOKING FOR SHIP AS TRAINING SCHOOL

In Speech at Canadian Club, Toronto, He Says He Has Had One Offered in Vancouver and One in Victoria—Now He Wants Quarters Afloat for Lads on the Great Lakes.

Toronto, Sept. 1.—That Canada, with its lakes and waterways, is well adapted for the launching of a sea scouts organization, was a statement by Gen. Baden-Powell at the Canadian Club yesterday who drew attention to the start made on the Pacific coast and to the establishing of the Canadian navy as giving a special incentive.

It was, as J. F. McKay, president of the Canadian Club, remarked, a memorable event. The guest of honor sat between Mr. McKay and President J. Castell Hopkins of the Empire Club, and the 600 persons who crowded the banquet hall were well representative of the two organizations.

"B.-P." was greeted with a great volume of cheers. He had come to Canada, he said, with a fad and had found that it was received as something of value. From the way in which the movement was extending, he hoped it would be of value to the whole Empire. He was merely offering a suggestion as to training boys. It all depended on how it was taken up in each centre.

He looked at it from a peace point of view. The aim was to cultivate the principles which actuated the frontiersman, who had promoted civilization under exceptionally difficult circumstances. These men were full of resource, hope and pluck. Men who did this work because it was their duty were the very best type of the race, and it was this type which was held up to the lads as an ideal, whatever their religion or nationality.

In the old country, with its great cities teeming with lads, such a work seemed very desirable. The boys could learn the "three R's," but not character in the schools. A man did not succeed from what he learned at school, but from the character he developed in himself. A school for character seemed needed in the old country. In Canada it was different. This country was not suffering from the same disease of unemployedness and unemployableness. The Canadian boys were fine, independent lads.

"B.-P." drew applause when he explained how the plan of offering badges for proficiency in various branches of handicraft stimulated boyish ambition. There were 33 different kinds of badges covering useful trades. The boys were not taught, but given incentive to secure training elsewhere, so that they could pass the examinations. Probably the boy would find one or other occupation most suitable and make that his life's work, "and not be absolutely helpless and hopeless like so many wasters at home to-day." One qualification was a bank account. While only a shilling was required, the boy had broken the ice and had his bank book.

Speaking of the latitude given scoutmasters resulting in varied activities, including sea scouting and mission work, "B.-P." declared:

"With Canada's great lakes and rivers it is quite possible to raise a large force of sea scouts, and, in view of the navy, it may be useful in time to come." All that was needed was a few ships or hulks to serve as training quarters or clubs. In Vancouver a gentleman had offered a ship, and he understood it was the same in Victoria. A few more only were needed to start the sea scouts movement, and he hoped his hearers would give encouragement where they found it possible and that "the whole boyhood of Canada would be made into a solid block of good citizens."

Accompanied to the depot by prominent citizens and a body of boy scouts, the scoutmaster took the train in the evening for Ottawa.

WAS NOT PLACED HALF A MILE

Farmer Testifies to Distance Torpedo Was From G.T.R. Wreck

Durand, Mich., Sept. 1.—The inquest into the recent Grand Trunk wreck here, in which eight lives were lost, was nearly two hours late beginning, owing to a conference between the members of the Michigan State Railroad Commission and Attorneys representing the Grand Trunk.

When the jurors finally got together in the diminutive town hall there was little room left for spectators, but fifty of these managed to squeeze in.

Coroner Hatchell announced that thirty witnesses were on hand to testify, but less than half of these had been heard when adjournment was taken last night until Sept. 7.

The most important witness was Alexander McAfee, a farmer of Vernon Township, whose home is less than one mile from where the wreck occurred. He had heard the torpedo explode as train No. 4 rushed down towards No. 14, the train ahead, and almost the same instant came the crush of the collisions. There could not have been more than a couple of seconds' time elapse between the two he declared.

This evidence is considered most important, fixing, as it does beyond all doubt, the fact that the track torpedo had not been placed half a mile in rear of No. 14, as the railway company has all along declared was the case.

Twenty minutes after the trains came together, McAfee swore, he had dressed and reached the scene in his automobile. By this time the Pullman, a mass of flames, and although the bodies of several of the victims could be distinctly seen inside, McAfee asserts the trainmen then near by made no attempt to rescue them.

From the line of action being pursued by the railway company, it is apparent they will endeavor to show Engineer Spencer of No. 4 is to blame for the collision, and already they are offeering the press access to what are declared to be the findings of the secret railway investigation held at Battle Creek last week.

Children's Day at the Fair.

Toronto, Sept. 1.—Attendance returns were not complete last night, but it was estimated that from 50,000 to 55,000 children and their elders, but mostly kiddies, passed through the gates, comparing with 45,000 last year, and this despite the heavy rain of the morning and the soggy, muddy condition of the grounds all day. The attendance for the grandstand show at night appeared to be considerably larger also. Not only was the stand with its 17,000 chairs filled, but the lawn in front held probably 8,000 more. However, there will be another children's day—five cents admission—the closing Saturday.

It was a busy day at the police station, as is usual on Children's Day. When 50,000 children are wandering over the grounds, some are bound to get lost. All afternoon and evening little strayaways were gathered in by bluecoats and found a haven at headquarters until anxious parents arrived. All told, about fifty were cared for.

There were but three arrests. One offender had imbibed freely of potent beverages and a brace of vagrants were gathered into the net.

PREMIER AT LETHBRIDGE

Receives Congratulations From American Farmers

Lethbridge, Sept. 1.—Leaving the Pacific coast province, Sir Wilfrid Laurier emerged yesterday morning through the Crow's Nest Pass into the fields of Southern Alberta, passing by the way the town of Frank, made famous by the rock slide of two years ago and rich coal deposits contiguous to the Crow's Nest district. Night was spent at the summit of the pass, and the first stop in the morning was at MacLeod, where a reception was tendered the Premier, who spoke briefly. Hon. F. Oliver, Minister of the Interior, stated that satisfactory progress was being made towards the settlement of the Indian reserve question, in which MacLeod is interested.

Arriving at Lethbridge at 2 o'clock, Sir Wilfrid and party were received by a large crowd and an escort of mounted police. Two thousand people attending the open air meeting in the afternoon.

In an address presented to Sir Wilfrid by the "American residents of Southern Alberta," they were gratified to observe that the Liberal Government "has anticipated the need of the future. We wish to congratulate you upon your safeguarding the future, by the foundations of a Canadian navy."

The Premier thought that, if Lethbridge shipped coal to Montana, that it would be a good argument for reciprocity. At the time the reciprocity treaty was abrogated, the claim was that it was solely of advantage to Canada. "I am not prepared to agree with that," added the Premier.

Sir Wilfrid discussed the preference at length, stating that it would remain a fixed part of Canada's fiscal policy, and answered criticisms that Canada should enact something in return, by observing "the only way in which the British Empire can be maintained in the lead is for each part to develop according to its own necessities."

Replying to the address from the Americans, Sir Wilfrid told his hearers that Canada was establishing a navy because "We think it is the duty of Canada to undertake her own share of the defence of the British Empire."

F. F. Pardee spoke in place of Hon. G. P. Graham, who has lost his voice.

TWO CHILDREN BURNED TO DEATH

Byng Inlet, Sept. 1.—North Byng Inlet, a French settlement, was the scene of a shocking fatality yesterday afternoon, when two children, six and four years old, the former the son of John Longlade, and the latter the daughter of George Woods, were burned to death. The youngsters were playing in an old, unused cowshed, and set fire to the building in some way unknown. Their presence in the burning shed was not known until after thee fire had spent itself and their charred remains were discovered. The father of one victim watched the fire with his neighbors, unaware that his child was being incinerated. The others were off berry-picking.

CANADA'S EMBLEM

London, Aug. 31.—Stewart Paterson, senior chaplain in Red River expedition, writes to the press that the maple leaf was recognized as the emblem of Canada long before the year 1860, the date claimed for its first recognition, on the initiative of the late Doctor Richardson, Toronto. He was secretary of a patriotic association at Peterborough in 1858, and had a badge whereon is a wreath of maple leaves, and he wrote verses mentioning the maple leaf as ranking with the rose, shamrock, and thistle.

QUEEN'S OWN DOING GOOD WORK

London, Cept. 1.—The criticism of the Queen's Own Rifles is all cordial, and the critics say they compare favorably with the regulars in physique and drill. Although they are not perfect, they are very good, they say, and individual appreciation of the work and the initiative displayed by the section commanders promises well for the manoeuvering with the British troops. Gen. Lawson at the conclusion of yesterday morning's drill was quite satisfied with both. The promised performance of the Canadians in the eight-mile march was performed in crisp style.

Londoners want the regiment to march through the city, to be followed by the Lord Mayor's reception.

Dredge at Fort William.

Ottawa, Sept. 1.—James Whalen, director of the Great Lakes Dredging Co., who has been here in connection with the supervision of dredging operations at Fort William, the appropriation having been exhausted, says it has been arranged that work will continue until the Cabinet Council has had an opportunity to meet and consider the matter. It is claimed that the dredging is of such urgency that the Government would be justified in continuing the work for the rest of the season. Hon. Mr. Pugsley will not do this, however, without the consent of the other members of the Cabinet.

Government Will Control Telegraphs.

Albany, N.Y., Sept. 1—Under an act passed by the last Legislature, the public service commission, second district, to-day will assume jurisdiction over the operations of telephone and telegraph companies operating in New York State. All telephone companies, corporations, associations, partnerships or persons, owning or operating any telephone line in the state for profit, whose property is valued at over $10,000, will come under the supervision of the commission. All telegraph companies, however, are within the jurisdiction of the commission.

WOMAN HIT BY STRAY BULLET

Charlottetown, P.E.I., Sept. 1.—Yesterday afternoon Mrs. Robt. Webster, aged 60, of East Boston, was accidentally shot while in a motor-boat on Summerside Harbor with Roy Holman aad wife, whom she was visiting, and John McKay and wife. While near the lighthouse a report was heard from the rifle range, 1,000 yards away. Mrs. Webster fell forward into Mr. McKay's arms, struck by a bullet which entered the small of her back, near the spine, passed through her body, and penetrated the side of the boat. She was hurried back to the town, about a mile away, in an unconscious condition. Her condition is critical, but the doctors are hopeful.

Suffocated In Pulp Machine.

Ottawa, Sept. 1.—With several fellow-laborers standing within a few feet of him, Joseph Bergeron, aged 18, was killed yesterday morning in one of the big paper machines at the E. B. Eddy plant. Bergeron, who was employed in No. 1 mill, was required to look after the screen on which the paper rolls.

In some manner he became caught in the machinery, and was drawn in the revolving maw, submerged in pulp and suffocated.

LATE TICKS FROM WIRES

It is understood that a British firm will build Chili's new warships.

Master plumbers, in annual session in Toronto, declared for an examination test.

The Supreme Council Templars of Honor and Temperance is in session in Toronto.

Extraordinary precautions are being taken by American health officers to keep out cholera.

Toronto's population, judging by figures of the assessment department, is now about 370,000.

The first charters for the new grain crop were made at Chicago yesterday.

Five C.N.R. freight cars were burned at Winnipeg, and the company accuse the striking shopmen of starting the fire. The union denies it.

Hon. George P. Graham has taken up the claims of the Grand Trunk men, recently on strike, in correspondence with President Hays.

Arthur Galsworthy, employed by J Betzner of Beverly, Ont., fell off a gang-plow he was driving and got under the knives. His left arm was badly mangled, and was afterwards amputated.

Speaking of the operation of certain U.S. trusts, Premier Ward stated that should any combination endeavor to control the New Zealand meat market, Parliament would be consulted as to whether the meat trade should be nationalized.

TELEGRAPHIC BRIEFS

Bright Day for Church.

Montreal, Sept. 1.—Managr Rumeau, the famous Bishop of Angers, France, who arrived here yesterday, has completely upset all previous theories as regards the position of the church since the abolition of the concordat. His lordship says that the Catholic Church has made more real progress in France since the separation than she had done for a hundred years before and the clergy and people have been put upon their mettle. Everything goes to show that it was a bright day for Rome when the French Government gave back what the Bishop of Angers calls their liberty and drove them to self-support.

An Echo of the Big Strike.

Brockville, Sept. 1.—Yesterday Detective J. J. Letoyle of the Thiel Agency placed under arrest Wesley Place, a young man, who is charged with impeding an officer in the discharge of his duty at the G.T.R. station on the night of July 22, when the strike riots took place at the G.T.R. station.

The detective is also investigating the derailment of the Mocassin Express on Saturday, July 23. More arrests are likely to take place.

Struck a Gusher.

St. Thomas, Sept. 1.—The Dominion Gas Co. of Hamilton, which has been drilling for oil and gas at Vienna, near Port Burwell, all summer, struck a tremendous gusher of gas at nine a.m. yesterday. From the six-inch hole it is estimated that a flow of three million feet of gas per hour is issuing. The flow is under control. The well is 1,320 feet deep. It will be piped to Tillsonburg and surrounding points.

Leaped to His Death.

New York, Sept. 1.—A man who, from papers found in his pockets, is supposed to have been E. H. Holbrook, an insurance broker, of 290 Broadway, leaped to death from the twenty-sixth floor of the Park Row Building yesterday, his body crashing through the roof of a six-storey building on the north.

A Reverend Murderer.

Kansas City, Sept. 1.—Rev. C. S. L. Brown, formerly pastor of the Christian Church in Lee Summit, Mo., late Tuesday night shot and killed Mrs. Edith Ward, seriously wounded Mrs. Ann E. Lamphere, and then committed suicide in a rooming-house. Jealousy is said to have been the cause of the tragedy.

Monoplane Was Wrecked.

Boston, Sept. 1.—Horace Kearny of Kansas yesterday made the first flight of the Boston-Harvard aero meet at the Atlantic aviation field here, and wound up in a wreck. In the Pfitzner monoplane Kearny flew fifty yards, finally tumbling in a heap from a height of 25 feet. Kearny was unhurt.

Rumors of War.

Paris, Sept. 1.—The Cretan situation is acute ,and a declaration of war by Turkey against Greece is imminent, according to rumors current here today, believed to have emanated from Berlin.

Victimized the Charitable.

St. John, N.B., Sept. 1.—A stylishly dressed woman has victimized local merchants to the tune of nearly $400 by soliciting advertisements for an alleged W.C.T.U. shopping card, receipts from which were to be sent to Campbellton fire sufferers.

Assaulted Witness.

St. Catharines, Sept. 1.—Albert Atkinson, a deck hand on the steamer Lakeside, was sent for trial yesterday on the charge of stealing candy and fruit from consignments via the Lakeside to and from St. Catharines. He was also fined $25 or two months in jail for an assault committed in open court on one one of the witnesses, Samuel Beattie, who had testified against him. Just as he was leaving the court after the hearing of the case Atkinson reached over and struck Beattie in the face, in the presence of the magistrate and other court officials.

A Peculiar Accident.

Toronto, Sept. 1.—Mrs. A. Allan, 107 Portland street, was the victim of a peculiar accident yesterday afternoon. She was beside the Exhibition grand stand, when an unknown man jumped over the fence, knocking her down, and falling on her head. She was taken to the Emergency Hospital on the grounds, where the wounds in her head were stitched up.

Opened Temperance Congress.

Quebec, Sept. 1.—With a solemn high mass at the Basilica yesterday morning at ten o'clock the great temperance congress, the first of its kind ever held in the Diocese of Quebec, was inaugurated. A sermon was preached by Rev. J. Halle of Levis College.

Cut In Two by Train.

Belleville, Sept. 1.—Another shocking fatality occurred in the Grand Trunk yard here Tuesday night. Shortly after 11 o'clock a dead man was found on the main line of the Midland track about 100 yards northeast of where the collision took place on Saturday. The body, which proved to be that of Andrew Lowrie, a foreman of the Grand Trunk, had been cut in two, one portion of the trunk lying about 100 feet from the other.

G.T.R. Reducing Staff.

Montreal, Sept. 1.—Although the official statement is lacking, rumor has it that a good many men will be laid off shortly at the Grand Trunk shops at Point St. Charles, as well as at other points on the system, east and west. The explanation is made that the repair shop will have very little to do during the next three months, as new equipments have generally gone into commission.

Gen. Forestier Walker Dead.

London, Sept. 1.—Gen. Sir Frederick William Edward Forestier Walker, K.C.B., C.M.G., is dead. He was born in 1844, and had been governor of Gibraltar since 1905. He served in Bechuanaland in 1884 and was lieutenant-general in command of lines of communication in South Africa during the Boer war.

May Secure the Pearl.

London, Sept. 1.—Referring to the lack of British investments in Canadian industries, The Financier says: "It stands to reason that if British capital is content to be a lender to Canada, rather than a partner in its development, we may find that astute Americans have secured the pearl and left us the shell."

Dr. Creed Is Dead.

Fredericton, N.B., Sept. 1.—Dr. H. C. Creed, one of the best known educationalists in eastern Canada, and prominent in the Masonic Order and Baptist denomination, died yesterday afternoon, after only a few hours' illness.

SEPTEMBER

"The melancholy days have come,
The saddest of the year,
With wailing winds and weeping groves,
And meadows brown and sear."

Old King Frost comes down in the quiet of the night, and paints the leaves and Autumn dresses up before she lies stilled by the hand of winter.

A wind and down they drop and whirl away and we look up to the bare branches and see where the nests have been. We listen, the birds have gone. But why melancholy days? the saddest of the year? All days should be glad days, all days should be happy ones, unless we have dyspepsia. Did you ever see a sad robin or a rooster that wouldn't greet the dawn? No man in his sane mind has a right to be melancholy. Yes, sorrow will come, the tears and sighing, the sickness, the death and disappointments, but man was made to mount, to dwell above the clouds of troubles that harras him. An hour alone a day—an hour alone and troubles seem less real, money seems of less value, position and power less to be sought after. An hour alone and the opinion of the enemy seems nothing to grieve over, and we see that many things we worry about are scarcely worth a thought, an hour alone a day and we take new hopes and are happy because of the glad to-morrow. "The melancholy days are come." Not much, think of the fun the coal man is going to have."

NO THANK YOU

Lord Esher, a leading authority in the British army, and a former supporter of the volunteer system, has declared himself in favor of compulsory service. — Despatch.

We don't agree with Lord Esher for one second. Any man who will not fight for the country where he makes his bread and butter, where his home is, his wife, his children, his sweetheart, and the family burying ground is, isn't worth a cuss. He wouldn't be a good soldier if he was chained to a cannon. There are enough ready at the bugle call to attend to the enemy without going back to the days of the press gang. The German Kaiser for whom God (so he says) has a special smile, makes service in the army compulsory, but we're not built that way. But if we are made to fight may we be attached to the grub waggon.

VACCINATION

According to an advertisement in another part of this paper, Dr. McPherson, Medical Health Officer, is going to be ready to vaccinate the people on the first Saturday of each month, from one to three o'clock. This service is free. Vaccination is bitterly fought in many places. There is strong feeling against it in Toronto. Brantford has a smallpox scare just now, and statistics from Brantford show that not one who was recently vaccinated took smallpox, while only two of the many who were vaccinated years ago contracted the disease. The Board of Health of Brantford may make it compulsory for every man, woman and child in Brantford to be vaccinated if it sees fit. Boards of Health have great powers. They can close schools and quarantine a whole town as readily as a home.

However, the Peterborough Board of Health is still deaf, dumb and blind on the garbage question in Peterborough and the stink still stinketh in the still night air.

Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. *Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses.* Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. *New pamphlet mailed free.* The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

THE SCHOOL TEACHER

Lang, according to a correspondent, for the Review, is without a teacher for its school, and consequently the pupils are still enjoying their holidays. Lang is not a solitary instance of schools without teachers. It costs time and money to qualify for a teacher, even in a junior grade, and until these country Solons are made wise to the fact that as the price of pork has risen, so has the salary of school teachers, they will continue to be scarce in these districts. Then, too, the teacher who teaches the child five days a week should be worthy of a good salary. She is, probably, the one who has the greatest influence of any one in the world over the child, not excepting even the mother. Well, then, pay them what they are worth

THE GOLDEN RULE

To-day the stores remained open as usual. Thursday, August 25th, was the last half holiday for the year. Shop early Saturday evening. We speak for the clerk. The writer clerked once. We speak for the girl who has waited on women who were fussy and didn't want to buy, but price and handle and look and then promise to come back, but never do. We speak for the clerk who is tired at six, but who by the force of foolish circumstances, is forced to remain till ten. They say that there was once written a Golden Rule, it is so long since forgotten that most of us can't remember it. However, shop early—that's the Golden Rule for Saturday night in Peterborough.

A CORRESPONDENT MISTAKEN

We do not deprecate the clergymen. Any man can handle a shovel, but not every man can preach. Are we sick, and do we fear death? then it's "Ho, for the minister." Do we want to christen the babe, once more it's the minister. Does the babe grow up a man and seek a bride. Does he propose and is he accepted. It's the minister we seek to tie the knot. We do not deprecate the church. The presence of a church always puts up the real estate in its vicinity. We do not deprecate the sexton. He is as important as the minister. A poor sexton can spoil a good sermon by a draft or too much warm air, or a freeze out. We do not deprecate the soloist. They have sung into our hearts many a time in Peterborough. We go to hear the singing more often that the preaching. "One of the Parsons," who wrote criticising a little reference made to the clergymen, made a mistake. The parsons referred to all live in Chicago.

Here is one of them—

Chicago, Aug. 30.—Instead of facing a congregation in Woodlawn the Rev. Dudley C. Fosher, for three years pastor of the Ryder Memorial Universalist church, at Sixty-fourth street and Kimbark avenue, will appear in a theatre at Racine, Wis., as an actor in a touring company. He submitted his resignation to his church to take effect September 1.

The clergyman gave no reasons for resigning, except that his salary of $1,200 was too low. Many of his flock do not know that he has gone on the stage.

When Mr. Fosher appears on the Racine stage he will act the role of a college professor and will sing to the dancing accompaniment of rows of chorus girls. It was his vocal abilities that obtained the position.

Accompanying Mr. Fosher into the theatrical business is his wife, who is described as young and pretty, and who does not object to appearing in tights if necessary. Mrs. Fosher possesses a good voice and hopes to make as great a "hit" as her husband.

However, it goes without saying saying that there are no Peterborough clergymen who would do anything like that. This man is a disgrace to his profession. He should have asked for a raise in salary if $1,200 was not sufficient.

PATRICK BURNS

Worcester, Mass., Aug. 30.—Although two years past the century mark, Patrick Burns, the oldest man in Worcester country, made a record ten-mile walk from his home, just this side of Brookfield, to that of his son on the North Brookfield road, in the short time of two hours and fifty-one minutes. The aged man walked with ease, and his long white hair and beard attracted much attention on his tramp, and he was followed by a small army of boys and men.

Burns, although 102 years old, has been in the habit of taking a walk each day, but never attempted to cover the distance between his home and that of his son. After the long walk to-day, the centenarian said he would endeavour to try it more often.

Mr. Burns is far from being helpless, but, on the other hand, asks but few favors, doing most of of his farm work himself.

This is a remarkable feat. Let the reader attempt to reel off ten miles and he or she will soon discover that after the second or third mile the others seem tremendously long. But for a man 102 years old to trudge the highway ten miles, unaided and with ease, is a great feat of endurance. We would like to know his history. In all probability he stole apples about ninety-five years ago, and about ninety years ago he was, perhaps, the village cut up. It's in the arteries as much as the heart. His ancestors must must have been well equipped with rich, red blood. He would not be bottle-fed. Just think of the discoveries in his day. The locomotive laid its trail through the then new land, the cable was unheard of, the telegraph and telephone was not, while Jules Verne, not yet born, and his "20,000 Leagues Under the Sea" was undreamed of. The submarine, the bicycle, the automobile, the wireless, the phonograph, the flying machine—why the old man knew the ox cart, the 'gee haw, steady now,' and from that he has grown. To him the "Forty Niner" is a child. He lived a man before there was any west further than the next concession. His world was very small; steamships were slow, and roads poor, and letters few—what a book old Patrick Burns—could write. Walk on, old man, and in your walking you inspire us who have to catch a car if it's more than a few blocks to do a little pedestrianism ourselves. Walk on, you are a great example—one hundred and two years old and able to do most of his work, ye gods and little fish hooks, most of us kick if we are not continually waited on. Walk on, one-hundred-and-two-year-old Patrick, you certainly will have a big funeral.

WHAT LAURIER HAS DONE

What has Laurier done for the west?

1—Refused to extend the Intercolonial Railway to the lakes, thus making it useful for the transporting of western produce.

2—Gave private capitalists $200,000,000 cash and unlimited use of the public credit to create a third transcontinential railway under private control.

3—Gave Alberta and Saskatchewan constitutions which make them inferior in political statue of the Eastern Provinces and British Columbia.

4—Kept the lands of Alberta and Saskatchewan.

5—Blocked the movement for national ownership of telegraphs and telephones, thus forcing the western Provinces to action on their own account.

6.—Refuses to build and operate the Hudson Bay Railway as a government enterprise.

7—Has given no satisfactory assurance that it will take over the terminal elevator.

8—Has stood pat on the tariff.

At last the facts are out with regard to the old Crow's Nest Pass scandal. The crowd which is in control of the Globe to-day, secretly got control of the coal lands. They had so little confidence that they were doing right that they concealed the facts from their own editor, who now makes public the facts that he was deceived by them.

Keep Laurier in power and he will give you low tariff in 1955.

The Liberal Cry:—"Low tariff in 1955."

It took Laurier 14 years to reduce the tariff from 30 per cent. to 27 per cent..

Thus it will be reduced to 20 per cent by 1955.

SIDE LIGHTS

God and the Tramp

Chas. F. Raymond.

(Toronto News.)

(Resting on the doorstep of the Metropolitan Methodist Church was sufficiently criminal to land James Peterson, aged eighty, in the jail over the Sabbath night.

"He wasn't doing anything," expostulated Crown Attorney Corley. "What was he doing, sergeant?" he asked.

"Sitting on the Metropolitan steps," replied the officer.

"You may go," the Magistrate told the white-haired old man.

I looked and there he sat, forlorn,
Resting beneath the shadow of the church's dome;
Poor, wretched, and without a home—
Just a tramp.

The windows open, we heard the strain,
"Joy to the world, the Lord has come,"
But here he was, a poor old bum,
Without a meal.

A majestic organ rolled the notes,
And wave after wave, in sweet refrain,
We heard that high and holy strain,
"The Lord has come."

Near by the bells told their sweet story;
What a thought their ringing notes unfurled,
Bringing together in this strangely serried world
God and the tramp.

And coach and horses to the gate
Brought splendid men, and women queenly gowned—
Women whose dresses rustled with the proper sound—
To meet the Lord.

And o'er the walls were chaste designs,
Scrolls, texts, clippings from the sacred pen,
"Peace on earth." "Good-will to men,"
"Love one another."

I looked and there he sat forlorn,
Resting beneath the shadow of the dome,
Poor, wretched and without a home—
Just a tramp.

Once, perhaps, he had a friend or two;
Some cheery little spot to lie in;
Some nook, some home, to die in;
But now this seat is home.

And, scanning the pages of sacred lore,
The preacher read the story of the wandering one;
The record of the feasting, wasting son—
The prodigal.

Out, out from the windows came the voice;
Free, free for listener or passer-by,
Looking over I caught the old chap's eye
And saw a tear.

And soon again the music flung its note,
And soon again the organ swelled,
And soon again the message welled,
"The Lord has come."

The windows open, we heard the strain,
'Joy to the world, the Lord is come";
And here he sat, a poor old bum,
Alone.

Yes, I looked, and there he sat, forlorn,
Resting beneath the shadow of the dome,
Poor, wretched, and without a home—
Just a tramp.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants nands, or workmen try the Review wan ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you havelost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light

ROSE TO THE OCCASION.

It Was the Chance of a Lifetime, and She Made the Most of It.

The burglar hesitated. Back of him was a sheer drop of twenty-five feet to the ground. In front of him was a determined woman, grasping in her hand a huge revolver. She covered him steadily.

"I won't shoot," she said, "if you will remain still."

She advanced upon him and, poking the muzzle of the gun in his face, reached into his pocket and pulled out his revolver.

"Come in."

The burglar obediently stepped inside the room. All his courage was gone.

"Sit down," said the woman.

He sat down.

She got a huge ball of heavy cord from her bureau and spent the next twenty minutes in tying him up.

Then she pointed out of the window. "Is that your wagon out there behind the barn?"

"Yes, ma'am."

"Thought you would carry away my silver in it?"

"Yes, ma'am."

The woman called her husband, who had been hiding behind the baby's crib in the next room.

"Here, John," she said, "take some of this furniture out."

John came in and got to work. The burglar watched with curious eyes. Suddenly his face blanched. He looked out of the window and saw in the light of the moon what John was carrying.

"What are you doing to me?" he asked.

The woman began cutting his cords.

"I'm going to load you up with all of the old eyesores that we have had in the house for these many years," she said merrily—"all the furniture presented to us at Christmas by kind hearted relatives, all the prizes we have taken at card parties, all the family portraits—everything that we have been simply dying to get rid of."—Life.

CURE FOR LOSS OF MEMORY.

Case of an American Woman Married Abroad and an Accent.

"Nothing disgusts me more," said a woman who goes abroad every summer, "than to meet in Europe Americans who seem to be ashamed of their own language. I have often come across them, but a woman I met in Carlsbad last year took the palm.

"She was introduced to me as the Countess Komoffsky or some name that sounded like that. She married a Russian or a Pole about three years before, and so far as I can gather she had hardly been any nearer Europe than a New York table d'hote before that time. She looked American, but her English was all broken into bits. She did not even say 'the,' but pronounced it 'ze.' She had great difficulty in recollecting phrases, and the result at times was a lot of French.

"Next morning I was breakfasting in the Kaiserpark with a party of shawl wrapped Americans who had drunk the requisite number of glasses from the Sprudel or the Marktbrunnen and had walked out according to prescription. One of those at the table was a New York physician who is none the less popular because he is frank in speech almost to brutality and will not stand for affectation. The countess came along and was invited to join the party. The doctor, it turned out, had known her since she was a child.

"Somebody asked her a question, and she started to reply with that accent of hers. I saw the doctor fidget. Then she made another remark in half French. The doctor said something that sounded like a swear. Then he blurted out:

"'For heaven's sake, Maria Smith, you don't mean to say that three years in Europe have made you forget your native tongue?'

"There was a hush, and then some of the women in the party smiled, but when the countess next spoke it was in purest United States.—New York Sun.

Cairo Street Warnings.

In oriental countries the recklessness of drivers of vehicles and their disregard for foot passengers are very marked, but in Cairo they have a series of curious cries with which they warn a footman. They specify the particular part of his anatomy which is in danger, as thus: "Look out for thy left shin, O uncle!" "Boy, have a care for the little toe on thy right foot!" "O blind beggar, look out for thy staff!" And the blind beggar, feeling his way with the staff in his right hand, at once obediently turns to the left. "O Frankish woman, look out for they left foot!" "O burden bearer, thy load is in danger!" "O water carrier, look out for the tail end of thy pigskin water bottle!"

A Scientific Classification.

"Now, children," says the dear teacher, "I have explained to you how yeast grows until it is full of cells. Which little boy or girl will tell me the kingdom to which yeast belongs?"

The little wise boy lifted his hand.

"You may tell, Johnny."

"The criminal kingdom, teacher."—Chicago Tribune.

What Bothered Him.

"My son, never be afraid to tell the truth."

"I ain't, pa. What bothers me is how to tell a lie without being afraid."—Cleveland Leader.

SWORDS OF JAPAN

Old Samurai Blades Are Looked Upon as Sacred.

HANDLED WITH REVERENCE.

A Curious Formula of Etiquette Follows When "the Steel Bible of Bushido" Is Drawn From Its Sheath by a Hand Which Grasps It In Peace.

If one were in a friend's house in Japan and should ask to examine one of the old samurai swords that rest in the lacquered sword rack in a place of honor there a curious formula of etiquette would be followed by the host.

He would go to a closet and return with a little square of silk in his hand. This he would wrap about the shark skin handle of the sheathed sword before touching his bare hand to the sheath. Then, with his right hand grasping the silk covered handle and the fingers of his left gingerly raising the lacquered hilt from the rack, the Japanese host would lift the sword to the level of his forehead and bow to it.

All this in reverential spirit and with utmost gravity. The square of silk preserved for no purpose but this and having its own name in the Japanese vocabulary, is to prevent the defilement of the handle by a hand which grasps it in peace. The bow is meant for the spirit of the swordsmith who forged this weapon. The reverence is for the sword itself, "soul of the samurai," in the Japanese poetical conception and aptly called by foreigners "the steel Bible of Bushido."

But this is only the beginning of the formality. When the Japanese host unsheaths the blade he does it with the edge toward his own body and the point directed away from his guest. When the guest receives the sword in his own hands he must be careful to keep the outer edge always away from the direction of his friend the host. If he wishes to examine both sides of the blade he must even turn his back so that never will the menace of the sharpened edge be directed toward his friend.

After the examination is completed the sword is returned to its scabbard, and the owner receives it with another bow and places it once more on its rack.

The etiquette of the sword is no empty thing. With the high spirited Japanese, who have not forgotten the many centuries of chivalry and of hand fighting behind them, the delicately curved and curiously welded sword of the samurai has a significance almost sacred. There is a philosophy of the sworn no less stern than the use of the weapon.

In the old days when the Japanese fighters wore the war masks and the steel armor seen nowadays in the curiosity shops the boy was taught that as the shining blade must be kept free from spot and corruption, so must his soul be ever clean. Neglect of the blade brings rust; neglect of the soul an impure character.

Then the sharp edge was held not only as a constant guardian of personal safety and honor, but as a sacred disciplinarian to punish whenever its possessor stepped from the narrow path of the Yamato spirit of chivalry. Again, the sword was emblematical of true gentility, which is never overbearing or vulgar in deportment, but sternly self repressive.

No man knows when first the forge for fighting weapons was set up in the dawn of Japanese history nor who was the man who first replaced the rude bronze blades of a primitive folk by the tempered steel of the Yamato blade. There is in the imperial collection of swords at the castle of Nara the weapon worn by the Crown Prince Shotoku, who compiled the constitution of seventeen articles in A. D. 693, the oldest sword known in Japan. From that weapon, which was straight and not curved as all other swords of Nippon are, down to the fall of the Tokugawa shogunate in the middle of the last century there is an unbroken history of the art of the swordsmith. Twelve centuries of recorded art in swordmaking and the names of over 10,000 makes constitute the history of the sword in Japan.

The Japanese blade, placed almost on a par with the Damascus product in art and utility, differs from the Arabian weapon in one material detail of manufacture. Instead of having a uniform high temper, which gives the remarkable flexibility possessed by the Damascus blade, the Japanese sword has two tempers, a hard and a mild steel.

The edge of the blade is hard with the finest temper, the body and back of a milder temper, sufficient to give some elasticity. A Japanese sword cannot be bent half double with the pressure of a hand; it is nearly rigid.

Though sword manufacture has ceased to be in Japan today outside of the government arsenals, which turn out only the accepted military blade of the modern army, the country is filled with prized relics of the past art, and these are relics which the Japanese will not sell. A possessor of one of the old swords, keen and blue white in luster as the day it was forged, would sell his house, even himself maybe, before he would part with his iron Bible of Bushido for money.—Japan Magazine.

Starting the Trouble.

Mabel—Did he stutter when he proposed? Ethel—No, I don't think so. Mabel—Really! He must have improved.—London Punch.

Great minds have purposes; others have wishes.

The first cargo of this season's wheat was shipped at Fort William Tuesday for Owen Sound.

NEW FURNITURE.

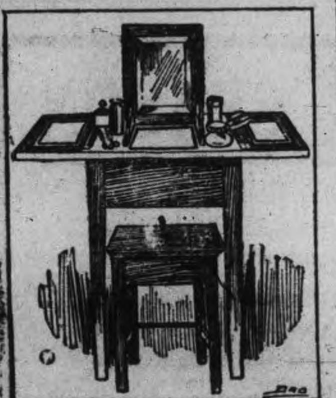
Two Ingenious and Useful Inventions For the Home.

A USEFUL DRESSING TABLE.

The Chafing Dish Cabinet Is the Soul of Hospitality—A Boon to People Living In Small Apartments and In Boarding Houses.

A folding dressing table and a chafing dish cabinet are the latest ingenious pieces of furniture made for the dwellers of small houses and apartments where every inch of room counts and where every clever space saving device that is attractive to look upon and yet adds to the comfort of living is welcomed with open purses. The last word in compactness of arrangement and simplicity of design is spoken in these last examples of the artisan's genius.

The dressing table is a reproduction from an antique adapted to present day needs with present day mechanism concealed in its polished mahogany top, by means of which it is converted automatically from a plain little table that could stand unquestioned in the parlor or living room—or any place in the flat for that matter—into the most convenient and spacious dressing table. The top is divided into two parts. By lifting the leaves on their invisible hinges a center part rises from below like an elevator, bringing into view a well selected toilet outfit mounted in silver, each piece fitting perfectly in its own little compartment—comb, brush, hand mirror, powder and salve boxes and manicure implements. In the middle, lying flat on its face, is a good sized mirror fitted with hinges and uprights that is easily lifted in place after the table is open and folded flat when it is to be closed. Nothing could be more ingeniously deceiving and serve two purposes so skillfully.



FOLDING DRESSING TABLE.

The chafing dish cabinet, so unobstrusive in its outside appearance, is the soul of hospitality. Within its smooth wooden doors are four compartments and two drawers. One, the lowest, is set aside for the chafing dish resting on a portable tray of white opaque glass bound with wood, in which are handles at either end. The glass is quickly cleansed and does not become too hot to touch. In another compartment is a fixed rack for glasses and another, which swings out so as to be in easy reach, for a set of cruets and condiments and a place for pepper, salt and all the things necessary for a chafing dish supper. There is a place for a cracker jar, too, and in the drawers are napkins, knives and forks. Besides, there is room for plates, if they must be kept there, and any number of packages, from which the supper is culled. The top is flat and just the right height for the cook to stand comfortably to stir. It is a boon to the hospitable hearts of people who live in apartment hotels and boarding houses, where nothing tastes as good as something made by one's own hand and where nothing is more fun than to gather around a steaming chafing dish for a rarebit or an a la Newburg in the wee sma' hours. Who among the vast army of boarders has not longed for just such conveniences when restaurants are closed or the trouble of dressing to go out seems the greatest woe in the world?

CHAFING DISH CABINET.

Scorched Linen.

When linen has been badly scorched try the following method:

Boil to a good consistency in half a pint of vinegar two ounces of fuller's earth and the juice of two onions. Spread this mixture over the damaged part and let it dry. If the threads are not actually burnt through the scorched place will appear after washing as white and perfect as the rest of the linen.

On Being a Hero.

Any man with $5 in his pocket can be a hero to the fellow who wants to borrow that much.—Chicago Record-Herald.

Human judgment is finite, and it ought always to be charitable.—William Winter.

A SUMMER GIRL.

She wears a saucy hat,
And her feet go pitapat
As she walks.
And the sweetest music slips
From her saucy little lips
When she talks.

She fascinates the street
With her gaiters trim and neat,
Made of kid,
For they twinkle as they pass
Like the rillets in the grass
Halfway hid.

Her skin is soft and white
Like magnolia buds at night
On the bough,
But for fear she'd be too fair
There's a freckle here and there
On her brow.

Dimples play at hide and seek
On her apple blossom cheek,
And her chin
Shyly beckoning to you:
"Don't you think it's time to woo?
Pray begin."

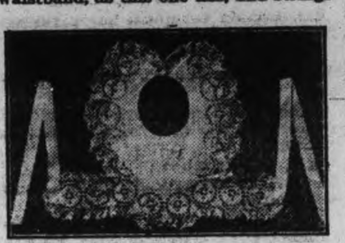
Then her winsome, witching eyes
Flash like bits of summer skies
O'er her fan
As if to say: "We've met.
You may go now and forget—
If you can."

—Red and Black.

A Practical Bib.

What could be more sensible than the baby's bib illustrated? It is a wonder that it was not designed years ago, but "all things come to him who waits" is a trite but true saying, and now we have this smart bib.

Every mother will appreciate the practical value of a bib that has a waistband, as this one has, and strings



THE MODISH BABY'S BIB.

that tie the bib securely in place so that there is no working around to the back of the neck, thereby spoiling the front of the frock.

As seen in the cut the bib is of handkerchief linen and is hand embroidered, but the same design could be carried out in a less expensive manner.

London expects to have a natural gas plant installed by the first of July, 1911.

DAISY GLENN, the Great Novelty and Serpantine Dancer.

CHRIS MEYER and CELIA MASON in their Great Comedy Sketch entitled "A Polite Kicker".

SELECTIONS BY GRAND ORCHESTRA

The Grand Opera House is the most comfortable theatre in the city to spend an hour and see a good show and listen to a first class orchestra. TRY IT.

WHO'S COMING AND GOING

Mr. Roy Fridd, of Hamilton, is in the city.

Mr. J. C. Fowler, of Havelock, is at the National.

Mr. P. J. Maloney, of Rogersville, is staying at the National

Mr. I. B. Henderson, of Norwood, is a guest at the National.

Miss Elizabeth Sherbrook is in Toronto attending the Exhibition.

Mr. Gordon Campbell has returned from a trip to Toronto and Detroit.

Mr. J. J. McCrae left on the 4.38 this afternoon to take in the Exhibition.

Miss Pearl Rehill has returned from a three weeks' visit with friends in Omemee.

Mrs. S. Mitchell and Mrs. W. Stocker are spending a few days in Toronto.

Mr. and Mrs. Wm. Taylor have returned from a couple of days' visit to Toronto exhibition.

Miss Lillie Emmerson is spending her vacation in Toronto and other western points.

Mr. Harold McKean, of Toronto, is in the city and will spend the holiday in Kingston.

The Misses Parrington, O'Heron, and Green left the city to-day to spend holidays in Toronto.

Mrs. Telford and daughter Margaret, of Concession street, are visiting friends in Toronto.

Rev. A. B. Winchester, of Toronto, is the guest of Mr. and Mrs. H. M. Gilchrist, Antrim street.

Mrs. T. J. Parsons, of Omemee, is visting Mrs. T. A. Rehill, George street, for a few days.

Miss Corinne Delaire and Miss May Callaghan, left this morning on an extended visit with Toronto friends.

Miss Margie Walsh, of Peterborough, 19 Conger street, has gone to Port Hope, where she has secured a position.

Mrs. Wm. Silk and her three daughters left to-day for Toronto and Owen Sound, where they will spend a few weeks' vacation.

Mr. and Mrs. Haggarty, of Bay City, Mich., have returned home after a pleasant stay at the home of the Misses Daly, Weller street.

Miss Ethel Thornton, Winnipeg is the guest of Mrs. A. E. Micks, 425 Stewart street, and will receive with her to-morrow (Friday) afternoon and evening.

Mr. M. Geron of Montreal, an old Peterborough boy, is in the city for a few days, the guest of Mr. Geo. Geron. In Montreal Mr. Geron has charge of the silk department in W. H. Scroggie's big store.

THE CANADIAN LADY
For style, wear and comfort try "The Canadian Lady" Boot at $3 00, $3 50 and $4.00
T. C. Elliot, 392 George Street.

The Russian Emperor and Empress are visiting at Friedberg, Hesse.

A number of earthquake shocks have been felt in Italy and the natives are camping out.

The Gordian Knot

St. John's church at 9.30 this morning was the scene of a very pretty wedding, when Miss Lulu Seward, 323 Simcoe street, and Mr. Oscar Bracken, of Toronto, were united in marriage by the Rev. Canon Davidson, assisted by Rev. Harry Bracken, of Toronto, brother of the groom.

The bride, leaning on the arm of her brother, Mr. Arthur Seward, by whom she was given away, entered the church to the strains of Wagner's bridal chorus, and Mendelssohn's wedding march, played by Miss Harriet Kimpton, cousin of the bride.

Both bride and groom were unattended. The ceremony was unostentatious, being performed only in the presence of the intimate friends of the contracting parties.

After the ceremony Mr. and Mrs. Bracken left for Montreal, Quebec, and points east, the bride travelling in a becoming suit of dark navy blue serge. On their return they will reside in Parkdale.

BAND AT VICTORIA PARK

The following is the program for the band concert on Friday evening, Sept. 2nd:—

March—Dunlap Commandary.
Overture—Bohemian Girl.
Cornet Solo, Killarney—Sergt. Hughes.
Patrol—Wee McGregor.
Medley—Remicks No. 7.
Reminiscenses of the Plantation.
Selection—Sons of 1863.
Descriptive — A Hunting Scene — Played by request.
God Save the King.

AN EVENING OF PLEASURE WAS THAT SPENT BY DANCERS AT BELMONT CLUB LAST NIGHT

Another enjoyable dance under the auspices of the Belmont Club of Peterborough was held in their commodious club house last evening, and the attendance and enjoyable time spent by all present speaks well for the success of these monthly functions. Splendid music for the dancing was supplied by Mr. Musgrave, the well known pianist of Toronto.

Dancing was commenced at eight o'clock and continued until 11.30, when a brief interval for refreshments was allowed. Dancing was resumed and continued until about one o'clock.

Special cars were waiting to take those in attendance to their homes.

SAID HE WAS STABBED AT BOARDING HOUSE

Joseph Kuener, who says he hails from Rochester, according to his own statements, received a warm reception on arriving at his boarding house at 132 Park street last night.

Kuener had a fairly good internal application of tanglefoot, and the proprietor of the house became irate. He called for the police, and finally Mr. Boarder was landed in a cell at the police station. This morning he was charged with having been drunk and disorderly, to which he pleaded guilty.

The complainant was present and he said some things which made Joseph mad, and he in turn claimed that he had been stabbed by the other. He showed a fresh wound on the side of his head to bear out this statement.

The court had a look at the wound, and County Crown Attorney Wood was inclined to lay an information charging aggravated assault, but this step was not taken.

Kuener said the man made a run at him and inflicted the injury with a sharp pointed weapon.

The Magistrate imposed a fine of $2.00 in the drunk and disorderly charge.

John Seeney, who named Havelock as his home, was fined $2.00 for a similar charge. He, too, bore marks other than would be likely to be handed out at a pink tea.

John was just out for a big drunk and he got it. Despite the fact that all the windows in the court room were opened, the fumes of whiskey were quite strong, and Seeney wasn't any too steady on his feet.

ISLINDA THE HAUNT OF BIG FISH AND HAPPY FISHERMEN

Nothing But a Continual Round of Good Luck at These Favored Grounds in Buckhorn Lake—A Stuffed Lunge for the Steinland—The Guests at Iislinda House

(Staff Correspondence.)

Islanda, Aug. 30.—Islanda, so the numerous guests who have flocked to this popular Buckhorn Lake resort this season state, is the fisherman's paradise of Kawarthadom, and as a consequence, it might be incidentally observed, is just the opposite place from the standpoint of the fish.

The somewhat stereotyped term of "finny monsters" is applicable to every day catches here. The fish are as thick as mosquitoes on parade, and what is most desirable, their appetites are sharpened by a hunger that is not appeased by the bugs that cavort on the surface or the minnows that swim beneath. For they are always ready to take a chance with the spinning spoon, which looks like a harmless, appetizing titbit, which in reality is the snare that leads to the cook's kitchen or the taxidermist's table.

Pittsburg, the city of smoke and fishermen, has furnished many names for Ike Walton's honor roll, two of the latest being J. C. Denis and C. M. McKee, who, within the last couple of days, landed respectively a thirteen and fifteen pound 'lunge in the vicinity of the island. All the other guests are meeting with encouraging success in their fishing expeditions.

Herr C. F. Banning, of Berlin, Germany, is having a fifteen pound 'lunge he caught there set up by the taxidermist, and will take it with him to the "Faderland" as a silent, but eloquent tribute to his success, and also to the fishing possibilities of Buckhorn Lake.

The boat service given by the Otonabee Navigation Company this season has been a prompt and thoroughly satisfactory one, and has greatly facilitated matters for Mine Host Alexander and his patrons.

Among the recent registrations at the Islanda House are:—

Dr. Brown, J. Perry, O. J. Willard, Nunda, N.Y.

C. F. Banning, Berlin, Germany.

Mr. and Mrs. F. Stein, Miss Florence Stein, Edwin Stein, Rochester, N.Y.

Paul Hauenstein, Buffalo.

Mr. and Mrs. E. H. Donovan, Mr. and Mrs. W. W. Sprague and Wm. B. Sprague, Rochester.

Mr. and Mrs. A. C. Bliss, Buffalo.

Mr. and Mrs. John Craig and children, Mr. and Mrs. E. B. Gilmour, Toronto.

G. W. Lorimer, Brantford.

M. J. Simpson, Rochester.

Charles Hart, John Hart, Charles Schinz, Cincinnati.

Emil Nerlich, Samuel King, Toronto.

Mr. and Mrs. J. E. Kelso, Charles E. Kelso, Master Arthur Kelso, W. C. Seith, Charles Gehrke, Rochester.

J. M. Mesmer, F. L. Mesmer, Buffalo.

Mr. and Mrs. E. A. Kamerer, Mr. and Mrs. A. E. Black, Mrs. George E. Collings, Mr. and Mrs. Douglas Chisholm, Cleveland.

J. C. Dennis, C. F. Hunter, C. M. McKee, Pittsburg.

Mr. and Mrs. W. A. Moore, Mrs. George C. John, New York.

TO BE GUESTS OF THE BOYS

To-morrow evening, at the Oriental Hotel, Messrs. Chas. Ray and Bert Miller, who have completed their course in the test department of the Canadian General Electric Co., will be the guests of a number of their fellow employees.

OBITUARY

DUNCAN McNEVAN

Another elderly and widely known resident of this city, in the person of Mr. Duncan McNevan, passed away yesterday, aged seventy-five. Death occurred about 3.30 o'clock in the afternoon, and was due to a general breaking down. He had never entirely recovered from the effects of an accident which he had met with some years ago. Deceased had resided in Peterborough for the last nine years, previous to which he lived in Otonabee, near Keene station. His wife died four years ago, and there are left to mourn his loss two daughters, both living in the city. They are Elizabeth L. and Katharine. The funeral will take place from the residence of his daughter, 274 Sherbrooke street, on Saturday morning at 10 o'clock to Little Lake cemetery. Mr. Mr. McNevan was a Presbyterian in religion, and Rev. Robt. Pogue, of St. Paul's Presbyterian church, will officiate at the funeral service.

CHEAPEST TIRE IN THE END

Every experienced automobilist knows that on the whole, Dunlop Automobile Tires cost less per mile because—besides the quality which is in the tire in the first place, there stands back of it the ready willingness of the Dunlop Company to thoroughly satisfy every user of Dunlop Automobile Tires.

NORMAL SCHOOL BOARDING HOUSES

Householders who can furnish rooms and board for students should send their names and addresses to the principal of the Normal School at as early a date as possible The school re-opens Tuesday 20th September.

WATCH THIEF GOES TO CENTRAL FOR SIX MONTHS

Walter Wright Took Watch While Owner Was Sleeping—Young Man Implicated in the Theft Was Discharged

Walter Wright, who with Ernest Lowes, was arrested on the charge of stealing a watch on Wednesday, August 24th, goes to Central Prison for a term of six months, and Lowes is discharged.

Both young men were arrested the day following, the complaint being registered at the police station, and while the watch was not found on either either men when searchd at the cells, it was recovered on another search being made on Wright at the jail.

County Crown Attorney Wood prosecuted. Mr. G. N. Gordon acted for Lowes at the hearing to-day. Wright, whose home is said to be in New York State, and who came here with Haag's circus, was not represented by counsel.

THE EVIDENCE.

Complainant said he first met Wright on Wednesday morning about nine o'clock in Nixon's hotel. Lowes was not there, but he met both of the men at the hotel about four in the afternoon. They invited him to go down behind Foster's Temperance House as they had a keg of beer. His memory thereafter was Lazy, but he remembered waking from a sleep on the river bank. This was about 8.15 in the evening. Later he noticed that his watch was missing, and after going to his home, secured the number of the timepiece and reported the matter to the police. He had been drinking during the day.

WATCH FOUND.

Chief Thompson called, told of the complaint being made at his office. Securing the names of the two men, he sent a constable out with a view of making an arrest. Both Wright and Lowes were taken into custody, but a search failed to find the watch. Wright was locked up and on the following morning remanded to jail. Lowes, who had been allowed his freedom, when called to the police station, said Wright had taken the watch and that it must be in his possession. Lowes was locked up and sent to jail. Another search was made on Wright and the watch found on him.

THE THEFT.

Lowes' explanation was to the effect that on arriving at the river bank, the complainant fell down and went to sleep. The keg was tapped, but on account of their being only a salmon can to drink with, he refused. Wright proposed that they take the watch from the sleeping man, but he (witness) protested. Wright said he was going to take it, and he (Lowes) left to go up street to get a cup. Wright followed him and at Nixon's offered him the five cents taken by him, besides the watch. He refused it and later both returned to the keg and took it to Burnham's Point. Soon afterwards witness went to his boarding house for supepr. That evening while he and Wright were bound for the scene of the keg, Wright was arrested by an officer.

Witness was examined to some length by the Crown Attorney, but he stuck to the story that he advised Wright not to take the watch. When he went after a cup, it was partly a bluff to get away from Wright as he didn't wish to have anything to do with the taking of the watch.

"Did Wright pass any rings to you on the way up, after being arrested?" witness was asked. He replied that he had, and that they had been passed on to another youth, who had with others joined Wright and himself to make merry around the keg.

Asked if he had been up to see Wright prior to his own commital, witness answered that he had not, neither had he taken up the watch to Wright.

TWO PETERBORO BOYS WHO ARE DOING WELL IN THEIR PROFESSIONS

The Times-Enterprise, of Wessington, Beadle Country, Dakota, contains a couple of paragraphs, the contents of which refer to a couple of former Peterborough boys, who are now leading physicians in Wessington. The two boys are J. A. and Harry Milburn, sons of Mr. T. T. Milburn, who resides about two miles out of the city, on the Chemong road. Both boys receiv- their education in the local schools and Collegiate Institute, and are well known here. The news of their success in their profession will be received with interest here. The following clipping is from the Beadle County Herald—

The sign in Wessington now reads Milburn and Milburn. Harry is a brother of Dr. J. A. Milburn and has lately returned from a two years' experience in practicing surgery in the leading hospitals in New York City and Brooklyn. Wessington takes pride in being able to make the above statement and trust we may be able to keep them with us indefinately.

GREAT INCREASE IN CUSTOMS IN PETERBORO THIS MONTH OVER THE YEAR 1909

The customs returns for the month of August, 1910, have been received and as will be noticed, show a large increase over the same month in 1909. On inquiries being made it was found this large increase is due to the general good times, and healthy financial condition which at present prevails in Peterborough, and is not particularly due to shipments of machinery etc. The statement given below shows the increase;

August, 1910......	...$44,964.27
August, 1909......	24,789.87
Increase...	...$20,171.40

CONGRATULATIONS FOR BOY SCOUTS FROM BADEN-POWELL

Small in number, tender in years, but mighty in possibilities, Peterborough's contingent of Boy Scouts, in charge of Scoutmaster D. Oscar Waring, arrived home last evening and were welcomed at the C.P.R. station by a large number of citizens and the Bugle Band. The train was over an hour late in arriving, and the youngsters were pretty well tired out. The welcome they were accorded, and which was highly appreciated, however, revived their spirits and, it has been many years since a more significant parade wended its way up George street. Major General Baden-Powell, personally congratulated Scoutmaster Waring, on the splendid showing of his scouts and stated that as far as he had seen, they were the best drilled on the grounds. Five thousand took part in the welcome to Baden-Powell. There were fifteen in the Peterborough party, their ages varying from ten to fourteen years. While there are two patrols at present, it is hoped that both will amalgamate as one. Cecil Richardson, did not receive his medal yesterday, but it will be sent here and the presentation made.

HAS SOME ONE STOLEN A VALUABLE HORSE OWNED BY AN OTONABEE MAN?

A valuable bay mare owned by Mr. Frank Elmhurst, of Otonabee, disappeared from his pasture field on Monday night. Whether the animal strayed away or was stolen Mr. Elmhurst is as yet uncertain. The animal, with several others belonging to Mr. Elmhurst, was out to pasture Monday night. The pasture is enclosed by a fence, and the disappearance of this one mare looks rather strange, as no others were missing.

Before accounting for its disappearance as due to theft, Mr. Elmhust made a thorough search throughout the neighborhood, but neither the animal or any clues could be obtained.

The mare is five years old, and and valued at $175. It is a light bay and is a pacer.

YOUNG LAD SENT TO JAIL FOR THREE MONTHS

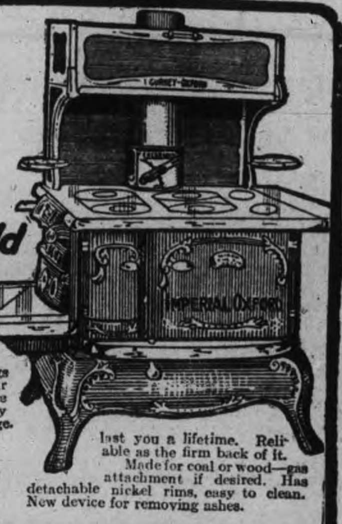
Ernest Schweir, though young in years, is not a very good boy. Last week he was arrested on a charge of stealing a watch. It appears his mother had occasion to ask for the loan of a tub from a Mrs. Burfield, and the youth was sent to her home, while she was away on a visit to the boy's mother. It was then that he stole the watch.

Schweir, when between nine and ten years of age, was sent to the reformatory for three years, and since being released has committed two thefts. His conduct on the whole had been bad.

He was sent to jail for two months by Magistrate Dumble this morning.

New Teacher in Town

Charles L. Burns, formerly of Auburn, Me., and more recently of Wingham, arrived in Peterborough to-day. Mr. Burns will be the assistant commercial teacher at the Peterborough Business College.



GURNEY-OXFORD

Don't try To make the old Range do

A makeshift cook-stove is always expensive. You waste food because it is not properly cooked. You waste time trying to make things right. You waste fuel trying to heat your oven—or get a hot fire—or keep a low fire all day and night. You lose money every day you try to use an unsatisfactory range.

THE IMPERIAL OXFORD

Here is the range for your purpose. The one perfect—**all right** cast iron range, day in and day out, year after year Will last you a lifetime. Reliable as the firm back of it. Made for coal or wood—gas attachment if desired. Has detachable nickel rims, easy to clean. New device for removing ashes.

The OXFORD ECONOMIZER

which easily saves 20% of your fuel. No other device of the kind ever invented is worth so much to you in cold cash. You lose money every day you try to get along without it.

Come in and let us show you the Imperial Oxford with "Economizer" attachment. It means dollars and cents to you.

Other **Gurney-Oxford** stoves and ranges for every purpose and any kind of fuel. Get acquainted with the best known, best liked stoves in all Canada. It will be your gain.

SPORTING NEWS

140 ENTRIES FOR PENMAN MEET

That the Perman meet to be held at Riverside Park Labor Day will eclipse anything ever attempted of an athletic nature in Peterborough, is a foregone conclusion, with an entry list of over 140 in the different events.

Toronto West End Y.M.C.A. head the list with 60 entries, including Tait, Sebert, Archibald, Bricker, Pratt. Holden, Worthington, Mel, Brock. and several other good men.

Toronto Central has 49 and will be headed by Geo. Goulding, the world's greatest walker, who is to meet E. J. Webb. of England, at the Toronto Exhibition for the world's championship. This will be a grand opportunity for the people of Peterborough to see him in action before the big race in Toronto.

Arnold Knox, the Canadian half-mile champion, will be along also Geo. Barber, the high and broad jumper, Tressider, the five mile Canadian champion; J. Near, Cecil Howard, Alex Cameron, Thorley, McDonald, H. L. Smith, Geo. Lister, H. Duke and several others, to say nothing of those from Ottawa, Belleville, Orillia, Montreal.

With such men as the above in fine there should be some of the best contests ever held in Canada at Riverside Park Labor Day.

The grandstand plan will be on sale at Madill's drug store and also at the Y.M.C.A., where you can reserve your seats in advance. The prices are general admission 25 cents, grandstand 10 cents extra, and reserved seats 20 cents extra.

PICTURES OF THE FIGHT BETWEEN THE BIG GUNS

Jim Corbett is the most conspicuous figure in the ring, apart from the principals. He pays no attention to Jeffries, and between the rounds he walks across the ring and talks to Johnson, but the colored man smiles at the efforts to rattle him.

During many of the clinches Johnson is seen leaning over Jeffries' shoulder, and talking to the spectators or the big fellow's attendants. On one of these occasions he was reported to have said to Corbett: "I thought this fellow could fight, Jim." There the story of the battle was told.

Jeffries, with his powerful legs was able to shove the colored man about the ring, but they finally became weary. Johnson was apparently stronger in the arms and frequently forced Jeffries' left up his back into a sort of hammerlock to force him to break clinches.

An astonishing point about the fight is that Johnson, with all his confidence, was not more aggressive.

Souvenir hunters with knives, hammers and saws, are shown ripping the ring to pieces.

BOBBY KERR FOR THE RUGBY GAME---YES—NO

Hamilton, Aug. 31.—Bobby Kerr leaves for Winnipeg this evening. He will run three races on Monday (Labor Day), competing in a 150-yard scratch race, a 100-yard handicap race and a 220-yard handicap. Kerr will be away two weeks, and upon his return will decide whether he is through with the running game or not, or in other words, will decide if it is his intention to tackle Rugby. "I would like to try my hand at Rugby," he remarked this morning, "but will not make up my mind whether I will take to the game or not until I return from my trip west.

"I do not think I will be able to play, however, as my work would interfere too much."

Locally, some would like to see the champion sprinter in the Rugby game, but it is the general opinion that he has several years of very useful work ahead of him on the cinder path, and that he would be foolish to tackle Rugby, where the dangers to him and his wonderful limbs are so many. It is the belief that Kerr will hardly don the moleskins, being content with his position as a member of the Rooters' Club.

SMOKY CITY FANS HAND CLARKE THE COLD MIT

Pittsburg, Pa., Aug 31—The retirement of Manager Fred. Clarke from the Pittsburg baseball team for the remainder of the season, and probably for all time is generally considered today as the final proof that the team is hopelessly "out of the running" for the 1910 championship

The abuse of Clarke by the Pittsburg fans in the second game of Monday's double-header with New York, which resulted in the manager's withdrawal from the line-up in favor of Campbell is keenly regretted by the better element of the basball patrons and it is probable that the latter will try to offset the effect of this by a testimonial to Clark in appreciation of his long and brilliant services in this city.

Clarke is badly upset by the action of the fans who hissed him when he came to bat in the second game of Monday and called for the substitution of another batter. Only a year ago he won the world's championship for Pittsbugr and was acclaimed a hero.

"It's too bad," remarked Manager McGraw of the Giants to-day, "but such are the fortunes of the game."

BRIEF AND BREEZY

Ty Cobb is reported as having admitted that the Tigers have quit in the race for the penant.

"Clean up the Penman games" is Central's slogan. Not quite so fast, Central.—Toronto News.

Jake Gettman, of the Newark Indians, is suffering with a nervous breakdown, and is out of the game.

"Dick" Grey has returned to Lindsay, and if the ball team comes here Labor Day morning he will likely be on the lineup.

The Ottawa Rugby Club will begin practice September 10th. Marty Walsh and Alf. Smith want the job of coach, but the appointment has not been made.

The National Lacrosse Club, champions of the N. L. U. have challenged New Westminster for the Minto Cup. Mr. P. D. Ross chairman of the Minto Cup Board, has not given a decision as yet.

A dispatch to the Winnipeg Free Press on the Port Arthur Lacrosse team says:— The famous Pat McDonough arrived back from the west in time to break into the game for the Ports and he shone at times by his pretty stick handling.

J. J. Thompson, physical director of the Peterborough Y.M.C.A., and formerly of Lindsay, more recently of Kingston, is head over heels at work boosting the grand athletic meet for the Penman championships at Peterborough on Labor Day.—Toronto News

In the soccer games for the People's Shield in Toronto on Saturday, and Monday, and in which the C. G. E. champions will take part, Jack Johnson, the pugilist, has given his promise to be present on Monday and kick off the ball.

It was only after Clark appealed to the Rosebud's pride by telling him that the pennant might depend upon him being in condition, and that an accident in the airship might be the direct cause of losing the flag for Pittsburg that Camnitz agreed to forego his ambition to be the first base ball man to fly.

Manager Fred. Clark, of the Pittsburg base ball club, peremptorily out his foot down on the proposal of Pitcher Howard Camnitz to make a flight the dirigable airship Zepplin as a companion to aviator Owens at the Hippodrome in Pittsburg.

All sorts of moral suasion and arguments were used upon Camnitz, but he did not yield. He laughed at the fears of his fellow players and the treats of the management fell upon deaf ears.

New York, Aug. 30.—Kid McCoy, the former prize fighter, announced today that he had accepted Jack Johnson's challenge to race anyone in the world, 100 miles in a high power automobile on an enclosed track and has wired his acceptance to Johnson, who is on the road. An option has been secured on the motor track at Brighton Beach for the race. Johnson's original challenge stated that the contest would be for $5,000 a side. McCoy says he has the $5,000 to post.

Guelph's Cross Country Run and and Road Race Association will meet September 12th, to make ready for the Thanksgiving Day races. This year's programme, it is expected, will be better than ever. This annual occasion is one of the biggest on the Ontario athletic calender, and most of the events are open to all amateurs. The prize list is always a particularly attractive one, and the best part of all is that Guelph citizens go down in their jeans to support the association.

The race between Cobb of Detroit, and Snodgrass, of the New York Giants, for the automobile offered to the player with the the highest batting average in either the American or National League is a close one. Not counting yesterday's games, Cobb is leading by one point. Hughey Jennings' Georgian has been at bat 431 times and made 158 hits, an average of .367, Snodgrass, the National Leaguer, has been to the plate 249 times, and has 91 hits to his credit an average of .366

"A good deal of curiosity is rife concerning the whereabouts of Dr. Smirle Lawson, the great Varsity half-back Lawson is now on the General hospital staff, and rumor has it that he will turn out with the Argos. If he does Argos will have a great team, for all of last year's team except the late Mert Kent will be on the job. The Argos also expect to line up with Peter Capreol of the Ottawa intermediate team of 1908. Capreol is a half-back. He is employed at the Bank of Ottawa. "Soldier Bill" Grant is looking after the Argo team this year and Bill says they "will be there."

DON'T BUY A TIRE BY ITS LOOKS

All Automobile Tires look very much alike, they can't be judged by their appearance when new, nor can they be judged by their appearance after having gone one or two thousand miles. The Tire you want is the tire that will give the lowest average cost per mile, while in use on a car. The Tire that will do this is the Dunlop Tire, because, besides the quality there is in the Tire itself, you may rely upon the ready willingness of the Dunlop Company to thoroughly satisfy every user of Dunlop Automobile Tires.

A RAINY NIGHT INCIDENT

A rather amusing incident occurred on a rainy night last week, the principals of which were a bashful young man and a young lady. Both parties reside in the west end of the city. The young lady reached home late at night in the rain and found nobody home. She thought the door was locked, and did not try to open it on that account. She had a key and was endeavoring to unlock the door, which it appears, was not locked at all. The bashful (!) young man who boarded next door then appeared. He tried to render assistance, and in the mix-up their hands met, and remained so. Neither cared to sever connections for some time, until the young lady suggested getting a ladder and trying the window. The young man assented, but the ladder was heavy. Both laid hold on it. Suddenly the young lady tried the door. It opened, and all their work had been wasted. Neither regretted the incident, however, and the young man was the recipient of a lot of jolly from his fellow-boarders.

Injured His Foot—

A small boy who had his foot injured on George street at noon, was taken into Soden's bookstore, where he received attention. He was then taken to his home on a bicycle.

LETTERS TO THE EDITOR

The Review does not hold itself responsible for opinions expressed by its correspondents

To the Editor of the Review.

Sir,—Below will be found a startling editorial from the Globe. I would commend it to your special study, Mr. Editor. Things must have come to a pretty pass when the Globe feels it necessary to "go for" a cleric roughshod. But the people are waking up and so is the Globe. What about the Review?

Yours, etc.,

CANADIAN.

THE BISHOP AND THE FREEMASONS.

The Bishop of Joliette has a perfect right to excommunicate Freemasons if he desires. That is his own affair. But when he asks that for spiritual reasons the electors deprive Freemasons of all part in the representation of their fellow-countrymen in the civic, Provincial, or national sphere he is coming perilously near to breaking the laws against intimidation. The Bishop may be right in saying a Freemason cannot be a good Catholic. But up here in Ontario nobody has ever suggested that a Freemason cannot be a good citizen or a good representative of his fellow-citizens. The trouble with gentlemen like Monsignore Archambault is that they mix up the laws of the Church and the State, and regard the law of the Church as supreme. Even Spain, the eldest daughter of the Church, is revolting from the spirit exhibited by her Archambaults.

It is doubtful if the strength of the Church herself is increased by such utterances as are credited to the Bishop of Joliette. To say that Freemasonry in general aims at the destruction of the marriage tie is an absurdity, so far as the English and Scottish branches of the Order are concerned. The most notable exponents of Masonry in this Province, men like his Honor the Lieutenant-Governor and Mr. J. Ross Robertson, are also men whose benevolences are all-embracing and whose lives are beyond reproach. What interest of the Roman Catholic Church can be served by holding up Freemasons of the Canadian type as a lot of debauchees and foes of the social system? No one who is outside the pale can object to the Church barring Freemasons from her sacraments or her cemeteries, but this indiscriminate condemnation of thousands of good Canadians, whose lives are as helpful to humanity as even the Bishop of Joliette's, should come to an end.

To the Editor of the Review.

Sir—Sane girl in asylum; retained for a year. Judge's remarks at the Manchester assizes.

Mr. Justice Walton said;—This case has brought to my mind vividly that the gravest responsibility, rests upon constables, magistrates and medical men . . . . it seems plain that a man or woman, not a pauper, but perfectly well able to maintain herself or himself, may be taken to the workhouse and shut up in an imbecile ward, declared to be insane, and shut up in a lunatic asylum without any public inquiry, without any hearing before a magistrate, without that person having any opportunity of putting forward what he or she may wish to say against the charge—indeed, without any notice of what was going on. London "Truth" some time ago showed how the paupers are sent from the workhouse to the asylums, merely for the certification fee. I have myself witnessed the systematic starvation and cruelty in London's asylums and others.

PRO BONO PUBLICO.

Your Opportunity

To visit the Canadian National Exhibition, Toronto. Baldheads Will be Scarce When Parisian Sage Is Better Known

It Keeps Women's Hair Soft and Glossy Says Elizabeth House

No man likes to look older than he is. Every woman on earth absolutely abhors such a condition.

You may be 30 in years, but if you are bald-headed or grey, people willsurely take you to be many years older, and you will be helpless to prevent.

Dandruff is the root of all hair evils. If it were not for the little destructive germs worknig with a persistency worthy of a better cause, there would be no baldness.

Parisian Sage, America's greatest hair restorer, will keep you looking young and attractive.

It is guaranteed by Wm. Madill to make hair grow, and stop falling hair; to cure dandruff in two weeks; to stop itching of the scalp almost instantly.

Parisian Sage is the most invigorating, satisfying and pleasant hair dressing made; it makes the hair soft, luxuriant and handsome; it is especially praised by women who have beautiful hair. Parisian Sage is for sale by W. Madill at 50 cents a large bottle, or charges prepaid, from the Canadian makers, Giroux Mfg. Co., Fort Erie, Ont. The girl with the Auburn hair is on every bottle.

"I have used only one bottle of Parisian Sage, and, of course, I can not praise it as much as if I had used more, but I find it a good tonic for the hair.

It keeps the hair soft and glossy, the scalp clean, and make the hair grow long, and stops falling hair.

"I recommend it to any one as a good tonic."—Elizabeth House, Manchester, Conn.

SMUGGLING IN ANDORRA.

It Is an Honorable Profession In the Little Republic.

Sant Julia de Loria, the rival of Andorra la Villa, is the great trade and smuggling centre. It has about 600 inhabitants only, but can boast several large shops and warehouses full of contraband commodities openly displayed. As a matter of fact, the whole nation is more or less smugglers—on principle. They have neither import nor export duties themselves, and they are fully persuaded of the benefits of free trade for everybody. France makes commodities wanted in Spain, Spain grows articles required in France, and Andorra lies between these two nations. What more natural, therefore, than that she should give aid to both her neighbors—for a consideration, of course? But smuggling in Andorra is not looked upon as a fraudulent business. On the contrary, it is considered an honorable and legitimate profession—almost an art—and one that in its higher branches requires many aptitudes—business capacity, astuteness, diplomacy, a thorough knowledge of the art of bribery and a military method for directing one's forces and commanding one's subordinates. For instance, a wealthy Andorran goes over the border into Spain and buys up cheaply thousands of sheep, which he pays for in Spanish money. They are driven home to his mountain pastures, where they are marked with his cipher. Then, in company with his headman, he strolls casually across to the French frontier—every inch of which he and his underlings know by heart—and drops into the hut of the commandant of the douaniers for a chat. Before leaving the commandant naturally offers him a petit verre, and banknotes of greater or less value are left lying on the table. Nothing definite is said; nobody's conscience or dignity is compromised. A few days later thousands of Andorran sheep are sold in the market of France and paid for in French money. How did they get across the frontier? Ah, that's just the point. The mere fact of buying with Spanish money and selling for French means from 20 to 30 per cent. profit without counting the difference in the prices of the animals. In addition to sheep, hides, tobacco, matches, olive oil, superior qualities of wines, salt, sugar and ultra-marine are the principal commodities smuggled into France. The articles that go into Spain are mostly glass and china fancy articles, bric-a-brac, paper and cutlery; also a large number of mules. The latter are bought in a wretched state for almost a song in France, turned out to grass on the splendid Andorran pastures for a few months and sold in Spain at the end of the season for a high figure.—Wide World Magazine.

"Poor Glick."

Col. Count Gleichen, whose marriage with the Hon. Sylvia Edwardes was celebrated the other day, was, prior to taking up staff work, one of the most popular officers the Grenadier Guards ever possessed. He has seen active service in five different lands. It was in South Africa that the count had his fiercest fighting, and those who saw him bowled over at Modder River never imagined that he would get up again. "Poor Glick is dead!" cried on officer to another as he saw the count kick convulsively and then lie still. "No, I am not!" was the emphatic rejoinder from the supposed corpse, as he rolled over, disclosing a ghastly wound on the neck that exposed, but happily did not sever, the jugular vein.

Differences In Woods.

Timber is classed as hard or soft, and the main point of difference between the trees that produce these classes is that the soft wooded tree has "needle leaves," slim, narrow and almost uniform in breadth, while the hard wood trees have broad leaves of various shapes. Again, some soft wood trees carry cones, such trees being termed conifers. Resin, too, is more characteristic of soft than of hard wood. To the class of soft woods belong the pines, spruces and firs, and the most common examples of these are yellow pine, white fir, pitch pine and spruce or red fir. In the commoner hard woods are oak, beech, mahogany, ash, walnut, plane, elm, birch and ebony.

A Trademark.

A young man walked into the photographer's studio and said, "I want my photo taken."

"Certainly," said the knight of the camera as he posed his victim. "Would you like a carte or a cabinet?"

The young man gazed on the picture of a child playing in a cornfield, wriggled uneasily and at last said:

"Well, I don't know about a cart or a cab in it, but if you could manage to put a railway truck in I should be very pleased. I am a railway porter."

Some Growing.

A wager was made between two Niagara County farmers as to how much a stalk of corn will grow in a single day. One of them said that a healthy stalk of corn, about waist high, would grow one inch, while the other wagered that it would grow two inches. Accordingly a stake was driven in the ground so that its top came even with the highest blade of the stalk. At the same hour the following day an examination was made, and it was discovered that the stalk of corn had grown four inches.—Newmarket Express-Herald.

Slipped His Mind.

An automobile came whizzing through a small town and bowled over a prominent resident. Among those who saw the accident and were excited by it was a young physician just beginning to practice.

"A doctor! A doctor!" he cried. "Somebody run for a physician!"

"How about yourself?" suggested an acquaintance who happened to be at the scene.

"Sure enough!" said the young practitioner. "I never thought of that."

The C. P. R. has shipped 1,888,950 bushels of wheat east already this season.

SHREDDED

The evening meal solved

A boon to the housewife—always ready to serve. With fresh fruits, it is delicious. Cover a biscuit with sliced peaches or any fruit in season and serve with cream and sugar.

The following is the correct scores:

Ralph E. Drummond, Keene, 93 points.

W. W. Shearer, Lang, 91 points.

Robert Weir, Lang, 90 points.

Peter Drummond, Keene, 89 points.

F. A. Eason, Keene, 88 1-2 points.

John A. Drummond, Keene, 86 points.

John Starke, Lang, 82 1-2 points.

The last two receive no prize money. The prize money being divided among the first five who win respectively, fifteen, twelve, ten eight and five dollars and who are eligible for the sheaf competition at Toronto Fair and the grain competition at Ottawa winter fair.

HAVELOCK HAPPENINGS

(For Additional Havelock Locals See Page 10)

Accident—A Big Blow—Many Personals

Special to the Review.

Havelock, Aug. 31.—As a result of the head-on collision at Smith's Falls on Sunday morning, Mr. Mat Riley, of town, had his left arm taken off, while his fireman, Melville Catarin, had his back very badly hurt, and Brakeman Walker his foot bruised. The accident happened a short distance west of Smith's Falls yards. Engineer Stanley Barlow, of town, and Fireman White, of Smith's Falls, were on the east-bound train, and after applying the brakes, jumped. Barlow spraining his ankle, while White received only a bad shaking up. Riley, engineer on the west-bound, was hanging on the engine about to jump, when the crash came. The engine and tender came together with terrific force, catching his arm above the elbow and completely severing it. With his arm in this condition Riley was plucky enough to walk to the Smith's Falls where he was taken to St. Francois Hospital. The railroad men here deeply regret the unfortunate accident to their fellow-railroadman. The cause of the accident has not yet been discovered, but it is thought that some orders were overlooked. Soon after the collision fire broke out, and a load of horses behind the east-bound engine were in great danger for some time, until an engine was brought from Perth and pulled the car out of danger.

BIG BLOW.

On Sunday morning, when an east-bound freight was between Indian River and Norwood, the engineer pulled the whistle for a crossing. When he relieved the spring it did not go back into its proper place and the whistle kept on blowing. Although vigorous attempts were made by the engineer to change this state of affairs, the giant mogul came thundering along the rails, blowing a continuous blast. This continued until the engine arrived at Havelock, where matters were remedied. Meanwhile many of the citizens of town had made their way on to the street, believing that there was a fire, and the engine was sounding the alarm.

COUNCIL MEETING.

The Belmont and Methuen Township Council held their regular monthly meeting in the Havelock town hall on Saturday last, when several matters of importance were dealt with.

Mr. Grout, trainmaster on the Havelock-Toronto division of the C.P.R., has moved from Toronto to Peterborough, where he will reside in the future.

DEATH OF MR. COGHILL.

Word was received on Saturday of the death at Stratford, of Mr. Finch Coghill, a former clerk in the Bank of Toronto here, who was forced, through ill health, to give up his position last February, and who has been in bad health ever since. During his stay in Havelock he formed many friends who regret exceedingly to hear of his death.

HIT WITH BOTTLE

Hector Murray Struck on the Head by Discharged Workman and Dies Shortly Afterwards.

Alberta, Sept. 2.—A tragedy occurred at the G.T.P. bridge over the Red River, six miles south of the town, Hector Murray of the contracting firm of Holmes, Murray and Sharkey being fatally beaten over the head by a disgruntled laborer named Woods.

In company with E. A. Marshall, C.E., Murray had driven to the river and was conferring with sub-Contractor Stuyvesant, when Woods approached with four companions and demanded of Murray, "Didn't I work five days for you?" Murray replied, "I know nothing about it."

Woods then demanded the five days' pay, which was refused. Woods turned to his companions and asked what should he do, and was advised by one of them "get your money." Whereupon Woods threatened Murray with a quart bottle of whisky. Murray advised him to go and settle at the camp, whereupon Woods felled him with a blow of the bottle over the temple, then walking with his companions to the river and disappeared.

Murray appeared stunned, but, rising, asked where they had gone, Marshall assisted him into a buggy and started for town. When about half way Murray relapsed into semi-consciousness and rapidly became worse, dying about 1.30 yesterday morning.

It appears Woods worked five days in one of the camps, and Wednesday, going for a load of hay, upset it, whereon, without stopping to reload, he drove off and demanded his time. The foreman told him to return and get the hay and he would be paid in full.

VIVIAN TO TEACH TOWN PLANNING

Toronto, Sept. 2.—Town planning and town housing was the subject of a most interesting address delivered by Henry Vivian, M.P. for Birkenhead, Eng., before the Union of Canadian Municipalities at the City Hall yesterday afternoon. Mr. Vivian, who is on a three months' visit to Canada, arrived in Toronto yesterday.

Proper regulation in regard to the laying out of a city to meet future requirements he believed to be one of the most important movements in England at the present time, and to illustrate the effect of the movement he contrasted the physical condition of the school children living in the congested slum of Liverpool and those residing in Port Sunlight, a city of model homes for the working classes.

"Such a difference in conditions and surroundings," he said, "has produced almost a different creature."

On account of his interest in the movement he had come to Canada on an invitation from Earl Grey, to give some useful information in planning the opening of new streets and the housing of the people so as to meet the demands of health and beauty.

DON'T AFFECT PREFERENCE

London, Sept. 2.—(C.A.P. Cable.)—Hon. Rodolphe Lemieux, interviewed by The Morning Post, said that there was nothing in the free trade movement in Canada to interfere with the British preference. Laurier's speech, as cabled Wednesday, represented Canadian opinion exactly. The British preference was the cardinal feature of the tariff, but Canada was united to the motherland in heart and life, independent of all tariff arrangements.

NEW SUBWAYS FOR NEW YORK

New York, Sept. 2.—Preparatory to relieving the daily increasing congestion on present transit lines in Greater New York, bids for new subways with forty-one miles of trackage, were advertised for yesterday by the public service commission. The entire work will cost approximately $125,000,000, and will include new underground connections in Manhattan, Brooklyn and the Bronx, grouped under the general title of the tri-borough subway.

The advertisement specifies two plans of construction; one entirely by private capital, and the other with the city money. If the latter is adopted, the work will be done piecemeal, as only $60,000,000 in municipal funds is available.

CRASHED INTO STREET CAR

Ottawa, Sept. 2.—Dashing in towards the city along Sussex street yesterday at a high rate of speed, an automobile, in which Percy Shaver, chauffeur, and Percy Harris, suddenly swerved across the car tracks to avoid running a carriage, in which Mrs. Edwards, wife of Senator Edwards, was seated, and crashed into a street car, badly damaging the latter, and also the automobile, which finally brought up at the railing of the high embankment.. None of the passengers on the street car were injured, but Mr. Harris sustained severe contusions on his right leg.

$1,000 CAT

Toronto News.

Not perhaps on the continent of America is there a more beautiful cat than "Brayford Viceroy," that was awarded the first prize yesterday afternoon as the best cat show at Exhibition Park.

The winner is indeed a beautiful animal, a brown tabby with lovely orange eyes that look like amber beads, and is valued at $1,000. "Brayford Viceroy" is "dangerous," so reads the sign at any rate outside its cage. There is also a prevalence of notices all around warning visitors or unauthorized Exhibition attendants not to feed the animals.

Burt another word about the prize winner, "Brayford Viceroy." It only arrived in this country two months ago from Ireland, where it was bred in Miss Rosamond Whitney's famous tabby catery at Brav. It is now the property of Mrs. Alfred Jackson, of Rochester, N.Y.

RECIPROCITY TO THE FORE

Alberta Coal Operators Would Sell Coal in Montana.

Medicine Hat, Alta., Sept. 2.—In the closing hours of Sir Wilfrid Laurier's tour, the tariff question has again become paramount.

This time the City Council and coal operators of Lethbridge pointed out to the Government that reciprocity with the United States would enable the operators to find a market for their surplus supply in Montana. The United Farmers, seizing upon the Premier's presence again, stated that they were satisfied with his utterances with reference to the tariff, but claimed that Hon. Geo. P. Graham's idea of railway liability was not acceptable.

The coal industry around Lethbridge has attained a large growth, and, although the present supply is equal to the demand, new mines which are now opening will require a more widely extended market. Montana imports a considerable quantity of Lethbridge coal in the summer time, but, as the local demand increases in winter, the supply for export falls off. Several members of Sir Wilfrid's party inspected shaft No. 6 of the Alberta Railway & Irrigation Co. yesterday morning, and it was stated that people in Montana regarded the tariff against Lethbridge coal as a hardship, as being so far removed from any other source of fuel supply, Alberta coal enters that state without competition. It is estimated that $9,000,000 is invested in the coal industry around Lethbridge, and about 1,400 or 1,500 men are employed. The output of all mines cannot so closely be estimated, but the one in question has sufficient coal in sight to keep the plant busy producing 1,800 tons per day for 20 years. A farmer may drive up to the pit mouth and receive dusty diamonds for $3,85 per ton. The dealer in Lethbridge gets $4.50 per ton delivered, while Winnipeg is said to pay $8. The railways, however, are the worst sinners, and it virtually costs more to carry coal than to produce it. Local officials told the Premier plainly that exclusive railway charges were killing the industry.

Sir Wilfrid expects to be in Ottawa about the 7th or 8th.

SHOT HIS WIFE AND DAUGHTER

Norfolk, Va., Sept. 2.—After brooding for four hours over a family quarrel which had lasted well into the night, J. J. Smyth, a bartender, aged 32 years, yesterday shot and killed his wife and fatally wounded his 12-year-old daughter Rita, who, pleading with her father not to shoot, ran between her parents as he drew his pistol. Smyth surrendered to the police.

New Socialistic Proposal.

Copenhagen, Sept. 2.—The International Socialist Congress at yesterday's plenary sitting adopted a resolution demanding the establishment of a system of universal and compulsory insurance against unemployment, the cost of which is to be borne by the owners of the means of production.

New Steamship Line.

London, Sept. 2.—The Danish East-Asiatic Co. is projecting a steamship line between British Columbia and South America, carrying British Columbia timber and returning Quelquebrache and Quelquebrayo railway ties.

SLATES MAYOR OF MONTREAL

Montreal, Sept. 2.—Le Devoir, Henri Bourassa's paper, takes Mayor Guerin to task for taking part in the laying of the corner-stone of the First Presbyterian Church on Saturday last. That paper claims that the act of the mayor was reprehensible, because Catholics should not take part in a non-Catholic worship.

"It is not without a sentiment of goodness," adds Le Devoir, "that we protest against the conduct of the Mayor of Montreal. He has given so many proofs of his devotion to the church in the organization of the eucharistic congress, and, we also say with pleasure, that he had refused to distribute the prizes to the Lycee des Jeunnes Filles, an institution presided over by a Freemason."

REPRESENTATIVE OF THE HOLY FATHER ARRIVES

Papal Legate Gets Brilliant Reception at Quebec—Ancient Capital is Thronged With Catholics, Who Gives a Magnificent Ovation to Italian Prelate and to Cardinal Logue, Primate of Ireland—Brodeur and Murphy Are Present in Behalf of Government.

Quebec, Sept. 2.—Cardinal Vannutelli arrived at Quebec yesterday afternoon at 4.20 o'clock on the Government steamer Lady Grey, which had gone to meet the Empress of Ireland, on which the cardinal had journeyed from Liverpool. The welcome of the Government was tendered to the cardinal on board the Lady Grey by Hon. L. P. Brodeur, Minister of Marine and Fisheries, and by Hon. Charles Murphy, who had embarked for the purpose.

The arrival of the papal legate took place on the King's Wharf, which presented one of the most brilliant scenes that Quebec has ever witnessed. The gorgeously attired bishops and high dignitaries of the church, the robed civic authorities, the array of papal zouaves, the cheering multitudes, the thronged thoroughfares, the historic basilica, packed to overflowing, all combined for a unique occasion.

Above all the pomp and brilliance of the scene, the personality of the legate will be remembered the longest.

No more striking personage has ever visited Canada. Some had wondered how a man 74 years of age would stand the fatigue of the ceremonies, but a glance at this tall, virile, resolute figure set all doubts at rest. In stature, head and shoulders above the

CARDINAL VANNUTELLI.

assembly that welcomed him, his strong, decisive, but kind features proclaimed him a veritable king of men

Without the slightest trace of pomposity, but with the easy grace of magnanimous power, he dominated the scene, a prelate, who, to judge by the clue of physiognomy, would have a heart for any crisis and a wisdom that would never fail.

The cardinal was obviously delighted with the warmth of his reception. On the Dufferin terrace, outside the Hotel Frontenac, two throngs had been here, one for the legate and the other for Cardinal Logue.

The Irish primate contributed a welcome touch of humor to the scene by taking a pinch of snuff at an opportune moment. His action was cheered by the Irish element, who cheered at once.

On the terrace addresses of welcome were tendered by Archbishop Begin and the mayor of Quebec. Around the throne sat Bruchesi, Archbishop of Montreal, who had met the cardinal legate at Father Point, Mgr. Birgin, Mgr. Touchet, Bishop of Orleans; Mgr. Ilsley, Bishop of Birmingham; Mgr. Roy, auxiliary Bishop of Quebec; Mgr. Mathieu, Mgr. Northrs, Mgr. Boleau, Mgr. March, Bishop of Havre de Grace, Newfoundland; Mgr. Legal, Bishop of St. Albert, Sask.; Mgr. Tetu, Mgr. Marois, Sir Lomer Gouin, Judge Cannon and numerous other celebrated men.

The terrace was crowded to overflowing. The whole city seemed to have mustered for the welcome. Fully 20,000 people thronged the streets. The hotels were packed. Prices high and accommodation difficult to obtain, yet no one would have believed it in the the morning. The town seemed half empty, and wore its immemorial aspect of slumberous mediaevalism.

And then suddenly the calm lifted, and throngs seemed to spring from unguessed sources, and the streets filled with applauding crowds and happy children and earnest votaries of the church; monks, nuns and priests without number.

Archbishop Begin in his speech dwelt eloquently on the glorious annals of the church in Canada. It was at Tadousac, which his eminence had passed, he said, that the first mass in Canada was said. He spoke of the loyalty of Quebec to the faith, and, after assuring his eminence that they considered themselves honored in Canada by being chosen as the first country in America for a Eucharistic Congress, they expressed their gratification at the visit of so distinguished a prince of the church as Cardinal Vannutelli.

The cardinal, who, on rising, was greeted with tumultuous applause, declared his delight with the magnificent and cordial welcome he had received from the first moment of setting foot in Canada. First of all he assured them that he had a mission from the holy father, which he would at once fulfill, namely, to assure them of the holy father's love and benediction. (Loud applause.)

The annals of the church in Canada showed an origin of marvelous heroism. The faith had been planted in the blood of the martyr, and to look at the crowds in Quebec to-day was to feel that in devotion to the faith the sons of the church were not degenerate. (Applause.) They had followed in the footsteps of their pioneer fathers.

In closing, the cardinal declared that he welcomed the manifestation as a happy augury of the future. They would all, he said, work to bring together the number of the faithful of every origin and race, to the fact of the God who dwells in our tabernacles.

In the evening a solemn service of benediction was held at the Basilica, which was filled to overflowing.

Object to Troops Parading.

Ottawa, Sept. 2.—Has the Roman Catholic Church the right to order out the Canadian militia to participate in processions and functions designed to honor that especial church in this land?

This question has been raised in its most acute form by the announcement that pontificial legate, Cardinal Vannutelli will, upon his arrival in Montreal on Saturday evening next, be received by a guard of honor of the Duke of York's Canadian Hussars, from the wharf to the residence of Lord Strathcona, and that the militia of Montreal generally would participate in the fetes connected with the eucharistic congress.

S. F. Jarvis, assistant deputy minister of militia, has replied to the objections that application had been made by certain militia units in Montreal for leave to turn out officially to take part in the parades of the eucharistic congress, but such application had been peremptorily refused. But intimation was made that if any individual members of a militia unit desired to turn out in uniform unofficially no objection would be taken.

It is officially stated that the troops ordered by the Government as an escort for Cardinal Vannutelli is a squadron of regular cavalry, which is to be brought from St. Johns, Que., for that purpose.

RE-MARRIED HIS WIFE

Kenton, Ohio, Sept. 1.—As quaint a romance as was ever written down in fiction has found its ending here, in real life.

Philip Carr re-married to the wife he lost in the turmoil of the Civil War nearly half a century ago, is enjoying with her his second honeymoon. They were re-united in wedlock a few days ago, but it was only yesterday that the facts became known as to their life history.

Separated by raiding Guerillas, who captured the Federal mails, divorced because of a believed desertion; each remarried, and each again widowed, they found the love of their youth still aflame upon an accidental meeting not long since; and their new betrothal followed at once.

Carr is now 74 years of age, and his wife 68.

FEARS DAMAGE TO WHEAT CROP

Brandon, Sept. 2.—Heavy rains give rise to fears of damage to the wheat crop. A period of wet weather is promised, and the grain is in danger of bleaching. Fall plowing will be materially helped, however, if the weather clears up in a reasonable time. Reports show that three hundred men are needed for harvesting operations in this district. The shortage is due largely to lack of information regarding the needs of farmers. Circulars distributed on excursion trains stated that only fourteen men were needed here, and consequently the workers have gone west. The same scarcity of workers is reported in the building trade.

Endorsed Workmen's Compensation.

Kansas City, Sept. 2.—Speaking to an audience composed chiefly of workingmen in this city, Col. Roosevelt yesterday heartily endorsed the passage of a federal workingmen's compensation act, which is one of the chief planks of the Kansas State platform recently adopted.

Faster Boats For Allan Line.

London, Sept. 2.—Sir Hugh Montague Allan, director of the Allan Steamship Co., announced yesterday that plans were now being prepared, from which the company would soon begin the construction of vessels larger and swifter than any now engaged in the Canadian service.

LATE TICKS FROM WIRES

Georgia Democrats have nominated Hoke Smith for governor.

The upsetting of a mud scow has closed navigation in the Rideau Canal.

Hon. W. S. Fielding sailed from Bristol on the Royal Edward yesterday.

The grand stand and racing stables at Delorimier Park, Montreal, were burned yesterday.

The U. S. Government has purchased several hundred Maxim silencers for use in the army.

Glenn Curtiss in his aeroplane raced a mail train along the shore of Lake Erie near Cleveland yesterday.

The Spanish Government has declared the city of Bilbao in a state of siege as a result of clashes between strikers and authorities.

The stowaway who was taken from the hold of the steamer Mount Temple at Montreal died from starvation, after being twelve days without food.

The young man Edge, charged with incendiarism in connection with a consignment of silk on his premises in St. Rochs, Que., has been judged insane.

Fire broke out yesterday in the upper storey of the east wing of St. Joseph De La Deliverance, Levis. There are nearly 700 inmates, aged men and women, in the hospital.

Greater New York has a population of 4,766,883 under the thirteenth decennial census. This makes New York the second largest city in the world, and as large as any two foreign cities except London.

While in a small boat fishing near Nuns' Island, Montreal, John Bennett, an employe of the Grand Trunk was shot and killed by the accidental discharge of a gun, which was in the bottom of the boat.

ATTEMPTED TO DYNAMITE BUILDING

Seattle, Wash., Sept. 2.—An attempt to dynamite a new six-storey building under process of construction at Third avenue and James street Wednesday night shattered all the windows within the radius of a block, and led to the report that an attempt had been made to rob the Canadian Bank of Commerce, adjoining.

Incendiarism Suspected.

Winnipeg, Sept. 2.—For the second time since the Canadian Northern carmen's strike, a fire took place in the company's Fort Rouge yards, about one o'clock yesterday morning. Five box cars were burned, but as they were not new, and were empty, the damage is not estimated at over $3,000.

LARGE CROWDS AT TORONTO "EX"

Toronto, Sept. 2.—Dull skies in the morning didn't promise favorable weather at the Exhibition yesterday, but in the early afternoon the sun's rays brightened up the grounds which grew more animated each hour until they took on a "second week" aspect. The attendance was about 55,000, or 5,000 ahead of last year's.

Naturally, much interest centered in the manufacturers' and process buildings. The glimpse behind the scenes industrially was so fascinating that the process building was densely thronged by three o'clock, in fact, almost impassable in places. In the manufacturers' building was a jostling, elbowing, good-natured crowd.

It was a typical manufacturers' gathering at the directors' luncheon, the event having an added interest in the presence of the members of the Chamber of Commerce of Bristol. But while it reflected prosperity and a disposition to look forward to trade expansion, a note of uneasiness was struck by R. S. Gourlay of the Board of Trade. It had its origin in the requests by sections of the western provinces for a lower tariff. Mr. Gourlay made it clear that the manufacturers are keeping a wary eye on Sir Wilfrid Laurier.

MAY JEOPARDIZE POWER PLANT

Winnipeg, Sept. 2.—The city authorities are seriously alarmed at the permission granted the Minnesota Power & Canal Co. to divert 600 cubic feet per second from Birch Lake basin at Rainy River watershed into the St. Louis River. This diversion may seriously jeopardize the Winnipeg civic power plant on the Winnipeg River. The board of control has instructed its secretary to forward to the International Waterways Commission a request that the U. S. Secretary of War permit be held until the effect of the diversion can be estimated.

EIGHT-YEAR-OLD BOY DROWNED

Huntsville, Sept. 2.—After forty-eight hours of almost continuous searching, the searchers for Larry Hebner, the eight-year-old son of Hiram Hebner, were attracted to the shore of Hunters Bay where a small whip owned by the boy was found lying. Shortly after his body was recovered in six feet of water.

The little chap was first missed from his home on Monday night at six o'clock.

AN IDEAL SYSTEM

Of Tubes Will Cost Toronto $23,000,000—Engineers Favor Municipal Construction.

Toronto, Sept. 2.—To provide Toronto with "an ideal system" of underground railways will cose $23,000,000.

To provide for a temporary system, north and south, will provide a good beginning, will cost $9,375,000.

These are the estimates announced in the $5,000 report of Forgie, Jacobs & Davies, the New York engineers, as handed yesterday to Mayor Geary by Mr. Forgie. The report is quite bulky, and is accompanied by a large number of maps, plans and sketches.

In submitting the report recommending the "shallow" type of subway, it is emphasized that, in their opinion, a tube system of railways cannot be made a financial success unless run in conjunction with the surface street car and radial systems. It also advises in favor of municipal construction of the railway, but against municipal management, declaring that better results are obtainable under private management, and recommending that the Toronto Street Railway Co. be given an opportunity to extend its franchise and take over the subways under an equitable arrangement.

The engineers, while favoring the idea of two main diagonal thoroughfares, with subway lines underneath, says also: "The primary object of subway construction is to afford freedom for expansion and relief to congestion, and it is generally false economy to avoid the busiest thoroughfares with a view to reducing first cost, and thus hamper the usefulness of the subway for all time. It is our belief that any subway projected should not attempt to avoid the main streets, but should follow the main arteries."

The engineers weer asked to report on "the necessary arrangements for handling street railway traffic, having in mind the present system and the city's rights to construct tubes in the central part, and surface lines in the outlying districts," and their views "in regard to the likelihood of such an undertaking being self-sustaining," making estimates of cost of construction, equipment and maintenance, and expressing views as to the most feasible location for tubes and surface railways.

COMPLAIN OF CUSTOM DUTIES

London, Sept. 2.—It is believed that arrangements will be made for the Queen's Own to march through the city. The desire for this is being more widely expressed every day. The messing arrangements at Rushmoor were on the lines of the rifle brigade. The junior army and navy stores have taken over Government rations, and have furnished cooks, carvers, mess tins, and table equipments, which are on a better scale than those of the regulars. Sergt. Ellingsworth has gone to Edinburgh to visit his old regiment, the 93rd.

Hon. W. S. Fielding, William Laidlaw, K.C., and Miss Laidlaw, visited the camp yesterday. Gen. Lomas dined with the officers at the Queen Hotel Wednesday night.

Complaint is still being made of the ungraciousness of the officials in connection with the customs duties. Sir Henry Pellatt has also been compelled to take out a license for his auto. The Ordnance Department is charging for blank ammunition, but it is hoped and believed that when Mr. Haldane's attention is directed to the matter it will be righted.

How They Do In Germany.

Berlin, Sept. 2.—Robbed on a Berlin suburban railway train of her ticket and then arrested and fined because she could not produce the ticket was the experience of Miss Marie Schlossberg, which the press is using as the basis for an attack on the eccentricities of German officialdom.

Canadian Officers Will Attend.

Boston, Sept. 2.—The officers of the 43rd Regiment of Infantry, the Duke of Cornwall's Own Rifles of Ottawa, yesterday accepted an invitation to attend the opening day of the aviation meet Saturday.

OSSIFICATION CAUSED BY HOOKWORM

Richmond, Va., Sept. 2.—Physicians are greatly interested in the case of M. L. Peaden, a farmer of Pitt County, North Carolina, who is in an hospital here for special treatment to prevent a form of ossification. His condition is regarded as due to an attack of hookworm disease, which he suffered two years ago.

Deaths Now Number Nine.

Durand, Mich., Sept. 2.—Clinton A. Davis of Montreal, who was scalded in the Grand Trunk wreck near here last Wednesday night, died here yesterday. This brings the known deaths up to nine. Davis' mother, Mrs. Alma Ward, and the latter's nurse were killed. He was 26 years old.

Police Broke Up Parade.

New York, Sept. 2.—Seventy-four men and eleven women were arrested by police reserves, as the latter were breaking up a parade of more than 400 cloak strike sympathizers on Fifth avenue early yesterday.

The Daily Review
FRIDAY, SEPT. 2, 1910.

FARTHINGS

Great Britain last year coined several million farthings. Times are always close in England with the masses, and the farthings are necessary to close financing. In this country we have little regard for the cents. The average man who makes a fair wage or salary wastes and fritters away enough money in a year to keep a family. It's ten cents for this, twenty-five cents for the o her thing, and a half dollar for that. It isn't much in itself, but it's $100, $200, $300 or perhaps $1,000 in a year. In ten years it would buy a house and furnish it; in twenty years it would give a man who was careful enough to retire on. Just a few cents a day wasted, that's all.

OTTAWA THE POLITE

From the Ottawa Free Press comes the amazing intelligence that for nearly a week there have been no arrests for crunkenness. Now, in Hamilton drunks are as thick as fleas. But they do not conduct themselves with as much regard for the feelings of others as they do in Ottawa. In Hamilton, if a man gets drunk he commences to holler, or sing, or swear. In Ottawa, having studied the high life, the boozers are "perfect ladies and gentlemen" when they get a skate on. Alphonse and Gaston could not be more polite. There's nothing like the force of example, and a book on "How to be Politely Drunk" is expected soon to be on the press from the pen of an Ottawa high roller.

HOW TO LIVE PEACABLY

That most excellently conducted paper, The Christian Guardian has a lengthy article on the above subject. It says in part;

And one fruitful cause of strife lies in not meddling with other men's business. It would natural ly be thought that each man would have enough fighting to do on his own account without intermeddling with that which does not concern him, and yet most of our difficulties are of our own making and come from our interference in other men's business. There are times when it is our plain duty to interfere, but we are not speaking of these, but of the vastly more numerous cases where our duty was just the reverse. It is well to ask one's self, before we interfere in any strife, "Is this my business?" The fact that we feel like interfering does not make it our business. A busybody will always be in trouble, and the chief difficulty lies in convincing him that he is a busybody. Probably some of our readers even now have "taken some mad dog by the ear." Better let go at once and never try it again.

In this paragraph is the cause of half the trouble in the world. The busybody. They are a damn nuisance to society. No other word will express it so well, so forcibly and concisely as dam. Big won't do. terrible doesn't fill the bill, damn is the word exactly. Many the tear and hour of anguish they have caused the faithful wife, many the jealous flame have they kindled without cause in the mind of the husband. Many the business they have ruined, many the hope they have blasted. If there is a hell, a special spot should be reserved for the scandal monger. The one who is never content unless he or she is picking some one to pieces, going back into the past, opening old wounds, trotting out skeletons long since buried, knocking to pieces reputations that have been years in building. Peace there is no peace in this world except for the few. We have not found it. Have you? The battle is too hard, the temptations are too great, the enemy too active. Peace, there is peace in the graveyard. The tongues are very quiet there, the eyes are sightless, the ears are deaf. Peace, no peace? Yes, perhaps there is. Live solitary, much alone, and when we walk forth we feel that there are Other Hands than those we see, Other Plans than than those we make. In these moments there is peace, and in these moments alone.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

THE DELUGE OF BOOKS

There's an awful lot of tommy rot being turned out in the press of the world to-day in the book line. Drivel, dravel, dribble, mush, muck, mud, wind, bombast, apology and nonsense. People nibble at, eat it, digest it, or throw it away with a glance, as the case may be. There is nothing to instruct a person in the average book. Only once in a year or so does an author write a novel that sounds like a real noise. Authors nowadays make novels by theft, by plagarism, by anything that will make a quick job of it. Read to-day, forgotten tomorrow. That's the kind of stuff we are getting. Rise up, O'Rielly. Some one some where has the gift of the Gods; get busy, give us your story; we are waiting for it; we are tired of the dribble; we want something to make us sit up and take notice.

And speaking about stories. The greatest stories are in our own town, if we only had the seeing eye, and hearing car—the greatest triumphs and greatest defeats, the greatest loves and hates. We are all the same, in the village as in the city. We don't notice, that's all. The papers tell us strange stories once in a while, true stories—for truth is always bobbing up stranger than the strangest fiction. Look at the poor woman in Guelph who sat beside her husband's bed waiting for him to awake, sitting there for many hours. He didn't wake. He was dead. But she was blind Her eyesight had long since fled. Picture the pathos in that scene In to-day's Review, in this issue, is a brief story of a man remarrying his wife. It is a romance that no author could dream. It is true. Everywhere are stories as different as the flowers, as true as the Gospel.

LAURIER'S CRAFTINESS

Has Sir Wilfrid Laurier kept the promises which he made in opposition? Rake-offs were called thievry. The unjustified commission to a party friend, was called loot. Patronage was anathema.

The Liberal party won. Thereupon, as the Toronto News has pointed out, the party leaders made a definite decision, not to aboilsh patronage and rule honesty, but to continue the system that had been in vogue before, and which these same men had so vigorously denounced. Under the supervision of astute political managers that system was perfected. The practice of robbery was erected into an exact science. The mess in the Marine Department was the direct result of patronage. The scandal in the Printing Bureau was traceable to the same prime cause. The general inefficiency of the Department of Public Works, the vast increase in the appropriations for current expenditure can be traced to the science of patronage as practiced in Ottawa, a science so clearly defined that the wife of a Cabinet Minister is informed that she must do her shopping at certain specified places.

Sir Wilfrid Laurier and the other Liberals, when in opposition opposed the waste of public money for party ends.

In office Sir Wilfrid Laurier has permitted this waste, knowing and approving the cause of it. He has not only permitted it, he has profited by it, not by becoming personally corrupt, but by allowing the purchase of constituencies that he might be retained in power. The London election case showed that that constituency had been purchased. The Government dared not face an investigation of the methods by which Mr. Borden was defeated in Halifax. In the past general election constituencies were bribed wholesale by promises of Public works. Speaker Margil boasted that he had got so much per head for his stituents. Individual cases are too numerous to enumerate.

Sir Wilfrid Laurier and the Liberal party in opposition attacked fiercely all administrative scandals.

In office, to take one instance only, Sir Wilfrid Laurier admitted to his Cabinet, Mr. Pugsley. Mr. Pugsley, according to the reluctant admissions of his friends, lost $154,000 of public money in connection with the Central Railway transactions in New Brunswick. He acted in the dual capacity of Cabinet Minister and leading spirit of a company which was getting all its money from the Provincial Treasury. He made false statements to the Legislature to induce fresh appropriations. He kept no books. He attempted in the House of Commons to defend his conduct, made statements which were patent falsehoods, and up to this hour has furnished no credible explanation touching the disappearance of this money.

The sawdust wharf steal, the dredging contract scandals, are recent. Yet Sir Wilfrid Laurier declared that he was "prouder than ever" of the man with this record. These are only three instances. Do they, or do they not prove that Sir Wilfrid Laurier has proved false to his promises and professions?

B—P

Major-General Robert Stephenson Smyth Baden-Powell is his full name. He is first a soldier, then a sportsman, skilled hunter, a humorist, an ambidexterous caricaturist and author. He is also a skirt dancer. This is related merely to show that he is human as well as brave. The world loves a human man, and has little use for the icicle. The hero of that seven months' seige at Mafeking is one of the most popular men in the British Empire. He is gentle. He is strong. How is it that so many men who think they are great, clothe themselves with an imperious air, become distant and frigid. We have them here in Peterborough. They imagine that they are superior clay; that God had a different mould when he made them. "So lawge, you know." Yes, and we have women of the same disposition. They are not natural, they are so superior, so "lawge," also. Superior! refined! why they are only a joke. Real people everywhere, be it in a little home without carpet or rugs, or in a modern mansion, with all the luxuries of the hour, are as natural, as gentle, as human, as Baden-Powell.

"There's little of divinity
In modern feminity.

and when we find a real whole-souled, natural woman we are indeed refreshed.

"Some men presume to greatness
With too austere sedateness."

Did you ever meet them?

Besides being a soldier and a man Baden-Powell was a dreamer.

"All men are dreamers—but a fraction
Fulfill the dreams of men with action."

Baden-Powell did, and when we are gone the new generation will rise up and tell their children of the day he reviewed them at Toronto Exposition when they belonged to the Scouts.

SIDE LIGHTS

THE VITAL POWER OF WORDS.
By Ella Wheeler Wilcox.

Talk happiness. The world is sad enough
Without your woes. No path is wholly rough;
Look for the places that are smooth and clear,
And speak of those to rest the weary ear
Of earth, so hurt by one continuous strain
Of human discontent and grief and pain.
Talk faith. The world is better off without
Your uttered ignorance and morbid doubt.
If you have faith in God, or man, or self,
Say so; if not, push back upon the shelf
Of silence all your thoughts till faith shall come;
No one will grieve because your lips are dumb.
Talk health. The dreary never-changing tale
Of moral maladies is worn and stale.
You cannot charm, or interest, or please
By harping on that minor chord, disease.
Say you are well, or all is well with you,
And God shall hear your words and make them true.

WRITING MUSIC BY MACHINE.

Signor Mascagni, the great composer, is at present writing an opera on what is practically a musical typewriter.

The inventor of this remarkable instrument, which is called the "automusicgraph," is Don Angelo Barbieri. His apparatus consists of a metal frame containing a row of thin steel bars. The frame is fixed behind the panel of a cottage piano so that each bar rests on a key, and when a note is struck on the piano the bar rises and brings a small inked wheel into contact with a revolving roll of paper. Don Barbieri, who is a curate at Marudo near Milan, declares that the idea of the automusicograph came to him in consequence of his violent antipathy to writing music.

Hard to Check.

It was the young hubby's first tour through the big department store.

"What room is that?" he asked innocently when they reached the second floor.

"Why, that is where they check babies," elucidated his wife.

And then young hubby looked at the struggling infant in his arms and the buttons and pins it had dislocated and said simply:

"I wish they'd try to check this one."

HECLA FURNACE

And The Most Vital Improvements Made In Warm Air Heating In 30 Years

The first vital improvement is the FUSED JOINTS.

The objection to the ordinary warm air furnace is, that where the steel and cast iron parts are bolted and cemented, the joints do not remain air-tight. The iron and steel of the furnace expand and contract under the influence of heat and cold. Bolts work loose, cement drops out and gas, dust and smoke escape into the house through these openings.

To overcome this, we perfected FUSED JOINTS. Instead of bolting and cementing iron and steel together, we fuse them at white heat until they become one solid piece of metal.

FUSED JOINTS make the combustion chamber absolutely air-tight. They are permanent joints and insure the warm, heated air being always fresh, healthful, invigorating and untainted.

HECLA FIREPOTS are reinforced by 97 steel ribs fused into the outer surface. This makes them the stiffest, strongest and most durable firepots that can be made.

The steel ribs increase the radiating surface of the firepot by 300%. This increase in the radiating surface of the firepot, increases the radiating power of your furnace and enables you to get more heat out of the fuel that you burn.

In fact, actual tests has shown a saving of at least one ton of coal in seven, through the heating efficiency of the "Hecla" Steel Ribbed Firepot.

These are vital improvements—"Hecla" improvements—that are found only in "Hecla" Furnaces. There are others, described and illustrated in our book. Write for free copy. Send us a rough plan of your house and we shall be pleased to make up free estimate of the cost of installing the proper "Hecla" Furnace. 99
